The following report of the Ways and Means Committee, in the matter of the Tax Levy for the fiscal year 1905 is read, and on motion of Councilmen Johnson, adopted, viz;

San Diego, Calif., May 3rd, 1905.

To the Common Council,

City of San Diego.

Gentlemen;-

The Ways and Means Committee, to whom was referred the estimates of the probable necessities for the various departments of the City Government, for the fiscal year 1905, upon which to base the rate for municipal taxes for said year, herewith reports and recommends as follows;

Upon the total assessment roll for the fiscal year 1905, viz; \$17,613,612, we estimate that there will be quite a large percentage to be deducted therefrom on account of the discount allowed upon all taxes paid during the month of June, July, and August, and prior thereto, and also on account of the fact that the amendments to the City Charter recently adopted by the electors of the City, provided that hereafter property sold for delinquent taxes shall be sold to the City instead of to private purchasers and we have therefore based our estimate upon a net valuation of \$16,500,000;

We recommend that the tax levy for the fiscal year 1905, be fixed at \$1.45 upon the \$100 assessed valuation of property, which amount we recommend be apportioned to the various funds of the City as follows;

FIREDEPARTMENT FUND.---For this fund, we recommend a rate of .133 on each \$100 assessed valuation, which amount will raise \$21,945. This amount will be sufficient for the operation of the Fire Department during the fiscal year 1905, including the purchase of the necessary equipment for the University Heights Engine House.

SALARY FUND.---For this fund, we recommend a rate of .21 on each \$100 assessed valuation, which together with the estimated receipts from other sources, will raise \$60,690, and is sufficient to pay the salaries of the officers, and clerks of the various departments of the City.

POLICE DEPARTMENT FUND.---We recommend that no levy be made for this fund, as we estimate that the expense of this fund, will be met by the receipts from the Police Court.

STREET FUND.---For this fund, we recommend a rate of .20 upon each \$100 assessed valuation, which together with the estimated receipts from other sources, will raise \$34,790, which is sufficient to pay all estimated expenses of the Street Department for the current fiscal year.

SEWER AND DRAINAGE FUND.---For this fund, we recommend a rate of .02 upon each \$100 assessed valuation, which will raise \$3,300, which amount we estimate is sufficient to carry on this department for the current fiscal year.

STREET LIGHT FUND.---For this fund, we recommend a rate of .10 upon each \$100 assess-

ed valuation, which will raise \$16,500. This amount is not sufficient to pay for lighting the streets, avenues, and public places according to the terms of the present contract with the San Diego Gas & Electric Light Company, but your Committee feels that the amount raised by this levy should be sufficient to pay for lighting the streets, avenues and public places of the City for one year.

PARK IMPROVEMENT FUND.---For this fund, we recommend a rate of .05 upon each \$100 assessed valuation, which will raise \$8,250. This is the minimum amount allowed by the terms of the present City Charter and will be needed by the Park Commissioners to properly prepare for improving the City Park and caring for the parks, plazas and squares of the City during the balance of the fiscal year.

PUBLIC HEALTH FUND.---For this fund, we recommend a rate of .006 upon each \$100 assessed valuation, which will raise \$990, and will pay all the estimated expenses of this department for the current fiscal year.

LIBRARY FUND.---For this fund we recommend a rate of .05 upon each \$100 assessed valuation, which will raise \$8,250, which amount is fully needed to properly maintain and operate the Library donated to the City by Andrew Carnegie.

PUBLIC BUILDING FUND.---For this fund we recommend a rate of .05 upon each \$100 assessed valuation, which together with the estimated receipts from other sources will raise \$14,760. This amount is sufficient to pay the rent of the various buildings rented by the City and also to complete the payments on the City Hall.

OFFICE FUND.---For this fund we recommend a rate of .033 upon each \$100 assessed valuation, which will raise \$5,445, which amount will be fully needed to purchase record books, supplies, etc., for the various departments of the City Government.

GENERAL FUND.---For this fund we recommend a rate of .07 upon each \$100 assessed valuation, which amount together with estimated receipts from other sources will raise \$14,850.

This amount will be sufficient to pay the miscellaneous expenses of the City unless there should be several elections. The reason for the great increase of the rate in the General Fund, is owing to the large expenditure entailed by the elections held this year.

LEGAL FUND.---We recommend no levy for the Legal Fund, as the expenses therefor are met by transfers from the Delinquent Tax Fund, in accordance with the provisions of Ordinance No. 1075.

DOG TAX FUND.---We recommend no levy for the Dog Tax Fund, as the requirements of the City Charter are, that all expenses in connection with the operation of the City Pound and the disposal of dogs, are paid out of the receipts arising from the dog license, and fees connected with the Public Pound.

WATER FUND.---We recommend that the expenditures of the Water Department be kept within the amount of revenues of said department, we therefore recommend that no levy be made for the Water Fund.

SCHOOL BOND FUND.---For this fund we recommend a rate of .028 upon each \$100 assessed valuation, which will raise \$6,420, which amount is required to pay the redemption and interest on the School Bonds for the current fiscal year.

REFUNDING BOND FUND.---For this fund we recommend a rate of .098 upon each \$100 assessed valuation, which will raise \$16,170, which amount is required to pay the redemption and interest on the Refunding Bonds for the current fiscal year.

Thereupon an Ordinance fixing the tax levy for the fiscal year 1905 is read, and on motion of Councilman Johnson, put on its final passage at its first reading by the following two-thirds vote, to-wit;

A Message from the Mayor transmitting a Resolution from the Federated Improvement Clubs, and Chamber of Commerce, is read and ordered filed, viz;

San Diego, California, May 12th, 1905.

To the Honorable Common Council
of the City of San Diego, California.

Gentlemen:-

I herewith present, for your consideration, a resolution recently adopted by the Special Water Committee, selected from the Federated Improvement Clubs and the Chamber of Commerce, in reference to the submission of the matter of the proposed El Cajon water system for the action of the voters of the City at a special election to be held for that purpose.

The matter of a suitable and adequate water supply is a question of the greatest importance to this City, and the entire community desires and expects that prompt and vigorous steps be taken by your Honorable Body to fulfill the pledges and assurances given the public that the citizens be granted the opportunity to decide whether or not the City of San Diego shall acquire the El Cajon water lands, and construct the necessary pumping plant thereon.

I recommend that the matters involved in the proposed bond issue be segregated as follows:

First--To vote for or against a sufficient issue of bonds to purchase the El Cajon lands upon which the City holds options.

Second--To vote for or against a sufficient issue of bonds to install said pumping plant, and construct said pipe line

Third--To vote for or against a sufficient issue of bonds to renew the Thirtieth

street main.

As the options given by two parties, namely, H.D. Williamson and Dr. Gillen, expires June 1st, 1905, it is essential that immediate action for the renewal of these options be taken. I herewith enclose the offer of Dr. J.R. Gillen to extend the option given by him; also an offer obtained from Mr. Williamson for the extension of the option given by him, and I recommend their acceptance by your Honorable Body upon the conditions named therein.

It is also my opinion that, in submitting to the electors of the City the question of voting bonds for the proposed El Cajon independent water system, all matters not immediately pertinent to that issue should be excluded from present consideration.

Very truly yours,

JOHN L. SEHON,

Mayor of the City of San Diego, California.

Thereupon a communication from a Water Committee of the various Improvement Clubs of this City, and the Chamber of Commerce, in the matter of acquiring certain water-bearing lands in El Cajon Valley, is read and ordered filed.

The undersigned hereby agrees to extend the option on his land to City for ninety days from June 1st providing I retain possession of land and receive all rental therefrom until such time as the City may require it subject to the provisions and conditions of former options.

Said Ordinance as adopted is as follows, viz;

ORDINANCE No. 3061

An Ordinance providing specifications for the grading of streets in the City of San Diego, California.

BE IT ORDAINED, By the Common Council of the City of San Diego as follows;

SECTION 1. That all street grading in the City of San Diego, California, shall hereafter be performed in accordance with the following specifications;

1. The work of grading is to be done in accordance with the profiles approved by the Common Council on file in the office of the City Engineer of said City, and all work shall conform, during the progress of the work and on its completion, to the line and levels which may from time to time be given by the said City Engineer in accordance therewith.

2. The City Engineer shall set stakes indicating the exact depth of cutting or filling required to bring the street to its official grade.

3. Grading shall include the removal of all earth, stone, loose rock, clay, shale, cement, hard-pan, boulders, solid rock, and all other materials that may be encountered in preparing the street, and shall also include all filling, trimming, shaping, picking down, refilling, surfacing, or other work that may be necessary to grade the roadway, gutters and sidewalks to the official grade and in accordance with the said profiles.

4. In places where filling is necessary to bring the street to its official grade, it shall be done with good, sound material. The embankment shall be carried up of full width in layers not to exceed one foot in thickness, and the teams shall be made to travel as evenly as possible over the whole surface of each layer, both going and coming.

The formation of well defined ruts is especially prohibited. No material of a spongy nature shall be used for filling. The slopes of embankment shall be one and one half (1-1/2) horizontal to one vertical, and shall be trimmed as they are carried up. The space over which fills are to be made shall first be cleared of all brush, rubbish and perishable material.

5. Upon all embankments there shall be placed a top dressing of earth of uniform quality to form a compact surface.

6. Whenever a cut exceeds one (1) foot in depth, all trees standing on the margin of the street shall be removed.

7. Before the Resolution of Intention is passed by the Common Council, the City Engineer shall make a careful estimate of the number of cubic yards of excavation and the number of cubic yards of embankment necessary to bring the street, or portion of the street, proposed to be graded, to its official grade and cross-section.

8. In case said estimate demonstrates that the number of cubic yards of embankment is an excess of the number of cubic yards of excavation, the Resolution of Intention shall provide how such deficiency shall be supplied; and in case said estimate demonstrates that the number of cubic yards of excavation is an excess of the number of cubic yards of embankment, then the Resolution of Intention shall determine what disposition shall be made of such excess earth.

9. The estimate of the City Engineer, made as above specified, shall be kept on file in his office, and shall, during office hours, be accessible for inspection to any person who may desire to inspect the same.

10. The Resolution of Intention shall designate the location and size of all bridges and culverts to be constructed on said street to be graded.

11. All bridges and culverts shall be built of the materials as specified in the Resolution of Intention and according to the plans, specifications, and drawings therefor on file in the office of the City Engineer.

12. All bids must state the price per cubic yard for excavation; the price per cubic yard for embankment and the price for each bridge and for each culvert.

13. Incidental expense shall include the cost of the publication of the notices, resolutions, orders, and other incidental expenses required under the proceedings taken for the grading of the street, including the compensation of the City Engineer, all work of civil engineering done by him on the street, and such other notices as may be deemed requisite by the said Common Council.

14. The Street Superintendent shall supervise all work and shall not approve or accept the same unless the same has been performed to the form of cross-section and to the elevation required by the official grade.

15. The Contractor shall, when required to do so by the said Superintendent of Streets, remove from the work any overseer, superintendent, laborer, or other person employed on the work, who shall refuse or neglect to obey the said Superintendent of Streets in any way relating to the work, or who shall perform his work in a manner contrary to these specifications, or who shall be found to be incompetent or unfaithful.

16. Bidders must examine and judge for themselves as to the location of the proposed work, the nature of the excavation to be made, and the work to be done.

17. The contractor shall give twenty-four (24) hours' notice in writing when he shall require the services of the City Engineer for laying out any portion of the work. He shall preserve all stakes set for lines, levels, or measurements, for the work by the City Engineer in their proper places. Any expense in replacing said stakes, which the contractor or his agents or employees shall have failed to preserve, shall be borne by the contractor. The contractor shall dig all stake holes necessary to give lines and levels.

18. All curbs and cross-walks which must be removed, shall be removed in a careful manner, and must be conveniently and neatly piled upon the side of the nearest intersecting street.

19. All loss or damage arising from the nature of the work to be done under these specifications, during the progress of the work, and before the acceptance thereof, or from any act or omission on the part of the contractor, or any agent or person employed by him, occurring in the course of the work not authorized by these specifications, shall be sustained and borne by the contractor. The contractor shall keep good and sufficient guards around said improvements, by fence or otherwise, to prevent accident, and shall hang thereon lights to burn from dusk to daylight, and the contractor shall hold the City harmless from any and all suits for damages arising from or out of and during the performance of said work, or any portion thereof, and before the same has been accepted.

20. All railroad tracks, gas or water pipes, electrical conduits, tubing or underground structures of any character belonging to the City or others, shall be properly protected, and the contractor shall be responsible for any damage that may be caused by negligence or carelessness on the part of his employees.

21. In case it should be necessary to remove any railroad tracks, gas pipes, or

water pipes, electrical conduits, tubing or underground structures of any character, or any portion thereof, the owner or owners of the same, or their agents or superintendents, will, upon application to the contractor, be notified by the Superintendent of Streets, to remove the same within a specified time; and the contractor shall not interfere with said tracks, gas pipes, water pipes, or any portion thereof, until the expiration of the time specified in said notice.

22. The right is reserved to street railroad companies, gas companies, or the City, to enter upon the street for the purpose of making repairs or changes that have become necessary by the improvement of the street.

23. The contractor shall remove all surplus material and rubbish from the work after its completion, and before he makes application for the acceptance of the work.

24. The Contractor shall notify the Superintendent of Streets when he desires a final inspection of the work, and if the work is found to be completed in accordance with these specifications, he shall accept the same.

25. All work provided for herein, must in all cases be done under the direction and to the satisfaction of the said Superintendent of Streets, who shall have full power to condemn any work or material not in accordance with these specifications, and to require the contractor to immediately remove any work or material so condemned, and the contractor shall, at his own expense, replace said work or materials to the satisfaction of the said Superintendent of Streets. The decision of the said Superintendent of Streets shall be final as to the quality of the work and materials used, unless the Common Council shall determine otherwise upon an appeal.

26. Whenever the word "Contractor" is used in these specifications, it refers to the party or parties to whom the contract has been awarded for the construction of the work, California.

27. Whenever the words "City Engineer" or "Street Superintendent" are used in these specifications, they refer, respectively, to the City Engineer and the Street Superintendent of the City of San Diego, California.

SECTION 2. That all ordinances or parts or ordinances in conflict herewith be and the same are hereby repealed, provided, that the adoption of this ordinance shall not affect or apply to any work heretofore ordered or now being done or authorized to be done under the provisions of Ordinance No. 1141 of the ordinances of the said City, entitled, "An Ordinance providing specifications for the grading of streets in the City of San Diego, California", approved on the 17th day of June, 1902.

The following report of the Ways and Means Committee in the matter of a Communication from the Board of Public Works, recommending the purchase of three sprinkling carts and four horses is read and adopted, viz;

San Diego, Calif., May 25th, 1905.

To the Common Council of the City of San Diego, California.

Gentlemen:-

The Ways and Means Committee to whom was referred a communication from the Board of Public Works, asking for authority to purchase three street sprinkling carts at a cost not to exceed \$375.00 each, also for authority to purchase four horses for the use of the Street Department at a cost not to exceed \$150.00 each, herewith reports and recommends as follows;

In the estimate of probable expense of the City for the fiscal year 1905, no provision has been made for the purchase of additional carts. The Committee, therefore, does not feel justified in recommending that the Board of Public Works be authorized to purchase three additional carts this year. We realize that the condition of the streets is such that a great deal of sprinkling will be necessary during the coming year and for that reason we recommend that the Street Department use men and teams enough in the sprinkling of the streets so that the sprinkling carts, or at least three of them, shall be in use sixteen hours each day.

While the estimate of the probable expense of the Street Department for this year is only for the sum of \$500.00 for the purchase of four horses, yet the Committee feels justified in recommending that these horses should be purchased even though the cost thereof will equal \$150.00 each. We therefore recommend that the Board of Public Works be authorized to purchase in the open market, four horses for the use of the Street Department, Provided, that the cost thereof does not exceed the sum of \$150.00 each, and that the urgency clause be added to said Ordinance. We present herewith an ordinance to carry this recommendation into effect and recommend that it be adopted.

The following report of the Water Committee, transmittin an "Agreement between the Southern California Mountain Water Company and the City of San Diego, for the sale and purchase of water for a period of ten years", and recommending the execution of said Agreement, and the adoption of an Ordinance providing for the execution of same, is read and adopted, viz;

San Diego, Calif., June 3rd, 1905.

To the Honorable Common Coulcil
of the City of San Diego.

Gentlemen:-

The Water Committee presents herewith, a contract with the Southern California Mountain Water Company, for furnishing water to the City of San Diego and its inhabitants for a period of ten years, at a cost of four cents per one thousand gallons.

The Committee presents this contract for consideration by your Honorable Body, to take the place of the contract heretofore made between the Southern California Mountain Water Company and the City of San Diego, for the furnishing of water to the City and the inhabitants thereof, which last mentioned contract expired by limitation May 1st, 1905. The Committee feels that the new contract presented herewith is one in which the interests of the City are fully protected and is even a more liberal contract than the one which has expired.

In the contract presented herewith, the Company agrees that it will on or before March 1st, 1906, complete the construction of the pipe line and conduit from lower Otay Dam to the University Heights Reservoir. The Company further agrees, that if the rainfall during the year ending March 31st, 1906, should be insufficient to impound the amount of water added to that contained in the Otay reservoirs to supply the City for what water it should need for two years from said date, that it will immediately commence work on the Barrett Dam and Conduit and actively continue said work and divert waters of the Cottonwood Creek, into the Lower Otay Reservoir, so that a continuous supply shall be furnished to the City through said line.

At a meeting of the Committee, held may 17th, 1905, the Southern California Mountain Water Company presented a draft of an agreement, to furnish water to the City for a period of ten years, which proposed contract was taken into consideration by the Committee at that time.

We have since gone over the agreement carefully, section by section, and after having made several changes in the reading, which changes were agreed to by the Water Company, the Committee at this time presents an agreement embodying the changes made therein, and recommends that the City enter into contract with the Southern California Mountain Water Company, for the sale and purchase of water for the use of said City and the inhabitants thereof, for a period of ten years. We therefore recommend the adoption of the Ordinance presented herewith, providing for the execution of the contract herein mentioned.

Respectfully submitted.

Geo. McNeill.

A message from the Mayor stating the objects for which this special session is called, is read and ordered filed, viz;

San Diego, California, June 16th, 1905.

To the Honorable Common Council

of the City of San Diego, California.

Gentlemen:-

I desire to inform you of an investigation made by me in compliance with section 2, Chapter 1, Article 3 of the Charter of the City of San Diego, California, regarding the action, and matters connected therewith, of Mr. Harry W. Vincent, City Clerk of the City of San Diego, California, in executing and presenting for allowance a false and fraudulent payroll of certain special deputies employed in the office of City Clerk during the month of March, 1905.

By direction of Mr. Vincent, as City Clerk, the time or number of days of employment of four special clerks, viz., H.E. Korns, E.L. Matot, C.W. Baldwin, and F.G. Goldman, was unlawfully increased, by reporting that each one had worked two days longer than was true and correct, so that four clerks were paid five dollars more than was legally due them, and the amount of excess, twenty dollars, so secured, was, by them, paid to Mr. Vincent, or other party representing him.

One other Clerk, Miss S.A. May, was by Mr. Vincent told that she was to also have her time raised by adding two days to the time she was legally entitled to, but upon tender of such voucher to her, refused to receive it.

On June 9th, 1905, the Executive, assisted by the Deputy City Attorney, E.A. Wells, examined the following named parties, H.E. Korns, Mrs. F.G. Goldman, Miss S.A. May, and Percy L. Day, the last named being at the present time clerk in the City Clerk's Department, who made affidavit as to their knowledge of the facts. Copies of these affidavits are here-

with enclosed and made a part of this report, being marked as follows: Affidavit of Mr. H. E. Koras marked "Exhibit B", affidavit of Mrs. F. G. Goldman marked "Exhibit C", affidavit of Miss S. A. May marked "Exhibit D", and affidavit of Mr. Percy L. Day marked "Exhibit E".

Mr. Vincent having by this time learned that the affairs of his office were being investigated, deposited with the City Treasurer a certain sum (\$38.60), reciting among other items, the deposit of twenty dollars, referred to in the receipt issued by the City Treasurer as "incidental, source to be ascertained". This deposit by Mr. Vincent being made by him after the close of the days' business, was taken by the City Treasurer and receipt issued therefor and stamped with the date of the following day, June 10th, 1905. A copy of the City Treasurer's receipt is herewith enclosed and made a part of this report, marked "Exhibit F",

At nine o'clock A.M. June 10th, 1905, by appointment made the previous evening, I received Mr. Vincent in the Mayor's office, and in the presence of Mr. E. A. Wells, Deputy City Attorney, requested an explanation of the matter. Mr. Vincent at first claimed to have no clear recollection concerning the transaction, but when informed that I had affidavits from certain of the parties who received over-payment, he admitted that the payroll referred to (March, 1905,) had been raised, but sought to justify his action by saying that he had paid a certain bill which the City Auditing Committee had, on advice of the City Attorney, rejected as an illegal claim against the City; and that as he thought the City should pay the bill he made out the payroll for the amount in excess of what was due in order to refund to himself the amount that he had paid out. Later, that he felt that he had done wrong, and put the money (\$20.00) in his office drawer, but had forgotten to deposit it. Said he had the Deputy City Clerk check up his cash, but could not remember in what particular manner the twenty dollars had been received.

I informed Mr. Vincent that I could not accept his explanation as satisfactory and that I must insist that he have the twenty dollars repaid to the City, credited to the proper fund, and that I requested his immediate resignation as City Clerk.

Mr. Vincent thereupon requested two or three days time to consider the matter, but was informed by me that the matter must be settled that day. However, he might withdraw from the office to consult some friend, and return within an hour and inform me of his decision. At the expiration of the hour Mr. Vincent returned to my office, and in the presence of Mr. E. A. Wells, Deputy City Attorney, stated that he had consulted an attorney in the matter, but desired more time within which to decide as to his resignation. I stated to him that he had admitted the facts, and that I could only recognize the matter in the light of the Mayor investigating the City Clerk's conduct, and I expected him to inform me of his decision. He again expressed his unwillingness to make any definite decision, and I thereupon stated that no further discussion was necessary. At four o'clock on the afternoon of Monday, June 12th, I appeared before the District Attorney and requested the preparation of a complaint against Mr. Vincent, under section 72 of the Penal Code. The District Attorney not being able to conclude the preparation of the complaint, before the close of office hours, an appointment for the following morning (June 13th) was made. At 9:15 o'clock A.M., June 13th, Mr. Vincent appeared in my office and tendered me his resignation, a copy of which, marked "Exhibit G", is herewith enclosed and hereby made a part of this report. Mr. Vincent further stated that there was some work for him to complete before leaving the office, whereupon I requested him to return to my office in an hour, which he failed to do. At twelve o'clock noon, June 13th,

1905, I accepted Mr. Vincent's resignation, and directed Mr. J.T. Butler, the Deputy City Clerk, to take charge of the City Clerk's office. A copy of the acceptance of the said resignation, and direction to Mr. Butler in regard to assuming charge of the office, marked "Exhibit H", is herewith enclosed and hereby made a part of this report.

At 2:45 P.M., June 13th, 1905, I was served with a letter from Mr. Vincent withdrawing his resignation, a copy of which letter, marked "Exhibit I", is herewith enclosed and hereby made a part of this report.

The City Attorney advising me that, in his opinion, a vacancy existed in the office of City Clerk, I thereupon under section 7 of article 10 of the Charter, appointed Mr. J.T. Butler (Deputy City Clerk) to the office of City Clerk of the City of San Diego, California and herewith enclose a copy of said letter and appointment, marked "Exhibit J", and hereby made a part of this report. Mr. Butler accepted the said appointment as City Clerk in a communication, a copy of which is herewith enclosed marked "Exhibit K" and hereby made a part of this report.

On June 14th, 1905, I addressed a letter to the several administrative boards and officers of the City, informing them of Mr. Butler's appointment as City Clerk of the City of San Diego, California, a copy of which letter, marked "Exhibit L", is herewith enclosed and hereby made a part of this report.

On the morning of June 15th, 1905, Mr. Vincent claimed the office of City Clerk, and refused to give possession to Mr. Butler, who had been appointed as his successor. Mr. Butler, accompanied by the Chief of Police and the City Attorney, who informed Mr. Vincent that unless he would quit the office he would advise the Chief of Police to forcibly eject him, demanded possession of the City Clerk's office. Mr. Vincent thereupon, offering only such resistance as to constitute a forcible ejectment, quit the rooms of the City Clerk of the City of San Diego, California.

I thereupon, accompanied by Mr. E.A. Wells, Deputy City Attorney, duly made complaint before the City Justice M.B. Anderson, against Mr. Harry W. Vincent for the offense hereinbefore described, which complaint was made under section 72 of the Penal Code, viz:

"Section 72. Every person who, with intent to defraud, presents for allowance of for payment to any state board or officer, or to any county, town, city, ward, or village board or officer, authorized to allow or pay the same is genuine, any false or fraudulent claim, bill, account, voucher, or writing, is guilty of felony."

I submit for your information and consideration the above statement of the investigation made and action taken regarding the resignation of Mr. Harry W. Vincent, as City Clerk of the City of San Diego, California, and my appointment, under section 7 of article 10 of the Charter, of Mr. J.T. Butler (Deputy City Clerk) to the office of City Clerk of the City of San Diego, California. I recommend that your Honorable Body, by resolution, ratify and confirm my action in accepting the resignation of Mr. Harry W. Vincent as City Clerk of the City of San Diego, California, and the appointment of Mr. J.T. Butler to the office of City Clerk of the City of San Diego, California.

All of which is respectfully submitted,

JOHN L. SEHON,

Mayor of the City of San Diego, California.

Mr. Vincent had left the Clerk's office and was not there present at the time when I accepted his resignation and put Mr. Butler in charge thereof.

A message from the Mayor vetoing an ordinance providing for the employment of three additional deputies in the City Clerk's office, is read and ordered filed, viz:--

I herewith return, without my approval, the above ordinance authorizing the City Clerk to employ three additional deputies from July 1st, 1905, to October 1st, 1905.

The circumstances connected with the administration of the business of the City Clerk's Department do not, in my judgment, warrant the continuation of these three additional deputies.

At the present time I understand that the City Clerk is also the Clerk, or other similar officer, of a certain social organization, and has clerical duties in connection therewith that requires a material part of his time, the books of which organization being kept in the City Clerk's office, and during time that should be given City affairs; at times even the services of a deputy being taken for certain private work of this nature.

I am of the opinion that the City Clerk should not expect his personal work to largely consist of a general supervision of the office, but that in addition to meeting and attending to the requests of the public, he should personally perform a reasonable share of the clerical work.

I consider that the routine administration of the City Clerk's Department should be so arranged as to provide for a more systematic assignment and performance of the work of the Department, so that all persons employed in the office may be kept daily constantly employed with public business during office hours.

The mere fact that funds have been provided, or estimates made for additional clerks when necessary, does not constitute a sufficient reason to continue to retain clerks, or to employ additional ones, when their services are not legitimately required.

Under Section 14 of Article 10 of the Charter of the City of San Diego, California, the City Clerk recently addressed a letter to me requesting my approval of an ordinance authorizing the employment of three additional deputies. In compliance with which request I transmitted to the legislative body a recommendation that the City Clerk be allowed two additional deputies for the period of three months from July 1st, 1905, which recommendation I hereby renew.

In the event of special elections or other similar unusual occasions, requiring additional clerical assistance, the Clerk can, when necessary, obtain for a limited time, under separate ordinance, the help needed temporarily.

With proper system and due application to the work upon the part of the Clerk, his deputy clerk and assistants, I deem two additional deputies, or four men in all, ample force to perform all the work demanded of the City Clerk's Department.

For the reasons above set forth, I therefore withhold my approval of this ordinance

JOHN L. SEHON,

Mayor of the City of San Diego, California.

San Diego, California, June 7th, 1905.

A Message from the Mayor vetoing an ordinance repealing Ordinance No.1972 in the matter of the contract between W.W. Rynerson and the City of San Diego, to sink deep wells in Mission Valley, is read and ordered filed, viz:

I herewith return without my approval the above ordinance adopted July 3rd, 1905, repealing Ordinance No.1972, entitled, "An ordinance cancelling the contract executed on the third day of October, 1904, by and between W.W. Rynerson and the City of San Diego, California, for the drilling of a well in Mission Valley, and authorizing the Board of Public Works of said City to let a contract for the construction of the said well."

If the ordinance adopted July 3rd, 1905, should be permitted to become effective, the result would be an attempt to revive the contract which it was manifestly the purpose of the Council to relieve Rynerson and his bondsmen from performing.

It is not within the powers of the Legislative body to re-establish the old contract without the consent of both Rynerson and his sureties. If the Common Council desired simply to revoke the authority given the Board of Public Works to let a contract to Fred D. Milligan for the completion of the Rynerson contract, that end will be attained by the adoption of an ordinance repealing section 2 of the ordinance first adopted (No.1972, -March 20th, 1905).

San Diego, California,

July 11th, 1905.

JOHN L. SEHON,

Mayor of the City of San Diego, California.

Thereupon an ordinance repealing Section 2 of Ordinance No.1972, is read and on motion referred to the Water Committee.

The following Report of the Street Committee in the matter of digging trenches in the streets of the City is read and on motion adopted, viz:

San Diego, Calif., July 15th, 1905.

To the Honorable Common Council

of the City of San Diego.

Gentlemen:-

At a meeting of the Street Committee held July 14th, 1905, the attention of the Committee was called to the very unsatisfactory manner, in which the trenches for various pipe lines in the streets of the City are being completed by the different companies having such work under construction.

After carefully considering this matter the Committee believes that action should be taken to preserve the condition of the streets of the City and to cause all persons and companies engaged in this work to place the streets through which pipe lines are laid in first-class condition. We therefore beg leave to recommend to your Honorable Body as follows:

1st. That all persons or companies desiring to construct pipe lines, sidewalks and curbs through the streets of the City should first obtain a permit for doing such work from the Board of Public Works.

2nd. That before such permit shall be issued the person or company applying for such permit shall deposit with the said Board of Public Works a sum of money sufficient to guarantee the proper completion of the work to be done; said deposit to be refunded upon the completion of the work and its acceptance by the Superintendent of Streets.

3rd. That the City Attorney prepare the necessary papers to carry this recommendation into effect.

Respectfully submitted,

Chas. Kelly,

L.A. Creelman,

Said Report as adopted is as follows, viz:

San Diego, Cal., July 3rd, 1905.

To the Honorable Common Council of the City of San Diego, California.

Gentlemen:

We, the Commissioners duly appointed by your Honorable Body for the opening of National avenue in the City of San Diego, California, from the north line of "N" street to the east line of Twelfth street, as provided in Resolution of Intention No. 744, adopted by your Honorable Body on the 7th day of March, 1904, and approved on the 8th day of March, 1904, hereby respectfully report to your Honorable Body as follows:

That on the 20th day of June, 1904, your Honorable Body adopted Resolution No. 818, ordering the opening of the said National avenue from the said north line of "N" street to the said east line of Twelfth street, and by said resolution duly appointed your petitioners as commissioners to assess the benefits and damages, and to have general supervision of said work until the completion thereof, in compliance with an Act of the Legislature of the State of California, approved on the 8th day of March, 1889 (Statutes of 1889, page 70); that immediately thereafter your petitioners duly qualified as such commissioners, and commenced the work as prescribed by law for the opening of said National avenue, between said points.

That after obtaining a map and survey and description of the property to be taken for said purpose, we communicated with the owners of the land to be so taken and in all cases agreed with the owners of the land upon the price that was to be paid for the land to be so taken.

That on the 13th day of February, 1905, your petitioners duly filed in the Clerk's office of the said City of San Diego, their written report, assessment, plat, and diagram in opening and extending the said National avenue, which report was approved and confirmed by the Common Council on the 13th day of February, 1905, after due notice had been given thereof as required by law.

That your petitioners estimated that the amount of money necessary for the purpose of acquiring the land and paying the expenses incidental for the opening of said National avenue between said points, was the sum of \$4368.73. Of this sum \$4029.71 has been collected, and \$3427.82 paid out as shown by the schedule marked "Exhibit A" hereto attached and hereby made a part hereof.

And there still remains to be collected the sum of \$339.02 for the property sold to the City for delinquent assessments.

In all cases deeds have been executed to the land to be taken, and filed for record and recorded in the County Recorder's office of San Diego County; all warrants drawn for such property have been received and accepted by the owners of the property with one exception. In the latter part of the summer of 1904 your commissioners had a specific agreement with the agent of the owner of a small triangular piece of land situate on Lot "F" of Block 169 of Horton's Addition. The agent agreed to sell this property to the City for the purpose of opening National avenue for \$25, and pursuant to this agreement, the deed was executed and delivered to your Commissioners with the specific understanding that the money would be paid as soon as collected. In the fall of 1904, in violation of this agreement, and while the deed was still in the possession of your Commissioners, the owner of the land sold the property. But the purchaser of the land was informed and knew of the specific agreement made with the Commissioners and was informed that the Commissioners held the deed in escrow. The deed was afterwards recorded in the Recorder's Office and pursuant to the agreement with the owner of the property, a warrant was drawn for \$25, and the agent, for the owner of the property, notified that the warrant had been drawn and was subject

to the owner's order, and the warrant has not been called for, and we herewith hand it to your Honorable Body with the recommendation that it be delivered to the owner of the property when called for. As the deed has been recorded, nothing remains to be done on the part of your Commissioners, as we consider the transaction closed.

It appearing hereby that there is a surplus of \$940.91 on hand and uncollected after the payment of all expenses, we would respectfully recommend that your Honorable Body take and adopt the necessary proceedings for the payment of a dividend prorated to the parties assessed, and that you declare the land to have been taken for the public use, open as a public highway, that you name the same "National Avenue" and that you take and adopt the necessary proceedings for the improvement thereof at an early date.

Your Commissioners have performed, according to law, all their duties, having acquired all the land necessary to be taken for the purpose of opening said National avenue from the said north line of "N" street to the said east line of Twelfth street; having made an assessment therefor as instructed by your Honorable Body; having collected sufficient money for the purpose of paying all expenses in opening said National avenue, including the purchase of land and paying incidental expenses, and all official acts and deeds having been performed as required by law, we therefore respectfully petition your Honorable Body that you relieve us from any further duties in the matter; and to that end we respectfully request your Honorable Body to adopt the accompanying resolution.

All of which is respectfully submitted.

At this time President Osborn invites Councilman McNeill to the Chair as President pro tempore and takes the floor for the purpose of reading the following report, viz:

Gentlemen of the Common Council:

To our human hearts full to overflowing with love of honor and country, ever the constant source of love and sympathy, nothing is so sacredly dear as the last resting place of our departed heroes. It has been termed desolate, but desolation has no place

there, for it is enshrined in the nation's heart-of hearts, the holy of the holies, wherein rests those who have been the very bulwark of our defense in time that is past - for the boys are the hope of the world - and whose lives and magnificently heroic deaths are ever a perpetual inspiration and incentive for patriot lives to come.

It was my priceless privilege as a representative, self appointed as it were, of this, the legislative branch of our municipal government, to join with a great concourse of American men and women on far Point Loma, yesterday afternoon, in a heartfelt but all too feeble tribute of loyal sympathy and loving respect to our nation's valiant defenders, who in the pride and promise of early manhood, met their death at their posts of duty in that scalding hell of steam in the hold of the ill-fated Bennington. Heroes and patriots were they all to death!

Crossing in company with the Mayor and the heads of the various departments, the blue waters of San Diego harbor, sparkling in the brilliant sunshine of a perfect California Sunday noon, no human tongue or pen can fitly begin to describe the matchless beauty of the ever widening scene that after we left the precincts of Fort Rosecrans held the delighted soul and eye spell-bound as it unfolded to us we climbed gradually in the conveyance most thoughtfully and courteously provided for the City officials by Capt. Scott, the Commandant, the rugged slope of old Point Loma clad in all the primeval beauty of countless different shrubs and flowers until at last on the very crest of the slope, kissed by the first bright glance of dawn and the last slanting rays of the setting sun, lies the charming little National Cemetery looking down upon the mighty Pacific breaking in ceaseless silver surges upon Coronado's sandy shore, and the calm, beautiful bay of San Diego, encircling as with turquoise the City and over all, the roked ribbed and ancient mountains rise in hazy grandeur for an eternal background.

No one could wish for earthly couch more beautifully restful after the agony and strife of life is over, than was prepared in this ideal spot for those brave boys who were there laid reverently and lovingly to rest, comrades in life and death on that Sunday afternoon, committed to the tender care of God and country. May the Almighty rest their souls in peace and the nation and this, our City in particular, the scene of their last fearful struggle, cherish their gallant lives, deaths and last resting place in perpetual and fond memory.

Respectfully submitted,

JOHN B. OSBORN.

Councilman Reynolds now moves that said report be given to the Press for publication and copies thereof mailed to the families or relatives of the injured and deceased members of the U.S.S. Bennington, which motion is adopted.

Said Ordinance as adopted is as follows Viz.
Ordinance No.

An Ordinance providing specifications for cobble stone gutters.

Be It Ordained, By the Common Council of the City of San Diego as follows:

Section 1— Whenever it shall be determined by the Common Council of said City that cobble stone gutters shall be placed in any given street, the work of building such gutters and the material employed therein shall be as follows:

1. (A) grading and preparing the trench for the gutters; (B) constructing along the outer line of the curb, a cobble stone gutter, five (5) feet in width; (C) furnishing all material and labor necessary to perform said work and complete the same

2. Grading shall include the work of removing all earth, stone and loose rock, hard-pau, and all other material that may be encountered or required in the preparing for the work of guttering, and shall include also all filling, trimming, shaping, picking down, re-filling, rolling, surfacing, and all other work that may be required to bring the space to be occupied by the gutters to the sub-grade and shape required, and of maintaining it in perfect condition until the work has been done. The cost thereof shall be included in the contract price per square foot of completed gutters, and no extra compensation shall be allowed the contractor for removing from the street the surplus material that may result from this work.

3. When mud or soft material is encountered it shall be taken out below the sub-grade, and the space shall be re-filled with good, hard material, by and at the expense of the contractor.

4. In places where cutting is necessary to bring the work to the required surface, the blow point shall not in any case penetrate below a point two (2) inches above the sub-grade.

The remainder shall be carefully dressed off with picks or other hand tools.

5. In places where filling is necessary to bring the work to the required surface, it shall be done in layers of not more than six (6) inches in depth, and each layer shall be thoroughly rolled before another layer is added.

6. The work shall be brought to a sub-grade or surface of the required depth below the established grade of the street and shall be finished in the most perfect manner so as to be parallel with, and in every way made to conform in shape to the surface of the finished work. To effect this the ground shall be first brought to an approximate finish slightly above the sub-grade. The City Engineer will then set grade stakes and the contractor shall then stretch lines from these several stakes, both along and across the work, and dress down to the true surface, all irregularities as indicated by these lines.

The surface shall then be rolled or tamped, when it shall again be dressed and re-rolled until the surface shall be true, smooth, compact, and to the required surface.

7. Such portions of the work as cannot be reached by the roller, and all places excavated below the sub-grade and re-filled, and all pipe trenches and other places that cannot be properly compacted by the roller, shall be tamped solidly by hand and at the expense of the contractor.

8. The gutters, for a width of five (5) feet shall be paved with cobble stone, not less than six (6) inches in height, laid edge-wise.

9. The cobble stones shall be laid by hand and firmly bedded in three (3) inches of clean, sharp sand, care being taken to break joints. Each course shall be set so that the cobbles incline slightly up hill, leaving not less than one (1) inch of sand under the cobble.

10. When laid the pavement of the gutter shall be immediately covered with decomposed granite from which all fine dust and other foreign substances shall have been previously screened. This decomposed granite shall be heated and while hot shall be raked or swept in the joints until all are completely filled.

The cobbles shall then be rammed with rammers weighing from seventy-five (75) to eighty (80) pounds, until all have been forced to a firm unyielding

bed, and the gutter brought to a perfect surface.

Every cobble that does not have a solid bearing, as well as all general depressions in the surface, resulting from a thorough ramming of each block, shall be taken up and additional sand placed on the foundation and the cobble again laid and rammed until brought to a solid bearing and perfect surface. While the cobbles are being rammed the joints shall be kept well filled with gravel.

11. Immediately after ramming, the decomposed granite shall be swept or otherwise cleaned out of the joints to a depth of one (1) inch, and there shall then be poured into the joints, while the decomposed granite is hot, boiling paving cement until all joints are completely full. Additional hot decomposed gravel shall then be poured along and into the joints previously filled with the paving cement, and then be compacted by tamping with light rammers, especially made for this purpose, until all the joints are thoroughly filled and made flush with the upper surface of the gutter.

12. The said paving cement shall be composed of refined asphaltum and a flux in quantity sufficient to bring said cement to the required consistency. These ingredients shall be delivered on the work, at least one week before being used, in order that the Street Superintendent may cause the proper tests to be made before the material is admitted into the work. The cement must be mixed upon the work and then heated to a temperature of three hundred (300) degrees Fahrenheit as it is required for immediate use.

13. As soon as the joints shall have been thoroughly tamped and before the paving shall have become cold, a layer of clean, dry, coarse sand, one half ($\frac{1}{2}$) inch in thickness, shall be spread evenly over the entire surface of the gutter, which, together with the accumulation of any kind, shall be cleaned off and removed from the street by the contractor before the work has been accepted.

14. All cobbles shall be carefully inspected by the Superintendent of Streets, and he shall direct that every stone not complying with these specifications, whether it has been set or not, shall be immediately removed from the street at the expense of the contractor. The contractor shall furnish, at his own expense, such laborers as may be required to enable a thorough inspection and culling of the cobbles.

15. All cobble gutters shall be paid for at a stated price per square foot, which price per square foot shall include the furnishing of all labor and materials, the foundation, the grouting and all other work and all expenses, direct or indirect, connected with the proper execution of the work and of maintaining the same in perfect condition until it shall have been finally accepted by the Street Superintendent.

The minutes of Regular Meeting of October 2nd, 1905, continued in Record Book No. 23.

-----oOo-----

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the information gathered is both reliable and comprehensive.

The third part of the document focuses on the results of the analysis. It shows that there is a clear trend in the data, which suggests that the current strategy is effective. However, there are some areas where improvement is needed, particularly in terms of efficiency and cost reduction.

Finally, the document concludes with a series of recommendations for future action. These include implementing new software tools, training staff on best practices, and conducting regular audits to ensure ongoing compliance and accuracy.

The following table provides a summary of the key findings from the analysis. It shows that while overall performance is strong, there are specific areas that require attention.

Category	Current Status	Target Status
Revenue Growth	15% Increase	20% Increase
Operational Efficiency	85% Score	90% Score
Customer Satisfaction	4.2/5 Rating	4.5/5 Rating
Cost Management	5% Reduction	10% Reduction

Based on these findings, it is recommended that the organization focus on improving operational efficiency and cost management in the next quarter. This will help to achieve the target revenue growth and maintain high customer satisfaction levels.

Do you know what disposition was made of the money?

Ans: I do not know.

What did Mr. Vincent say at that time he received the five dollars from you?

Ans: Nothing at the time he received it. He made no explanation whatever.

WELLS. Did you have any conversation with any one about drawing \$75.00 instead of \$70.00 before you received the money?

Ans: Well, no one except Mr. Vincent, that is I did not know at the time what I was to get, for I had not figured it up.

What was said by him respecting your getting \$75.00?

Ans: Why he said that he would add two days extra time or five dollars to my time.

Did he say anything more?

Ans: He said it was on account of a bill that had not been allowed.

You knew at the time that the two days extra time had not been done, that the work had not been done?

Ans: Yes.

It was just an arrangement between you and Mr. Vincent to provide him with five dollars for the bill that had been disallowed?

Ans: Yes, if I understand the question.

You mean to state that he arranged with you to get this five dollars?

Ans: Yes.

We found that you were paid for two days extra time?

Ans: Yes sir.

MAYOR: How many others, Mr. Korns, had the same arrangement?

Ans: I do not know.

Were there any other people present in the office at the time you handed the \$5.00 back to Mr. Vincent?

Ans: Yes, there were others in the office. Mr. Bartlett and I think Mr. Day, I do not know the other gentleman's name.

WELLS: Do you think they knew of the arrangement between you and Mr. Vincent? Do you know of any one else that had such an arrangement with him? Does any one else, as far as you know know anything about this arrangement between you and Mr. Vincent?

Ans: No sir, not that I am positive of.

Do you know anything else that relates to this matter that you have not stated?

Ans: I do not think so, though there might be.

WELLS.

Q. What is your name?

A. F. G. Goldman.

Q. You were employed in the City Clerk's office during the month of March, 1905?

A. The last work I done was in March.

Q. You remember the amount paid you?

A. I said that I would not be sure, but think it was \$37.50, but wouldnot be real sure.

Q. Whatever the amount was, it was five dollars more paid you than was due you?

A. I presume so.

Q. You understood it to be so at the time, you understood that you were allowed two days extra time, and that you had not rendered services for two days extra time?

A. I did.

Q. Did you have any conversation with any one about the allowance of that extra time?

A. I did not, except with Mr. Vincent.

Q. Please state what Mr. Vincent said to you about it?

A. I think I should rather consult some one else before I say anything else.

MAYOR.

Best to state the facts.

A. He simply said that there had been a bill of his held up and that he did this simply to cover the amount of that bill. That was all. That is the way I understood. I did not know the amount of the bill, nor what it was.

Q. And with that understanding you consented that the extra allowance be made to you?

A. I never said anything, but just let it go at that.

Q. What did you do with the extra allowance, give it to Mr. Vincent?

A. I did.

Q. Was there any one else except you and Mr. Vincent cognizant of this arrangement?

A. None that I know of.

Q. Was any one present at the time the extra money was paid to Mr. Vincent?

A. There was not. There were others in the room, but they did not know anything about it.

Q. Do you know of any others having similar arrangements?

A. I did not know of any.

Q. Are there any other facts relating to this matter that you know of, but have not stated?

A. I know nothing about it any further.

Q. What was the amount overpaid you?

A. Five dollars.

Mr. Wells.

Q. What is your name?

A. S. A. May.

Q. You were employed by the City during the month of March, 1905, it was at the last election?

A. I think it was in March. I quit my other place in February.

Q. In what department?

A. As stenographer, under Mr. Vincent, the City Clerk. I also folded and addressed sample ballots, also did correspondence for his lodge work.

Q. How much was due you for your services for the month of March?

A. Twenty dollars.

Q. Did any one prepare a voucher for you for that month?

A. Yes Sir. It was signed by Mr. Day.

Q. How much was it for?

A. For twenty-five dollars.

Q. Did any one say anything to you about the amount of it.

A. Mr. Vincent did.

Q. What did he say?

A. He said that I am going to add two days to your time. He said that there was a twenty-five dollar bill that was coming to him and that Mr. Doolittle the City Attorney did not approve, and he wanted to make it up, and that five had agreed to make it up. Mr. Korn, Mrs. Goldman, Mr. Matot, but I do not remember the fourth, and myself, the fifth.

Q. Did he say anything else?

A. He said I am going to add this extra to your time, and when you get your money you can give me the five dollars.

- Q. Did he talk openly to you about this, or whispered to you.
- A. He spoke privately, came up to me in a private manner and spoke in a low tone, so my brother stopped typewriting and listened to what he said.
- Q. Did he speak in a confidential manner?
- A. I do not remember. My brother and myself were in the room together.
- Q. What did you reply?
- A. I did not say much of anything. He did all the talking and said what he was going to do. And after I started away I began to realize what he said to me, and thought it over. In the evening at the supper table, when brother came home, I talked it over with him. I told my brother when I got my warrant I was going to take it back.
- Q. Did you receive the warrant after that?
- A. Yes, I did, in a few days.
- Q. How much was the warrant for?
- A. Twenty-five dollars.
- Q. What did you do with the warrant?
- A. The following day I brought it back to Mr. Vincent. I just told him that I did not care to sign it for twenty-five dollars.
- Q. What did he then say?
- A. He just said all right, and got a new warrant and made out a new one for twenty dollars, and tore up the old one.
- Q. Do you know anything more than you have stated regarding this transaction.
- A. I do not, except that Mr. Day came to see me about it a few days after the twenty dollar warrant was issued and delivered to me.
- Q. What did Mr. Day say?
- A. I do not know the exact words, but the gist of what he

said was that he had got himself in trouble, and wanted to know if I would not make a statement about the warrant that was issued to me for twenty-five dollars, and that I returned it. He said that when he took the office that he went in under oath to make such warrants out correctly and keep the time correctly. He said that he was told ^{by} Mr. Vincent to raise each of the warrants and add two days to each warrant, and that if he had not done it he would have lost his position. He said that he had been to see Mr. Doolittle, and that he (Mr. Day) wanted us (my brother and I) to make a statement of the facts of the case regarding the warrants. They (Mr. Day and Mr. Doolittle) wanted to see Mr. Vincent privately and read over these statements and have him refund the money.

Q. What did you tell him?

A. I told him that I did not care to do anything in the matter, but for him to see my brother and whatever he said I would do. I felt that I had done what was right in the matter, because I had brought the warrant back and refused to take it.

Mr. Wells.

Q. Please state your name?

A. Percy L. Day.

Q. You were in the employ of the City clerk during the month of March, 1905?

A. I was.

Q. Do you know of any persons who received vouchers during that month for more money than was due them for services rendered to the City, who were employed by the City Clerk?

A. Yes I do.

Q. State the names of the persons who received such vouchers.

A. H. E. Korns received a voucher for \$75.00.

Q. How much was due H. E. Korns?

A. \$70.00.

Q. State another person?

A. Mrs. F. G. Goldman received a voucher for \$37.50, she was entitled to \$32.50.

Mr. E. L. Matot received a voucher for,-- I am pretty positive I made out his voucher for \$57.50. He was entitled to \$52.50.

Mis Sophia A. May received a voucher from me for \$25.00. She was entitled to \$20.00.

Q. Why were these vouchers made for more than persons were entitled to receive?

A. Those were my instructions to make them so.

Q. Who gave you such instructions?

A. Mr. Vincent, City Clerk.

Q. Did you have any conversation with him about the matter?

A. I cannot say that I had any particular conversation with him. He made some remarks to me as to why it was done.

- Q. State the remarks he made as fully as you can?
- A. As near as I can remember his remarks were that he was raising the vouchers of three of these parties five dollars each, which was to be returned to him for the purpose of paying a bill previously contracted for the City, and which had been held up by the Auditing Committee, and that he intended to pay this bill, amounting to fifteen dollars, with this money received from these three persons.
- Q. Did he say anything to you about the other two persons, what was to be done with what they were to receive?
- A. He did not.
- Q. He did not make any explanation as to why their vouchers were raised?
- A. Nothing whatever.
- Q. Did you know for what this bill, referred to, had been contracted?
- A. No.
- Q. Did you make any reply to the remarks you say Mr. Vincent made?
- A. No Sir. That is, I will correct that to this extent. If I made any remarks they were simply as to the details of how this time should be raised.
- Q. Had similar transactions like this taken place before?
- A. Not to my knowledge.
- Q. Never knew of any vouchers being raised?
- A. No. I never heard of any.
- Q. Do you know anything further relating to this transaction not stated?
- A. Well, I might state that Mr. Korn's, in the presence of the Clerk's force, threw down five dollars on the desk to Mr. Vincent.

Q. Did Mr. Vincent pick up the money?

A. I did not want to make positive statement that he picked it up, but it is my impression that he did.

Q. Did Mr. Korn's make any remark at the time?

A. Not that I heard. I was not in a position to hear any remark made.

Q. Did you ever have any conversation with any one else except Mr. Vincent about this matter?

A. Yes.

Q. Whom?

A. Miss Sophie May's brother.

Q. Who else?

A. Mr. Butler.

Q. Who else besides these you name?

A. Mr. Doolittle, City Attorney.

Q. What was said between you and Mr. Doolittle?

A. I asked Mr. Doolittle-- called on him in his office, and asked his advice, after giving him the details mentioned, as to what I should do. I felt as though I was not in the right position in the matter, as I had been guilty of misconduct, but that my actions were done under instructions from the Clerk, and I simply asked his advice in the matter. Well he thought the matter over some, and finally said the money should be paid back into the city Treasury, and that he advised me to confer with Sophie May and her brother and get them to make a sworn statement of the facts in the case. I think that is about all I remember of the conversation I had with Mr. Doolittle at that time.

Q. Do you recollect if the bill you referred to as having been disallowed, was talked about between you and Mr. Doolittle?

A. I believe it was mentioned. Yes Sir.

Q. What was said about it?

- A. If I remember correctly Mr. Doolittle said that it was his opinion that the bill referred to was a bill contracted with either the Diamond Carriage Company or Levi's Stables, it was with one or the other of these places, for the use of carriages at Mr. Goldman's funeral. I think that was all that was said about that.
- Q. Did you remonstrate with Mr. Vincent at the time he asked you to raise these vouchers?
- A. No, I did not.
- Q. Why did you not?
- A. Because I believed that acting under the instructions of the City Clerk, it was not my business to question his authority or any instructions which he might give me as to my duties in the office.
- Q. Is there anything further which you wish to state regarding this matter .
- A. Referring to the voucher of Miss May, I wish to say that Miss May returned the \$25.00 voucher to Mr. Vincent soon after it was received, and asked that a new one be made out for \$20.00. Mr. Vincent came to my desk and asked for a blank voucher, which he made out and gave to Miss May. That is as far as I have any knowledge of the matter.
- Q. Have you the sheets on which the time was kept. If so please produce them.
- A. I have them and will bring them here.
- Q. Are these the original sheets on which the time is kept for the month of March, 1905?
- A. Yes.
- Q. How does it happen that they are torn out of the book?
- A. They were torn out of the book for the reason that the book belonged to Mr. Clark, and I did not want this time sheet, showing the changes in the figures, to be in the

possession of any one else.

Q. Is the writing on these two sheets your hand-writing?

A. Not all of it. No sir.

Q. Did you make the entry "March 1905, General election, April 4, 1905"?

A. No, it was by Mr. Clark.

Q. Did Mr. Clark keep the time of the employees in the Clerk's office prior to when you commenced.

A. He did the extra employees.

Q. When did you commence to keep it?

A. March 11th.

Q. From then to the end of the month was it your business to keep the time of the people whose names appear on this sheet?

A. Yes Sir.

Q. Prior to that time did Mr. Clark keep it?

A. He did.

Q. What is the meaning of these words "March 1905, general election, April 4, 05".

A. It is a sort of a heading of the time for the extra employees in the City Clerk's office at the election April, 1905.

Q. Are the names of the persons appearing under these words the names of the employees working there?

A. They are.

Q. And what is the significance of these entries in the squares opposite each of these names?

A. They simply signify one days' time for each square marked 1

Q. Does this statement contain the true statement of the actual time that each of these persons work during the month?

A. It does not.

Q. In what respect is it not true, taking each one separately, commencing with H. E. Korn's.

A. It is not true, in that it shows that Mr. Korn's worked 28 days, and his time was raised to 30 days.

Q. Can you indicate where the raise was made?

A. It was raised by adding one-half days' time on four days during the month.

It is not true with respect to the time of Mr. E. L. Matot, which has been raised by adding four half days.

The same with C. W. Baldwin, raised four half days.

The same with Mrs. F. G. Goldman, raised four half days.

The same with Sophie A. May, raised four half days.

Mr. Wells.

I will mark one of these slips "Exhibit A" for the purpose of identification, and the other "Exhibit B" for the purpose of identification.

The Mayor instructed Mr. Wells to so mark the slips.
