

SEGNALAZIONI BIBLIOGRAFICHE

Continuiamo la segnalazione di lavori apparsi su riviste italiane e straniere che trattino di molluschi mediterranei, di molluschi terrestri, acquadulcicoli o di molluschi fossili dell'area italiana. Ad ogni segnalazione viene aggiunta una sintesi del riassunto riportato dagli Autori, ricordando che non viene fatta alcuna valutazione critica e che pertanto la responsabilit  del contenuto degli articoli rimane degli Autori.

Molluschi marini

ANTONJ M., 2002. Illustrazione di *Osilinus turbinatus* L., 1758. La Conchiglia, 34(302): 57.
Illustrato un es. teratologico raccolto a Tarquinia.

BALENA G., CAMPANI E., COPPINI M. & MARGELLI A., 2002. Segnalazione dell'immigrante *Theora (Endopleura) lubrica* Gould, 1861 (Semelidae) con osservazioni sui rappresentanti Mediterranei della famiglia. La Conchiglia, 34(302): 11-20.

Segnalata la presenza sui fondi fangosi del Porto di Livorno di una popolazione di *T.lubrica*. Si discute la fam.Semelidae che in Mediterraneo comprende 9 specie: *Abra alba*, *A.longicallus*, *A.nitida*, *A.prismatica*, *A.segmentum*, *A.tenuis*, *Ervilia castanea*, *Semele striata* e *Theora lubrica*.

BECKMANN K.-H., 2001. A bibliographic addition to the complete works of Tommaso di Maria Marchese di Monterosato (1841-1927). Schr.Malakozool., 17: 44.

In un lavoro di Cecconi (1908) sulla fauna delle isole Tremiti viene attribuita a Monterosato la parte relativa ai molluschi, in cui viene descritto il gen. *Gibbularia* (Clausiliidae).

CEVIKER D., 2002. Nuovo ritrovamento di *Mya arenaria* Linne', 1758 per il Mar di Marmara. La Conchiglia, 34(302): 34-35.

Esemplari vivi di *Mya arenaria* sono stati raccolti lungo la costa di Flora (Istanbul).

LIPPARINI G., NEGRA O., Museo Tridentino di Scienze Naturali, 2002. Accentuato polimorfismo di recente comparsa in una popolazione di *Erosaria spurca* (Linne', 1758) lungo un tratto di costa siciliana. La Conchiglia, 34(302): 23-31.

Analisi di aspetti morfologici e biometrici di una popolazione (> 650 es.) di *E.spurca* di Panarea.

MAZZOTTI C., AGAMENNONE F. & TISSELLI M., 2002. Prima segnalazione di *Chrysallida fischeri* (Hornung & Mermod, 1925) per il Mar Adriatico. La Conchiglia, 34(302): 41-42.

4 es. di *C.fischeri* sono stati raccolti lungo il litorale sud di Pescara.

PENAS A. & ROLAN E., 2002. La superfamilia Pyramidelloidea Gray, 1840 en Africa Occidental. 10. Addenda 2. Iberus, 20(1): 1-54.

Vengono fornite informazioni aggiuntive su diverse specie di Pyramidellidae, molte delle quali viventi anche in Mediterraneo. 11 specie sono descritte come nuove.

VAN AARTSEN J.J., 2002. Immigranti indopacifici nel Mediterraneo. 1. *Gibborissoa virgata* (Philippi, 1849). La Conchiglia, 34(303): 56-58.

G.mirabilis Hornung & Mermod, 1926 e' un immigrante indopacifico noto anche come *Alaba punctostriata* Gould, 1861, il quale dovrebbe essere chiamato *G.virgata*.

Molluschi fossili

CEREGATO A. & TABANELLI C., 2001. *Kelliella ruggierii*, a new deep-sea bivalve from the Mediterranean Pliocene. Boll.Soc.Paleont.Ital., 40 (3): 339-343. /// Gli Autori descrivono una nuova specie

di *Kelliella* del Pliocene del Bacino padano. In base alle faune associate la nuova specie risulterebbe esclusiva delle facies fangose più profonde del Pliocene padano.

CHIRLI C. & BOGI C., 2002. La malacofauna di Poggio alla Fame presso Colle Val d'Elsa (Siena). Contributo I. La Conchiglia, 34(303): 18-22. /// Descritti ed illustrati 10 micromolluschi provenienti dal giacimento pliocenico di Poggio alla Fame: *Dikoleps marinae*, *Parastrophia asturiana*, *Rotellorbis benvisti*, *Ersilia mediterranea*, *Aclis penetrans*, *A.prooscaris*, *Graphis albida*, *Ebala nitidissima*, *E.striatula*, *Tomura depressa*.

CIANGHEROTTI a. & ESU D., 2000. Paleoecologic and biochronologic meaning of the Early Pleistocene molluscan fauna from the Anghiari basin (Tiber River Upper Valley, Central Italy). Boll.Soc.Paleont.Ital., 39(2): 217-224. /// Lo studio delle malacofaune dei depositi pleistocenici del bacino di Anghiari ha permesso agli Autori di ricavare dati paleoecologici e biocronologici. Sono state individuate sette associazioni nelle quali i taxa terrestri sono prevalenti.

COPPA M.G., DE CASTRO P., MARINO M., ROSSO A. & SANFILIPPO R., 2001. The Pleistocene with *Aequipecten opercularis* (Linneo) of "Campo di Mare" (Brindisi, Italy). Boll.Soc. Paleont.Ital., 40(3): 405-429. /// Gli Autori studiano dal punto di vista biostratigrafico le associazioni bentoniche della successione di Campo di Mare affiorante lungo una falesia.

DAVOLI F., 2000. I gasteropodi mitriformi del Tortoniano di Montegibbio (Subappennino modenese). Boll.Soc.Paleont.Ital., 39(2):165-215. /// L'Autore descrive ed illustra 38 taxa di gasteropodi mitriformi del Miocene superiore riesaminandoli dal punto di vista sistematico.

DELLA BELLA G. & SCARPONI D., 2000. Una nuova specie di *Alvania* (Rissoidae) nel Pliocene del Mediterraneo. Giornale di Geologia, (3)62: 63-68. /// Descritta la nuova sp. *Alvania fredianii*, rinvenuta in un affioramento del Pliocene di Montaione (Firenze).

GALLO L.M. & BARONCELLI M.A., 2001. Note geologiche sui dintorni di Nizza Monferrato e Canelli. IV. Il Pliocene e il Pleistocene. Quaderni dell'Erca, 8(16): 15-64.

MANGANELLI G. & GIUSTI F., 2000. The gastrocoptids of the Fossil Forest of Dunarobba (Central Italy) and a preliminary revision of the European Tertiary nominal species of *Albinula* and *Vertigopsis* (Gastropoda Pulmonata:Gastrocoptidae). Boll.Soc.Paleont.Ital., 39(1): 55-82. /// Gli Autori studiano due specie di Gasteropodi Pulmonati appartenenti alla malacofauna dei sedimenti del Pliocene medio-superiore incrostanti i tronchi della Foresta Fossile di Dunarobba (Perugia). La famiglia Gastrocoptidae, a cui appartengono le due specie, non era mai stata riportata per l'Italia appenninica.

MANGANELLI G. & GIUSTI F., 2000. *Drepanostoma helenae*, a new helicodontinae land snail from the Lower Pliocene of Balze di Caspreno near Siena (central Italy) and a discussion on the status of *Protodrepanostoma* Germain, 1929 (Gastropoda, Pulmonata: Hygromiidae). Boll.Soc.Paleont.Ital., 39(3): 351-358. /// Viene istituita una nuova specie per il Pliocene inferiore continentale e discussa la posizione sistematica del genere *Protodrepanostoma* e delle specie ad esso attribuite.

MERLINO B. & CAMPANINO F., 2001. Supplemento al "Catalogo dei tipi e degli esemplari figurati della collezione Bellardi e Sacco" – Parte I e II (Cephalopoda, Gastropoda, Amphineura, Scaphopoda) Aggiunte e Variazioni. Boll.Mus.reg.Sci.nat.Torino, 19(1):5-71.

TAVIANI M., 2001. Fluid venting and associated processes. In: Vai & Martini (eds), Anatomy of an Orogen: The Apennines and Adjacent Mediterranean Basins. Kluwer Academic Publishers: 351-366.

Molluschi terrestri / acquadulcicoli

MORENO-RUEDA G., 2002. Selección de l'habitat por *Iberus gualterianus*, *Rumina decollata* y *Sphincterochila candidissima* en una Sierra del sureste español. Iberus, 20(1): 55-62.

Analizzate le preferenze ecologiche di queste tre specie, le piu' comuni nella Sierra Elvira, in relazione a umidita' e tipo di suolo.

Malakológiai Tájékoztató 20: 2002 (Malacological Newsletter)

Pubblicata dalla Sezione di Scienze Naturali del MÁTRA MUSEUM – Gyöngyös – UNGHERIA

FEHÉR Z. In memoriam Pinté Lászl Á (*in ungherese*).....pag. 5

KROLOPP E. & SÜMEGI P The mollusc fauna of the Ságvár loess profile (*in ungherese*).....pag. 7

ÚJVÁRI G. Malacological examination of Pleistocene sequences of the Monyoród brickyard (*in ungherese*).....pag. 15

ÚJVÁRI G. The mollusk fauna of the loess-paleosol sequence of the outcrop from Bácsfapuszta (*in ungherese*).....pag. 25

DOMOKOS T. The changes of the existence of *Cochlodina laminata* closed by climate based upon observation in Békéscsaba (Békés county) (*in ungherese*).....pag. 35

DELI T. Data on the land snail fauna of the Aggtelek National Park (*in inglese*).....pag. 47

PROSCHWITZ T.von- HORNUNG E. A new record of <i>Vertigo substriata</i> (Jeffreys, 1833) in Hungary (<i>in inglese</i>).....	pag. 59
BÁBA K. Mollusc fauna of the <i>Agrosti-Casicetum distantis</i> (Rapaics 1927) Soó 1957 plant association (Great Hungarian Plain) (<i>in ungherese</i>).....	pag. 63
BÁBA K. The fauna of salt-oak forest (<i>Festuco pseudovinae-Quercetum roburis</i> Máthé, Soó 1962) (<i>in inglese</i>).....	pag. 69
BÁBA K. Distribution of gastropoda character species in some vegetation succession lines of the Great Hungarian Plain (<i>in inglese</i>).....	pag. 75
DE SMITH M. & BÁBA K. New data to the marine malacofauna from Euboea Island (Greece) (<i>in inglese</i>).....	pag. 83
HLAVÁ, J. Č. Molluscan fauna of the Javořický Karst (Czech Republic, central Moravia) (<i>in inglese</i>).....	pag. 93
VARGA A. & UHERKOVICS Á. Malacological studies (Mollusca) in the Gemenc Landscape Protection area of the Duna-Dráva National Park, South Hungary (<i>in ungherese</i>)...	pag.107
DELI T., TUKARCS V. & SÓLYMOS P. Malacofaunistical investigation of the Esztramos Hill (NE Hungary) (<i>in inglese</i>).....	pag.143

MITTEILUNGEN DER DEUTSCHEN MALAKOZOOLOGISCHEN GESELLSCHAFT Heft 68, Frankfurt
Am Main 2002

FRANK C. In memoriam FRITZ SEIDL (17.8.1936-8.7.2001) (<i>in tedesco</i>).....	pag. 1
KÖRNIG G. Seltene Pisidienarten in Sachsen-Anhalt (<i>in tedesco</i>).....	pag. 9
KIRCH R. Zwei neue Funde von <i>Arion hortensis</i> A. Férrussac, 1819 in Nordrhein-Westfalen (Gastropoda: Arionidae) (<i>in tedesco</i>).....	pag. 15
KAPPES H. Mollusken (Mollusca: Gastropoda et Bivalvia) der NSG "Reihenkrater Mosenberg" und "Horngraben und Kleine Kyll" bei Bettenfeld (Kreis bernkastel-Wittlich, Eifel) (<i>in tedesco</i>).....	pag. 23
NORDSIECK H. & NEUBERT E. How to determine clausiliid species, I: Widespread species of <i>Clausilia</i> Draparnaud (Gastropoda: Stylommatophora: Clausiliidae) (<i>in inglese</i>).....	pag. 31
NORDSIECK H. The subspecies classification of <i>Clausilia dubia</i> Draparnaud (Gastropoda: Stylommatophora: Clausiliidae), a critical revision (<i>in inglese</i>).....	pag. 37
HARTENAUER J.H. Deutsche Namen für einheimische Schnecken und Muscheln-Hinweis auf eine Diskussionsmöglichkeit im Internet (<i>in tedesco</i>).....	pag. 49

NOVAPEX Vol. 3 (2-3) 2002 10 Juillet Trimestriel de la Société Belge de Malacologie
Articles originaux: *tutti gli articoli sono in inglese*

SIMONE L.R.L. Three new deepwater species of Eulimidae (Caenogastropoda) from Brazil....	pag. 55
VILVENS C. Description of <i>Zetela alphonsi</i> n.sp.(Gastropoda: Trochidae: Solariellinae) from Chile.....	pag. 61
WAKEFIELD A., BOYER F. & MC CLEERY T. Review of the genus <i>Pachybatron</i> Gaskoin, 1853 (Gastropoda: Cytiscidae).....	pag. 65
KREIPL K., ALF A. A new species of <i>Galeodea</i> Link, 1807 (Mollusca: Gastropoda: Cassidae) from the Philippine Islands.....	pag. 83
BOYER F. Description of five marginellids from bathyal levels of southern New Caledonia....	pag. 87

Vie de la Société: *tutti gli articoli sono in francese*

DELONGUEVILLE C. et SCAILLET R. Bivalves et Crustacés. illustrations d'une association..	pag. 51
SENDERS R. et J. Madagascar II.....	pag. 56
VILVENS C. Des mollusques dans les bandes dessinées.....	pag. 65

NOVAPEX Vol. 3 (4) 2002 10 Novembre Trimestriel de la Société Belge de Malacologie
Articles originaux: *tutti gli articoli sono in inglese*

HOUART R. Comments on a group of small <i>Morula</i> s.s. species (Gastropoda: Muricidae: Rapaninae) from the Indo-West Pacific with the description of two new species.....	pag. 97
WAKEFIELD A. & MC CLEERY T. A review of the genus <i>Serrata</i> Jousseaume, 1875 (Gastropoda: Marginellidae) from French Polynesia.....	pag.119

VILVENS C. Description of <i>Lishkeia mahajangaensis</i> n.sp. (Gastropoda: Trochidae: Eucyclinae: Calliotropini) from East Madagascar	pag.127
BAIL P. Two new species of <i>Lyria</i> (Gastropoda: Volutidae) from New Caledonian waters.....	pag.133
HOUART R. Description of a new muricopsine species(Gastropoda:Muricidae) from Martinique, Lesser Antilles.....	pag.139
<i>Vie de la Société: tutti gli articoli sono in francese</i>	
MASSON J. et R. Pêches en Vendée et en Afrique du Sud.....	pag. 95
VATEL G. Une récolte facile (in Nuova Caledonia).....	pag.103
MEULEMAN E. Excursion de la Société Belge de Malacologie le samedi (juin 2002 dans la région de Mons.....	pag.109

OF SEA AND SHORE Vol. 24, No. 4 , 25 May 2002 - Tom RICE Editor - Port Gamble WASHINGTON

tutti i lavori sono in inglese

SHARY ALMASI E. A Tuamotu Diary.....	pag.197
OWEN B. The Lord Howe Island Abalone.....	pag.204
RICE T. Introducing Buzz Owen.....	pag.204
INCHAUSTEGUI J. Where are my Slippers?.....	pag.208
LEIGHTON & OWEN B. Nonconformist Abalones Form a Second Row of Holes.....	pag.214
LEE H.G. A Medical perspective.....	pag.216
SCHWABE E. A new subspecies of the genus <i>Parachiton</i> Thiele, 1909 from the Indian Ocean.....	pag.220
Recently Described Shelled Marine Mollusks.....	pag.224
PANHA S., TONGKERD S., SUTCHART C. & BURCH J.B. Micro Land Snails of Thailand.....	pag.231
KROMMENNHOEK W. Faceting in the cockle	pag.239
THACH N.N. On the Bivalves of Vietnam.....	pag.240
SMITH D.G. & MANGIACOPRA G. The Deep Sea Mystery Squid with Dumbo Ears: A new species of Giant Cephalopod.....	pag.249
BERRYMAN H. Xenophoridae and their Three Sell Forms.....	pag.252
PATAMAKANTHIN J. fotografie di <i>Cypraea leucodon</i> Broderip, 1828 e <i>Cypraea leucodon tenuidon</i> Lorenz.	pag.262

OF SEA AND SHORE Vol. 25, No. 1 , 15 September 2002 - Tom RICE Editor - Port Gamble WASHINGTON

tutti i lavori sono in inglese

Proceedings of the 11th Congress & Workshop:

PART 1.

ECOLOGY, ACQUACULTURE and ENVIRONMENT

WELLS F.E., CHALERMWAT, et al. Population characteristics and feeding of the snail <i>Chicoreus capucinus</i> at Ang-Sila, Chonburi Province, Thailand.....	pag. 31
NEO G.W.K. CHOU et al. Observations on the feeding habits of <i>Gyrineum natator</i> (Gastropoda: Tonnoidea: Ranellidae) in Singapore.....	pag. 41

LIPTON A.P. & Selvakku M. Tagging and recapture experiments in the Indian sacred chank, <i>Turbinella pyrum</i> along the Gulf of Mannar and Palk Bay, India.....	pag. 51
RAMASAMY M.S. & MURUGAN A. Development of fouling organisms on pearl oyster <i>Pinctada fucata</i> during a period of 2 months.....	pag. 57
BIJU K.A. Foulers, borers, and parasites associated with <i>Crassostrea madrasensis</i> (Preston) cultured in Ashtamudi Lake, Kerala, India.....	pag. 59
SOEKENDARSI E. & PAONGANAN Y. Algal abundance relative to water depth at Baki Island, Indonesia.....	pag. 67
BIN ANDY O.S., RANI C. et al. Gastropod communities in seagrass beds at Barrang Lompo Isl., South Sulawesi.....	pag. 71
RAMESH R. & PATTERSON EDWARD J.K. Parasitic trematode larvae in the turbinid gastropod <i>Turbo brunneus</i> (Röding, 1798) from Tuticorin, India.....	pag. 79
SOEKENDARSI E. Sex ratio, length-width and weight relationships of the silver-mouth turban <i>Turbo argyrostoma</i> Linné, 1758, Indonesia.....	pag. 85
PAONGANAN Y., WINANTO T. et al. Biometrics of male and female top shell <i>Trochus niloticus</i> Linné.....	pag. 87
PAONGANAN Y. WINANTO T. et al. Size distribution of male and female top shell <i>Trochus niloticus</i> Linné in relation to depth and substrate.....	pag. 89
NABHITABHATA J. ASAWANGKUNE P. et al. Tolerance of eggs and hatchlings of neritic cephalopods to salinity changes.....	pag. 91
LATAMA G., NIATININGSIH A. et al. Survival of giant clam larvae (<i>Tridacna squamosa</i>) fed zooxanthellae from three sources.....	pag. 101
TAUFIQ N.S., HARTATI R. et al. Effects of ecological variation in two estuaries on growth and survival of the clam <i>Meretrix</i> sp. northern Java.....	pag. 105
SAMUEL V.D. & PATTERSON J. Chemoreception in spider conch, <i>Lambis lambis</i> (Mollusca: Gastropoda).....	pag. 111
FERMIN A.C. & BUEN S.M.A. Photoperiod effects on feeding, food conversion, growth, and survival of abalone (<i>Haliotis asinina</i> Linné) during nursery rearing.....	pag. 113
KALIGIS G.J.F. Oxygen uptake of <i>Littorina littorea</i> (Gastropoda: Littorinidae) at different levels of oxygen tension and temperature.....	pag. 119
NGUYEN T.X.T., PHUC H.N. Salinity tolerance of larvae and adults of the gastropod <i>Babylonia areolata</i>	pag. 125
KUMAR S.S. & PATTERSON EDWARD J.K. Salinity tolerance of the volutid <i>Harpulina lapponica</i> (Neogastropoda).....	pag. 129
YULIANDA F. Sex determination and sexual organ systems of the babylon snail <i>Babylonia spirata</i> Linné.....	pag. 131
SOEKENDARSI E., DJAWAD M.I. et al. Growth rate of <i>Trochus niloticus</i> L. fed on four species of benthic marine macroalgae.....	pag. 135
ANDY OMAR S.B., DANAKUSUMAH E. et al. Incubation period and hatching rate of bigfin squid, <i>Sepioteutis lessoniana</i> , in 24 to 38% salinity.....	pag. 139
PRINGGENIES D., SASTRODIHARDJO S. et al. Bacterial symbionts in the luminous organ of squid, <i>Loligo duvauceli</i> , and cuttlefish <i>Sepia</i> sp.....	pag. 145
DANAKUSUMAH E. Effects of salinity on incubation time and hatching of spineless cuttlefish <i>Sepiella inermis</i> Linné.....	pag. 149
NUGRANAD J., PROMJINDA K. et al. Reproduction of the trumpet triton <i>Charonia tritonis</i> (Mollusca:Gastropoda) in captivity.....	pag. 153
HUA N.P., NGUYEN T.X.T. et al. Spawning characteristics of <i>Babylonia areolata</i> (Neogastropoda:Buccinidae).....	pag. 161
SETYOBUDIANDI I. Sex ratio and gonad development of green mussel, <i>Perna viridis</i> (Linné) in Jakarta Bay, Indonesia.....	pag. 167
HUSIN N.M., YASIN Z. et al. Shell morphology and culture of <i>Tridacna squamosa</i> larvae (Bivalvia:Tridacnidae).....	pag. 169
MOHAMMED N.A., YASIN A. Z. et al. Mating behaviour, embryonic and early larval development of three species of nudibranch, the South China Sea.....	pag. 173
GRANMO Å., HERNROTH B. et al. Marine bivalve farming – a sustainable food production.....	pag. 179

WINANTO T., SOEKENDARSI E. et al. Hatchery production of spat of pearl oyster <i>Pinctada maxima</i> (Jameson) in Indonesia.....	pag. 189
NGUYEN C., NGUYEN V.H. et al. Growth and survival of yellow-lipped pearl oyster <i>Pinctada maxima</i> in cage culture, Vietnam.....	pag.193
LE D.M. Reproductive characteristics of <i>Haliotis ovina</i> Gmelin, 1791 in South Central Vietnam.....	pag.197
LE D.M. Preliminary results on the artificial breeding of the abalone <i>Haliotis asinina</i> Linné, 1758 in Vietnam.....	pag. 203
MADRONES-LADJA J.A. & POLOHAN B.B. The effect of stocking density, temperature and light on the early larval survival of the abalone <i>Haliotis asinina</i> Linné.....	pag.207
LATAMA G., SUNUSI H. et al. Growth of <i>Tridacna squamosa</i> juvenile at three levels of somatropin hormone treatment.....	pag.211
JAYASEELI A.A., PREM ANAND T. et al. Antibacterial activity of four bivalves from Gulf of Mannar.....	pag.215
PATTERSON J. Canning of smoked brown mussel <i>Perna indica</i>	pag.219
SHANTINI C.F. & PATTERSON J. Smoke curing of <i>Pleuroploca trapezium</i> meat (Gastropoda:Fascioliidae).....	pag.221
PREM ANAND T. & PATTERSON EDWARD J.K. Screening for antibacterial activity in the opercula of gastropods.....	pag.225
WARDIATNO Y., AKTANI U. et al. Variability of mollusc assemblages in an area affected by a coastal power plant.....	pag.231
SETYOBUDIANDI I. Diversity of macrofauna associated with the green mussel <i>Perna viridis</i> (Linné) in rearing cages, Indonesia.....	pag.237
SAMUEL V.D. & PATTERSON J. Gastropods and bivalves exploited at Koswari Island, Gulf of Mannar, India.....	pag.241
HARTATI R., TAUFIQ N. Tolerance of the oyster <i>Saccostrea forskalli</i> to aerial exposure after exposure to lead.....	pag.243
NAGARAJAN D. Effect to endosulfan on the physiological activities of the estuarine bivalve <i>Meretrix casta</i>	pag.247

ABSTRACTS

BAUTISTA-TERUEL N.M. & FERMIN A.C. Diet evaluation for juvenile abalone, <i>Haliotis asinina</i> under different protein source.....	pag.251
BECH M. Tributyltin contamination as a result of a newly established marina at Phuket Island, Thailand....	pag.252
BONEKA F.B. Feeding period of <i>Littoraria scabra</i> (Littorinidae: Prosobranchia) on Bunaken Isl., Indonesia.....	pag.252
BOONPRAKOB R., ASAWANGKON P. Distribution and abundance of giant clam along the eastern coast of the Gulf of Thailand.....	pag.253
DEETA S. & PRONGSA S. Trace metals in <i>Anadara granosa</i> collected from the coastal zone of the Laem Pakbia project, Thailand.....	pag.254
FERMIN A.C., BUEN S.M. Compensatory growth response of tropical abalone, <i>Haliotis asinina</i> Linnaeus, 1758 to sequential feeding with formulated diet and seaweed (<i>Gracilariopsis bailinae</i>).....	pag.254
HARASEWYCH M.G. & KANTOR Y.I. On the morphology and taxonomic position of <i>Babylonia</i> (Neogastropoda: Buccinidae).....	pag.255
