ORDINANCE NO. 4345.

AN ORDINANCE IMPOSING MUNICIPAL LICENSES ON SOCIAL CLUBS IN THE CITY OF SAN DIEGO, CALIFORNIA, PROVIDING THE MANNER OF ISSUING, COLLECTING AND REVOKING THE SAME, REGULATING THE SALE OF LIQUOR IN SUCH CLUBS, AND FIXING A PENALTY FOR THE VIOLATION OF SAID ORDINANCE.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. That it shall be unlawful for any officer, agent or employee of any social club in the City of San Diego, to maintain a club-house, club-room, bar-room, or other place where any wine, ale, beer, or any spiritous, vinous, malt, or mixed liquors, or any intoxicating drinks, are sold, dispensed or given away to the members of such social club, or to the guests of such members, or for any officer, member or employee of any social club, or for any other person in the club-house, club-room or bar-room of such social club to sell, dispense or give away to any member of such social club, or to any guest of any member, any wine, ale, beer, or any spiritous, vinous, malt, or mixed liquors, or intoxicating drinks, without a license therefor issued to such social club, as provided in this ordinance.

Section 2. That the license hereinabove required shall be issued by the City Auditor upon the authorization of the Common Council entered upon the minutes, and upon the payment of the amount hereinafter required to be paid therefor.

Section 3. That said license shall be substantially in the following form:

"This is to certify that \_\_\_\_\_ Social Club, with the receipt of the City Tax Collector thereon written for the sum of \_\_\_\_\_ dollars, is hereby authorized to sell, at its club house, wine, ale, beer, spiritous, vinous, malt or mixed liquors, and intoxicating drinks, to its members, for the term of \_\_\_\_\_ from the date hereof, at (location) \_\_\_\_\_.

Dated \_\_\_\_\_, 19\_\_\_\_.

\_\_\_\_\_  
Auditor of the City of San Diego."

Section 4. That no license shall be authorized to be issued under this ordinance by the Common Council, except upon a verified petition under oath of the Board of Directors or Trustees of such social club, which petition must contain:

(a) Statement of the corporation of such social club under the laws of the State of California.

(b) List of officers and persons who are to have the charge and control of the dispensing of liquors in the club house of such club.

(c) Location of club house of such club, wherein liquors are to be sold, dispensed or given away.

(d) Names of the members of such club, their addresses, showing a membership of at least fifty persons.

(e) A statement that said club has been incorporated and in existence for a period of at least six months prior to the date of such petition, and has been occupying the club house in which liquor is proposed to be sold during all of that period of time.

(f) That such club is a bona fide social club under the provisions of this ordinance, and is organized and conducted in good faith, with a limited and selected membership, owning its property in common, wherein each member has a full voice in the government of said club, and which is formed for social, literary, artistic, or other purpose, to which the furnishing of liquor to its members would be merely incidental.

Section 5. That upon the presentation of such petition the Common Council shall fully investigate the question of whether the officers having the control of such social club are sober, suitable and proper persons to sell or dispose of intoxicating liquors, and to be responsible for the sale of liquors in the club house of such social club, and whether the place described in such application is a proper and suitable place in which to maintain a club room, bar-room, or other place for the sale of liquors, and unless these matters appear to the satisfaction of the Common Council, and unless in the opinion of the Common Council the said club is a bona fide social club, and not a mere pretense, the application shall be denied; and the said Common Council shall have the absolute power to deny such application for any cause which it may deem sufficient.

Section 6. That the license herein provided for shall be due and payable on the tenth day of each month, at the office of the Tax Collector of said city.

Section 7. That the rate of license shall be the sum of \$5.00 per month.

Section 8. That all liquors sold, dispensed or given away in the club house, club room or bar room of such social club shall be drunk on the premises of said social club, and no officer, agent, or employee of such club shall permit or allow any liquor, wine, ale, or beer so dispensed of by such club to be carried off the premises.

Section 9. That no gambling games prohibited by law shall be played in the club house of such social club.

Section 10. That at least once in every three months, the President and Secretary of such social club shall prepare a statement and list of officers of such club, of the person or persons having charge and control of the dispensing of liquors in the club house of such club, and of the members of such club, and their addresses, and deliver the same to the Chief of Police of the City of San Diego.

Section 11. That no license for social clubs in excess of 25 shall be granted at any time by said Common Council.

Section 12. That the Common Council shall have the absolute power at any time to revoke after a hearing, any license issued under the provisions of this ordinance, for the violation of any of the provisions of this ordinance, or for any other cause deemed by said Common Council to be sufficient.

No new license shall be granted to any social club whose license has for any cause been previously revoked by the Common Council, unless a year has expired from the date of such revocation, and then only upon a new petition and authorization by the Common Council.

Section 13. That no license issued under the provisions of this ordinance shall be assigned or transferred, and no new license shall be granted to a social club after the location of the club house of said social club has been changed, except upon a new authorization and consent given by said Common Council.

Section 14. That it is hereby made the duty of the City Tax Collector to collect all licenses provided for by this ordinance. He shall receipt for all moneys received for each license on the back thereof, and shall return under oath on the first day of each month, the amount collected by him for the preceding month, and shall pay the same to the City Treasurer.

Section 15. That any person violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not less than \$25.00, nor more than \$300.00, or by imprisonment in the city jail of said city for a period not exceeding 150 days, or by both such fine and imprisonment; and in the event that the fine imposed hereunder is not paid, then by imprisonment in the city jail of said city at the rate of one day for every two dollars of the fine so imposed.

Section 16. That this ordinance shall in no way effect the provisions of Ordinance No. 2341 of the ordinances of said city, entitled, "An Ordinance Imposing Municipal Licenses in the City of San Diego, California, and Providing the Manner of Issuing and Collecting the Same, Regulating the Manufacture, sale and Giving Away Spiritous, Vinous or Malt Liquors in said City, and the Hours for Opening and Closing Places Where Such Liquors are Sold, Prohibiting Screens and Other Obstructions, Limiting the Number of Licenses to be Issued, and Prescribing the Duties of Certain Officers of said City, and Fixing a Penalty for the Violation of said Ordinance," approved on the 31st day of January, 1906.

Section 17. That this ordinance shall take effect and be in force after 60 days from and after its passage and approval.

ORDINANCE NO. 4358.

AN ORDINANCE GRANTING TO THE AMERICAN DISTRICT TELEGRAPH COMPANY OF ARIZONA THE RIGHT TO CONSTRUCT, MAINTAIN AND OPERATE POLES, WIRES AND CABLES ALONG, ACROSS, OVER OR UNDER THE STREETS, ALLEYS AND PUBLIC WAYS OF THE CITY OF SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. There is hereby granted to the American District Telegraph Company of Arizona, its successors and assigns, the right to construct, maintain and operate poles, wires and cables along, across, over or under the streets, alleys and public ways of the City of San Diego, California, for the following purposes, and none other namely: For carrying on the business of a District Telegraph and Messenger Service, also for furnishing to the public, fire alarm, night watchman's signal, sprinkler supervisory or burglar alarm service, or all or either of them, either in connection with a District Telegraph and Messenger Service, or independently. This grant is upon the following conditions:

That commencing from the date of the grant, and continuing during the remainder of the life of the franchise, said grantee, its successors and assigns, shall pay not less than two per cent. (2%) on the gross annual receipts arising from the use of said franchise, from the date of this grant for the first ten years, three per cent. (3%) of the gross annual receipts for the period from ten to twenty years, and four per cent (4%) of the gross annual receipts for the period from twenty to twenty-five years. Such payments shall be made on or before the first day of February of the year following the year in which said gross earnings have been made, and shall be for the earnings from the first day of January to and including the 31st day of December of such previous year.

The location of all poles and lines established at the time of the passage of this ordinance is hereby approved, but such poles and lines shall be changed at any time under the direction of the Common Council of the city; provided that all poles shall be set in the alleys in blocks which have alleys in all residence parts of the city, and through the center of blocks without alleys, in the residence parts of the city, where the consent of property owners therefor can be obtained. Said poles, wires and cables shall be so placed and maintained as not to interfere with travel on said highways; and said company, its successors and assigns, shall hold said city free and harmless of all damages arising through any abuse of such occupancy; and whenever any telephone, telegraph

or other company has, or shall have, poles so placed in the street as to be used by said grantee, its successors and assigns, said company shall not plant any poles of its own, but shall use the poles of such other company. The right hereby granted shall not be exclusive, and the said city expressly reserves the right to grant like privileges to any other company.

Should the wires of said grantee, its successors or assigns, be hereafter placed under ground, pursuant to any ordinance, direction or permission, either express or implied, of the proper authorities of said city, the term for which this franchise is granted shall not for that reason be deemed perpetual, or to be extended beyond the period for which this grant is made, and the acceptance or exercise of this franchise by the grantee, its successors or assigns, will be deemed an acceptance of this provision, and of all the other terms and conditions reserved in this ordinance for said city, and in addition will be deemed an express waiver of any claim to a perpetual franchise, or of any extension of the term expressed herein, by reason of any ordinance which may hereafter be adopted directing the placing of the wires of said company under ground.

Section 2. In consideration of the grant of this franchise, said American District Telegraph Company of Arizona, its successors and assigns, shall at its own expense, and without recompense from the city, other than the granting of this franchise, make and maintain during the life of this franchise, direct wire communication with the headquarters of the city fire department, and also with the headquarters of the police department, and it shall <sup>transmit</sup> ~~properly~~ transmit and record on proper devices located at such places, respectively, all fire alarm signals received on its circuits, and when required by the Common Council to transmit to the Police Department all burglar alarm calls; and said company, its successors and assigns, will permit said city to attach at any time to the cross-arms of any of its poles or fixtures the city fire alarm and police wires, and said poles and fixtures are hereby made a municipal instrumentality for that purpose, provided said attachment shall not interfere with the service to its customers by said company, its successors and assigns, and said attachment shall be made and maintained under the direction of the company's manager.

Section 3. This ordinance shall continue in force and effect, unless sooner repealed, for the term of twenty-five (25) years from and after the day it goes into effect.

Section 4. The City, and the Common Council of said City, hereby reserves the right of the Common Council to repeal, amend, change, or modify this ordinance and grant at any time hereafter.

Section 5. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

Passed and adopted by the Common Council of the City of San Diego, California, this 23rd day of January, 1911, by the following vote, to-wit:

All that certain territory bounded on the north by the north line of "B" street, on the east by the east line of Sixth street, on the south by the south line of "H" street and on the west by the west line of Fourth street.

Section 2. Every person riding, driving, propelling or in charge of any vehicle in or upon any street within the City of San Diego shall ride, drive or propel such vehicle upon such street in a careful manner, and with due regard for the safety and convenience of pedestrians and all other vehicles upon such streets.

Any driver of any vehicle being driven on the public streets in a reckless or dangerous manner is guilty of a misdemeanor, notwithstanding the said vehicle was not exceeding the speed limit.

Section 3. Every person riding, driving, propelling or in charge of any vehicle upon meeting any other vehicle at any place upon any street within the City of San Diego, shall turn to the right, and, on all occasions when it is practicable so to do, shall travel on the right hand side of such street, and as near the right hand curb thereof as possible.

Section 4. Every person riding, driving, propelling or in charge of any vehicle shall, in overtaking and passing any other vehicle in or upon any street within the city of San Diego, pass to the left of such vehicle, and the person in charge of such vehicle being so overtaken and passed shall swing to the right whenever practicable.

Section 5. Every person riding, driving, propelling or in charge of any vehicle upon any street within the City of San Diego having but two wheel tracks or well beaten paths for vehicles shall, when practicable, turn to the right and surrender the left hand track upon meeting any vehicle going in the opposite direction.

Section 6. Every person riding, driving, propelling or in charge of any vehicle moving slowly in, along or upon any street within the City of San Diego, shall keep such vehicle as close as possible to the curb on the right, allowing more swiftly moving vehicles free passage on the left.

Section 7. Every person riding, driving, propelling or in charge of any vehicle in or upon any street in the City of San Diego shall, before turning, stopping or changing the course of such vehicle, first see that there is sufficient space for such movement to be made in safety, and shall give a plainly visible or audible signal to persons in charge of vehicles behind the vehicle so turning, stopping or changing its course, of his intention to make such movement.

Section 8. Every person riding, driving, propelling or in charge of any vehicle in or upon any street within the City of San Diego, in turning to the right into another street, shall turn the corner as near the right hand curb as possible.

Every person riding, driving, propelling or in charge of any vehicle in the City of San Diego turning to the right from one street into another street shall have the right of way over vehicles traveling in the direction in which such vehicle is turning; and every person riding, driving, propelling or in charge of any vehicle traveling in the direction in which such vehicle is turning shall allow such right of way to such vehicle so turning.

Section 9. Every person riding, driving, propelling or in charge of any vehicle in or upon any street within the City of San Diego shall, in turning to the left into another street, pass to the right of, and beyond the center of the street intersection before turning.

Every person riding, driving, propelling or in charge of any vehicle in the City of San Diego turning to the left from one street into another street shall allow the right of way to vehicles traveling in the direction in which such vehicle is turning; and every person riding, driving, propelling or in charge of any vehicle traveling in the direction in which such vehicle is turning shall have the right of way over such vehicle so turning.

Section 10. Every person riding, driving, propelling or in charge of any vehicle crossing from one side of any street to the other side thereof, in the congested district of the City of San Diego, shall make such crossing by turning to the left so as to head in the direction in which the traffic is moving on the side of the street toward which such crossing is made.

Section 11. It shall be unlawful for any person riding, driving, propelling or in charge of any vehicle to stop the same, or to cause the same to be stopped, in or upon any street in the congested district of the City of San Diego with the left side of such vehicle toward or along or next to the curb.

Section 12. It shall be unlawful for any person riding, driving, propelling or in charge of any vehicle to stop the same or to cause the same to be stopped, in or upon any street within the congested district in the City of San Diego unless the side of such vehicle nearest the curb is within two feet of such curb, provided, however, that the provisions of this section shall not apply in case of emergency, or when such stop is made for the purpose of allowing another vehicle or a street car or interurban car or a pedestrian to pass in front of such vehicle so stopped.

In approaching or passing a car of a street railway which has been stopped to allow passengers to alight or embark, the operator of every motor vehicle shall slow down and if it be necessary for the safety of the public, he shall bring said vehicle to a full stop.

Section 13. It shall be unlawful for any person riding, driving, propelling or in charge of any vehicle in or upon any street within the congested district of the City of San Diego to allow such vehicle to remain backed up to the curb, excepting when such vehicle is being actually loaded or unloaded.

Section 14. Except as herein otherwise provided, every person riding, driving, propelling or in charge of any vehicle in the City of San Diego traveling on any street running in a general northerly and southerly direction, shall have the right of way over vehicles traveling on streets running in a general easterly and westerly direction; and every person riding, driving, or in charge of any vehicle traveling on such easterly or westerly streets shall allow any vehicle traveling upon such northerly or southerly streets such right of way.

Section 15. It shall be unlawful for any person to ride, drive or propel or to cause to be ridden, driven or propelled in, along or upon any street within the congested district any vehicle in a backward direction, if, by doing so, the free and uninterrupted passage of another vehicle or of any street car or interurban car is impeded. If it should be necessary for any vehicle to be ridden, driven or propelled in a backward direction the same shall be done in a slow and careful manner.

Section 16. The officers and firemen of the Fire Department and their apparatus of all kinds, when going to or on duty at, or returning from a fire, and all ambulances, whether of public or private character, and all other vehicles, when employed in carrying sick or injured persons to hospitals or other places for relief or treatment, and the officers and policemen and vehicles of the Police Department shall have the right of way over all <sup>other</sup> persons and vehicles on any street and through any procession in the City of San Diego, except over vehicles carrying the United States Mail.

Section 17. Upon the approach of any apparatus of the Fire Department, or any patrol wagon or any ambulance, every person riding, driving, propelling or in charge of any vehicle in or upon any street in the City of San Diego, shall immediately stop such vehicle as near as possible to the right hand curb of such street, and it shall be unlawful for any such person to cause or permit such vehicle to be moved until such apparatus, police patrol wagon or ambulance shall have passed such vehicle.

Section 18. Every person riding, driving, propelling, or in charge of any vehicle in or upon any street within the City of San Diego shall keep such vehicle at least five (5) feet from the running board or lowest step of any street car that shall have stopped or that is stopping and if, by reason of the presence of a vehicle at the place where such car shall have stopped or is stopping, or by reason of the narrowness of the street, it is not possible to preserve such distance of five (5) feet from such running board, or lowest step, as herein prescribed, then such person shall cause such vehicle to be stopped

until the passengers shall have been taken on or discharged from such car.

Section 19. Every person in charge of any horse, mule, or other animal attached to a vehicle backed up to the curb, upon any street within the City of San Diego, shall turn such animal and keep the same turned at right angles to such vehicle and in the direction in which the traffic is moving upon the side of the street upon which such animal is standing.

Section 20. It shall be unlawful for any person to hitch, or to cause or permit to be hitched, any horse, mule or other animal, or to leave standing, or to cause or to permit to be left standing any bicycle, motorcycle, automobile, buggy, carriage, wagon or other vehicle upon any street within the congested district of the city of San Diego, along which street cars or interurban railway cars are run or operated, within twenty-five (25) feet of either side line of any street that crosses, intersects or terminates in such street, or within twenty-five (25) feet of either such side line extended across such street at right angles.

Section 21. It shall be unlawful for any person to hitch, or to leave standing, or to cause or to permit to be hitched or left standing any animal, or to leave standing or to cause or permit to be left standing any vehicle, or to stop, or to cause to be stopped any animal or vehicle, in or upon any public street within the congested district, within twenty-five (25) feet of any fire hydrant.

Section 22. It shall be unlawful for any person to leave hitched or to cause or permit to be left hitched, any horse, mule, or other animal or to leave standing, or to cause or permit to be left standing, any vehicle not in the immediate care and presence of some person, upon any street in the congested district, between the hours of 8 o'clock A.M. and 6 o'clock P.M. for a longer period of time than two hours.

Section 23. Between the hours of 8 o'clock A.M. and 7 o'clock P.M. it shall be unlawful for any person to drive or propel or to cause or permit to be driven or propelled upon any street within the congested district of the City of San Diego, two or more freight vehicles hitched tandem, or any freight vehicle drawn by more than four (4) animals, or any wagon loaded with hay, or any freight vehicle, the bed, body or carrying part of which shall exceed 20 feet in length or 8½ feet in width; or any vehicle filled with earth, unless such vehicle be engaged in carrying earth from some excavation made within the congested district, and then such vehicle shall proceed out of such congested district by the most direct route; provided that the provisions of this section shall not apply to any vehicle engaged in carrying materials for use in the construction or repair of any building within the limits of such congested district.

Section 24. It shall be unlawful for the owner or person in charge of any vehicle used in carrying freight, baggage or merchandise for hire, to allow such vehicle, while not actually loading or unloading the same to stand upon any street in the congested district of the City of San Diego.

Section 25. Between the hours of 7 o'clock P.M. of any day and 5 o'clock A.M. of the day following, it shall be unlawful for the owner or person in charge of any hack, coach, carriage, omnibus, automobile, cab or other vehicle used in carrying passengers for hire, to allow any such vehicle, while awaiting employment to stand upon any street in the congested district within twenty-five feet (25) of any other vehicle used in carrying passengers for hire, or within twenty-five (25) feet of either side line of any street that crosses, intersects or terminates in such street.

Section 26. Between the hours of 5 o'clock A.M. and 7 o'clock P.M. of any day, it shall be unlawful for any owner or person in charge of any hack, coach, carriage, omnibus, automobile, cab or other vehicle used in carrying passengers for hire, to allow any such vehicle, while awaiting employment to stand upon any street in the congested district of the City of San Diego, unless such person shall have procured a permit in writing for such privilege from the Common Council of the City of San Diego as hereinafter provided or unless the permit issued by the said Common Council is attached to such vehicle in a conspicuous place.

Section 27. A separate permit shall be issued for each vehicle for hire, and all permits issued by the said Common Council pursuant to the provisions hereof, shall contain the name of the person to whom the same is granted, the number and kind of vehicle, and the place designated as a stand for such vehicle. Each driver or person in charge of any vehicle for which a permit shall have been obtained pursuant to the provisions of this ordinance shall have such permit attached to such vehicle in a conspicuous place at all times while driving or in charge of such vehicle, and shall permit the examination of such permit whenever requested to do so by any member of the police department.

The Common Council may, in its discretion, revoke the permit of any person who shall have been convicted in the police court of the City of San Diego of a violation of any provision of this ordinance. From the time of the revocation of any such permit it shall be unlawful for the person whose permit is so revoked to allow the vehicle for which such permit was granted to stand, while awaiting employment, upon any street in the congested district, or to allow any vehicle to stand while awaiting employment at the location designated in such revoked permit, until a new permit shall have been procured for such vehicle, and the Common Council may at any time, for any cause it may deem sufficient revoke any permit granted under this ordinance.

The provisions of this ordinance shall not be construed so as to exempt any person obtaining a permit thereunder, from the payment of any license fee charged under any ordinance of the City of San Diego.

Section 28. Any person who shall ride, drive, or propel or who shall cause or permit to be ridden, driven or propelled any vehicle at any rate of speed greater than twelve (12) miles per hour, and not greater than thirty (30) miles per hour upon or along any of those certain streets or portions of streets in the City of San Diego within that certain district known and described as the congested district shall be guilty of a misdemeanor and upon conviction thereof shall be punishable as in this section provided.

That the Superintendent of the Department of Streets be, and he is hereby directed to post such notices as are required by law at the intersection of each street within the line of the district hereinbefore in this section described.

Any person who shall ride, drive or propel or who shall cause or permit to be ridden, driven or propelled, any vehicle at a rate of speed greater than twenty (20) miles per hour, and not greater than thirty (30) miles per hour, upon or along any street or portion of any street, in the City of San Diego outside of the congested district described hereinbefore in this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable as in this section provided.

Any person convicted of a violation of any provision of this section shall be punishable by a fine of not less than twenty-five (\$25) dollars nor more than one hundred (\$100) dollars, or by imprisonment in the city jail for a period of not less than ten (10) days nor more than thirty (30) days, or by both such fine and imprisonment.

If within a period of one year, any person shall commit two or more violations of the provisions of this section, such person upon conviction thereof, shall be punishable as follows:

For the second offense, by a fine of not less than fifty (\$50) dollars nor more than two hundred (\$200) dollars, or by imprisonment in the city jail for a period of not less than thirty (30) days nor more than one hundred (100) days, or by both such fine and imprisonment.

For the third or any subsequent offense, by a fine of not less than one hundred (\$100) dollars, nor more than five hundred (\$500) dollars, or by imprisonment in the city jail for a period of not less than fifty days nor more than six (6) months, or by both such fine and imprisonment.

Section 29. Any person who shall ride, drive, or propel, or who shall cause or permit to be ridden, driven or propelled, any vehicle at a rate of speed greater than thirty (30) miles per hour upon or along any street, or portion of any street, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punishable as follows:

For the first offense, by imprisonment in the city jail for a period of not less than thirty (30) days or not more than fifty (50) days;

For the second, or any subsequent offense, by imprisonment in the city jail for a period of not less than thirty (30) days nor more than six (6) months.

Section 30. It shall be unlawful for any person to ride or drive, or to cause to be ridden, or driven, any horse or other animal or to ride, drive or propel, or to cause or permit to be ridden, driven or propelled, any bicycle, tricycle, velocipede, automobile or other riding machine or horseless vehicle at a rate of speed greater than six miles per hour over or across any street intersection within the congested district.

Section 31. It shall be unlawful for any person to ride, drive or propel, or to cause or permit to be ridden, driven or propelled, any motor vehicle upon or along, or to permit any such motor vehicle to remain upon any street, alley, or other public place during the period from one hour after sunset to one hour before sunrise, unless there is attached to the left hand side of such motor vehicle a lamp showing a white light visible in the direction towards which such vehicle is proceeding and a red light visible in the reverse direction, or unless there is attached to the front of such vehicle a lamp showing a white light visible in the direction toward which such vehicle is proceeding and also a lamp attached to the rear of such vehicle showing a red light visible in the reverse direction; provided, however, that the provisions of this section shall not apply to any vehicle upon which lights are required by any law of the State of California to be exhibited; and provided further, that the provisions of this section shall not apply to any oil tank wagon containing and used in transporting in bulk any product of petroleum or any hydrocarbon liquid that will flash or emit an inflammable vapor below the temperature of one hundred (100) degrees Fahrenheit.

Section 32. It shall be unlawful for any person to throw, deposit, or place in or upon any public street within the City of San Diego, any nails, tacks, crockery, scrap iron, tin, wire, bottles, glass, thorns, or thorny clippings, or thorny branches of trees or bushes, or any other article or thing likely to puncture or injure the tire of any vehicle.

Section 33. It shall be unlawful for any person to ride, drive, or propel, or to cause or permit to be ridden, driven or propelled, any bicycle, tricycle, velocipede, automobile or other riding machine or horseless vehicle in, upon or along any public street

within the city of San Diego, without having attached to such bicycle, tricycle, velocipede, automobile or other riding machine or horseless vehicle a bell or gong or horn in good working order, and sufficient to give warning of the approach of such vehicle to pedestrians and to riders or drivers of animals or of other vehicles and to persons entering or leaving the streetcars. This section shall not be applicable to baby carriages.

It shall be unlawful for any person to use or to sound, or to cause or permit to be used or to be sounded, in or upon any public street, any such bell, gong or horn that is of a larger size or that will give forth a greater volume of sound than shall be necessary to give warning of the approach of the vehicle to which the same is attached, or to sound or to cause or permit to be sounded, any such bell, gong, or horn except when necessary to give such warning.

Section 34. It shall be unlawful for any person while under the influence of liquor, to ride, or drive any animal, or to ride, drive or propel any vehicle, or to have charge or control of any animal or vehicle in any public street in the City of San Diego.

Section 35. It shall be unlawful for any person to ride or drive, or to cause to be ridden or driven, any animal, or to ride, drive or propel, or to cause to be ridden, driven or propelled, any vehicle over, or across any newly made pavement in any public street, across or around which pavement there is a barrier, or at, over or near which there is a person or a sign warning persons not to drive over or across such pavement, or a sign stating that the street is closed.

Section 36. It shall be unlawful for any person to ride, drive or propel, or to cause or permit to be ridden, driven or propelled, in, upon, or along any public street within the City of San Diego, any vehicle that is so covered as to obstruct or obscure the view of the driver thereof of the street behind such vehicle, unless there is attached to such vehicle a mirror of such kind and so placed that such driver may see therein the reflection of the street for a distance of at least two hundred feet behind such vehicle.

Section 37. It shall be unlawful for any person to leave, or to cause to be left any horse, mule, pony or donkey in or upon any public street within the congested district of the City of San Diego, unless there<sup>shall</sup> be in the mouth of such animal a bit attached to a bridle, which bridle shall be securely fastened on the head of such animal.

Section 38. It shall be unlawful for any person having charge, custody or control of any horse, mule, pony or donkey, to leave such animal or to cause or permit the same to be left, unattended and unsecured in any public street within the congested district of the City of San Diego. A horse, mule, pony or donkey left unattended in any street within the congested district shall be deemed to be unsecured within the meaning of this ordinance, unless it shall be securely tied or hitched by a chain, strap or rope fastened to its neck or bridle and to a post or other permanent fastening, or by a chain, strap or rope fastened to its bridle and to a weight of not less than twenty (20) pounds resting upon the ground, or by hobbles fastened to its fetlocks, or, in the case of one or two horses or mules harnessed to a wagon having a brake, by tightly setting the brake on such wagon, backing the horse, mule or team so that the traces shall be loose, by pulling the lines taut and securely fastening them to the wagon in such manner that the wagon can be drawn only by means of the lines.

Section 39. It shall be unlawful for any person to hitch or tie, or to cause or permit to be hitched or tied, any horse, mule, pony or donkey, or other animal to any shade or ornamental tree or fire hydrant or water plug in any street, park or public place in the City of San Diego, or to hitch or tie, or to cause or permit to be hitched or tied, any such animal, or to allow the same to stand so near to any shade or ornamental tree as

to permit or enable such animal to injure or destroy the same.

Section 40. It shall be unlawful for any person to feed, or to cause to be fed, any horse, mule, pony, donkey or other animal, upon any street within the City of San Diego unless such horse, mule, pony, donkey or other animal shall be securely tied or hitched by a chain, strap or rope fastened to its neck, bridle or halter and to a post or other permanent fastening or by hobbles fastened to its fetlocks.

Section 41. It shall be unlawful for any person to feed, or to cause to be fed, any horse, mule, pony, donkey or other animal upon any public street within the congested district of the City of San Diego except by means of a nose-bag fastened upon the head of such animal.

Section 42. It shall be unlawful for any person willfully to stop, drive or propel, or to cause to be stopped, driven or propelled, any vehicle along or across any street railway or interurban railway track in such manner as unnecessarily to hinder, delay, or obstruct the movement of any car traveling upon such track; provided, however, that vehicles of the Fire and Police Departments of the City of San Diego, and hospital ambulances shall have the right of way, when in service or responding to call.

Section 43. It shall be unlawful for any person to ride, drive or propel, or to cause or permit to be ridden, driven or propelled, any motor vehicle in, upon or along any public street or other public place, or to operate, or to cause or permit to be operated, the motor in any such vehicle, in any public street or other public place, if such motor vehicle, or the motor in such vehicle, is not provided with a good and sufficient muffler properly attached thereto, or if the exhaust from the motor in such vehicle is ejected otherwise than through such muffler, or if such exhaust is ejected toward the surface of the street or ground.

For the purposes of this section the term "Motor Vehicle" shall include automobiles, motorcycles, and all other vehicles operated by power other than animal power.

Section 44. It shall be unlawful for any person to leave unattended upon any public street, alley or other public place in the City of San Diego, any automobile or other motor vehicle while any part of the machinery of such vehicle is running or is in motion.

Section 45. It shall be unlawful for any person under the age of sixteen years to run, drive, propel or operate any automobile or other motor vehicle in, upon, over or along any public street or other public place in the City of San Diego unless granted a special permit, revocable for cause, by the Chief of Police.

It shall be unlawful for any person to cause or permit any automobile or other motor vehicle to be run, driven, propelled or operated in, upon, over or along any public street or other public place by any person under the age of sixteen years, unless such last mentioned person shall have the permit mentioned in the first paragraph of this section.

Section 46. It shall be unlawful for any person to ride, drive, or to cause to be ridden or driven, any horse or other animal, or to ride, drive or propel, or cause to be ridden, driven or propelled, any wagon, bicycle, motorcycle, automobile or other vehicle upon or along any public sidewalk, or to leave any such animal or vehicle upon any public sidewalk, or to permit any such animal or vehicle to stand thereon, or to permit any such animal or vehicle to stand upon any public street in such manner as to obstruct the free use of such street.

Section 47. The Chief of Police shall designate a sufficient number of police officers to attend upon the public streets of the City of San Diego and to control the movement and order the stoppage of vehicles and animals in or upon such streets in order to prevent congestion of traffic and to prevent accident.

Any police officer designated by the Chief of Police to perform such duty shall control the movement and order the stoppage of vehicles and animals in or upon such public streets for the purposes herein set forth.

It shall be unlawful for any person driving, using or having the control of any vehicle or animal in or upon any public street, to fail, refuse or neglect to obey the order or direction of any police officer in regard to moving or stopping any such vehicle or animal in or upon any public street.

Section 48. It shall be unlawful for any person to obstruct the free and uninterrupted passage in, upon, along or through any public street in the City of San Diego of any funeral cortege or procession, or to obstruct, impede or prevent the passage of any person or persons attending the conveyance of the body of any deceased person to a place for holding services thereover, or to a place of interment or cremation.

Section 49. It shall be unlawful for any person, firm or corporation, either as owner, employe or otherwise, controlling, operating or in charge of any car or train of cars, to cause or permit such car or train of cars, or any portion of such train, or two or more trains of cars, to stand or to be moved, in, along, or across any public street in the City of San Diego, in such manner as to prevent, for a period of five minutes or longer, any person or vehicle from crossing the track or tracks on which such car or train or trains of cars are standing or are being moved.

Any person, firm or corporation convicted of a violation of any provision of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not less than ten (\$10) dollars nor more than one hundred (\$100) dollars, or by imprisonment in the city jail for a period of not more than fifty (50) days, or by both such fine and imprisonment.

Section 50. It shall be unlawful for any person, firm or corporation, either as owner, employe or otherwise, controlling, operating or in charge of any street car or interurban car, to cause such car to be so stopped, in or upon any street in the congested district that any portion thereof, or of the fender attached thereto shall project between the prolongation of the lines of the sidewalk of the street crossing intersecting or terminating in the street in or upon which such car is so stopped; provided, that the provisions of this section shall not apply in case of emergency or when any such car is stopped for the purpose of avoiding any accident.

Section 51. That any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punishable, unless otherwise provided by this ordinance, by a fine of not more than one hundred dollars (\$100.00), or by imprisonment in the city jail for a period of not more than thirty (30) days, or by both such fine and imprisonment.

Section 52. No provision of this ordinance shall be understood to repeal any of the provisions of Ordinance No. 3959, providing for licensing and regulating the carrying on of certain professions, trades, callings and occupations, and the maintenance and conducting of certain businesses within the limits of the City of San Diego.

Section 53. That it be, and is hereby declared to be, unlawful for any person or persons to ride or drive any horse or other animal at a rate of speed faster than a walk over or upon any bridge within the corporate limits of the City of San Diego having a greater span than fifty (50) feet.

That any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than twenty (\$20.00) dollars, nor more than one hundred (\$100.00) dollars, or be imprisoned in the

city jail of the City of San Diego for a term not less than ten (10) days, nor more than fifty (50) days, or by both such fine and imprisonment.

Section 54. That all ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 55. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4376.

AN ORDINANCE AMENDING SECTION 1 OF ORDINANCE NO.1799 OF THE ORDINANCES OF THE CITY OF SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. That section 1 of Ordinance No.1799 of the ordinances of the City of San Diego, entitled, "An Ordinance Providing for the Licensing of Dogs in the City of San Diego, California, and Providing for the Disposal of Unlicensed Dogs," and approved November 21, 1904, is hereby amended to read as follows:

Section 1. That it be and is hereby declared to be unlawful for any person owning or having control of any dog to suffer, allow or permit the same to run at large upon any street, lane, alley, park or other public place within that portion of the corporate limits of the City of San Diego, California, hereinafter described, or to permit or allow any dog to be kept or to remain upon any premises under his immediate control within that portion of the said City of San Diego, California, described as follows, to-wit:

Commencing at a point where the south line of Wright street, in Middletown, an addition in the City of San Diego, California, intersects the shore line of the Bay of San Diego; thence running northeasterly along the southeast line of said Wright street to

the northeast side of Atlantic street; thence running in a northwesterly direction along the said northeast line of said Atlantic street to a point that would be intersected by the southeast line of Old Town, if the said southeast line of Old Town was extended in a straight line southwesterly thereto; thence running in a northeasterly direction along the said southeast line of said Old Town to the north line of Pueblo Lot "A"; thence running easterly along the said north line of said Pueblo Lot "A", and along the north line of Pueblo Lot "B" to the northeast corner of said Pueblo Lot "B"; thence north along the west boundary of Pueblo Lot 1118 to an intersection with the southeast boundary of Pueblo Lot 1105; thence along said boundary of Pueblo Lot 1105 east of northeast to the east or southeast corner of said Pueblo Lot; thence in a straight line to the northwest corner of Pueblo Lot "D"; thence along the north line of Pueblo Lots "D" and "E" to the northeast corner of said Pueblo Lot "E"; thence north along the west line of Pueblo Lot 1110, 1320 feet; thence east to a point on Copley avenue where the middle of said Copley avenue intersects the east line of said Pueblo Lot 1110; thence east to the easterly boundary line of the City of San Diego; thence running in a southeasterly direction along the said easterly boundary line of said city, to the southeast corner of said city; thence running in a southwesterly direction along the southerly line of said city to the shore line of the Bay of San Diego; thence following the meanderings of the said shore line of the said Bay of San Diego in a northwesterly direction to the place of beginning; unless an annual tax of one dollar (\$1.00) for a male <sup>dog</sup> and three dollars (\$3.00) for a female dog for each current year, or fractional part thereof (if either said male dog or female dog shall not be in the said portion of the said City of San Diego for one full year), be so paid; and unless such dog has around its neck a collar having attached thereto a metallic tag or plate, issued by the Tax Collector of said City; having thereon the number of the license issued for said dog and figures indicating the year for which said license has been paid. Such annual license tax so paid shall expire on the thirty-first day of December, of each year.

That it shall be the duty of any and all persons owning or harboring said dogs or dogs in said described limits to keep the same in such a manner that the peace and quiet of the neighborhood and traveling public shall not be disturbed. That any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding ten dollars (\$10.00), or by imprisonment in the city jail of said city for a period not exceeding five (5) days, or shall suffer both such fine and imprisonment.

Section 2. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

AN ORDINANCE PRESCRIBING THE MANNER OF PAVING STREETS WITH WHAT IS KNOWN AS "DECOMPOSED GRANITE", IN THE CITY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. That the work of paving streets in the City of San Diego, California, with what is known in the market as "decomposed granite" shall be done as follows:

1. PLANS, ETC., The work herein provided for is to be done in accordance with the plans, profiles and typical cross-sections adopted for the work, on file in the office of the City Clerk of the City of San Diego, Cal.

2. MATERIAL. The paving material is to consist of what is known as "decomposed granite" and the thickness of the layer of decomposed granite shall be as shown upon the said typical cross-section adopted for the work.

3. SUB-GRADE. The sub-grade for that portion of the roadway which is to be paved with decomposed granite shall be such distance below and parallel to the finished surface of the completed pavement thereof as is shown upon said adopted typical cross-section.

4. SUB-GRADING. Sub-grading shall include all filling, the removal of all earth, stone and <sup>all</sup> other material of whatever nature it may be, that may be encountered in preparing the street for the sub-grade of the completed pavement and shall also include all trimming and shaping required to bring the surface of the street to sub-grade and cross-section. When mud or other soft material is encountered it shall be taken out and the

space filled with good earth which shall be rolled until the surface of the sub-grade ceases to sink or creep in front of the roller. The contractor, however, will not be required in such cases, to excavate the mud or other soft material to a greater depth than two feet below sub-grade. All filling shall be done with good earth. Embankments shall be carried up of full width, in horizontal layers not to exceed eight (8) inches in thickness and the teams shall be made to travel as evenly as possible over the whole of the surface of each layer, both in the coming and the going. The formation of well defined ruts is especially prohibited. No earth of a spongy nature shall be used for filling. The space over which the fills are to be made shall first be cleaned of all brush and timber and all other perishable material.

After a block or section of the street has been brought to sub-grade as above specified, the surface shall be rolled with a roller until the surface is unyielding. Whenever practicable, the street shall be cross-rolled as well as rolled longitudinally. Depressions made by rolling shall be levelled up with good earth and again rolled. Such portions of the street as can not be reached by the roller, and all places excavated below sub-grade and refilled, and all pipe trenches and other places that can not be properly compacted by the roller, shall be tamped solid, and in case of wet weather or soft or muddy ground, making the use of the roller unsafe or impracticable, the rolling shall not be undertaken until the ground has become sufficiently dry.

5. DECOMPOSED GRANITE. Upon the sub-grade prepared as above described and thoroughly dampened, there shall be laid a layer of decomposed granite, that after its ultimate compression shall be of the thickness shown upon the typical cross-section adopted for such work.

The decomposed granite shall be evenly spread over the surface of the sub-grade in layers of not more than six (6) inches in thickness and each layer thoroughly dampened and rolled. The rolling shall continue until a hard, unyielding surface is secured. All depressions made while rolling shall be filled with surfacing material, dampened and rolled. After completion, the finished surface shall be true to grade and present a smooth, uniform surface.

6. FURNISH SAMPLES FOR THE PAVING. The contractor will be required to furnish a sample of the decomposed granite he proposes to use upon the proposed work and at the time of submitting his bid upon the work. Such sample shall be delivered to the City Clerk in a sealed glass vessel containing not less than two quarts of the decomposed granite material. The vessel shall be plainly marked with the name of the pit or place from which the sample was taken, and the name of the bidder, the name of the street it is proposed to be used upon, together with the year and the day of the month the sample was submitted. The successful bidder's sample will be retained permanently and the material used in the work must equal or excel the sample on file. The samples of the unsuccessful bidders will be returned upon application.

Immediately preceding the opening of the bids the Superintendent of Street shall examine the samples of decomposed granite submitted, and if any of the samples are decided by the said Superintendent of Streets as being unfitted for the proposed work, the sample together with the bid accompanying the said sample shall be returned to the contractor, unopened.

7. GENERAL REQUIREMENTS. All work shall be executed in every respect in a thorough and workmanlike manner. The contractor shall preserve all stakes set for the lines, levels or measurements of the work in their proper places until authorized to remove them by the City Engineer, and any expense incurred in replacing said stakes which the con-

tractor or his subordinates may have failed to preserve, shall be borne by the contractor.

Any overseer, superintendent, laborer, or other person employed on the work by the contractor, who shall perform his work in a manner contrary to these specifications, shall be discharged immediately and such person shall not again be employed on the work during the progress of the work. No work which may be defective in its construction or deficient in any of the requirements of these specifications, will be accepted in consequence of the failure of any officer of the City or inspector connected with the work to point out said defects or deficiency during construction, and the contractor shall correct any imperfect work whenever discovered, before the final acceptance of the work.

The contractor assumes all risk of variance in any computation or statements of amounts of quantities necessary to complete the work required by this contract, and agrees to furnish all necessary labor and materials and to fully complete said work in accordance with the plans and specifications, and to the satisfaction of the Superintendent of Streets.

Bidders must examine and judge for themselves as to the location of the proposed work, the nature of the excavation to be made, and the work to be done.

The contractor shall give twenty-four (24) hours notice in writing when he will require the services of the City Engineer for laying out any portion of the work. He shall dig all stake holes necessary to give lines and levels.

The contractor shall not disturb any monuments or stakes found on the line of the improvements until ordered by the City Engineer, and he shall bear the expense of resetting any monuments or stakes which may be disturbed without orders.

He shall also erect and keep erected, by day and night, a fence or proper barrier along the line of the work and across the ends of the same.

A red light must be maintained <sup>at night</sup> at each end of the barriers, from sunset until sunrise.

In case it should be necessary to move the property of any owner of a public utility or franchise, such owner will, upon proper application by the contractor, be notified by the Superintendent of Streets to move such property within a specified reasonable time, and the contractor shall not interfere with said property until after the expiration of the time specified.

The right is reserved to the owners of public utilities and franchises to enter upon the street for the purpose of making repairs or changes of their property that may become necessary by the work. The City shall also have the privilege of entering upon the street for the purpose of performing all work necessary in connection with its sewer, drainage or water works.

The contractor shall remove all surplus material and rubbish from the work after its completion, and before he makes application for the acceptance of the work.

The contractor shall notify the Superintendent of Streets when he desires a final inspection of the work, when the latter will, as soon as possible, make the necessary examination, and if the work is found in compliance with the above specifications, the Superintendent of Streets will furnish the contractor with a certificate to that effect.

Whenever the word "contractor" is used in these specifications, it refers to the party or parties of the first part in the agreement for the construction of the work herein specified.

Whenever the words "Superintendent of Streets", "City Engineer", "City Clerk" are used in these specifications, they refer, respectively, to the Superintendent of Streets, the City Engineer or the City Clerk of the City of San Diego. When in the specifications,

*J/O*

a maximum and minimum, either in size, percentage or thickness, or relating to quality or character, or other matter is allowed or prescribed, the work shall be accepted as in compliance therewith, if within such maximum or minimum so allowed hereby.

Section 2. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4402.

AN ORDINANCE REQUIRING ELECTRICALLY CHARGED WIRES, ON CERTAIN STREETS; TO BE PLACED UNDERGROUND.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. That all wires, cables, or other contrivances heretofore used, or hereafter to be used, for the transmission of electricity for light, heat, power or telephone messages, or for any other purpose, on or in Fifth street, between the north line of B street and the south line of I street, or on D street, between the east line of Sixth street and the west line of California street, all in the City of San Diego, shall, prior to the 31st day of December, 1911, be placed underground, in conduits, the top of all which conduits shall be at all places, at least eighteen inches below the surface of the pavement of such street, and the bottom of all which conduits shall not be at any place more than six feet below such surface, except in places where it may be necessary to place a conduit lower in order to avoid some artificial obstruction in such street. That all conduits shall be of vitrified pipe, or other material as suitable, for such conduits. High voltage wires shall be encased in a concrete or other envelope, equally suitable, for enclosing high voltage wires. All such conduits shall be of sufficient size to accommodate all underground wires, cables and conductors in use at the time such wires are being placed underground, as well as all that may be reasonably anticipated to be hereafter necessary, for the person, firm or corporation owning or operating that particular system, to install in such street. That there shall be located at the street crossings of each one of the streets in which such a conduit is placed a man-hole of suitable size, the covering of which shall be flush with the surface paving of the street, and there shall be stamped or cast on such covering the initials of the person, firm or corporation owning or leasing such system of wires. All lateral connections to be installed shall extend from the junction boxes at the conduit with which they connect to the curb line.

All transformers shall be placed in man-holes, or in basement vaults, and all such man-holes or vaults shall be constructed of concrete or masonry. All such vaults shall be provided with metal doors, and with no other kind of doors. In the discretion of the Superintendent of the Department of Fire and Sewers, such manholes may be drained into the sewer system of the city; but no such connections can be made, excepting with the consent of said superintendent thereto first obtained.

Section 2. Before undertaking to make any opening in any street for the purpose of doing any of the work hereinabove provided, permit shall be obtained therefor from the Superintendent of Streets. Any conduit containing a wire or cable of high voltage shall be placed on the south side of D street, or the west side of Fifth street; and any wire carrying a voltage of not over ninety (90) volts shall be placed on the north side of D street, or on the west side of Fifth street, as the case may be; provided, however, that no conduit now on Fifth street or D street need be removed. Upon the recommendation of the Electrical Inspector, the Superintendent of Streets may grant permission to construct such conduit in the side of the street opposite to that herein named.

After beginning the work of constructing any such conduit, or the installation of wires or cables therein, or other work, all such work shall be prosecuted diligently, until all of the contemplated work shall have been fully completed; and all streets and sidewalks shall, within a reasonable time after the same has been opened, be restored to the condition in which they were before the work was begun.

Immediately upon any such conduit being made, or any wires or cables installed therein, maps and diagrams of all such work shall be filed in the office of the City Engineer, which maps and diagrams shall show the true location of all such conduits in the street, the size of the conduit, and the size and nature and number of wires, cables and other appliances placed therein.

Section 3. Immediately upon the placing of any wire, cable or other appliance mentioned in this ordinance, for the transmission of electricity, for light, heat, power or telephone messages, or any other purpose, in the conduits, as hereinabove provided, all poles, wires, cables and conductors, of all nature and kinds, which have heretofore been used, shall be removed from the surface of the street, except so far as may be necessary in order to carry on such business with and by means of the said underground transmission.

Section 4. All wires, cables, conductors or laterals laid under the provisions of this ordinance shall be under the inspection and subject to the approval of the City Electrician, and shall be so placed and protected that no leak or electrolysis may occur.

Section 5. It shall be the duty of any person who may be the owner or lessee, either in whole or in part, of any wires, lines or cables as mentioned or described in this ordinance, or of each and every agent, manager or superintendent of any corporation owning or operating any such wires, lines or cables, to do each <sup>and every</sup> of the things required in this ordinance to be done, and every person who, being an owner, in whole or in part, or a superintendent, manager or agent of any such corporation, shall fail to do any of them things required in this ordinance to be done, within the time, or in the manner herein required, or who shall violate any provision or requirements of this ordinance, shall be deemed guilty of a misdemeanor, and on conviction shall be fined in any sum not exceeding five hundred dollars, or imprisoned in the city jail not exceeding six months, or he may be both fined and imprisoned.

Section 6. Any corporation having or operating any wires, lines or cables, as mentioned or described in this ordinance, and which shall fail to comply with any of the requirements hereof, or which shall violate any provision of this ordinance, shall be subject to a penalty of five hundred dollars, which may be recovered in a civil action.

Section 7. That every day that any such corporation or person shall fail to do any of the things hereinabove required to be done, after the time shall have fully expired within which such act is under the provisions of this ordinance required to be done, shall be deemed a separate offense, and subject the offender to the penalty hereinabove

provided.

Section 8. This ordinance does not apply to the poles, span-wires or trolley wires necessarily used in the operating<sup>on</sup> of any line of street railway.

Section 9. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

O R D I N A N C E N O. 4 4 1 6.

AN ORDINANCE CREATING A DEPARTMENT TO BE KNOWN AS THE "DEPARTMENT OF ELECTRICITY," PROVIDING FOR THE GREATER SAFETY TO LIFE AND PROPERTY BY REGULATING THE INSTALLATION, REPAIR, OPERATION AND MAINTENANCE OF ALL ELECTRICAL WIRING GOVERNED BY THE NATIONAL BOARD OF FIRE UNDERWRITERS' RULES, KNOWN AS THE NATIONAL ELECTRICAL CODE, WHETHER INSIDE OR OUTSIDE OF ANY BUILDING OR ON ANY STREET OR PUBLIC HIGHWAY WITHIN THE CITY OF SAN DIEGO, STATE OF CALIFORNIA, AND FOR THE APPOINTMENT OF A CITY ELECTRICIAN AND ASSISTANTS.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. (a) There shall be appointed by the Common Council, a City Electrician together with such Assistant Electricians as may from time to time be determined upon, which City Electrician and Assistant Electricians shall be practical Electricians of not less than five (5) years' practical experience.

(b) In the installation of all electric wiring and apparatus the rules and requirements of the National Board of Fire Underwriters, in force at the time the work is done, shall be complied with.

Section 2. (a) The City Electrician is hereby authorized and empowered to make tests on all lighting systems furnished the City by persons, firms or corporations for the purpose of determining whether or not the terms of contract are being complied with, and it shall be the duty of the person, firm or corporation furnishing such electric service to provide suitable methods of making such tests as may be required by the City Electrician.

(b) The City Electrician is also authorized to enter any building, structure, subway, or subway manhole in the City of San Diego at any time during reasonable hours in the discharge of his duties, and upon demand of said Electrician, the owner or his representative, shall accompany the said Electrician upon his inspection. It shall be the duty of the City Electrician to inspect during the progress of the work all inside, outside overhead and underground electric wires, poles, cables, conduits, appliances, fixtures and apparatus hereinafter designated as inside and outside electrical installations, and to notify the persons, firms, or corporations interested or concerned, of any and all violations, and to examine and pass upon all applications for permits, and to inspect all, inside and outside electrical installations, included under this ordinance.

(c) Any and all dynamos, motors, wires or other material used for electrical purposes and located in or on said buildings and conduits, excepting power houses, substations and central station plants which shall become, in the opinion of said City

Electrician, dangerous and unsafe to persons or property, shall be condemned by him, and upon receiving notice of such condemnation from said City Electrician the person or persons, firm or corporation, owning or using the same shall immediately cause the same to be put in safe condition.

(d) In case any person, persons, firm or corporation owning or using electrical wires, dynamos, motors, or other electrical apparatus or material of any nature whatever, located within buildings which have been condemned by the City Electrician shall fail to have the same put in safe condition within forty-eight (48) hours after receiving notice from said City Electrician that the same has been condemned, or within such other reasonable length of time as shall be prescribed by said City Electrician, then it shall be the duty of the said Electrician to remove the fuse, cut the wires or by other means completely disconnect the condemned wires, apparatus or materials from the sources of electrical energy and for the purpose of disconnecting said condemned wires, apparatus, or other materials, said City Electrician shall have the right at any time to enter conduits, or enter upon any and all premises or buildings of any nature whatsoever, in the City of San Diego, where such wires or materials are installed.

(e) And when any electrical wire, dynamos, motors, or other electric wires or materials, of any nature whatsoever, controlling or carrying a current of one hundred (100) volts or more, have been disconnected or rendered inoperative by said City Electrician, as set forth in the foregoing provisions of this section, it shall be unlawful for any person or persons to in any manner reconnect the same or cause the same to be reconnected with the source of electrical energy or use the same as part of any electrical system until they have been put into safe condition and a certificate of inspection has been issued by said City Electrician.

Section 3. No alteration or change shall be made in the wiring of any building; nor shall any building within the limits of San Diego be wired for the placing therein of electric lights, motors, or heating devices, without first securing from said City Electrician a permit therefor. Before any electrical work of any kind shall be covered up or in any manner concealed from view, notice of the intention to so conceal or cover up such work must be given to said City Electrician, and said Electrician shall approve the manner of covering and concealing such work before the same shall be covered, concealed or put into use.

Section 4. No person shall commence to install or place, inside of any building, any electrical wiring or apparatus, controlling or carrying a current of one hundred (100) volts or more in the City of San Diego, until proper application has been made to the City Electrician and a permit obtained, and when required, plans and specifications for the proposed work shall be submitted for approval.

Section 5. Whenever a system of electrical wiring, controlled by and carrying one hundred (100) volts or more, is to be installed in or on a building, it shall be the duty of the party desiring such installation to present plans and specifications to the City Electrician and obtain a permit for such installation. Such permit shall not be granted unless such plans and specifications show that the wiring is to be done in accordance with the rules and regulations herein prescribed, and upon completion of the wiring of any building, it shall be the duty of the company, firm or individual doing such wiring to notify the said Electrician, who shall inspect the same at once, and if approved by him, shall issue a certificate of satisfactory inspection which shall contain the date of such inspection and an outline of the result of such examination, but no such certificate shall be issued unless the electric light, power or heating installation and all apparatus and

wiring connected with it shall be in strict conformity with the rules and regulations herein prescribed, and to the rules of the National Board of Fire Underwriters; nor shall any such installations be connected to any source of electrical energy until such certificate is issued; provided, however, that while the work of constructing, altering or repairing any electrical wiring in any building is in progress, the City Electrician will issue to the person doing such work if desiring to use any electrical current in said building, a temporary permit for the use of electricity, which permit shall expire when the electrical apparatus or system of wiring for such building has been fully installed, constructed, altered or repaired and approved by the said City Electrician.

Section 6.(a) All service switches, cut-outs, and first installation of all fuses complete, together with all meter loops, including wires from service switch to outside of building ready for connection by the service company, shall be installed by the person, firm or corporation doing the interior wiring. All entrance wires shall be run from the corner of the building nearest the service company's line, or source of supply, except in such cases where there is a public alley in rear of property, in which cases entrance wires shall be run from corner of building nearest alley and from that point to the entrance cut-out and to the meter, in approved iron conduit, using not less than No. 12 wire; where there are more than two circuits the size of the wire and conduits must be increased to not less than shown in the following table, and larger where length of run requires:

	3	Circuits	-	No. 10	Wire	and	3/4	inch	Conduit;
	4	"	"	10	"	"	3/4	"	"
	5	"	"	8	"	"	3/4	"	"
	6	"	"	6	"	"	1	"	"
	7	"	"	6	"	"	1	"	"
	8	"	"	4	"	"	1 1/4	"	"
	9	"	"	4	"	"	1 1/4	"	"
	10 to 14	"inclusive	"	2	"	"	1 1/4	"	"
	15 to 18	"	"	1	"	"	1 1/2	"	"

On all installations of more than 18 circuits the contractor must consult with the Electrical Department in regard to wire and conduit sizes, and point of entrance. Service switches, meters and cut-outs must not be placed higher than ten (10) feet from the floor of any building.

(b) All lights, both pendant and bracket, in all basements except such as have wooden floors; in all bathrooms and toilet rooms and in kitchens near sinks, shall be equipped with keyless sockets, and controlled from wall switches.

(c) No wooden moulding shall be used, and where it is necessary to cover surface wiring, either metal moulding or approved iron conduit shall be used. Double braid or duplex wire shall be used in metal moulding.

(d) The capacity of all outlets shall comply with the following:

FOR HOUSES HAVING FIVE MAIN ROOMS AND OVER.

Porch outlets	60	Watts	capacity.
Living room center outlets	250	"	"
Dining " " "	250	"	"
Reception Hall " "	150	"	"
Kitchen " "	100	"	"
Bath Room " "	60	"	"
Hall Outlets	60	"	"
Bed-room outlets	100	"	"

FOR HOUSES HAVING FOUR MAIN ROOMS OR LESS  
and  
LESS THAN SEVEN OUTLETS.

Porch outlets	60 Watts capacity
Living room center outlets	150 " "
Dining room center outlets	150 " "
Reception hall " "	150 " "
Kitchen " "	100 " "
Bath room " "	60 " "
Hall outlets	60 " "
Bedroom outlets	100 " "

Large rooms not mentioned above shall be wired for the full capacity of the largest number of lights that they are likely to use. (If in doubt consult the City Electrician). Outlets for all small rooms such as pantries, closets, toilets, etc., and for wall brackets, shall be of 60 watts capacity.

(e) All conduits and metal moulding longer than ten feet shall be grounded with a wire not smaller than No. 10 R.C. copper wire; wire to be increased according to size of service, and to be protected in the same manner as is required for any inside wiring. All connections shall be made with clamps and lugs soldered to the wire. All gas outlets in connection with combination gas and electric fixtures, and straight electric fixtures, must be well taped above insulating joints, to prevent grounding, and where straight electric fixtures are installed over gas outlets but not attached to same, gas outlets shall be thoroughly taped; all cord lights made up so as to allow them being hung lower than five (5) feet, six (6) inches from the floor must be made of reinforced cord and equipped with wire lamp guards.

Section 7. No electric signs shall be installed except in accordance with the following specifications:

-1-

Permission for the installation of a sign must first be obtained from the Common Council, following the filing of a petition, giving specifications of the proposed sign.

-2-

Wires carried on the outside of sign structures must be run in approved metal conduit or approved armored cable.

-3-

Wires within structure of sign must be double <sup>braided</sup> rubber covered, and may be carried within one-half inch of each other and of surrounding metal. Where such spacing is impracticable, such wires may be cabled, if one-half inch spacing is maintained and if cable contains wires of only one polarity.

-4-

Signs must be constructed entirely of metal or other approved non-combustible material, except that wood may be used on the inside if kept at least two inches from the nearest lamp socket. In case of ornamental scroll work or similar design, where impracticable to support wires as above provided, they may be separated from such metal by sections of porcelain or glass not less than one-eighth inch in thickness.

-5-

Sheet metal must be not less than No. 26 B. & S. gage

-6-

Signs must be braced by angle iron of such thickness and so placed as to secure sufficient strength and rigidity.

-7-

All metal must be galvanized or enameled, or treated with at least three coats of anti-corrosive paint or compound.

-8-

If the terminals of receptacles are not the enclosed type, the receptacles must be so constructed that the terminals will be at least one inch from surface wired over. Wires must be soldered to such terminals and exposed parts treated to prevent corrosion.

-9-

Bottom of sign must have at least one-quarter inch drainage hole for each square foot of its surface.

-10-

Where wires cross each other, pass out of letters or into cut-out boxes, they must be protected by approved tubes or bushings.

-11-

Where wire not inferior in size and insulation to approved No. 14 B & S gage is used, connecting direct to standard sockets or receptacles, 1320 Watts at 110 Volt or equivalent may be dependent upon final cut-out.

-12-

Signs must have the maker's name or trade mark permanently attached to the exterior.

-13-

All signs must be hung so that they may be swung back against the building.

-14-

No sign shall be more than thirty-six (36) inches in depth when extending over the sidewalk more than four (4) feet, except that special permission may be granted by the Common Council for signs of greater depth in cases where the proposed sign will not obstruct the view to existing signs, nor shall any electric sign extend beyond the line of the curb.

-15-

Vertical signs not extending more than four (4) feet from face of building may be erected to any length desired up to thirty-five (35) feet.

-16-

All electric signs must, in addition to above requirements, be provided with not less than one (1) lamp of 8 candle power capacity for each square foot of sign surface, except that smaller or larger lamps may be used, provided that the equivalent of 8 candle power per square foot be maintained, and in case of interior illuminated signs, both sides are to be considered as one surface.

Section 8. Any individual, firm or corporation desiring to do an electric wiring, or fixture contracting business in the City of San Diego shall be required, before entering on the conduct of said business, to procure a license to conduct said business and to secure a license each year for the conduct of said business. The annual license fee to be paid for each license shall be payable in advance, and shall be paid to the Department of Electricity, City of San Diego, State of California, according to the following schedule:

For doing an electrical wiring contracting business, only, Fifty Dollars (\$50.00) per year.

For doing an electrical fixture contracting business, only, Twenty-five Dollars (\$25.00) per year.

For doing both electrical wiring and fixture contracting business, Seventy-five Dollars (\$75.00).

An electric light or power company, telephone or telegraph company, or electric railway company or the like, that does electric work or repairs on its own property, or installs its own systems, shall not be deemed an electrical contractor, providing it does not solicit of the general public.

Section 9. (a) Every person, firm or corporation doing an electrical business in San Diego shall have all its work supervised by a thoroughly competent electrician who shall have been regularly licensed as a master electrician of the City of San Diego. Before obtaining a license as a master electrician, an electrician shall pass an examination upon electrical qualifications, and shall pay a license fee of \$2.50 per year. The examination shall be held before an examining board which shall be appointed by the Common Council, and shall consist of one member of the Common Council, the City Electrician and the Superintendent of the Fire and Police Alarm System. The head electrician of each firm now operating in the City of San Diego may receive a master electrician's license without examination, if recommended by the Examining Board.

(b) No person shall be permitted to solicit for electric wiring, apparatus, fixtures or other appliances covered by this ordinance within the city limits of the City of San Diego unless he can show proper credentials as being the accredited representative of some licensed person, firm or corporation, and all such credentials must be countersigned by the City Electrician.

Section 10. The electrical apparatus in every theater in the City of San Diego shall be inspected by the City Electrician not less than once a week, and in each theater shall be in charge of a competent electrician, who shall have been licensed by the City of San Diego to have charge of electrical apparatus in theaters. Before being granted such a license each person desiring said license shall appear before the examining board designated in Section 9 of this Ordinance, and shall satisfy said board of his fitness to be in charge of said apparatus. He may then procure said license upon the payment of an annual fee of \$2.50.

Section 11. The City Electrician shall charge and collect from the person, firm or corporation to whom any permit for doing any electrical work issued under the terms of this ordinance, the following fees, to-wit:

For issuing permits . . . . .	\$ .75
FOR INSPECTION OF WORK.

Service permit for underground work (each). . . . .	.50

Permits shall be effective for additional work for 30 days after final inspection.

When more than two inspections of any equipment or part thereof are necessary, an additional fee for each additional inspection of 75 cents per hour. For inspection of any electrical equipment covered by this ordinance for which no fee is herein prescribed, 75 cents per hour. Every person, firm or corporation making application for any permit to do electrical work under the terms of this ordinance, shall, at the time of such application, file with the City Electrician a plan or statement showing the Character and amount of such work, and shall, at the same time, deposit with said City Electrician the amount of the permit fee and of the fees for the inspection of all work shown on said plan or statement in accordance with the above schedule. If any additions shall be made to such work, or any extra inspections of the same shall be necessary, the person, firm or corporation to whom the permit is issued shall pay the City Electrician the inspection fees therefor, according to the above schedule, within ten days after demand thereof by said City Electrician and if said person, firm or corporation shall fail or refuse to pay said fees within said period of ten days, the City Electrician shall not thereafter issue to such person, firm or corporation any permit for the doing of any electrical work until such fees are paid.

The City Electrician shall pay all fees collected by him into the City Treasury monthly, and the same shall be placed in the Electrical Fund of the city, which Electrical

Fund is hereby created, from which all expenses of said department shall be paid.

Section 12. Any person, firm, company or corporation that violates, disobeys, omits, neglects or refuses to comply with, or that resists or opposes the execution of, or violates any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine not exceeding one hundred dollars, or by imprisonment for not more than six months, or by both such fine and imprisonment; and every such person, firm, company or corporation shall be deemed guilty of a separate offense for every day such violation, disobedience, neglect or refusal shall continue, and shall be subject to the penalty of this section for each and every such separate offense.

Section 13. This ordinance shall not be construed to relieve from or lessen the responsibility of any party owning, operating, controlling or installing any electrical equipment for damages to any one injured by any defect therein, nor shall the city be held as assuming any such liability by reason of the inspection authorized herein or certificates issued hereunder.

Section 14. That the City Electrician must enter into a good and sufficient approved bond in the sum of two thousand dollars conditioned for the faithful performance of his official duties.

Section 15. That Ordinance No. 3408 be and it is hereby repealed.

Section 16. This ordinance shall take effect and be in force on and after the thirty-first day after its passage and approval.

ORDINANCE NO. 4417.

AN ORDINANCE REGULATING THE USE OF FIREWORKS AND OTHER PYROTECHNIC DISPLAY AND TO LIMIT THEIR SALE AND STORAGE.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. The discharge, firing or use of all fire-crackers, bombs, nigger-chasers, rockets, torpedoes, Roman candles, or other fireworks or substances designed and intended for pyrotechnic display, and of all pistols, canes, cannons, or other appliances using blank cartridges or caps containing chlorate of potash mixture, within the City of San Diego, is hereby prohibited; provided that the Common Council of said city may permit the public display of fireworks by properly qualified individuals under the direct supervision of experts in the handling of fireworks. Provided also, that such display or displays shall be of such a character and so located, discharged or fired, as, in the opinion of the Chief of the Fire Department of said City, shall not be hazardous to surrounding property, or endanger any person or persons. Provided further, that in that portion of the said city lying west of First street, east of Eighth street and north of B street there may be discharged old fashioned paper torpedoes, penny novelties, electric sparklers, Bengal lights, nigger-chasers, pin wheels, Roman candles, colored fire, and small firecrackers not over one and one-half inches in length.

Section 2. The sale or exhibition of fireworks at retail, within the City of San Diego, except old fashioned paper torpedoes, penny novelties, electric sparklers, Bengal lights, nigger-chasers, pin-wheels, Roman candles, colored fire and small fire-crackers not over one and one-half inches in length is hereby prohibited.

Section 3. The sale and use of gun powder or explosives, also combination of chlorate of potash and sulphur, or similar compounds, is hereby prohibited for celebration purposes.

Section 4. The storage or sale of fireworks at wholesale is hereby prohibited, except by permit from the said Common Council issued for a period of not exceeding one year. Application for permit must be filed with the Superintendent of the Department of Fire & Sewers of said City at least thirty days previous to the issuing of the permit and must give detailed description of the proposed care and storage of said materials and of the structural conditions and occupancies of the building.

Section 5. Permits may be issued only after an inspection of the premises by the Chief of the Fire Department or his authorized agent, who shall file with the said Superintendent of the Department of Fire and Sewers a certificate of approval or of his disapproval and reasons therefor.

Section 6. Any person, firm or corporation violating any of the provisions of this ordinance as regards the storage and sale or exhibition of fireworks shall be deemed guilty of a misdemeanor, and be fined not less than ten dollars (\$10.00) nor more than twenty-five dollars (\$25.00) for each day's neglect of compliance. Provided also, that violation of other sections of this ordinance shall be considered a misdemeanor.

punishable by a fine not exceeding ten dollars (\$10.00).

Section 7. All ordinances and parts of ordinances inconsistent herewith, are hereby repealed.

Section 8. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4428.

AN ORDINANCE AMENDING SECTION 6 OF ORDINANCE NO. 2341.

BE IT ORDAINED BY The Common Council of the City of San Diego, as follows:

Section 1. Section 6 of ordinance No. 2341 of the ordinances of the City of San Diego, and entitled, "An Ordinance imposing municipal licenses in the City of San Diego, California, and providing the manner of issuing and collecting the same, regulating the manufacture, sale, and giving away spiritous, vinous or malt liquors in said city, and the hours for opening and closing places where such liquors are sold, prohibiting screens and other obstructions, limiting the number of licenses to be issued, and prescribing the duties of certain officers of said city, and fixing a penalty for the violation of said ordinance," and approved January 31st, 1906, is hereby amended to read as follows:

Section 6. The rate of license shall be as follows:

For the dining-room of any hotel, or for any restaurant or eating house, fifty dollars (\$50.00) per month; provided that no intoxicating or spiritous liquors other than wine, ale or beer can be sold or furnished at any such place, and then only with and as

part of a bona fide meal.

For every place where intoxicating or alcoholic liquors, wine, or beer is sold in quantities of not less than one-fifth of a gallon at a time, seventy-five dollars (\$75.00) per month.

For every distillery, brewery, or other place, where intoxicating, spiritous, vinous or malt liquors are distilled, made or brewed, the sum of seventy-five dollars (\$75.00) per month; provided such license shall authorize the distillation, making or brewing and disposal at wholesale of any of the above named liquors, wine or beer on the premises of any such distillery, brewery or place, but shall not authorize any sale or disposition at retail.

For every saloon, bar, bar-room, tippling house, or other place, where any intoxicating, spiritous, vinous or malt liquors are sold or dispensed in quantities less than one-fifth of a gallon at a time, to be drunk on the premises, except the places otherwise provided for in this section, one hundred dollars (\$100.00) per month.

Provided, that no person holding a license to carry on and conduct the business of a retail dealer, shall be required to take out an additional license to carry on and conduct the business of a wholesale liquor dealer, within the same room covered by his retail license.

Section 2. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 3. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4443.

AN ORDINANCE RELATING TO WATER SERVICE AND RATES.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. That the following rates are hereby established, and shall be collected for water furnished by the City of San Diego, namely:

1. For water to be used for irrigating one acre or more, the rate shall be five cents per 100 cubic feet, to be measured by meter, to be placed at the expense of the party to whom the water is furnished; such acreage to include town lots, where there are a sufficient number of lots in one tract collectively, to make one acre or more; provided that the rate herein specified shall apply only to the irrigation of lands cultivated for the purpose of making a livelihood by the raising of products from such land, for the market, and not to irrigation for ornamental purposes; and provided further, that one family and no more living on such tract may be supplied at the same rate.

2. For water furnished to all cemeteries, five cents per 100 cubic feet.

3. For water furnished to the public schools of the San Diego School District, the State Normal School in San Diego, the Academy of our Lady of Peace, and any other schools declared by resolution of the Common Council to be of like scope and character, and entitled to the same rate, and to all churches, five cents per 100 cubic feet.

Water furnished to the various enumerated departments of the city, five cents per 100 cubic feet, to be charged as follows:

4. Water furnished to any public park in the City, to the Park Fund.

5. Water furnished to the Street Department of said city, to the Street Fund.

6. Water furnished for the improvement of the city's Pueblo Lands, to the fund for said improvement.

7. Water furnished for flushing sewers in said city, to the Sewer Fund.

8. All water furnished to the Fire Department stations in said city shall be charged to the Fire Fund, together with a charge of five dollars per annum for each fire hydrant in the City.

9. Water furnished to the San Diego Public Library, to the Library Fund.

10. Water furnished to the Police Station and City Jail, to the Police Fund.

11. Water furnished to all municipal buildings in said City, not otherwise specified, to the Public Building Fund.

12. Water furnished to all institutions declared by a resolution of the Common Council to be charitable institutions, \$1.00 per annum; provided, that if water is wasted by any such institution, the meter rate shall thereafter be charged.

And in each of the instances enumerated in sub-sections 3, 4, 5, 6, 7, 8, 9, 10, and 11, the amount of the charge shall be paid into the Water Fund.

13. For water furnished for any use or purpose whatever where rates therefor are not otherwise specified in this ordinance, the rate shall be eight cents per 100 cubic feet, and such rate shall be designated and known as the "Meter Rate". There shall be a minimum rate for all water furnished through a meter of \$1.00 per month, for the first 1250 cubic feet or less, for the place, dwelling house, tenement or business building so supplied, and an additional minimum rate of twenty-five cents for each additional house, tenement, flat, ground floor store, business room or place which shall be occupied or unoccupied; provided, that during the month such minimum rate of \$1.00 shall entitle the consumer to use 1250 cubic feet of water and 300 cubic feet more for each additional house, tenement, or flat, ground floor store, business room or place, for which a minimum rate of twenty-five cents may be imposed.

14. For water furnished to contractors for mixing and wetting down concrete used in the construction of streets in the City of San Diego, where no meters are installed, the rate shall be \$1.00 per 1000 square feet of concrete laid.

15. The regular charge for making and placing taps and laying pipes shall be made for any taps placed or pipes laid or connected with the mains for fire apparatus, which

shall be used only in case of fire, but no other charge shall be made for such fire apparatus if used only in case of fire; provided, that if any person shall at any time use such fire apparatus for other than fire purposes, without written permission from the Superintendent, Department of Water, the Department of Water shall have the right to charge and collect from such person the sum of \$500.00 for such fire apparatus connection for such year..

Section 2. That all bills for water used shall be payable at the City Hall, and in the manner hereinafter provided, to-wit:

1. For water furnished during any month, or part thereof, on the first day of the succeeding month, and if not paid on or before the tenth of said month a penalty of ten per cent. of the amount of the bill shall be added; and if this total amount is not paid on or before the 25th day of said month, the same shall be deemed delinquent, and the Superintendent, Department of Water, shall cause the water to be shut off from said premises from which the delinquency has occurred, and the water shall not be again turned on until all arrearages and fifty cents in addition thereto for turning on the water, shall have been paid..

m 2. In addition to any other remedy provided herein for the enforcement or collection of any water rate or charge, all rates provided for in this ordinance shall be a lien against the premises to which any water may be supplied, and a charge against the owner thereof and the occupant thereof using the water, and such property owner and occupant thereof using the water, and such property owner shall be severally responsible to the city in an action waged by the city in any court of competent jurisdiction for the amount of all such rates as may be due and unpaid, together with all penalties provided herein and costs.

3. That if a meter gets out of order, and fails to register correctly, the consumer shall be charged with an average daily consumption as shown by the meter when in order and registering correctly.

Section 3. All consumers shall be supplied with water measured through a meter, which meter shall be installed in the manner as follows:

1. Before water shall be supplied to any premises from the city mains, the owner or user shall make application to the Department of Water, which department shall thereupon install pipe from the city main to a point inside the curb line, and shall connect the same with a meter. The department shall make a charge for said work equal to its cost as estimated by the Superintendent, Department of Water, which charge must be paid upon application for service..

Upon demand of any consumer, and of payment of the sum of three dollars, said Department of Water shall place on the consumer's supply pipe, an air valve or check valve in connection with the meter, of the latest and most improved pattern.

2. All water meters installed by the Department of Water shall be maintained and repaired when rendered unserviceable through fair wear and tear, and renewed by the Department of Water, and shall remain at all times the property of the City of San Diego.

3. Meters shall be read at monthly intervals, or as near monthly intervals as the ordinary course of business will permit..

4. That no water service pipe connected with said system of water works shall be placed nearer than two feet to any sewer pipe or sewer ditch in said city.

5. Any employee of the Water Department of said city, when directed by the Superintendent, Department of Water, shall be allowed free access to make personal examination of the premises of any applicant for or consumer of water, and for the inspection of water

pipes and apparatus.

6. That any consumer shall have the right to demand that the meter through which water is being furnished be examined and tested by the said Department of Water, for the purpose of ascertaining whether or not it is registering accurately and correctly the amount of water which is being delivered through it by the said Department of Water to such consumer; provided, that when any consumer desires to have said meter so examined and tested, such consumer shall make application therefor in writing to the said Department of Water, and shall deposit with the said application the sum of \$1.00.

Upon said application being made, it shall be the duty of said Department of Water to cause said meter to be examined and tested for the purpose of ascertaining whether it is registering accurately and correctly the water being so delivered through it. If, upon such examination, said meter shall be found to register accurately and correctly the amount of water which passes through it, then the said sum of \$1.00 shall be paid the Department of Water, and deposited to the credit of the Water Fund; but if it be found upon such examination that the said meter does not register accurately and correctly, then the said sum of \$1.00 shall be returned to the person making the application.

7. That the property owner or person making application for water service where there are sidewalks, the whole width of which are paved with brick, asphalt or concrete, shall be required to pay the sum of five dollars for the installation of a cast iron cover or frame, twenty-five inches by twenty-five inches, outside measurement, and to provide a water tight box of brick or concrete therefor, as shall be determined by the said Department of Water, for the purpose of enclosing and protecting the curb cock and meter after one is put in place.

8. That if in the judgment of the Superintendent, Department of Water, the placing of a check valve on the property side of a water meter of any consumer is considered necessary for the safety of the water system, such check valve shall be immediately installed, at the expense of the consumer, after due notice in writing shall have been given the consumer by the said Superintendent, Department of Water.

For any damage done to the water system or meters of said city, on account of failure of said consumer to install the necessary check valve or safety appliance after notice has been served by the said Department of Water, the consumer shall be held responsible.

9. That it shall be unlawful for any person or persons to draw water from any city water pipes direct into any stationary steam boiler, within the corporate limits of the City of San Diego.

That any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine in a sum not exceeding \$100.00, or by imprisonment in the city jail of said city for a period not exceeding fifty days, or by both such fine and imprisonment.

10. That all water systems laid within the corporate limits of the City of San Diego, and connecting with or supplied from the water mains of said city shall be constructed under the supervision and in accordance with plans and specifications approved by the Superintendent, Department of Water.

That all private water mains laid in the Streets of any tract or subdivision within the corporate limits of the City of San Diego, shall upon the filing of the map of said tract or subdivision and the turning over to the City of San Diego the streets of said tract or subdivision, become the property of the said City of San Diego.

11. That it shall be unlawful for any person, company or corporation to tap, open or connect with any water main or pipe which forms any part of the system of water works

of the City of San Diego, without first obtaining written permission so to do from the Superintendent, Department of Water of said City.

That it shall be unlawful for any person, other than the authorized agents or employees of the said City of San Diego to turn on any water after the same shall have been turned off, as herein provided without the consent of the said Superintendent, Department of Water of said city; also for any person, excepting as above mentioned, or proprietor of any grading outfit, to take or use water from said system of water works, without the written permission of said Superintendent, Department of Water, and all owners and occupants of property are hereby prohibited from furnishing water for such purposes until the said Superintendent, Department of Water has given permission so to do.

It shall also be unlawful for any person or persons to place upon or about any fire hydrant or stop cock connected with the water pipes of the said system of water works any building material or other substance so as to prevent free access to the same at all times; also for any consumer to supply water to any person, company or corporation other than the occupant or occupants of the premises of said consumer, or for any person to conduct or carry away any water from any fire hydrant, watering ~~t~~rough, or public fountain without a written permit from the Superintendent, Department of Water, of said city, or for any person to knowingly permit leaks or wastage of water.

That any person or persons violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine in a sum not exceeding one hundred dollars (\$100.00), or by imprisonment in the city jail of said city for a period not exceeding fifty days, or by both such fine and imprisonment.

Section 4. That all ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Section 5. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NUMBER 4463.

AN ORDINANCE AUTHORIZING THE EXECUTION OF A LEASE BY THE CITY OF SAN DIEGO TO CHARLES R. McCORMICK AND COMPANY, A CORPORATION, OF CERTAIN TIDELANDS ON THE BAY OF SAN DIEGO.

WHEREAS, Charles R. McCormick and Company, a corporation has made application to the City of San Diego, for a lease of certain tide lands on the Bay of San Diego, a more particular description of which is contained therein and is hereafter set out, and

WHEREAS, the Common Council, has by resolution adopted on the 14th day of June, 1911, fixed the 26th day of June, 1911, and the Council Chamber of the Common Council as the time and place for the hearing of said application, and

WHEREAS, the City Clerk has given notice of said hearing by publication of notice in two daily newspapers of the City of San Diego, and

WHEREAS, all proceedings had and taken are and have been in full compliance with the law, and

WHEREAS, after due deliberation, the Common Council has found and determined that the granting of said lease will be promotive of public interest, now therefore

BE IT ORDAINED by the Common Council of the City of San Diego, County of San Diego, State of California, by the vote of at least two-thirds of the members thereof, as follows; to-wit:

SECTION 1. That a majority of the members of the Common Council shall execute a lease on behalf of the City of San Diego, to Charles R. McCormick and Company, a corporation of certain tide lands in the Bay of San Diego, under the terms and conditions set out in said lease. Said lease shall be in words and figures as follows, to-wit:

"This Indenture, made and entered into this 1st day of July, 1911, between the City of San Diego, a municipal corporation, in the County of San Diego, State of California hereafter designated as the City, and Charles R. McCormick and company, a corporation duly organized and existing under the laws of the State of California, hereafter Designated as the lessee,

WITNESSETH:

"That the said City does by these presents demise and lease unto the said lessee unto all those lands bordering on and extending into the Bay of San Diego, and being a portion of those lands conveyed to the City of San Diego, by the State of California through the provisions of that certain act of the Legislature entitled as follows: "An act conveying certain tide lands and lands lying under navigable waters situate in the Bay of San Diego

in the City of San Diego, in furtherance of navigation and commerce and the fisheries, and providing for government management and control thereof", approved on the 1st day of May, 1911, and more particularly described as follows, to-wit; Commencing at a point on the Northerly line of Pierce Avenue, in the City of San Diego, California, 210' North 51°25' West from the Southeasterly line of Dewey Street and thence South 38° 35' West parallel with the Southeasterly line of said Dewey Street produced, to an intersection with the mean high tide line of San Diego, Bay at a point on said mean high tide line for the true point of beginning, thence South 38°35' West to the bulkhead line in said Bay of San Diego, as established by the U. S. War Department, thence Southeasterly along said bulkhead line to a point, thence North 38° 35' East parallel to and 490' distant from the said Southeasterly line of said Dewey Street, produced, to the mean high tide line, thence Northwesterly along said line to point of beginning, with all appurtenances thereto.

"The term of said lease shall be for a period of twenty-five years from and after the 1st day of July, 1911, at the yearly rental of Three Hundred Dollars, payable in Gold Coin of the United States, in equal monthly payments of Twenty-five dollars each, on the 1st day of each and every month during said term, in advance. And it is hereby agreed by and the said parties to this lease that said lease shall be granted and accepted under the further terms and conditions hereinafter provided, to-wit:

A.-"That the uses and purposes to which said leased premises shall be applied are as follows:

"The conducting thereon by the said lessee of the business of a wholesale and retail dealer in and manufacture of lumber and its products, including the erection and maintenance of wharves, mills factories, warehouses, sheds, offices and all other structures necessary for the conduct of said business; for the storage of logs, lumber and other material handled, sold or shipped by said Company; And for such further uses as are necessary and proper to the conduct of such business.

B.- "That said lessee shall have the right and privilege of reclaiming and filling in with earth or other material, all or any portion of said premises and the right and privilege of erecting thereon bulkheads and seawalls, provided that said work shall be done in accordance with the statutes and regulations of the U. S. Government and the State of California and the ordinance of the City of San Diego; and provided further that no work shall be done upon, nor use made of said premises that will materially decrease the amount of tidal waters of the Bay of San Diego,

C.-"That nothing herein contained shall limit the power of the City of San Diego to build, maintain, own and operate any railroad or railroads across said premises or to hereafter grant franchises to any person or corporation for the construction, maintenance and operation of any railroad or railroads across said premises, provided that such person or corporation, granted such franchise by the said City, shall bear all expenses of making and crossing or crossings and their equitable share in the costs of maintaining the same, the said lessee to remove at its own cost and expense from any such franchise so granted for railroad purposes, any buildings or materials which they may have erected or placed thereon, provided however, that said lessee shall not be disturbed in the possession and use of said premises to any greater extent than is necessary for the construction and maintenance of such railroad.

D.-"That said City Reserves the right to erect seawalls and docks and wharves and to make such other improvements for the development of the facilities of the Bay of San Diego, for the purpose of navigation and of the dockage of vessels on said premises, at any time and in such manner as may be provided in any general plan for harbor improvements adopted by said City; provided only that said lessee shall not be disturbed in the possession and

use of said premises to any greater degree than is necessary in the carrying out and completion of said general plan of improvements.

E.-That the said City reserves the right to readjust and increase the rentals provided for herein, at any time whenever the said City shall adopt any general plan or rule providing for the readjustment of rents along the water front of said Bay; provide, however, that said City shall never charge for the use of said premises any unreasonable rate or toll, nor make nor suffer to be made any unreasonable charge, burden or discrimination upon or against said lessee.

<sup>void</sup> F.-That the said City reserves unto itself an easement or right of way across said leased property for the

F.-That this said lease shall not be assignable or transferable, nor shall the said lessee have the right to sublet the leased premises or any part thereof.

G.-That the said City reserves unto itself an easement or right of way across said leased property for the purpose of constructing and maintaining a water main to supply and furnish water to ships or shipping landing or docking at the wharf or wharves for which said lessee shall obtain a franchise from the City of San Diego.

H.-That the Common Council of the City of San Diego shall have the right and privilege, by ordinance, to annul, change or modify this lease, as in its judgment may seem proper.

"And it is agreed that if any rents shall be due and unpaid for a period of more than three months, or if default shall be made in any of the covenants, conditions or restrictions herein contained, then it shall be lawful for said City to re-enter said premises and remove all persons and property therefrom and to terminate this lease. And the said lessee does hereby covenant, promise and agree to pay to the said City the said rent in the manner herein specified, and to fulfill said covenants, conditions and restrictions, and that at the expiration of said term said lessee will quit and surrender the said premises; and the said City does hereby covenant promise and agree that the said lessee, paying said rent and performing the covenants afore said, shall and may peaceably and quietly hold and enjoy the said premises for the term aforesaid.

"In Witness Whereof these presents have been executed the day and year first above written, in behalf of the City of San Diego by the members of its Common Council, and in behalf, and as the act of Charles R. McCormick and company, by its president, and attested by its secretary."

Section 2 That the said lease as above set out shall be granted and executed to Charles R. McCormick and Company, and shall not be made or sold at public auction.

Section 3. That the City Clerk be and he is hereby directed to cause this ordinance to be published once in the official daily newspaper of the City of San Diego.

Section 4. That this ordinance shall take effect from and after the 31st day after its adoption, and approval.

AN ORDINANCE AMENDING SECTION ONE OF ORDINANCE NO. 4402, REQUIRING ELECTRICALLY CHARGED WIRES ON CERTAIN STREETS TO BE PLACED UNDER GROUND.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1, That Section 1 of Ord. 4402 is hereby amended to read as follows, to-wit:

Section 1. That all wires, cables, or other contrivances heretofore use, or hereafter to be used, for the transmission of electricity or light, heat, power or telephone messages, or for any other purpose, on or in Fifth Street, between the north line of B Street and the curb line on the north line of H Street, or on Fourth Street between the south line of Witherby Street, thence north 150 feet to the north line of D Street, or on D Street, between the east line of Sixth Street and the west line of California Street, all in the City of San Diego, shall, prior to the 31st day of December, 1911, be placed

underground, in conduits, the top of all which conduits shall be at all places, at least eighteen inches below the surface of the pavement of such street, and the bottom of all which conduits shall not be at any place more than six feet below such surface, except in places where it may be necessary to place a conduit lower in order to avoid some artificial obstruction in such street. That all conduits shall be of vitrified pipe, or other material as suitable, for such conduits. High voltage wires shall be encased in a concrete or other envelope, equally suitable for enclosing high voltage wires. All such conduits shall be of sufficient size to accomodate all underground wires, cables and conduits in use at the time such wires are being placed underground, as well as all that may be reasonably anticipated to be hereafter necessary for the person, firm or corporation owning or operating that particular system, to install in such street. That there shall be located at the street crossings of each one of the streets in which such a conduit is placed a man-hole of suitable size, the covering of which shall be flush with the surface paving of the street and there shall be stamped or cast on such covering the initials of the person, firm or corporation owning or leasing such system of wires. All lateral connections to be installed shall extend from the junction boxes at the conduit with which they connect to the curb line.

All transformers shall be placed in man-holes, or in basement vaults, and all such man-holes or vaults shall be constructed of concrete or masonry. All such vaults shall be provided with metal doors, and with no other kind of doors. In the discretion of the Superintendent of the Department of Fire and Sewers, such manholes may be drained into the sewer system of the city; but no such connections can be made, excepting with the consent of said superintendent thereto first obtained.

Section 2. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4487.

AN ORDINANCE PRESCRIBING SPECIFICATIONS FOR THE CONSTRUCTION OF REINFORCED CEMENT CONCRETE GUTTERS IN THE CITY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. That all reinforced cement concrete gutters constructed in the City of San Diego, California, shall be done in accordance with the following specifications, viz:

1. PLANS, ETC. The work herein provided for is to be done in accordance with the plans, profiles and cross-sections on file in the Office of the City Engineer of the City of San Diego, California, and all work shall, during its progress and on its completion, conform to the lines and levels which may from time to time be given by the said City Engineer.

2. WORK. The gutter is to consist of a reinforced Portland cement concrete base with a Portland cement top coat or wearing surface, the thickness of each of which shall be as shown upon the cross-section adopted for the work.

3. SUB-GRADE. The sub-grade for that portion of the roadway which is to be used for the construction of the gutters herein specified, shall be such distance below and parallel to the finished surface of the gutters as is shown upon said adopted cross-section on file in the office of the City Engineer.

4. GRADING. The grading shall include all filling, the removal of all earth, stone or all other materials of whatever nature it may be that may be encountered in preparing the sub-grade, and shall also include all trimming and shaping required to bring the surface of the street to sub-grade and cross-section. When mud or other soft material is encountered, it shall be taken out and the space filled with good earth or gravel which shall be rolled until the surface of the sub-grade ceases to sink when thoroughly ramed.

5. Upon the sub-grade prepared as above specified and thoroughly dampened, there shall be laid a reinforced Portland cement concrete base of the thickness shown upon the cross-sections adopted for the work and composed of the following materials to-wit:

- (a) Portland Cement. One original commercial sack of Portland cement, full weight.
- (b) Sand. Three cubic feet of sand by measure.
- (c) Broken Stone. Six cubic feet of broken stone by measure.

6. PORTLAND CEMENT. All cement used shall be Portland cement and must conform to all the tests, rules and requirements as set forth in the "Specifications for Portland Cement, adopted by the American Society for Testing Materials, August 16th, 1909". Samples for tests may be taken from every package delivered or proposed to be used upon the work, and unless they meet the requirements herein specified, such package or packages of cement will be rejected. No cement will be accepted, tested, or permitted to be used unless delivered upon the ground where the work is proposed to be done in the original unopened packages with the manufacturer's name and the brand of the cement thereon. All

samples of Portland cement required by the City Engineer or his authorized deputies, shall be given him free of charge, and he shall have authority at any time to take such samples as he or his deputy may desire. All tests made will be in the cement testing room provided by the City of San Diego for that purpose, and all such tests shall be open to the contractors.

7. SAND. All sand used in the work must be fresh water sand, clean and sharp, free from excess mica or other foreign matter.

8. BROKEN STONE. All broken stone used shall be the run of the crusher, except, however, that not more than five (5) per cent, of its volume shall be material which will pass through a one-quarter (1/4) inch mesh screen and not less than thirty (30) per cent, of its volume shall be material which will pass through a three-quarters (3/4) inch mesh screen. It shall be clean, hard and durable in quality and shall range in size from the minimum noted above to two inches in greatest dimensions maximum.

9. MIXING AND PLACING CONCRETE. All proportions of sand and broken stone shall be obtained by actual measurement in boxes and no material shall be used that has not been thus measured. All mixing shall be done in suitable boxes or upon tight platforms or in mixers.

In the process of mixing the concrete, unless a mixer be used, the broken stone shall be spread in a regular layer not over ten (10) inches in depth on the platform; upon this stone shall be uniformly spread the proper amount of sand and upon the sand shall be evenly spread the required amount of cement. The whole mass shall then be well mixed by turning at least three (3) times dry. Water shall then be added in a fine spray and the mass turned twice wet, after which it shall be immediately placed in position and tamped and rammed until it is thoroughly compacted and until free mortar appears on the surface. The sub-grade or foundation shall be well sprinkled just before the depositing of the concrete. No concrete shall be used that shows evidence of having set or that has become unfit for good work from standing too long, or from any other cause and no remixing of cement will be allowed. Under no circumstances shall any concrete be put upon the work after the initial set has taken place. All concrete shall be mixed to rather a thin batter to better enclose the reinforcing bars hereinafter specified. The full thickness of the concrete as shown upon the cross-sections shall be laid at one operation and the top coat or surface shall be immediately placed upon the green concrete before the same has begun to set.

10. TOP COAT. The top coat of plaster shall be placed as shown upon the cross-section and of the thickness as there shown. It shall be composed of one part of Portland cement and one part of sand, thoroughly mixed and placed into position upon the green concrete base, neatly smoothed down and marked off in suitable squares.

11. REINFORCING STEEL. The concrete base shall be reinforced in the manner as shown upon the cross-section and of the size of steel and spacing as there shown. The steel shall accurately occupy the position in the work as shown. All reinforcing steel used shall be of standard deformed bars as used for reinforcing purposes; the bars shall be fastened at their intersections with No. 16 wire. The transverse rods shall be of one whole piece extending from the line of the curb to the toe of the cut-off wall as shown.

12. CUT-OFF WALL. A reinforced cement concrete cut-off wall which is hereby specified as being part of the gutter proper, shall be constructed along the outer edge of the gutters in the manner and of the size as shown upon the cross-section as shown; this concrete to be placed at the same time that the concrete in the base of the gutter proper is placed.

13. GENERAL REQUIREMENTS. All work shall be executed in every respect in a

thorough and workmanlike manner. The contractor shall preserve all stakes set for lines, levels or measurements of the work in their proper places until authorized to remove them by the City Engineer and any expense incurred in replacing said stakes which the contractor or his subordinates may have failed to preserve, shall be borne by the contractor.

Any overseer, superintendent, laborer or other person employed on the work by the contractor, who shall perform his work in a manner contrary to these specifications, shall be discharged immediately, and such person shall not again be employed on the work. All loss or damage arising during the progress of the work from any unforeseen obstruction or difficulties which may be encountered in the prosecution of the work, or from any action of the elements, or from any act or omission not authorized by these specifications, on the part of the contractor or any agent or person employed by him, shall be sustained by the contractor. No work which may be defective in its construction or deficient in any of the requirements of these specifications, will be considered as accepted in consequence of the failure of any officer of the city or any inspector connected with the work to point out any defects or deficiency during construction and the contractor shall correct any imperfect work whenever discovered, before the final acceptance of the work. The contractor assumes all risk of variance in any computation or statement of amounts of quantities necessary to complete the work required by this contract, and agrees to furnish all necessary labor and materials and to fully complete said work in accordance with the plans and specifications and to the satisfaction of the Superintendent of Streets. Bidders must examine and judge for themselves as to the location of the proposed work, the nature of the excavation to be made and the work to be done.

The contractor shall give twenty-four (24) hours notice in writing when he will require the services of the City Engineer for laying out any portion of the work. He shall dig all stake holes necessary to give lines and levels. The contractor shall not disturb any monuments or stakes found on the line of the improvements until ordered by the City Engineer, and he shall bear the expense of resetting any monuments or stakes which may be disturbed without orders.

The contractor shall remove at his own expense, all obstructions, such as trees, stones, debris, etc., that may be in the way of making the proposed improvements.

No more than one cross-street shall be closed at any one time. The contractor shall be required to observe all the ordinances of the City of San Diego in relation to the obstruction of streets, keeping open passage ways and protecting the same where they are exposed and would be dangerous to public travel.

He shall also erect and keep erected by day and night, a fence or proper barrier along the line of the work and across the ends of the same in order to guard the public effectively from danger of falling into trenches, or from upsetting their vehicles against the earth thrown up during the progress of the work, and he shall post all proper notices and signals to the public of the state of the street while the work is in progress. A red light must be maintained at night at each end of the barriers, from sunset until sunrise.

In case it should be necessary to move the property of any owner of a public utility or franchise, such owner will, upon proper application by the contractor, be notified by the Superintendent of Streets to move such property within a specified reasonable time, and the contractor shall not interfere with said property until after the expiration of the time specified.

The right is reserved to the owners of public utilities and franchises to enter upon the street for the purpose of making repairs or changes of their property that may become necessary by the work. The city shall also have the privilege of entering upon the street for the purpose of repairing sewers or making house drain connections therewith, or

repairing storm drains or culverts.

The contractor shall remove all surplus material and rubbish from the work after its completion, and before he makes application for the acceptance of the work.

The contractor shall notify the Superintendent of Streets when he desires a final inspection of the work, when the latter will, as soon as possible, make the necessary examination, and if the work is found in compliance with the above specifications, the Superintendent of Streets will furnish the contractor with a certificate to that effect.

When in the specifications, a maximum or minimum, either in size, percentage or thickness, or relating to quality or character, or other matter, is allowed or prescribed, the work shall be accepted as in compliance therewith if within such maximum or minimum so allowed hereby.

Whenever the word "contractor" is used in these specifications, it refers to the party or parties of the second part in the agreement for the construction of the work herein specified.

Whenever the words "Superintendent of Streets", "City Engineer", are used in these specifications, they refer, respectively, to the Superintendent of Streets and the City Engineer of the City of San Diego, Cal.

Section 2. This Ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NUMBER 4498.

AN ORDINANCE GRANTING TO CHARLES R. McCORMICK AND COMPANY, A CORPORATION, A FRANCHISE FOR THE CONSTRUCTION AND MAINTENANCE OF A WHARF INTO THE BAY OF SAN DIEGO, AND PRESCRIBING THE TERMS AND CONDITIONS OF SAID GRANT.

WHEREAS, Charles R. McCormick and Company, a corporation, did on the 12th day of June, 1911, file in the office of the City Clerk of the City of San Diego an application for a franchise for the construction and maintenance of a wharf into the Bay of San Diego, the location of which was in said application more particularly described, together with a map, plat and plan showing the location of and the dimensions, form and construction of said wharf, the lands and waters bordering thereon or near the same and the owners and occupants or claimants of such lands and of the use thereof, the distance into said waters the said wharf shall extend, and uses and purposes to which said structure is to be applied, and

WHEREAS, the said Common Council did on the 14th day of June, 1911, by resolution duly adopted, fix June 26th, 1911, at 10:30 o'clock A. M., and the Council Chamber of the Common Council as the time and place for the hearing of said application, and

WHEREAS, the City Clerk in pursuance to said resolution, has caused to be published a notice of the hearing of said application in two daily newspapers published in the County of San Diego, at least three days in the week of seven days preceding the time appointed for said hearing, and

WHEREAS, all proceedings had and taken are and have been in full compliance with the law, and

WHEREAS, after due deliberation, the Common Council has found and determined that the granting of said application will be promotive of public interests, now therefore,

BE IT ORDAINED, by the Common Council of the City of San Diego, County of San Diego, State of California, by the vote of at least two-thirds of the members thereof, as follows, to-wit:

Section 1. That in consideration of the covenants hereinafter contained on the part of the grantee, to which covenants for itself, its successors or assigns, by its acceptance hereof, agrees, said City of San Diego through its Common Council hereby grants to Charles R. McCormick and Company, a corporation, organized and existing under the laws of the State of California, its successors or assigns, the right and franchise to make, construct and maintain until the 1st day of August, 1925, a wharf or wharfs supported by piers or piling; together with the right to occupy, and the unobstructed use of that portion of the Bay hereinafter described. The center line of said wharf to be described as follows: Beginning at a point on the Northerly line of Pierce Avenue, in the City of San Diego, California, 140' South 51° 25' East from the Southeasterly line of Dewey Street, thence South 38° 35' West parallel with said Southeasterly line of said Dewey Street produced, to an intersection with the mean high tide line of San Diego Bay for a true point of beginning, thence South 38° 35' West into the waters of the Bay of San Diego, to the pier-

head line of the Bay of San Diego, as established by the U. S. War Department.

The uses and purposes to which said wharf and the franchise herein granted are to be applied are for the loading and unloading of ships, lighters and shipping crafts, and especially lumber for said Charles R. McCormick and Company, and in conveying from the same all kinds of merchandise, freight and material to and from the waters of the Bay of San Diego, and for the construction and maintenance thereon of railroads or of railroad tracks and machinery for the facilitating of the unloading and loading of said ships, lighters and shipping crafts.

Provided however, that this franchise is granted and adopted upon the following conditions, to-wit:

A.- That said grantee hereby covenants and agrees to pay to the City of San Diego, during the term of this grant, the sum of Twenty-five dollars per month in advance, commencing on the 1st day of August, 1911, as rental for the use of the premises hereinbefore described and for said franchise, and to pay the same each and every month during the term for which this grant is made.

B.- That said wharf shall be constructed of piles and piling and other timber, but said grantee reserves the right to substitute for said material, any other material more permanent or durable, at any time.

C. - That said wharf shall be constructed to a width of not more than 30 feet on each side of said hereinbefore described center line. And said grantee shall have the unobstructed use of the water for a distance of 150 feet on each side of said wharf, or such portion of said 150 feet thereof as may be necessary and convenient in discharging lumber, merchandise or other commodities from said wharf, as well as for the safety of the vessels in coming to and going from said wharf and lying at said wharf.

D.- That if at any time said City shall desire to terminate this franchise and to purchase said wharf, and the purchase price thereof cannot be agreed upon, then the owner of said franchise shall select two disinterested persons and said City shall select two disinterested persons who shall ascertain and fix the value of said wharf; and if three of said four persons cannot agree, then they shall appoint a fifth competent and disinterested person and any three of such five persons may fix the value of said wharf; provided however, that in fixing such value, the franchise or privilege shall not be considered of any value, and upon the payment or tender thereof by said City, it will be entitled to the possession of said wharf and the title thereto shall vest in the City of San Diego.

E.- That the said City of San Diego reserves the right to erect and maintain a seawall or to make other improvements along or across said wharf or franchise according to any general plan that may hereafter be adopted by said City for the improvement of the harbor of San Diego, for purposes of navigation and shipping, and nothing herein contained shall be construed as permitting the erection and maintenance of said wharf in such manner and in such place as to interfere with or prevent the carrying out of said improvements.

F.- That the City of San Diego reserves the right to grant franchises for the construction, maintenance and operation of railroad or railroads across the line of this franchise, and across said wharf, or to itself construct, own and maintain such railroad or railroads, provided however, that any person or corporation to whom said franchise shall be granted shall bear all the expense of making such crossing or crossings and the equitable share of the costs of maintaining the same.

G.- That work shall be commenced upon said wharf within three months from the date of the granting of this franchise by ordinance of the City of San Diego, shall be prosecuted continuously and shall be completed within one year from said date, and the

sum of Twenty Thousand (\$20,000.00) Dollars shall be expended in the construction of said wharf before the expiration of the said one year. And if said work be not<sup>so</sup> commenced and completed and if the said sum of money be not so expended, then this franchise and improvements thereon shall be deemed forfeited by said grantee.

H.- That the Common Council of the City of San Diego shall have the right and privilege, by ordinance, to annul, change or modify this franchise, as in its judgment may seem proper, and said City reserves the right to readjust and increase the rentals provided for herein, at any time whenever the said City shall adopt any general plan or rule providing for the readjustment of rents and franchise charges along the water front of said Bay; provided however, that said City shall never charge for the use of said premises or said franchise any unreasonable rate or toll, nor make nor suffer to be made any unreasonable charge, burden or discrimination upon or against said grantee.

I.- That said City reserves the right at any time to use said wharf, without charge on the part of said grantee herein, for the purposes of constructing and maintaining thereon, at its own expense, a water main for the purpose of supplying and furnishing water to such ships and shipping as may dock or land at said wharf, such water mains to be so constructed and maintained as to not interfere with a reasonable and free use of said wharf by said Company for the purposes herein mentioned. And said City reserves unto itself an easement over and along said wharf for said purposes.

J.- That by the acceptance of this grant, Charles R. McCormick and Company, grantee herein, assents and agrees to all the conditions and provisions herein contained.

Section 2. That the City Clerk be and he is hereby directed to cause this ordinance to be published once in the official daily newspaper of the City of San Diego.

Section 3. That this ordinance shall take effect from and after the thirty-first day after its adoption and approval.

ORDINANCE NO. 4504.

AN ORDINANCE GRANTING TEMPORARY PERMISSION TO SIMPSON, PIRNIE GRANITE COMPANY TO CONSTRUCT, OPERATE AND MAINTAIN A RAILWAY SWITCH UPON CERTAIN PORTIONS OF N STREET, IN THE CITY OF SAN DIEGO.

WHEREAS, Simpson, Pirnie Granite Company has petitioned the Common Council of said City of San Diego, to grant it permission to construct, operate and maintain a switch upon

certain portions of N Street, in said city; and it appearing that the public welfare of the city require such extension, NOW THEREFORE,

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. Temporary permission is hereby granted to the said Simpson, Pirnie Granite Company, its successors and assigns, to lay down, construct, operate and maintain a railway switch across N Street, between Twenty-first Street and Twenty-second Street, on to block sixty-six (66) of Sherman's Addition, leading from the tracks to the San Diego Cuyamaca and Eastern Railway Company; all as shown in the plat hereto annexed, reference being thereto now had for greater certainty.

Section 2. The rights and privileges granted by this ordinance are made upon condition that the said road, so far as the construction, maintenance or operation of said switch is concerned, or any part thereof, shall at all times be subject to regulation by the Common Council, and said Common Council hereby reserves the right at any time to amend, change, modify or repeal this ordinance, and to revoke the permission granted, and that any such change, modification, repeal, or revocation may be made by said Common Council, and the said switch shall be removed by the said Simpson, Pirnie Granite Company, its successors and assigns, if ordered by the said Common Council, without any claim for damages being made against the city therefor, and upon the removal of said switch the streets and sidewalks shall be left in as good condition as before said switch was laid.

Section 3. This grant is made upon the further condition that said Simpson, Pirnie Granite Company, its successors and assigns, shall pave and keep in repair the street between the rails of each track, and also between the tracks, and for at least two feet on each side of the same, including all turnouts and sidetracks, and that said Simpson, Pirnie Granite Company shall allow any railroad company or corporation to which a similar right or privilege may be granted, to use in common with it the same track or tracks embraced in said switch, or any part thereof, upon such terms as the Common Council may determine.

And further that such switch shall be laid, kept and maintained at the official grade of said streets over which the same shall pass, as such official grades are now or may hereafter be established.

Section 4.. That it is hereby understood that said City of San Diego, making this grant, expressly reserves the right to grade, sewer, pave, macadamize, gutter, culvert, otherwise improve or repair all or either of said streets, or any part thereof, and to lay down or re-lay pipes for water, gas, electrical conduits, or for other purposes, such work to be done by the said City of San Diego so as to obstruct said road and tracks as little as practicable. And the said Simpson, Pirnie Granite Company, its successors or assigns, shall shift and reshift the road bed and rails of the said switch, so as to avoid any obstruction made thereby,

Provided, that while the City may at all times insist upon each and every right hereinabove specified or reserved to said city, said city shall, in addition thereto, have the right at any time, at the election of the Common Council, to take over said track from the said Simpson, Pirnie Granite Company, its successors or assigns, on the payment of the appraised value thereof, one of the appraisers to be named by the said Common Council, one by the said Simpson, Pirnie Granite Company, and in case they cannot agree, those two to name a third.

Section 5. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4505.

AN ORDINANCE GRANTING TEMPORARY PERMISSION TO G. E. GABRIELSON TO CONSTRUCT, OPERATE AND MAINTAIN A RAILWAY SWITCH UPON CERTAIN PORTIONS OF NATIONAL AVENUE, IN THE CITY OF SAN DIEGO.

WHEREAS, G. E. Gabrielson has petitioned the Common Council of said City of San Diego, to grant him permission to construct, operate and maintain a switch upon certain portions of National Avenue, and at the intersection of Fourteenth and N Streets, in said City; and it appearing that the public welfare of the city require such extension, NOW THEREFORE;

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. Temporary permission is hereby granted to the said G. E. Gabrielson, his successors and assigns, to lay down, construct, operate and maintain a railway switch at the intersection of Fourteenth and N Streets leading from the tracks of the San Diego Cuyamaca and Eastern Railway Company, across Fourteenth Street and extending on National Avenue three hundred and twenty-five (325) feet, said permit to be granted for fifteen months from and after the approval of this ordinance.

Section 2. The rights and privileges granted by this ordinance are made upon condition that the said road, so far as the construction, maintenance or operation of said

switch is concerned, or any part thereof, shall at all times be subject to regulation by the Common Council, and said Common Council hereby reserves the right at any time to amend, change, modify or repeal this ordinance, and to revoke the permission hereby granted, and that any such change, modification, repeal or revocation can be made by said Common Council, and the said switch shall be removed by the said G. E. Gabrielson, his successors and assigns, if ordered by the said Common Council, without any claim for damage being made against the city therefor, and upon the removal of said switch the streets and sidewalks shall be left in as good condition as before said switch was laid.

Section 3. This grant is made upon the further condition that said G. E. Gabrielson, his successors and assigns, shall pave and keep in repair the said street, between the rails of each track, and also between the tracks, and for at least two feet on each side of the same, including all turnouts and sidetracks, and that said G. E. Gabrielson shall allow any railroad company or corporation to which a similar right or privilege may be granted, to use in common with him the same track or tracks embraced in said switch, or any part thereof, upon such terms as the Common Council may determine.

And further that such switch shall be laid, kept and maintained at the official grade of said streets over which the same shall pass, as such official grades are now or may hereafter be established.

Section 4. That it is hereby understood that said City of San Diego, making this grant, expressly reserves the right to grade, sewer, pave, macadamize, gutter, culvert, otherwise improve or repair all or either of said streets, or any part thereof, and to lay down or re-lay pipes for water, gas, electrical conduits, or for other purposes, such work to be done by the said City of San Diego so as to obstruct said road and tracks as little as practicable. And the said G. E. Gabrielson, his successors or assigns, shall shift and re-shift the road bed and rails of said switch, so as to avoid any obstruction made thereby,

Provided, that while the City may at all times insist upon each and every right hereinabove specified or reserved to said city, said city shall, in addition thereto, have the right at any time, at the election of the Common Council, to take over said track from the said G. E. Gabrielson, his successors or assigns, on the payment of the appraised value thereof, one of the appraisers to be named by the said Common Council, one by the said Gabrielson, in case they cannot agree, those two to name a third.

Section 5. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4513.

AN ORDINANCE REGULATING SLAUGHTER HOUSES, PROVIDING FOR  
AN INSPECTOR OF MEATS, DAIRIES AND DAIRY PRODUCTS, DEFINING  
HIS DUTIES, AND REQUIRING AN INSPECTOR OF MEATS IN THE  
CITY OF SAN DIEGO.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. There is hereby created the office of Meat Inspector of the City of San Diego.

This Inspector shall be a competent, regular Veterinary.

He shall be appointed by the Board of Health of said City, subject to the approval and confirmation of the Common Council, and his salary shall be One Hundred Twenty-five (\$125.00) Dollars per month.

His duties shall be:

First: To inspect all cattle, hogs, sheep, goats and other animals intended for slaughter for human consumption, within this City, and at such other places as are designated by the said Board of Health, both before, during and after slaughter, and all animals, poultry, game, fish and their products, kept or exposed for sale for human consumption in said City of San Diego.

Second: To stamp carcasses of all slaughtered animals, according to regulations laid down by the United States Government, Order 137 Bureau of Animal Industry.

Third: He shall make such disposition of diseased meats and animals as is required by the United States Government, Order 137 Bureau of Animal Industry.

Fourth: To inspect all buildings erected, converted or used as slaughter houses, to determine that they are adequately ventilated and in all other ways conform to the provisions of this ordinance.

Fifth: To inspect all stores, shops, markets and other premises where such meats and products are kept for sale, and see that such meats and products are in sanitary condition.

Sixth: To see that no carcasses are offered for sale for human consumption within said City of San Diego, without carrying a United States Government Inspector's stamp, or that of the Inspector of the City of San Diego, or other duly authorized inspector.

Seventh: Whenever any meat, game, fish, poultry, or the products thereof, upon inspection and examination, be found to be unwholesome or corrupted from any cause, or infected with any form of disease, said Inspector shall condemn the same as unfit for human food, and shall mark, mutilate or make the fact of such condemnation and unfitness apparent, and shall treat it in accordance with Regulation 18, governing meat inspection of the U. S. Department of Agriculture.

Eighth: To inspect dairies and dairy cattle, whose products are offered for sale in the said City, and to determine and exclude such cattle as are diseased or dangerous in such a way as to render their products unfit for human consumption. To inspect all stores, dairies and depots where milk and dairy products are kept for sale and to see that such premises and dairy products are in a sanitary condition.

Section 2. It shall be unlawful for any person, either as owner, agent or employe, to sell, have, keep or expose for sale for human food, or to have in his possession, the flesh of any cow, ox, calf, sheep, swine or goat, for the purpose of sale, unless the same shall have been slaughtered under the supervision of a United States Government Inspector, in accordance with the regulations relating to the inspection of meat, as prescribed by the Department of Agriculture of the United States, or a Meat Inspector of the City of San Diego, or any other authorized agent, in accordance with the provisions of this ordinance, and unless there has been placed on each primal part thereof, by and under the personal supervision of an Inspector of the United States or of the City of San Diego, a mark, stamp or brand, showing that the same has been inspected and passed for food purposes, by such United States Inspector or such Meat Inspector of the City of San Diego, or other authorized inspector, and having the words, "San Diego City, Inspected and Passed" together with the number of the slaughter house, as hereinafter provided, in which the same was inspected.

Section 3. Any person, firm or corporation desiring to slaughter in the City of San Diego any of the animals mentioned in Section 1 hereof, for use for food purposes in the City of San Diego, shall before engaging in such business, make application in writing to the Board of Health of the City of San Diego for a permit to do so, which application shall be signed by the person, firm or corporation, <sup>making the same, and shall specify the location of the house</sup> or place where it is proposed to slaughter such animals. Upon the filing of such application with the said Board of Health, the said Inspector shall inspect said slaughter house, and if the same shall be found to comply with the provisions of this ordinance relative to construction and equipment of slaughter house, he shall issue a temporary permit and make a written report thereof to the Board of Health at its next meeting, whereupon said Board shall issue the permit applied for, and cause a record thereof to be kept in the Health Office. But if said place shall not be in strict accordance with the requirements of this ordinance, then such permit shall be withheld.

Section 4. No permit shall be issued to any person, firm or corporation to engage in the business of slaughtering animals within or without the City limits of the City of

San Diego for use for food purposes in the City of San Diego, unless the house or place in which the same are to be slaughtered shall conform strictly to the following regulations.

The floor or floors of the slaughter rooms shall be constructed of cement, tile or stone, and made water tight, and all such floors shall be constructed on an incline to provide adequate drainage towards a gutter which shall be so constructed with the same as to drain the same to a tub or reservoir, which said tub or reservoir shall be placed to receive blood or offal. Said tub or reservoir shall be emptied or cleaned at the end of each day upon which killing has been done, in such a manner that no offensive odor shall emanate from the same. The walls of the killing, meat dressing and cooling rooms shall be covered to the height of six feet with some non-absorbent material and made water-tight.

The blood and offal shall be handled and disposed of in such a manner as not to permit decay, or offensive effluvia to emanate therefrom while in or near the slaughter house.

All waste water or other fluids from the building or slaughter house shall be conducted by means of good and efficient pipes or cement gutters to a cooling or settling tank, where the same shall be cooled and all grease removed therefrom before said waste water or fluids shall be permitted to enter a city sewer.

Each slaughter house shall be provided with a cooling room apart from the killing room, which shall be placed not less than twenty feet from the place where the slaughtering is done, and separated from the killing room by a tight partition in the side or sides next or nearest to the killing room.

The cooling room shall be thoroughly ventilated and well screened so as to exclude flies and other insects therefrom.

Section 5. In order to obtain inspection by the City of San Diego the person, firm or corporation operating any slaughter house where cattle, calves, sheep, swine or goats are to be slaughtered, and the flesh thereof is to be supplied for the use of the inhabitants of the City of San Diego for food, shall make written application therefor to the Board of Health of said city, and said inspection shall be granted upon the following conditions:

That the said slaughter house has been constructed in accordance with the provisions of this ordinance.

That all slaughtering shall take place between the hours of seven o'clock A. M. and seven o'clock P. M. of any one day, unless a special permit in writing authorizing slaughtering at another time is granted by the Board of Health.

Section 6. Any person, firm or corporation desiring to slaughter any animal mentioned in this ordinance, the flesh or meat of which is to be disposed of for food in the City of San Diego, shall give notice to the Inspector of said city at least twelve hours before such slaughtering is to take place, that the services of the inspector thereof will be required; provided, the person in charge of the slaughtering may notify the inspector at the close of each day at what time on the following day the work of slaughtering will be commenced, and if no slaughtering is to be done on the day following, then he shall notify the inspector at what time, and on what succeeding day the work of slaughtering will be next commenced.

Section 7. If inspection is granted by the Board of Health as provided in this ordinance, the said Board of Health shall designate each slaughter house so inspected by a number, which number shall be used on the mark, stamp or brand of all meats inspected therein.

Section 8. The carcasses of calves, over four weeks of age, which have had no inspection previous to being brought into the city, will be admitted provided such car-

casses have the head and all the viscera, except the stomach, urinary bladder and intestines, held by their natural attachments. On being brought to the place of sale, application shall be made to the City Inspector for their inspection, and if found to be free from disease and otherwise sound, healthful and wholesome, and fit for human food, they shall be marked by the said City Inspector in the manner as previously provided, and admitted for sale. If found to be diseased, unsound, unhealthful, unwholesome or otherwise unfit for human food, they shall be condemned as previously provided by this ordinance.

Section 9. No hog, or other animal intended for human consumption in the City of San Diego shall be fed on garbage. Such hogs or other animals, may, however, be fed on swill. Swill is defined as kitchen or table waste, edible products, not more than twelve hours old, and which has not undergone fermentation. Garbage is kitchen or table waste, edible products, more than twelve hours old.

Section 10. It shall be unlawful for any person, firm or corporation, except the Meat Inspectors herein provided for, and the Health Officer, to have in possession, keep or use, any mark, stamp or brand provided or used for stamping, marking or branding any article herein required to be stamped, marked or branded, or to keep, make or use any mark, stamp or brand having thereon a device or words similar in character or import to the marks, stamps or brands provided or used for marking, stamping or branding such articles.

Section 11. Regulation 20. Carcasses of Animals not inspected Ante-mortem.

Carcasses of animals which have had no ante-mortem inspection by Inspectors of the Bureau of Animal Industry, the City Inspector or other authorized inspector, will not, except as herein provided, be admitted into an official establishment. The exception to this rule applies only to carcasses to which the head and all viscera, except the stomach, bladder and intestines are held by the natural attachments. Such carcasses, if offered for admission into official establishments, shall be inspected, and if found to be free from disease, and otherwise sound, healthful, wholesome and fit for human food, they shall be marked "Inspected and Passed" and admitted. If found to be diseased, unsound, unhealthful, unwholesome, or otherwise unfit for human food, they shall be marked "Inspected and Condemned", and they shall be disposed of as required by the United States Government Order 137, Bureau of Animal Industry.

Section 12. That every slaughter house shall keep in a conspicuous position, a copy of the regulations governing slaughter houses.

Section 13. Upon the following conditions and limitations:-

1. The grantee of said franchise, successors and assigns, shall file with the clerk of the City of San Diego during the first fifteen days of February of each year after

the taking effect of the ordinance granting the said franchise, and during the same period of each successive year thereafter until the first day of September, 1952, a statement verified by oath of said grantee, successors or assigns, showing the total gross receipts arising from the use, operation or possession of said franchise for the preceding calendar year (or fraction thereof for the first and last years as the case may be), and shall thereupon pay to the said City Clerk, for the said City of San Diego, the aggregate sum of two per centum of said gross annual receipts as shown by said statement. This franchise is a renewal of rights already in existence and the payment of said percentage of gross receipts shall begin upon the taking affect of the ordinance granting this franchise.

Any refusal by said grantee, successors or assigns, to file said verified statement and to pay said percentage of said gross annual receipts within the time above provided shall constitute ground for forfeiture of said franchise and all rights granted thereby.

The Mayor and Common Council may after said statement is made, inspect and examine the books of the grantee of this franchise and may cause the same to be examined by an expert accountant and may examine under oath any and all of its officers or agents for the purpose of ascertaining the gross annual receipts under this franchise.

2. **MOTIVE POWER.** That the cars upon said railway shall be propelled by electricity used through the overhead system, or in case of accident or unavoidable delay in procuring equipment, by mule or horse power.

3. **CONDITION OF STREETS.** The grantee of the franchise or its assigns shall pave or macadamize the entire length of the street, used by said tracks, between the rails and for two feet on each side thereof and between the tracks if there be more than one, whenever such street is ordered to be paved or macadamized by said Common Council, and shall keep the same constantly in repair, flush with the streets and with good crossings.

4. **TRACK SPECIFICATIONS.** That the track shall be constructed at the standard guage of four feet eight and one-half inches within the rails, and shall have a space between it and sidetracks, turnouts and switches of not less than five feet three inches.

5. **SINGLE OR DOUBLE TRACK.** That the grantee or its assigns shall have the right to lay and maintain either single or double tracks as the condition of business may warrant, but the laying of a single track shall be deemed a compliance with the conditions of this franchise, and shall in no wise impair the right of said grantee or its assigns to subsequently lay a second track paralleling the first track.

6. **RAIL SPECIFICATIONS.** That good substantial steel rails shall be used in the construction of said track.

7. **CITY'S RIGHT TO ACCESS TO STREETS.** That the right to grade, sewer, pave, macadamize or otherwise improve or alter or repair the said streets, or change the grade thereof, shall be reserved to the said City, such work to be done so as to obstruct the said railway as little as possible; the grantee or its assigns shall shift and re-shift the rails so as to avoid the obstruction created thereby; the grantee and its assigns shall waive any and all claims for damages against said City caused by reason of such grading, paving or macadamizing, or otherwise improving, altering or repairing said streets.

8. **TRANSFERS.** That the successful bidder for said franchise shall issue passenger transfers for passage in one continuous direction to all other lines of street railway owned or operated by said successful bidder in the said City, and shall also issue similar transfers from such lines owned or operated as aforesaid, to the lines covered by this franchise.

9. **TRACKS ON GRADED STREETS.** That the laying of said track and all side-tracks, cross-overs, spur-tracks, turnouts, switches or curves shall conform in all cases with the grade of said streets where the same have been graded, and in all other cases to be as near

to the natural grade as practicable, and when at any time any part of this route shall be graded, or the grade thereof altered or changed by said Common Council the bed of the road and the tracks thereon shall be made to conform therewith by said grantee or its assigns. That the overhead system may be of single or double pole construction. That all spur-tracks or other turnout tracks may be so constructed, and maintained as to curve off the main track and across the curbs and sidewalks and lead into car barns, repair shops, machine shops, depots and other buildings, but a substantial gutter shall be maintained under such tracks to provide the necessary drainage thereof.

10. LOCATION OF TRACKS ON STREETS. That the tracks shall be constructed and laid, that each of them shall be, when practicable, of equal distance from curb line to said streets, or as nearly so as the condition or width of the streets will permit.

11. LOCATION OF SWITCHES. That no switch shall be constructed or maintained within fifty feet of any cross street and the location of such switches and all turnouts shall be changed at the expense of the grantee or its assigns whenever so ordered by said Common Council.

12. CITY ENGINEER'S SERVICES. That the City Engineer shall, under the direction of the said Common Council give the established grade of the streets along the line of construction of said street railway and set stakes indicating the said grades. He shall see the said railway is constructed in conformity to the terms and requirements of the franchise, and for his services as herein required, he shall receive such fees as are provided therefor, and the same shall be paid by the grantee or its assigns.

13. TIME LIMIT FOR CONSTRUCTION AND COMPLETION. Work to construct the railroad not already constructed shall be commenced in good faith within not more than four months from the granting of the franchise, and if not so commenced within said time, said franchise shall be declared forfeited; and the said railroad shall be completed within not more than one year thereafter, and if not so completed within said time, said franchise so granted shall be forfeited; provided, that for good cause shown, the Common Council may by resolution extend the time for completion thereof not exceeding three months.

14. CESSATION OF OPERATION. In case the grantee of the franchise or its successors or assigns, shall cease to operate said railway for a period of ninety days consecutively after said railway shall have been fully constructed and completed, except in cases of unavoidable accident, or other matters not within the control of the grantee, or its successors, or assigns, the franchise shall be and is hereby declared to be forfeited and the said grantee, its successors or assigns, shall thereafter remove the tracks of said railway and put the streets in good condition.

15. RIGHT TO REPEAL. This grant of said franchise and authority shall be and is subject to the right of the majority of the electors of said City, voting at any election at any time thereafter to repeal, change or modify the said grant, and such right is hereby reserved.

Section 2. That this ordinance shall take effect and be in force from and after thirty days after its passage and approval.

Section 3. That the City Clerk of the City of San Diego, be and he is hereby authorized and directed immediately after the approval of this ordinance, to cause the same to be published at least once in the City official newspaper of said City, to-wit: The Evening Tribune.

ORDINANCE NO. 4528.

AN ORDINANCE AMENDING SECTIONS 3, 4 AND 5, OF ORDINANCE NO. 3996, ENTITLED, "AN ORDINANCE PROVIDING FOR THE EMPLOYMENT OF LABOR AND FOR THE PURCHASING AND CHECKING OF MATERIAL AND SUPPLIES FOR THE CITY OF SAN DIEGO, AND FOR A SYSTEM OF RECORDING ALL RECEIPTS AND DISBURSEMENTS OF MONEY THEREFOR."

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That Section 3 of Ordinance No. 3996, of the ordinances of said City of San Diego, entitled, "An Ordinance Providing for the Employment of Labor and for the Purchasing and Checking of Material and Supplies for the City of San Diego, and for a System of recording all Receipts and Disbursements of Money Therefor," approved on the 21st day of February, 1910, is hereby amended to read as follows:

"Section 3. All requisitions for labor, services, material or supplies to be furnished to or performed for any of the five departments created by the Charter of the City of San Diego, California, to-wit:

1. Department of finance, ways and means;
2. Department of police, health and morals;
3. Department of public streets and buildings;
4. Department of fire and sewers;
5. Department of water;

shall be drawn in triplicate, and shall be approved by the Superintendent of the Department, or the officer in charge of the chartered department in which such labor, services, material or supplies are to be used. The original requisition shall be delivered to the party from or by whom such labor, services, material or supplies are to be supplied or furnished, and

by such party to be attached to his or their invoice or demand. A duplicate of such requisition to be immediately filed with the Department of Finance, Ways and Means, of said city, and a triplicate of such requisition to be retained by the Superintendent of the Department issuing the same. All parties delivering material or supplies or performing labor or services, pursuant to such requisitions from any of the said five chartered departments shall obtain written receipts for all material or supplies furnished, or labor or services rendered, and to attach such receipts to the invoice or demand. On the first day of each and every month, the Department of Finance, Ways and Means shall transmit to the other Departments of said city corrected price lists of all material or goods that are likely to be needed or required in said Departments, and all requisitions for any purchases issued by any Department shall be honored by the said Department of Finance, Ways and Means, unless said last named Department shall deem the price paid too high or the material or goods purchased inferior, in which event said last named Department shall have the right to decline to honor said requisition until the matter be taken before the Common Council, which shall be done at the first regular meeting thereafter, and any action taken or direction given by the Common Council shall be final and binding in the premises.

Section 2. Section 4 of said Ordinance No. 3996, is hereby amended to read as follows:

"Section 4. All requisitions for labor, services, material or supplies to be furnished to or performed for any other office, officer or department other than the said five chartered departments, shall be drawn in duplicate, and shall be approved by the officer or person in charge of such office or department; the original requisitions being thereupon delivered to the Superintendent of the Department of Finance, Ways and Means, and the duplicate of such requisition to be retained by such officer or person. Immediately upon receipt and approval by said Department of Finance, Ways and Means, of any requisition made out and approved as provided in this section, other than requisitions issued by the Superintendent of the said five chartered departments, he shall issue an order and claim, and insert on said order the quantity or price, or both quantity and price, of the labor, services, material or supplies, required by said requisition. Each order and claim so issued shall be numbered and the claim therefor filed with the Auditor, as required by the Charter of the City of San Diego, provided a detailed account of such claim be written or printed thereon in the space provided therefor on said claim."

Section 3. Section 5 of said Ordinance No. 3996, is hereby amended to read as follows:

"Section 5. It shall be the duty of the said Superintendent of the Department of Finance, Ways and Means, upon receipt of any requisition mentioned in Section 4 of this Ordinance, except requisitions issued by the Superintendents of the five chartered departments, to immediately deliver the material or supplies, or to immediately cause to be performed the labor or services required by said requisition. No requisition shall be issued or approved by any of the five chartered departments, or by any other officer or department of the City of San Diego, if the expense of such labor, services, material or supplies exceed the sum of Three Hundred Dollars (\$300.00), unless an ordinance or resolution is adopted by said Common Council, authorizing such expenditure; and the number of such ordinance or resolution shall be endorsed on such requisition. All requisitions for three hundred dollars, and over, authorized and approved as above provided, shall be drawn in duplicate, the original requisition being delivered to the Superintendent of the Department of Finance, Ways and Means, and the duplicate thereof shall be retained by the Department or officer issuing the same. It shall be the duty of such Superintendent of the Department of Finance, Ways

and Means, upon receipt of any such requisition for three hundred dollars or over, to immediately call for sealed proposals, and cause a contract to be entered into therefor, in the manner hereinafter provided, unless said Common Council, by ordinance or resolution shall authorize said Department of Finance, Ways and Means to purchase such material or supplies in the open market, or cause such labor or services to be performed without previously calling for sealed proposals."

"It shall be the duty of each department or officer of the City of San Diego, except the Superintendent of the five chartered departments, upon any materials or supplies being furnished to, or labor or services performed for said department or officer, or any clerk, deputy or employee, therein, to immediately forward to said Superintendent of the Department of Finance, Ways and Means, a receipt for same."

Section 4. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

AN ORDINANCE REGULATING THE INSPECTION OF GAS, AND GAS  
AND ELECTRICAL METERS, AND PROVIDING FOR THE APPOINTMENT  
OF AN INSPECTOR OF GAS AND ELECTRICITY, AND PROVIDING  
FOR HIS DUTIES, AND REGULATING THE SIZE AND METHODS OF  
PIPING GAS INTO BUILDINGS.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. There shall be appointed, by the Common Council of the City of San Diego, an inspector of gas and electricity who shall have had at least five years' practical experience. There shall also be appointed by the Common Council such assistants to said inspector of gas and electricity as may from time to time be necessary.

No person shall be eligible to be so appointed, who is or has been, within the period of one year next preceeding the date of his appointment, directly or indirectly interested in or connected with any person, firm or corporation engaged in the business of manufacturing, distributing, supplying or conducting gas in or to the City of San Diego, or to its inhabitants, either as a stockholder, employe, or otherwise; and said inspector of gas and electricity shall be removed from his office by reason of any such interest or connection as above specified, or by reason of any such interest or connection acquired by him subsequent to his appointment.

Such Inspector of Gas and Electricity, in addition to his practical knowledge of electricity, shall also have a general knowledge of chemistry and mechanical and electrical engineering, the art of gas making, the generation and distribution of electricity, and a knowledge of the most approved method of examining and testing the illuminating power, heating value, purity and chemical composition and other qualities of gas, and of the appliances generally used for making such tests of gas and electricity.

Section 2. That the minimum illuminating and heating power and quality of gas supplied in or to the City of San Diego or to the inhabitants thereof, by any person, firm or corporation engaged in the business of conducting, supplying or distributing gas in or to said city or to its inhabitants, are hereby fixed and established at a standard gross heat value of five hundred and fifty British Thermal Units per cubic foot, and of such heat producing quality that the combustion of one cubic foot of such gas in a calorimeter will liberate sufficient heat to raise Five Hundred Fifty Pounds averdupois of water, one degree Fahrenheit in temperature, when such gas is supplied to said calorimeter under a pressure of one atmosphere, which is equal to 14.73 pounds per square inch, or 30 inches by the barometer, and when both gas and water are supplied to said calorimeter at a temperature of 60 degrees Fahrenheit, said temperature and pressure are hereby fixed as the standard conditions under which all measurements of gas volumes shall be made for the purpose of the tests mentioned in the Ordinance.

Section 3. That the purity of gas furnished in or to the City of San Diego or to the inhabitants thereof, by any person, firm or corporation engaged in the business of supplying, conducting, or distributing gas in or to said City, or its inhabitants, is hereby fixed and established as follows:

Such gas shall not contain more than 25 grains of sulphur in all forms, not more than 5 grains of amonia in all forms, in each 100 cubic feet thereof; such gas shall be free from the impurity known as sulphuretted Hydrogen, and shall not contain more than 25 per centum by volume of carbon monoxide, and shall be free from all other noxious impurities and from all impurities that will diminish the efficiency of, or clog the appliances used for the consumption of gas.

Section 4. That gas furnished in or to the City of San Diego, or to the inhabitants thereof, by any person, firm or corporation engaged in the business of furnishing, sup-

plying, or distributing gas in or to said city, or to its inhabitants, shall be so furnished or delivered in accordance with the following regulations:

Such gas shall be continuously and uninterruptedly delivered under a uniform and well governed pressure in each and every service pipe through which said gas is received for consumption by said city, or its inhabitants; such pressure exerted by said gas in each and every such service pipe shall not be less than that which is required to sustain a column of water two inches in height against the pressure of the atmosphere, or shall not be more than that required to sustain a column of water nine inches in height against the pressure of the atmosphere, while any or all appliances connected with such service pipe are in operation.

Section 5. It shall be the duty of any person, firm or corporation supplying or delivering gas in or to the City of San Diego, or to its inhabitants, to permit said Inspector of Gas and Electricity at any time to examine or inspect any or all of his or its plants, pipe lines or other equipment used in manufacturing, conducting, furnishing, supplying or distributing gas, and also to furnish to said Inspector of Gas and Electricity any information or data he may require in regard to the generation, storage and distributing capacity of such plant, pipe lines or other equipment.

Section 6. The Inspector of Gas and Electricity shall use in the examination and testing of all meters a standard meter prover which shall accurately test and measure the quantity of gas passing through such meters under standard conditions and precautions regarding temperature. No meter shall be approved and sealed as correct by the Inspector of Gas and Electricity that indicates or registers more than two per centum more gas than actually passes through the same nor more than two per centum less gas than actually passes through the same when such meter is delivering gas under a pressure sufficient to raise a column of water not less than two (2) inches nor more than nine (9) inches against the pressure of the atmosphere.

Whenever a test of a meter that is in use shall be made by the Inspector of Gas and Electricity, upon request as hereinbefore provided, and such meter shall be found to be faster than prescribed by this ordinance, the person, firm or corporation owning, or controlling, or delivering gas through the same, shall within two (2) days after written notice by said Inspector remove said meter and shall install in place thereof another meter that shall be tested, approved and sealed by the said Inspector. No such meter as has been tested on request, and found incorrect and ordered removed by the Inspector, as aforesaid, shall be installed or placed in service again until it shall have been corrected and shall also have been retested.

Section 7. The Inspector of Gas and Electricity shall collect in advance from the person, firm or corporation requesting the test of any meter, the sum of One Dollar for each meter to be tested, if tested at the place where set and in use; if brought to the office of the Inspector for testing, then cartage charges are to be added.

If such meter is in use, and the test and examination has been made at the request of the person, firm or corporation receiving gas measured thereby, and such test shall show that such meter is correct, the person, firm or corporation at whose request the inspection was made shall not be entitled to the refunding of the amount so advanced, but the same shall be retained by the Inspector, and deposited by him as hereinafter provided, in the General Fund. If the Inspector shall find that any such meter is faster than prescribed by this Ordinance, the fee for making such test shall be a charge against the person, firm or corporation owning or controlling the same, or delivering the gas measured thereby, and such person, firm or corporation shall pay such charge to the said Inspector on demand, who shall,

upon such payment being made, refund to the person, firm or corporation paying the same in advance, any charge therefor previously collected by him.

It shall be the duty of the Inspector of Gas and Electricity, if he shall approve any meter, upon examination and test, as aforesaid, to seal the same in such manner that the mechanism or operation of such meter cannot thereafter be altered without breaking such seal.

The unit of measure for the delivery and sale of gas by meter shall be the cubic feet containing 62.321 pounds averdupois weight of distilled or rain water weighed in air of the temperature of 62 degrees Fahrenheit scale, the barometer being at 30 inches.

Section 8. It shall be the duty of the Inspector of Gas and Electricity to investigate any complaint made to him in regard to pressure or service of gas, and to ascertain whether such pressure or service conforms to the provisions of this Ordinance; And if, on examination, the said Inspector shall find that such pressure or service does not conform to the provisions of this Ordinance, and is caused by inadequate, defective or inferior service pipes, or other appliances installed and in use by any such person, firm or corporation for the purpose of so conducting, supplying, or distributing gas, or by any obstruction in the service pipes, the said Inspector shall notify such person, firm or corporation in writing to cause such pressure or service to conform to the provisions of this Ordinance; and such person, firm or corporation shall comply with the terms of said notice within such reasonable time as shall be prescribed in said notice, not exceeding five days; provided, however, that for good cause shown, such further extension of time may be granted therefor by the Inspector of Gas and Electricity as may be necessary.

Section 9. In case either the illuminating power or the heating value or purity of any gas tested as herein provided shall be lower than the standards provided in this Ordinance, the said Inspector shall make two further tests of said qualities of such gas, on the same day, at intervals of not less than three hours apart, and shall ascertain the average of each such quality on that day. Prior to making such two additional tests, the said Inspector shall give notice to the person, firm or corporation conducting, supplying or distributing such gas, of the time of making such tests, ~~or distributing such gas, of the time of making such tests,~~ in order that such person, firm or corporation may be represented thereat. The test papers of the sulphuretted hydrogen test, the records of all other and the records of the pressure gauges, shall be certified by the Inspector of Gas and Electricity and filed by him in his office.

If any such person, firm or corporation, after receipt of notice from the Inspector of Gas and Electricity, as in this Section provided, shall not be represented at any test provided for in this Ordinance, such person, firm or corporation shall be deemed to waive all objections to such test and records, and to accept the same as correct.

Section 10. The Inspector of Gas and Electricity shall report in writing to the City Council, at its second regular meeting in each month, the result of all tests and examinations of gas and gas meters made by him during the preceding month. He shall keep a record of all such tests and examinations showing in detail the name of the person, firm or corporation furnishing, conducting, supplying or distributing the gas tested, or owning any meter or meters tested, the date of each test, heat value, purity and pressure of such gas, as shown by such tests, according to the standards and in the manner provided by this ordinance. Such records shall, during regular office hours, be open to public inspection.

Section 11. The Inspector of Gas and Electricity shall charge and collect in advance for making of any examination or test, under the provisions of this ordinance, of meters delivered free at the said Inspector's office, the following fees:

One Dollar for each meter tested. If it shall be necessary that any meter be brought to the Inspector's office to be tested the cost of cartage thereof shall be added to the testing fee, and collected at the time of collecting said fee.

Section 12. There shall be installed a recording pressure gauge for the use of the Inspector of Gas and Electricity at a place designated by him. Such gauge shall be installed by the firm or corporation furnishing gas within thirty days after notice by the said Inspector at the place selected by said Inspector.

Section 13. It shall be unlawful for any person, firm or corporation conducting, supplying or distributing gas in or to the City of San Diego, or to any of its inhabitants, or for any agent of any such person, firm or corporation, knowingly to charge or collect from any person, firm or corporation for a greater quantity of gas than has actually been furnished to such person, firm or corporation.

Section 14. It shall be unlawful for any person, firm or corporation supplying or distributing gas to the City of San Diego, or to the inhabitants thereof, to fail, neglect or refuse to serve, furnish or supply any person, firm or corporation owning, leasing or occupying any dwelling or building within the City of San Diego, and distant not more than seventy-five feet of any gas main owned or controlled by said person, firm or corporation supplying or distributing gas to the City of San Diego, or to the inhabitants thereof, within ten days after demand in writing is served by said person, firm or corporation owning, leasing or occupying any dwelling or building upon said person, firm or corporation supplying or distributing gas to the City of San Diego, or to the inhabitants thereof, or upon any authorized agent thereof.

#### GAS FITTING AND FIXTURES.

##### Section 15. Gas Fitting:

The gas piping in every building shall be tested air-tight, first when roughing-in is completed, and second when the entire building is completed and the work ready for gas fixtures. These tests must equal three pounds air test, or 9 inches mercury column pressure and hold for at least twenty minutes.

##### Section 16.

##### INSPECTION:

All pipes must be examined by the Inspector of Gas and Electricity before they are concealed and due notice must be given by the fitter, when any pipe is ready for inspection. The Inspector, on proof of satisfactory test, shall issue a certificate covering such work.

##### Section 17.

##### SIZES AND LENGTHS OF PIPE:

The following table of pipe sizes and lengths required should govern all house piping:

Diameter of Pipe	Greatest Length Allowed	Capacity Per Hour	No. of 3/8 Inch Openings.
3/8 Inch	20 feet	15 cu.ft.	1
1/2 "	30 "	30 " "	2
3/4 "	60 "	80 " "	5
1 "	70 "	170 " "	11
1 1/4 "	100 "	290 " "	19
1 1/2 "	150 "	470 " "	31
2 "	200 "	860 " "	57
2 1/2 "	300 "	1,200 " "	80
3 "	400 "	1,700 " "	113

The number of openings may be increased provided the length of pipe is less than the number of feet above specified, upon approval of the Inspector of Gas and Electricity.

##### Section 18.

##### PIPE AND FITTINGS:

Risers must be carried up inside of walls, where they will be protected from the elements, and end so that the meter and stop cock will be readily accessible.

Vestibule walls are considered outside walls.

No risers shall be less than three-quarters of an inch in diameter. No concealed piping smaller than one-half inch in diameter will be allowed.

All piping, where practicable, shall grade back to the riser and the riser drained to the meter.

Where a trap is unavoidable, a "T" nipple and cap must be placed at the lowest point and left so it will be accessible for removing condensations.

Gasket unions must not be used in concealed work.

No gas-fitters cement, or patching of any kind is permissible.

All risers for a one or two story building shall extend to the basement where all meters must be set.

Where a building is three stories or over in height, the meters may be set on the various floors provided they are in a public hall.

Where two or more meters are set on a single service pipe, a stop cock must be placed on the surface in an accessible position at or near the foundation wall.

Risers must be so run that meters will not set more than 7 feet 6 inches from floor.

Meters must not be set under a store window, in the top of a closet, or in any confined place where danger might arise of an explosion while setting or removing the meter or from escaping gas.

Meters must be set in a reasonably dry and warm place, but not over any heating apparatus; and when practicable, meters are to be set in room made for the purpose of containing meters.

Ready access to the meter and stop cock must be maintained at all times. If meters are set under a building, an opening shall be left at the dial of the meter so it can be read easily. If meters are set under a building at any distance from the outside wall or foundation, then an opening must be left which will admit a man's body; said opening to be not less than two feet by two feet.

All meters shall be provided with a stop cock.

The meter or meters set by the firm, person or corporation furnishing gas to the City of San Diego or its inhabitants shall be at a point or place designated by some duly authorized person in the employ of such firm, person or corporation.

Service lines shall enter the property of the consumer of gas at a point or place indicated by the person, firm or corporation furnishing gas as aforesaid.

Application for inspection must be made at the office of the Plumbing Inspector. The Inspector will thereafter, at his earliest convenience, make such inspection.

**FEEES TO BE CHARGED FOR MAKING INSPECTION OF WORK:**

For eight outlets or under,	\$1.00
For each additional outlet,	.10

Section No. 19. The duties and powers of the City Electrician, prescribed in Ordinance No. 4416 of the ordinances of the City of San Diego, and the duties and powers of the Inspector of Gas and Electricity, as prescribed in this ordinance, shall be discharged by one and the same person, and the Common Council shall appoint one person to discharge the aforesaid powers and duties.

Section 20. Any person, firm or corporation violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punishable by a fine of not less than \$10.00 or more than \$100.00, or by imprisonment in the City Jail for a period of not less than five days nor more than six months, or by both such fine and imprisonment.

Section 21. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4534.

AN ORDINANCE AUTHORIZING THE LEASING OF CERTAIN TIDE  
LANDS IN THE CITY OF SAN DIEGO TO THE CALIFORNIA IRON  
WORKS, A CORPORATION.

Whereas, the California Iron Works, a corporation, did on the 18th day of July, 1911, file in the office of the City Clerk of the City of San Diego an application for a lease of certain tide lands in the Bay of San Diego, the location of which was in said application more particularly described together with the map thereof showing the lands and waters bordering thereon or near the same, and the owners and occupants or claimants of such lands and of the use thereof, and,

Whereas the said Common Council did on the 14th day of August, 1911 by Resolution duly adopted fix the 28th day of August, 1911 at 10:30 o'clock A.M. at the Council Chamber of the Common Council as the time and place for the hearing of said application, and,

Whereas the said Clerk in pursuance of said Resolution has caused to be published a notice of the hearing of said application in two daily newspapers published in the County of San Diego at least three days in the week of seven days preceding the time appointed for said hearing, and,

Whereas all proceedings had and taken are and have been in full compliance with the law, and whereas after due deliberation the Common Council has found and determined that the granting of said application will be promotive of public interest;

Now Therefore Be It Ordained by the Common Council of the City of San Diego, State of California by the vote of at least two-thirds of the members thereof as follows, to-wit:

Section 1. That in consideration of the covenants hereinafter contained on the part of the lessee to which covenants for itself its successors or assigns, by its accept-

ance thereof, agrees, said City of San Diego thru its Common Council hereby leases to the California Iron Works, a corporation, organized and existing under the laws of the State of California, its successors or assigns, and the members of the Common Council of the City of San Diego are hereby authorized to make, execute and deliver that certain lease of the City of San Diego to said California Iron Works in the words and figures following, to-wit:

"LEASE"

THIS INDENTURE, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 1911, between the City of San Diego, a municipal corporation, in the County of San Diego, State of California, hereafter designated as the City, and California Iron Works, a corporation duly organized and existing under the laws of the State of California, hereafter designated as the lessee, WITNESSETH:

That the said City does by these presents demise and lease unto the said lessee all those lands bordering on and extending into the Bay of San Diego, and being a portion of those lands conveyed to the City of San Diego by the State of California, through the provisions of that certain act of the Legislature entitled as follows: "An act conveying certain tide lands and lands lying under navigable waters situate in the Bay of San Diego in the City of San Diego, in furtherance of navigation and commerce and the fisheries, and providing for government management and control thereof", approved on the 1st day of May, 1911, and more particularly described as follows, to-wit:

Commencing at a Point from which the South West Corner of Block 146 of Horton's Addition to San Diego, California, according to the Map of L. L. Lockling and Filed in Book of Deeds No. 13, page 522 in office of County Recorder of San Diego County, California bears N 1°09' W Distant 245 7/10 Feet, thence S 46° 45' W, 300 Feet; thence S 57° 36' E, 240 Feet; thence N 46° 45' E, 300 Feet; thence N 57° 36' W, 50 Feet from and parallel to the center line of the California Southern Railroad 240 Feet more or less to point of Commencement, with all appurtenances thereto.

The term of said lease shall be for a period of twenty-five years from and after the 9th day of September, 1911, at the yearly rental of Three Hundred Dollars, payable in Gold Coin of the United States, in equal monthly payments of Twenty-five Dollars each, on the first day of each and every month during said term, in advance. And it is hereby agreed by and between the said parties to this lease that said lease shall be granted and accepted under the further terms and conditions hereinafter provided, to-wit:

1.- That the uses and purposes to which said leased premises shall be applied are as follows:

The conducting thereon by the said lessee of the business of ship building, the construction of all kinds of water craft, marine and other engines and machinery and all kinds of work in iron or other metals, and the maintenance thereon of mills, factories, warehouses, sheds, offices and all other structures necessary for the conduct of said business; And for such further uses as are necessary and proper to the conduct of such business.

2.- That said lessee shall have the right and privilege of reclaiming and filling in with earth or other material, all or any portion of said premises and the right and privilege of erecting thereon bulkheads and seawalls, provided that said work shall be done in accordance with the statutes and regulations of the U. S. Government and the State of California and the ordinances of the City of San Diego; and provided further that no work shall be done upon, nor use made of said premises that will materially decrease the amount of tidal waters of the Bay of San Diego.

3.- That nothing herein contained shall limit the power of the City of San Diego to build, maintain, own and operate any railroad or railroads across said premises or to

hereafter grant franchises to any person or corporation for the construction, maintenance and operation of any railroad or railroads across said premises, provided that such person or corporation, granted such franchises by the said City, shall bear all expense of making any crossing or crossings and their equitable share in the costs of maintaining the same, the said lessee to remove at its own cost and expense from any such franchise so granted for railroad purposes, any buildings or materials which they may have erected or placed thereon, provided however, that said lessee shall not be disturbed in the possession and use of said premises to any greater extent than is necessary for the construction and maintenance of such railroad.

4.- That said City reserves the right to erect sea-walls and docks and wharves and to make such other improvements for the development of the facilities of the Bay of San Diego for the purposes of navigation and of the dockage of vessels on said premises, at any time and in such manner as may be provided in any general plan for harbor improvements adopted by said City; provided only that said lessee shall not be disturbed in the possession and use of said premises to any greater degree than is necessary in the carrying out and completion of said general plan of improvements.

5.- That the said City reserves the right to re-adjust and increase the rentals provided for herein, at any time whenever the said City shall adopt any general plan or rule providing for the re-adjustment of rents along the water front of said Bay; provided, however, that said City shall never charge for the use of said premises any unreasonable rate or toll, nor make nor suffer to be made any unreasonable charge, burden or discrimination upon or against said lessee.

6.- That this said lease shall not be assignable or transferable, nor shall the said lessee have the right to sublet the leased premises or any part thereof.

7.- That the Common Council of the City of San Diego shall have the right and privilege, by ordinance, to annul, change or modify this lease, as in its judgement may seem proper.

And it is hereby agreed that if any rents shall be due and unpaid for a period of more than three months, or if default shall be made in any of the covenants, conditions or restrictions herein contained, then it shall be lawful for said City to re-enter said premises and remove all persons and property therefrom and to terminate this said lease. And the said lessee does hereby covenant, promise and agree to pay to the said City the said rent in the manner herein specified, and to fulfill said covenants, conditions and restrictions, and that at the expiration of said term said lessee will quit and surrender the said premises; and the said City does hereby covenant, promise and agree that the said lessee, paying said rent and performing the covenants aforesaid, shall and may peaceably and quietly hold and enjoy the said premises for the term aforesaid.

IN WITNESS WHEREOF these presents have been executed the day and year first above written, in behalf of the City of San Diego by the members of its Common Council, and in behalf, and as the act of the California Iron Works, a corporation, by its president, and attested by its secretary.

Section 2. That the said Clerk be and he is hereby directed to cause this ordinance to be published once in the official daily newspaper in the City of San Diego, California.

Section 3. That this ordinance shall take effect from and after the 31st day after its adoption and approval.

Passed and adopted by the Common Council of the City of San Diego, California, this 31st day of August, 1911, by the following vote, to-wit:

ORDINANCE NO. 4537.

AN ORDINANCE PRESCRIBING SPECIFICATIONS FOR THE CONSTRUCTION OF REINFORCED CEMENT CONCRETE GUTTERS, IN THE CITY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. That all reinforced cement concrete gutters constructed in the City of San Diego, California, shall be done in accordance with the following specifications, viz:

1. PLANS, ETC. The work herein provided for is to be done in accordance with the plans, profiles and cross-sections adopted for the work, on file in the office of the City Clerk of the City of San Diego, California, and all work shall, during its progress and on its completion, conform to the lines and levels which may from time to time be given by the City Engineer of said city.

2. WORK. The gutter is to consist of a reinforced Portland cement concrete base with a Portland cement top coat or wearing surface, the thickness of each of which shall be as shown upon the corss-section adopted for the work.

3. SUB-GRADE. The sub-grade for that portion of the roadway which is to be used for the construction of the gutters herein specified, shall be such distance below and parallel to the finished surface of the gutters as is shown upon said adopted cross-section.

4. SUB-GRADING. The sub-grading shall include all filling, the removal of all earth, stone or all other materials of whatever nature it may be that may be encountered in preparing the sub-grade, and shall also include all trimming and shaping required to bring the surface of the street to sub-grade and cross-section. When mud or other soft material is encountered, it shall be taken out and the space filled with good earth, which shall be compacted until the surface of the sub-grade ceases to sink when thoroughly rammed. All of the surface of the sub-grade shall then be compacted until it ceases to sink when thoroughly rammed.

5. Upon the sub-grade prepared as above specified and thoroughly dampened, there shall be laid a reinforced Portland cement concrete base of the thickness shown upon the cross-sections adopted for the work, and composed of the following materials, to-wit:

- (a) Portland Cement. One original commercial sack of Portland cement, full weight.
- (b) Sand. Three cubic feet of sand by measure.
- (c) Broken Stone. Six cubic feet of broken stone by measure.

6. PORTLAND CEMENT. All cement used shall be Portland cement, and must conform to all the tests, rules and requirements as set forth in the "Specifications for Portland Cement, adopted by the American Society for Testing Materials, August 16th, 1909." Samples for tests may be taken from every package delivered or porposed to be used upon the work, and unless they meet the requirements herein specified, such package or packages of cement will be rejected. No cement will be accepted, tested, or permitted to be used unless delivered upon the ground where the work is proposed to be done in the original unopened packages with the manufacturer's name and the brand of the cement thereon. All samples of Portland cement required by the City Engineer, or his authorized deputies, shall be given him free of charge, and he shall have authority at any time to take such samples as he or his deputy may desire. All tests made will be in the cement testing room provided by the City of San Diego for that purpose, and all such tests shall be open to the contractors.

7. SAND. All sand used in the work must be fresh water sand, clean and sharp, free from excess mica, or other foreign matter.

8. BROKEN STONE. All broken stone used shall be the run of the crusher, except, however, that not more than five per cent (5%) of its volume shall be material which will pass through a one-quarter (1/4) inch mesh screen, and not less than thirty per cent (30%) of its volume shall be material which will pass through a three-quarters (3/4) inch mesh screen. It shall be clean, hard and durable in quality and shall range in size from the minimum noted above to two inches in greatest dimensions maximum.

9. MIXING AND PLACING CONCRETE. All proportions of sand and broken stone shall

be obtained by actual measurement in boxes, and no material shall be used that has not been thus measured. All mixing shall be done in suitable boxes, or upon tight platforms, or in mixers.

In the process of mixing the concrete, unless a mixer be used, the broken stone shall be spread in a regular layer not over ten (10) inches in depth on the platform; upon this stone shall be uniformly spread the proper amount of sand and upon the sand shall be evenly spread the required amount of cement. The whole mass shall then be well mixed by turning at least three (3) times dry. Water shall then be added in a fine spray and the mass turned twice wet, after which it shall be immediately placed in position and tamped and rammed until it is thoroughly compacted, and until free mortar appears on the surface. The sub-grade or foundation shall be well sprinkled just before the depositing of the concrete. No concrete shall be used that shows evidence of having set or that has become unfit for good work from standing too long, or from any other cause, and no remixing of cement will be allowed. Under no circumstances shall any concrete be put upon the work after the initial set has taken place. All concrete shall be mixed to rather a thin batter to better enclose the reinforcing bars hereinafter specified. The full thickness of the concrete as shown upon the cross-sections shall be laid at one operation, and the top coat or surface shall be immediately placed upon the green concrete before the same has begun to set.

10. TOP COAT. The top coat of plaster shall be placed as shown upon the cross-section and of the thickness as there shown. It shall be composed of one part of Portland cement and one part of sand, thoroughly mixed and placed into position upon the green concrete base, neatly smoothed down and marked off in suitable squares.

11. REINFORCING STEEL. The concrete base shall be reinforced in the manner as shown upon the cross-section, and of the size of steel and spacing as there shown. The steel shall accurately occupy the position in the work as shown. All reinforcing steel used shall be of standard deformed bars as used for reinforcing purposes; the bars shall be fastened at their intersections with No. 16 wire. The transverse rods shall be of one whole piece extending from the line of the curb to the toe of the cut-off wall as shown.

12. CUT-OFF WALL. A reinforced cement concrete cut-off wall which is hereby specified as being part of the gutter proper, shall be constructed along the outer edge of the gutters, in the manner and of the size as shown upon the cross-section; this concrete to be placed at the same time that the concrete in the base of the gutter proper is placed.

13. GENERAL REQUIREMENTS. All work shall be executed in every respect in a thorough and workmanlike manner. The contractor shall preserve all stakes set for lines, levels or measurements of the work in their proper places until authorized to remove them by the City Engineer, and any expense incurred in replacing said stakes which the contractor or his subordinates may have failed to preserve, shall be borne by the contractor.

Any overseer, superintendent, laborer or other person employed on the work by the contractor, who shall perform his work in a manner contrary to these specifications, shall be discharged immediately, and such person shall not again be employed on the work. No work which may be defective in its construction, or deficient in any of the requirements of these specifications, will be considered as accepted in consequence of the failure of any officer of the City, or any inspector connected with the work to point out any defects or deficiency during construction, and the contractor shall correct any imperfect work whenever discovered, before the final acceptance of the work. The contractor assumes all risk of variance in any computation or statement of amounts of quantities necessary to complete the work required, and agrees to furnish all necessary labor and materials and to fully complete said work in accordance with the plans and specifications, and to the satis-

faction of the Superintendent of Streets. Bidders must examine and judge for themselves as to the location of the proposed work, the nature of the excavation to be made, and the work to be done.

The contractor shall give twenty-four (24) hours' notice in writing when he will require the services of the City Engineer for laying out any portion of the work. He shall dig all stake holes necessary to give lines and levels. The contractor shall not disturb any monuments or stakes found on the line of improvements until ordered by the City Engineer, and he shall bear the expense of resetting any monuments or stakes which may be disturbed without orders.

The contractor shall remove at his own expense, all obstructions, such as trees, stones, debris, etc., that may be in the way of making the proposed improvements.

No more than one cross street shall be closed at any one time.

He shall also erect and keep erected by day and night, a fence or proper barrier along the line of the work, and across the ends of the same. A red light must be maintained at night at each end of the barriers from sunset until sunrise.

In case it should be necessary to move the property of any owner of a public utility or franchise, such owner will, upon proper application by the contractor, be notified by the Superintendent of Streets to move such property within a specified reasonable time, and the contractor shall not interfere with said property until after the expiration of the time specified.

The right is reserved to the owners of public utilities and franchises to enter upon the street for the purpose of making repairs or changes of their property that may become necessary by the work. The city shall also have the privilege of entering upon the street for the purpose of installing or repairing sewers, making house drain connections therewith, constructing or repairing storm drains and culverts, installing or repairing water pipe lines, and making house connections therewith.

The contractor shall remove all surplus material and rubbish from the work after its completion, and before he makes application for the acceptance of the work.

The contractor shall notify the Superintendent of Streets when he desires a final inspection of the work, when the latter will, as soon as possible, make the necessary examination, and if the work is found in compliance with the above specifications, the Superintendent of Streets will furnish the contractor with a certificate to that effect.

When in these specifications a maximum and minimum, either in size, percentage or thickness, or relating to quality or character, or other matter, is allowed or prescribed, the work shall be accepted as in compliance therewith, is within such maximum or minimum so allowed hereby.

Whenever the word "contractor" is used in these specifications, it refers to the party or parties of the first part in the contract with said Superintendent of Streets, for the construction of the work hereinspecified.

Whenever the words "Superintendent of Streets", "City Engineer", are used in these specifications, they refer, respectively, to the Superintendent of Streets and the City Engineer of the City of San Diego, California.

Section 2. That Ordinance No. 4487 of the ordinances of said City of San Diego, entitled, "An Ordinance Prescribing Specifications for the Construction of Reinforced Cement Concrete Gutters in the City of San Diego, California," approved on the 27th day of July, 1911, be, and the same hereby is, repealed.

Section 3. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4539.

AN ORDINANCE CALLING A SPECIAL ELECTION IN THE CITY OF  
SAN DIEGO, AND SUBMITTING TO THE VOTERS THEREOF PROPO-  
SITIONS FOR THE INCURRING OF A BONDED INDEBTEDNESS.

WHEREAS, on the 18th day of September, 1911, this Common Council did adopt and pass, by a two-thirds vote of all its members, a resolution, entitled, "Resolution No. 9252, Determining that the Public Interest and Necessity of the City of San Diego Demands the Acquisition and Construction of Certain Municipal Improvements," which said resolution was thereafter, and on the 21st day of September, 1911, duly approved by the Mayor of said City; and,

WHEREAS, it was by said resolution determined that the public interest of said city demands the acquisition, construction and completion of certain municipal improvements described in said resolution, and hereinafter in the body of this ordinance set out; and,

WHEREAS, the cost of said improvement is estimated at one million dollars (\$1,000,000.00), in gold coin of the United States, and said cost will be too great to be paid out of the ordinary annual income and revenue of the municipality, NOW THEREFORE,

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. There is hereby called and proclaimed a special election of the qualified voters of said City of San Diego, at which election there shall be, and is hereby submitted to said voters the following proposition, namely:

Shall the City of San Diego incur a bonded indebtedness of one million dollars (\$1,000,000.00) for the acquisition, construction and completion of the following described harbor improvements in the Bay of San Diego, namely:

I.

A. The construction of a concrete pier extending into the Bay of San Diego, between the prolongation west of the south line of D Street in the City of San Diego, and a line twenty-five (25) feet north of the north line of said D Street, to a point approximately eight hundred (800) feet outside of the bulkhead line of said Bay, as described in paragraph C of this proposition. Said pier to have a width of approximately one hundred thirty (130) feet. Upon the floor of said pier to be a substantial warehouse, composed of steel frame, wood and reinforced concrete construction, with corrugated iron roof, which warehouse shall be approximately eighty (80) feet wide, and seven hundred seventy (770) feet long.

B. The construction of three railroad tracks of standard width, which are to be laid, commencing at the outer end of said pier, and extending one through the middle and one on each side of the length of said pier, to the bulkhead line, and thence to be built to a connection with a belt line of railroad inside of the line of ordinary high tide of said Bay, whenever such belt line may be constructed.

C. The construction of a sea-wall along the said bulkhead line above mentioned in paragraph A, commencing at the point where the said south line of D Street extended west would intersect the said bulkhead line, at a point approximately seven hundred (700) feet west of the line of ordinary high tide, on said Bay, and extending thence northerly along said bulkhead line approximately twenty-five hundred (2500) feet.

D. The dredging out of the bottom of the Bay of San Diego, one hundred (100) feet wide, on each side of the said pier for the whole length thereof, and at the outer end of said pier all to a depth of thirty-five (35) feet below lower low water mark, and the dredging of a turning basin lying on the north side and west end of said pier, and containing approximately eleven (11) acres; and the dredging of a channel three hundred (300) feet wide, and extending west from a line one hundred (100) feet west of the outer end of said pier, approximately eighteen hundred fifty (1850) feet into the main ship channel of said Bay. All of said last mentioned dredging to extend to a depth of thirty (30) feet below lower low water mark. Also dredging along the front of the said sea-wall, beginning one hundred (100) feet north of the north line of said pier, and extending northerly along said bulkhead line approximately twelve hundred (1200) feet, and extending sufficiently far into the Bay to make fifteen and fifty-hundredths (15.50) acres in area. Such dredging to be to a depth of twenty (20) feet below lower low water mark. Also, dredging along the front of said sea-wall, beginning at the north end of said last named dredging, and extending northerly along said bulkhead line, approximately twelve hundred and fifteen (1215) feet, and extending sufficiently far into the Bay to make twelve and five-tenths (12.5) acres in area, which shall be dredged to a depth of fifteen (15) feet below lower low water mark. The dredged material to be filled in between the said bulkhead line and the line of ordinary high tide on the shore of said Bay to a level of approximately eight (8) feet above mean high tide, and extending as far south as the said south line of D Street extended west, and filling from said line northerly as far as the material dredged as aforesaid may fill the space between the constructed bulkhead and the said shore line to the aforesaid level.

And which indebtedness, if incurred, shall bear interest at the rate of four and one-half per centum (4-1/2%) per annum, payable semi-annually.

Section 2. Said election shall be held in the said City of San Diego, on the fourteenth day of November, A. D. 1911, and the said election shall be conducted as in this ordinance and in the Charter of said City, and in the laws of the State of California provided.

Section 3. The ballot provided at said election shall be so printed as to state the proposition set out in section one of this ordinance, in the manner and form following:

"A bonded indebtedness of one million dollars (\$1,000,000.00)  
for a municipal wharf and other harbor improvements.

YES	
NO	

In addition to the directions which the general law of the State required to be printed on the ballot, it shall contain the following directions to the voter: "If you desire to vote for the proposition contained herein, stamp a cross (X) in the voting square at the right of, and opposite the word 'Yes', which is in the square at the right of said proposition. If you desire to vote against the proposition, stamp a cross (X) at the right of, and opposite the word 'No', which is in the square at the right of said proposition."

In respects not provided for in this ordinance, the ballot to be used at said election, as to its form, shall conform to the provisions of the general law of the State of California touching municipal elections in such municipalities as is the City of San Diego.

Section 4. Electors voting at said election shall indicate their choice on said proposition by stamping a cross (X) in the voting square at the right of the word "Yes", or in the voting square at the right of the word "No".

If an elector shall have stamped a cross (X) in the voting square after the said printed word "Yes", his vote shall be counted in favor of said proposition; and if an elector shall have stamped a cross (X) in the voting square after the printed word "No", his vote shall be counted against said proposition.

Section 5. For the purposes of said election, the election precincts of said city are hereby designated, and are bounded and defined as in that certain ordinance of said city, numbered Ordinance No. 4058, and entitled, "An Ordinance Establishing Election Precincts and Boundaries Thereof in the City of San Diego," and approved on the 18th day of April, A. ORDINANCE NO. 4543.

AN ORDINANCE AMENDING SUB-SECTION 1 OF SECTION 2 OF ORDINANCE NO. 4443 OF THE ORDINANCES OF THE CITY OF SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Sub-Section 1 of Section 2 of that certain Ordinance of the City of San Diego, entitled "An Ordinance relating to Water Service and Rates", and approved on the 31st day of May, 1911, is hereby amended to read as follows:

For the purpose of facilitating the business of the City and serving the convenience of water consumers therein, the City is divided into three districts, which shall be known respectively as Districts 1, 2 and 3.

District No. 1, shall be bounded as follows: On the north from the Bay of San Diego east to the middle line of 16th Street by the middle line of Ash; on the east by the middle line of 16th Street from Ash on the north to the middle line of N Street; on the south from the intersection of 16th Street and N Street by the middle line of N Street and by the Bay of San Diego, and on the west by the Bay of San Diego. Said District shall also embrace all that part of the City of San Diego lying on the north and west side of Witherby Street and Witherby Street extended to the San Diego River and shall include, among other territory,

Point Loma, Ocean Beach, Old Town, all of the Mission Bay region, Morena, Pacific Beach, Eureka Lemon Tracts and La Jolla.

District No. 2 shall be bounded as follows: Commencing at the point where Witherby Street extended intersects San Diego River and proceeding up the said river to the east boundary of said City; thence southeasterly along the line of said boundary to its intersection with Upas Street; thence west along the middle of Upas Street to the northeast corner of the 1400 acre park latterly called Balboa Park; thence south along the east line of said Park to the southeast corner thereof; thence west along the south line of said Park and along the center of Ash Street extended to the Bay of San Diego; thence northerly and northwest along the shoreline of the Bay of San Diego to the intersection with Witherby Street extended southwest; thence northeast along the line of Witherby Street and Witherby Street extended to the point of beginning.

District No. 3 shall be bounded as follows: Commencing at the intersection of the middle of Upas Street and Upas Street extended with the east line of the City boundary; thence southeasterly along the line of the said City boundary to its intersection with Division Street; thence southwesterly along the line of Division Street to its intersection with the Bay of San Diego; thence northwesterly along the shore of the Bay of San Diego to the point where N Street extended intersects with the shoreline; thence east on N Street to the intersection of said street with 16th Street; thence north along 16th Street to its intersection with the south line of the 1400 acre park latterly known as Balboa Park; thence east along the south line of said park to the southeast corner thereof; thence north along the east line of said park to the northeast corner of said park; thence east on Upas Street and Upas Street extended to the point of beginning.

For water furnished in District No. 1, the rate shall be due on the first day of the month; in District No. 2, on the 11th day of the month; in District No. 3, on the 21st day of the month.

If any rate is not paid within ten days after coming due, a penalty of ten per cent shall be added, and if the total amount is not paid within ten days after the addition of the penalty, the said rate and penalty shall be deemed delinquent and an additional penalty of fifty cents shall be added and the Superintendent, Department of Water may cause the water to be shut off from the premises for which the payment is delinquent and the water shall not again be turned on until all arrearages shall have been paid.

This Ordinance shall take effect on the 31st day from and after its approval.

ORDINANCE NO. 4554.

AN ORDINANCE GRANTING TO THE LOS ANGELES AND SAN DIEGO BEACH RAILWAY COMPANY PERMISSION TO CONSTRUCT, MAINTAIN AND OPERATE A RAILWAY SWITCH ON ARCTIC STREET.

WHEREAS, Los Angeles and San Diego Beach Railway Company, a corporation, has petitioned the Common Council of the City of San Diego, to grant it permission to construct, maintain and operate a switch upon a part of Arctic Street between Juniper and Kalmia Streets, and it appearing that the public welfare of the City requires such permit to be granted, NOW THEREFORE,

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. Temporary permission is hereby granted to the said Los Angeles and San Diego Beach Railway Company, its successors and assigns, to lay down, construct, maintain and operate a spur from the track of the said Los Angeles and San Diego Beach Railway

Company in Arctic Street, as follows: Commencing at a point on the main line of said railway company, said point being fifty (50) feet north of the north line of Juniper Street; thence in a northerly direction on a curve to the left from the main track of said railroad, said curve having a radius of 236.27 feet, a distance of 47.08 feet to a point; thence on a tangent a distance of 46.30 feet to a point; thence on a curve to the right, said curve having a radius of 361.28 feet, a distance of 69.78 feet to a point; thence on a tangent, to the south line of Kalmia Street.

This permission is upon condition:

1st. That such spur shall be kept and maintained at the official grade of such streets over which the same shall pass, as such official grades are now or may hereafter be established, and the City hereby reserves the right to grade, curb, macadamize, gutter, culvert, or otherwise improve or repair, any part of said street, over which said spur may be laid, and to lay down or relay pipes for water, gas, electrical conduits, or other purposes.

2nd. That said company shall pave, and keep in repair said street, between the rails of each track, and also between the tracks, and for at least two feet on each side thereof; and that said Company shall allow any other person doing business along the line of said spur to use the same, upon such compensation as the Council shall determine to be reasonable for such privilege.

3rd. The rights and privileges granted by this ordinance are made upon the further condition that said spur shall be at all times subject to regulation by the Common Council, and the city may at all times insist and have the right at the election of said Common Council, to take over said spur from the said company, its successors or assigns, on the payment of the appraised value thereof, one of the appraisers to be named by the said Common Council, one by the said company, and in case they cannot agree, those two to name a third; provided that nothing herein contained shall be so construed as to prevent the Common Council to alter or amend this grant, or to amend or repeal this ordinance in any and all respects.

Section 2. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. That Section 4 of Ordinance No. 1456 of the ordinances of said City of San Diego, is hereby amended to read as follows:

Section 4. That when the said Common Council has decided upon the improvement of a street or portion thereof, and has fixed the time within which property owners may do their own work, as hereinbefore provided, it shall be the duty of the City Clerk of said City, to publish a notice stating that said improvement has been decided upon, and that property owners desiring to construct sidewalks and curbs by private contract must complete said work on or before the date fixed by the said Common Council; and also that said work must be constructed in accordance with the provisions of the ordinances of the said City of San Diego regulating the construction and providing specifications for such work. Said notice shall be published in the city official newspaper of said City, not to exceed three times.

Thereupon the Street Superintendent of said City shall also cause to be conspicuously posted at each street intersection, or at the end of each block, where sidewalks or curbing are to be laid, a notice similar in substance to that published by said City Clerk. Said notice so posted by said Street Superintendent shall be headed "Sidewalk Notice," in letters not less than one inch in height.

When the time within which property owners may do their own work, as hereinbefore provided, has elapsed, it shall be the duty of the said City Clerk to inform the said Common Council of that fact.

Section 2. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4558.

AN ORDINANCE AMENDING SECTION 18 OF ORDINANCE NO. 4533

ORDINANCES OF THE CITY OF SAN DIEGO.

BE IT ORDAINED, By the Common Council of the City of San Diego, California, as follows:

Section 1. That Section 18 of Ordinance No. 4533 of the Ordinances of the City of San Diego, which is entitled "An Ordinance Regulating the Inspection of Gas, and Gas and Electrical Meters, and Providing for the Appointment of an Inspector of Gas and Electricity, and Providing for his duties, and Regulating the Size and Methods of Piping Gas into Buildings," and which went into effect without the Mayor's approval on the 8th day of September, 1911, is hereby amended to read as follows:

"Section 18. PIPE AND FITTINGS:

Risers must be carried up inside of walls, where they will be protected from the elements, and end so that the meter and stop cock will be readily accessible.

Vestibule walls are considered outside walls.

No risers shall be less than three-quarters of an inch in diameter. No concealed piping smaller than one-half inch in diameter will be allowed.

All piping, where practicable, shall grade back to the riser and the riser drained to the meter.

Where a trap is unavoidable, a "T" nipple and cap must be placed at the lowest point and left so it will be accessible for removing condensations.

Gasket unions must not be used in concealed work.

No gas-fitters cement, or patching of any kind is permissible.

All risers for a one or two story building shall extend to the basement where all meters must be set.

Where a building is three stories or over in height, the meters may be set on the various floors provided they are in a public hall.

Where two or more meters are set on a single service pipe, a stop cock must be placed on the surface in an accessible position at or near the foundation wall.

Risers must be so run that meters will not set more than 7 feet 6 inches from floor.

Meters must not be set under a store window, in the top of a closet, or in any confined place where danger might arise of an explosion while setting or removing the meter or from escaping gas.

Meters must be set in a reasonably dry and warm place, but not over any heating apparatus; and when practicable, meters are to be set in room made for the purpose of containing meters.

Ready access to the meter and stop cock must be maintained at all times. If meters are set under a building, an opening shall be left at the dial of the meter at least two feet square. If meters are set under a building at any distance from the outside wall or foundation, then an opening must be left which will admit a man's body; said opening to be not less than two feet by two feet.

All meters shall be provided with a stop cock.

The meter or meters set by the firm, person or corporation furnishing gas to the City of San Diego, or its inhabitants, shall be at a point or place designated by some duly authorized person in the employ of such firm, person or corporation.

Service lines shall enter the property of the consumer of gas at a point or place indicated by the person, firm or corporation furnishing gas as aforesaid.

Application for inspection must be made at the office of the Inspector of Gas and Electricity. The Inspector will, thereafter, at his earliest convenience, make such inspection.

FEEES TO BE CHARGED FOR MAKING INSPECTION OF WORK:

For eight outlets or under, . . . . . \$1.00

For each additional outlet, . . . . . .10 "

WHEREAS, the unusual number of buildings now being constructed within the limits of the City of San Diego has increased, and is increasing, the duties of the Gas and Electrical Inspector to such an extent that it is impossible for the present office force to perform the duties of said Department under the present conditions, and

WHEREAS, it appears that if more rapid means of transportation be provided that the present force can care for the duties of said office, and

WHEREAS, it further appears that said office is self-sustaining, and that the provision for said transportation will not increase the expenses of the City of San Diego,  
NOW, THEREFORE,

BE IT ORDAINED By the Common Council of the City of San Diego as follows:

Section 1. That the Superintendent of the Department of Finance, Ways and Means be, and he is hereby, authorized and directed to purchase on the open market, and without advertising, a runabout automobile for the use of the Gas and Electrical Department.

Section 2. That there is hereby appropriated from the General Fund the sum of Seven Hundred (\$700.00) Dollars, or so much thereof as may be necessary to make the above purchase.

This ordinance is hereby declared to be an ordinance for the immediate preservation of public peace, health and safety, and one of urgency, and shall take effect on or after its passage and approval.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

WHEREAS, the San Diego Condoliated Gas & Electric Company is now installing a gas holder which will require the storage of over 2,000,000 gallons of water, and

WHEREAS this quantity of water should be made available in case of fire and in view of the fact that this water will be stored independent of the water system of the City of San Diego, and will be available for use by the Fire Department in case of a break in the mains in the quarter of the City where said gas holder is located, and, whereas, it is desirable by the Fire Department to avail itself of the opportunity to have a connection installed to make this water available, and further, in order so to do it will be necessary at this time to have installed a fire connection connecting said holder independent of the City Water System, and

WHEREAS, it will be necessary if such connection is made, to make a concession to the said San Diego Consolidated Gas & Electric Company in the form of a less rate per thousand gallons than is now charged, therefore

BE IT ORDAINED By the Common Council as follows:

That the water rate to be charged to the San Diego Consolidated Gas & Electric Company for the filling of said gas holder be, and the same is hereby fixed at 6-1/2¢ per thousand gallons.

AN ORDINANCE AUTHORIZING AND DIRECTING THE SUPERINTENDENT  
OF THE DEPARTMENT OF FINANCE, WAYS AND MEANS TO CALL FOR  
BIDS IN THE OPEN MARKET.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. The Superintendent of the Department of Finance, Ways and Means of the City of San Diego, is hereby authorized and directed to immediately call for bids, in the open market, without advertising, for the performance of all of the following work, in said City of San Diego, to-wit:

First: The regrading of E Street, in said City of San Diego, for the entire width of said street, from property line to property line, from the east line of 15th Street to the west line of 16th Street, so that said E Street, when so regraded, between said points, shall be brought and finished to the following grade elevations, to-wit:

At the northeast corner and the southeast corner of the intersection of said E Street with 15th Street, the grade elevation to be 50.00 feet; and at the northwest corner and the southwest corner of the intersection of said E Street with 16th Street, the grade elevation to be 54.00 feet. And the grade of said E Street, between the points hereinbefore mentioned, shall have a uniform ascent and descent, and the center line of said street shall have an average elevation of the opposite curb grades. All of said grade elevations to be above the datum line of levels, as fixed by Ordinance No. 3950 of the ordinances of said City.

Second: The grading and regrading of 16th Street, in said City, for the entire width of said street, from property line to property line, from the south line of D Street to the north line of F Street, including the entire width and length of the intersection of said 16th Street with E Street, so that the said 16th Street, when so graded and regraded, between said points, shall be brought and finished to the following grade elevations to-wit:

At the southwest corner and the southeast corner of the intersection of said 16th Street with D Street, the grade elevation to be 56.00 feet; at the northwest corner and southwest corner of the intersection of said 16th Street with E Street, the grade elevation to be 54.00 feet; at the northeast corner and the southeast corner of the intersection of said 16th Street with E Street, the grade elevation to be 55.00 feet; at the northwest corner of the intersection of said 16th Street with F Street, the grade elevation to be 51.50 feet; and at the northeast corner of the intersection of said 16th Street with F Street, the grade elevation to be 52.50 feet. And the grade of said 16th Street, between the points hereinbefore mentioned, shall have a uniform ascent and descent, and the center line of said 16th Street shall have an average elevation of the opposite curb grades. All of said grade elevations to be above the datum line of levels, as fixed by said Ordinance No. 3950.

Third: The regrading of the roadway of said E Street, in said City, from curb line to curb line, from the east line of 16th Street to the west line of 18th Street, to a practical ascent and descent, so that said roadway, when so regraded and finished, shall conform with the said grade elevations of the said intersection of 16th Street with E Street. Such practical ascent and descent to be fixed and determined upon the ground by the City Engineer of said City.

All of said work of grading and regrading shall be done according to the specifications prepared by the City Engineer of said City of San Diego, and on file in the office of said City Engineer.

Section 2. Said Superintendent of the Department of Finance, Ways and Means is hereby directed to provide in his said call for bids, that all bids for the aforesaid work will be received up to ten o'clock A. M. of Wednesday, the eighth day of November, 1911, and shall further specify in said call for bids that the successful bidder shall fully complete the said work on or before the first day of February, 1912.

Section 3. This is an ordinance respecting street improvements, and also an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

AN ORDINANCE AMENDING SECTION 28, OF ORDINANCE NO. 4371,  
OF THE ORDINANCES OF THE CITY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. That Section 28 of Ordinance No. 4371 of the ordinances of the City of San Diego, entitled "An Ordinance Regulating Travel and Traffic Upon the Public Streets", approved February 11, 1911, is hereby amended to read as follows:

"Section 28. Any person who shall ride, drive, or propel or who shall cause or permit to be ridden, driven or propelled any vehicle at any rate of speed greater than twelve (12) miles per hour, and not greater than thirty (30) miles per hour upon or along any of those certain streets or portions of streets in the City of San Diego within that certain district known and described as the congested district shall be guilty of a misdemeanor and upon conviction thereof shall be punishable as in this section provided.

That the Superintendent of the Department of Streets be, and he is hereby directed to post such notices as are required by law at the intersection of each street within the line of the district hereinbefore in this section described.

Any person who shall ride, drive or propel or who shall cause or permit to be ridden, driven or propelled, any vehicle at a rate of speed greater than twenty (20) miles per hour, and not greater than thirty (30) miles per hour, upon or along any street or portion of any street, in the City of San Diego outside of the congested district described hereinbefore in this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable as in this section provided. Provided nothing herein contained shall be construed to affect firemen of the city on their way to a fire or going in response to a fire alarm, or any policeman or other peace officer in discharge of his duty.

Any person convicted of a violation of any provision of this section shall be punishable by a fine of not less than twenty-five (\$25.00) dollars nor more than one hundred (\$100.00) dollars, or by imprisonment in the city jail for a period of not less than ten (10) days nor more than thirty (30) days, or by both such fine and imprisonment.

If within a period of one year, any person shall commit two or more violations of the provisions of this section, such person upon conviction thereof, shall be punishable as follows:

For the second offense, by a fine of not less than fifty (\$50) dollars nor more than two hundred (\$200) dollars, or by imprisonment in the city jail for a period of not less than thirty (30) days nor more than one hundred (100) days, or by both such fine and imprisonment.

For the third or any subsequent offense, by a fine of not less than one hundred (\$100) dollars, nor more than five hundred (\$500) dollars or by imprisonment in the city jail for a period of not less than fifty days nor more than six (6) months, or by both such fine and imprisonment."

ORDINANCE NO. 4586.

AN ORDINANCE REGULATING THE MANAGEMENT AND SALE OF  
DAIRY PRODUCTS IN THE CITY OF SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. No milk or cream producer, or milk or cream vender, shall, after this ordinance becomes operative, either himself or through his agents, servants or employes, offer or expose for sale, or sell or deliver for sale, use or consumption within the said City of San Diego, any milk or cream without first having obtained from the Board of Health of the said City of San Diego, a license to do so, as hereinafter provided.

Section 2. To procure such a license, the applicant shall present to said Board of Health a written application, and shall state therein the name, and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain all supplies of milk or cream, the number of cows in possession of such applicant, the average quantity of milk and cream produced, and the average

quantity disposed of by said applicant, and the manner and character of such disposition, such application to be made to the said Board of Health upon printed blanks to be provided by the Board of Health for such purpose. Such application shall further state the brand or business name, if any, under which said milk or cream is to be sold, exchanged, or distributed.

Section 3. If the Board of Health, upon such application, shall determine that the statements therein made are true, and that the applicant does not propose selling or offering or exposing for sale, or delivering or distributing any unwholesome milk or cream as food for any human being, it shall be the duty of the said Board of Health to issue to said applicant a license to bring into, sell, or expose or offer for sale, exchange, deliver or distribute milk and cream within the said City of San Diego, and all such written statements required as aforesaid shall be registered in a register to be provided by the said Board of Health and kept for that purpose.

Section 4. One such license shall be required for each place of general sale or storage of milk and cream. No such license shall be sold or assigned or transferred. Such license shall be subject at all times to revocation by said Board of Health in its discretion upon sufficient cause therefor shown to said Board.

At least once in each year every person or persons, firm or corporation holding such a license shall register with the said Board of Health his or their name and license number, and shall make a written statement to the said Board of Health, containing all the information required to be given by applicants for license, and all such written statements required as aforesaid shall be registered in a register to be provided by the said Board of Health and kept for that purpose.

Section 5. No person or persons, firm or corporation, shall sell or expose for sale or exchange or delivery, or distribute within the limits of the said City of San Diego, milk or cream from any vehicle or wagon unless such wagon or vehicles shall have exposed on both sides thereof the license number of the person or persons, firm or corporation, selling or offering or exposing for sale, or distributing, or delivering, or exchanging such milk or cream. Such license shall be painted on said wagon or vehicle in numbers not less than three inches in height, in what is known as Arabic numerals, and shall be placed on said wagon or vehicle under the direction and according to the requirements of the said Board of Health, and in case the milk or cream is sold from cans or vessels carried by human beings, or on horseback, or on foot, then the license number of the person, or persons, firm or corporation, so selling or offering for sale, delivery, distribution or exchange such milk or cream, shall be placed in a conspicuous place on such can or vessel immediately below the opening thereof, so as to be plainly apparent on superficial inspection; or if such milk or cream is sold or exposed or offered for sale, delivery, distribution or exchange, within a store or house, or on the sidewalk of any street in this city, then such license number shall also be constantly exposed in some conspicuous manner at the place wherever such milk and cream is sold or kept so as to be plainly apparent.

Section 6. It shall be unlawful for any person or persons, firm or corporation, by themselves, or by their agents, servants or employes in said city to render or manufacture, sell, offer for sale, exchange, deliver, distribute, or have in his or its possession, with intent to sell, expose, or offer for sale or exchange, or distribute for human consumption, any impure, adulterated, unhealthy or unwholesome milk or cream, as defined and fixed by Chapter 489 of the Laws of California for the year 1911, entitled "An Act to prevent deception in the manufacture and sale of butter and cheese, to secure its enforcement, and to appropriate money therefor," approved April 21, 1911.

Section 7. It shall be unlawful for any person or persons, firm or corporation, to have or carry on any wagon or vehicle upon or from which milk or cream is being or is bought, carried, stored, deposited, sold, exchanged, delivered or distributed, or offered or exposed for sale or distribution for any human being, any swill, garbage, refuse, or any decaying or fermenting, putrefying, foul, unwholesome, noxious or filthy matter, or any cans or receptacles containing any material or substance with which cream or milk might be diluted, adulterated, or rendered impure, unwholesome, or unhealthy.

Section 8. All cans, vessels and receptacles used in the handling of milk and cream, as well as all packages, refrigerators or compartments of stores or other places where milk or cream is kept, stored or handled, shall be kept and maintained scrupulously neat and clean and shall be kept free from the presence or vicinity of any article of any kind likely to contaminate or injuriously affect the quality or sweetness of the milk or cream. All cans, vessels and receptacles in which milk or cream is put or kept shall be sterilized with boiling water or live steam each time before they are used, and all pouring cans, dippers, or other vessels used in peddling milk or cream shall be scalded or sterilized daily, and all bottles in which milk is distributed shall be washed clean and sterilized each time they are used. Shipper's cans must not be used for the storage of milk or cream by the consumer, but must be returned to the shipper or owner clean and dry within 36 hours after the dealer shall have received the same.

Section 9. Purchasers of milk or cream in bottles supplied by the vender must use these bottles for such milk or cream only. Should they use them for any other purpose, they shall be liable to the penalty prescribed for violation of this ordinance.

Section 10. It shall be unlawful for any dealer in milk or cream, or his agents, to serve milk or cream in bottles to any dwelling that has in it any contagious disease, or that is placarded by the Department of Health for contagious disease, until such placard has been removed by the proper authorities.

It shall be unlawful for any person to remove from such dwelling or place any bottles or receptacles which have been, or are to be used for the purpose of receiving or storing milk or cream.

Section 10-a. It shall be unlawful for any dealer in milk or cream, or his agents, to bottle, cause to be bottled, any part of his milk or cream supply while upon the delivery wagon, or at any other place than the milk house or milk depot.

Section 11. The existence, in the City of San Diego, of adulterated milk or cream below the standard defined and prescribed by law is hereby declared a nuisance, and shall be abated accordingly; and any health officer, milk inspector, and any other officer of the City of San Diego charged with the inspection of milk is hereby authorized to remove the same with all reasonable promptness; provided, that this section shall not apply to skimmed milk, when sold as such under the provisions of this ordinance.

Section 12. It shall be unlawful for any person to use any bottle, can or other vessel, for the purpose of selling, delivering, or distributing milk or cream therein, unless immediately prior to such use said bottle, can, or other vessel has been washed clean in warm water, with soda or soap, and thoroughly sterilized by boiling or steaming by means of an appliance or plant used exclusively for that purpose. Such appliance or plant shall be open at all times to the inspection of the health officer, or any inspector designated by him.

Section 13. It shall be unlawful for any person to sell, deliver or distribute any milk or cream in bottles, unless such bottles have been securely closed at the dairy or milk depot with paraffined caps or other suitable material, after having been filled with milk or cream.

Section 14. It shall be unlawful for any person sick with scarlet fever, diphtheria,

smallpox or other contagious or infectious disease, or who knows himself to have been exposed to any such disease within a period of ten (10) days, to handle, transport, deliver, mix, work over or distribute milk or cream, or to serve as a milker or milkman; and it shall be unlawful for any person knowingly to use any bottle, can or other vessel in the sale, distribution, or delivery of milk or cream, which has been handled by any person sick with any such contagious or infectious disease, unless such bottle, can or vessel has been thereafter cleaned and sterilized, as hereinbefore provided.

Section 15. Every dealer in milk or cream who uses a wagon, cart, or other vehicle in his business as such dealer shall, during each month from the first day of May to the last of November of each year, inclusive, have and keep upon such vehicle a covering of canvas, or other material equally effective as canvas, to protect the contents thereof from the rays of the sun.

Section 16. In order to carry out the purposes and provisions of this ordinance, the said Board of Health and all its officers, agents, and employes shall have the right at any and all times to enter upon or into the premises of any producer or vender or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of any producer, vender or distributor to allow such entry and such inspection as may be required and directed by the said Board of Health, may be punished by the revocation of the license of such producer, distributor or vender by the said Board of Health. If any such place is not kept as herein required, or if the milk therefrom is, by reason of the filthy practices or any unsanitary condition or want of cleanliness, unfit to be brought into the city for sale, the said Board may exclude such milk from coming into the city and may notify any dealer or other person who shall receive the same not to receive milk from such places, and upon such notice no dealer shall accept or receive milk or cream from any such dairy.

Section 17. The said Board and all its officers, agents, and employes shall have the right and it shall be their duty to enter and have full access, egress, and ingress to all places where milk is stored or kept for sale, and to all wagons and carriages or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk for the purpose of consumption in the said City of San Diego.

Section 18. All persons selling or offering for sale milk or cream within the said City of San Diego, or furnishing or supplying milk or cream to be sold therein, shall allow samples thereof to be taken by the Board of Health, its officers, agents, and employes, at any time when demanded and without any charge therefor.

Section 19. It shall be the duty of the owner, agent, or manager of any dairy in the said City of San Diego, or of any dairy from which milk is brought into this city, to forthwith report to the Board of Health of the said city, in writing, anything of which he has knowledge or notice tending to render milk obtained from such dairy unwholesome, impure or unhealthy.

Section 20. It shall be unlawful for any person or persons, firm or corporation, to obstruct or interfere with the said Board of Health, or any officer, agent or employe of said Board, in the performance of any of the duties required by the officer of said Board.

Section 21. Nothing herein contained shall be construed to prevent or prohibit the use, sale or manufacture of what is known as condensed milk, provided the same is made, compounded and prepared from pure, clean, fresh, wholesome and unadulterated milk within the meaning of this ordinance, and provided also, that in the case of condensed milk, the proportion of milk solids shall be equivalent to twelve (12) per centum of milk solids in

crude milk, and that of such solids twenty-six and one-half (26-1/2) per centum shall be fat. Cane sugar shall not be considered an adulterant of condensed milk.

Section 22. Any cow or other cattle found within the corporate limits of the City of San Diego affected by either tuberculosis or antinomycosis shall be isolated.

Any person, firm or corporation selling milk or cream in said city shall allow the Meat and Dairy Inspector of said city to examine and test any cows used for such purpose, or any cows or other cattle kept in proximity thereto or owned by such person, firm or corporation, and shall allow said Meat and Dairy Inspector and his deputies, at any time, to inspect and examine said cows or cattle and places where they are kept and the places where such milk is stored or handled. Such officers shall be furnished with samples of milk and cream in proper quantities, on demand.

No persons, firm or corporation shall bring or receive or keep, or cause to be brought into or received or kept in the City of San Diego for sale or delivery, or sell, deliver or exchange, or offer to sell, deliver or exchange, or have in his possession for the purpose of sale, delivery or exchange in said city:

(1) Any milk or cream taken from any sick or diseased cow, or any cow fed in whole or in part or which is kept in any stable, corral or other place where is fed to any animal garbage, swill, refuse, or any other food calculated to render the milk or cream of such cow unfit or unwholesome for human food, or where the water, ventilation, food or surroundings are unwholesome or unfit for the preservation of its health, and the proper condition and wholesomeness of its milk or cream.

(2) Or milk or cream which is taken from cows by milkers who are not personally clean and who have not immediately before milking thoroughly washed their hands with soap and water, or who milk with moist or wet hands or who wash the teats of such cows with water or milk in or from the milk buckets.

(3) Or milk or cream which is handled or stored in any utensil or utensils at any time used for any other purpose than the carrying or holding of pure, sweet milk or cream.

(4) Inspection of dairies and other sources from which milk and cream are supplied in the County of San Diego to said city shall be under the supervision of the Health Officer, and under him the Meat and Dairy Inspector of said city. Said Meat and Dairy Inspector shall report to the Board of Health each month upon the condition thereof, showing in such reports the number of inspections made and the condition of the dairies or other sources of such supply inspected.

(5) That all shippers of milk in or out of the city shall seal the cans or receptacles used by them with a seal satisfactory to the Board of Health of the City of San Diego, when shipped by a common carrier.

(6) That all owners of cans or bottles may take the same, by force is necessary, whenever and wherever found, and that it be made a misdemeanor for any person, firm or corporation to use the cans, bottles or receptacles of another dairyman for any purpose, excepting when authorized to do so by the owner.

(7) That all milk shall be aerated immediately after the milking.

(8) That no cow or other bovine shall be kept within the corporate limits of San Diego without a permit from the Board of Health, which shall be good for one year unless previously revoked.

#### LICENSES FOR DAIRIES.

Section 23. All persons, firms or corporations, as designated by this ordinance, supplying the inhabitants of the City of San Diego with milk or cream shall first obtain a license for the wholesale or retail distribution thereof, as the case may be.

Section 24. For retail or wholesale dealers, the license fee shall be five dollars (\$5.00) per annum for each place of business, and an additional five dollars (\$5.00) per annum for each milk wagon more than one. Said license being payable at the time the application is made for a license.

Section 25. For wholesale producers, shippers or distributors of sweet milk or sweet cream, the license fee shall be five dollars (\$5.00) per annum. Said license being payable at the time the application is made for a license.

Section 26. All licenses issued hereunder shall, unless previously revoked or forfeited, as provided herein, be in force and effect for one year, and no longer, from the date application is made.

Section 27. Any person, firm or corporation owning or having in their control two cows or more, shall be considered as running a dairy for profit, and shall be governed by all the condition provided for in this ordinance.

Section 28. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of twenty-five dollars (\$25.00) for first offense, fifty dollars (\$50.00) for second offense, one hundred dollars (\$100.00) for third offense, and a revocation of license for the fourth offense.

Section 29. All ordinances and parts of ordinances in conflict with the provisions of this ordinance, be, and the same hereby are, repealed.

Section 30. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

I hereby certify that the above and foregoing is a full, true and correct copy of Ordinance No. 4586, of the ordinances of the City of San Diego, California, as adopted by the Common Council of said City on the 13th day of November, 1911, and as approved by the Mayor of said City on the 17th day of November, 1911.

Allen H. Wright,

City Clerk of the City of San Diego, California.

By Walter H. Muller Deputy.

ORDINANCE NO. 4587.

AN ORDINANCE PROVIDING FOR THE ISSUANCE OF CERTAIN

MUNICIPAL BONDS.

WHEREAS, in pursuance of the resolution of the Common Council of the City of San Diego, entitled, "Determining that the Public Interest and Necessity of the City of San Diego Demands the Acquisition and Construction of Certain Municipal Improvements", and in pursuance of Ordinance No. 4539 of the ordinances of said City, calling a special election and submitting to the qualified electors thereof the proposition of incurring a bonded indebtedness of One Million (\$1,000,000) Dollars for the purposes set forth in said resolution, and

WHEREAS, in pursuance of the election held in said City under the authority of said ordinance on the fourteenth day of November, A. D. 1911, authorizing the incurring of said bonded indebtedness for the purposes in said resolution and said ordinance calling said election more particularly specified and set out,

NOW THEREFORE, Be it Ordained By the Common Council of said City of San Diego, as follows:

Section 1. The bonds of said city, to the amount of One Million (\$1,000,000.) Dollars, shall be issued for the purpose of -

A. The construction of a concrete pier extending into the Bay of San Diego, between the prolongation west of the south line of D Street in the City of San Diego, and a line twenty-five (25) feet north of the north line of said D Street, to a point approximately eight hundred (800) feet outside of the bulkhead line of said Bay, as described in paragraph C of this proposition. Said pier to have a width of approximately one hundred thirty (130) feet. Upon the floor of said pier to be a substantial warehouse, composed of steel frame, wood and reinforced concrete construction, with corrugated iron roof, which warehouse shall be approximately eighty (80) feet wide, and seven hundred seventy (770) feet long.

B. The construction of three railroad tracks of standard width, which are to be laid, commencing at the outer end of said pier, and extending one through the middle and one on each side of the length of said pier, to the bulkhead line, and thence to be built to a connection with a belt line of railroad inside of the line of ordinary high tide of said Bay, whenever such belt line may be constructed.

C. The construction of a sea-wall along the said bulkhead line above mentioned in paragraph A, commencing at the point where the said south line of D Street extended west would intersect the said bulkhead line, at a point approximately seven hundred (700) feet west of the line of ordinary high tide, on said Bay, and extending thence northerly along said bulkhead line approximately twenty-five hundred (2500) feet.

D. The dredging out of the bottom of the Bay of San Diego, one hundred (100) feet wide, on each side of the said pier for the whole length thereof, and at the outer end of said pier all to a depth of thirty-five (35) feet below lower low water mark, and the dredging of a turning basin lying on the north side and west end of said pier, and containing approximately eleven (11) acres; and the dredging of a channel three hundred (300) feet wide, and extending west from a line one hundred (100) feet west of the outer end of said pier, approximately eighteen hundred fifty (1850) feet into the main ship channel of said Bay. All of said last mentioned dredging to extend to a depth of thirty (30) feet below

lower low water mark. Also dredging along the front of said sea-wall, beginning one hundred (100) feet north of the north line of said pier, and extending northerly along said bulkhead line approximately twelve hundred (1200) feet, and extending sufficiently far into the Bay to make fifteen and fifty-hundredths (15.50) acres in area. Such dredging to be to a depth of twenty (20) feet below lower low water mark. Also, dredging along the front of said sea-wall, beginning at the north end of said last named dredging, and extending northerly along said bulkhead line, approximately twelve hundred and fifteen (1215) feet, and extending sufficiently far into the Bay to make twelve and five-tenths (12.5) acres in area, which shall be dredged to a depth of fifteen (15) feet below lower low water mark. The dredged material to be filled in between the said bulkhead line and the line of ordinary high tide on the shore of said Bay to a level of approximately eight (8) feet above mean high tide, and extending as far south as the said south line of D Street extended west, and filling from said line northerly as far as the material dredged as aforesaid may fill the space between the constructed bulkhead and the said shore line to the aforesaid level.

in

Said bonds and the coupons thereof shall be substantially the following form:

UNITED STATES OF AMERICA

STATE OF CALIFORNIA

CITY OF SAN DIEGO

NO.

\$1,000.

HARBOR IMPROVEMENT BOND FUND.

SPECIAL ELECTION, NOVEMBER 14, 1911.

KNOW ALL MEN BY THESE PRESENTS That the City of San Diego, a municipal corporation of the State of California, acknowledges itself indebted for value received and hereby promises to pay to bearer One Thousand (\$1,000) Dollars on the first day of January, 19 with interest thereon from the date hereof until said principal sum is paid, at the rate of four and one-half per cent per annum, payable semi-annually on the first days of January and July of each year on the presentation and surrender of the respective coupons hereto annexed as they severally become due, both principal and interest of this bond being payable in gold coin of the United States of America, at the office of the Treasurer of said City, or at the National Park Bank, New York, N. Y., at the option of the holder hereof.

This bond is issued for the purpose of acquiring funds with which to pay for the acquisition, construction and completion of those certain harbor improvements in the Bay of San Diego, California, which are particularly described in Ordinance No. 4539 of the Ordinances of the said City of San Diego, and in pursuance of the requirement of that certain Act of the Legislature of the State of California, entitled "An Act conveying certain tide lands and lands lying under inland navigable waters situate in the Bay of San Diego and the City of San Diego, in furtherance of navigation and commerce and the fisheries, and providing for the government, management and control thereof", and approved May 1st, 1911. And also under and pursuant to and in full compliance with the Act of the Legislature of the State of California which became a law February 25, 1911, and amendments thereof, authorizing the incurring of indebtedness by cities for any municipal improvement, wharves or other works, property or structures necessary or convenient to carry out the objects, purposes or powers of the municipality; and the Charter of said City and the Constitution and other laws of said State, and in full compliance with certain ordinances and proceedings of the Common Council of said City.

It is further certified, recited and declared that all the acts, conditions and

things required to exist, happen and be performed, precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, that this issue of bonds has been authorized by the vote of two-thirds of the duly qualified electors of said City voting at a special election duly ~~qualified~~ and regularly called and held in said City on the 14th day of November, 1911; and that the amount of this bond, together with all other indebtedness of said City does not exceed any limit prescribed by the Constitution of said State or by any statute or law thereof, and that before the issuance of this bond provision has been duly made as required by the Constitution and laws in that behalf for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity and within forty years from the date of this bond.

The full faith and credit of the said City of San Diego are hereby irrevocably pledged for the punctual payment of the principal and interest of this bond.

IN WITNESS WHEREOF the said City of San Diego has caused this bond to be signed by the Mayor and Treasurer of said City and countersigned by the Clerk thereof and attested by the corporate seal of said City hereto attached, and this bond to be dated the first day of March, 1912.

---

Mayor of the City of San Diego, California.

---

Treasurer of the City of San Diego, California.

Countersigned:

HARBOR IMPROVEMENT BOND FUND.

BOND NO.

INTEREST COUPON NO.

SPECIAL ELECTION, NOVEMBER 14, 1911.

On the 1st day of \_\_\_\_\_, 19\_\_\_\_, the City of San Diego, California, on presentation of this coupon at the office of the Treasurer thereof, or at the National Park Bank, New York City, will pay to bearer

Dollars in United States gold coin for semi-annual interest on above bond.

---

Treasurer of the City of San Diego, California.

Section 2. There shall be one thousand (1000) of said bonds issued, which shall each be of the denomination of One Thousand (\$1,000) Dollars, and they shall be numbered from one to one thousand consecutively. The order of payment shall begin with the smallest numbered bond and shall continue from the less to the greater, twenty-five (25) of said bonds becoming due and payable annually until all shall have been paid. Said bonds shall be dated as of the first day of March, A. D. 1912. The money derived from the sale of said bonds shall be placed and kept in a separate fund which shall be known as the Harbor Improvement Bond Fund.

Section 3. Said bonds shall be made payable to bearer, in gold coin of the United States, and shall bear interest in like gold coin from the date of said bonds until paid, at the rate of four and one-half (4-1/2%) per annum, and shall be payable on presentation and demand, at the office of the City Treasurer of the City of San Diego, or, at the National Park Bank, New York, New York, at the option of the holder thereof. The interest on said

bonds shall become due and payable semi-annually on the first day of January and the first day of July, in each year. Said bonds shall each contain the promise of the City of San Diego to pay the amount for which it is issued, with interest as aforesaid, at the time and in the manner above specified, and shall refer to the election authorizing the issuance of such bonds, and the purpose for which such indebtedness is incurred. The amount of the principal of each bond shall be printed upon the face thereof in large figures, and with ink of a different color than that of which the body of the bond is printed, and it shall be certified in such bond that all the conditions and requirements of any ordinance of said city, the charter thereof, and the general law of the State of California, touching the incurring of such indebtedness by a municipal corporation have been fully complied with.

There shall be attached to each bond one coupon for each semi-annual payment of interest accruing thereon, which coupons shall be so arranged as to come due one in each six months, until and including the maturity of the principal specified in such bond. Each coupon shall have printed on it the number of the principal bond to which it is attached and the name of the fund in the aid of which the bond is issued, and such number and name shall be printed in larger type and different colored ink than the body of the coupon, and such coupon shall in addition be numbered from one consecutively up to the last.

Section 4. The Mayor of said City, the City Treasurer, and the City Clerk thereof, are each hereby authorized and directed for and on behalf of and as the act and deed of the City of San Diego to sign, in his official capacity, each and every of said bonds substantially in the form hereinbefore provided; and the Clerk is in addition directed to affix the corporate seal of said city to each of said bonds; and such signing and sealing shall constitute, and is hereby declared to be a sufficient and binding execution of each and every of said bonds by the City. The City Treasurer is also authorized and directed to sign his name as Treasurer of said city to each and every of the coupons attached to each respective bond; provided that it shall be a sufficient signature of all such coupons if the signature of the Treasurer is printed upon such coupons and the signing of the said coupons by the City Treasurer in the manner and form aforesaid shall constitute and be a sufficient and binding execution of each and every of said coupons by said City.

Section 5. For the purpose of paying the principal on said bonds as they shall come due, and the interest thereon as such interest shall accrue, the legislative branch of said city shall, at the time of fixing the general tax levy and in the manner provided by law, levy and collect each year until such bonds are paid, or until there shall be a sum in the treasury of said city set apart for that purpose sufficient to meet all sums coming due for principal and interest on any of said bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time of fixing the next general tax levy. Said taxes shall be levied and paid in addition to any other tax levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected, and shall be used for no other purpose than the payment of said bonds and accruing interest.

Section 6. There is hereby established a sinking fund to be kept by the Treasurer of the City for the fund provided in Section 2 of this ordinance, and the proceeds of the taxes levied as aforesaid shall be paid into such sinking fund as soon as the same shall be collected and shall remain therein until required for the payment of the principal and interest to be made upon said bonds and coupons. When the respective payments of principal and interest on said bonds and coupons shall fall due, the Treasurer of said city is authorized and directed without any further authority to pay out of the moneys in such fund the respective sums of principal and interest as they shall fall due on each several bond and

coupon, as demand shall be made therefor and upon surrender of such bonds and coupons.

Section 7. Said bonds shall be sold; and in the following manner, namely:

The City Clerk shall, when so directed by the Common Council, cause notice to be published in the official paper of the City, and in such other papers as may be designated by the Common Council, but at least one published in New York, State of New York, which notice shall be published in the weekly issues thereof of at least two publications, the first publication being at least 30 days previous to the date of the sale hereinafter mentioned, to the effect that sealed bids for the purchase of the whole of said bonds, or any part thereof, properly describing them, will be received at the office of the <sup>said</sup> City Clerk until 10 a. m. of the day of the meeting of the Common Council fixed for the consideration of said bids, and that said bonds will be sold to the highest bidder or bidders therefor by the Common Council, and that the same shall not be sold for less than par. Each bid shall be accompanied by a check, certified by a responsible bank equal to one per centum of the amount of the bid, payable to the City Treasurer of said city as a guaranty and assurance that the bidder will take so much of said bonds as he shall bid for and will pay the price bid therefor should the bonds be awarded to him. The Common Council of said City shall, at the meeting fixed for the reception of the bids, consider such bids as may have been offered, or may adjourn the consideration thereof to another meeting and shall sell said bonds to the highest bidder, provided the right shall be reserved to reject any and all bids or to accept a bid for such part of the bonds as in the discretion of the Common Council should be sold to any one bidder. The successful bidder or bidders shall be required to take so much of said bonds as he shall bid for and shall be awarded to him at the rate fixed and upon ten days' notice from the City Clerk that said bonds are executed and ready for delivery. In the event of the failure of any such purchaser to take the amount and number of bonds awarded to him upon his bid by the Common Council for ten days after receiving the notice last aforesaid, his check accompanying his bid and the sum for which it is drawn shall be forfeited to the city, and said check shall be cashed and the money paid into the City Treasury, and the City Clerk shall, when directed by the Common Council, cause a new notice to be given of the same nature as that hereinabove prescribed and the said bonds shall be readvertised and sold, as hereinabove provided.

Section 8. This ordinance shall take effect on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 4588.

AN ORDINANCE PROVIDING FOR THE PURCHASE OF LOT J, BLOCK 66, OF NEW SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. That certain agreement entered into by A. J. Cohn for the owners and John L. Sehon, Superintendent of the Department of Police, Health and Morals, on behalf of the City of San Diego, for the purchase of Lot J in Block 66 of New San Diego, according to the plat thereof filed for record in the office of the County Recorder of San Diego County, State of California, and which said agreement is in words and figures following:

"MEMORANDUM OF AGREEMENT, this day entered into by A. J. COHN, for and on behalf of himself and the other owners, and JOHN L. SEHON, Superintendent of the Department of Police, Health and Morals, on behalf of the City of San Diego, for the purchase of Lot J, in Block 66 of New San Diego.

The owners of Lot J, in Block 66, of New San Diego, according to the plat thereof filed for record in the office of the County Recorder of San Diego County, State of California, hereby undertake to and with the said City of San Diego to convey or cause to be conveyed to the said city the said lot on the following terms and conditions, to-wit:

Said owners shall at their earliest convenience furnish to the City Attorney of the City of San Diego a certificate of the Union Title and Trust Company of San Diego showing the ownership of said lot and whatever encumbrance there may be thereon at this time, and said owners shall forthwith sign and acknowledge their deed whereby they shall convey to the said city the said premises. Said property shall be free from all encumbrance of every nature and kind, excepting that said conveyance shall be made subject to a mortgage in favor of Mrs. Austin Mitchell for Four Thousand (\$4,000) Dollars, and interest thereon at six (6) per centum per annum, accruing since the 27th day of December, 1911. And the said city shall, by the acceptance of said conveyance, assume and undertake the payment of said mortgage with interest to the extent above provided. Said deed, when properly executed and acknowledged, shall be placed in escrow with the said Union Title and Trust Company, to be by said Company delivered to said city when it, said city, shall make the payment hereinafter mentioned.

On or before the 27th day of December, 1911, the city shall pay to the said Union Title and Trust Company, for and on account of the owners of said lot, the sum of Fourteen Thousand (\$14,000) Dollars; whereupon the rent of One Hundred and Seventy (\$170) Dollars per month now being paid by the city to said owners of said lot for the use and occupation thereof as a Police Station shall entirely cease, and said Union Title and Trust Company shall, upon said payment, deliver said conveyance to the City Attorney of said city as and for a delivery to the city.

And on or before February 15th, 1912, the said city shall pay to the said Union Title and Trust Company a further sum of Four Thousand (\$4,000) Dollars for the said owners, and said City shall meet and discharge said mortgage as the same shall come due, together

with interest thereon from the said 27th day of December, 1911.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands this fourteenth day of November, A. D. 1911.

A. J. COHN,

JOHN L. SEHON,

Supt. of the Dept. of Police, etc."

is hereby ratified and confirmed.

Section 2. There is hereby appropriated out of the Public Building Fund of said City the sum of Fourteen Thousand (\$14,000) Dollars, to be paid to the Union Title and Trust Company of San Diego on account of the owners of said lot, and the faith of the city is pledged to the payment of Four Thousand (\$4,000) Dollars additional on or before the 15th day of February, 1912; and the payment also by the city of the mortgage mentioned in said agreement as it shall become due, together with interest thereon, at six (6) per centum per annum from December 27, 1911, to the time of payment.

ORDINANCE NO. 4600.

AN ORDINANCE GRANTING TO POSTAL TELEGRAPH-CABLE COMPANY  
PERMISSION TO LAY ITS WIRES AND CABLES ALONG AND UNDER  
CERTAIN STREETS IN THE CITY OF SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, California, as follows:

Section 1. There is hereby granted to Postal Telegraph-Cable Company, being a

telegraph company doing an interstate business, the right to construct, maintain and operate poles, wires and cables over, along and across A Street in the City of San Diego from Arctic Street to Fourth Street, and to lay its said wires and cables under ground on the north side of A Street from a point about half way between Third and Fourth Streets to the east side of Fifth Street, and in the east side of Fifth Street from the north side of A Street to the north side of E Street. The said work to be done under the direction of the Superintendent of Streets; and all injury done to the streets by reason of said work or by reason of the streets being out of repair in consequence of said work shall be repaired by the said Company, its successors or assigns, without any charge against the City therefor.

Section 2. This grant is upon the following conditions:

That, commencing with the first day of January, 1912, said Company shall pay as rental to the City for the occupation of said streets the sum of Twenty-five (\$25.) Dollars per annum for each block over, under, along or across which the wires or cables of said Company, its successors or assigns, may be placed or laid. Such payment to be made on or before the first day of February of the year following the year preceding from the first day of January, to and including the 31st day of December of such preceding year.

Section 3. The location of all poles and lines shall be changed at any time under the direction of the Common Council of the City. Said poles, wires and cables shall be so placed and maintained as not to interfere with travel on said highways, and said Company, its successors or assigns, shall hold said City free and harmless of all damages arising through any abuse of such occupancy, and whenever any telephone, telegraph or other company has or shall have poles so placed in the street as to be used by said grantee, its successors or assigns, said Company shall not plant any poles of its own, but shall use the poles of such other company.

Section 4. Nothing herein contained shall be construed as a perpetual grant to said Company, its successors or assigns, and the acceptance or exercise of this franchise for the grantee, its successors or assigns, will be deemed an acceptance of this provision and of all other terms and conditions of this ordinance for said City, and, in addition, will be deemed an express waiver of any claim to a perpetual franchise or of any extension of the term expressed herein, by reason of any ordinance which may hereafter be adopted by said City or by the Common Council thereof.

Section 5. In further consideration of the grant of this franchise, said Company shall, at its own expense, preserve and maintain a duct in any conduit that it may construct, which duct shall be for the exclusive use of the City of San Diego, and especially its Police and Fire Department, and that the City may have access to all such conduits and may maintain cables and wires in such duct for the transmission of messages and alarms, and that the same shall be without charge on the part of the said Company, its successors or assigns.

All conduits are to be constructed and all wires and cables laid in compliance with the provisions of Ordinance No. 4402, as amended by Ordinance No. 4466 of the ordinances of the City of San Diego.

Section 6. Any failure of the said grantee, its successors or assigns, to comply with any of the above conditions shall result in the forfeiture of this franchise.

Section 7. This ordinance shall continue in force and effect, unless sooner repealed, for the term of twenty-five (25) years from and after the date it goes into effect.

Section 8. The City and the Common Council of said City hereby reserves the right of the Common Council to repeal, amend, change or modify this ordinance and grant at any time hereafter.

Section 9. This ordinance shall take effect on the 31st day from and after its passage and approval.
