YOUR CITY DIRECTORY

Is Something More Than—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

It is **A Service** that brings you daily in closer touch with
your customers and friends

It Enables You to address them each and everyone
To avoid the offense of incorrect spelling and addressing

To find new customers
To find local sources of supply for hundreds of articles

It Will Save You time and money both in buying and sell-
ing. It will make you more efficient and protect your
standing as an accurate and progressive business man

Your directory gives you an accurate bird's-eye view of
your city, its institutions, inhabitants, government
and buildings.

THIS PUBLICATION IS
THE PRODUCT OF
A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Evenings, Sundays and Holidays by Appointment

Common Sense

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

CHULA VISTA CITY DIRECTORY

1936

"THE CITY OF BEAUTIFUL VIEW"—"THE BEVERLY HILLS OF SAN DIEGO"

At the very threshold of Western civilization which was begun by the pioneering Spaniards under the leadership of Father Junipero Serra was christened this new modern city—CHULA VISTA.

CHULA VISTA is located on two concrete ribbons of highway, eight miles south of metropolitan San Diego and eight miles north of the port of entry, Tijuana, Baja (Lower) California, Mexico.

CHULA VISTA, today, is the perfect picture of beautiful flower gardens, tropical plants, shrubbery and charming homes, which are now everywhere in evidence. The visitor or home-seeker is greatly impressed with the residential charm of this southland city, the finer type of its citizenry and the seeming lack of garish and ostentatious wealth.

CHULA VISTA was incorporated as a city October 17, 1911, covers an area of nine square miles, has a population in excess of 3,862 (1930 U. S. Census), owns two and one-half miles of tidewater frontage on San Diego Bay, has miles of paved streets, sidewalks and curbing, has an efficient city government consisting of a mayor, four city councilmen, city attorney, engineer, clerk and assessor, treasurer, street superintendent, building, sewer, plumbing, electrical inspector, city judge, police and fire departments; the equal or better than any city of its size. The city planning commission is a well organized body and is conscientiously applying itself to the present and future needs of the city, having in mind one of the most beautiful cities to be found anywhere.

DON C. DICKINSON, V.-Pres. and Mgr.

CORONADO CITY DIRECTORY 1936

Coronado Beach, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools. The population is 5,124 (1930 U. S. Census).

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. Situated on the strip of land between bay and ocean is the summer resort of over 600 palm tent houses and palm cottages. Coronado Tent City. This resort is open from June to September. Entertainment features include club bay and surf bathing, dancing, free daily concerts, aqua-planing, and all other beach sports, including a great variety of mechanical amusement concessions. Tents are rented by the day, week or month with or without housekeeping privileges.

EL CAJON CITY DIRECTORY

1936

El Cajon, familiarly known throughout Southern California as the Valley of Opportunity, has a population of 1,045 (1930 U. S. Census) and is located 15 miles east of San Diego. A combination of splendid paved highways and adequate rail facilities afford the residents of the community ample accommodations for rapid and pleasant travel.

Midway between the Pacific Ocean and the rugged Cuyamaca Mountains, El Cajon is ideally situated; here one finds all the advantages, without the disadvantages of living in a seaside or mountain resort—a few minutes' delightful spin brings one to either. The climate is not only most desirable from the viewpoint of the homeseeker, but is particularly fine for the cultivation of citrus, deciduous and semi-tropic fruits, vegetables of all kinds, and winter truck gardens.

The center of a tremendous agricultural district, El Cajon is the distribution point for wholesalers and retailers dealing direct with the ranchers of this territory. Adequate banking and marketing facilities are exemplary of the up-to-date business district. Charming bungalows, ample school accommodations, churches and sporting facilities are the rule and not the exception in this charmed land.

Adequate Water Supply—Cuyamaca Lake, with a capacity of nearly four billion gallons, insures an adequate supply of water for domestic and irrigation purposes; it serves the entire El Cajon Valley by flume line. This supply is supplemented by plentiful wells, many of which are over 40 feet deep, and may be sunk in practically any section of this valley. The majority of the ranches have their own irrigation systems.

Avocado Sub-Tropical Fruits—Within the last fifteen years considerable planting has been done on the high lands in El Cajon Valley and enough data is now available to convince the prudent buyer that there is no section in Southern California better adapted to the growing of Avocados in a commercial way.

Truck Gardens of all varieties of vegetables comprise over 900 acres. These lands are particularly adapted to winter truck gardening, and all varieties grow in abundance. Land values range from \$250.00 to \$800.00 per acre.

Citrus and Deciduous Fruits of over 12,000 acres are yielding annually big crops of oranges and lemons.

Poultry Ranches in this region have unlimited possibilities, and some of the best records have been made here. The average annual production here is 150 eggs per hen, and some report as high as 180, while the State average is but 120.

Escondido is located 111 miles south of Los Angeles and 34 miles north of San Diego on Inland Highway. Population 3,415 (1930 U. S. Census). On branch line of Santa Fe Railroad. Has four citrus packing houses. Fifteen hundred people supported by citrus industry. Holds annual Grape Day festival on September 9. Water for irrigation supplied from Lake Wohlford and Lake Henshaw, second largest reservoir in California. Beautiful Lake Hodges four miles away. Extensive grape and poultry producing section. Center of great silk producing movement. Has two fine tourist hotels, four commercial hotels, two banks, daily and weekly newspapers, great electric hatcheries, practically all lines of business, churches, lodges and fine schools.

LA JOLLA CITY DIRECTORY

1936

(La Jolla Street and Householders Directory—See San Diego Street and Householders Directory)

La Jolla, which is from the Spanish, meaning the gem, or jewel, and so pronounced "La Hoy-ya," is but fourteen miles north of San Diego, California, and 117 miles south of Los Angeles, on one of the finest paved motor highways in the United States.

The keynote of La Jolla, the word which illuminates and makes plain, is its serenity—an eternal serenity of sea and surf and sky which makes tranquil the lives of its happy dwellers.

La Jolla, although it is part of San Diego, has its own post office, a branch of the San Diego Public Library, fine hospitals, banks, and mercantile establishments.

LA MESA CITY DIRECTORY

1936

The population of La Mesa is approximately 3,200. It is a live community, and one that is steadily growing. New residents are attracted by the exceptional advantages of the place, its ideal climate, its up-to-date improvements and its charming location. It is eleven miles from San Diego, and is served hourly by San Diego Electric Railway. It is also connected with San Diego by three paved highways. Elevation 500 to 800 feet.

La Mesa is situated along the small mountains or foothills. It has a number of level blocks, in which the business portion of the town is situated. Also, there are plenty of level residence lots for those desiring such, while the remainder of the townsite is made up of knolls and hill-sides, affording desirable locations for homes, with views of mountain and valley. La Mesa has pressure water piped to each residence, fine spring water supplies the downtown district; eight churches; fine grade school and high school fully equipped for manual training and domestic science and housed in enlarged new building; telephone exchange, two banks, weekly newspaper, gas and electricity and modern stores and shops. The children of La Mesa have full advantages of the Grossmont Union High School.

An evidence of the progressive spirit of this community is the recently established La Mesa Country Club, which has laid out 103 acres in an eighteen-hole, all grass golf course, with modern clubhouse. A city playground with cement tennis courts and swimming pool add attractive features. La Mesa has a Chamber of Commerce and well-equipped public library.

PAY NO MONEY in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of San Diego Directory Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

NATIONAL CITY DIRECTORY

1936

Located adjoining San Diego on the south along the eastern shore of San Diego Bay, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban home-seeker, the investor and the manufacturer. The population of National City is about 10,000.

National City is only twenty minutes ride from the business center of San Diego. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11,542,000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are unusually well selected and occupies a \$10,000 building. Churches of six different denominations own their own houses of worship. Nowhere can better suburban home conditions be found. For further details address National City Chamber of Commerce.

RAMONA CITY DIRECTORY

1936

IN THE GOLDEN VALLEY OF LITTLE RANCHES

The town of Ramona lies in the central eastern part of San Diego county, at an elevation of 1440 feet, in the Santa Maria Valley and has a population of 450 (1930 U. S. Census). This farming section extends a distance of about nine miles from northeast to southwest, with an average width of about three miles and a slope toward the west of about fifteen feet to the mile. Poultry breeding is the leading industry, with hay and grain, citrus fruits and avocados next in importance. Ramona is surrounded by rugged mountains, except on the extreme eastern side where a chain of very low rolling hills separate it from Goose Valley, which topographically, forms the northeastern part of the Santa Maria Valley. The valley floor is composed of friable gravelly and sandy loams, which in spots are deep, but lacking in humus. Outcroppings of granite occur, breaking the level hay and grain areas on the valley floor.

In addition to hotels, restaurants, weekly newspaper, union grammar and high school building, the latter being of concrete construction, Ramona possesses general merchandise, grocery, hardware stores, a bank, and lumber yard. The town has two garages, machine shop and vulcanizing plant. A town hall and Masonic Temple for fraternal and social gatherings, and Friends and Congregational churches are prominent. The American Legion Post and Woman's Auxiliary take an active part in civic affairs. Motor trucks handle the freight from this district. Auto passenger service, with round trips daily between Julian and San Diego passing through Ramona, furnishes transportation. There are fine paved roads to San Diego, and to nearby mountain resorts, for which the surrounding territory is famous, this locality having one of California's best year-round climates. Mild summers and winters make Ramona and surrounding neighborhood ideal locations for health resorts and hospitals.

For further information, address the Ramona Chamber of Commerce.

SUNNYSIDE DIRECTORY (1936)

1307

SUNNYSIDE

1936

Sunnyside is located in the lovely valley of the Sweetwater some 12 miles southeast of San Diego. The elevation is 125 feet above sea level.

The principal products of the neighborhood are citrus fruit and dairies. Avocados are being planted on many plots and there are now quite a number of productive plantings.

Sunnyside is a neighborhood of about 300 inhabitants. The only church in the Sweetwater Valley is located at Sunnyside.

DIRECTORY LIBRARIES

A Directory Library containing City Directories from all over the Country is maintained at the San Diego Chamber of Commerce for your convenience—free to consult whenever you desire

This is Part of OUR Service

San Diego Directory Co.

THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

DO YOU KNOW THAT A COPY OF
THIS DIRECTORY OF
SAN DIEGO

is being placed in the Directory Libraries
and among the commercial bodies, busi-
ness men's clubs, chambers of commerce
and the larger business institutions
throughout the United States?

No other medium on earth can convey so
complete and comprehensive an index of
the city, its various industries, its business,
educational and religious institutions, its
social life and its people.

No other medium can tell so fully of its
wonderful growth, its opportunities and its
possibilities for the future.
