A MESSAGE FROM THE MAYOR is presented and read, as follows, to-wit:
"October 2, 1922.

TO THE HONORABLE COMMON COUNCIL
OF THE CITY OF SAN DIEGO, CALIFORNIA.

I am returning herewith document #145079 being an ordinance appropriating the sum of \$3500 from the Reserve Fund for completing the repairs on the Thirtieth Street bridge.

I am vetoing this ordinance for the following reasons. First, I do not consider that this is a proper charge to make against the Reserve Fund. The Reserve Fund was created to protect the City in time of a real emergency when funds would be urgently needed for immediate action on such occasions as might arise in connection with floods such as in 1916 or for emergency work which might be required in connection with heavy rains, serious damage to the water system, or something of a similar nature.

Secondly, The amount of the original ordinance, \$3500 will not be sufficient to complete the work on this bridge.

I have taken this matter up with the City Manager and the City Auditor, and have had prepared a substitute ordinance which will provide funds immediately for the repair of the bridge and I have had this ordinance drawn for a sufficient amount as estimated by the City Manager to complete such repair work and open the bridge to traffic.

The total cost of the repair work on the bridge will be pretty close to \$11,000.00. This is really a joint bridge being used by the Railway Company and the City, and a fair proportion of the expense of repair should be borne by the Railway Company. Their total contribution toward the repair work was \$500.00 outside of the cost of the work on their tracks, which work includes repairing the ties, rails etc., which cost they must of necessity bear. This is not a fair division of the expense, and it would have greatly facilitated matters had they borne a fair share of the cost. Your attention is called to this matter at this time as the same thing will come up in connection with the Adams Avenue bridge.

Submitted herewith is the substitute ordinance with the recommendation that it be adopted.

(Signed) John L. Bacon,
John L. Bacon, Mayor".

It is moved and seconded that the foregoing veto be sustained, which motion receives the following vote, to-wit: Ayes--Councilmen Bruschi, Heilbron, Held, Stewart and Weitzel. Noes--None. Absent--None.

A Message from Mayor Bacon, is presented, and read, as follows, to-wit:

"January 3, 1923.

TO THE HONORABLE COMMON COUNCIL,
OF THE CITY OF SAN DIEGO.
Gentlemen:

This is to notify your Honorable Body that I have today removed from office as members of the Board of Water Commissioners, Mr. Frederick M. White and Mr. Charles T. Chandler.

Attached are copies of notices of removal sent Mr. Chandler and Mr. White.

These gentlemen, while acting as Water Commissioners, saw fit to seemingly disregard all the information which the City had spent years collecting, have seemingly disregarded the engineers and attorneys employed by the City, have seemingly repudiated the disinterested information furnished to the City by these men, and seemingly, with no effort whatever to either advise or consult with the City Officials or City Experts have recommended that the City waive all its rights in what they state in their report to be the City's logical field of water development.

The report of the Water Commissioners, after careful consideration appears to be an unqualified recommendation that the City waive its rights, discontinue law suits to maintain those rights, step down and out and purchase from private interests what appears to be everything they have for sale.

One of the greatest questions before the City today is the development of water, and this must receive impartial and intelligent consideration by all concerned, and I can not see that these gentlemen have given the question such consideration.

Respectfully,

(Signed) John L. Bacon."

Thereupon, on motion said Communication is ordered filed.

Thereupon, on motion Council takes a recess till 2:00 o'clock P. M.

Upon reassembling, the roll shows the following:

A MESSAGE FROM THE MAYOR is presented and read, as follows, to-wit:
"May 5, 1923.

TO THE HONORABLE COMMON COUNCIL,
OF THE CITY OF SAN DIEGO, CALIFORNIA.

I am returning herewith Document \$150845 being an ordinance appropriating the sum of \$900.00 from the Reserve Fund for the purpose of providing an additional visiting nurse.

I am thoroughly in accord with having this additional nurse for the tuberculosis work and think the City should have taken this step long ago, but do not think it is legally proper to make this appropriation from the Reserve Fund. The Reserve Fund was created and set aside by vote of the people to provide funds for a real emergency when such should arise, and once the precedent is established to use this fund for other than an emergency, no matter how meritorious the cause may be, the fund will soon be depleted.

I therefore veto this ordinance and return it to your Honorable Body with the following recommendation. That a similar ordinance be adopted, but the appropriation for the salary be made from the General Fund.

(Signed)

John L. Bacon,

John L. Bacon, Mayor".

It is moved and seconded that the foregoing veto be sustained, which motion receives the following vote, to-wit: Ayes--Councilmen Bruschi, Heilbron, Held, Stewart and Weitzel. Noes--None. Absent--None.

"June 4, 1923.

TO THE HONORABLE COMMON COUNCIL,
OF THE CITY OF SAN DIEGO, CALIFORNIA.

I am returning herewith Document #151513 being an ordinance adopted by your honorable body on May 28th, 1923, appropriating \$6000 from the General Fund for the purchase of three one-ton trucks. I am returning this with my veto for the following reasons. After a conference with the Manager of Operations and the Common Council it was decided that a saving could be made in the purchase of these trucks and it was not necessary to make as large an appropriation as called for in this ordinance, so acting on the decision arrived at by your Honorable Body at this conference I am returning this with my veto in order that an ordinance appropriating a smaller sum may be adopted in it's place.

(Signed) John L. Bacon.

John L. Bacon, Mayor".

A Message from the Mayor is presented and read as follows, to-wit:
"June 21, 1923

TO THE HONORABLE COMMON COUNCIL,
OF THE CITY OF SAN DIEGO, CALIFORNIA.

I am returning herewith Document #151753 being an ordinance adopted by your Honorable Body on June 11th, 1923, appropriating the sum of \$2000 for the purpose of planting and maintaining trees on Kettner Boulevard.

I am returning this ordinance with my veto for the following reasons: the fund for tree planting is limited and a judicial expenditure of this fund will mean a great deal for the real permanent beautification of San Diego. The members of the Council have stated in their discussions that this fund should be expended for tree planting along the principal streets of entrance to the City.

When Kettner Boulevard was first planned by the Council it was laid out for a main entrance boulevard from the North but shortly after this plan was started, the scheme of development seems to have been altered by your Honorable Body and a franchise granted which will have the effect of transferring the street car traffic from India Street onto Kettner Boulevard and in addition it will carry interurban traffic, all this having the effect of making India Street the boulevard and Kettner Boulevard a street of commercial traffic.

The tree planting fund being limited is not nearly sufficient to plant trees on streets where they are really needed and it does not seem to be good policy to expend almost the first money on an unpaved street which has been practically turned over to street car traffic and whose logical line of development in light of the altered policy of the Council would seem to be almost entirely along the commercial lines. In the discussion of the granting of a franchise on Kettner Boulevard the point was brought out that India Street would be the main line of Automobile traffic, and as trees are supposed to be planted along the main line of travel into the City, it would seem that India Street and not Kettner Boulevard is the logical place for such planting.

respectfully submitted,
(signed) John L. Bacon,
Mayor"

Whereupon, on motion, said Ordinance, being Ordinance No. 9091, recorded in Book 35 of Ordinances, is reconsidered, and on motion adopted, notwithstanding the foregoing veto of the Mayor, by the following vote, to-wit: Ayes--Councilmen Heilbron, Held, Stewart and Weitzel. Noes--Councilman Bruschi. Absent--None.

At this time a majority of the Common Council sign and approve a contract with the TRIBUNE COMPANY for the official advertising of the City of San Diego from June 1st, 1923, to May 31st, 1925.

After first giving due notice, President Bacon did, in open session, sign:
An Ordinance changing and establishing the width of sidewalks and location of pavement in 31st Street, between Elm And Cedar Streets.

Thereupon, on motion Council adjourns.

A MESSAGE FROM THE MAYOR is presented and read as follows, to-wit: "June 29, 1923.

TO THE HONORABLE COMMON COUNCIL, OF THE CITY OF SAN DIEGO, CALIFORNIA.

I Am returning herewith Document #151945 being an ordinance repealing ordinances #7042, #7043 and #7170 which create the position of Hydraulic Engineer, fix the salary thereto, and appoint Mr. H. N. Savage to that position.

I am returning the ordinance with my veto for the following reasons. For years Mr. Savage has been collecting and compiling data on the water resources of San Diego County and is probably the best informed man in the United States on this Particular situation today. This work has been done under the instructions of the Common Council.

The City Council has employed Mr. Freeman as Consulting Engineer to pass on the development of the San Diego River, and he will be here within thirty days. He has been employed at a very great expense and every day of his employment will increase this expense probably at the rate of about \$500 per day and all of his expenses and those of his assistants must be paid. To dispense at this time with the services of the engineer who has all the necessary data at his finger ends which Mr. Freeman will have to take into consideration would seem to be putting the City to too great an expense. The data which has been accumulated of course will be available, but days of digging through reports by Mr. Freeman and his associates would be saved if Mr. Savage were present to immediately make available to Mr. Freeman the desired information.

It does not seem good judgment to employ a man for years to obtain complicated information and then when the information is most needed and is to be acted upon to dispense with his services. For these reasons I am vetoing this ordinance and ask that arrangements be made to retain Mr. Savage, at least until such time as he may be able to consult with Mr. Freeman and furnish him with information that he will desire.

This ordinance adopted by your Honorable Body on the 18th day of June was delivered to me from the City Clerk's Office on the 20th, as per attached receipt.

(signed) JOHN L. BACON, Mayor."

Whereupon, on motion, said Ordinance, being Ordinance No. 9106, recorded in Book 35 of Ordinances, is reconsidered, and on motion adopted, notwithstanding the foregoing veto of the Mayor, by the following vote, to-wit: Ayes--Councilmen Bruschi, Held, Stewart and Weitzel. A Message from the Mayor is presented, and read as follows, to-wit:

"July 6, 1923.

To THE HONORABLE COMMON COUNCIL,
OF THE CITY OF SAN DIEGO, CALIFORNIA.

I am returning herewith Document #152069, being an ordinance appropriating the sum of \$15000 for the construction of a storm drain on Point Loma, with my veto. I am vetoing this ordinance for the following reasons.

The original idea was to pave one of the streets and use this as an open storm drain for the water from the canyons affected. This would have provided the drain and also a paved street, which is very badly needed. When the City can not only do a necessary piece of work, but at the same time benefit adjacent property without the expenditure of much more money, I believe the most beneficial program should be carried out.

There would be comparatively few days during the year when this storm drain would be in operation and even then there doubtless would be slight inconvenience if pavement were used to serve the purpose. It would seem that the wisest expenditure of this money would be in putting in a pavement that would serve the double purpose of a public improvement in the shape of a paved street, and a storm drain, and I would suggest that this method be followed.

Respectfully submitted,

John L. Bacon,
Mayor."

A Message from the Mayor is presented and read as follows, to-wit:

"September 6, 1923.

To the Honorable Common Council, of the City of San Diego, California.

I am returning herewith Document #153444 being an ordinance appropriating the sum of \$10,000 from the Reserve Fund of the City of San Diego for the purchase and installation of two additional filters on the City's Water System.

I am returning this document with my veto for the following reason: The money is appropriated from the Reserve Fund which fund I believe should be most carefully conserved for farther immediate water development. The Council has shown a desire to develop additional water with all possible speed, and in order to carry this into effect funds must be available for prompt action so that the purchase of land and the starting of actual construction will not be delayed. The only available fund for this work is the Reserve Fund and I believe that this fund should be used for other purposes only in cases of the greatest emergency.

This matter has been taken up with the Manager of Operations, and a substitute ordinance has been drawn, appropriating the money from the General Fund, which ordinance is submitted herewith.

I therefore recommend that the veto on the original ordinance be sustained by your Honorable Body and that the substitute ordinance be adopted. This action will make an additional \$10,000 available in the Reserve Fund for water development.

(Signed) JOHN L. BACON
Mayor."

A message from the Mayor is presented and read as follows, to-wit:
Sept. 14th, 1923.

To the Honorable Common Council,
Of the City of San Diego, California.

I am returning herewith Document #153516 being an ordinance appropriating the sum of \$1000 from the General Fund for the purpose of installing sewers in the City of San Diego. I am returning this with my veto for the following reason: the Auditor's books show that there was a balance August 31st, in the sewer funds of over \$4000 and there appears to be no reason why additional money should be appropriated into a department which already has a balance on hand and sufficient funds to carry out the work contemplated. Other bureaus in the Operating Department have very heavy overdrafts and it has been customary to permit the Manager of Operations to transfer funds from bureau to bureau. If there is an overdraft in the Operating Department's accounts taken as a whole, evidently funds have been transferred from bureau to bureau in a effort to keep the balance even. If additional funds are needed, the appropriation should be made for the bureau needing the money, not for some department which already has or should have sufficient funds in its account. The ordinance should show clearly where the funds are to be used and not placed in one bureau to cover up a possible book deficit caused by the transfer of funds into another account.

(Signed) John L. Bacon,
Mayor."

Whereupon, on motion, said Ordinance, being Ordinance No. 9176, recorded in Book 35 of Ordinances, is reconsidered, and on motion adopted, notwithstanding the foregoing veto of the Mayor, by the following vote, to-wit: Ayes--Heilbron, Held, Stewart and Weitzel. Noes--Councilman Bruschi. Absent--None.

An Ordinance No. 9183, recorded in Book 35 of Ordinances, appropriating \$2.00 from the General Fund for the relief and benefit of Otto M. Schmidt, is presented, read and on motion placed on its final passage, at its first reading, by the following vote, to-wit: Ayes--Councilmen Bruschi, Heilbron, Held, Stewart and Weitzel. Noes--None. Absent--None. Thereupon, on motion said Ordinance is adopted by the following vote, to-wit: Ayes--Councilmen Bruschi, Heilbron, Held, Stewart and Weitzel. Noes--None. Absent--None.
