Convention Deemed Huge Success

BOT Chairman Charles Harrison awards the Best in Show to Gary Pack for his pair of *A. aureum*

Tony Terceira is the 2011 AKA Killifish Hobbyist of the year. (from left) Charles Harrison, Tony Terceira and Lee Harper.

ST. LOUIS, MO - Like the attendees said, the just-concluded 50th anniversary AKA convention was one of the best ever!

"I've attended a number of conventions, but I have to say this was one of the most enjoyable," said MKA member Eric Beyer. Beyer wasn't the only one complimentary of the weekend. Many of the people who attended the convention echoed his compliments.

Among the outstanding moments during this year's show was the 50 Years of the American Killifish Association by Charles Nunziata and Tony Terceira as the two long-time AKA'ers talked about the many ways the AKA has affected the aquarium hobby, the people responsible and those who continue to strive to improve the organization.

Holger Hengstler evoked laughter during each of his three presentations as he began Friday night with the outtakes, difficulties and humorous moments during his numerous collecting trips and continued with his banquet presentation on Saturday night about collecting in Ethiopia. He also held an impromptu program following the banquet speech on his recent trip to Sudan where his team encountered everything from one member being refused entrance into the country to restrictions of where they could travel and a member becoming very ill. Still they collected several nothos despite the problems.

The auction on Sunday set a record for a single item being sold at \$1060.00. This was Ken McKeighen's exquisite mural of fifty killies representing each year of the AKA. David Mikkleson and Clay Crawford battled it out with Dave finally winning. The auction raised over \$9,000 for the AKA.

With over 230 entries in the show and 500 plus in the Fish Sale Room, the number and quality of the fish were amazing. Added to the 100 pairs of Rare Species and 50 plus donations, the auction had over 400 pairs available.

Gary Greenwood received the Killifish Exhibitor of the Year for the fifth time and six members of the AKA were honored as Distinguished Members (see next page). Tony Terceira was the Killifish Hobbyist of the Year and Gary Pack took the trophy for Best in Show.

Get Ready for the 2013 AKA National Convention in Portland, OR on Memorial Day weekend next year!

... continued on page 2

Charles presents the Distinguished Membership honor to Harry Faustmann

Charles presents the Distinguished Membership honor to Ken McKeighan

Charles presents the Distinguished Membership honor to Gary Greenwood

Speakers for the weekend included Dr. Glen Collier who presented a seminar on how the changes in geography over thousands of years can affect the development of species separation. Dr. Collier was one of the two Charter Members in attendance this weekend. Dr. Harry Specht was the other. Both were recognized for their continued membership of over fifty years in the AKA.

Mike Hellweg of the St. Louis area did an excellent presentation on live foods as did Gary Lange on Blue-eyes - the rainbowfish that has many similarities to killies. The G1 Gang from SNEKA included Dave Hardenbrook, Bill Logue and Rich Pierce focused on the hobby aspects of their fishrooms and the Hot-tos. Dave brought a part of his famous octopus. Capping off the seminars, Charles Nunziata and Tony Terceira took everyone on a collecting trip through Florida.

The weekend concluded Sunday evening with a trip to Convention Chairman Jack Heller's home for a fishroom tour and barbecue. On Monday a second tour to Mike Heller's fishroom was attended by several people and finally the Collecting Trip was led by Nevin Aspinwall and Dave Hemmerlein. The collectors were able to obtain a large number of fish and everyone took home something they wanted.

All in all, it was a great weekend and now its time to look forward to next year in Portland, OR.

A Big Thank You

The Organizing Committee of the 2012 AKA Convention want to acknowledge the people who made it all possible:

Darlene Weismann and Ruth Warner for organizing the Fish Sale Room; Nevin Aspinwall and Art & Max Leutermann for setting up the stands and tanks; Bob McDonnell and Dave Hemmerlein for registration; Dave Hemmerlein for doing a great job on the auction; Rick Ivik for all the hard work he did and oversaw during breakdown, setup and much more. All the runners during the auction. Rich Pierce and Tony Terceira for the photography. Dr. Dan Nielsen for making the announcements and introductions; and finally MASI for assisting in many aspects of the show. And all those who participated in so many aspects of making this a great weekend.

Jack Heller & Tom Grady

Six members of the AKA were honored as Distinguished Members of the AKA. This ward is given to members who have contributed to the AKA and the killifish hobby in their regions over the years. This year the award was presented to Allen Semeit of ARC, Mike McNamee of LIKA/MAKA, Mike Jacobs of SKS, Harry Faustmann of LIKA/MAKA, Ken McKeighan and Gary Greenwood of WAKO.

Some Pictures of the Weekend

All photos of the convention are by Richard Pierce except where noted.

No! No! Its not really a party, dear!

Hugh Moore & Harry Specht enjoy a beer.

The Board of Trustees

Official Reports

Charles Harrison - Chairman

Greetings All,

Convention 2012 is now history. I was honored to have been able to spend a few hours in the presence of so many great contributors to our hobby. Seeing Dr. Specht, Roger Langton and a few other long-time members of the AKA again was a real pleasure. I appreciated the opportunity to sit in the audience and listen to Dr. Glenn Collier, Tony Terceira, Charlie Nunziata, Richard Pierce and Mike Hellweg just to name a few. The list goes on and my appreciation goes on as well to Tom Grady and Jack Heller for organizing a well run convention.

Many of my long-time friends in the Missouri Aquarium Society (MASI) were there to hear the talks, take part in the operations and bid for fish in the auction on Sunday. Many were surprised to hear the prices for the fish in the auction but they got the chance to see fish and purchase fish they would see nowhere else. All came away with new impressions of the Killifish family and the AKA. It was a very worthwhile event for my friends.

And speaking of MASI, the convention must thank MASI for the loan of the screen, projector, speaker and entire audio-visual system used in the convention's talks and auction. This loan saved the convention considerable expense.

The MASI Aquarium Club Challenge of the Year for 2012 was the AKA's George Maier Fund. MASI was able to donate \$800 to the George Maier Fund. The check was presented to Charlie Nunziata at the Saturday night's Awards Presentations. A raffle of chances for a collecting trip with Brian Perkins of WildPeru I heard brought in over \$600. Kenny McKeighan's Killifish Mural sold at the Sunday Auction for well over \$1,000. Thanks to MASI, Brian and Kenny. It was a great weekend for fund raising.

This Convention was a most enjoyable one. We managed to pick up a couple of bags of fish in the Fish sale room and we appreciated Darlene and her crew of Greg, Gary, John and Rick who kept things running smoothly. The dinner on Saturday night was excellent. The awards presentation took too long but they usually do. The after dinner presentation of the fish collecting expedition through Ethiopia by Holger Hengstler was as entertaining and informative as he has been in the years past and well worth the wait. The prices held through the auction and the bidding for McKeighan's Mural was even exciting. A thousand dollars is a lot to pay for an item in a tropical fish auction! We were pleased to be able to purchase three more bags of fish in a well-run auction with competent auctioneers and runners. We were not able to participate in the collecting trip on Monday but we heard it was a good one.

I'm sure I've forgotten to thank everyone personally, so "Thank You!" to all who came, all who helped, and all who contributed to making the 50th Anniversary of the AKA a most wonderful event.

Sue and I are anxiously making plans for next years' Convention in Portland. Having been there once has given us some ideas of what to do next time we are there for some extra days of vacation.

See you on line and at the shows,

Charles Harrison

BOT Business Update for May 2012

by Brian Watters BOT Secretary

DISCUSSION ITEMS:

D-2012-2: Revision of the Killifish Hobbyist of the Year (KHY) program rules.

Following extensive discussion a final proposal has been drafted by Kent Russell, chairman of the KHY program. The issue will soon be voted on by the BOT and the revised rules in place for the start of the 2012-2013 KHY year.

D-2012-4: Update of the BOT Procedures Manual.

Recent changes to the George Maier Fund have required an addition to the BOT procedures Manual. The BOT is taking this opportunity to review the manual and discuss any further changes that may be considered necessary.

D-2012-5: Foreign exchange memberships.

A subcommittee is reviewing exchange memberships with foreign killifish associations in order to update the process and ensure that materials are being sent to current and proper recipients and that there is appropriate reciprocity associated with the exchanges.

D-2012-11: AKA Webmaster.

Discussion aimed exploring the various options available to the BOT in order to suitably maintain the website and the many associated functions as carried out by the present webmaster, Barry Cooper, who has indicated his desire to step down from that position.

D-2012-12: New & Rare Species Committee.

Discussion regarding the termination of the New & Rare Species Committee and the manner in which unused funds should be returned to the AKA. Since the 2012 national convention was an AKA-sponsored event, it was proposed that the unused funds should be used to cover expenses incurred with the acquisition of N&R fish for the event and any funds remaining after that would be returned to the general fund of the association. The decision to terminate the N&RSC was based on the fact that the service could not be run on an economically viable basis, given the many difficulties and high costs involved in acquiring suitable fish and the generally low use made of the service by the membership.

D-2012-13: Membership Committee procedures.

A review of the procedures involved in the application and acceptance for membership in the AKA, and options for improving the process.

D-2012-14: National Convention 2014.

The BOT is now seeking and accepting bids by affiliate groups for the hosting of the 2014 national convention.

The memberships to the left are due for the month of May. If you have recently renewed your membership, with the correct amount, you can ignore this reminder. Members that have a current (active) subscription with Pay Pal should check to make sure it was paid. The fees for US memberships are: \$29 for the electronic version of the BNL. All the membership fees are listed on the AKA web site.

You can renew your membership online at the AKA web site or you can send me a check made out to the AKA to this address: Jim Randall (AKA membership), 823 Park Avenue, Albany, NY, 12208. If you are mailing your dues and have internet access please send me a note that you are doing so at: membership@aka.org. If you have an exchange membership that is on this list contact the person you are doing the exchange with and let them know it is due and whether you will be paying for it. If you are paying for an exchange please let us know exactly who the payment is for. The same applies to a "gift" membership. We need to know exactly who the payment is for. If you have any questions, please contact me.

Secretary's Report continued

VOTING RESULTS:

P-2012-07: Special Awards and Honors - Distinguished Member status.

To award Distinguished Member status to the following individuals: Ken McKeighan, Harry Faustmann, Mike McNamee, Mike Jacobs, Allan Semeit. All nominations were approved.

P-2012-8, P-2012-9 and P-2012-10: Membership issues.

Under the authority of Article III of the AKA Bylaws, the BOT has determined that activities and behavior expressed by certain former members will preclude their acceptance as members in the future. The proposition passed.

P-2012-12: New & Rare Species Committee.

To terminate the New & Rare Species Committee, give the money being held by the committee chairman, Jack Heller, to the 2012 Convention to pay for N&R fish for that Convention. Any excess money to be returned to the General Fund. The proposition passed.

New & Reinstated Members

Here is a list of new and reinstated members. If you live near any of them or your local club is nearby please contact them. Welcome them to the AKA, in the club instance, invite them to your next function or meeting. We all can use new members!

These members bring the total membership to 788.

The Judging Committee

Chairman: Art Leutermann

Judging Committee News

First, a personal thanks to all the gentleman that graciously gave up their Saturday morning at this year's convention to exercise their evaluation ability by serving, voluntarily or begged, as judges of the entrants. Without their efforts it would not be a show but rather a display. As I looked out over the judging room as the evaluations progressed it was apparent that a new crop of judges needs to be encouraged and mentored by the current judges before we lose the benefits existing presently in their respective expertises.

It was therefore very rewarding to note the incredibly high number, in both classes attempted and AKA'ers attempting to certify, after judging was completed. I have been attending the conventions for a little over two decades and cannot remember (among other things I can no longer remember) such a strong turnout. It is now time to recognize our new judges based upon the certification attempts at the convention. Please feel free to offer your own congratulatory messages to these new judges who are now guaranteed full employment at no salary at future conventions and numerous shows. I encourage all those below to continue in their current journey to reach 'Senior All' status.

Our newest judges and their current respective statuses.

Keith Cook - Senior All
Tony Pinto - Classes 2, 5, 7, 9, 11
Kurt Zahringer - Class 4
Eric Beyer - Classes 5, 7, 10
Chris Weatherford - Classes 6, 7
David Mikkelsen - Classes 2, 4, 7, 13
Peter Marceau - Class 9

Second, a revised Judges' List will be issued later this summer.

Third, with all the nomenclatural changes a revision of the AKA Killfish Judging Program Class Lists document is being reviewed and revised.

At finally, I am going to attempt to attend several local shows later this year in order to participate as an attendee, a speaker and/or to drum up support for the AKA Judging Program. If there is interest in attempting to certify at local shows please contact me to discuss my potential attendance or proctoring of the exams by designee in my absence should it not be one of those I am able to attend.

Again, thanks to all that helped to make the Convention a success and congratulations to our newest judges.

Help Jaka!

To all you killienuts out there that love JAKA and the beautiful group of killies known as the Kathetys group that includes the species

Aphyosemion elberti, A. exiguum, A. kekemense, A. dargei, A. bamilekorum and all their many location sub varieties, pay attention! Important things are happening!

Ten years ago I was the guest Editor on an issue of JAKA that was dedicated just to the Kathetys group. It was chock full of beautiful color photos of these fish and information on where they came from, how to keep them and how to breed them. It was well received and the AKA has sold out of the many extra copies it printed.

In the Ten years since that issue, many new collections have been done and some new exciting discoveries have been made which may well turn Kathetys on it's head. Last year, a group of experienced killie keepers got together at the convention and after talking it over, I decided to lead another effort to put out another special issue on the Kathety's group.

The group has authored some fine articles for the issue so far, but the reason I am appealing to the membership as a whole is I do not have enough articles to complete the issue at this time. I need articles from a fresh perspective. This is your chance to help the AKA and JAKA while being a part of something special!

Long time very respected Fish breeders like Jim Gasior, Gary Greenwood, & Ed Kray have contributed, newer members like David Snell have written really good articles and we have overseas contributions from Wolfgang Eberl and Mogens Juhl. You too can be part of this issue, which will be remembered for a long time for its beauty and its great articles!

I will help with editing or anything else a prospective author needs help with. You just need to pick a species or color location and let me know.

We are also look for really good images of the killies in this group as well.!!

Monty Lehmann

Texas Area Killifish Organization (TAKO) Show Planned

The Texas Affiliate club will be hosting their annual killie show on the weekend of July 13th-15th. The location has not been announced, but will be updated as soon as the information is available.

Classes:

1. New World Non-Annuals
2. Rivulus
3. New World Annuals
4. Nothobranchius
5. Fundulopanchax (Blue Gularis)
6. Fundulopanchax (ex. Paraphyosemion)
7. Fundulopanchax (Paraphyosemion)
8. Mesoaphyosemion (ex. Calliurum)
9. Mesoaphyosemion (Calliurum)
- 10 Chromahyosemion
11. Archiaphyosemion
12. Epiplatys

14. All Other African/Eurasian
 15. Matched Breeding Pairs
- Awards for 1st, 2nd & 3rd places as well as Bestin Show and Reserve Best in Show.

All mail-in entries are to be auctioned.

There is no entry fee for mail-ins. Carry-ins will be \$1.00 per pair up to 10 pairs. The auction split will be 60/40 in favor of the seller. Auction only fish, plants and supplies are welcome. (A limit of 5 bags per variety will be enforced. Mail-ins should arrive no later than Friday, July 13th.

Mail-is to be sent to:
Arthur J.J. Leutermann, Ph.D
724 Bison Drive
Houston, TX, 77079-4401

NorthEast Weekend Set for Oct. 19th-21st

ALBANY, NY - The annual regional mini-convention for the Eastern U.S. has been scheduled for Oct. 19th-21st in Albany, NY at the Ramada Inn Plaza.

This year **Upstate New York Killifish Association (UNYKA)** will be the host and plans are underway to bring in speakers and create all the events.

Once again there will be a Saturday Banquet along with a hospitality room both Friday and Saturday evenings. As is traditional, UNYKA will provide a keg of beer, but any other alcohol must be brought in or purchased at the bar.

There will be open box sales Saturday morning and speakers will begin after noon. We expect three seminars on Saturday and also a banquet speaker.

Check-in of show fish begins Friday at noon and continues until 10am Saturday. Judging will be at 11 am. There will be 7 classes this year. NEW is part of the AKA Killifish Exhibitor of the Year program, so make sure you send in some entries.

Sunday's auction will begin at about 10am so all the fish will be sold early enough for everyone to make their way home at a decent hour. Because of UNYKA's affiliation with the NorthEast Council, we expect to allow some non-killies into the auction this year, but there will be restrictions. We also allow hard goods.

Details of this year's NEW will begin to appear in the July Issue of the BNL

Coming Attractions ...

Nov. 3-4, 2012

Milwaukee, WI

32nd Annual Show & Auction

Held at the **RAMADA-Airport Hotel**

- .15 Classes**
- .Huge Auction**
- .Hospitality**
- .Box Sales**
- .Seminars:** Guest Speaker, Matt Bielski, will focus on a comparison of different types of lighting and how the new LED lighting can help you raise Killies.

SPECIAL DONATIONS – CASH SALE: Natives from Brian Perkins & Ken Normandin

40 Items: \$449.00

(NOTE: We recognize there are several entries which the purchase price was not listed. This was due to a computer problem, but all species were sold and the sale receipt has been kept. - 2012 Convention Organizing Committee)

The A.K.A. Fish & Egg Listing

A.K.A. Fish and Egg Listing Guidelines Fish and egg listings are due on the 25th of the month before publication by e-mail to: FEL@AKA.ORG, or mail to: Mathew Goo, 375 Halaki St, Honolulu, HI 96821-2101.

Postage must be added to all orders. Use the shipping rates described in the seller's listing, or contact the seller in advance to agree on the amount of postage to include with your order.

Ads are limited to killifish, killifish eggs, spawning media, plants, food cultures and killifish-related items. All fish are sold by pairs and all eggs are sold per dozen (12), unless otherwise noted. Week's spawn (WS) means an undetermined number of eggs laid usually into peat over a period of at least one week. Please return boxes promptly unless noted. Live Delivery is GUARANTEED during the months of April through October. Genus and species in italics conform with KMI 4 (or descriptions published thereafter), and may have been edited to standardize these listings.

The use of the BNL F&E Listings is restricted to members only. Adherence to the COE is mandatory. The COE can be found in the Roster and on the AKA Website.

Last minute additions, corrections or changes to any F&E List may now be sent to aka-bnl@killienutz.com by midnight the last day of the preceding month (ie: Jan. 31 for February 2012 issue).
