

TOMTOM™

ONE

3RD
EDITION

Portable, easy to use
GPS
navigation system

Find your way the easy way

TomTom ONE's distinctive design puts a full-size touchscreen and the power of GPS in a slim, lightweight device. Switch on and go right out of the box. The crystal-clear display, 3D graphics and turn-by-turn spoken instructions help you find your way to any address in the US and Canada – all with just a few taps of the screen. TomTom has the most accurate maps, and with TomTom MapShare™ technology you can instantly modify street names, street direction, and POIs on your own device. And now, there are added safety features so you can easily access local emergency providers. No activation, no monthly fees, it's that easy.

TomTom ONE is the world's number one selling portable navigation device.

Easy to use

- Plug & go: works right out of the box
- 3.5" touchscreen with crystal-clear 3D graphics
- Preloaded maps of the US and Canada on internal memory
- Portable: pocket-sized device
- Clear, accurate, turn-by-turn voice instructions: 36 languages to choose from
- Millions of points of interest such as gas stations, ATMs, hotels and more
- User-friendly menu, ground-breaking technology and award-winning software

Smart navigation

- TomTom MapShare™: instantly modify street names, street direction, and POIs on your own map. Easily share and download other users' verified changes
- Complete guidance to your destination: arrival time, trip time estimation, and choice of routes
- Help Me! menu: easy access to local emergency providers such as police, hospitals and fire stations
- Easily access traffic info: optional RDS -TMC Traffic Receiver* accessory keeps you up-to-date on road congestion to minimize potential delays
