VILLAGE COUNCIL NEWS

The Whispering Pines Village Council held its regular meeting on September 14, 1995 at 9:00 a.m. in the Village Hall.

PRESENT: President Richard Sutton, Councilman Robert Tate, Councilman Patricia A. Robinson, and Councilman William Heffner.

ABSENT: Councilman Baker

Please continue to report missed garbage and yard trash pickups to the Village Office. These are passed to the contractor on a regular basis.

Cable - Several station affiliations changes have been or are taking place, such as NBC moving to Channel 12 and Channel 8 switching from ABC to FOX. We have been unable to reach Charter Communication officials to determine if they will offer a second ABC network. Channel listing cards were mailed with last month's bills. Extra's are available at the Village Hall.

Communications - A special issue of Village Topics will be mailed early in October. It will list all candidates with a brief resume as submitted by each individual. It is planned that a future issue will recap any ordinance changes passed in the past year as well as other specific Village business and activity.

Airport - The Moore County Airport continues to operate in the black. It does not receive any tax money to support its function. US Air emplanments are at their anticipated figure for the year. The honor parking lot system is in place and producing a very small income. The fencing project along US 22 is very near completion.

Water - The customers of Carolina Water Service should not have charges for water test fees on their next bill. We believe all customers will receive a letter from Carolina Water Service indicating they have requested from the Utility Commission the right to refund some of last year's test fee charges.

The budget revenue and expenditures are on schedule. Tax collections are up 30% compared to this time last year. The Village received a statement from the State Demographer Office of State Planning in regard to the estimated population of the Village of Whispering Pines for 1994. They estimated our population to be 1,715. This is an increase over last year. State funds for the Village are based on this estimate.

President Sutton stated that the article in The Pilot last week concerning Southern Pines annexing all of the Airport was incorrect. Southern Pines will annex the Airport buildings on Hwy 22 and Whispering Pines will annex the rest of the Airport property.

There is a vacancy on the Moore County Airport Authority Board. Resumes from two Whispering Pines residents have been submitted to the County for appointment.

New Business

1. A Public Hearing was called for October 12, 1995 at 9:00 in Council Chambers to discuss a request to rezone 87 acres of the Ransdale tract from RSI to RS IV.

2. A request from the Meacci's for a subdivision was granted. This subdivision will permit them to sell a portion of their land.
3. A request from the Pattersons' and Hatfields' for a subdivision of property at the Power Line Area was granted. Each property owner has one big lot that will be subdivided into two small lots.
4. Councilman Heffner, William Bateman, Jack White and George Simpson were appointed to a committee to recommend a long range solution to our water supply and service. They will make their recommendation to Council.

There was some discussion about the quality of the water in Whispering Pines.

5. An Amendment to the ordinance controlling "Noises" was approved. The ordinance is amended to include building, demolishing, repairing, altering and similar noise-making activities under the title Construction Activities.

There being no further business the meeting adjourned at 10:05.

TALKIN' TRASH with the Bag Lady

A van load of "drive through trash deposits" (new phrase from the Bag Lady's long suffering spouse) was taken to Wagram on September 15 and added \$45.49 to the Employees Christmas Fund, bringing the total to \$170.86. This total has been reduced by \$25 which was given to TOM PASZKO as he departed CCWP and Whispering Pines to further his education in Reno, Nevada. Many of us watched TOM grow up and the Bag Lady felt he should have something to take with him for his nine months of service in 1995. His father, TONY, can keep us informed of TOM's progress as this fine young man ventures forth to new horizons.

The Bag Lady put her foot in her mouth (again!) and offered to help Keep Moore County Beautiful (KMCB) with its membership program. She ended up with the whole thing. It is gratifying to see so many Whispering Piners support this program. For those who might want to acquire some of those nice canvas grocery bags the Bag Ladies sold many years ago, KMCB may have them available sometime soon. You'll be advised.

For gardeners who like to put mulch in their landscape, the County sells wood chips at the landfill for \$5.00 a ton, or "pick-em-up" truckload. It will be loaded for you. Hours are 8:00 a.m. to 4:00 p.m. Monday through Friday and 7:00 a.m. to Noon on Saturday. This certainly beats the \$35 a truckload we paid this spring -- but we don't have a "Carolina Cadillac!" If you do, or you know someone who does who will help you out, it's a real bargain!

One contributor to the recycling for the Employees Christmas Fund suggested that it might not be a good idea to advertise the amount collected for fear it would decrease individual contributions when the box is placed in the Pro Shop in late November. The Bag Lady is optimistic, however, and believes that Club members will continue their generous support of this annual "Thank You" to CCWP's employees, and will consider the trash funds as an extra "added attraction."

GARDEN CLUB NEWS

"CONSIDER THE LILIES" will be the topic of the Garden Club Meeting on Tuesday, October 3rd at 7:30 p.m. in the Community House behind the Rescue Squad Building on Rays Bridge Rd.

Everyone is invited to hear BOB LAWSON give a talk on the History of Daylilies and tell how to grow them. He will show slides of beautiful lily gardens at their peak, which is late June and early July in our area. This will be followed by a "hands on" session so that members can learn how to plant new lilies from seed and how to divide existing plants.

BOB has been growing lilies for 30 years, both here and in Long Island, where he was a member of the Long Island Daylily Society. He has about 100 seeds on hand which he secured by pollinating the many varieties in his garden. Bob is following in the footsteps of TOM and VIRGINIA ARDIS, who residents will remember grew thousands of lilies here in Whispering Pines. Many of those lilies were given to friends and neighbors here as well as to the gardens at Weymouth House and other public areas in the Sandhills.

The September meeting was attended by 58 people, who learned when and how to prune trees and shrubs (not at this time of year, though) from Al Cooke of the North Carolina Cooperative Extension Office in Carthage. He is available for gardening questions at his office in Pinehurst Office Park on your way to Carthage or by telephone at 947-3188.

Volunteers signed up for the Adopt-a-Highway Program roadside cleanup on September 16th, with one group starting at Yates Thagard Church and a second at the Community House. Doorprizes were awarded and delicious cookies were served by MAGGIE MUNRO and JEAN HAWKINS.

ABOUT THE TELEPHONE DIRECTORY....The ad campaign for the 1996 telephone directory has come to a close. We had a very successful year, thanks to all the ambitious souls out there who trudged around getting ads and pumping up our book. One lady called and said she would like to see what she could do - have never done it before but wanted to try. She brought in \$1500 all by herself in NEW ads!! That was DIANA WILLIAMSON. Thanks, DIANA. We expect to have the books ready for delivery the first part of November, as usual.

BURON THOMAS has assumed the role of Director. The PINEY PIPERS Annual Christmas Show will be presented Wednesday evening, December 6, 1995. Rehearsals for this show started Wednesday, September 6 and are at 4 p.m. in the Terrace Room at CCWP every Wed.

Singers residing in Whispering Pines are welcome to share in the fun of this group and are cordially invited to join us. HOORAY FOR YOU DEPARTMENT!!!!!!

A Hugmongsous Hooray to HOOVER BRYAN - that beautiful white four pawed "newsboy" who delivers his papers with such doggy aplomb. HOOVER, being a "pound puppy" himself, wanted to help out his furry friends at the Animal Shelter and their upcoming Pet Parade and Bark in the Park. He formed his FOH (Friends of Hoover) group to solicit funds and what a response he got! To date over \$1100 has been collected and HOOVER plans to deliver the checks in his mouth at the start of the parade. Not only is HOOVER handsome, but smart too...he has written his "thank yous" to each contributor. The Humane Society thanks HOOVER...and all other supporters of the Pet Parade...which is Saturday, Sept. 23 at 9 a.m. in Southern Pines - Connecticut & Bennett Sts. is the registration desk.

Hooray to CATHY RICE who won the Ladies Home Journal's grand prize for her bedroom makeover. The beautiful pictures of CATHY's talent were also captured by the Fayetteville Observer-Times in their Sunday edition of "Home" along with a fascinating article describing all the renovations that KEN and CATHY have made to their home to make it so lovely. We already knew that CATHY's mother TOGI LECLAIRE had "the touch" - it must run in the genes!

Hole-In-One Hoorays to BILL SHERRILL who scored his first ace August 15th on No. 8 East using his 7 iron. His foursome included ANDY DANEFF, ROD HEINE and GEORGE TOVEY.

HOORAY....cont'd.....

THANKS A MILLION, PAULINE....(Tune of Daisey Bell) "PAULINE, PAULINE, You know that we'll miss you. But with some luck, and lots of work, Piney Pipers will carry on," warbled the quartet to PAULINE HOLT at a dinner at CCWP to celebrate her twenty-five years of directing Whispering Pines' songsters. She has decided to retire from that responsibility.

Recalling earlier times, PAULINE mentioned some of the first members and performances at the Sheraton before the Terrace Room had adequate facilities.

In appreciation of her dedicated efforts, the group presented PAULINE a gold chain bracelet and an attractive wall plaque. Husband ED was not forgotten, either; he was given a bottle of champagne to thank him for years of listening to the weekly rehearsal (maybe an occasional "blue" note) and for keeping the dogs quiet.

So, thanks a million, PAULINE, from all the Piney Pipers and the entire community for the pleasure and enjoyment your efforts have provided.

LEVIS' LINES
Life

If one has learned all there is to know, its a problem to remember it.

Weddings have become so costly that its now the father of the bride who breaks down and weekps.

A woman likes a man best who has a will of his own - made out in her name.

By the time a man finds greener pastures, he's too old to climb the fence.

The only time a woman really succeeds in changing a man is when he is a baby.

It's predicted that in twenty years people will work two days a week and relax five. Some employers think that's happening now.

Whatever it is that keeps people from becoming really wealthy, most have it.

Many men would like to have a wife who's beautiful, understanding, economical and a good cook. Unfortunately, the law allows only one wife.

All mothers are physically handicapped. They only have two hands.

Just about the time a woman thinks her work is done, she becomes a baby sitter.

A man is seldom as smart as his mother may think, or as dumb as his mother-in-law says he is.

LIFE!

DICK LEVIS

P.S. The August 18th issue of the Charlotte Observer pictured a handsome bride and groom. He is 100 and she 85. The bride said "He was lcnely and I was lonely." LIFE!!

BIRD CHIRPINGS

The fall migration has started. Last week several crows were mobbing what I thought to be a Sharp-Shinned Hawk in my yard. Identification was tentative as the Hawk was kept on the move and did not stay in one place long enough for a positive identification. We will see this happen more often as the birds make their journey south.

Most of the resident Hummingbirds have started their journey south and it is recommended that the use of Hummingbird feeders be stopped by the end of September. The reason for this is to prevent the birds staying in our area for a longer time than is consistent with a safe migration.

BOB TICE reported seeing two Anhingas on Pine Lake in mid August. This bird is also called "water turkey" and/or "snakebird." It is called "snakebird" because its body is submerged while swimming and only its head and neck are visible above the water. I don't know where the name "water turkey" comes from.

SUE GADDONE reported that the Hummingbirds at her feeder were putting on quite a show with as many as six either feeding or waiting to feed at one time. This was late August.

SHIRLEY SHERRILL reported that she and GEORGIA VANDEGRIFT were watching four Pileated Woodpeckers on the 15th fairway - West Course. This is a large Crow-sized Woodpecker with a flaming red crest. It is an impressive bird to sight and four at one time I'm sure made a memorable occasion.

PERSONALS

I wish to thank everyone who sent cards and for all the phone calls since my recent surgery. My golfing buddies have promised me one more stroke since I will be away from the good ol' game for a period of time. I will be anxious to get back on the courses.

JIM MOORE

My family and I wish to thank everyone for their cards and many acts of kindness during our sorrow after BOB's death. The wonderful meals provided were so appreciated. Thank you for caring.

BARBARA DAWES

I wish to thank all my neighbors and friends of Whispering Pines for all the cards, flowers, telephone calls, and visits during my stay in Moore Regional Hospital. I want to also thank all my neighbors for the many dinners and visits since I came home. It makes one feel as though you are a part of one big family. That's one of the many rewards for all of us living in Whispering Pines. My progress of recovering, according to the doctors has been excellent; however I think it is a little slow. My goal is to play nine holes of golf before the end of the month.

LINDY LINDBERG

My sister Toodie and I thank all the kind and INCREDIBLY GENEROUS animal lovers who sponsored our walk in the Humane Society Pet Parade. We love you. Our personal messages of gratitude are being prepared and will be sent shortly.

From YE ED.....You will notice there is no calendar attached to THE PITCH. The Club has decided it was an unnecessary expense for them to provide THE PITCH with the calendars ... and a lot of Whispering Piners receive the Calendar in the UPDATE. The PITCH, of course, cannot absorb this added expense, but we will continue to provide the calendar to our out of town subscribers and the Club will provide us with the necessary original that we can blow up to PITCH size.
