## „ROMANE“ AUF BRIEFMARKEN?

Wohl nicht! Wir kennen durchaus Marken, auf deren Rückseite Katalognummern, Farb- und Typenbestimmungen handschriftlich oder gestempelt vermerkt sind. Und natürlich die Prüf- und Eigentumszeichen, die heutzutage glücklicherweise in aller Regel nicht mehr angebracht werden. Auch so manche Liebesbotschaft oder Nachricht wurde mithilfe der Marke, also unter der Marke, „versteckt“. Ob nun der Empfänger der Liebesbotschaft oder die Zensur – beide haben die Marke abgelöst, oder schlimmer, abgerissen. Aber davon rede ich nicht.

Es gab einen Sammler, dessen Beschriftungen auf der Rückseite von Marken dem Begriff Roman (der zweifellos etwas übertrieben ist) schon recht nahe kamen. Immerhin schrieb er auf viele seiner Marken nicht nur den Kaufpreis, den Ort wo er diese erworben hatte, um welche Type es sich handelte, wie er die Seltenheit einschätzte und oft noch Codierungen. Er konnte auf einem Stück Papier in der Größe der 50-Kopekenmarke der Romanow-Serie von Russland 1913 gut 40 Worte schreiben. Es handelt sich um den Juwelier des Zaren und Philatelist Agathon Karlovich Fabergé.

Agathon wurde 1876 geboren und war der Enkel des Firmengründers Gustav Fabergé. Er erhielt eine klassische Juwelierausbildung in der väterlichen Firma und wurde, was die Philatelie anbelangt, Schüler des deutsch-russischen Großphilatelisten Friedrich Breitfuß. Die von Fabergé aufgebauten Sammlungen/Bestände waren gigantisch. Nach seinen eigenen Worten besaß er 1500 Exemplare der Polen Nr.1, von denen 100 ungebraucht waren. Einmal soll er versucht haben, das Savoyerkreuz zu plattieren, weil er 120 Exemplare dieser Marke besaß. Fachleute schätzen außerdem, dass rund 80% des klassischen finnischen und russischen Materials früher oder später durch die Hände Fabergés gegangen ist.

Es ist schon viel in Fachartikeln und Büchern über Agathon geschrieben worden - über seine abenteuerliche Flucht nach Finnland, sein Ausstellungsobjekt auf der WIPA 1933 – überhaupt über sein bewegtes Leben.

Denken Sie daran, wenn Sie eine Briefmarke mit viel Text auf der Rückseite erwerben – es könnte durchaus eine von Agathon sein, auch wenn diese nicht ausdrücklich „ex Fabergé“ verkauft wird.

Bleibt mir noch, Ihnen viel Spaß beim Studium der Kataloge und Erfolg beim Bieten zu wünschen.

Herzlichst  
Ihr

Christoph Gärtner

### *Argentinien 1866: „Rotes Duo“*

Seit 2010 besitzt „Die Linke“ eine Doppelspitze, wird also von einem „Roten Duo“ geleitet. Ein gleichfalls „Rotes Duo“ steht auch seit 2019 an der Spitze der SPD. Die Briefmarken des 19. Jahrhunderts waren hingegen in ihren Farben noch ganz unpolitisch, besaßen aber häufig eine rote Farbe wie z.B. die niedrigsten Wertstufen der Markenausgaben Argentiniens zu 5 Centavos. Nach 2 unterschiedlichen Freimarkentrios von sog. Wappenausgaben erschienen 1864 Argentiniens erste Briefmarken, die einer historischen Persönlichkeit gewidmet waren und deren Büste zeigten. Dabei handelte es sich um Bernardino Rivadavia (20.5.1780-2.9.1845), der 1821-1824 Außenminister und 1826/27 Präsident des damals noch jungen Staates war, bevor er zurücktreten und ins spanische Exil gehen musste. Insgesamt wurden 10 „Rivadavias“ in 4 Druckauflagen verausgabt, von denen wir ein waagrechtes Paar der 5 C karmin der 2. Druckauflage auf nachstehendem Faltbrief aus dem Jahre 1866 und somit als „Rotes Duo“ zeigen:

Der prachtvoll erhaltene Geschäftsbrief bildet mit seiner graublauen Papierfarbe einen schönen Farbkontrast zu den beiden extrem farbfrischen Rivadavia-Marken, die die ausgabentypische unvollkommene Zähnung aufweisen.

Es waren die ersten Marken des Landes, die nicht mehr mit der Schere geschnitten werden mussten, sondern –wenn auch eher versuchshalber– perforiert waren. Beide Marken sind sehr sauber mit dem kleinen blauen Ovalstempel von „Concordia“ entwertet. Concordia, die Stadt der Eintracht, liegt 430 km nördlich von Buenos Aires auf der argentinischen Uferseite des Rio Uruguay genau gegenüber der uruguayischen Stadt Salto, denn der Fluss bildet hier die Staatsgrenze. Der am 13.12.1866 geschriebene Brief ist an einen Geschäftsmann namens Benites in die Landeshauptstadt Buenos Aires (hier noch als „Ayres“ geschrieben) gerichtet. Einen direkten Bezug zu Uruguay zeigt der Beförderungsweg, denn der Absender bestimmte per Leitvermerk, dass der Brief mit dem Flussdampfer „Villa del Salto“ befördert werden sollte. Kurz vorher hatte es in der Region im sog. Uruguaykrieg von 1864/65 noch Kämpfe gegeben, und ein gleichnamiger Dampfer, der Truppen beförderte, war auf Grund gelaufen und in Brand gesetzt worden. Unser Brief nahm aber ungestört seinen ruhigen Weg flussabwärts zum La Plata und erreichte Señor Benites gemäß dessen handschriftlichem Empfangsvermerk 2 Tage nach Aufgabe am 15.12.1866.

Ich habe von Bord der Hülke  
2 zusammengelebte alle Personen  
noch requiriert, da die in Montevideo  
bei 'Wend & Wille' gekauft sind nicht  
an Bord gekommen sind muss in Ver-  
sehen, und wir nicht gerufen werden  
wollten. Ich habe darüber auch an  
die Firma 'Wend & Wille' und an den  
Consul Medina nach Montevideo berich-  
tet. Absolute Bestimmungen habe  
ich bis jetzt noch nicht machen können  
da es allen Strafen zur Platzierung in der  
Region stehen musste und im Freien  
bei den absterbenden Wölfen nicht zu  
machen war. Für die geographische Posi-  
tion habe ich die Punkte 36° 52' Nord gute  
Beobachtung gefunden, die Länge ist un-  
sicher da es nicht möglich war gute Zeit-  
bestimmung zu erhalten. 36° 11' ist als wahr-  
scheinlichste Werte angenommen.  
Wir selbst sind alle zu guter  
Gewandtheit verfassung, und in hoher

und durch die sehr ungeliebte  
Witterungsverhältnisse, die  
wir vorfinden. Das Leben an Bord  
ist bis jetzt ein durchaus angenehmes  
geblieben und kann dem Herrn Capitän

1882 Sept 3.  
Herrn vertheilten Herr Professor  
Anbei erlaube ich mir, Ihnen meine  
Benichte über den Verlauf der Expedi-  
tion von Montevideo bis zum Schluss  
der Stationierung der Station zu über-  
senden. Neben einigen kleineren Berichten  
steht ein Ihnen auch noch einen offenen  
Brief an meine Eltern, den ich die  
Bitte, geben Sie dem Professor, ebenfalls  
zu lesen, da es manche Sachen  
enthält, die ich vielleicht im offi-  
ziellen Bericht nicht schreiben durfte  
die aber doch viel zur Kennenlehre  
unserer Lage beitragen. Wir sind  
sehr verspätet angekommen durch  
die verspätete Abreise in Montevideo

wir nicht aufstellen können  
weil kein geeigneter Platz  
zu finden war, was druelle nicht  
vom starken Well oder Brüstungen  
sehr bald gefährdet erlösen.  
Im Falle der Haupt Vorkommen zu  
uns der von uns im Lauf des Jahres  
fortgesetzt, so wird hier wohl die Abreise  
des geschellen, da die Robbenwälder  
nicht von dort weggehen.  
Rein Abholen bitte ich noch um mögliche  
deklarische Instruktionen über das was  
hier bleiben soll etc. & können, Fische,  
schwere Ausrüstungsgegenstände, Feinzeug  
etc. Damit ich nicht unnütze Sachen mit  
zurückbringe. Apenten bitte ich noch  
sehr um Erhaltung, dass ich bei  
den besten primitiven Verhältnissen  
wie sie hier ungeliebtlich noch herrschen,  
selbst meinen offiziellen Bericht  
nur verhältnismäßig fürchtlich habe

## Wichtige Information

Zum 1. Januar 2014 wurde die Umsatzsteuer für Sammlungsobjekte wie Briefmarken und Münzen von 7% auf 19% erhöht.

Deshalb bieten wir in unseren Auktionen inzwischen den überwiegenden Teil der Lose differenzbesteuert an. Bei diesen Losen wird weder für den Zuschlag noch für das Aufgeld Umsatzsteuer gesondert berechnet, da wir als Auktionshaus die anfallende Umsatzsteuer bei Lieferungen in Deutschland und innerhalb der EU tragen.

Seit der 29. Auktion können wir nun auch viele Lose differenzbesteuert anbieten, für die zuvor 19 % Umsatzsteuer erhoben werden musste. Hierbei handelt es sich um Lose, die in die EU eingeführt worden sind. Die mit dem Import verbundenen Kosten in Höhe von 7 % des Zuschlags müssen wir an Sie weiterberechnen (= Importspesen, die Bestandteil des Kau-

fpreises sind). Diese Importspesen werden auch dann berechnet, wenn das gekaufte Los exportiert wird. Alle Lose dieser Art sind im Katalog mit einem Plus hinter der Losnummer (Beispiel: 4839 +) gekennzeichnet.

Nur Lose mit einem Punkt hinter der Losnummer (Beispiel: 3412 ●) unterliegen der Regelbesteuerung von derzeit 19 %, so dass wir hier Umsatzsteuer für Zuschlag und Aufgeld berechnen müssen (entfällt bei Export).

**Bei allen Losen ohne Kennzeichnung (● oder +) werden nur Zuschlag und Aufgeld berechnet – keine Umsatzsteuer oder Importspesen!**

Welche Auswirkungen dies für Sie als Bieter hat, wird an den folgenden Beispielen für ein Los, das mit 1.000,- € zugeschlagen wird, deutlich:

<i>Lose ohne Markierung differenzbesteuert</i>		<i>Lose mit + differenzbesteuert mit Importspesen 7 %</i>		<i>Nur bei Losen mit • regelbesteuert 19 %</i>

## Important Information – for EC customers mainly

Since January 1<sup>st</sup>, 2014 the German VAT for collectibles like stamps and coins was increased from 7% to 19%.

Therefore, we now offer the majority of our lots under margin system. No tax at all will be charged on top neither on the hammer price nor on the buyer's premium for these lots and the Christoph Gärtner Auction Company pays and transfers the VAT.

Starting with the 29<sup>th</sup> auction we now can offer many lots under margin system for which we previously had to charge 19 % VAT. These are lots which have been imported into the EC. The costs of the import amount 7 % of the hammer price

which we have to charge you (= import expenses, part of the buying price). The import expenses will also be invoiced, if the lots are exported. All lots of this kind are marked by a plus after the lot number (ie 4839 +).

Lots marked in the catalogue by a point after the lot number (ie 3412 ●) will be charged under normal VAT rate of 19 %, if the lot is not exported (not charged when exported).

**For all lots without any mark (● or +) only hammer price and buyer's premium will be charged - no VAT or import expenses will be added!**

## **BITTE BEACHTEN**

### *Erklärung zu Abbildungen und Losbeschreibungen*

Sollte es in unseren Print- oder Online-Katalogen bei einzelnen Losen zu Abweichungen zwischen Bild und Losbeschreibung kommen (z.B. unterschiedliche Ausrufspreise oder die Losbeschreibung passt nicht zur Abbildung), so gelten die Angaben der Losbeschreibung als verbindlich.

Die Katalogwertangaben in EURO (€) beziehen sich, sofern nicht anders angegeben, auf den jeweils aktuellen MICHEL-Katalog zum Zeitpunkt der Katalogbearbeitung. Ausländische Spezialwerke sind gegebenenfalls zitiert.

Sammlungslose werden grundsätzlich „wie besehen“ versteigert. Die Beschreibungen erfolgten nach bestem Wissen und Gewissen. Reklamationen sind bei Sammlungslosen ausgeschlossen.

## **PLEASE NOTICE**

### *Explanation to pictures and lot descriptions*

Given that in our print- and online-catalogues lot-numbers have differences between the image and lot description (f.e. starting prices are different or the picture does not fit with the corresponding description), the data of the lot description has to be regarded as valid.

The catalogue value stated in EURO (€) is based, unless otherwise stated, on the actual MICHEL catalogue at the time of our catalogue compilation. In some cases, specialised foreign catalogues may also be quoted.

Collection lots are "sold as seen". The lot descriptions are made in the best will and conscience and do not guarantee any characteristics. Collections lots are excluded from complaints.

P 3342A	<b>1891 (Jan) Tierra de Fuego 10 centavos orange proof sheetlet of four, of the "POPPER" Issue, very fine unused, stamps mint never hinged with original gum. Produced by Kidd &amp; C<sup>o</sup> of Buenos Aires with inscription at top "PRUEBAS EN COLOR DE LAS PRIMERAS ESTAMPILLAS DE LA TIERRA DEL FUEGO". The 1958 Kneitschel catalogue prices such proofs at 5 x the price of the normal stamp which is priced at 150 USD (Jalil 2009) = 3000 USD for the four. According to Brian Moorhouse in his study "Tierra del Fuego-The 1891 Popper issue" the proof sheetlets of four stamps were produced in six different colours: orange, brown, green and blue plus, similar to the issued colours, a dull carmine shade and a rose-red shade. These all have a printer's imprint in the top margin area which is clear of perforations. The two stamps on the left side of the sheet are slightly different unissued designs which shows shading behind the ,DIEZ', ,CENTAVOS', ,ORO' and ,LOCAL inscriptions around the edge of the stamps and inside the central ,P'. The upper stamp also has shading behind the ,10' numerals in the four corners. The two stamps on the right side are exactly the same as the issued designs. Tierra de Fuego is an archipelago that lies at the tip of the South American continent. The ownership of the area was settled by a treaty between Argentina and Chile in June 1881. News of a fabulous discovery of gold at the southern tip of Patagonia in 1885 led to a small gold rush. Julio Popper, who was born in Romania and who had studied in Paris as a mining engineer, was to establish gold mining plants in Tierra del Fuego. The output of Popper's first mining venture was around half a kilo of gold per day. He issued his own 10 centavos postage stamp used for mail carried by horseback between the gold mining camps. The stamp also covered the carriage of mail by ships to connect the local Tierra del Fuego postal system with the regular postal systems of Chile and Argentina. These labels, however, did not match the parcel post rate to Germany and therefore an appropriate meter stamp had to be applied. # ALLGEMEINE VERSTEIGERUNGSBEDINGUNGEN

## Durch die Abgabe von Geboten werden die nachfolgenden Geschäftsbedingungen des Versteigerers anerkannt.

*Diese Geschäftsbedingungen gelten, sofern und soweit zwingendes Recht am Ort der Versteigerung keine anderslautenden Regelungen vorschreibt.*

1. Die Versteigerung erfolgt öffentlich und freiwillig in eigenem Namen und für eigene Rechnung gegen sofortige Bezahlung in Euro. Devisen und Schecks werden zum Tageskurs der Bundesbank angenommen. Handel und Tausch sind im Auktionssaal nicht gestattet.

2. Die Steigerungssätze sind dem jeweils aktuellen Auktionsprogramm zu entnehmen und betragen 5 bis 10% des Ausrufwertes bzw. des angesteigerten Wertes. Der Zuschlag ergeht nach dreimaligem Ausruf an den Meistbietenden. Der Versteigerer hat das Recht, ohne Angabe von Gründen Personen von der Auktion auszuschließen, den Zuschlag zu verweigern, Gebote abzulehnen, Lose zurückzuziehen, zu vereinigen, aufzuteilen, umzugruppieren, bei Unklarheiten oder Missverständnissen nochmals aufzurufen oder in begründeten Fällen unter dem Vorbehalt der Genehmigung des Einlieferers zuzuschlagen. Untergebote mit Vorbehalts-Zuschlägen bleiben für den Bieter vier Wochen verbindlich, sind aber für den Versteigerer freibleibend. Bei gleich hohen Geboten entscheidet die zeitliche Reihenfolge des Gebotseinganges, bei zeitgleichem Eingang das Los. Lose, die „gegen Gebot“ ausgerufen werden, bedingen ein Mindestgebot von 20,- Euro und werden zum Höchstgebot zugeschlagen.

3. An den Versteigerer übermittelte (schriftliche) Gebote werden streng interessiewahrend nur in dem Umfange ausgeschöpft, der notwendig ist, um anderweitig vorliegende Gebote zu überbieten, werden jedoch ohne Gewähr ausgeführt.

4. Telefonische Bieter müssen mindestens den Ausruf bieten und eine schriftliche Bestätigung nachreichen. Im Falle einer Nichterreichbarkeit gilt das Mindestgebot als geboten. Bei Telefongeboten übernimmt der Versteigerer keine Gewähr für das Zustandekommen einer Verbindung.

5. Der Versteigerer erhält vom Käufer ein Aufgeld von 23,8% des Zuschlagspreises sowie 2,- Euro pro Los. Für Lose, die mit • gekennzeichnet sind, wird für den Zuschlagspreis und das Aufgeld die gesetzliche Umsatzsteuer erhoben. Lose ohne Kennzeichnung unterliegen der Differenzbesteuerung nach §25a UStG; es erfolgt kein gesonderter Umsatzsteuerausweis. Bei Losen mit + (Plus) hinter der Losnummer handelt es sich ebenfalls um differenzbesteuerte Lose, jedoch werden zusätzlich die mit dem Import verbundenen Kosten in Höhe von 7% des Zuschlags (= Importspesen, die Bestandteil des Kaufpreises sind) an den Käufer weiterberechnet. Bei Zusendung der Ware werden Porto und Versicherungspauschale zuzüglich gesetzlicher Umsatzsteuer gesondert in Rechnung gestellt. Käufe, die in ein umsatzsteuerliches Drittland ausgeführt werden, sind von der Umsatzsteuer befreit. Steuern/Abgaben für die Einfuhr der Käufe im Zielland gehen zu Lasten des Käufers.

6. Mit dem Zuschlag kommt ein Kaufvertrag zwischen dem Versteigerer und dem Bieter zustande. Er verpflichtet den Käufer zur Abnahme und Bezahlung am Versteigerungsort. Wer für Dritte bietet, haftet selbstschuldnerisch neben diesen. Gleichzeitig geht mit der Zuschlagserteilung die Gefahr für nicht vom Versteigerer zu vertretende Verluste oder Beschädigungen auf den Käufer über. Das Eigentum an der versteigerten Sache wird erst nach vollständigem Zahlungseingang beim Versteigerer auf den Käufer übertragen. Schriftliche Bieter erhalten in aller Regel eine Vorausrechnung, die sofort fällig ist. Erst nach vollständiger Bezahlung der Rechnung besteht ein Anspruch auf Aushändigung der gekauften Lose.

7. Sind Lose vereinbarungsgemäß vom Versteigerer zu versenden, hat der Käufer dem Versteigerer zu Nachforschungszwecken spätestens zehn Wochen nach dem Ende der Auktion (bei Vorkasse: nach der Bezahlung der Ware) schriftlich mitzuteilen, falls die zu versendende Ware nicht oder nicht vollständig zugegangen ist.

8. Alle Beträge, welche 14 Tage nach der Versteigerung bzw. Zustellung der Auktionsrechnung nicht beim Versteigerer eingegangen sind, unterliegen einem Verzugszuschlag von 2%. Dazu werden Zinsen in Höhe von 1% pro Monat erhoben, es sei denn, der Käufer weist nach, dass ein geringerer oder kein Schaden entstanden ist. Im Übrigen kann der Versteigerer wahlweise Erfüllung oder nach Fristsetzung Schadenersatz wegen Nichterfüllung verlangen; der Schadenersatz kann dabei auch so berechnet werden, dass die Lose verkauft oder in einer neuen Auktion nochmals angeboten werden. Der säumige Käufer muss hierbei für den Mindererlös gegenüber der früheren Versteigerung und den damit verbundenen zusätzlichen Kosten einschließlich der Gebühren des Versteigerers aufkommen. Auf einen eventuellen Mehrerlös hat er jedoch keinen Anspruch.

9. Die zur Versteigerung kommenden Lose können vor der Auktion besichtigt und geprüft werden. Sie werden in dem Zustand versteigert, in dem sie sich bei der Auktion befinden. Die nach bestem Wissen und Gewissen vorgenommenen Katalogbeschreibungen sind keine zugesicherten Eigenschaften. Der Käufer kann den Versteigerer nicht wegen Sachmängeln in Anspruch nehmen, sofern dieser seiner obliegenden Sorgfaltspflicht nachgekommen ist. Sammlungen, Posten etc. sind von jeglicher Reklamation ausgeschlossen, ansonsten verpflichtet sich der Versteigerer jedoch, wegen begründeter Mängelrügen, die ihm bis spätestens vier Wochen nach Auktionsschluss angezeigt werden müssen, innerhalb der Verjährungsfrist von einem Jahr seine Gewährleistungsansprüche gegenüber dem Einlieferer geltend zu machen.

Im Rahmen von Reklamationen ist bei der Rücksendung an den Versteigerer die Original-Loskarte beizufügen. Die Lose müssen sich in unverändertem Zustand befinden. Dies betrifft auch das Entfernen von Falzen, das Wässern, sowie chemische Behandlungen. Lediglich das Anbringen von Prüfzeichen der Mitglieder eines anerkannten Prüferverbandes gilt nicht als Veränderung. Der Versteigerer kann verlangen, dass bei Reklamationen ein entsprechender schriftlicher Befund eines zuständigen Verbandprüfers eingeholt wird. Will der Käufer eine Prüfung vornehmen lassen, so ist dies dem Versteigerer vor der Auktion mitzuteilen. Die Reklamationsfrist verlängert sich entsprechend. Dies betrifft jedoch nicht die Verpflichtung zur sofortigen Bezahlung der Lose. Die Kosten einer Prüfung werden dem Käufer in Rechnung gestellt, wenn das Prüfergebnis mit der Losbeschreibung übereinstimmt oder der Käufer das Los trotz abweichendem Prüfungsergebnis erwirbt. Mängel, die bereits aus der Abbildung ersichtlich sind, berechtigen nicht zur Reklamation. Lose, bei denen Fehler beschrieben sind, können nicht wegen eventueller weiterer geringer Fehler zurückgewiesen werden. Im Falle erfolgreicher Inanspruchnahme des Einlieferers erstattet der Versteigerer den gezahlten Kaufpreis einschließlich Aufgeld zurück; ein darüber hinausgehender Anspruch ist ausgeschlossen. Der Versteigerer ist berechtigt, den Käufer mit allen Reklamationen an den Einlieferer zu verweisen. Durch die Abgabe eines Gebotes auf bereits von anerkannten Prüfern signierte oder attestierte Lose werden die vorliegenden Prüfzeichen oder Atteste als maßgeblich anerkannt. Werden Lose unter dem Vorbehalt der Gutachten anderer Prüfer geboten, so ist dies dem Versteigerer mit dem Gebot anzuzeigen.

Bezeichnungen wie „Pracht“, „Kabinett“, „Luxus“ etc. stellen die subjektive Einstellung des Versteigerers und in keinem Falle eine Beschaffenheitsangabe im kaufrechtlichen Sinne dar. Lose, die mit „feinst“ oder „fein“ beschrieben sind, können Fehler aufweisen. Stücke, deren Wert durch den Stempel bestimmt wird, können wegen anderer Qualitätsmängel nicht beanstandet werden.

10. Ansichtssendungen sind nur von Einzellosen möglich. Postfrische Marken sind von der Versendung ausgeschlossen. Die Lose sind innerhalb von 24 Stunden zurückzusenden, wobei die von uns gewählte Versendungsart anzuwenden ist. Gefahr und Kosten gehen zu vollen Lasten des Anforderers. Sollten die Lose am Auktionstag nicht vorliegen, so werden sie eine Steigerungsstufe über dem nächsthöheren Gebot, mindestens jedoch zum Ausruf, dem Anforderer zugeschlagen.

11. Erfüllungsort ist Bietigheim-Bissingen. Das gilt auch, wenn wir die Ware ausnahmsweise an einem anderen Ort übergeben oder von einem anderen Ort aus versenden. Gerichtsstand für den vollkaufmännischen Verkehr ist Ludwigsburg. Es gilt ausschließlich deutsches Recht. Kommen Kaufverträge durch Versteigerung in einem Land außerhalb der Bundesrepublik Deutschland zustande, findet bei Verbrauchern deutsches Recht nur Anwendung, soweit hierdurch der durch zwingende Bestimmungen des Rechts des Staats des gewöhnlichen Aufenthalts des Verbrauchers gewährte Schutz nicht entzogen wird (Günstigkeitsprinzip).

12. Sollten eine oder mehrere der vorstehenden Bedingungen ganz oder teilweise unwirksam sein oder werden, berührt dies nicht die Gültigkeit der übrigen Bedingungen. Es soll dann das gelten, was dem ursprünglich wirtschaftlich verfolgten Zweck entspricht oder ihm am nächsten kommt.

13. Vorstehende Bestimmungen gelten sinngemäß auch für den Nachverkauf und den freihändigen Verkauf.

## GENERAL AUCTION CONDITIONS

### By the submission of bids the following General Auctions Conditions of the Auctioneer are recognized and accepted.

*These Auction Conditions shall apply, unless binding law at the location of the auction stipulates divergent provisions.*

1. The auction is voluntary and held in public in the name of the auctioneer on his own behalf for his own account against immediate payment in Euro. Foreign currency and cheques are accepted at the daily exchange rate of the German Federal Reserve. Trading and exchange are not allowed in the auction rooms.

2. Bidding increments are published in the actual Auction Manual and are from 5 to 10% of the starting price or the actual submitted bid price respectively. The lot is sold to the highest bidder after threefold call. The Auctioneer reserves the right to bar persons from the auction at his sole discretion, to refuse knocking a lot down or to withdraw, pool, recombine or divide lots, to call lots once more in case of equivocality or misunderstandings or to knock a lot down subject to consignor's approval. Bids below the starting price with a knockdown subject to consignor's approval are binding for the bidder for a period of four weeks but are non-binding for the auctioneer. In case of even bids the chronological order of their receipt is applicable; in case of simultaneous receipt of even bids the auctioneer decides by drawing lots.

3. Bids transmitted to the auctioneer (in written form) will be treated with confidence and will only be used to top the other previous bid. However the auctioneer cannot take responsibility for this procedure. Lots without a particular starting price require a minimum bid of 20,- Euro and will be knocked down to the highest bid.

4. Telephone bidders must offer at least the starting price and submit a written confirmation thereafter. In the event of unavailability of the bidder on the phone the minimum bidding price is valid. The auctioneer is not responsible for the setting up and/or persistence of the telephone connection.

5. The auctioneer receives a premium of 23.8% of the hammer price from the buyer plus 2.00 Euro per purchased lot. For all lots which are marked with • behind the lot number Value Added Tax (VAT) will be added to the hammer price and to the buyers premium. Lots without marking are sold under the margin system (§25a UStG); there will be no turnover tax statement. Lots marked with + are sold under the margin system as well but additional expenses for importing the items in the amount of 7% of the hammer price are charged (= Import Expenses, which are part of the total sales price). If shipment is requested by the buyer or becomes necessary, costs for postage, packing and insurance plus VAT will be charged separately. For purchases from abroad, which will be exported to a third country (non-EU), VAT will not be invoiced after receiving an evidence of exportation. Duty and/or other charges related to importing the purchases into the country of destination are on buyer's account.

6. The purchase contract between the auctioneer and the buyer is closed on the knockdown of the lot. Based on this contract the buyer is obliged to accept and pay for the goods at the point of sale. In case of bidding for a third party, the bidder is liable as a principal as well as the third party. At the moment of knockdown all risks concerning loss or damage of a purchased lot is the responsibility of the buyer. The ownership of the auctioned goods will only be transferred to the buyer when full payment has been effected. Bidders making written bids will in general receive a prepayment invoice, which is due for immediate payment. Only if the invoice has fully been paid, the buyer has the right to claim ownership of the purchased lots.

7. If it is agreed, that the auctioneer will ship the purchased lots, and they are not or not completely received within ten weeks after the end of the auction (in case of prepayment: after the payment of the goods) latest, the buyer has to inform the auctioneer in writing about this incident for purposes of investigation.

8. Outstanding debts, which have not been paid 14 days latest after the auction and/or receipt of the invoice, will be subject to a default charge of 2%. Furthermore 1% interest per month will be charged unless the buyer can provide evidence that only a lower or no damage has been caused. Furthermore it is in the auctioneer's sole discretion whether he insists on performance or on compensation due to non-fulfillment after a set period. Compensation will be calculated after the lots have been sold directly or on another auction to a third party. In this case the defaulter has to compensate the loss of the auctioneer resulting from a lower sales price and additional costs. The defaulter is not entitled to additional proceeds earned by the auctioneer when selling the lots to a third party.

9. The objects for auction may be viewed and inspected prior to the auction. They will be auctioned in the condition as they are at the time of auction. The catalogue descriptions were made in all conscience and do not warrant any characteristics. The buyer cannot hold the auctioneer liable for any faults provided that the auctioneer has not infringed his duty to take care. Collections, batches etc. are excluded from any complaint, apart from that the auctioneer is obliged to hold the consignor liable for any complaint, which is made by the buyer within a period of 4 weeks after the auction, within a limitation period of one year. Complaints concerning a lot must be sent to the auctioneer together with the original auction lot card. The lot must be presented in its unchanged condition. This applies to the removal of hinges, submersion in water as well as chemical treatment. Only the application of sign information by a member of an acknowledged auditor association will not be regarded as tampering. In the event of complaints the auctioneer can demand a written expertise of an acknowledged auditor. If the buyer intends to get an expertise, he will inform the auctioneer about it prior to the auction. The period for complaint will be prolonged respectively. However, this does not inflict the right of the auctioneer to be timely paid. Any appraisal fees will be charged to the buyer, if the result matches the lot description or if he acquires the lot in spite of dissent opinion. Any faults, which are obvious at the time of photography, are excluded from the right of complaint. If faults of a lot are described in the auction catalogue, this lot will not be rejected and returned by the buyer because of further smaller faults. In the event of a successful claiming of the consignor the auctioneer refunds the paid purchase price and buyer's premium; the buyer is not entitled to further claims. The auctioneer has the right to refer the buyer with all of his complaints to the consignor.

By bidding on lots, which were already signed or certified by acknowledged auditors, the buyer accepts these approval marks or certificates as decisive. If bids are placed with reservation of an appraisal of another auditor, the bidder will inform the auctioneer about this reservation when placing his bid. Descriptions such as „Pracht“, „Kabinett“, „Luxus“ etc. are a subjective opinion of the auctioneer and under no circumstance a statement in regard to warranted characteristics. Lots which bear the description „feinst“ or „fein“ may possibly have small faults. Objects having a value which is defined by their postmark are excluded from complaint of any other defects.

10. Only single lots can be shipped for viewing. They must be returned to the auctioneer within 24 hours, in doing so our mode of dispatch must be utilized. Any risks and costs are for the account of the requesting party. If these lots are not present in the auction house on the day of the auction, they will be knocked down in favour of the requesting party one increment above the highest bidding price but at least for the starting price.

11. Place of fulfilment is Bietigheim-Bissingen. This will also apply, if by way of exception we hand the goods over at another location or if we send the goods from another location. Place of jurisdiction for the full trading is Ludwigsburg. Only German law shall apply. If purchase contracts are closed by auction in a country outside Germany, for consumers German law shall only apply, as far as hereby the granted protection of the law of the state, in which the consumer has his main residence, is not withdrawn (favourability principle).

12. Should one or more of the conditions above or a part of them become invalid, the validity of the other conditions will remain unchanged. The invalid conditions shall be replaced by valid conditions, which conform to their economic purpose.

13. The conditions above shall also apply to after sale and private treaty.
