ednet CURVE Mouse, wireless, foldable and portable 2,4 GHz, 800/1200/1600 DPI, Color: black/silver

The ednet CURVE mouse is a reliable wireless mouse that has been designed specifically for use with a notebook. The optical mouse with 2.4 GHz nano USB receiver offers a maximum of flexibility. The nano-receiver can be transported either in the storage compartment of the mouse or remain directly in the notebook. The ergonomic design provides comfort and makes the mouse equally suitable for right and left handers. When folded the mouse can be stowed away with ease in any bag and can be transported conveniently. The ednet CURVE mouse makes it possible to control the PC accurately by its functions and features an accurate control of the PC. For fast navigation, the fast scroll wheel is ideally suited. Thanks to the customizable sensitivity levels (800, 1200, 1600 dpi) the mouse can be adapted to individual needs. The energy-saving mode helps conserve battery power.
