

### **An Open Letter To Business Management**

Please allow me to introduce myself. My name is \_\_\_\_\_

I am a volunteer helping the ***Pawsibilities® Humane Society of Greater Akron*** to raise funds for its shelter located at 7996 Darrow Road in Twinsburg.

I live in the area and often visit your business. Today, I have helped the shelter by Volunteering to take a Donation Bank into the community.

I am hoping that you will agree to allow my Pet Bank to be placed at the point-of-sale where your customers can readily see it and donate.

If you can do this it will be greatly appreciated by the 400 animals that live in the shelter who were abused, neglected and abandoned. For your information, in 2009 over 2400 shelter animals were adopted and found their forever homes.

I am willing to come back and collect the donations and take them to the shelter location. I will give you my contact information so that you can call me and let me know that the Pet Bank is full of donations.

You can contact me by either calling or emailing at:
