

MANAGE ACCESS, SHOWINGS, FEEDBACK, AND YOUR SCHEDULE

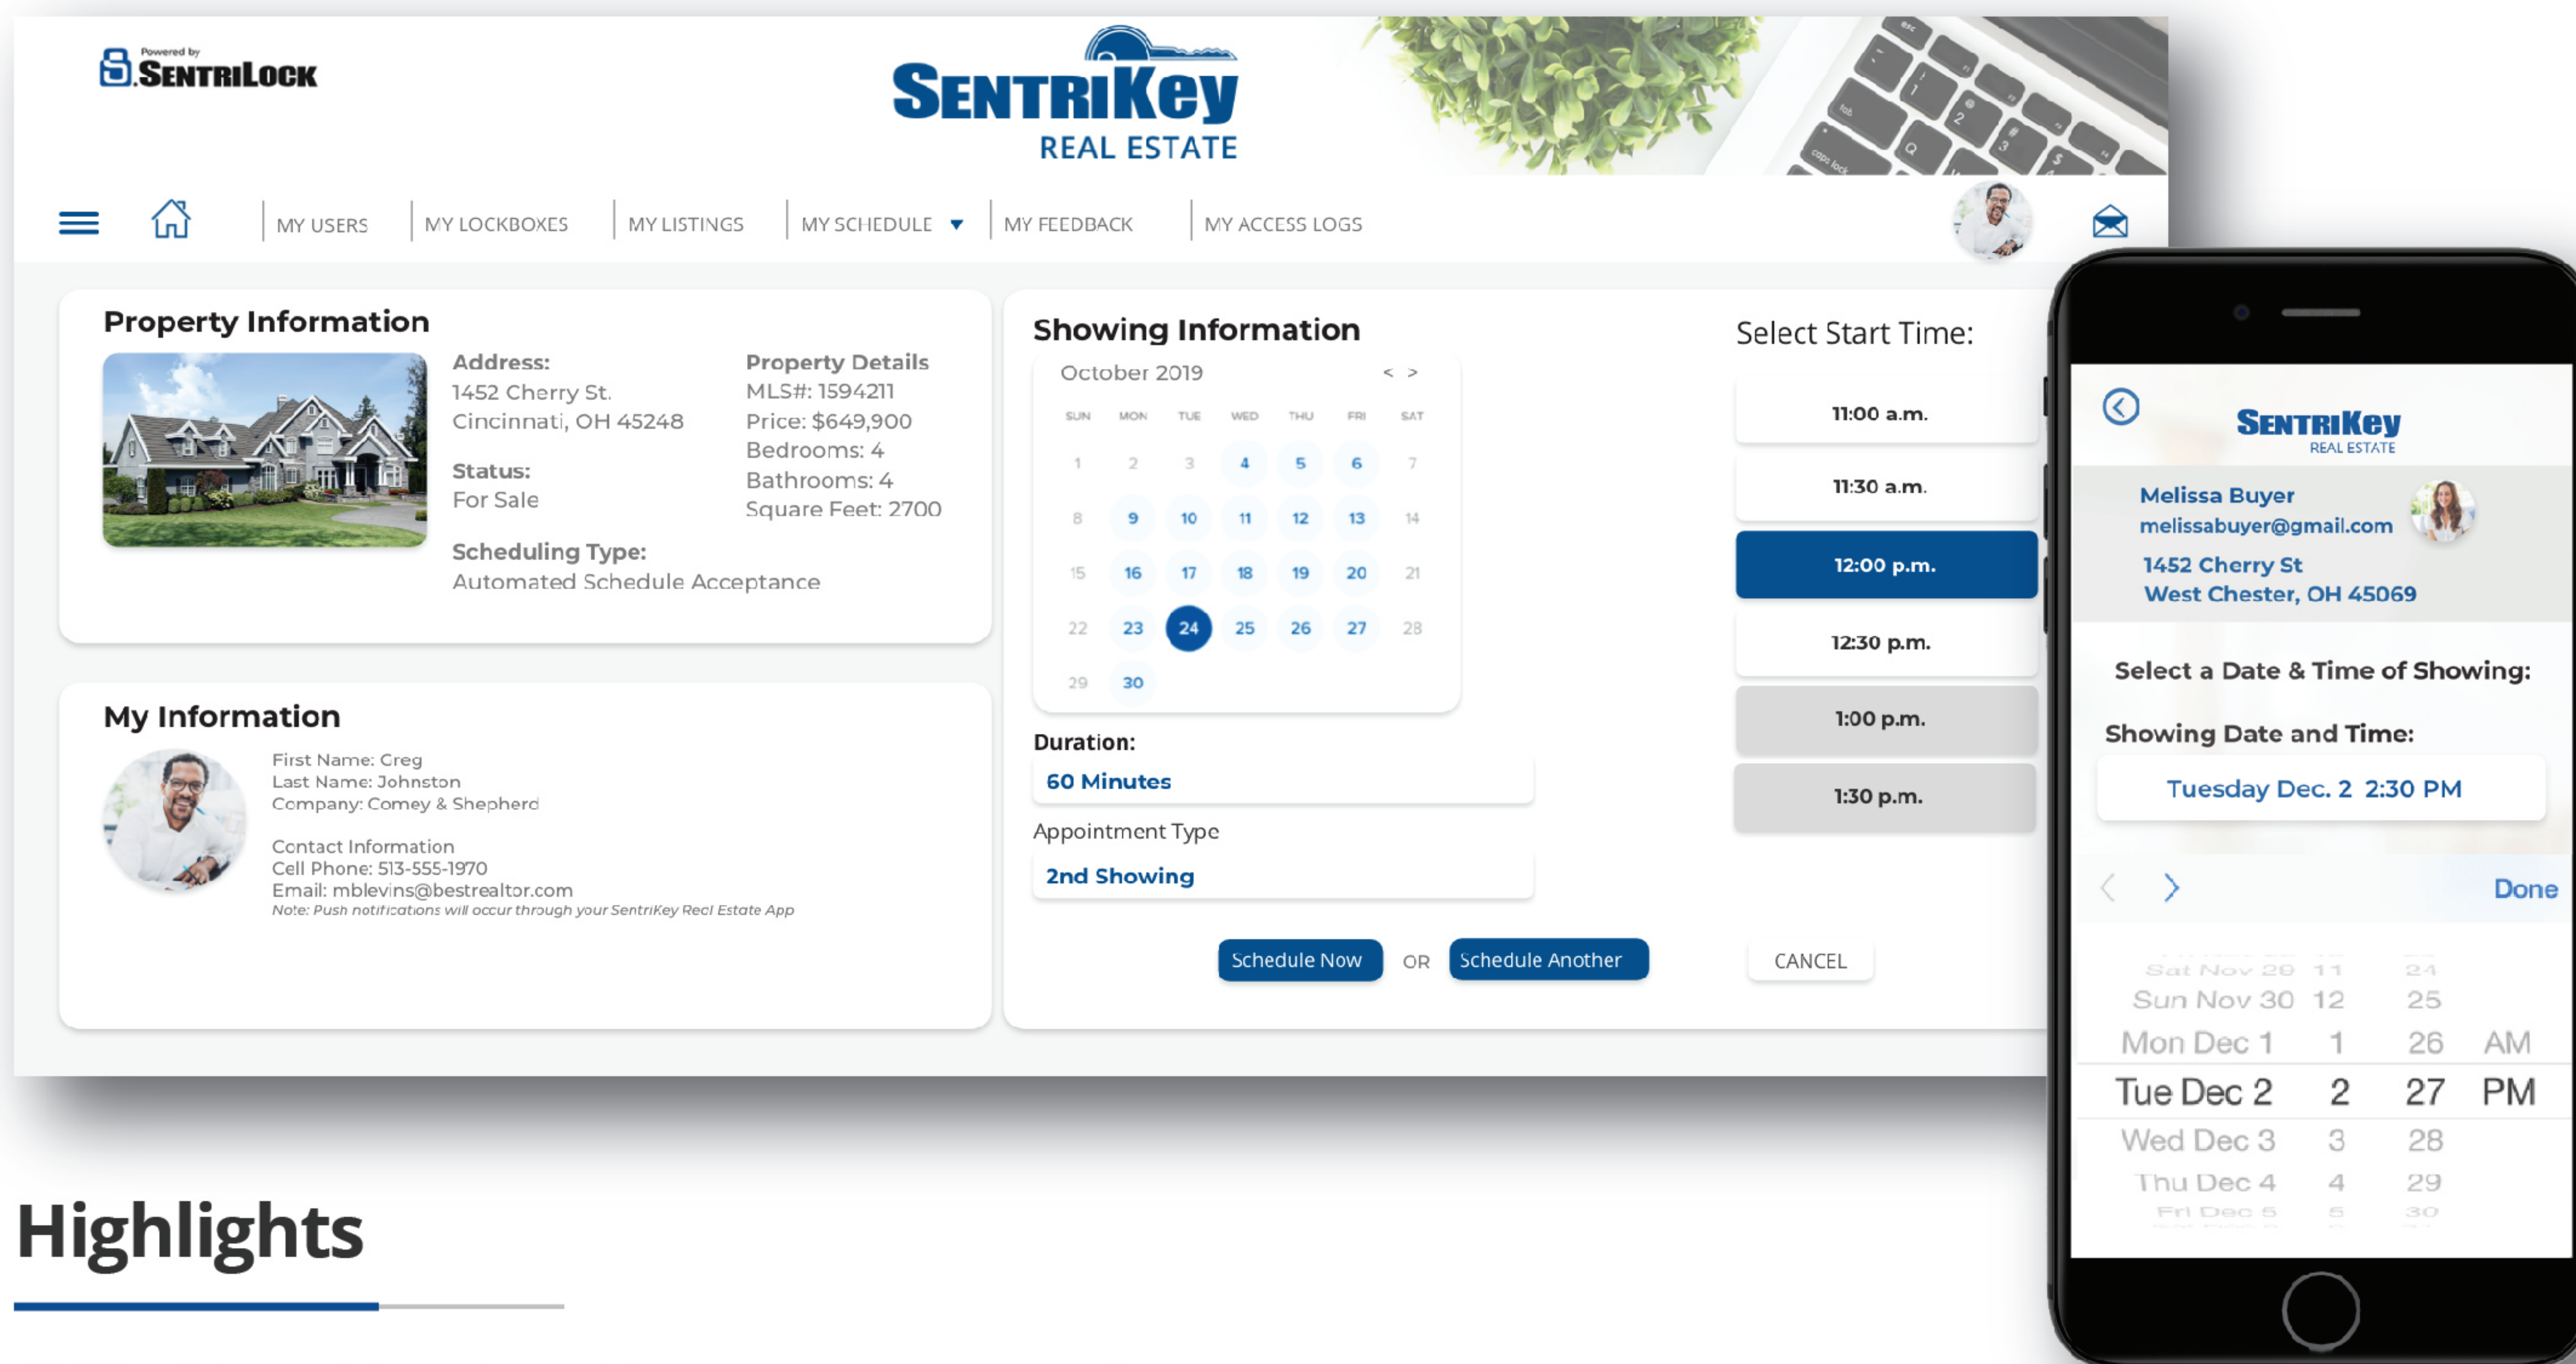

all in one convenient place.

Comprehensive Scheduling Services

In 2020, SentiLock will add comprehensive scheduling services as an optional feature in the SentiKey™ Real Estate app.

The same SentiKey Real Estate app that you use to open your lockbox and manage access to a listing will soon have an option to help you schedule showings, review the marketplace, suggest listings to your clients, and a lot more.

It's a game changer – putting all the information you need to manage listings and client requests for showings in one convenient place!

The screenshot displays the SentiKey Real Estate app interface. The top navigation bar includes 'MY USERS', 'MY LOCKBOXES', 'MY LISTINGS', 'MY SCHEDULE', 'MY FEEDBACK', and 'MY ACCESS LOGS'. The main content area is divided into three sections: 'Property Information' (address: 1452 Cherry St, Cincinnati, OH 45248; price: \$649,900; 4 bedrooms, 4 bathrooms, 2700 sq ft), 'My Information' (agent: Greg Johnston, Company: Comey & Shepherd), and 'Showing Information' (calendar for October 2019, duration: 60 minutes, appointment type: 2nd Showing). A 'Select Start Time' dropdown menu is visible, with options from 11:00 a.m. to 1:30 p.m. A mobile phone on the right shows the app interface with a 'Select a Date & Time of Showing' screen, displaying a calendar for December 2019 and a selected time of 2:30 PM on Tuesday, Dec 2.

Highlights

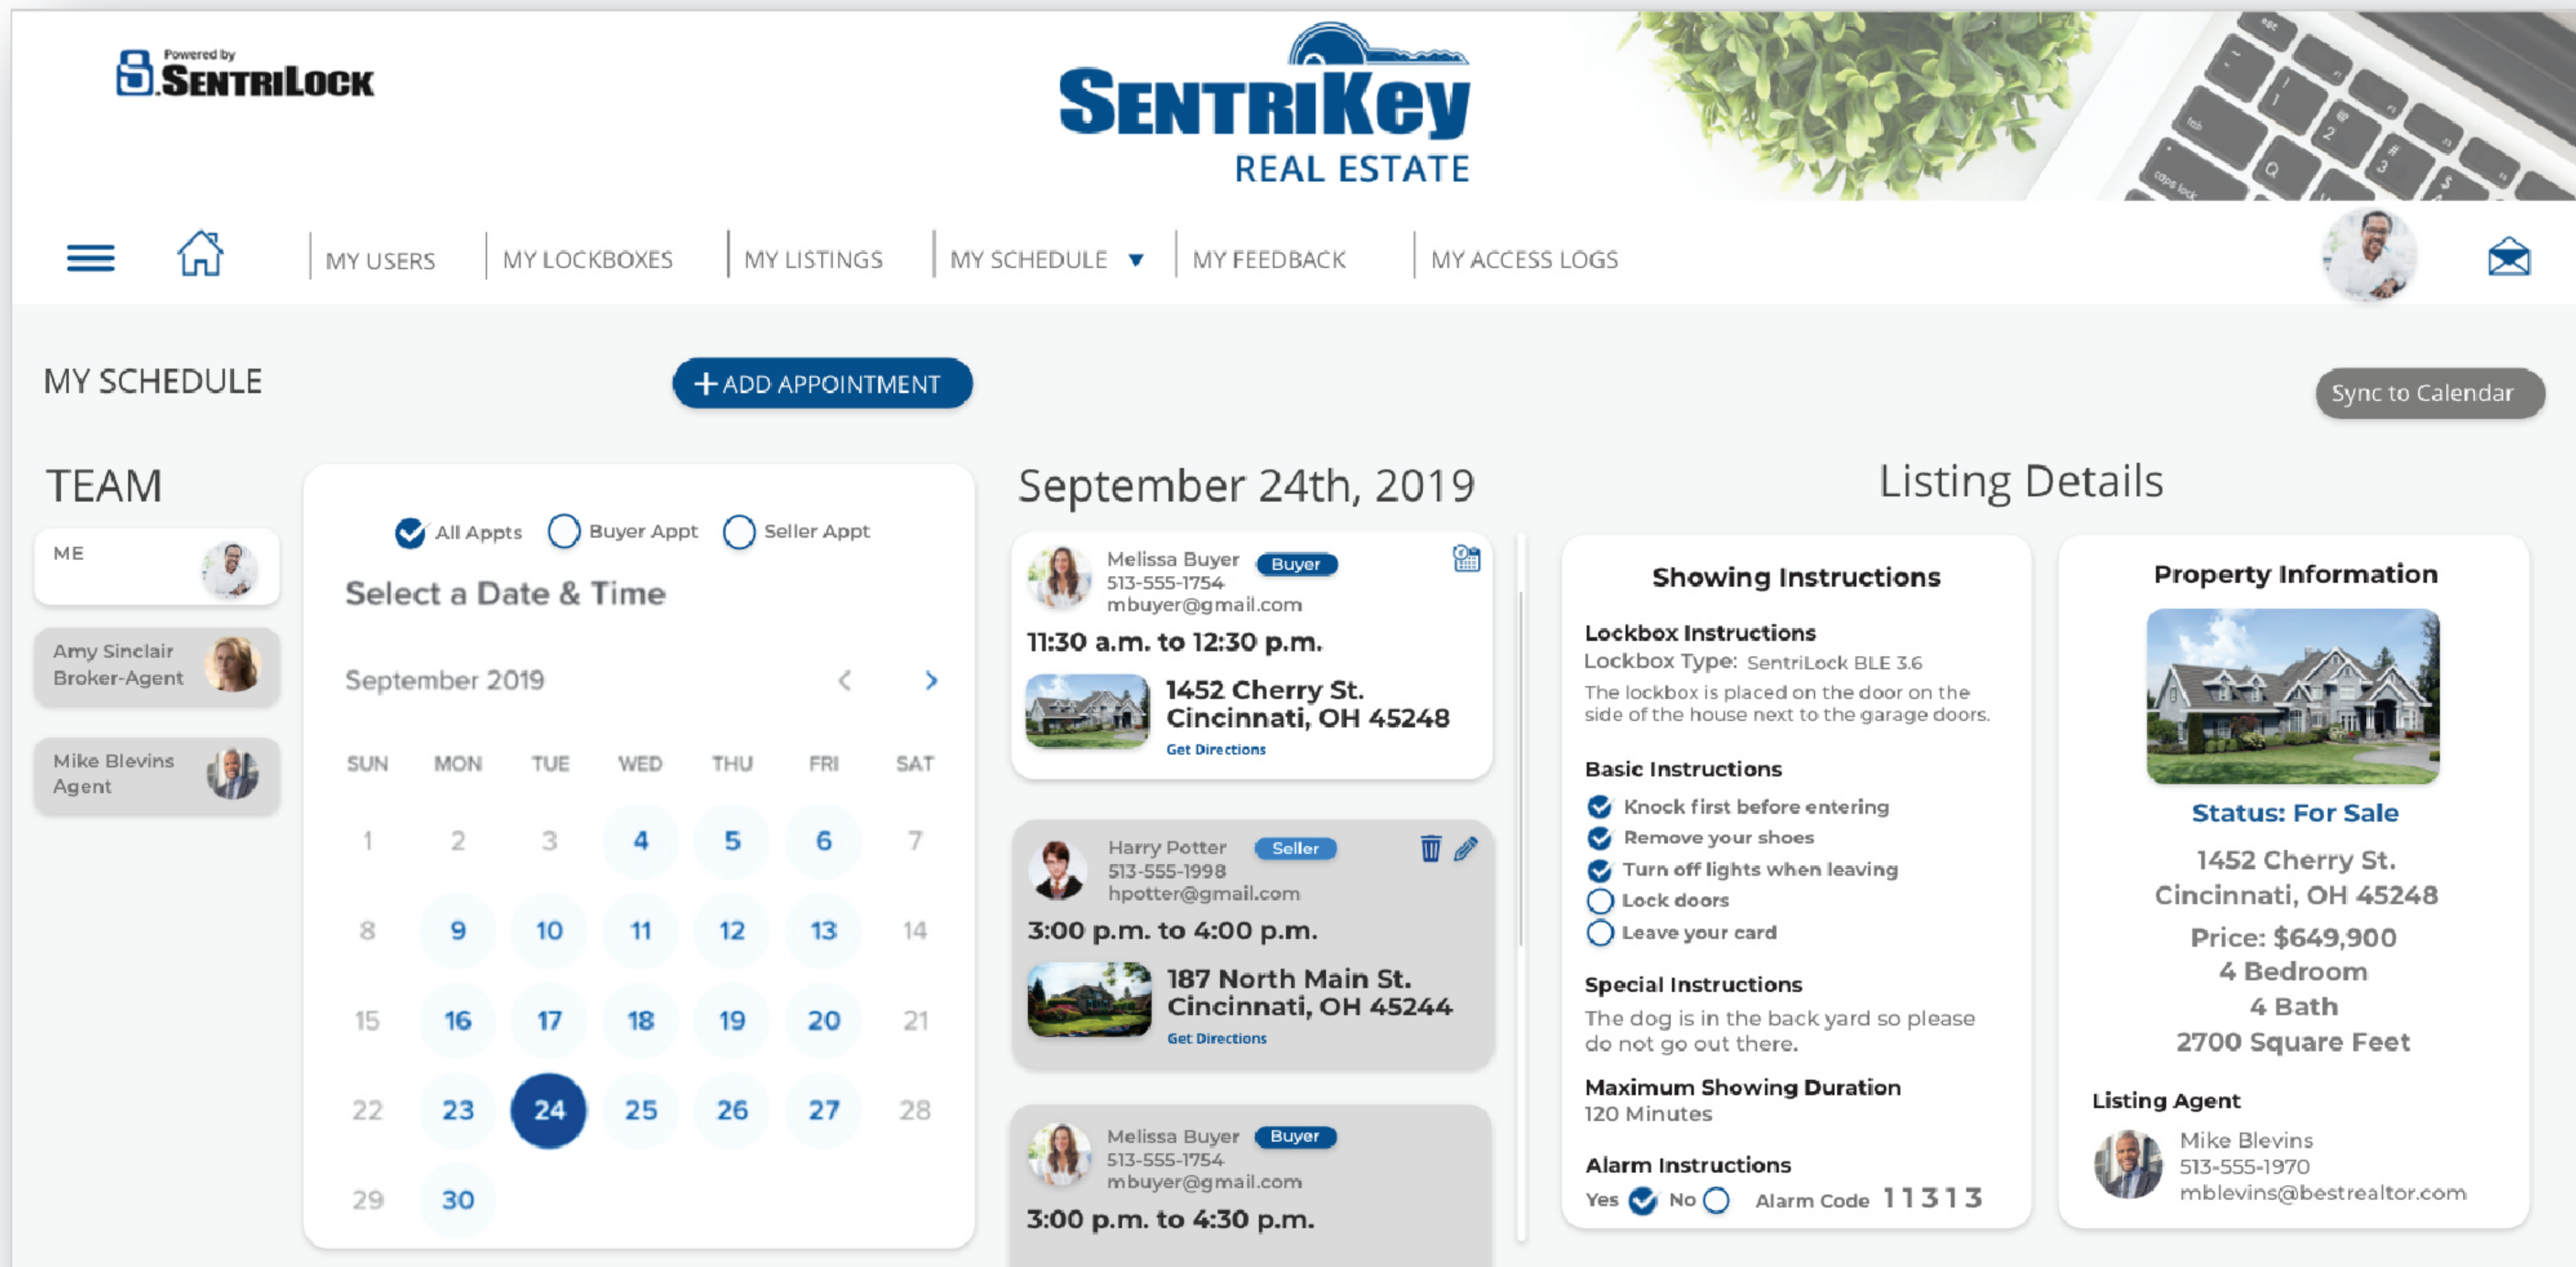

With this paid optional feature, you can enjoy:

- Comprehensive scheduling services, quickly at hand
- One place for lockbox access, scheduling, and market/property information
- Easy communication with clients about available properties
- Seamless end-of-showing notifications with requests for feedback
- A totally integrated listing management solution
