LEITZ ICON SMART LABELLING SYSTEM

EASY

- A cartridge system so easy that the labels load automatically once you drop the cartridge into the printer
- A cartridge system so intelligent that the printer, and every user, know which type of label is loaded and how much is left

3-IN-1

- Leitz Icon is like having 3 printers in 1.
- Like a label printer, Leitz Icon prints die-cut and continuous paper labels for temporary applications.
- Like a label maker, Leitz Icon prints on continuous plastic labels for more permanent needs.
- Like a desktop printer, Leitz prints die cut paper labels incredibly fast.

VERSATILE

- Labels from 12 mm to 88 mm wide and up to 2.7 m long.
- Cut to size so you can get almost any label from just one cartridge.
- Leitz Icon prints on either die cut or continuous paper labels and card stock. Leitz Icon also prints on white, yellow and red plastic labels.

MOBILE

- Take the compact Leitz Icon anywhere.
- Use the optional Li-ion battery pack, with a 12 hours standby mode or print up to 1.200 labels.

SMART

- With its powerful, easy-to-use software, Leitz Icon works with Windows, Mac, smartphones and tablets (iOS and Android).
- With built-in USB and Wi-Fi, Leitz Icon is ideal for individual and shared use.

FAST

- Leitz Icon prints up to 200 labels per minute.

LEITZ ICON MULTIFUNCTIONAL

The Leitz Icon Smart Labelling System is compatible with PCs, Mac, iPhones, iPads and other platforms.

Apps and free software are available from our website. The Leitz Icon label printer client works with the following versions: Windows XP; Windows 7 / 8, OS X 10.7 or later

LEITZ ICON - INTELLIGENT LABEL CARTRIDGE

A label cartridge that talks to your computer, tablet or smartphone – that's intelligent.

Snap on Cartridge

No need to thread in the end of a label tape. Simply drop in your Leitz Icon cartridge and close the lid. What could be easier?

Cartridge communicates with your device

The cartridges in the printer communicate via Wi-Fi with your smartphone, laptop, or whatever device you're using. It tells you what kind of label material is loaded and how much is left.

No ink needed

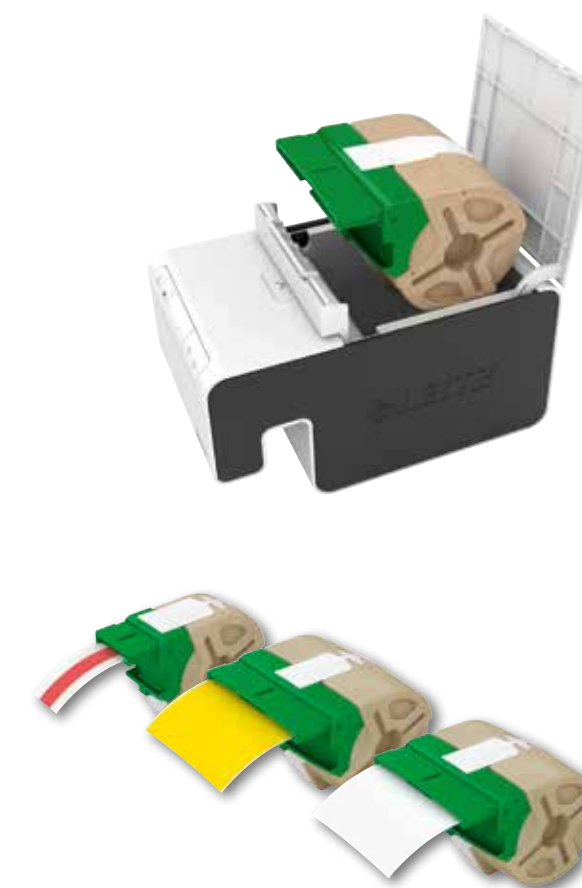

Direct thermal printing means the Leitz Icon needs neither ink nor toner.

Choice of materials and sizes

You can choose between continuous and die-cut labels, paper or plastic materials. Plastic labels in yellow and red are also available.

Banner printing

Leitz Icon can print banners up to 2.7 m long – ideal for warning signs, shelf strips, and much more besides.

Prints up to 2.7m
