for more programme choice ...better sound quality ...and **now** *PAUSEplus*

What is Digital Radio?

Digital radio brings more programme choice with improved sound quality.

More Choice

With 11 national channels from the BBC plus 8 national commercial stations and a whole raft of local stations broadcasting across the country the average listener can tune into at least 30 digital radio channels.

New BBC Digital Radio Channels

BBC 7 gives a new extension to radio entertainment all day, everyday. It has an unrivalled comedy line up of the best shows. The all-time 'greats' of The Goons, Hancock's Half Hour, Dead Ringers, Just a Minute, Dads' Army, I'm Sorry I Haven't a Clue and many more.

There's also drama, from thrillers to detective stories, science fiction to the classics, as well as readings of your favourite books or the best sellers you've never had time to read. The station also has a new live and interactive show, just for children, everyday!

1 Xtra from the BBC Dedicated to playing the very best in contemporary black music for 16-24 year olds.

6 Music from the BBC It is a station for listeners who are passionate about rock and pop music.

BBC Asian Network First in news and music for British Asians.

BBC Five Live Sports Extra For additional live sporting events not scheduled elsewhere on BBC Radio. The digital home of Test Match Special, additional Wimbledon coverage and extra football commentaries.

New Commercial Digital Radio Stations

All your favourites including Classic Fm, Jazz Fm, TalkSPORT, Capital Gold, Heart, Kiss, Magic, Virgin and many, many more; some exclusive to D.A.B. like Core, PrimeTime, Planet Rock, Saga, etc. They all add to the magic and excitement of the new D.A.B. digital radio broadcasting era.

D.A.B. Digital Radio Text

More news, more information via your D.A.B. radio's screen!

What is *PAUSEplus*?

How many times has your favourite radio station been interrupted by that phone call from a double glazing firm or someone selling that must have item? Sound familiar? Now with a single press of the *PAUSEplus* button you can put your favourite station on hold while you answer that important call. After the interruption simply press the *PAUSEplus* button to return to your favourite station exactly where you left off. So you never miss a single word! Radio stations can effectively be put on hold for typically 20 minutes but can be up to 40 minutes depending on the station you are listening to.

Rewind

Have you ever missed an important news item or telephone number or the title of a piece of music? With a double press of the *PAUSEplus* button you can quickly retrieve what you missed!

With *PAUSEplus* your radio listening will never be the same again... again... again... again!
