

This wine list reflects our passion for wine and desire to explore and learn from some of the best and most innovative wine producers from around the world.

Our list provides an important context for our range of wines at Ten Minutes by Tractor. You will find the best of what Mornington Peninsula has to offer, as well as a curated list of some of the most exciting and iconic winemakers, regions and grape varieties produced throughout the world of wine.

We strongly believe that great wines are the result of good viticultural practices, and thus, we selected producers we know are working hard to craft wines that are an accurate representation of their origin.

Most importantly, this wine list provides a wonderful array of wines that can be enjoyed and complement the menu created by our Executive Chef Adam Sanderson and his team, who focus on fresh, seasonal, and locally sourced ingredients.

Our experienced and professional team of Sommeliers are here to help guide you should you need assistance with your wine matches and your time with us.

We invite you to follow us and our story as we continue to explore the world of wine and how it can help transform a dining experience.

## Anselme Selosse at Domaine Jacques Selosse

Anselme Selosse is today the most influential grower in Champagne, who inspired an entire generation of young winegrowers. His champagnes have become some of the most sought-after wines in the world. His style is controversial: a few believe it to be the most significant expression of the wines from the region. Others find it incomprehensible.

## Discover the Australian Alternatives

The changes around the climate conditions in Australia pushed our viticulturists and winemakers to look for varieties that could withstand drier and hotter weather. It is especially true in places where water has become scarce. We wanted to bring you a snapshot of this current trend.

## The Iberian Varieties

We feel the need to showcase what Spain and Portugal are doing. Here, we want to highlight the new generation of producers making viticulture and traditions their utmost priority. Far away from the large-scale production, these tiny estates are reviving their ancient and indigenous varieties. All the wines here have something in common: a sense of place intertwined with traditions and innovations.

## The white wines of Jura

Tucked between Burgundy and Switzerland, Jura is a tiny region that saw an incredible revival of interest from wine drinkers, journalists, and sommeliers. Its strong identity comes from the rich tapestry of terroirs and local gastronomy you can find here when travelling. Today, it is the home of some of the most esoteric wines in France, and the region offers a rich diversity of wine styles.

## Glorious Chenin Blanc

### In Australia

Chenin Blanc is not new to Australia. We need to go back to the 19th century to see the first vines planted in the country, but it is only in the last two decades that this variety made a comeback. We know that the whole world has fallen in love with this variety, so we also want to share our passion for the variety and support the winemakers who believe in the beauty of Chenin Blanc.

# The World of Chardonnay: Australia

## Ten Minutes by Tractor - Martin & Karen Spedding

### 10X Range

10X wines are sourced from several vineyards on the Mornington Peninsula and are therefore a regional expression of each variety. All our fruits are Estate grown and managed.

2020	10 X	72
2019	10 X	88
2014	10 X	158
2013	10 X	169
2010	10 X	245

### Estate Range

Our Estate wines are a barrel selection from our individual vineyards which are blended to create the best expression of Mornington Peninsula Chardonnay.

2018	Estate	99
2017	Estate	112
2013	Estate	173
2010	Estate	221

### **Judd Vineyard – Red Hill**

First planted in 1990, this is our steepest and highest vineyard, reaching 206m at its highest point. The Judd Vineyard is much more generous in the fruit flavour profiles which offers a unique point of difference from the elegance of Wallis and delicacy of McCutcheon.

2018	Judd	143
2017	Judd	159
2015	Judd	192
2013	Judd	225

### **McCutcheon Vineyard – Main Ridge**

First planted in 1992, McCutcheon is our second highest vineyard – 200m at its highest point. The McCutcheon Vineyard leads to more elegant flavours with greater structure and finer tannins than the Judd and Wallis vineyards in most years.

2018	McCutcheon	143
2017	McCutcheon	162
2016	McCutcheon	175
2015	McCutcheon	192
2013	McCutcheon	225
2010	McCutcheon	274

### **Wallis Vineyard – Flinders**

First planted in 1992, this is our second flattest vineyard and our second lowest vineyard reaching 142m at its highest point. The northeast slope means it receives good daytime light and heat exposure though night-time temperatures fall quickly as the valley acts as a drain drawing the cooler night air down through the vineyard and off to Bass Strait 5 kilometres away. “Ocean” sea breezes from Bass Strait also keep temperatures lower than they might otherwise be.

## Elite Chablis Producer

### Domaine François Raveneau - Isabelle Raveneau

Bernard & Jean-Marie Raveneau focused their entire lives on maintaining a healthy collection of vineyards. Today, Isabelle is at the helm of the Domaine. These wines are hard to find because the production is tiny, and the demand is soaring throughout the world. The estate is the source of inspiration for winemakers and wine-drinkers alike wanting to understand the terroir of Chablis.

## Domaine Vincent Dauvissat – Vincent Dauvissat

Vincent Dauvissat is inarguably one of the greatest producers in Chablis. Alongside the similarly esteemed François Raveneau, these two estates continue to define excellent Chablis. In 1931, Vincent's grandfather Robert bottled his first wines from a mère 1ha of vines across the region. Vincent's father, René, expanded the family Domaine through purchases and leases of additional parcels during the 1950s. Vincent finally joined the Domaine in 1979, taking over the winemaking in 1989 when René retired and implemented biodynamic farming technics in 2002.

## Focus on Domaine Arnaud Tessier, the Rising Star of Meursault

Arnaud Tessier began working in the vineyard alongside his father at the tender age of 14. The epitome of a hard worker, Arnaud is also considered amongst fellow villagers to have a rare gift for winemaking. With his wife Catherine, they dedicate all their efforts in their vineyards to produce wines of exceptional purity and freshness. The quality is growing from strength to strength, and we were hoping you could discover what the hype is all about.

### 10X Range

### **Judd Vineyard – Red Hill**

First planted in 1990, this is our steepest and highest vineyard, reaching 206m at its highest point. The Judd Vineyard is much more generous in the fruit flavour profiles which offers a unique point of difference from the elegance of Wallis and delicacy of McCutcheon.

2018	Judd	158
2017	Judd	173
2016	Judd	191
2010	Judd	302

### **McCutcheon Vineyard – Main Ridge**

First planted in 1992, McCutcheon is our second highest vineyard – 200m at its highest point. The McCutcheon Vineyard leads to more elegant flavours with greater structure and finer tannins than the Judd and Wallis vineyards in most years.

2016	McCutcheon	191
2013	McCutcheon	237
2011	McCutcheon	271
2010	McCutcheon	285

### **Wallis Vineyard – Flinders**

First planted in 1992, this is our second flattest vineyard and our second lowest vineyard reaching 142m at its highest point. The northeast slope means it receives good daytime light and heat exposure though night-time temperatures fall quickly as the valley acts as a drain drawing the cooler night air down through the vineyard and off to Bass Strait 5 kilometres away.

2018	Wallis	158
2017	Wallis	173
2016	Wallis	191
2013	Wallis	237

### **Coolart Road Vineyard – Moorooduc/Tuerong**

First planted in 2000, this is our northern Peninsula, down-the-hill vineyard in the Moorooduc/Tuerong region. It is also our flattest with a maximum elevation of 72m. It is markedly different from the other single vineyard wines: dark and dense in comparison.

## Meet with Domaine Ghislaine Barthod, Chambolle-Musigny

Since 1999, the high-quality wines produced by Ghislaine Barthod has ensured a strong following amongst Burgundy enthusiasts in the know. The style is unashamedly intense, with both the perfume and sensuality that has made Chambolle such an iconic commune and the density and structure to age. The Domaine owns just under six hectares of vineyards, all made in the same way.

## Celebrating Domaine Simon Bize & Fils – Chisa Bize

Domaine Simon Bize & Fils is a staple in Burgundy yet considered by many as one of the region's best-kept secrets. It is easy to overlook the village of Savigny-Les-Beaune, but in the hands of this estate, there is a magic happening. The late Patrick Bize sadly passed away during the 2013 harvest; it did not stop his wife Chisa to pursue the road of excellence. In the vineyard, there is no pesticides nor fungicides used as part of their organic viticulture program. Chisa works tirelessly to bring out the best of each parcel. We love the style of wines produced at the Domaine: whole clusters fermentation and minimum use of oak treatments allowing the wines to express their respective terroirs. Domaine Simon Bize & Fils is a celebration of what Burgundy means for the wine drinkers in the know.

## The Icon of Volnay : Marquis d'Angerville - Guillaume Marquis d'Angerville

The estate was born in 1804, and the legacy continued in the early 1900s when Sem Marquis d'Angerville pioneered Domaine-bottled Burgundy alongside his friend Henri Gouges. Jacques, who took over in 1952, brought the estate to even greater heights. Sadly, he passed away in 2003. His son Guillaume is now leading the brand. In total, the Domaine has 15 hectares, including 12 in Volnay. They moved to bio-dynamic viticulture in 2006, respecting the laws of nature and sustainability. Guillaume's wines are a veritable masterclass in the effect of terroir on wine. These are polished Volnays showing purity, precision, and style.

## The Rising Star of Volnay : Domaine Yvon Clerget - Thibault Clerget

With roots in the village of Volnay dating back to the XIII century, the Clerget family has had the luxury of time to help select their vineyard plots from generation to generation. Over the last five years, the Domaine was somewhat dormant as the vineyards were managed by Henri Boillot and bottled under his label. Today, it comprises six hectares of the finest Volnay land as well as that of Meursault, Pommard and Clos Vougeot. Thibault Clerget has taken over the Domaine and, at the age of 24, has begun the rejuvenation of one of the great Burgundian estates. His wines are delicate, vibrant and show their tremendous pedigree.

## Discover the Australian Alternatives

The changes around the climate conditions in Australia pushed our viticulturists and winemakers to look for varieties that could withstand drier and hotter weather. It is especially true in places where water has become scarce. We wanted to bring you a snapshot of this current trend.

## The Icons of Heathcote

### Syrahmi & Adam Foster

Adam Foster started his career as a Chef working for some of the greatest restaurants in Victoria, then went on his wine journey to become the Head Sommelier at Three, Two, One Restaurant. As this was not enough, Adam turned to winemaking and never really came back. With his wife Pip, they thought leaving the city will be the best option to pursue this new venture, so they settle down around the granitic boulders of Tooborac in Heathcote. His wines accurately represent what Heathcote is all about: mighty & structured yet delicate & refreshing.

## The Icons of Heathcote

Jasper Hill : Ron Laughton & Emily McNally

Established in 1975 by Ron & Elva Laughton, Jasper Hill produces some of Australia's most compelling and sought-after wines. Located in Heathcote, this region is known for its ancient deep, red Cambrian soils. Viticulture is the philosophy here: the vines are un-grafted, dry-grown, using biodynamic principles and organic composting to enhance biodiversity. There is no addition to the wines in the winery: natural yeasts fermentation followed by twelve months of maturation in French barriques. The wines are a factual representation of Heathcote's terroir: striking purity and freshness.

### Domaine Tempier in Bandol - Daniel Ravier

The Domaine was founded in 1834 by the Peyraud Family near Le Plan du Castellet, just outside the Mediterranean seaport village of Bandol. Lucien Peyraud pushed for Bandol to have its own appellation in 1941. Lucien is the Godfather of Bandol and the man who revived Mourvèdre to its former glory. Lucien sadly passed away in 1996. Today, Daniel Ravier is at the helm of this truly Grand Cru de Provence.

### Domaine de La Grange des Pères in Languedoc - Laurent Vaillé

Laurent Vaillé has spent his early career training under such masters as Jean-François Coche-Dury (Meursault), Gérard Chave (Hermitage) and Eloi Dürrbach (Domaine de Trévallon). In 1989, Laurent settled in the Languedoc and purchased his land. He began his adventure by planting vineyards on hard limestone and poor soils in Aniane, where he believed the terroir to be of great heights. The viticulture was his priority, and therefore the yields were a lot less than what we can witness in the region. Domaine de la Grange des Pères has reached cult wine status and produced some of the greatest wines in the area. Sadly, Laurent passed away on the 30th of April 2021. We want to pay tribute to a 'Grand Homme'.
