Said Ordinance as adopted is as follows, viz:

O R D I N A N C E No. \_\_\_\_\_

An ordinance amending Section 2 and Section 7 of Ordinance No. 1129 of the ordinances of the City of San Diego, approved on the 3rd day of June, 1902, and repealing Ordinance No. 1147, approved on the 17th day of June, 1902.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That Section 2 of Ordinance No. 1129 of the ordinances of the City of San Diego, entitled, "An ordinance prescribing specifications for asphalt pavement on asphalt concrete base in the City of San Diego, California", approved on the 3rd day of June, 1902, be and the same is hereby amended to read as follows, to-wit:

Section 2. That all grading and the preparation of the roadbeds for the pavement shall be done and performed as follows:

1. Grading shall include the work of removing all earth, stone, loose rock, hardpan, and all other material that may be encountered or required in preparing the street for the work called for in the Resolution of Intention, and shall include, also, all filling, trimming, shaping, picking down, re-filling, rolling re-surfacing, and disposing of the surplus earth and material from the street, as in the Resolution of Intention provided, and doing all other work that may be required in bringing the surface of the street to the subgrade and shape required, and of maintaining it in perfect condition until the work has been done; and all the cost thereof shall be included in the contract price per square yard of completed pavement. The surplus dirt and material shall be disposed of as provided in the Resolution of Intention.

2. When mud or soft material is encountered it shall be taken out below the subgrade, and the space shall be refilled with good, hard material, by and at the expense of the contractor.

3. In places where cutting is necessary to bring the street to the required surface, the plow point shall not in any case penetrate below a point two inches above the subgrade. The remainder shall be carefully dressed off with picks or other hand tools.

4. In places where filling is necessary to bring the street to the required surface, it shall be done in layers of not more than six inches in depth, and each layer shall thoroughly be rolled before another layer is added.

5. The street shall be brought to a subgrade or surface of the required depths below the established grade of the street and shall be finished in the most perfect manner so as to parallel with, and in every way made to conform in shape to the surface of the finished work. To effect this the ground shall first be brought to an approximate finish slightly above the subgrade. The City Engineer will then set grade stakes and the contractor shall then stretch lines from these several stakes, both along and across the work, and dress down to the true surface all irregularities as indicated by these lines. The surface shall then be rolled, when it shall again be dressed and re-rolled until the surface shall be true, smooth, compact, and to the required surface.

#### SECTION II.

That Section 7 of the aforesaid ordinance is hereby amended to read as follows, to-wit:

Section 7. That all asphalt used in the construction of the pavement specified in this ordinance shall comply with the following specifications:

1. Upon the asphalt concrete foundation as hereinbefore described, there shall be placed an asphalt wearing surface prepared as follows:

Asphaltic Cement            9 per cent to 17 per cent by weight.

Sand                            86 per cent to 65 per cent by weight.

Finely powdered carbonate of lime    5 per cent to 18 per cent by weight.

Total . . . 100 per cent to 100 per cent by weight.

3. The asphaltic cement shall be prepared from a refined asphalt mixed with a refined liquid asphalt, as described below, and shall contain not less than eighty (80) per cent. of bitumen soluble in carbon di-sulphide. It shall be heated to a temperature of three hundred (300) degrees Fahrenheit before adding it to the other materials used in making the asphalt wearing surface. In no case shall this asphaltic cement be heated above three hundred and twenty-five (325) degrees Fahrenheit.

4. The refined solid asphalt shall be manufactured wholly from asphaltic material, but must be free from admixture with any residues obtained by the artificial distillation of coal, coal-tar, or paraffine oil. It must contain not less than eighty (80) per cent. of bitumen soluble in carbon di-sulphide, and not more than four (4) per cent. of non-bituminous organic matter. It must be of even and uniform composition, and when heated to a temperature of three hundred (300) degrees Fahrenheit for five (5) hours, but not less than four (4) per cent. in weight of vaporizable material. The bitumen contained in it must be of a permanent and cementitious character, which when mixed with the refined liquid asphalt will make a durable cement.

The refined liquid asphalt must be highly cementitious liquid asphalt, refined so as to deprive it of all water and light oil. It must contain not less than 95 per cent. of bitumen soluble in carbon di-sulphide, and not less than 90 per cent. thereof shall be soluble in 88 degrees naphtha. When heated to a temperature of 300 degrees Fahrenheit for five hours it must not lose more than 5 per cent. in weight of vaporizable oils. Material which has been cracked in the process of refining, or which contains any admixture of paraffine or coal tar product will be rejected, and shall not be allowed to enter into the composition of the asphalt wearing surface,

6. The sand shall be clean, sharp, silicious sand, and shall contain not more than 3 per cent. of loam, clay or other earthy impurities; it must all pass an eight mesh to the inch screen.

7. The materials above described shall be prepared in the following manner: The sand shall be heated in dryers to a temperature between 300 and 375 degrees Fahrenheit. The hot sand and cold lime dust shall be thoroughly mixed together in a mixer. A quantity of asphaltic cement (previously heated to 300 degrees Fahrenheit) sufficient to produce a pavement containing not less than 9 per cent. of bitumen soluble in carbon di-sulphide shall then be added, and the whole mass shall be mixed until every particle of the sand and lime dust is thoroughly coated with a thin layer of asphaltic cement.

8. The material so produced must leave the mixer at a temperature between two hundred and fifty and three hundred and twenty-five degrees Fahrenheit, and must be fine grained and capable of producing a compact pavement. Sand and asphaltic cement and dust must be used in order to secure this result.

9. The mixture prepared as above shall be brought to the work in carts or dump-wagons, and shall not be colder than 250 degrees Fahrenheit or hotter than 325 degrees Fahrenheit when it reaches the work.

10. It shall at once be spread uniformly over the concrete foundation prepared for it, with hot shovels and hot rakes, to such a depth that, after receiving its ultimate compression, the finished asphalt wearing surface shall be two (2) inches in thickness.

The thickness shall be constantly tested by means of gauges.

11. It shall be immediately compressed with hot hand rollers, after which a small amount of hydraulic cement shall be swept over it, and it will then immediately be thoroughly rolled with a roller weighing not less than 150 pounds per inch in width of roller. This rolling shall be continued for not less than five (5) hours for each one thousand square yards of pavement. All places that are inaccessible to the roller must be tamped with hot iron tampers. The resulting pavement must show a close grained even and smooth surface, true to grade and cross-section, and free from all hollows and irregularities. No traffic shall be allowed on the street until the pavement is thoroughly cooled and set. No wearing surface shall be laid in rainy weather, or when the foundation is wet from rain or other cause.

12. The contract price shall be per square yard of finished pavement, and shall include all grading, foundation, and all other work and all expenses, direct or indirect, connected with the proper execution of the work, and of maintaining the same until it shall have been finally accepted by the Street Superintendent.

SECTION III.

That Ordinance No. 1147 of the ordinances of the said City of San Diego, entitled, "An ordinance amending Section 2 of Ordinance No. 1129, of the ordinances of the said City", approved on the 3rd day of June, 1902, be and the same is hereby repealed.

SECTION IV.

That this ordinance shall be in force and take effect thirty days from and after its passage and approval.

SECTION V.

That the City Clerk of the said City of San Diego, be, and he is hereby authorized and directed, immediately after the approval of this ordinance, to publish or cause the same to be published, once in the City official newspaper of said City, to-wit, the San Diego Union and Daily Bee.

The following Message from the Mayor vetoing Ordinance repealing Resolution of Intention to grade Harrison avenue, from "N" to 28th streets, is now taken up and read, viz: I hereby return, without my approval, this ORDINANCE repealing Resolution of Intention to grade Harrison avenue, from "N" street to Twenty-eighth street. The matter of grading this street, with questions connected therewith, has been pending since January 13th, 1905, when a petition for grading the same, signed by a majority of the property owners was

submitted to the Common Council. After an extended delay caused by changing the established grade of this street, and other matters connected therewith, the Common Council finally adopted, September 5th, 1905, a Resolution of Intention to grade Harrison avenue, from the south line of "N" street to the west line of Twenty-eighth street. Harrison avenue, within the limits named, intersects other streets and other lands at several places, so as to create a number of fractional lots. From the papers on file in the City Clerk's office, concerning the grading of this street, it is shown that a majority of the property owners desire this street graded. It also appears that there is a communication on file signed by a large number of owners of property on Harrison avenue protesting against repealing the Resolution of Intention to grade this street, and stating that they had no notice or knowledge that the Street Committee contemplated taking action in this matter, and also, requesting that a hearing be given them before action be finally taken. It would appear to be more to the interest of the owners of fractional lots, on this street, to change from the front-foot assessment plan to the district plan, yet it is clearly shown that a majority of these owners of fractional lots do not desire the grading stopped, or the method changed. It is understood that some owner of one or more fractional lots desires a change in the method of grading, but it is very clear that the owners of a majority of the fractional lots fronting on the street, with a large number of the other owners of property on the street, within the limits named, wish the grading of Harrison avenue to proceed, without any change or further delay. This expressed wish of the property owners considered in connection with the petition of the majority of the property owners that the street be graded, makes it clearly evident that the interests of by far the greatest number will be best served by grading this street on the front-foot assessment plan.

The following Message from the Mayor vetoing Resolution of Intention to oil Sixteenth street, is read and ordered filed, viz:

I hereby return without my approval, this Resolution of Intention to oil Sixteenth street from the north line of "H" street to its intersection with Logan avenue, and Logan avenue from the west line of Sixteenth street to its intersection with Twenty-sixth street, and Twenty-sixth street from the north line of Logan avenue to its intersection with National avenue, and National avenue from the west line of Logan avenue to the east line of Thirty-first street.

This Resolution of Intention would constitute the beginning of a procedure to improve, by oiling, the avenues and streets within the limits named, undertake under and

Act of the Legislature, approved March 20th, 1905, the cost of which improvement it is proposed to assess under the front-foot plan against the owners of the abutting property. This Resolution of Intention in its concluding part, for the special purpose of this said improvement, amends the specifications contained in Ordinance No 1506---"An ordinance prescribing specifications for the oiling of graded streets in the City of San Diego, California," approved by the Mayor of said City on the 16th day of February, 1904, by providing that the said streets shall be sprinkled with decomposed granite, instead of sprinkling the same with "sharp sand", as provided in Section 6, of said ordinance.

The City Engineer informs me that, in his judgment, a simple sprinkling of decomposed granite would not produce for the thoroughfare named a satisfactory or reasonably durable roadway, and recommends that either the general specifications for oiling streets, as described in Ordinance No. 1506, be adhered to, or else the roadway be especially prepared by removing the surface dirt to a depth of four or five inches and replacing the same with a similar amount of decomposed granite, and that it should then be rolled and oiled.

As this improvement is to be done at the expense of the property owners, I think a more thorough investigation of the matter should be had in this respect, prior to the Common Council taking further definite action.

JOHN L. SEHON,

Mayor of the City of San Diego.

San Diego, California, October 12th, 1905.

The following Message from the Mayor vetoing Resolution of Intention to sidewalk and curb Union street from Date to Ivy street, is read and ordered filed, viz:

I hereby return without my approval, this Resolution of Intention to sidewalk and curb Union street, in the City of San Diego, California, from the north line of Date street to the south line of Ivy street.

On Union street between Date street and Ivy street there remains to be done seven hundred and fifty feet of frontage of sidewalking and curbing, not counting the sidewalking and curbing in front of the Middletown School. Of that seven hundred and fifty feet, four hundred feet have been contracted for, all material has been hauled on the ground and the work is now proceeding. Another one hundred feet has been contracted for and is to be done at once, leaving only two hundred and fifty feet not yet contracted for.

It is further represented to me, that it is believed that contracts will also be made by the respective owners for sidewalking and curbing the remaining two hundred and fifty feet of frontage.

Under the circumstances, I consider that the matter of adopting a Resolution of Intention to sidewalk and curb this street, between the limits named, should be held in abeyance until the expiration of the time granted by the Common Council to the Board of Education for sidewalking and curbing that part of the street in front of the Middletown School, when, if any part of Union street between the limits named, then remains not sidewalked and curbed a Resolution of Intention covering the uncompleted part should be adopted.

Mayor of the City of San Diego, California.

The following Message from the Mayor vetoing Concurrent Resolution determining to grant a street railway franchise on Adams street, is read and ordered filed, viz:

I hereby return, without my approval, this Concurrent Resolution, adopted October 2nd, 1905, determining to grant a street railway franchise in Adams street.

Condition II of this said Concurrent Resolution provides that the track shall have a space between it and the sidewalks not exceeding six feet four inches. There is evidently some mistake in the wording of this paragraph, as it would be impossible to lay a track according to the other requirements of said resolution, and at the same time have it six feet four inches from the sidewalk on each side of the street. Again, in Condition VI it is provided that the laying of sidewalks shall conform with the grades etc. This probably is, also, an error in drafting the resolution, for it does not appear how the laying of sidewalks will be involved in the exercise of the franchise to be granted.

I do not find any specifications or condition relative to the laying of side-tracks nor any restriction with respect to the operation of cars upon the road. It is customary to provide for these things in franchises granted by the City, and I believe the interests of the City cannot properly be protected without doing so.

The initial point of the route is, also, incorrectly stated, by referring to the same as the east line of University Boulevard, whereas, it should read the east line of Park Boulevard.

Mayor of the City of San Diego.

Said Resolution as adopted is as follows, viz:

CONCURRENT RESOLUTION No. \_\_\_\_\_

WHEREAS, George M. Hawley and D.C. Collier, Jr., applicants for a franchise to construct, operate and maintain, for the period of twenty-five years, a street railway track along and upon Adams avenue in the City of San Diego, from the center line of Park Boulevard east on Adams avenue to the eastern boundary line of the City of San Diego, did on the 18th day of September, 1905, file with the Common Council of said City, an application for said street railway franchise, which application is now on file in the office of the City Clerk of the said City of San Diego, and

WHEREAS, the said Common Council is desirous of granting said franchise, with certain changes and additions thereto, and of offering to grant the same to the person, company or corporation, who will pay the highest sum for said franchise,

NOW THEREFORE BE IT RESOLVED By the Common Council of the City of San Diego, as follows:

That the Common Council of the City of San Diego, California, hereby determines that a franchise shall be granted, which said franchise is as follows:

A franchise to construct and maintain and operate for the period of twenty-five years, a street railway track, along and upon the following route and streets in the City of San Diego, California, to-wit:

Along and upon Adams avenue in the City of San Diego, commencing at the center line of Park Boulevard in University Heights in the City of San Diego, California, thence running east following the center of said Adams avenue to the eastern boundary line of the City of San Diego, upon the following conditions and limitations

I.

That the cars upon said street railway shall be propelled by electricity used through the overhead system or by electric storage batteries, or by electro-gasoline motors, or by gasoline or other vapor motors, but if at any time said railway cannot be operated by electricity or electric gasoline or other vapor motors owing to accident to the machinery or appurtenances, horses or mules may be used to propel cars thereon during the time necessary to repair such machinery or appurtenances.

II.

That the track shall be four feet eight and one-half inches within the rails, and shall have a space between it and the sidetracks, turnouts and switches not exceeding six feet four inches, being sufficient to allow the cars to pass each other freely, and shall have proper curves where said route passes from one street to another. It shall obstruct public travel thereon as little as possible, and the same shall be placed under the direction of the City Engineer.

III.

That work on the construction of said railway shall be commenced within six months after the granting of the franchise therefor, and completed within two years from the commencement of said work.

IV.

That the rails used in the construction of said road shall not be less than forty pounds to the yard.

V.

That the grantee shall have the right to lay either single or double tracks, as the condition of their business may warrant; but the laying of a single track shall be deemed a compliance with the conditions of this franchise, and shall in no wise impair the right of said grantees to subsequently lay a second track paralleling the first track.

VI.

That the right to grade, sewer, pave, and macadamize, or otherwise improve, or alter, or repair the said streets shall be reserved to the City of San Diego; such work to be done so as to obstruct the said railway as little as possible. The grantee or its assigns shall shift and reshift the rails so as to avoid the obstruction created thereby.

VII.

That the laying of said tracks, and all sidetracks, turnouts and switches or curves shall conform in all cases with the grades of said streets which have been graded, and in all other cases as near to the natural grade of said streets as practicable. And

when at any time any part of said route shall be graded, or the grade thereof altered or changed by the said Common Council, the bed of the road and the track thereon shall be made to conform therewith by the grantee or its assigns.

VIII.

The grantees of this franchise, or their assigns shall maintain at least a tri-daily service upon said street railway and along the whole length thereof, when said street railway is completed and in operation, and in case the grantees of this franchise, or their assigns, shall fail for a period of five consecutive days to maintain a tri-daily service over and along the full length of their franchise or shall cease to operate said road for ten days consecutively, except in case said failure to maintain a tri-daily service or to operate said road as aforesaid is the result of unavoidable accident, strikes, or other matters not within the control of the said grantees, or their successors or assigns, this franchise shall be, and is declared to be forfeited, and the said grantees, their successors or assigns, shall remove the tracks of said railway and put the portion of said streets covered by this franchise in as good condition as the balance of the streets are at the time this franchise is forfeited.

IX.

That the failure to comply with any of the conditions of the franchise shall work a forfeiture of the rights and privileges granted thereby.

X.

That the right to repeal, amend or modify the ordinance granting the said franchise shall be reserved to the said Common Council.

XI.

That each bidder for said franchise shall accompany his bid with a check for the sum of Five Hundred Dollars, certified by some responsible Bank in said City, payable to the said City, as security and a guaranty on the part of said bidder that such bidder will comply with the term of said franchise, fixing the time for the commencement and the time for the completion of said street railroad, and that the same will be constructed in all particulars as in said franchise contained.

That this Concurrent Resolution shall take effect and be in force from and after its passage and approval.

That the City Clerk of the said City of San Diego be and he is hereby authorized and directed immediately after the approval of this Concurrent Resolution to publish or cause the same to be published once in the City official newspaper of said City, to-wit: "The San Diego Union and Daily Bee".

Said Resolution as adopted is as follows, viz:

CONCURRENT RESOLUTION No. \_\_\_\_\_

WHEREAS, Barbee S. Hook, an applicant for a franchise to construct, maintain and operate for a period of twenty-five years, a street railway track or tracks along and upon certain property and streets in the City of San Diego, California, did on the 18th day of September, 1905, file with the Common Council of said City and application for said street railway franchise, which application described said franchise and is now on file in the office of the City Clerk of said City of San Diego;

WHEREAS, the said Common Council is desirous of granting said franchise with certain changes and additions thereto, and are offering to grant the same to the person, company, or corporation who will pay the highest sum for such franchise, now, therefore,

BE IT RESOLVED, by the Common Council of the City of San Diego as follows: That the Common Council of the City of San Diego, California, hereby determines that said franchise shall be granted, which franchise is as follows:

A franchise to construct, maintain and operate for a period of twenty-five years a street railway track, or tracks, and upon the following described property and streets in the City of San Diego, County of San Diego, State of California.

Commencing at a point on Twenty-fifth street at the intersection of Twenty-fifth and D streets; thence north on said twenty-fifth street to B street; thence at right angles east on B street to Thirtieth street in E.W. Morse's Addition to said City; thence north at right angles on Thirtieth street to "A" street; thence at right angles west on "A"

street to Thirtieth street; thence at right angles north on Thirtieth street to Williams street; thence at right angles East on Williams street to Despard street; thence at right angles north on Despard street to Tufts street, in North Park Addition to said city; thence at right angles east and across the northeast quarter of Pueblo Lot No. 1138 (commonly known as Choate's undivided forty (40) acres), to Thirty-third and Tufts streets; thence north to the south line of Pueblo Lot No. 1350; thence across said Pueblo Lot No. 1350 in a northeasterly direction to the City Limits, with the necessary switches and turnouts, and upon the following conditions and limitations, viz:

MOTIVE POWER: The cars upon said railway shall be propelled by electricity used through the overhead system, or by electric storage batteries, or by gasoline or other vapor motors, or in case of an unavoidable casualty, by horse or mule power, only until in the exercise of due diligence the other power above mentioned can be restored.

CONDITION OF STREETS: After the laying of said track, the grantee, or his assigns shall plank, pave, or macadamize, as the Common Council may direct, the entire length of that portion of said streets used by said railway tracks, between the rails and for two feet on each side thereof, and between the tracks, and keep the same constantly in repair, flush with the street and with good crossings.

TRACK SPECIFICATIONS: The track shall be four (4) feet eight and one-half (8-1/2) inches within the rails, and shall have a space between it and side tracks, turnouts and switches, of not less than five (5) feet, three (3) inches, being sufficient to allow the cars to pass each other freely.

SINGLE OR DOUBLE TRACK: The grantee shall have the right to lay either single or double tracks, as the conditions of his business may warrant, but the laying of a single track shall be deemed a compliance with this condition of the franchise, and shall in no wise impair the right of the said grantee to subsequently lay a second track paralleling the first track.

RAIL SPECIFICATIONS: Good and substantial rails shall be used in the construction of said track; such rails to weigh not less than sixty (60) pounds to the yard.

CITY'S RIGHT OF ACCESS TO STREETS: The right to grade, sewer, pave, macadamize or otherwise improve or alter or repair the said streets shall be reserved to the City of San Diego; such work to be done so as to obstruct the said railway as little as possible; the Grantee or his assigns shall shift and reshift the rails so as to avoid the obstruction created thereby.

TRACKS ON STREET GRADES: The laying of said tracks and all side tracks, turnouts, switches, or curves, shall conform in all cases with the grade of said streets where the same have been graded, and in all other cases as near to the natural grade as practicable. And when at any time any part of said route shall be graded or the grade thereof altered or changed by the Common Council, the bed of the road and the tracks thereof shall be made to conform therewith by the Grantee or his assigns. The tracks shall be so constructed and laid that each of them shall be, when practicable, of equal distance from the curb line of said streets, or as nearly so as the condition or width of the streets will warrant.

LOCATION OF SWITCHES: No switch shall be constructed or maintained within fifty (50) feet of any cross street, and the location of such switches and all turnouts shall be

changed at the expense of the Grantee or his assigns, whenever so ordered by the said Common Council.

CITY ENGINEER'S SERVICES: Said road shall be constructed under the direction of and supervision of the City Engineer of said City, who shall, under the directions of the said Common Council, give the established grades of the streets along the line of construction of said street railway, and set stakes indicating the said grade. He shall see that the said railway is constructed and maintained in conformity to the terms and requirements of the franchise, and for his services as herein required, he shall receive such fees as are provided therefor, and the same shall be paid by the grantee or his assigns.

TIME ALLOWANCE: The Grantee of said franchise, his, or its successors and assigns, is to be and is hereby allowed four (4) months after the granting of the franchise therefor, in which to commence the work of constructing said Street Railway. The said Street Railway must be completed and in operation within six (6) months after the construction of the same is begun, and the work of constructing said street railway must be prosecuted diligently from the date after the construction of the same is commenced.

OPERATION: On the expiration of the time within which said road is to be completed, as above specified, the Grantee of this franchise, his or its successors or assigns, shall place passenger cars upon the said road capable of seating comfortably at least twenty adult passengers, and cars of such description shall be dispatched and run on and over said road, from terminus to terminus, at least three times daily.

In case the Grantee of this franchise, his or its successors or assigns, ceases to operate such road, in the manner above specified, for five days consecutively, except in case of unavoidable accident, strikes, or other matters not within the control of said Grantee, his or its successors or assigns, this franchise shall be, and is declared to be forfeited, and the said Grantee, his or its successors or assigns, shall remove the tracks of said railway and put the portion of such streets covered by said franchise in as good condition as the balance of the street is at the time said franchise is forfeited.

FORFEITURE: A failure to comply with any of the conditions of said franchise, shall work a forfeiture of the rights and privileges granted thereby.

RIGHT TO REPEAL: The right to repeal, amend or modify the ordinance granting this franchise, shall be, and is hereby reserved to the said Common Council.

BOND: The Grantee shall execute and deliver to the City of San Diego a bond in the sum of Ten Thousand Dollars (\$10,000.00) to be approved by the Mayor of said City binding the said Grantee as follows:

That material for the said street railway shall be on the ground and the work commenced on said street railway within four (4) months after the granting of said franchise, and the said street railway shall be completed and in operation within six (6) months after the construction of the same has begun.

That this Concurrent Resolution shall take effect and be in force from and after its passage and approval.

That the City Clerk of the said City of San Diego be, and he is hereby authorized and directed immediately after the approval of this Concurrent Resolution, to publish or cause the same to be published once in the City official newspaper of said City, to-wit: in the "SAN DIEGO UNION AND DAILY BEE".

CONCURRENT RESOLUTION No. \_\_\_\_\_

WHEREAS, E. BARTLETT WEBSTER, an applicant for a franchise to construct, operate and maintain, for a period of twenty-five years a street railway track along and upon certain streets in the City of San Diego, California, did, on the 18th day of September, 1905, file with the Common Council of said City and application for said street railway franchise, being document No. 10927 which application described said franchise and is now on file in the office of the City Clerk of the said City of San Diego; and

WHEREAS, the said Common Council is desirous of granting said franchise with certain changes and additions thereto, along, upon and over the route hereinafter set forth, and of offering to grant the same to the person, company or corporation, who will pay the highest sum for said franchise:

NOW, THEREFORE, BE IT RESOLVED, by the Common Council of the City of San Diego, as follows:

That the Common Council of the City of San Diego, California, hereby determines that said franchise shall be granted which franchise is as follows:

A franchise to construct, maintain and operate for a period of twenty-five years a street railway track along and upon the following named streets in the City of San Diego, California, to-wit:

On and along "B" street from the center line of twenty-eighth street to the center line of thirtieth street; on and along thirtieth street from the center line of "B" street to the center line of "G" street with the necessary switches and turnouts upon the following conditions and limitations, namely:

-I-

That the cars upon said railway shall be propelled by electricity used through the overhead system or by electric storage batteries, or by gasoline, or other vapor motors, or in case of accident or unavoidable delay in procuring equipment or by horse or mule power.

-II-

That after the laying of said track, the grantee, or his assigns, shall plank, pave or macadamize, as the said common council may direct, the entire length of that portion of said streets used by said railway tracks between the rails and for two feet on each side thereof, and between the tracks, and keep the same constantly in repair, flush with the street and with good crossings.

-III-

That the tracks shall be four feet eight and one-half inches within the rails and shall have a space between it and sidetracks, turnouts and switches of not less than five

feet three inches, being sufficient to allow the cars to pass each other freely.

-IV-

That the grantee or his assigns shall have the right to lay either single or double tracks as the conditions of business may warrant; but the laying of a single track shall be deemed a compliance with the conditions of this franchise, and shall in no wise impair the right of said grantee or his assigns to subsequently lay, a second track paralleling the first track.

-V-

That good and substantial rails shall be used in the construction of said track, such rails to weigh not less than sixty pounds to the yard.

-VI-

That the right to grade, sewer, pave and macadamize or otherwise improve or alter or repair the said streets shall be reserved to the said city of San Diego, such work to be done so as to obstruct the said railway as little as possible. The grantee or his assigns shall shift and re-shift the rails so as to avoid the obstruction created thereby.

-VII-

That at least a twenty minute service shall be given upon said road on said track during the hours that the San Diego Electric Railway Company operates its present road in the said City.

-VIII-

That the successful bidder of said franchise shall, in operating said proposed street railway issue passenger transfers for continuous passage to all other lines of street railways owned or operated by said successful bidder in the City of San Diego, California, and shall also issue similar transfers from such other lines owned or operated as aforesaid to the line to be constructed under this franchise.

-IX-

Said Resolution as adopted is as follows, viz:

CONCURRENT RESOLUTION No. \_\_\_\_\_

WHEREAS, E. BARTLETT WEBSTER, an applicant for a franchise to construct, operate, and maintain, for a period of twenty-five years a street railway track along and upon certain streets in the City of San Diego, California, did, on the 16th day of September, 1905, file with the Common Council of said City an application for said street railway franchise, being document No. 10917 which application described said franchise and is now on file in the office of the City Clerk of the said City of San Diego; and

WHEREAS, the said Common Council is desirous of granting said franchise with certain changes and additions thereto, along, upon and over the route hereinafter set forth, and of offering to grant the same to the person, company or corporation, who will pay the highest sum for said franchise.

NOW, THEREFORE, BE IT RESOLVED, by the Common Council of the City of San Diego, as follows:

That the Common Council of the City of San Diego, California, hereby determines that said franchise shall be granted which franchise is as follows:

A franchise to construct, maintain and operate, for a period of twenty-five years, a street railway track on and along thirtieth street in the City of San Diego, California, from the center line of Dartmouth street to the center line of Vassar street, formerly known and designated as Biddle avenue, with the necessary switches and turnouts, upon the following conditions and limitations, namely:

-I-

That the cars upon said railway shall be propelled by electricity used through the over-head system or by electric storage batteries, or by gasoline, or other vapor motors, or in case of accident or unavoidable delay in procuring equipment by horse or mule power.

-II-

That after the laying of said track, the grantee, or his assigns, shall plank, pave or macadamize, as the said common council may direct, the entire length of that portion of said streets used by said railway tracks between the rails and for two feet on each side thereof, and between the tracks, and keep the same constantly in repair, flush with the street and with good crossings.

-III-

That the tracks shall be four feet eight and one-half inches within the rails and shall have a space between it and sidetracks, turnouts and switches of not less than five feet three inches, being sufficient to allow the cars to pass each other freely.

-IV-

That the grantee or his assigns shall have the right to lay either single or double tracks as the conditions of business may warrant; but the laying of a single track shall be deemed a compliance with the conditions of this franchise, and shall in no wise impair

the right of said grantee or his assigns to subsequently lay a second track paralleling the first track.

-V-

That good and substantial rails shall be used in the construction of said track, such rails to weigh not less than sixty pounds to the yard.

-VI-

That the right to grade, sewer, pave, macadmize, or otherwise improve or alter or repair the said streets shall be reserved to the said City of San Diego, such work to be done so as to obstruct the said railway as little as possible. The grantee or his assigns shall shift and re-shift the rails so as to avoid the obstruction created thereby.

-VII-

That at least a twenty minute service shall be given upon said road on said track during the hours that the San Diego Electric Railway Company operates its present road in the said City.

-VIII-

That the successful bidder for said franchise shall, in operating said proposed street railway issue passenger transfers for continuous passage to all other lines of street railways owned or operated by said successful bidder in the City of San Diego, California, and shall also issue similar transfers from such other lines owned or operated as aforesaid to the line to be constructed under this franchise.

-IX-

That the laying of said track and all side-tracks, turnouts, switches or curves shall conform in all cases with the grade of said streets, where the same have been graded, and in all other cases as near to the natural grade as practicable; and when at any time any part of such route shall be graded, or the grade thereof altered or changed by the said common council, the bed of the road and the tracks thereof shall be made to conform therewith by the grantee or his assigns.

-X-

That the tracks shall be so constructed and laid that each of them shall be, when practicable, of equal distance from the curb line of said street, or as nearly so as the condition or the width of the street will warrant, except that when the streets are not of equal width, the tracks shall be so laid and constructed that the same shall be of equal distance from the curb line of the narrow street and shall continue thereon on a straight line to the wide street so that, as far as practicable, the tracks shall be on a straight line.

-XI-

That no switch shall be constructed or maintained within fifty feet of any cross street, and the location of such switches and all turnouts shall be changed at the expense of the grantee, or his assigns, whenever so ordered by said common council.

-XII-

That the city engineer shall, under the direction of said common council, give the established grades of the streets along the line of construction of said street railway and set stakes indicating the said grade. He shall see that the said railway is constructed and maintained in conformity to the terms and requirements of this franchise, and

for his services as herein required, he shall receive such fees as are provided therefor, and the same shall be paid by the said grantee or his assigns.

-XIII-

That the grantee of this franchise, his successor or assigns, is hereby allowed nine months after the granting of this franchise within which to commence the work of the construction of said street railway, and the said street railway must be completed within one month after the construction of the same is begun, and the work of constructing said street railway must be prosecuted diligently from the date when the construction of the same is commenced until completed.

-XIV-

In case the grantee of this franchise, or his assigns, cease to operate said road for ten days consecutively, except in case of unavoidable accident, strikes, or other matters not within the control of the said grantee, or his assigns, this franchise shall be, and is declared to be forfeited, and the said grantee, his successors or assigns, shall remove the tracks of said railway and put the portion of said streets covered by this franchise in as good condition as the balance of the streets are at the time this franchise is forfeited.

-XV-

That a failure to comply with any of the conditions or limitations of this franchise shall work a forfeiture of the rights and privileges granted thereby.

-XVI-

That the right to repeal, amend or modify the ordinance granting this franchise shall be and is hereby reserved to the said common council.

-XVIII-

That the successful bidder for this franchise shall give a bond to the said City of San Diego in the penal sum of two thousand dollars, conditioned that materials shall be on the ground and work commenced on said street railway within the time provided in this franchise for the commencement of said work; and also conditioned that said work shall be completed within the time provided in this franchise for the completion of said work.

That no bid shall be accepted for said franchise unless it is sufficient in amount to pay the costs of advertising said franchise and of all incidental expenses.

That this Concurrent Resolution shall take effect and be in force from and after its passage and approval.

That the City Clerk of the said City of San Diego be and he is hereby authorized and directed, immediately after the approval of this Concurrent Resolution, to publish or cause the same to be published once in the City official newspaper of said City, to-wit, The San Diego Union and Daily Bee.

RESOLUTION OF INTENTION No. \_\_\_\_\_

To grade Campus avenue, in the City of San Diego, California, from the west line of Park Boulevard to the south line of Adams avenue.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said City, to-wit:

That Campus avenue in the City of San Diego, California, including the sidewalks thereof from the west line of Park Boulevard to the south line of Adams avenue, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Campus avenue and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon.); also excepting the intersections of said Campus avenue with cross streets which have already been graded to the official grade thereof, be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061 of the ordinances of the said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Street in the City of San Diego, California," approved on the 6th day of June, 1905.

The number of cubic yards of excavation in excess of the number of cubic yards of embankment which will result from the grading of said street to the official grade shall be taken by the Contractor or Contractors who shall enter into a contract with the City of San Diego to grade said street, and removed from said street.

That the San Diego Union and Daily Bee a daily newspaper published and circulated and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Said ordinance as adopted, is as follows, viz:

ORDINANCE No. 2203

An ordinance ratifying and confirming the granting of a wharf franchise by the Board of State Harbor Commissioners for the Bay of San Diego, to The San Diego Lumber Company.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That the following grant of a wharf franchise to the San Diego Lumber Company, by the Board of State Harbor Commissioners for the Bay of San Diego, to-wit:

THIS INDENTURE, made between the Board of State Harbor Commissioners for the Bay of San Diego, California, party of the first part, and the San Diego Lumber Company, a corporation duly organized and existing under the laws of the State of California, party of the second part, WITNESSETH:

WHEREAS, on August first, 1905, the party of the first part adopted the following minutes, which are spread upon its records:

"MINUTES OF THE BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO, CALIFORNIA, AUGUST 1st, 1905.

The Board met pursuant to adjournment, and to the call duly and regularly made, at the Board's office at the corner of Fifth and "D" streets, San Diego, California, there being present all the members of the Board, this first day of August, 1905.

Charles W. Oesting, President, called the Board to order.

Thereupon, proof was made to the satisfaction of said Board that notice of the hearing of the application of the San Diego Lumber Company, for the right to construct, erect, extend and to maintain and continue the maintenance of a wharf and pier in the Bay of San Diego, was given by said Commissioners, by publication in at least two daily newspapers published in the city of San Diego three times in the week of seven days preceding the time appointed for the hearing of said application, which has heretofore been set by the Board for this time, at the Company's office, and the Board finds that said application was made in accordance with law.

The Board further finds and declares that the San Diego Lumber Company made and filed with this Board an application to said Commissioners in writing, signed by the applicant, setting forth a map, plat or plan of said wharf showing the location thereof, and of the lands and waters bordering thereon or near the same, and the names of the owners, occupants or claimants of such lands and water, or of the use thereof. Said map, plat or plan also showed the dimensions, form and construction of said wharf, and the distance into and along said waters the same should extend, and also showed the uses and purposes to and for which the said structure is to be applied, and the convenience and necessity, public or private, of or for the same. Upon the presentation and filing of said application, the

Commissioners appointed said time and place for hearing the same, which was at least ten days, and not more than twenty days, from its presentation aforesaid.

Upon motion duly made and seconded, the Board grants the said application of said San Diego Lumber Company for the maintenance of said wharf as follows:

Beginning at a point of the intersection of the east line of Sixth street with the line of mean high water, as shown on the map of Horton's Addition to San Diego, by Lockling, filed in Book of Deeds No. 13 at page 522, when the north west corner of block No. 145 of said Horton's Addition, bears N. 1°09' W. 165 feet.

Thence along the east line of Sixth street projected S. 1°09' E. 135.10 feet to center line of the California Southern Railroad.

Thence S. 46°45' W. 830 feet.

Thence N. 43°15' W. 80 feet.

Thence N. 46°45' E. 794.5 feet, to intersection with the west line of aforementioned Sixth street projected southerly.

Thence along the west line of said Sixth street N. 1°09' W. 164.48 feet to the intersection with the aforesaid line of mean high water, and distant 100 feet from the northeast corner of Block No. 144 of said Horton's Addition.

Thence along the mean course of said line of mean high water S. 52°03' E. 103.06 feet to the point of beginning.

Excepting therefrom all conflict with the right of way of the California Southern Railroad.

The said applicant shall have, and is hereby granted the right of way and all necessary use for the purpose of said wharf over all overflowed, submerged or tide lands in the location above described, and a convenient space about the same, belonging to the state of California, together with the right to have unincumbered and unobstructed the land and the water on each side of said wharf for convenience of landing, loading and unloading barges, but for no other purpose.

That the uses and purposes to and for which said structure is to be applied, and the convenience and necessity of and for the same, are to load and unload ships, lighters and shipping crafts, and especially lumber for said San Diego Lumber Company.

And the right is hereby granted to the said San Diego Lumber Company to have their boats, ships, lighters and shipping crafts pass over the waters of the Bay of San Diego, between the wharf and the channel and the pier head line for a space of eighty (80) feet wide, at all times during the existence of said grant, and to anchor in the said water at any time, and that no other boats, ships, lighters, barges or shipping crafts shall moor or anchor in the said space of eighty (80) feet, between the end of said wharf and said pier head line. PROVIDED that this privilege is made subject to the provisions of an act of the legislature of the state of California, entitled "AN ACT to amend section 2606 of the Political Code of the State of California, relating to the Establishment of a Board of State Harbor Commissioners for the Bay of San Diego", approved February 28th, 1903, as amended by the act of the legislature of the state of California in 1905.

PROVIDED FURTHER that said franchise, privilege and right to maintain said wharf, and the right to use the waters of said Bay in connection therewith, shall be subject to the right to grant rights of way for railroad purposes through, upon and over the said wharf,

and waters used in connection therewith being expressly reserved.

PROVIDED FURTHER that this franchise and privilege is granted for the term of twenty years from this date, or until the first day of August, 1925, at which time the said privilege and franchise hereby granted shall terminate.

PROVIDED FURTHER, that the said Commissioners hereby fix the time for the commencement of work upon the new structure or proposed addition to the wharf as now constructed, and as shown and delineated upon said map or plat as aforesaid, to be on or before August 1st, 1906, and the time for the completion thereof to be within four years from August 1st, 1905.

PROVIDED FURTHER, that nothing contained in this franchise shall be construed as permitting the maintenance of said wharf in such a manner or in such location as to prevent or interfere with the erection and maintenance of a sea wall in accordance with the plans heretofore adopted by said Commissioners.

PROVIDED FURTHER, that if at any time the said Board of State Harbor Commissioners for the Bay of San Diego shall desire to terminate any franchise and purchase any wharf, pier, marine way, dry dock or ship yard erected in pursuance thereof, and the purchase price thereof cannot be agreed upon, then the owner of said franchise shall select two disinterested persons, and the said Commissioners two disinterested persons, who shall ascertain and fix the value thereof, and if three of the said four persons cannot agree, then they shall appoint a fifth competent and disinterested person, and any three of said five persons may fix the value thereof;

PROVIDED HOWEVER, that in fixing such value the franchise or privilege shall not be considered as of any value; and upon the payment or tender thereof by the Commissioners, they shall be entitled to the possession thereof, and title thereto shall vest in the state of California.

PROVIDED FURTHER, That by its acceptance of this grant the said San Diego Lumber Company, grantee herein, assents and agrees to all the conditions and provisions herein contained, and agrees for itself, its successors and assigns, to pay to said Board of State Harbor Commissioners, as rental for that portion of said Bay of San Diego upon and over which said wharf is and shall be erected and maintained, the sum of \$120.00 per annum in gold coin of the United States, payable in installments of \$10. each in advance, on the first day of each and every month during the said term of twenty years, and commencing on the 1st day of August, 1905.

And the President and Secretary are hereby directed to issue a grant of franchise in accordance herewith;

NOW THIS INDENTURE WITNESSETH, that the party of the first part, by virtue of the aforesaid proceedings, and in pursuance of the same, and the statute in such case made and provided, and for and in consideration of the terms and provisions thereof, and the money to be paid by the party of the second part, hath granted, conveyed and confirmed, and by these presents doth grant, convey and confirm unto the said party of the second part, and to its assigns, the said franchise as set forth in said proceedings.

IN WITNESS WHEREOF the said Board of State Harbor Commissioners for the Bay of San Diego, state of California, has caused this instrument to be executed for and on its behalf, by its President, and attested by its Secretary, and caused its seal to be hereunto affixed, at its office in said City of San Diego, County of San Diego, State of California,

this 7th day of August, A.D., 1905.

BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO, CALIFORNIA.

By C.W. Oesting, President. ATTEST Eugene DeBurn, Secretary.

Be and the same is hereby ratified and confirmed by the City of San Diego, and said franchise is hereby granted to said San Diego Lumber Company.

Provided that the work in the construction of said wharf shall commence within six months from the date this ordinance goes into effect, and shall be prosecuted continuously and shall be completed within one year after this ordinance goes into effect. Said time shall not be extended for any cause, and unless the work is completed within the time above limited this franchise shall be forfeited.

AND PROVIDED FURTHER, that the Common Council of the City of San Diego reserves the right to itself to repeal, amend, or modify this ordinance at any time hereafter.

Section 2. This ordinance shall take effect and be in force from and after thirty days from its passage and approval, and publication in the San Diego Union and Daily Bee, as required by law.

An ordinance confirming the granting of a wharf franchise by the Board of State Harbor Commissioners, to William Jorres and G.W. Said Ordinance as adopted is as follows, viz: ORDINANCE No. 1207

An ordinance ratifying and confirming the granting of a wharf franchise by the Board of State Harbor Commissioners for the Bay of San Diego, to William Jorres and G.W. Jorres, under the firm name and style of Jorres & Son.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That the following grant of a wharf franchise to William Jorres and G.W. Jorres, by the Board of State Harbor Commissioners for the Bay of San Diego, to-wit:

GRANT OF WHARF FRANCHISE TO JORRES AND SON. WHEREAS, William Jorres and G.W. Jorres, under the firm name and style of Jorres & Son have heretofore filed with the Board of State Harbor Commissioners, for the Bay of San Diego, their application in writing, duly signed and in all respects complying with the requirements on that behalf of Section 2606 of the Political Code of the State of California for a franchise, authorizing it to maintain a wharf in the Bay of San Diego, at the place and of the dimensions hereinafter set forth; and

WHEREAS, a time and place was duly appointed for the hearing of said petition, and notice thereof duly given in all respects as specified and provided for in and by said

Section 2606; and

WHEREAS, such hearing was duly had and said application taken under advisement by said Board; and

WHEREAS, after due deliberation said Board has found and determined that the granting of said application will be promotive of the interest of the public and the commerce of the Port of San Diego.

NOW THEREFORE it is ordered that said William Jorres and G.W. Jorres, constituting the firm of Jorres & Son, their heirs, administrators, executors and assigns be, and they are hereby granted the right to maintain for the period of twenty years next ensuing from and after the 1st day of August, 1905, a wharf as already constructed in the Bay of San Diego, in the County of San Diego, State of California at the place and of the dimensions following, to-wit:

Commencing at a point where the north line of "F" street intersects the line of ordinary high tide and running thence south 88 degrees west, 1120 feet; thence south 74 degrees west, 945 feet; thence north 52 degrees west, 512 feet; thence south 38 degrees west, 80 feet; thence south 52 degrees east, 500 feet; thence north 74 degrees east, 1116 feet; thence north 88 degrees beginning.

For the uses and purposes of conveniently transacting and carrying on a commercial and shipping business, and for the loading and unloading to and from water-craft, of merchandise, freight and passengers, together with the right at all times when required for the convenient transaction of their business to control the water in front of said wharf to the edge of the channel, and the unobstructed use of the waters on each side of said wharf for 150 feet, for the aforesaid purposes. And to charge and collect tolls, dockage and fees for the use of the same, PROVIDED, HOWEVER, that this franchise is granted and accepted upon the following express conditions, to-wit:

1st. That the said grantees, their heirs, administrators and assigns shall pay to said Board of State Harbor Commissioners, as rental for that portion of said Bay of San Diego, upon and over which said wharf is, and shall be maintained, the sum of \$84.00 per annum, in gold coin of the United States, payable in installments of \$7.00 each, in advance on the first day of each and every month, during the life of this franchise and commencing on the 1st day of August, 1905.

2nd. That if at any time said commissioners shall desire to terminate this franchise and to purchase said wharf, and the purchase price thereof cannot be agreed upon, then the owner of said franchise shall select two disinterested persons, and said commissioners two disinterested persons, who shall ascertain and fix the value of said wharf, and if three of said four persons cannot agree, then they shall appoint a fifth competent and disinterested person, and any three of said five persons may fix the value of said wharf; PROVIDED, HOWEVER, that in fixing such value the franchise or privilege shall not be considered as of any value; and upon the payment or tender thereof by the commissioners, they will be entitled to the possession of said wharf and the title thereto shall vest in the State of California.

3rd. That nothing contained in this franchise shall be construed as permitting the maintenance of said wharf in such manner or in such places as to prevent or interfere with the erection and maintenance of a seawall in accordance with the plans heretofore adopted

82  
by said commissioners.

4th. That nothing contained in this franchise shall be construed as in anywise limiting the power of said Board of Harbor Commissioners to hereafter grant franchises to any persons or corporations authorizing such persons or corporations to construct, maintain and operate any railroad or railroads across the line of this franchise and across said wharf, between the lines of high water mark and the bulk head line as laid down and delineated on the official map filed in the office of said board entitled "Plans of Improvement for San Diego Bay" and adopted by the said Board of Harbor Commissioners on January 14th, 1899, provided that such persons or corporations shall bear all the expense of making such crossing or crossings and their equitable share of the cost of maintaining the same.

5th. By their acceptance of this grant the said grantees herein assent and agree to all the conditions and provisions herein contained.

In witness whereof said Board of State Harbor Commissioners has caused this instrument to be executed for and on <sup>its</sup> behalf by its President and attested by its Secretary and caused its seal to be hereto affixed, at the office of said Board in the City of San Diego, in the County of San Diego, State of California, this 1st, day of August, A.D. 1905.

BOARD OF STATE HARBOR COMMISSIONERS FOR THE  
BAY OF SAN DIEGO.

By C.W. Oesting, President.

Said ordinance as adopted is as follows, viz:

O R D I N A N C E . No. \_\_\_\_\_

An ordinance approving, ratifying, and confirming, the certain grant heretofore made by the Board of State Harbor Commissioners for the Bay of San Diego, to Russ Lumber and Milling Company, to construct and maintain a wharf over certain tide lands of the Bay of San Diego for the period of twenty (20) years.

GRANT OF WHARF FRANCHISE TO  
RUSS LUMBER AND MILL COMPANY.

WHEREAS, The Russ Lumber and Mill Company, a corporation, duly organized and existing under the laws of the State of California, has heretofore filed with the Board of State Harbor Commissioners for the Bay of San Diego, its application in writing, duly signed and in all respects complying with the requirements on that behalf of Section 2606 of the Political Code of the State of California, for a franchise authorizing it to construct, erect, extend and maintain and to continue the maintenance of its wharf now existing on the tide lands and in the waters of the Bay of San Diego at the place and of the dimensions hereinafter set forth; and

WHEREAS, a time and place was duly appointed for the hearing of said application and notice thereof duly given in all respects as specified and provided for in and by said Section 2606; and

WHEREAS, said hearing was duly had and said application taken under advisement by said Board; and

WHEREAS, after due deliberation, said Board has found and determined that the granting of said application will be promotive of the interests of the public and the commerce of the Port of San Diego; and

WHEREAS, said application as made, and all of the proceedings had and taken, are and have been in full compliance with the law.

NOW THEREFORE, it is ordered that said Russ Lumber and Mill Company, its successors and assigns, be and are hereby granted a Franchise giving it authority and right to construct, erect, extend and maintain, and to continue the maintenance of its wharf now existing on the tide lands and in the waters of the Bay of San Diego, in the County of San Diego, State of California, at the place and of the dimensions and upon the conditions hereinafter set forth, to-wit:

From a point at the intersection of the east side line of First street with line of mean high water as shown on the map of Horton's Addition to San Diego, Cal., filed in Book of Deeds No. 13 at page 522, in the office of the Recorder of San Diego County, Cal., said point being S. 1 Deg. 05' E. 60 feet from the N.W. corner of Block No. 118 of said Horton's Addition; thence along the course of First street produced south 1 Deg. 05' E. at 74.73 feet intersect center line of California Southern Railway, 194.73 feet to point on the S.W. boundary of the right of way of said railway, the point of beginning.

thence S. 32 Deg. 24' W. 200 feet;

thence N. 57 Deg. 36' W. 140 feet;

thence S. 26 Deg. 15' W. 250 feet;

thence N. 57 Deg. 36' W. 170 feet;

thence N. 26 Deg. 15' E. 250 feet;

thence N. 57 Deg. 36' W. 190 feet;

thence N. 32 Deg. 24' E. 80 feet;

thence N. 57 Deg. 36' W. 250 feet;

thence N. 32 Deg. 24' E. 60 feet;

thence S. 57 Deg. 36' E. 250 feet;

thence N. 32 Deg. 24' E. 40 feet;

thence N. 57 Deg. 36' W. 267.8 feet;

thence N. 32 Deg. 24' E. 20 feet;

thence S. 57 Deg. 36' E. 767.8 feet along the southwesterly line of the right of way of the southern California Railway to the point of Beginning.

The said applicant shall have, and is hereby granted the right of way and all necessary use for the purpose of said wharf over all overflowed, submerged or tide lands in the location above described, and a convenient space about the same, belonging to the State of California, together with the right to have unincumbered and unobstructed the land and the water on each side of said wharf for convenience of landing, loading and unloading barges, but for no other purpose.

That the uses and purposes to and for which said structure is to be applied, and the convenience and necessity of and for the same, are to unload and load ships, lighters, and shipping crafts, and especially lumber for said Russ Lumber and Mill Company.

And the right is hereby granted to the said Russ Lumber and Mill Company to have their boats, ships, lighters and shipping crafts pass over the waters of the Bay of San Diego, between the wharf and the channel and the pier head line for a space of two hundred and ninety (290) feet wide, at all times during the existence of said grant, and to anchor in the said water at any time, and that no other boats, ships, lighters, barges or shipping crafts shall moor or anchor in the said space of two hundred and ninety (290) feet, between the end of said wharf and said pier head line. Provided that this privilege is made subject to the provisions of an Act of the Legislature of the State of California, entitled "An Act to amend section 2606 of the Political Code of the State of California, relating to the establishment of a Board of State Harbor Commissioners for the Bay of San Diego", approved February 28th, 1903, as amended by the Act of Legislature of the State of California in 1905.

PROVIDED FURTHER that said franchise, privilege and right to maintain said wharf, and the right to use the waters of said Bay in connection therewith, shall be subject to the right to grant rights of way for railroad purposes through, upon and over the said wharf, and waters used in connection therewith being expressly reserved.

PROVIDED FURTHER that said wharf shall be constructed and maintained so that the top of the planking or surface thereof shall be on a level with the bottom of the rails of the Southern California Railroad, as the same now exists at the shore end of said wharf.

PROVIDED FURTHER that this franchise and privilege is granted for the term of twenty years from this date, or until the first day of August, 1925, at which time the said privilege and franchise hereby granted, shall terminate.

PROVIDED FURTHER that the said commissioners hereby fix the time for the commencement of work upon the new structure or proposed addition to the wharf as now constructed, and as shown and delineated upon said map or plat as aforesaid, to be on or before August 1st, 1905, and the time of the completion thereof to be within four years from August 1st, 1905.

PROVIDED FURTHER, that nothing contained in this franchise shall be construed as permitting the maintenance of said wharf in such manner or in such location as to prevent or interfere with the erection and maintenance of a sea wall in accordance with the plans heretofore adopted by said Commissioners,

PROVIDED FURTHER, that if at any time said Commissioners shall desire to terminate this franchise and to purchase said wharf, and the purchase price thereof cannot be agreed upon, then the owner of said franchise shall select two disinterested persons, and said Commissioners two disinterested persons, who shall ascertain and fix the value of said wharf, and if three of said four persons cannot agree, then they shall appoint a fifth competent and disinterested person, and any three of said five persons may fix the value of said wharf; PROVIDED, HOWEVER, that in fixing such value the franchise or privilege shall not be considered of as any value; and upon the payment or tender thereof by the Commissioners, they shall be entitled to the possession of said wharf and the title thereto shall vest in the State of California.

PROVIDED FURTHER, that by its acceptance of this grant the said "RUSS LUMBER AND MILL COMPANY" grantee herein, assents and agrees to all the conditions and provisions herein contained, and agrees for itself, its successors and assigns, to pay to said Board of State Harbor Commissioners, as rental for that portion of said Bay of San Diego, upon and over which said wharf is and shall be erected and maintained, the sum of \$420.00 per annum, in Gold Coin of the United States, payable in installments of \$35.00 each, in advance, on the first day of each and every month during the said term of twenty years, and commencing on the first day of August, 1905.

It is further granted to the Russ Lumber and Mill Company, the right to construct and maintain warehouses, offices and buildings, store merchandise and lumber in said warehouses on said wharf; also to construct and maintain railroad tracks and switches on said wharf.

IN WITNESS WHEREOF the said Board of State Harbor Commissioners for the Bay of San Diego, State of California, has caused this instrument to be executed for and on its behalf, by its President, and attested by its Secretary, and caused its seal to be hereunto affixed, at its office in said City of San Diego, this 17th day of August, A.D. 1905.

BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO, CALIFORNIA:  
By C.W. Cesting, President.  
Attest: Eugene DeBurn, Secretary.

NOW, THEREFORE, BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. Said grant is hereby approved, ratified and confirmed upon the terms and considerations and conditions in said instrument in writing contained.

Provided that work in the construction of said wharf shall commence within six months from the date this ordinance goes into effect, and shall be prosecuted continuously, and shall be completed within one year after this ordinance goes into effect; Said time shall not be extended for any cause, and unless the work is completed within the time above limited this franchise shall be forfeited.

Said ordinance as adopted is as follows, viz:

ORDINANCE No. 2205

An ordinance ratifying and confirming the granting of a wharf franchise, by the Board of State Harbor Commissioners for the Bay of San Diego, to the Coronado Beach Company.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That the following grant of a wharf franchise to the Coronado Beach Company by the Board of State Harbor Commissioners for the Bay of San Diego, to-wit:

WHEREAS, The "Coronado Beach Company", a corporation, has heretofore filed with the Board of State Harbor Commissioners for the Bay of San Diego its application in writing duly signed, and in all respects complying with the requirements on that behalf of 2606 of the Political Code of the State of California, for a franchise authorizing it to maintain a wharf in the Bay of San Diego, at the place and of the dimensions hereinafter set

forth; and

WHEREAS, a time and place was duly appointed for the hearing of said application and notice thereof duly given in all respects as specified for and provided in and by said section 2606; and

WHEREAS, said hearing was duly had and said application taken under advisement by said Board; and

WHEREAS, after due deliberation said Board has found and determined that the granting of said application will be promotive of the interests of the public and the commerce of the Port of San Diego, and

WHEREAS, said application as made, and all of the proceedings had and taken are and have been in full compliance with law.

NOW THEREFORE, it is ordered that the "Coronado Beach Company" its successors and assigns be, and are hereby granted the right to maintain for the period of 20 years next ensuing from and after August 1st, 1905, a wharf and pier as already constructed in the Bay of San Diego, in the County of San Diego, State of California, at the place and of the dimensions following, to-wit:

Commencing at a point on the shore of the Bay of San Diego which is three hundred twelve and sixty-one hundredths feet north 9°00' east of the northeast corner of the intersection of Orange avenue and First street; thence south 68°36' east three hundred forty-two and eleven hundredths feet; thence north 32°38' east three hundred twelve and ninety-three-hundredths feet; thence north 62°20' 1/2' east one hundred forty-three and twenty-three hundredths feet; thence north 52°27' west two hundred thirty-eight and eighty-five-hundredths feet; thence south 26°00' west three hundred ninety and twenty-six hundredths feet to the point of beginning.

All as shown and delineated upon the map and plat filed with said application, together with the right to construct, maintain and operate upon said wharf such railways and other appliances as shall or may be necessary or convenient for the purpose of loading and unloading vessels, ships and water-craft at, and transportation of passengers, freight or merchandise upon and over said wharf and to charge and collect tolls, dockage and fees for the same, as well as for the handling and storage of such freight and merchandise, and also the control of the water in front of said wharf and pier to the edge of the channel and for one hundred and fifty (150) feet on each side of said wharf and pier or such portion thereof as may be necessary and convenient in receiving and discharging freight, merchandise and other commodities over said wharf and pier as well as for the safety of vessels, while coming to or going from said wharf or pier or lying at such wharf or pier.

PROVIDED however, that this franchise is granted and accepted on the following express conditions, to-wit:

1st. That said grantee, its successors and assigns shall pay to said Board of State Harbor Commissioners, as rental for that portion of said Bay of San Diego upon and over which said wharf is and shall be maintained, the sum of \$96.00 per annum in gold coin of the United States payable in installments of \$8.00 each, in advance on the first day of each and every month during the life of this franchise, and commencing on the 1st day of August, A.D. 1905.

2nd. That if at any time said commissioners shall desire to terminate this

franchise and to purchase said wharf, and the purchase price thereof cannot be agreed upon, then the owner of said franchise shall select two disinterested persons, and said commissioners two disinterested persons, who shall ascertain and fix the value of said wharf, and if three of said four persons cannot agree, then they shall appoint a fifth competent and disinterested person, and any three of said five persons may fix the value of said wharf; PROVIDED, HOWEVER, that in fixing such value the franchise or privilege shall not be considered as of any value; and upon the payment or tender thereof by the commissioners they will be entitled to the possession of said wharf and the title thereto shall vest in the State of California.

3rd. That nothing contained in this franchise shall be construed as permitting the maintenance of said wharf in such manner or in such places as to prevent or interfere with the erection and maintenance of a seawall in accordance with the plan heretofore adopted by said commissioners.

4th. That nothing contained in this franchise shall be construed as in anywise limiting the power of said Board of Harbor Commissioners to hereafter grant franchises to any persons or corporations authorizing such persons or corporations to construct, maintain and operate any railroad or railroads across the line of this franchise and across said wharf, between the lines of high water mark and the bulk head line as laid down and delineated on the official map filed in the office of said Board and entitled "Plans of Improvement for San Diego Bay" and adopted by the said Board of Harbor Commissioners on January 14th, 1899, provided that such persons or corporations shall bear all the expense of making such crossing or crossings and their equitable share of the cost of maintaining the same.

5th. By its acceptance of this grant the "Coronado Beach Company", grantee herein, assents and agrees to all the conditions and provisions herein contained.

IN WITNESS WHEREOF said Board of State Harbor Commissioners has caused this instrument to be executed for and on its behalf by its President and attested by its Secretary and caused its seal to be hereto affixed, at the office of said Board in the City of San Diego, in the County of San Diego, State of California, this 1st day of August, A.D. 1905.

BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO.

(SEAL) By C.W. Oesting, President.

ATTEST Eugene DeBurn, Secretary

Be and the same is hereby ratified and confirmed by the City of San Diego, and said franchise is hereby granted to said Coronado Beach Company.

Provided that the work in the construction of said wharf shall commence within six months from the date this ordinance goes into effect, and shall be prosecuted continuously, and shall be completed within one year after this ordinance goes into effect. Said time shall not be extended for any cause, and unless the work is completed within the time above limited this franchise shall be forfeited.

Said ordinance as adopted is as follows, viz:

O R D I N A N C E N o. 2199

An ordinance ratifying and confirming the granting of a wharf franchise, by the Board of State Harbor Commissioners for the Bay of San Diego, to Standard Oil Company.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows; vi

Section 1. That the following grant of a wharf franchise to Standard Oil Company by the Board of State Harbor Commissioners for the Bay of San Diego, to-wit:

GRANT OF FRANCHISE TO STANDARD OIL COMPANY PIPE LINE AND WHARF.

WHEREAS, "Standard Oil Company" did heretofore to-wit: on the 5th day of July, 1905 file its application with the Board of State Harbor Commissioners for the Bay of San Diego, State of California, whereby it petitioned the said Board for the right to maintain a wharf in the Bay of San Diego, at the place and of the dimensions hereinafter set forth, and to construct and maintain along the line hereinafter set forth pipe lines for the purpose of loading and unloading crude oil and its by products to and from boats and shipping in the Bay of San Diego, and

WHEREAS, said application as made was in all respects in accordance with the laws of the State of California, and

WHEREAS, a time and place was duly appointed for the hearing of said application, and notice thereof was duly given in all respects as provided by law, and

WHEREAS, said hearing was duly had and said application taken under advisement by said Board and after due deliberation said Board has found and determined that the granting of said application will be promotive of the interests of the public, and the commerce of the Port of San Diego;

NOW THEREFORE, in consideration of the covenants hereinafter contained on the part of the grantee, to which covenants said grantee by its acceptance hereof agrees. Said Board of State Harbor Commissioners hereby grant to said "Standard Oil Company", its successors and assigns, subject to the conditions herein contained, the right to construct and maintain pipe line of such diameter as it may deem necessary in the transaction of its business; which said pipe lines shall be constructed of iron, pipe screwed together, and shall be laid and extend from a point on the high water line in the Bay of San Diego, California, forty five (45) feet north westerly from the intersection of the said high water line with the north-west line of Beardsley street, in the City of San Diego, and extending thence south 34 degrees and 40' west, a distance of 1095 feet to the wharf as at present constructed by said grantee under a franchise granted to it by this Board, on March 25th, 1905, which said wharf as at present constructed, said "Standard Oil Company" is hereby granted the right and privilege to maintain and use in connection with said pipe line or lines or such pipe line or lines as said "Standard Oil Company" may hereafter construct, for the purpose hereinbefore stated.

The said wharf herein referred to and as constructed commences at a point in the Bay of San Diego, California, in line with the northwest line of Beardsley street in the City of San Diego, California, if said line was produced, southwesterly, distant, 1090 feet from the intersection of the high water line of said Bay with the said northwest line of Beardsley street; and running thence north 38 degrees and 30' west, 12 5/10 feet; thence south 51 degrees and 30' west 10 feet; thence 38 degrees and 30' east, 200 feet; thence north 51 degrees and 30' east 10 feet, thence north 38 degrees and 30' minutes west, 187 5/10 feet to the point or place of beginning.

The said grantee by its acceptance hereof covenants and agrees;

- 1st. To submerge and bed said pipe line or lines which it may construct from high water mark to said wharf.
- 2nd. That said Board of State Harbor Commissioners shall have the right at any time to grant franchises for the construction of wharves, ways, pipe lines or for any other

purposes across said pipe line and said wharf PROVIDED however that the cost of making such crossing shall be borne by the party to whom such franchise may be granted and after the construction thereof any expense of maintenance of such crossing shall be equitably apportioned between said grantee and said party or parties crossing said pipe line or said wharf.

It being understood however, that nothing herein contained shall interfere with or prevent the construction of any general improvement of the Bay on the part of the State and that the length of said wharf and run-ways as now constructed, shall at any time upon the written request of said Board be reduced to a length not exceeding the width of Pier No. 41 as delineated upon the map entitled Plans of Improvement for San Diego Bay, and on file with said Board of Harbor Commissioners.

3rd. Said grantee covenants and agrees that in the loading and unloading of oil such appliances shall be used as will absolutely prevent oil from escaping into the Bay and in the event of any damage resulting to any person or persons by reason of oil escaping into the Bay from said pipe line or wharf said grantee agrees to liquidate and pay the same.

4th. Said grantee, its successors and assigns, shall pay to said Board of State Harbor Commissioners as rental for the portion of said Bay of San Diego upon and over which said pipe line and said wharf shall be maintained, the sum of \$240.00 per annum in gold coin of the United States, payable in installments of \$20.00 each, in advance, on the 1st day of each and every month, during the life of this franchise, and commencing on August 1st, 1905.

5th. Nothing contained in this franchise shall be construed as permitting the maintenance of said wharf or said pipe line in such manner or in such places as to prevent or interfere with the erection and maintenance of a sea-wall in accordance with the plans heretofore adopted by said Commissioners.

6th. Said Board of Harbor Commissioners shall have the right at any time to grant franchises to any persons or corporations authorizing the construction and maintenance of any railroad or railroads across the line of this franchise between the lines of high water mark and the bulk head line as laid down and delineated on said map hereinabove referred to for the improvement of the Bay of San Diego adopted by said Board of Harbor Commissioners on January 14th, 1889, on file in the office of said Board.

Said "Standard Oil Company" upon a full compliance with the covenants herein made on its part shall have the rights and privileges herein granted, together with the right to use the waters of the Bay in front of said wharf and extending to the edge of the channel for the convenience of receiving and discharging freight therefrom for a period of 20 years, commencing August 1st, 1905, and expiring August 1st, 1925.

IN WITNESS WHEREOF said Board of State Harbor Commissioners has caused this instrument to be executed for and on its behalf by its President and attested by its Secretary and caused its seal to be hereto affixed, at the office of said Board in the City of San Diego, in the County of San Diego, State of California, this 1st day of August, A.D. 1905.

BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO.

ATTEST Eugene DeBurn, Secretary. By C.W. Oesting, President.

be and the same is hereby ratified and confirmed by the City of San Diego, and said franchise is hereby granted to said Standard Oil Company.

PROVIDED that the work in the construction of said wharf shall commence within six months from the date this ordinance goes into effect, and shall be prosecuted continuously, and shall be completed within one year after this ordinance goes into effect. Said time shall not be extended for any cause, and unless the work is completed within the time above limited this franchise shall be forfeited.

AND PROVIDED FURTHER, that the Common Council of the City of San Diego reserves the right to itself to repeal, amend, or modify this ordinance at any time hereafter.

A Resolution of Intention to change the grade of Grape street from Front to First streets, is read and on motion of Councilman Johnson adopted by the following vote, to-wit:  
 AYES---COUNCILMEN:-Blochman, Kelly, McNeill, Creelman, Reynolds, Johnson, Goldkamp, and Osborn.  
 NOES---NONE.  
 ABSENT-COUNCILMAN:-Thorpe.

Said Resolution as adopted is as follows, viz:

RESOLUTION OF INTENTION No. \_\_\_\_\_

To change the grade of First street in the City of San Diego, California.

WHEREAS, the owners of a majority of the property affected by the herein proposed change of grade of First street at its intersection with Grape street, and between Grape and Hawthorne streets, in the City of San Diego, California, have petitioned the Common Council of the City of San Diego, California, to change the grade thereof between said points; and

WHEREAS, the said Common Council of said City hereby finds that said petition contains the names of the owners of a majority of the property to be affected by the said proposed change of grade, and that it is for the public benefit to make said proposed change of grade and to establish the grade of said First street as hereinafter set forth,  
 NOW, THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to change and establish the grade of said First street as follows, to-wit:

At the northeast corner of the intersection of Grape and Front streets the grade to remain at 118.00 feet.

At the northwest corner of the intersection of Grape and First streets, the grade to be changed from 138.00 feet to 141.00 feet.

At the northeast corner of the intersection of First and Grape streets the grade to be changed from 141.00 feet to 144.00 feet.

At the northwest corner of the intersection of Grape and Second streets the grade to remain at 169.00 feet.

At a point on the west line of First street one hundred and fifty feet north of the north line of Grape street the grade to remain at 149.75 feet; and at a point on the west line of First street fifty feet north of the last named point the grade to be changed from 153.66 feet to 153.70 feet.

At a point on the east line of First street one hundred and fifty feet north of the north line of Grape street the grade to remain at 152.75 feet; at a point on the east line of First street fifty feet north of the last named point the grade to be changed from 156.66 feet to 156.70 feet.

At the southwest corner of the intersection of First street and Hawthorne street the grade to remain at 161.50 feet; at the southeast corner thereof, the grade to remain at 164.50 feet.

All of said grade elevations to be above the datum line of levels as fixed by Ordinance No. 3 of the ordinances of the said City of San Diego, entitled, "An ordinance establishing a datum line for the grading of streets in the City of San Diego, State of California, and providing for the manner of establishing grades by ordinance." Approved on the 30th day of June, 1886.

And the grade of said street, between the points hereinbefore mentioned, shall have a uniform ascent and descent, and the center line of said First street shall have an average elevation of the opposite curb grades.

And the exterior boundaries of the district to be benefited by said change of grade and assessed for the damages, costs and expenses thereof is hereby described and declared to be as follows, to-wit:

Commencing at the northwest corner of Lot L, in Block 238, in Horton's Addition; thence southerly to the southwest corner of Lot G, in Block 238 aforesaid; thence easterly along the north line of Grape street to the southeast corner of Lot F, in Block 239, of said Horton's Addition; thence northerly to the northeast corner of Lot A, in said Block 239; thence westerly along the southerly line of Hawthorne street to the point of commencement.

Said Horton's Addition being an addition in the City of San Diego, County of San Diego, State of California, according to the map of said addition on file in the office of the Recorder of San Diego County.

The City Clerk of said City is hereby directed to cause this Resolution of Intention to be published for ten days in the newspaper in which the official notices of the Common Council of said City are usually printed and published, to-wit: The San Diego Union and Daily Bee a daily newspaper published and circulated and of general circulation in said City, in every regular issue of said newspaper for said period of ten days, which newspaper is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the person required by law.

The Superintendent of Streets of said City is hereby ordered and directed, within five days after the first publication of this Resolution, to cause to be conspicuously posted, in the manner and form required by law, within the district herein above designated

as the district to be benefited by the proposed change of grade, notice of the passage of this Resolution.

A Resolution of Intention to grade "A" street from 25th to 27th streets, is read and on motion of Councilman Blochman adopted by the following vote, to-wit:

AYES---COUNCILMEN:-Blochman, Kelly, McNeill, Creelman, Reynolds, Johnson, Goldkamp, and Osborn.

NOES---NONE.

ABSENT-COUNCILMAN:-Thorpe.

Said Resolution as adopted is as follows, viz:

RESOLUTION OF INTENTION No. \_\_\_\_\_

To grade "A" street in the City of San Diego, California, from the east line of Twenty-fifth street to the east line of Twenty-seventh street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said City, to-wit:

That "A" street in the City of San Diego, California, including the sidewalks thereof, from the east line of Twenty-fifth street to the east line of Twenty-seventh street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said "A" street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon); Also excepting the intersections of cross-streets with said street, between the points thereon hereinbefore mentioned, already graded to the official grade, be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061 of the ordinances of the said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

That the surplus dirt and material, to be obtained in doing said work, be taken by the contractor, or contractors, to whom a contract therefor shall be let, and the same be removed from said street.

That the San Diego Union and Daily Bee a daily newspaper published and circulated and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

A Message from the Mayor vetoing an ordinance authorizing the purchase of a water supply from the Southern California Mountain Water Company, is presented and read, viz:

I hereby return without my approval, this ordinance entitled "An Ordinance authorizing the purchase from the Southern California Mountain Water Company of a supply of water for the City of San Diego, California, and its inhabitants, and directing the Mayor of said City of San Diego, to execute an agreement for and on behalf of said city with said Southern California Mountain Water Company for the sale and delivery of such water by said Company and the purchase thereof by said City".--Considered separate and apart from the document herein referred to and endorsed, "Contract between the City of San Diego, California, and the Southern California Mountain Water Company for the purchase and sale of a supply of water for the use of said city and its inhabitants"--This ordinance, which is in effect an enabling act of the Common Council, is fatally defective, as it conflicts with the requirements of the "City Charter", the Civil Code, and the "Constitution of the State of California", and therefore is illegal and not enforceable.

Section 3 of this ordinance which provides that "This ordinance shall take effect and be in force from and after its passage and approval" violates Section 3, Chapter IV, Article 1 of the City Charter as amended, which reads in part as follows:

"Section 3. No ordinance passed by the Common Council (except when otherwise required by the general laws of the State, or by the provisions of this Charter, respecting street improvements, and except an ordinance for the immediate preservation of the public

peace, health, or safety, which contains a statement of its urgency, and is passed by a two-thirds vote of the Common Council, but no grant of any franchise shall be construed to be an urgency measure, but all franchises shall be subject to the referendary vote herein provided) shall go into effect before thirty days from the time of its final passage and its approval by the Mayor." x x x x

Nor would it lie within the power of the Common Council to include within the provisions of this bill a clause determining this measure to be "An Ordinance for the immediate preservation of the public peace, health, or safety" since Section 3, Chapter IV, Article 1 of the City Charter, as amended, expressly provides that "No grant of any franchise, shall be construed to be an urgency measure, but all franchises shall be subject to the referendary vote herein provided". The adoption of an ordinance authorizing the Southern California Mountain Water Company to sell and deliver water to the City of San Diego, is a franchise, and as such, must be granted according to the City Charter, and the person or corporation receiving such franchise must operate said franchise in the manner and subject to the control imposed by law, See Section 2, Article 14 of the State Constitution, which reads as follows:

"Section 2. The right to collect rates or compensation for the use of water supplied to any County, City and County, or town, or the inhabitants thereof, is a franchise, and cannot be exercised except by authority of an in the manner prescribed by law."

The injection on the first page of this ordinance of the clause "Be it ordained by the Common Council of the City of San Diego, as follows:"--- is a serious error, since it would seem to create on the part of the city an established preceding act of the other party over which the City had no control. However, this required clause later on appears in its proper place, and consequently its first averment, while highly improper, may possibly be regarded as simply a surplusage.

Passing from a consideration of the illegality of this ordinance as a legislative act to a consideration of the conditions and limitations of the agreement for the sale and delivery of water by the Southern California Mountain Water Company to the City of San Diego, California, I am strongly impressed with the view that the agreement as drawn serves to firmly bind and require the city to purchase all the water that said City may require for the use of said City and its inhabitants up to an amount of 7,776,000 (which is understood to be the limit of the capacity which the proposed pipe line to the City would be able to carry) for the full period of ten years; whereas the Southern California Mountain Water Company is not so held, bound and obligated. And that any delay or failure to construct the necessary pipe line is not to be construed a breach of contract if, among other reasons, the said failure is occasioned "by the intervention of the law, by which said Company is enjoined or prevented from prosecuting said work, or enjoined or prevented from procuring or securing the necessary funds or money with which to prosecute and carry on the same."

These reservations upon the part of the Company are particularly detrimental to the City's interests, as a claim of the existence of such a state of conditions might be easily established, almost at the option of the Company.

A further exemption from responsibility upon the part of the Company to deliver water which is highly objectionable, reads as follows:

"When by reason of drouth and its consequent inability to impound from the watershed of its entire system sufficient water to enable it to furnish said continuous supply through no fault or negligence on its part, such a failure to so furnish said continuous supply under such circumstances, shall not be deemed nor treated as a breach of this contract."

It will thus be clearly seen that in the event of the entering into of the proposed contract by the City with the Southern California Mountain Water Company, that it will be necessary for the City to be at all times prepared (in case of the inability of the Southern California Mountain Water Company to deliver water to said City at any time) to maintain its own pumping plants at all time in condition to supply said City with water.

The stipulation that the period of time during which the Company may be thus unable to deliver water to the City shall not be included in the term of the contract, might extend this contract for an indefinite time to the great detriment and injury of the City, whereas during said indefinite period of extension and failure to secure water from the Company, the city must secure for itself only a temporary supply, which it must abandon or discontinue when the Company is again in a position to supply water to the City.

In brief, such conditions as above specified do not insure any guarantee to the City an ample and adequate water supply, which is a matter to be earnestly desired by all citizens, but simply provides a market for what water the Southern California Mountain Water Company may have on hand and be desirous of selling to the City. It must be remembered that during the past season the section of country tributary to San Diego had a greater rainfall than the average year, and it is the duty of the responsible municipal authorities to make suitable provisions for the City's necessities during the years when the rainfall does not equal the average precipitation.

It is more than ordinarily incumbent upon the part of the representatives of the City to carefully consider these matters on account of previous contracts made by the Southern California Mountain Water Company with The Land and Town Company, and with the Coronado Water Company.

In that certain agreement entered into on the 8th day of March, 1901 by and between the Southern California Mountain Water Company and the San Diego Land & Town Company (copy of which agreement is on file in the office of the City Attorney) the said Southern California Mountain Water Company binds itself to deliver to the said San Diego Land & Town Company all the water necessary for the proper irrigation of two-thirds of the lands retained by the said Land & Town Company under its system, or to the occupants or residents of said two-thirds of said lands for domestic, mechanical or other uses.

This contract further stipulates that the free delivery and supply of water to the lands retained and held by the said Land & Town Company to the full extent to which said lands may be entitled to water for irrigation and other purposes under the terms of this contract shall not be interfered with by contracts made by the Southern California Mountain Water Company for the supplying and furnishing of water to lands and inhabitants of other communities and municipalities.

On July 3rd, 1905, the Southern California Mountain Water Company entered into a contract with the Coronado Water Company, wherein it agreed among other conditions to supply what water could be delivered through the present pipe lines of the Coronado Water

Company, and when the Coronado Water Company enlarges its pipe line to a 20" pipe line, then the Southern California Mountain Water Company shall be required to maintain at the point of delivery all the water that may be demanded by the Coronado Water Company within the capacity of said 20" pipe line of the Coronado Water Company.

In effect then such a status might easily exist whereby the Land & Town Company claimed a right of priority to the water contracted for by itself; and the Coronado Water Company after installing a 20" pipe line could demand to be supplied by the Southern California Mountain Water Company with all the water within the capacity of said 20" pipe line.

In this event the amount of water that the Southern California Mountain Water Company could supply to the City of San Diego would be very uncertain and irregular.

It is possible that the different corporations referred to could be required to pro rate the water supplied by the Southern California Mountain Water Company, but such an end could only be obtained by protracted litigation.

Upon the receipt by me at 3 P.M. October 18th, 1905, of this ordinance and proposed agreement therein referred to, I submitted the same to the City Attorney for examination, with the request that he furnish me an opinion in writing as to whether or not the City of San Diego could lawfully enter into such an agreement or contract.

In compliance with my request the City Attorney furnished me his written opinion (copy of which is returned herewith) clearly showing that the proposed agreement constitutes an "exclusive contract", and the entering into of such an "exclusive contract" by the City of San Diego, would be a violation of Section 548 of the "Civil Code" which reads as follows:

"No corporation formed to supply any city, city and county, or town with water must do so unless previously authorized by an ordinance of the authorities thereof, or unless it is done in conformity with a contract entered into between the City, city and county, or town and the corporation. Contracts so made are valid and binding in law, but do not take from the city, city and county, or town the right to regulate the rates for water, nor must any exclusive right be granted. No contract or grant must be made for a term exceeding fifty years."

The City Attorney in said opinion further advises me that the entering into by the City of this proposed agreement wherein the rates or compensation to be collected by the Southern California Mountain Water Company for the use of water supplied to the City, are fixed for the term of ten years, is a violation of Section 1, Article 14 of the Constitution of the State of California, which reads as follows:

"The use of all water now appropriated, or that may hereafter be appropriated, for sale, rental, or distribution, is hereby declared to be a public use, and subject to the regulation and control of the State in the manner to be prescribed by law; provided, that the rates of compensation to be collected by any person, company, or corporation in this State for the use of water supplied to any city and county, or city or town, or the inhabitants thereof, shall be fixed annually, by the Board of Supervisors, or city and county, or city or town council, or other governing body of such city and county, or city or town, by ordinance or otherwise, in the manner that other ordinances or legislative acts or resolutions are passed by such body and shall continue in force for one year and no

longer. Such ordinances or resolutions shall be passed in the month of February of each year, and take effect on the first day of July thereafter. Any Board or body failing to pass the necessary ordinances or resolutions fixing water rates, where necessary, within such time, shall be subject to peremptory process to compel action at the suit of any party interested, and shall be liable to such further processes and penalties as the Legislature may prescribe. Any person, company, or corporation collecting water rates in any city and county, or city, or town in this State, otherwise than as so established, shall forfeit the franchises and water works of such person, company, or corporation to the city and county, or city or town where the same are collected, for the public use."

In view of the defects, inequity, and illegalities in this ordinance and proposed agreement, I recommend that in accordance with the provisions of Section 2 Chapter V, Article 3 of the Charter, that the City Attorney be requested to prepare an agreement for the term of ten years to be entered into by and between the City of San Diego and the Southern California Mountain Water Company, eliminating the specified objectionable and illegal features existing in this certain ordinance and agreement and stipulating that the City will purchase water daily, the minimum amount of water so purchased to be fixed at 2,500,000 gallons, and such a maximum amount as may be desired by the Superintendent of the Water Department within 7,776,000 gallons (stated to be the limit of capacity of the proposed pipe line of the Southern California Mountain Water Company).

In order to insure and maintain an efficient water service, and to preserve in good repair for immediate use its pumping system, the city shall reserve the right to furnish 1,000,000 gallons daily by means of its said pumping system.

In accordance with the provisions of Section 1, Article 14 of the State Constitution the city shall further reserve the right to fix annually the rates or compensation to be collected by the Southern California Mountain Water Company for the use of water supplied to the City of San Diego under this proposed revised agreement.

San Diego, California, October 25th, 1905.

JOHN L. SEHON,

Mayor of the City of San Diego, California.

Councilman McNeill moves that said ordinance be adopted notwithstanding the veto of the Mayor.

President Osborn invites Councilman Johnson to the chair, and takes the floor.

President Osborn now takes his seat as President of the Council.

The roll being called said ordinance is adopted over the veto of the Mayor by the following vote, to-wit:

AYES---COUNCILMEN:-Thorpe, Blochman, McNeill, Creelman, Reynolds, Johnson and Osborn.

NOES---COUNCILMEN:-Kelly and Goldkamp.

ABSENT-NONE.

Said ordinance as adopted is as follows, viz:

O R D I N A N C E N o. 2212

An ordinance authorizing the purchase from the Southern California Mountain Water Company of a supply of water for the City of San Diego, California, and its inhabitants, and directing the Mayor of said City of San Diego, to execute and agreement for and on behalf of said City with said Southern California Mountain Water Company for the sale

and delivery of such water by said Company and the purchase thereof by said City.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF SAN DIEGO, as follows:

WHEREAS, the SOUTHERN CALIFORNIA MOUNTAIN WATER COMPANY, a corporation organized and existing under and by virtue of the laws of the State of California, has offered to sell and deliver to said City of San Diego, at the University Heights Reservoir of said City all the water said City may require for its use and the use of the inhabitants, not exceeding 7,776,000 gallons in any one day of twenty-four hours, at the price of four cents per thousand gallons delivered at said University Heights Reservoir, for the period of ten years from and after the first day of May 1906; and

WHEREAS a contract between said City and said Company providing for the terms and conditions upon which said supply of water is to be sold and delivered by said Company and purchased and received by said City has been prepared and submitted to the Common Council of said City, and which said contract is satisfactory to and has been approved by said Common Council and is now in the possession of the City Clerk of said City and is endorsed "Contract between the City of San Diego, California and the Southern California Mountain Water Company for the purchase and sale of a supply of water for the use of said City and its inhabitants"; and

WHEREAS it is deemed by said Common Council that it is to the best interests of said City and its inhabitants that said supply of water be purchased and received from said Southern California Mountain Water Company under the terms, specifications and conditions set out and prescribed in said above-mentioned contract and that the Mayor of the said City of San Diego, California, be authorized and directed for and on behalf of, and as the act and deed of said City to execute in triplicate said contract, therefore

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF SAN DIEGO, as follows:

Section 1. That said City of San Diego, California, do purchase of and from the Southern California Mountain Water Company, a corporation organized and existing under and by virtue of the laws of the State of California, under the terms and conditions in said contract now in the possession of the City Clerk of said City and indorsed "Contract between the City of San Diego, California, and the Southern California Mountain Water Company for the purchase and sale of a supply of water for the use of said City and its inhabitants" all the water which may be required for the use of said City and its inhabitants not exceeding 7,776,000 gallons in any one day of twenty-four hours, for the full period of ten years from and after the first day of May 1906, at the price of four cents per thousand gallons delivered at the University Heights Reservoir of said City.

Section 2. That the Mayor of said City be and he is hereby authorized and directed, in the name of, for and on behalf of, and as the act and deed of said City of San Diego, to execute in triplicate that certain contract between said City of San Diego and the Southern California Mountain Water Company for the purchase and sale of a supply of water for the use of said City and its inhabitants, and which said contract is now in the possession of the City Clerk of said City and endorsed "Contract between the City of San Diego, California and the Southern California Mountain Water Company for the purchase and sale of a supply of water for the use of said City and its inhabitants"; and the City Clerk of said City be and is hereby authorized and directed to attest in triplicate the execution of said contract by fixing thereto his signature and the corporate seal of the said City of

San Diego.

Section 3. This ordinance shall take effect and be in force from and after its passage and approval.

A Message from the Mayor vetoing an ordinance authorizing the Board of Public Works to lay a water pipe line in Polk Boulevard and Georgia street, is read and ordered filed; viz:

I hereby return, without my approval, this ordinance entitled "An ordinance providing for the laying of water pipe in Polk Boulevard and Georgia street". This ordinance in reciting the route to be followed for the proposed water pipe extension incorrectly describes the same as follows:

" x x x x x from the present two inch main on Polk Boulevard east 415 feet, thence north on Georgia street 220 feet"; whereas the correct description of the route, and where the water pipe is desired should read as follows:

" x x x x x from the two inch main on Park Boulevard thence east on Polk avenue 415 feet, thence north on Georgia street 220 feet".

The City Attorney has been requested to prepare and submit for the consideration of the Common Council a new ordinance describing the route of this proposed water pipe line.

JOHN L. SEHON,

Mayor of the City of San Diego, California.

San Diego, California, November 1st, 1905.

An ordinance authorizing the Board of Public Works to lay a two inch water main on Park Boulevard and Georgia street, is read and on motion of Councilman Kelly put on its final passage at its first reading by the following two-thirds vote to-wit:

A Message from the Mayor vetoing an ordinance establishing the width of sidewalks on 8th street, from Brookes avenue to University avenue, is read and ordered filed, viz:

I hereby return without my approval, this ordinance entitled "An ordinance establishing the width of sidewalks on Eighth street, from Brookes avenue to University avenue.

This ordinance contains no provision fixing the position to be occupied by the cement walk when laid, and therefore, does not authorize what the property owners had in view, nor does it enact what the Common Council evidently desired to effect.

The City Attorney will prepare and submit for the consideration of the Common Council an ordinance definitely locating the position of the cement sidewalk, similar in general form to other ordinances adopted in the past to accomplish the purpose desired.

JOHN L. SEHON,

Mayor of the City of San Diego, California.

San Diego, California, October 26th, 1905.

An ordinance establishing width of sidewalks on 8th street, from Brookes avenue to University avenue, is read and on motion of Councilman Kelly put on its final passage at its first reading by the following two-thirds vote, to-wit:

Said ordinance as adopted is as follows, viz:

ORDINANCE No. \_\_\_\_\_

An ordinance establishing the width of sidewalks on Eighth street, from Brookes avenue to University avenue.

BE IT ORDAINED, By The Common Council of the City of San Diego, as follows;

Section 1. That the sidewalks on both sides of Eighth street, from the north line of Brookes avenue to the south line of University avenue, in the City of San Diego, California, are hereby widened, and the width thereof is established at thirteen (13) feet from the line of the property abutting on said street to the curb line of said sidewalks.

Section 2. That when said sidewalks shall be paved with concrete or other pavement such pavement shall be five feet four inches (5'4") wide and so located as to leave a

space two feet wide between the inner line of said pavement and the property line, and a space five feet eight inches (5'8") wide between the outer line of said pavement and the outside line of the curb of said sidewalk.

Section 3. That all ordinances and parts of ordinances in conflict herewith are hereby repealed in so far, as to that extent only as to effect the sidewalks on Eighth street between the points hereinbefore mentioned.

A Message from the Mayor vetoing a Resolution of Intention to grade "A" street from 25th to 27th streets, is read and ordered filed, viz:

I hereby return without my approval, this resolution of intention to grade "A" street, in the City of San Diego, California, from the east line of Twenty-fifth street to the east line of Twenty-seventh street.

Since the adoption of this resolution of intention the owners of the majority of the property on "A" street, between Twenty-seventh and Twenty-eighth street have petitioned the Common Council to include this said block in the procedure taken for grading "A" street, so that "A" street may be graded from the east line of Twenty-fifth street to the east line of Twenty-eighth street.

In this connection it is to be observed that this resolution of intention requires the contractor undertaking this work to remove the surplus dirt obtained in grading "A" street between Twenty-fifth and Twenty-seventh streets from said "A" street; whereas in the block on "A" street between Twenty-seventh and Twenty-eighth streets there is a deficiency of earth. The surplus earth on "A" street between Twenty-fifth street and Twenty-seventh street naturally and by right belongs to the same street between Twenty-seventh street and Twenty-eighth street where there is a deficiency to be supplied.

It is also to be observed that the route of the street railway system to be constructed under the franchise granted E. Bartlett Webster extends on Twenty-eighth street past the intersection of "A" street, so that it is more than ordinarily for the benefit of the public that "A" street be graded and opened through to Twenty-eighth street.

I therefore recommend that the necessary action be taken to grade "A" street from the east line of Twenty-fifth street to the east line of Twenty-eighth street.

JOHN L. SEHON,

Mayor of the City of San Diego, California.

San Diego, California, November 1st, 1905.

A Message from the Mayor vetoing a Resolution of Intention to grade Campus avenue, from Park Boulevard to Adams avenue, is read and ordered filed, viz:

I hereby return, without my approval, this resolution of intention to grade Campus avenue, in the City of San Diego, California, from the west line of Park Boulevard to the south line of Adams avenue.

The City Engineer informs me that this resolution of intention does not agree with the estimates furnished by the Engineer's office. The estimate does not contemplate that grading shall be done north of a line 325 feet north of the north line of Madison Avenue. The depth of the canyon north of that line is such as to practically prohibit the grading of that portion of the street. If the intention is to grade to the south

line of Adams avenue, then it will be necessary to add to the estimate furnished "the yardage of the embankment from a point 325 feet north of the north line of Madison avenue to the south line of Adams avenue. However it is presumed that it was the desire of the interested property owners and the intention of the Common Council to authorize the grading of Campus avenue only to that point described in the Engineer's estimate as above specified. This matter is therefore returned to the Common Council for a definite expression of its intention.

JOHN L. SEHON,

Mayor of the City of San Diego, California.

San Diego, California, November 1st, 1905.

A Resolution of Intention to grade Campus avenue from Park Boulevard to Madison avenue, is read and on motion of Councilman Creelman adopted by the following vote, to-wit:

AYES---COUNCILMEN:-Thorpe, Blochman, Kelly, McNeill, Creelman, Reynolds, Johnson, Goldkamp, and Osborn.

Said Resolution as adopted is as follows, viz:

RESOLUTION OF INTENTION No. \_\_\_\_\_

To grade Campus avenue, in the City of San Diego, California, from the west line of Park Boulevard to a point 325 feet north of the north line of Madison avenue.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said City, to-wit:

That Campus avenue in the City of San Diego, California, including the sidewalks thereof, from the west line of Park Boulevard to a point 325 feet north of the north line of Madison avenue, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Campus avenue, and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon); also excepting the intersection of said Campus avenue with cross streets which have already been graded to the official grade thereof, be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061 of the ordinances of the said City of San Diego, entitled, "An ordinance providing specifications for the grading of streets in the City of San Diego, California," approved on the 6th day of June 1905.

The number of cubic yards of excavation in excess of the number of cubic yards of embankment which will result from the grading of said street to the official grade shall be taken by the contractor or contractors who shall enter into a contract with the City of San Diego to grade said street, and removed from said street.

That the San Diego Union and Daily Bee, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post

this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

hose, is read and adopted, viz: San Diego

San Diego, Calif., Oct. 26th, 1905.

To the Honorable Common Council,

of the City of San Diego, California.

Gentlemen:-

On September 5th, 1905, a communication from the Board of Public Works, recommending the purchase of 1000 feet of two and one-half inch fire hose, was referred to your Committee for consideration.

After investigating said matter your Committee reported back recommending that said Board be authorized to advertise for bids, for the purchase of said hose in \$350.00 lots, which report was adopted by your Honorable Body September 18th, 1905.

On account of certain existing conditions, of which your Committee was not aware at the time said report was made, your Committee begs leave to submit an amended report in said matter, as follows:

The Finance Committee recommends, that the Board of Public Works be authorized to purchase \$1,000.00 worth of fire hose, in lots of \$250.00 each, without advertising for bids, and that the former report of the Committee in said matter be rescinded.

Respectfully,

Jay N. Reynolds,

That "Ivy" street in the City of San Diego, County of San Diego, State of California, including the sidewalks thereof, from the east line of Arctic street to the west line of Fifth street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said "Ivy" street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon) excepting also the intersections of said "Ivy" street with Fourth street, First street, Front street and Columbia street, be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061 of the ordinances of the said City of San Diego, entitled, "An ordinance providing specifications for the grading of streets in the City of San Diego, California," approved on the 6th day of June, 1905.

Also the construction of a bridge on said Ivy street at the following point:

Commencing at a point on "Ivy" street twenty (20) feet east of the west line of Third street, thence extending in an easterly direction one hundred and eighty (180) feet, said bridge to be constructed according to the plans, drawings and specifications therefor as set forth and specified in Document No. 8926, filed in the office of the City Clerk of said City of San Diego, County of San Diego, State of California, on the 23rd day of February A.D. 1905, and adopted as the plans, drawings and specifications for said bridge by the City Council of said City on the 10th day of April, A.D. 1905, by Resolution No. 2172. A duplicate of said specifications for said bridge is on file and of record in the City Engineer's office of the City of San Diego, County of San Diego, State of California, in "Street Estimate Book No. 2, Volume 1"; from page 122 to page 129, both pages inclusive. A duplicate of said plans and drawings of said bridge is on file and is of record in the office of said City Engineer of the City of San Diego, County of San Diego, State of California, in "Street Estimate Book No. 2, Volume 2", pages 29 and 30.

That the point where the excess dirt to be removed from said "Ivy" street in so grading the same is to be placed is hereby fixed, designated and described as follows:

All of said dirt is to be placed on said "Ivy" street between the east line of Third street and the west line of Fourth street in said City.

That the expense of said work shall be and is hereby declared to be chargeable upon the district hereinafter described, and the exterior boundaries of said district to be

assessed to pay the cost and expense thereof, are hereby described as follows, to-wit:

Commencing at a point on the west line of Fifth street, one hundred fifty (150) feet north of the north line of "Ivy" street, running thence in a westerly direction to a point on the westerly line of Horton's Addition one hundred fifty (150) feet north of the north line of said "Ivy" street; thence running in a westerly direction to a point on the east line of Arctic street one hundred fifty (150) feet northerly from the northerly line of said "Ivy" street; thence running in a southerly direction along the easterly line of said Arctic street to a point on the easterly line of said Arctic street one hundred fifty (150) feet south of the south line of "Ivy" street; thence running in an easterly direction to a point on the westerly line of Horton's Addition one hundred fifty (150) feet south of the south line of said "Ivy" street; thence running in an easterly direction to a point on the west line of Fifth street one hundred fifty (150) feet south of the south line of "Ivy" street; thence running north along the west line of said Fifth street three hundred (300) feet to point of commencement, excepting, however, that portion of the public streets and alleys contained within said district, all of said district being in the City of San Diego, County of San Diego, State of California;

Said Horton's Addition being referred to being according to the official map of said Horton's Addition on file in the office of the County Recorder of said County of San Diego, State of California.

The San Diego Union and Daily Bee a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

Said ordinance as adopted is as follows,viz:

ORDINANCE No. 2173.

BE IT ORDAINED,By the Common Council of the City of San Diego,as follows:

Section 1. Whenever it shall be determined by the Common Council of said City that cobble stone gutters shall be placed in any given street,the work of building such gutters and the material employed therein shall be as follows:

1. (a) grading and preparing the trench for the gutters; (b) constructing along the outer line of the curb,a cobble stone gutter,five (5) feet in width; (c) furnishing all material and labor necessary to perform said work and complete the same.

2. Grading shall include the work of removing all earth,stone and loose rock,hard pan,and all other material that may be encountered or required in the preparing for the work of guttering and shall include also all filling,trimming,shaping,picking down,re-filling,rolling,surfacing,and all other work that may be required to bring the space to be occupied by the gutters to the sub-grade and shape required,and of maintaining it in perfect condition until the work has been done. The cost thereof shall include in the contract price per square foot of completed gutters,and no extra compensation shall be allowed the contractor for removing from the street the surplus material that may result from this work.

3. When mud or soft material is encountered it shall be taken out below the sub-grade,and the space shall be refilled with good,hard material,by and at the expense of the contractor.

4. In places where cutting is necessary to bring the work to the required surface the plow point shall not in any case penetrate below a point two (2) inches above the sub-grade. The remainder shall be carefully dressed off with picks or other hand tools.

5. In places where filling is necessary to bring the work to the required surface it shall be done in layers of not more than six (6) inches in depth,and each layer shall be thoroughly rolled before another layer is added.

6. The work shall be brought to a sub-grade or surface of the required depth below the established grade of the street and shall be finished in th most perfect manner so as to be parallel with,and in every way made to conform in shape to the surface of the finished work. To effect this the ground shall be first brought to an approximate finish slightly above the sub-grade. The City Engineer will then set grade stakes and the contractor shall then stretch lines from these several stakes,both along and across the work, and dress down to the true surface,all irregularities as indicated by these lines. the surface shall then be rolled or tamped,when it shall again be dressed and re-rolled until the surface shall be true,smooth,compact,and to the required surface.

7. Such portions of the work as cannot be reached by the roller,and all places excavated below the sub-grade and re-filled,and all pipe trenches and other places that cannot be properly compacted by the roller,shall be tamped solidly by and at the expense of the contractor.

8. The gutters,for a width of five (5) feet shall be paved with cobble stone,not

less than six (6) inches in height, laid edgewise.

9. The cobble stones shall be laid by hand and firmly bedded in three (3) inches of clean, sharp sand, care being taken to break joints. Each course shall be set so that the cobbles incline slightly up hill, leaving not less than one (1) inch of sand under the cobbles.

10. When laid the pavement of the gutter shall be immediately covered with decomposed granite from which all fine dust and other foreign substances shall have been previously screened. This decomposed granite shall be heated and while hot shall be raked or swept in the joints until all are completely filled. The cobbles shall then be rammed with rammers weighing from seventy-five (75) to eighty (80) pounds, until all have been forced to a firm and unyielding bed, and the gutter brought to a perfect surface. Every cobble that does not have a solid bearing, as well as all general depressions in the surface, resulting from a thorough ramming of each block, shall be taken up and additional sand placed on the foundation and the cobble again laid and rammed until brought to a solid bearing and perfect surface. While the cobbles are being rammed the joints shall be kept well filled with gravel.

11. Immediately after ramming, the decomposed granite shall be swept or otherwise cleaned out of the joints to a depth of one (1) inch, and there shall then be poured into the joints, while the decomposed granite is hot, boiling paving cement until all joints are completely filled. Additional hot decomposed gravel shall then be poured along and into the joints previously filled with the paving cement, and then be compacted by tamping with light rammers, especially made for this purpose, until all the joints are thoroughly filled and made flush with the upper surface of the gutter.

12. The paving cement shall be composed of refined asphaltum and a flux in quantity sufficient to bring said cement to the required consistency. Three ingredients shall be delivered on the work, at least one week before being used, in order that the Street Superintendent may cause the proper tests to be made before the material is admitted into the work. The cement must be mixed upon the work and then heated to a temperature of three hundred (300) degrees Fahrenheit as it is required for immediate use.

13. As soon as the joints shall have been thoroughly tamped and before the paving shall have become cold, a layer of clean, dry, coarse sand, one-half (1/2) inch in thickness shall be spread evenly over the entire surface of the gutter, which, together with the accumulation of any kind, shall be cleaned off and removed from the street by the contractor before the work has been accepted.

14. All cobbles shall be carefully inspected by the Superintendent of Streets, and he shall direct that every stone not complying with these specifications, whether it has been set or not, shall be immediately removed from the street at the expense of the contractor. The Contractor shall furnish, at his own expense, such laborers as may be required to enable a thorough inspection and culling of the cobbles.

15. All cobble gutters shall be paid for at a stated price per square foot, which price per square foot shall include the furnishing of all labor and materials, the foundation the grouting and all other work and all expenses, direct or indirect, connected with the proper execution of the work and of maintaining the same in perfect condition until it shall have been finally accepted by the Street Superintendent.

ABSENT—COUNCILMAN:—Reynolds.

Said ordinance as adopted is as follows, viz:

ORDINANCE No. 2230.  
An ordinance providing specifications for the construction of Portland Cement Concrete gutters, in the City of San Diego, California.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. The paving of all gutters in the City of San Diego, California, when done with Portland cement concrete, shall be in accordance with the specifications herein contained.

Sec. 2. The guttering provided for herein shall be constructed according to the plans, drawings and cross-sections prepared by the City Engineer of the City of San Diego, California, approved by the Common Council of said City, on file in the office of the said City Engineer, and so as to conform to the lines, levels and official grade of the street upon which said work is to be constructed. Said lines and levels shall be shown upon the ground by stakes to be set by the said City Engineer.

Sec. 3. The work to be done shall be as follows: (a) grading and preparing for the sub-grade; (b) constructing and laying along the exterior line of the curb the guttering; (c) furnishing all material and labor necessary to perform said work and complete the same; (d) the removal from the streets of all surplus dirt and material which may result from doing the work.

Sec. 4. Grading shall include the work of removing all earth, stone, loose rock, hardpan and all other material that may be encountered or required in preparing for the work called for in the Resolution of Intention, and shall include also, all filling, trimming, shaping, picking down, re-filling, rolling, tamping, surfacing and all other work that may be required in bringing the surface of the work to the sub-grade and shape required and of maintaining it in perfect condition until the work has been done. The cost thereof shall be included in the contract price per linear foot of gutter and no extra compensation shall be allowed the contractor for removing from the street the surplus material that may result from this work of grading. The surplus material, if any, shall be removed by the Contractor from the streets.

Sec. 5. When mud or other soft material is encountered it shall be taken out below the sub-grade and the space shall be re-filled with good, hard material, by and at the expense of the contractor.

Sec. 6. In places where cutting is necessary to bring the work to the required surface, the plow point shall not in any case penetrate below a point two (2) inches above the sub-grade. The remainder shall be carefully dressed off with picks or other hand tools.

Sec. 7. In places where filling is necessary to bring the work to the required surface, it shall be done in layers of not more than six (6) inches in depth, and each layer shall be dampened and thoroughly rolled or tamped before another layer is added.

Sec. 8. The work shall be brought to a sub-grade or surface of the required depth below the established grade of the street and shall be finished in the most perfect manner so as to be parallel with, and in every way made to conform in shape to the surface of the finished work. To effect this the ground shall be brought to an approximate finish slightly above the sub-grade. The City Engineer shall then set grade stakes and the contractor shall then stretch lines from these several stakes, both along and across the work, and dress down to the true surface, all irregularities as indicated by these lines. The surface shall then be rolled or tamped, when it shall again be dressed and re-rolled or re-tamped until the surface shall be true, smooth, compact and to the required surface.

Sec. 9. Such portions of the work as cannot be reached by the roller, and all places excavated below the sub-grade and re-filled, and all pipe trenches, and other places that cannot be properly compacted by the roller shall be tamped solidly by and at the expense of the contractor.

Sec. 10. Portland cement concrete gutters shall have a width of five (5) feet.

Sec. 11. The thickness shall be six (6) inches at the center, and at the edge adjoining the curb and shall be eight (8) inches at the outside edge, and shall be laid to conform to the cross-section of the street as shown on the plans and cross-sections on file in the office of the said City Engineer.

Sec. 12. All cement, gravel, or other materials, shall conform to the following requirements:

Sec. 13. No cement will be accepted, tested, or permitted to be used unless delivered in original packages with the manufacturer's name and brand of cement thereon.

Sec. 14. Tests of the cement will be made at a temperature of from sixty (60) to seventy (70) degrees Fahrenheit.

Sec. 15. Samples for test may be taken from every package delivered, and unless they meet the requirements herein specified such packages may be rejected.

Sec. 16. The sieves used for testing cement for fineness and for gauging the sand to be used in making briquettes for sand tests shall be as follows:

Sec. 17. No. 20 sieve shall have 400 meshes to the square inch, and shall be made of wire cloth, No. 28 wire, Stubb's wire gauge.

No. 30 sieve shall have 900 meshes to the square inch, and shall be made of wire cloth No. 31 wire, Stubb's wire gauge.

No. 50 sieve shall have 2500 meshes to the square inch, and shall be made of wire cloth, No. 36 wire, Stubb's wire gauge.

No. 100 sieve shall have 10,000 meshes to the square inch, and shall be made of wire cloth, No. 40 wire Stubb's wire gauge.

Sec. 18. Briquettes for testing tensile strength of cement will be made both of neat cement and of cement and sand in the proportions hereinafter specified, with only water enough to thoroughly moisten the mixture and make it coherent.

Sec. 19. After being thoroughly mixed on a glass plate the mortar shall be firmly pressed into the moulds by hand, and the briquettes so formed placed upon a glass plate and kept there until put in water.

Sec. 20. The sand used in preparing briquettes shall be clean, sharp and of such size that it will pass through a number twenty (20) sieve and be retained on a number

thirty (30) sieve.

Sec. 21. Round pats of neat cement about three inches in diameter, half inch thick at the center and tapering to a feather edge, mixed in the same manner as the neat cement briquettes and placed on a glass plate, shall not show any signs of warping or cracking after seven (7) days in either air or water.

Sec. 22. Any cement showing signs of swelling, after being mixed, will be rejected.

Sec. 23. Portland cement shall be ground to such a degree of fineness that not less than ninety-eight (98) per cent by weight shall pass a number fifty (50) sieve, and not less than ninety (90) per cent by weight shall pass a number one hundred (100) sieve.

Sec. 24. The ultimate tensile strength of briquettes, one square inch in cross-section, made of neat Portland cement, shall be as follows: One (1) day in air and six (6) days in water 375 pounds; One (1) day in air and twenty-seven days in water 510 pounds.

Sec. 25. The ultimate tensile strength of briquettes one inch square in cross-section made of one part by weight of Portland cement and three (3) parts of sand, shall be as follows: One (1) day in air and six (6) days in water 220 pounds. One (1) day in air and twenty-seven (27) days in water, 190 pounds.

Sec. 26. Gravel used for concrete shall be of such size that the greatest diameter of any pebble will not exceed one and one-half (1-1/2) inches nor the least dimension of any pebble be less than one quarter (1/4) of an inch, and must be free from dust, dirt or other foreign matter.

Sec. 27. Water shall be fresh and free from earth, dirt or sewerage.

Sec. 28. The cement and sand in the specified proportions, by volume, shall be thoroughly mixed dry on a tight platform with shovels or hoes until no streaks of cement are visible. Upon mixture there shall be spread the proper quantity of gravel. The mass shall then be thoroughly turned over with shovels or hoes not less than three (3) times or until every pebble or piece of stone is completely coated with mortar. Water shall be added by sprinkling during the process of mixing in quantities to secure the required consistency.

Sec. 29. The cement and sand for mortar in the specified proportions, shall be thoroughly mixed dry, on a tight platform, with shovels or hoes, until no streaks of cement are visible. Water shall be added to the sand and cement, mixed in accordance with the foregoing directions, in sufficient quantities to produce a mortar of the desired consistency and the whole thoroughly mixed with shovels or hoes until a homogeneous mass is produced.

Sec. 30. The mortar while fresh, shall be spread upon the concrete base before the latter has set, in such quantities that after being thoroughly manipulated and spread over the concrete it will make a layer one inch thick conforming to the required grade and cross-section, which shall be thoroughly dressed and smoothed.

Sec. 31. Board or timber forms shall be provided by the contractor to mould the concrete and mortar to the required shape, and shall be left until the concrete or mortar is set.

Sec. 32. Retempering of concrete or mortar shall not be permitted, and mortar or concrete that has begun to set before ramming is completed shall be removed from the work.

Sec. 33. All surfaces on or against which concrete is to be laid shall be thoroughly

cleaned and dampened by sprinkling with water just previous to placing the concrete.

Sec. 34. The concrete shall be evenly spread upon the foundation, as soon as mixed, in a layer of such depth that after having been thoroughly compacted with rammers it shall not be in any place less than the thickness called for, and the upper surface shall be parallel with the proposed surface of the completed work.

Sec. 35. Concrete shall not be mixed in larger quantities than is required for immediate use, and no batch shall be larger than can be made of one barrel of cement with the proportions of sand and stone specified.

Sec. 36. Portland cement concrete shall be composed of one (1) part by volume of cement; two (2) parts of sand and four (4) parts of gravel. The moulds shall be banked up solidly so that no movement shall take place when the concrete is being tamped. The moulds shall be filled with concrete as hereinafter specified and thoroughly tamped to within one (1) inch of the finished surface. The final layer of one (1) inch of mortar shall be one (1) part of cement to one (1) part of sand, filled in and finished with a trowel. After standing for twelve hours it shall be covered with wet earth and kept so covered for ten (10) days.

Sec. 37. The contract price shall be per linear foot of gutter complete, and shall include all labor and material, and all expense direct or indirect connected with the proper execution of the work and maintaining it in perfect condition until it shall have been finally accepted by the said Superintendent of Streets, and the removal from the streets of all surplus dirt and material which may result from the doing of said work.

Sec. 38. The contract shall give twelve (12) hours notice in writing when he shall require the services of the City Engineer for laying out any portion of the work. He shall preserve all the stakes set for lines, levels, or measurements of the work by the City Engineer in their proper places. Any expense in replacing said stakes which the contractor or his agents or employees may have failed to preserve, shall be borne by the contractor. The contractor shall, when required to do so, by the said Superintendent of Streets, remove from the work any overseer, superintendent, laborer, or any other person employed on the work, who shall refuse or neglect to obey the said Superintendent of Streets in any manner relating to the work, or who shall perform his work in a manner contrary to these specifications, or who shall be found to be incompetent or unfaithful.

Sec. 39. All loss or damage arising from the nature of the work to be done under these specifications, during the progress of the work, and before the acceptance thereof, or from any act or commission on the part of the contractor, or any agent or person employed by him, occurring in the course of the work, not authorized by these specifications, shall be sustained and borne by the contractor. The contractor shall remove all obstructions in a careful manner, and replace the same when necessary that the same should be replaced in as good condition as found, and to the proper grade, and all projecting stone or walks shall be neatly cut on the inside of the curb, and such cutting and resetting of curbing and replacing of paving shall be done as shall be necessary to make proper connections with the work already done on the cross streets. The contractor shall keep good and sufficient guards around said improvements, by fence or otherwise, to prevent accident, and shall hang thereon lights to burn from dusk to daylight, and the contractor shall hold the city harmless from any and all suits for damages arising from or out of and during the performance

of said work, or any portion thereof, and before the same has been accepted.

Sec. 40. All the work provided for herein must in all cases be done under the direction and to the satisfaction of the said Superintendent of Streets, and the materials used shall comply with the specifications herein contained, and be to the satisfaction of said Superintendent of Streets. No materials of any kind shall be used until they have been examined and approved by the said Superintendent of Streets, who shall have full power to condemn any work or material not in accordance with the specifications, and to require the contractor to immediately remove any work or material so condemned, and the contractor shall at his own expense, replace said work or materials to the satisfaction of said Superintendent of Streets. The decision of said Superintendent of Streets shall be final as to the quality of the work and materials used, unless the Common Council shall determine otherwise upon an appeal.

Sec. 41. Whenever the word "Contractor" is used in these specifications, it refers to the party or parties to whom the contract has been awarded for the construction of the work herein specified.

Sec. 42. Whenever the words "City Engineer" or "Street Superintendent" are used in these specifications, they refer, respectively, to the City Engineer and the Street Superintendent of the City of San Diego, State of California.

Said Resolution as adopted is as follows, viz:

CONCURRENT RESOLUTION No. 60.

WHEREAS, E. Bartlett Webster, an applicant for a franchise to construct, operate and maintain for a period of twenty-five years a street railway track along and upon certain streets in the City of San Diego, California, did on the 18th day of September, 1905, file with the Common Council of said City an application for said street railway franchise being document No. 10923 which application describes said franchise and is now on file in the office of the City Clerk of the said City of San Diego; and

WHEREAS, said Common Council is desirous of granting said franchise with certain changes and additions thereto, and of offering to grant the same to the person, company or corporation who will pay the highest sum for such franchise; and,

WHEREAS, the said common council by concurrent resolution No. 55 approved by the mayor of said City of San Diego on the 23rd day of October, 1905, now on file in the office of the City Clerk of said City determined that said franchise with certain changes and additions thereto as specified in said concurrent resolution should be granted; and

WHEREAS, said Common Council is desirous of causing notice of such application for

such franchise and of said resolution to be published for ten days and of offering said franchise for sale;

NOW, THEREFORE, BE IT RESOLVED By the Common Council of the City of San Diego, as follows: That the said Common Council does hereby cause notice of such application and said Resolution and of the adoption of said Concurrent Resolution to be published for ten days in the City official newspaper of said City, to-wit, the San Diego Union and Daily Bee, which notice shall specify the route over and along which the said Common Council has, by said Concurrent Resolution, determined to grant such franchise; that said Common Council hereby offers to grant said franchise, as described in said Concurrent Resolution, to the person, company or corporation who will pay the highest sum for said franchise, and said notice shall state that the said Common Council offers to grant said franchise, as described in said Concurrent Resolution, to the person, company or corporation who will pay the highest sum for said franchise and that sealed bids will be received by this Common Council at its chamber for said franchise, up to a certain hour and day specified in said notice and that it will be awarded to the highest bidder; said notice shall state the character of said franchise so determined to be granted and the terms and conditions upon which the same has been determined to be granted, as described in said Concurrent Resolution and shall also state that no bill for the grant of such franchise shall be finally passed within thirty days after its introduction; that the said City Clerk be, and he is hereby, authorized and directed for and on behalf and as the act and deed of said Common Council, immediately after the approval of this Resolution to prepare and sign said notice and to publish or cause to be published said notice as herein specified.

That the bidding for such franchise must be in accordance with the provisions of the Charter of the said City of San Diego in relating to bids made to the Board of Public Works of said City, so far as such provision may be applicable, and the said Common Council hereby reserves the right to reject any and all bids, and said notice shall state that said Common Council reserves the right to reject any and all bids.

All bids must be in writing with an affidavit of the bidder thereon that his bid is genuine and not sham or collusive, or made in the interest or on behalf of any person not therein named, and that the bidder has not directly or indirectly induced or solicited any other bidder to put in a sham bid, or any other person or corporation to refrain from bidding, and that the bidder has not in any manner sought by collusion to secure to himself any advantage over other bidders. Any bid made without such affidavit or in violation thereof shall be absolutely void. No person, corporation or firm shall be allowed to make, file or be interested in more than one bid for the said franchise. If, on the opening of said bids, more than one bid appears in which the same person, corporation or firm is interested, all such bids shall be rejected.

That this Concurrent Resolution shall take effect and be in force from and after its passage and approval.

That the City Clerk of the said City of San Diego be, and he is hereby, authorized and directed, immediately after the approval of this Resolution, to publish or cause the same to be published once in the City official newspaper of said City, to-wit, the San Diego Union and Daily Bee.

The Clerk presents the affidavit of the publication of Concurrent Resolution No. 54, determining to grant a street railway franchise on 30th street, from Dartmouth to Vassar street, which affidavit is ordered filed.

Thereupon a Concurrent Resolution advertising for sale a street railway franchise on said streets, is read and on motion of Councilman Johnson adopted by the following vote, to-wit:

AYES---COUNCILMEN:-Thorpe, Blochman, Kelly, McNeill, Creelman, Johnson, Goldkamp, and Osborn.

NOES---NONE.

ABSENT-COUNCILMAN:-Reynolds.

The Said Resolution as adopted is as follows, viz:

CONCURRENT RESOLUTION No. 59.

WHEREAS, E. Bartlett Webster, an applicant for a franchise to construct, operate and maintain for a period of twenty-five years a street railway track along and upon certain streets in the City of San Diego, California, did on the 16th day of September, 1905, file with the Common Council of said City an application for said street railway franchise, being Document No. 10917, which application describes said franchise and is now on file in the office of the City Clerk of the said City of San Diego; and

WHEREAS, said Common Council is desirous of granting said franchise with certain changes and additions thereto, and of offering to grant the same to the person, company or corporation who will pay the highest sum for such franchise; and,

WHEREAS, the said Common Council by concurrent resolution No. 54 approved by the Mayor of said City of San Diego on the 23rd day of October, 1905, now on file in the office of the City Clerk of said City, determined that said franchise with certain changes and additions thereto as specified in said concurrent resolution should be granted; and

WHEREAS, said Common Council is desirous of causing notice of such application for such franchise and of said resolution to be published for ten days and of offering said franchise for sale;

NOW, THEREFORE, BE IT RESOLVED, By the Common Council of the City of San Diego, as follows: That the said Common Council does hereby cause notice of such application and said Resolution and of the adoption of said Concurrent Resolution to be published for ten days in the City official newspaper of said City, to-wit, the San Diego Union and Daily Bee, which notice shall specify the route over and along which the said Common Council has, by said Concurrent Resolution, determined to grant such franchise; that said Common Council hereby offers to grant said franchise, as described in said Concurrent Resolution, to the person, company or corporation who will pay the highest sum for said franchise, and said notice shall state that the said Common Council offers to grant said franchise, as described in said Concurrent Resolution to the person, company or corporation who will pay the highest sum for said franchise and that sealed bids will be received by this Common Council at its chamber for said franchise, up to a certain hour and day specified in said notice and that it will be awarded to the highest bidder; said notice shall state the character of said franchise so determined to be granted and the terms and conditions upon which the same has been determined to be granted, as described in said Concurrent Resolution, and shall also state that no bill for the grant of such franchise shall be finally passed within thirty days after its introduction; that the said City Clerk be, and he is hereby, authorized and

directed for and on behalf and as the act and deed of said Common Council, immediately after the approval of this Resolution to prepare and sign said notice and to publish or cause to be published said notice as herein specified.

That the bidding for such franchise must be in accordance with the provisions of the charter of the said City of San Diego in relation to bids made to the Board of Public Works of said City so far as such provisions may be applicable, and the said Common Council hereby reserves the right to reject any and all bids, and said notice shall state that the said Common Council reserves the right to reject any and all bids.

All bids must be in writing with an affidavit of the bidder thereon that his bid is genuine and not sham or collusive, or made in the interest or on behalf of any person not therein named, and that the bidder has not directly or indirectly induced or solicited any other bidder to put in a sham bid, or any other person or corporation to refrain from bidding, and that the bidder has not in any manner sought by collusion to secure to himself any advantage over other bidders. Any bid made without such affidavit or in violation thereof, shall be absolutely void. No person, corporation or firm shall be allowed to make file or be interested in more than one bid for the said franchise. If, on the opening of said bids more than one bid appears in which the same person, corporation or firm is interested, all such bids shall be rejected.

That this Concurrent Resolution shall take effect and be in force from and after its passage and approval.

That the City Clerk of the said City of San Diego be, and he is hereby authorized and directed, immediately after the approval of this Resolution, to publish or cause the same to be published once in the City official newspaper of said City, to-wit, the San Diego Union and Daily Bee.

A Message from the Mayor vetoing an ordinance authorizing the Board of Public Works to construct cross-walks on "H" street from 17th to 22nd streets, is presented and read, viz:

I hereby return without my approval, this ordinance entitled, "An Ordinance Providing for the Construction of Cross-walks on "H" street from the west line of Seventeenth street to the east line of Twenty-second street".

The improvement hereby contemplated would be desirable, but I question the wisdom of adopting the policy herein presented, viz: that street improvements of this nature be made at the expense of the city.

If this enactment be permitted to become an ordinance for the benefit of this particular locality at an estimated public expense of \$493.74, it is only reasonable to presume that the residents of other localities in all of the nine wards of the city would desire and expect their own respective sections cross-walked at public expense.

The amount of money that can normally and reasonably be provided for the Street Fund would be entirely inadequate to permit such a policy to obtain.

My interpretations of the laws of the state regarding street improvements is, that all work having in view the grading, sidewalking, paving, guttering, cross-walking, &c., of streets should be done at the expense of the property owners, until the street is fully improved and has been accepted by the city. A street having been accepted by the city, then the responsibility of maintaining that street in repair devolves upon the city. In certain sections of the city the property owners have voluntarily put down these cross-walks at their own expense, and I would recommend that a similar method be followed in this instance.

If this improvement be deemed essential and no concerted action be instituted by the property owners, then the Common Council, under the Vrooman Act, may take the necessary steps to have these cross-walks laid at the expense of the property owners.

JOHN L. SEHON,

Mayor of the City of San Diego, California.

San Diego, Calif., Dec. 15th, 1905.  
To the Honorable Common Council  
of the City of San Diego, California.

Gentlemen:-

At a meeting of the Street Committee held this date, several communications from the City Attorney were read, calling the attention of the Committee to the grading of streets on the district plan.

After giving this matter careful consideration your Committee believes that unless the work to be done is of more than local and ordinary public benefit, it should be done upon the front-foot plan.

We therefore recommend that in the matter of petitions of property owners for the grading of 15th street from "C" street to the City Park, and the paving of "D" street from Sixth to Eighth streets, the best interest of the property owners on said streets will be best served by doing said work on the front-foot plan.

Respectfully submitted.

The following Report of the Street Committee in the matter of the drainage of land north of "M" street, is read and on motion said report is adopted, viz:

San Diego, Cal., Dec. 15th, 1905.

To the Honorable Common Council

of the City of San Diego, California.

Gentlemen:-

At a meeting of the Street Committee held this date, the attention of your Committee was called to the very inadequate means of draining the property lying north of "M" street. As there were no culverts provided for in the grading of "M" street through what is known as the "M" street flat, the water from the heavy rains accumulates north of "M" street to a depth of several feet, in some cases entirely surrounding the houses built in this locality.

In view of these facts your Committee believes that some action should be taken towards the proper drainage of this land and we therefore recommend as follows:

That the City Engineer be directed to furnish an estimate of the cost for the construction of a vitrified sewer pipe culvert from the south line of "L" street to the north line of "N" street.

Said culvert to be constructed on the small strip of land now owned by the City, which strip of land is about thirteen feet wide and lies about one hundred feet east of the east line of Twenty-ninth street and runs from "L" to "N" streets.

Your Committee has prepared a Resolution to carry this recommendation into effect and we herewith respectfully recommend the adoption of the same.

W.F. Ludington,  
Chas. Kelly,  
Committee.

ATTEST:

*J.T. Butler*  
*By W.E. Bartlett*

City Clerk.  
Deputy

*E.A. Johnson*  
President of the Common Council of the City of San Diego, California.

The first part of the document discusses the general principles of the law of contract, which are derived from the common law. It is essential to understand these principles in order to apply them to specific cases. The law of contract is a branch of the law that deals with the legal relations between two or more parties who have entered into an agreement. The agreement must be legally binding, and the parties must have the intention to create legal relations.

The second part of the document deals with the formation of a contract. A contract is formed when there is an offer and an acceptance. The offer must be clear and definite, and the acceptance must be made in response to the offer. The contract must also be supported by consideration, which is something of value that is exchanged between the parties.

The third part of the document discusses the performance of a contract. The parties to a contract are bound to perform their obligations under the contract. If a party fails to perform, the other party may be entitled to damages. The law of contract also deals with the discharge of a contract, which can occur through agreement, frustration, or breach.

The fourth part of the document deals with the remedies available for breach of contract. The most common remedy is damages, which are intended to put the injured party in the position they would have been in had the contract been performed. Other remedies include specific performance and injunctions.

The fifth part of the document discusses the law of agency. An agent is a person who is authorized to act on behalf of another person, the principal. The law of agency deals with the relationship between the agent and the principal, and the legal consequences of the agent's actions.

The sixth part of the document deals with the law of tort. A tort is a civil wrong that causes harm to another person. The law of tort deals with the legal liability of a person who has committed a tort. The most common tort is negligence, which occurs when a person fails to exercise reasonable care, causing harm to another person.

The seventh part of the document discusses the law of property. Property is a legal right that a person has in a thing. The law of property deals with the acquisition, transfer, and protection of property. The most common types of property are real property and personal property.

The eighth part of the document deals with the law of trusts. A trust is a legal arrangement in which one person, the trustee, holds property for the benefit of another person, the beneficiary. The law of trusts deals with the creation, administration, and termination of trusts.

The ninth part of the document discusses the law of succession. Succession is the process by which a person's property is transferred to another person after their death. The law of succession deals with the rights of the beneficiaries and the duties of the executor or administrator of the estate.

The tenth part of the document deals with the law of evidence. Evidence is information that is used to prove or disprove a fact in a legal proceeding. The law of evidence deals with the rules that govern the admission and use of evidence in court.

The eleventh part of the document discusses the law of procedure. Procedure is the set of rules that govern the conduct of a legal proceeding. The law of procedure deals with the rules that govern the filing of pleadings, the discovery process, and the trial.

The twelfth part of the document deals with the law of arbitration. Arbitration is a method of resolving disputes outside of court. The law of arbitration deals with the rules that govern the arbitration process, including the selection of arbitrators and the enforcement of arbitral awards.

The thirteenth part of the document discusses the law of consumer protection. Consumer protection is the law that is designed to protect consumers from unfair and deceptive practices. The law of consumer protection deals with the rights of consumers and the duties of businesses.

The fourteenth part of the document deals with the law of intellectual property. Intellectual property is a legal right that a person has in their creative works. The law of intellectual property deals with the rights of creators and the protection of their works.

The fifteenth part of the document discusses the law of international trade. International trade is the exchange of goods and services between different countries. The law of international trade deals with the rules that govern international trade, including trade agreements and customs.

The sixteenth part of the document deals with the law of international law. International law is the law that governs the relationships between different countries. The law of international law deals with the rights and duties of states and international organizations.

The seventeenth part of the document discusses the law of human rights. Human rights are the rights that are inherent to all human beings. The law of human rights deals with the protection of these rights and the enforcement of international human rights law.

The eighteenth part of the document deals with the law of environmental law. Environmental law is the law that is designed to protect the environment. The law of environmental law deals with the regulation of activities that can harm the environment.

The nineteenth part of the document discusses the law of labor law. Labor law is the law that governs the relationship between employers and employees. The law of labor law deals with the rights of workers and the duties of employers.

The twentieth part of the document deals with the law of tax law. Tax law is the law that governs the collection and payment of taxes. The law of tax law deals with the rights and duties of taxpayers and the enforcement of tax laws.

The following Amended Report of the Street Committee in the matter of establishing and constructing a boulevard from La Jolla and terminating in Pueblo Lot 1319, is read and adopted, viz:

San Diego, California, Dec. 29th, 1905.

To the Honorable

The Common Council of the City of San Diego.

Gentlemen:-

Your Committee on Streets, Alleys, Highways and Parks beg to state that through an unintentional omission, its report of December 15th, 1905, touching a public highway from La Jolla and terminating in Pueblo Lot 1319, was insufficient in that it did not specify all of the lots through which said road is to be laid. We, therefore, ask leave to amend the report in the following respect:

It appears from the Communication of the City Engineer that said road will be laid through Pueblo Lots Nos. 1319, 1318, 1307, 1308, 1317, 1316, 1315, 1314, 1311, 1312, 1298, and 1297, according to the courses and distances specified in said Communication. We beg to recommend that the road be laid and located in all particulars as specified in said Communication of the City Engineer, and the City Attorney be authorized to make such reasonable expenditure as may be necessary to ascertain the names of the several owners of the property through which said road is to be constructed and procure deeds of property upon such terms as may be ratified by the Council; and, further, that condemnation proceedings

may be instituted to secure the necessary right of way through such property as said road is located across and which cannot otherwise be secured. And to this end, we recommend the adoption of the \_\_\_\_\_ herewith transmitted.

Respectfully,

W.F. Ludington,

Chas. Kelly.

The following Report of the Special Committee in the matter of a sewer line at La Jolla, is read and adopted, viz:

San Diego, Calif., January 2nd, 1906.

To the Honorable Common Council,

of the City of San Diego, California.

Gentlemen:-

Your Special Committee to whom was referred the protest of certain property owner of La Jolla against the sewer line recently constructed by Mrs. J.F. Carey, herewith reports as follows:

We recommend that the portion of said sewer line overhanging the bluff at the La Jolla Caves, be taken up and re-laid on the crest of said bluff in an easterly direction for about sixty feet, or for sufficient distance to allow said sewer line to be constructed down the face of said bluff on the east side of the ridge which projects from the bluff at this point, and which will naturally conceal said pipe line; said pipe line to be constructed down the bluff to a point as near the water as practicable.

Respectfully submitted,

The following Message from the Mayor vetoing an Ordinance repealing Ordinance No. 2141 in the matter of Municipal Licenses, is presented and read, viz:)

I hereby return without my approval, this Ordinance entitled, "An Ordinance repealing Ordinance No. 2141"-- Said ordinance No. 2141 being "An ordinance imposing municipal licenses in the City of San Diego, California, and providing the manner of issuing and collecting the same, regulating the manufacture, sale, and giving away spirituous, vinous, or malt liquors in said City, and the hours for opening and closing places where such liquors are sold, prohibiting screens and other obstructions, limiting the number of licenses to be issued, and prescribing the duties of certain officers of said City, and fixing a penalty

for the violation of said ordinance."

An examination of the ordinance hereby presented for executive consideration discloses that the entire and whole purport of this said ordinance is to repeal and terminate the provisions as an entirety of Ordinance No. 2141. It creates nothing -- it substitutes nothing. It is therefore wholly a proposition of negation. Ordinance No. 2141, which this proposed ordinance undertakes to remove from our municipal ordinances in addition to containing other features, is a codification of various ordinances pertaining to the liquor business that have been enacted by the Common Council, and considered necessary for the control and regulation of said liquor business. Section 27 of Ordinance 2141 repeals former ordinances (1541 and 1570) concerning the liquor business.

In repealing Ordinance No. 2141 the Common Council may have imagined that such action would serve to revive or to again make operative the municipal enactments, which have been replaced by Ordinance No. 2141. Such a supposition is erroneous. The enactment of Section 27 (repealing clause) of Ordinance No. 2141 caused the prior ordinances No. 1541 and 1570 specially repealed therein to become finalities, and the said ordinances No. 1541 and 1570 could only again exist and become of force when re-enacted.

See Section 328 of the Political Code of California, which reads as follows:

Section 328. ACT NOT REVIVED BY REPEALING THE ACT REPEALING IT. No act or part of an act, repealed by another act of the Legislature, is revived by the repeal of the repealing act without express words reviving such repealed act or part of an act. (En. March 12th, 1872).

I am advised by the City Attorney that if this repealing ordinance should be permitted to go into effect, in his opinion, the City Auditor would not have authority to receive any license money for the carrying on of the liquor business in this City, and further that within the limits prescribed any person could engage in the business and conduct the same without let or hindrance by the City Authorities. A copy of the opinion rendered by the City Attorney is returned herewith.

Any contemplated revision by the Common Council of municipal enactments respecting the liquor business should be prepared by the City Attorney under the direction of the Common Council, or a Committee thereof, and presented in exact and concrete form for careful study and deliberate consideration upon the part of the legislative body.

John L. Sehon,  
Mayor of the City of San Diego, California.

San Diego, California, December 23rd, 1905.

Councilman Blochman now moves that said ordinance be adopted notwithstanding the veto of the Mayor, which motion is adopted by the following vote, to-wit:

- AYES---COUNCILMEN:-Ludington, Blochman, McNeill, Creelman, Reynolds and Goldkamp.
- NOES---COUNCILMEN:-Thorpe, Kelly, and Johnson.

The following Message from the Mayor vetoing an ordinance establishing grade of sidewalks and curbs along the Boulevard following the south line of the City Park from 6th to 8th streets, is presented and read, viz:

I hereby return, without my approval, this ordinance entitled, "An ordinance establishing the grade of sidewalks and curbs along the Boulevard following the south line of the City Park from the east line of Sixth street to the west line of Eighth street in the City of San Diego, State of California."

This ordinance prescribes certain grades and widths of the Boulevard in conflict with the general plans provided by the Park Commissioners for the improvement and general development of the Park.

Matters connected with the laying out and improvement of the public parks devolve upon the Board of Park Commissioners, which Board has exclusive control and management of the same. See sec. 3, Chap. 7, Art. V, of the Charter of the City of San Diego, California, as amended, which reads as follows:

"Section 3. All parks, plazas and squares now open and dedicated to the public use, or which may hereafter be opened or dedicated to the public use, shall be under the exclusive control and management of said Board of Park Commissioners, with power to lay out, regulate and improve the same."

John L. Sehon,

Mayor of the City of San Diego, California.

A Message from the Mayor vetoing an ordinance imposing municipal licenses, providing the manner of issuing and collecting the same, is presented and read, viz:

I hereby return, without my approval, this ordinance entitled, "An Ordinance Imposing Municipal Licenses in the City of San Diego, California, and Providing the Manner of Issuing and Collecting the same, Regulating the Manufacture, Sale and giving away Spirituous Vinous, or Malt Liquors in said City, and the Hours for Opening and Closing Places Where Such Liquors Are Sold, Prohibiting Screens and other Obstructions, Limiting the Number

of Licenses to be Issued, and Prescribing the Duties of Certain Officers of said City, and Fixing a Penalty for the Violation of said Ordinance."

Prior to passing upon the merits of the issue presented in this ordinance, and preliminary to recording my conclusions concerning certain features thereof, I deem it appropriate to briefly refer to the status of the several successive municipal Legislative acts pending the adoption of this ordinance January 15th, 1906. This ordinance purports to present in detail a "municipal code" for the regulation of the liquor traffic, and is designed to supplant Ordinance No. 2141, known as the "Kelly Ordinance", the repeal of which ordinance was sought by the adoption January 15th, 1906, of Ordinance No. 2316, effective February 15th, 1906.

In both Ordinance No. 2141 (Kelly ordinance) and this present ordinance (Goldkamp) are incorporated the provisions of the two ordinances, No. 1998 - prohibiting screens, &c., - and No. 1999 - providing for Sunday closing, &c., both of which ordinances were adopted by a vote of the people April 4th, 1905.

Under section 3, Chapter IV, Article I, of the city charter, as amended, a petition was filed with the city clerk January 23rd, 1906, invoking the referendum upon Ordinance No. 2316, repealing the Kelly ordinance (#2141). It is, therefore, necessary in a consideration of this ordinance, to in a measure include all the ordinances referred to as involved in the matter at issue, and also to determine what effect upon the subject, if any, will following from the fact that a petition has been filed invoking the referendum upon Ordinance No. 2316.

The main points of difference between the Kelly ordinance (No. 2141) and the present ordinance (Goldkamp) are as follows: Section 7 of the Goldkamp ordinance in the concluding portion contains a specific authorization for licensed hotels, restaurants or eating houses to serve certain drinks with meals on Sundays during certain hours; section 19 of the Goldkamp ordinance specifically excepts "drinks and cigars" from that part of the inhibition against gambling. These two sections, numbered alike in both ordinances, have caused a wide divergence of public thought. The injection of a specific provision in section 7 in this ordinance authorizing licensed hotels, restaurants or eating houses to serve certain drinks on Sunday during certain hours is in effect an attempt to amend, to this extent, the People's ordinance (No. 1999), which ordinance should be accepted in this matter as a strict mandate of the will of the people. In brief, while the common council is competent to alter, amend or repeal its own enactments; and in the exercise of its charter powers may add greater restrictions and limitations even to an ordinance adopted by the people (unless in such ordinance further restrictions are expressly forbidden), it is, however, not within the power of the Common Council to remove or lessen any restriction imposed by an ordinance adopted by a vote of the people.

It may be true that a liberal construction of the People's ordinance (No. 1999) would permit hotels and restaurants to serve certain liquors with meals on Sundays; but it is not within the power of the Common Council to attempt to construe or interpret the full meaning of any part of an ordinance adopted by the people. This is a judicial function - the duty of a proper court of law to pass upon and determine what construction should be placed upon any part of an ordinance so adopted.

In addition to this objection above named, there has been filed with the city Clerk a petition invoking the referendum upon Ordinance No. 2316, repealing the Kelly ordinance

(No.2141). If this petition contains a sufficient number of qualified electors protesting against said ordinance, it acts as an estoppel to Ordinance 2316 going into effect February 15th, 1906, and consequently the Kelly ordinance (No.2141) will not lapse or be repealed February 15th, 1906, but will remain in full force and effect. Here again are then presented two conflicting ordinances remaining on the municipal statute book.

Under section 3, Chapter IV, Article I, of the city charter, as amended, it is mandatory upon the Common Council, when the referendum is invoked, to adopt one of these alternative forms of procedure: First, to reconsider the objectionable ordinance and entirely repeal the same; second, if the objectionable ordinance be not entirely repealed, it must then be submitted to a vote of the people either at the next general election or else at a special election to be called for that purpose.

It should be the wish of the legislative body to sustain the will and the enactments of the people, and while there is this pronounced disparity in the views entertained by many citizens regarding the extent of control to be exercised in regulating the liquor traffic, I believe that if the Common Council will acquiesce in following a proper procedure, the matters now at issue may be adjusted in an admittedly equitable manner.

Such a procedure would be as follows: First, the common Council to repeal Ordinance No.2316, as provided in section 3, Chapter IV, Article I of the city charter as amended;

Second, then amend Ordinance No.2141 (Kelly) so that it would be a codification ordinance containing all ordinances concerning the liquor traffic which were in force at the time of the adoption of Ordinance No.2141 (making such corrections or changes as correct grammatical construction may now require); and incorporate the provisions of Ordinances Nos.1998 and 1999 (People's Ordinances) so that these sections may read in precise and exact words as adopted by the vote of the people.

John L. Sehon,  
Mayor of the City of San Diego, California.  
San Diego, California, January 25th, 1906.

Councilman Blochman now moves that said ordinance be adopted notwithstanding the veto of the Mayor, which motion is adopted by the following vote, to-wit:

The following Report of the Finance Committee in the matter of expenses of men employed in City Engineer's Department, is read and adopted, viz:

San Diego, California, February 16th, 1906.

To the Honorable Common Council,  
of the City of San Diego, California.

Gentlemen:-

The Finance Committee recommend that the City Attorney be requested to prepare an ordinance providing for the necessary expenses of men employed in the Engineer's Department when the work to be performed is too remote from the Engineer's Office, for the men to perform a reasonable days work and return to the office the same day.

That the compensation of men so employed be fixed at an amount that will give to the men the customary wages or wages they now receive - after paying expenses incurred in performing said work, and necessitated on account of it not being possible for them to perform said work and return to the office on the same day or days said work is performed.

The following Message from the Mayor vetoing a Resolution authorizing improvements on the south line of the City Park from 6th to 8th streets, is read viz:

I hereby return without my approval this Resolution adopted by the common council January 29th, 1906. This Resolution prescribes a plan of improving a certain part of the 1400 acre public park lying along the south line thereof between the east line of Sixth street and the west line of Eighth street in a manner which materially conflicts with the general plans adopted by the Board of Park Commissioners.

Whilst all general ordinances of the common council concerning the preservation of the public peace and the public health of the city are to be held as binding and enforceable within the confines and limits of the public parks, the exclusive management and control of the said public parks, with power to lay out, regulate and improve the same, is vested in the Board of Park Commissioners. See Sec. 3, Chap. VII, Art. V, of the city charter as amended, which reads as follows:

"Sec. 3. All parks, plazas, and squares now open and dedicated to the public use, or which may hereafter be opened or dedicated to the public use, shall be under the exclusive control and management of said Board of Park Commissioners, with power to lay out, regulate and improve the same."

The language of the charter is clear, and unmistakable and is conclusive in respect

to the particular manner in which all park improvements are to be determined and also as to the body wherein the park administration is vested.

I, therefore, conclude that any attempt by the legislative body to prescribe or in any manner direct the nature of the improvements within the limits of the public parks is an attempt to exercise an authority not within the power of the Common Council.

John L. Sehon,

Mayor of the City of San Diego, California.

The following Report of the Water Committee in the matter of fixing water rates commencing July 1st, 1906, is read and adopted, viz:

San Diego, California, February 23rd, 1906.

Honorable Common Council of the

City of San Diego, California.

Gentlemen:-

Your Water Committee, to whom was referred and Ordinance fixing water rates in the City of San Diego, together with certain petitions and communications, protesting against any increase in water rates, herewith reports and recommends as follows:

We recommend that paragraph 21 of Section 1 be amended, by reducing the rate for irrigation purposes on one-half acre or more, from ten cents to six cents per one thousand gallons.

That paragraph 41 of Section 1 be amended by reducing the rate to be charged for water used by Public Parks, from ten cents to six cents per one thousand gallons.

Also that the following paragraphs be added to Section 1, as amendments thereto, viz:

42. All water furnished to St. Joseph's Hospital, and Fort Rosecrans, shall be measured by meter, and paid for at the rate of fifteen cents per one thousand gallons; provided, that irrigation rates shall not apply to any water used by the above mentioned consumers.

43. All water furnished to the Street Department of said City, for street sprinkling and other purposes, shall be charged to the Street Fund of said City, and credited to water fund of said City, and the rate therefor shall be six cents per one thousand gallons.

44. All water furnished to the Sewer Department, for flushing sewer in said City, shall be charged to the Sewer Fund of said City, and credited to the Water Fund of said City, and the rate therefor shall be six cents per one thousand gallons.

45. For each and every fire hydrant in the City of San Diego, the sum of \$5.00 per hydrant shall be charged, said amount to be charged against the Fire Department Fund, and credited to the Water Fund of said City.

George McNeill,  
W.F. Ludington, Committee.

The following amendments to an ordinance establishing the water rates commencing July 1st, 1906, are presented and read, viz:

42. All water furnished to St. Joseph's Hospital, and Fort Rosecrans, shall be measured by meter, and paid for at the rate of fifteen cents per one thousand gallons; provided, that irrigation rates shall not apply to any water used by the above mentioned consumers.

43. All water furnished to the Street Department of said City, for street sprinkling and other purposes, shall be charged to the Street Fund of said City, and credited to Water Fund of said City, and the rate therefor shall be six cents per one thousand gallons.

44. All water furnished to the Sewer Department, for flushing sewers in said city, shall be charged to the Sewer Fund of said City, and credited to the Water Fund of said City, and the rate therefor shall be six cents per one thousand gallons.

45. For each and every fire hydrant in the City of San Diego, the sum of \$5.00 per hydrant shall be charged, said amount to be charged against the Fire Department Fund and credited to the Water Fund of said City.

A Message from the Mayor vetoing an ordinance establishing the grade elevations of Park Avenue, is read and ordered filed, viz:

I hereby return, without my approval, this ordinance entitled, "An Ordinance Establishing the grade Elevations of Park Avenue in the City of San Diego, California,"

This ordinance purports to establish the grade elevations of a boulevard 100 feet wide, to be known as "Park Avenue," extending from the north line of Juniper street to the north line of Upas street, but situated wholly within the confines of the fourteen hundred acre public park. I am advised by the City Attorney that in his opinion the Common Council is acting without authority in prescribing this proposed improvement within the public park, and that it is a matter which properly lies within the jurisdiction of the Board of Park Commissioners. The opinion of the City Attorney in the matter is submitted herewith.

I consider that the grade elevations of all public municipal streets at the boundaries of the park should be determined by the common council, but that all matters connected with determining grade elevations, forms and widths of boulevards and manner of improvement of same within the limits of the public parks devolve upon the Board of Park Commissioners. I therefore recommend that the matter of prescribing the details of the said Park Avenue be referred to the Board of Park Commissioners for consideration and determination by that body.

John L. Sehon,  
Mayor of the City of San Diego, Cal.

San Diego, California, March 15th, 1906.

San Diego, Cal., April 9th, 1906.

To the Honorable Common Council

of the City of San Diego, California.

Gentlemen:-

At a recent meeting of your Street Committee, a petition of Property Owners for a sewer line in Eighth street between University and Monterey avenues, was presented and duly considered, with the result that said petition was recommended, with the provision that said sewer be laid after the grading of said street has been completed.

The attention of your Committee has since been called to the fact that it would be more economical to construct said sewer line before the grading of said street and we therefore recommend that our former report in said matter be rescinded.

Respectfully submitted,

W.F. LUDINGTON,

CHAS. KELLY,

L.A. CREELMAN.

The Report of the Ways and Means Committee recommending Tax Levy for the fiscal year 1906, is presented and read.

Councilman Ludington moves that said Report be adopted.

Whereupon Councilman Thorpe moves to amend said Report by including therein the sum of ten thousand dollars for La Jolla Sewers.

Councilman Thorpe now withdraws said motion to amend and the motion of Councilman Ludington is adopted.

Said Report as adopted is as follows, viz:

San Diego, Cal. May 10th, 1906.

To the Common Council,

City of San Diego.

Gentlemen:-

The Committee on Ways and Means to whom was referred the estimates of the probable necessities for the various departments of the City Government, together with the assessment roll for the fiscal year 1906, upon which to base the rate for municipal taxes, for the said year, herewith reports and recommends as follows:

Upon the total assessment roll for the fiscal year 1906, viz: \$20,013,835, we estimate that there will be a large percentage to be deducted therefrom on account of the discount allowed upon all taxes paid during the months of June, July and August and prior thereto, and we have therefore based our estimates upon a net valuation of \$19,000,000.

We recommend that the tax levy for the fiscal year, 1906, be fixed at \$1.28 upon the \$100. assessed valuation of property, which amount we recommend be apportioned to the various funds of the City as follows:

FIRE DEPARTMENT FUND.

For this fund we recommend a rate of .18 on each \$100. assessed valuation, which will raise \$34,200. This amount will suffice for the necessities of the department during the fiscal year, 1906.

SALARY FUND.

For this fund we recommend a rate of .183 on each \$100 assessed valuation which, together with the estimated receipts from other sources will raise \$70,000., and is sufficient to pay the salaries of the officers, deputies and clerks of the various departments of the City.

POICE DEPARTMENT FUND.

We recommend that no levy be made for this fund as we estimate that the expenses of this fund will be met by the receipts from the Police Court.

STREET FUND.

For this fund we recommend a rate of .262 upon each \$100. assessed valuation, which together with the estimated receipts from other sources will raise \$54,000., which is sufficient to pay all estimated expenses of the Street Department for the current fiscal year.

SEWER AND DRAINAGE FUND.

For this fund we recommend a rate of .055 upon each \$100. assessed valuation, which will raise \$10,450., which amount we estimate is sufficient to carry on this department for the current fiscal year.

STREET LIGHT FUND.

For this fund we recommend a rate of .105 upon each \$100. assessed valuation, which will raise \$19,950., and amount sufficient to pay the expenses of lighting the streets and public places for the year.

LIBRARY FUND.

For this fund we recommend a rate of .045 upon each \$100. assessed valuation, which

will raise \$8550., which amount is fully needed to properly maintain and operate the library donated to the City by Andrew Carnegie.

PUBLIC HEALTH FUND.

For this fund we recommend a rate of .006 upon each \$100. assessed valuation, which will raise \$1140., and will pay all of the estimated expenses of this department for the current fiscal year.

PUBLIC BUILDING FUND

The requirements of the Public Building Fund will be amply provided for by the apportionment to that fund, authorized by Ordinance #256, of one-fifth of the revenue accruing from the levy from liquor licenses. We therefore recommend that no levy be made for this fund.

OFFICE FUND.

For this fund we recommend a rate of .021 upon each \$100. assessed valuation, which will raise \$3990., and fully provide for the purchase of record books, stationery, supplies, etc., for the various departments of the City Government.

GENERAL FUND.

For this fund we recommend a rate of .043 upon each \$100. assessed valuation, which will raise \$8170., and fully provide for the miscellaneous expenses of the City.

LEGAL FUND.

We recommend no levy for the Legal Fund as the expenses thereof are met by transfers from the Delinquent Tax Fund in accordance with the provisions of Ordinance #1075.

DOG TAX FUND.

We recommend no levy for this fund as the City Charter provides that all expenses in connection with the operation of the City Pound be paid out of the receipts from dog license and fees from the Public Pound.

WATER FUND.

We recommend that the expenditures of the Water Department be kept within the amount of revenues of said department, we therefore recommend that no levy be made for the Water Fund.

PARK IMPROVEMENT FUND.

For this fund we recommend a rate of .07 upon each \$100. assessed valuation, which will raise \$13,300.

As there was an unexpended balance left in this fund at the beginning of the present fiscal year, amounting to the sum of \$1600, we believe that this levy will provide for the necessities of the said fund for the balance of the fiscal year.

SCHOOL BOND FUND.

For this fund we recommend a rate of .018 upon each \$100. assessed valuation which will be sufficient to provide for the necessities of the fund. Viz: \$3420.00.

REFUNDING BOND FUND.

For this fund we recommend a rate of .084 upon each \$100. assessed valuation, which will raise \$15,960., which amount is required to pay the redemption and interest on the Refunding Bonds for the current fiscal year.

WATER BOND FUND.

For this fund we recommend a rate of .208 upon the \$100. assessed valuation, which

will raise \$39,520.00, this being the amount required for redemption and interest by this fund.

BRIDGE, FIRE IMPROVEMENT, SEWER EXTENSION, WATER IMPROVEMENT,  
30th STREET WATER MAIN, AND "B" STREET

FLUME BONDS FUNDS:

There is on hand sufficient money to provide for the demands of these funds, we recommend that no levy be made for these funds.

We, therefore, recommend the adoption of an ordinance in accordance with the apportionments above recommended, and we submit herewith such ordinance for your consideration.

Respectfully submitted,

Jay N. Reynolds,

L.A. Blochman,

W.F. Ludington.
