ARE CITY DIRECTORY ADS WORTHWHILE???

To answer this question, analyze the publication or advertising medium by asking these questions.

1. HAS IT A VALUE?

Any medium must have value, either in dollar return, reader interest or usefulness before it can have an advertising value.

The City Directory has a high definite value. People must have information it can give and they therefore pay a good price for it.

2. IS IT ACCESSIBLE AND WELL KNOWN?

The medium must be known to the general public and be easily accessible.

The City Directory is accessible to the public 350 days a year in most public offices, institutions, drug stores, banks, filling stations and places that use and give information. It is the recognized and universal informational service to practically every city and large town in the world.

3. DOES IT PERFORM A SERVICE?

Every medium must perform some service to warrant its existence.

The City Directory performs a most valuable service by providing, in the only complete form, an informational guide and catalogue to a city and its people.

4. WHAT IS THE LENGTH OF LIFE OF THE MEDIUM?

The longer the ACTIVE LIFE of the medium, the better it is.

The City Directory has one of the most active and long lives of any medium. It is available approximately 12 hours a day, 350 days a year and is seldom filed away or thrown out before two years.

5. WHAT IS ITS PRESTIGE?

A medium must have prestige if it has public recognition and acceptance.

The City Directory is recognized as a necessary public service and as such has very high prestige in business, professional and governmental affairs.

6. WHAT IS ITS CIRCULATION?

Not only how many people see it but how many times they see it during the ACTIVE LIFE of the medium determine its circulation rather than just the number of copies issued.

The average City Directory is used three times a day, is available 350 days a year to all and is bought and used by practically every type of business, profession and government agency. Thus 500 copies of your directory would have $500 \times 3\frac{1}{2} \times 350 = 612,500$ yearly circulation or consultations.

7. WHAT ARE ITS ADVERTISING PRICES?

Comparative points as outlined previously determine its value in advertising dollars.

The City Directory advertising prices are among the lowest in comparison with other yearly, monthly, daily or weekly mediums.

**THIS IS WHY YOU WILL MAKE A GOOD INVESTMENT
IN CITY DIRECTORY ADVERTISING.**
