## Common Sense About City Directory Circulation ...

**THE TRUE VALUE** of advertising circulation is circulation-consulted.

**TO BE EXACT** by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will be an average of three and one-half daily consultations for each book for **THREE HUNDRED AND FIVE DAYS**, therefore —

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$

## CHULA VISTA CITY DIRECTORY 1942

Map, compliments of the Chula Vista Chamber of Commerce

### CHULA VISTA (Beautiful View)

Chula Vista is located eight miles south of San Diego on the shore of San Diego Bay. At present its principal interests are agricultural, with lemons, celery, eggs, cucumbers and other vegetables as its principal products. Chula Vista celery has a reputation in all the markets from Chicago west.

The city has an airport on the Bay and one aircraft factory. Incorporated in 1911 with an area of about six square miles, Chula Vista has a complete city government, many miles of paved streets, a park, sewers, an excellent water system, fine schools, a well housed and well stocked Library, a good hotel and a beautiful Woman's Club.

The progressiveness of the community is marked by the fact that since 1927 a Chamber of Commerce with a full time secretary has been maintained.

Chula Vista's population is 95 per cent native American with a large proportion of college and university graduates from all over America. Easy access to San Diego affords the advantages of both country and city life. Miles of wonderful beaches are but a few minutes away. High mountains are within an hour's drive over California's fine highways.

### CORONADO

#### COMPLIMENTS OF CORONADO CHAMBER OF COMMERCE

Coronado, approximately one mille square, population 8,000, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. On the north and connected by a narrow strip of sand is the great Naval Base, North Island.

Miles of ocean beaches, glorious in their seaward sweep, stretch across the southern boundary of the city and beside the Silver Strand to Mexico. Sparkling Glorietta Bay, yachtsmen's delight, presents a year 'round answer to your desire for boating. In Coronado there is amazing opportunity for recreation in accord with the inclinations of every member of your family—fishing in the surf or out at sea, swimming, bathing, picnicking, golfing, tennis, lawn bowling, riding—all these are but hints of the limitless facilities for relaxation and for play, and Coronado's hotels, apartments, residence accommodations; its modern shops, schools, churches, all assure a superb comfort in a friendly community.

That life in Coronado is delightful is apparent, for geography and climate have been kind to this "Island-at-the-tip-of-the-Silver-Strand." It's easy to play in Coronado, and it's entirely pleasant to live here, so closely in touch with the mainland, yet so free from its hurry and stress. Whether you come to Coronado for a few weeks or as another of its permanent residents, you will find a new adventure in happy living awaiting you.

LA JOLLA CITY DIRECTORY (1942)

## LA JOLLA CITY DIRECTORY

1942

(La Jolla Street and Householders Directory — See San Diego Street and Householders Directory)

La Jolla, which is from the Spanish, meaning the gem, or jewel, and so pronounced "La Hoy-ya," is but fourteen miles north of San Diego, California, and 117 miles south of Los Angeles, on one of the finest paved motor highways in the United States.

The keynote of La Jolla, the word which illuminates and makes plain, is its serenity — an eternal serenity of sea and surf and sky which makes tranquil the lives of its happy dwellers.

La Jolla, although it is part of San Diego, has its own post office, a branch of the San Diego Public Library, fine hospitals, banks, and mercantile establishments.

# Power of Advertising

The City Directory is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

Advertising is the foundation upon which successful businesses are built. You must apply this to your own particular business.

Advertising is the power of an idea multiplied.

LA MESA CITY DIRECTORY (1942)

SAN DIEGO DIRECTORY CO'S  
LA MESA CITY DIRECTORY  
1942

La Mesa is a live community, and one that is steadily growing. New residents are attracted by the exceptional advantages of the place, its ideal climate, its up-to-date improvements and its charming location. It is eleven miles from San Diego, and is served hourly by San Diego Electric Railway. It is also connected with San Diego by three paved highways. Elevation 500 to 800 feet.

La Mesa is situated along the small mountains or foothills. It has a number of level blocks in which the business portion of the town is situated. Also, there are plenty of level residence lots for those desiring such while the remainder of the townsite is made up of knolls and hillsides, affording desirable locations for homes, with views of mountain and valley. La Mesa has pressure water piped to each residence, fine spring water supplies the downtown district; eight churches; fine grade school and high school fully equipped for manual training and domestic science and housed in enlarged new building; telephone exchange, two banks, weekly newspaper, gas and electricity and modern stores and shops. The children of La Mesa have full advantages of the Grossmont Union High School.

An evidence of the progressive spirit of this community is the established La Mesa Country Club, which has laid out 103 acres in an eighteen-hole, all grass golf course, with modern clubhouse. A city park with cement tennis courts and shuffleboard courts add attractive features. La Mesa has a Chamber of Commerce and well-equipped public library.

### NATIONAL CITY DIRECTORY (1942)

## NATIONAL CITY DIRECTORY

1942

Located adjoining San Diego on the south along the eastern shore of San Diego Bay, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban home-seeker, the investor and the manufacturer.

National City is only twenty minutes ride from the business center of San Diego. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11,542,000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are well lighted.

Excellent high and grammar schools are found here; the public library is unusually well selected and occupies a \$10,000 building. Churches of six different denominations own their own houses of worship. Nowhere can better suburban home conditions be found. For further details address National City Chamber of Commerce.

# THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings, endeavoring to classify every at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference

book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
