# Respiratory Care Program | Coming Fall 2024

If you're looking for a thrilling, sought-after career in saving lives and helping those in need, Triton College's Respiratory Care Program is for you! The program is excitedly coming to Triton's campus in the fall of 2024. "Respiratory therapy is an extremely in-demand, rewarding career," said Lizz Molina, the chairperson for Triton's Respiratory Care Program. "Anyone that has a lot of compassion and enjoys helping others should consider this field."

The median annual wage for respiratory therapists was

**\$61,830**

in May 2021.\*

Respiratory therapists have a variety of responsibilities, according to Molina, such as performing diagnostic testing, assessing and diagnosing patients of all ages, administering pulmonary medications, managing ventilators, drawing blood, and assisting newborns

\*According to the U.S. Bureau of Labor Statistics.

and their mothers during high-risk deliveries. They also can treat asthma and chronic obstructive pulmonary disease (COPD), help patients with effective breathing and assist with rehabilitation from chronic respiratory conditions, among many other roles.

"We are often the calm presence for our patients in hospital rooms during those scary times when they are struggling to breathe," stated Molina. Those with a degree in respiratory care from Triton College can work in an emergency room, critical care unit, neonatal intensive care unit, rehabilitation center, skilled nursing facility, doctor's office, home care, in-flight transportation and more.

The beginning salary for a respiratory therapist is \$30-\$40 per hour. Since 2021, the job growth has risen 14 percent. Molina explained that respiratory therapists must have proper hearing, mobility, visual and motor skills. They also must be tactile, have strong communication skills, and good intellectual and cognitive abilities. These skills are essential for assessing and monitoring patients, equipment,

working long hours and handling equipment safely and efficiently.

***"Our students will be prepared and competent to enter the field of respiratory care after going through our program."***

Triton College's Respiratory Care Program requires 68 credit hours, which is five semesters (two years), to earn an Associate in Applied Science degree. During that time, students will participate in clinical rotations (semesters two through five) and prepare for the National Board for Respiratory Care (NBRC) exams that will be taken after graduation. To practice respiratory care in the United States, students must receive an NBRC credential of certified respiratory therapists (CRT) or registered respiratory therapist (RRT) and a license in the state they wish to practice.

Triton's Respiratory Care Program has state-of-the-art equipment, including ventilators, diagnostic (PFT) machines, oxygen equipment, and fully functioning mannequins for intubations and ventilation. The new laboratory has been designed specifically for this program and features four intensive care beds, working monitors and working gas to run equipment used in the program.

"Our students will be prepared and competent to enter the field of respiratory care after going through our program," said Molina. Graduating respiratory care students can continue their education and receive a bachelor's degree or master's degree. They can also choose to expand in the field and take specialty exams to become a neonatal/pediatric specialist, asthma education specialist, pulmonary function technician, among other specialties. Molina noted that Triton College's program has received an approval of intent and is seeking provisional accreditation from the Commission on Accreditation for Respiratory Care (CoARC).

"Triton College is an extremely diverse and inclusive campus, making it stand out," said Molina. "Our instructors have a wide variety of experience in the field. Our education, skills and experience prepare our students to have rewarding careers in respiratory care."

## Robotic Welding

### Coming Spring 2024

Are you an aspiring student who wants to work with your hands, learn how to operate robotics and be a part of a vibrant and exciting field? Triton College's Engineering Technology/Robotic Welding Certificate Program is a compelling new addition to the Technology Department, with classes available for the spring 2024 semester.

"Robotic welding is an advanced version of welding, and allows for quicker results, less waste and better safety, as well as useful for various repetitive welding operations," said Antigone Sharris, chairperson of Engineering Technology at Triton College. "Robotic welding can be much more efficient than traditional forms of welding."

Triton's Robotic Welding Certificate Program teaches students to become skilled in automated robotic welding, computer numerical control (CNC) plasma cutting and AutoCAD (a program used to develop flat patterns sent to a CNC plasma to cut).

The median annual wage  
for robotic welders is  
**\$68,565**  
according to salary.com.

Careers can range from assembly and operations, to engineering and design," said Sharris. "The ability to program a robot, and especially program a welding robot, can be important from a shop floor to a boardroom!"

Sharris noted that Triton College's program is both cost effective and time efficient. "The future holds 100 percent opportunity for those who complete this certificate program," said Sharris.

## PLACEMENT TESTING

Triton College expects all students to either possess at the time of admission or acquire through appropriate developmental coursework, the basic reading, writing and mathematical skills that are necessary for success in the course or program of study chosen by the student.

Therefore, Triton College requires all entering students wishing to enroll in credit classes, to take institutional placement tests or provide formal documentation of basic learning skills. See advisor for exceptions.

Students scoring in the developmental range on the English placement test must enroll in appropriate college reading and/or writing courses prior to the completion of 12 academic credit hours. **New students must complete testing or submit documentation to be exempt prior to attending orientation or registration.**

Students with previously earned college credit may be waived from placement tests if they personally bring in a college transcript or grade report showing successful completion of a college-level English composition/rhetoric course or mathematics course with a "C" or better. **New transfer students** need to bring a transcript or grade report to their orientation program. **Returning students** should bring appropriate documentation with them at the time of registration. For more information, visit [triton.edu/placementtesting](http://triton.edu/placementtesting).

## SUPPLEMENTAL ITEMS

## CAREER/Joint Agreements

The Comprehensive Agreement Regarding the Expansion of Educational Resources (CAREER) allows out-of-district students to earn an Associate of Applied Science degree or certificate at in-district tuition rates if the program is not offered at the community college in their district. Interested students should obtain approval to enroll in a specified program of study from their local community college.

For more information, contact the Records Office at **(708) 456-0300, Ext. 3726**.

## Work in the District?

If you live outside Triton's district, but work full time (approx. 35 hours per week) for an approved in-district company, you may be eligible for in-district tuition. Interested students must first apply for a joint agreement, when applicable. If a joint agreement is not available, the company representative must sign the Company Contract Training Form (available in our Records Office) verifying the student's employment.

For more information, contact the Records Office at **(708) 456-0300, Ext. 3726**.

## How to Compute Your Tuition Costs

The following formula will help you determine the cost of courses you register for this semester:

### Here is an example to follow:

3 total hours registered for  
 x \$148 tuition rate = \$444

<b>Registration Fee</b>	
\$2 per credit hour x 3 hours	\$6
<b>Student Services Fee</b>	
\$7 per credit hour x 3 hours	\$21
<b>Technology Fee</b>	
\$6 per credit hour x 3 hours	\$18
<b>Auxiliary Fee</b>	
\$1 per credit hour x 3 hours	\$3
<b>Lab Fees</b>	
See "Lab Fee" column in course listing for exact amount	\$---
<b>Online Course Fee</b>	
\$25 per online course	\$---
<b>Total</b>	<b>\$492</b>

## Reduced Tuition for Older Adults

Residents of the Triton College district who are 60 years of age or older may register for credit classes at a reduced rate. The reduced tuition rate is \$6 per semester hour.

Additionally, senior citizens are entitled to a waiver of registration fee (\$2 per credit hour). Proof of age is required.

## Responsibility of the Student

It is the student's responsibility to:

- Know and observe their program requirements, the rules governing academic work and college policies.\*
- Meet all requirements and deadlines.

\*For more information on college policies and procedures, obtain a college catalog at the Welcome Center, located in the Student Center, or a student hand book in Room B-120.

## Privacy Act/Directory Information

Students annually are informed of the Family Education Rights and Privacy Act of 1974 through the college catalog, which is distributed each year.

### PAY by Nelnet Tuition Payment Plan

To help you meet the expenses at Triton College, we offer a convenient monthly budget plan for students with a tuition balance of at least \$250. Nelnet gives you two options for making monthly payments.

You may make payments by either automatic bank payments or by charging payments to your Discover Card, MasterCard or American Express. Because Nelnet is not a loan program, there is no debt incurred, no credit search, and no interest or finance charges assessed on the unpaid balance. Nelnet charges a \$25 per semester nonrefundable fee to enroll and participate in its program. Students who opt to use the credit card option also will incur a credit card convenience fee.

You are responsible for paying tuition for all classes for which you have registered. **You should not assume that you have automatically been dropped from classes if you don't pay for them by the due date.** Be sure to drop any class you do not wish to take.

If you register, fail to attend and fail to officially withdraw from classes, you are still responsible for the tuition. Students who receive grades but do not pay will be subject to collection fees when the account is turned over to the college's collection agency.

## How Nelnet Tuition Payment Plan Works

You must enroll online. Go to [triton.edu/MyTriton](https://triton.edu/MyTriton) for instructions on how to log on to the student portal. Once you log in, select Enroll and Manage My Payment Plan from the Financial Information pull-down menu. After you submit your online agreement, a confirmation email will be sent to verify your agreement.

### You may budget your tuition and fees one of two ways:

- A. Automatic Bank Payment (ACH)** – ACH payments are those payments you have authorized Nelnet to process directly with your financial institution. It is simply a bank-to-bank transfer of funds that you have preapproved for your tuition at Triton College. Payment can be made from either your checking or savings account. Payments are processed on the fifth of each month and will continue until the balance due to the college is paid in full.
- B. Credit Card Option** – If you elect to use this option, monthly payments along with a convenience fee will be charged to the Discover Card, MasterCard or American Express as designated at the time of origination. The convenience fee is in addition to the Nelnet nonrefundable enrollment fee. Payments will be charged on the fifth of each month until the balance is paid in full.

### Completing the Nelnet Agreement

When you enroll online be sure to have the following information:

- Your student ID number.
- The name and address of the person responsible for making the payments.
- Account information for the responsible person.
  1. If paying by automatic bank payments, you will need bank name, telephone number, account number and the bank routing number. Most of this information is located on your check.
  2. If paying by credit card, you will need the credit card number and expiration date.

### Nelnet Pending Aid Payment Plan

Nelnet Pending Aid Payment Plan is available for eligible students applying for financial aid. An eligible student is one that has an expected family contribution (EFC) of \$5,900 or less (based on their FAFSA on file in the Financial Aid Office). The \$25 Nelnet processing fee is deferred until the plan is activated. If the student's financial aid award covers all institutional charges, the plan is canceled with no penalty. If the student has an incomplete file, or a balance due after the financial aid award has been applied to their account, the student can choose to pay the balance due in a one-time payment and the plan will be canceled with no penalty, or the plan will activate and the \$25 Nelnet processing fee will be charged to the student along with the first of the monthly installments.

## STUDENT PHOTO ID CARD

A student identification card may be required to access various services on campus. An ID is required for admittance into the Educational Technology Resource Center, to check out materials in the Library and for discounted admittance to student events. You may obtain your ID at the Welcome Center in the Student Center. Two forms of identification are required: your current class schedule and a picture ID. There is no charge for the initial ID, however, there is a \$5 replacement charge if lost.

## WELCOME CENTER HOURS

8 a.m.-7 p.m. Monday through Thursday  
8 a.m.-4 p.m. Friday  
9 a.m.-3 p.m. Saturday (Jan. 6, 13 and 20 Only)

## STUDENT GRADE REPORTS

Final grades are available online on your Student Portal at [MyTriton.triton.edu](http://MyTriton.triton.edu). Student Grade Reports are not mailed.

## REFUND POLICY

A student who registers, fails to attend class, and fails to officially withdraw from the class, is still responsible for all tuition and fees. A student who receives grades for a class, but does not pay, will be subjected to collection fees when the unpaid balance is turned over to a collection agency.

A student who officially withdraws from any class may be refunded to a percentage of the course tuition depending on when withdrawal is made (see the following table). The registration, late registration, proficiency test and special examination fees are not refundable. The auxiliary and student services fees are refundable only when official withdrawal occurs before the start of the semester.

## REFUND

A student is entitled to a 100% refund when official withdrawal is made no later than the first 5.5% of the class calendar days. A 50% refund will be granted within the first 5.6-8% of the class calendar days. Withdrawals after the 100% refund period will result in a grade of "W".

All requests for exceptions to this policy must be made in writing on a General Petition form and submitted to the Welcome Center in the Student Center within one calendar year of the semester in dispute. For more information, you may obtain a guide to refund petitioning at the Welcome Center.

## Tuition Refunds/Credit Vouchers for Students Called to Active Military Service

Any active student who is required to withdraw from classes during his/her regular semester or summer term due to active military obligations will be entitled to a full refund of tuition or credit voucher (unless paid by a state/federal agency) upon evidence and notification to the college within the semester or term of withdrawal.

For more information, call (708) 456-0300, Ext. 3392, 3581 or 3540.

# Financial Aid

A variety of financial aid options are available to help assist students in meeting educational expenses. By applying for financial aid, students will be evaluated for eligibility for federal and state grant programs, on-campus employment and low-interest student loans. Financial aid eligibility is based on the family's financial need as determined by the Free Application for Federal Student Aid.

**For more information on financial aid, either stop by our office located in the Student Center, Room B-160, call (708) 456-0300, Ext. 3155, visit us online at [triton.edu/finaid](http://triton.edu/finaid), or email us at [finaid@triton.edu](mailto:finaid@triton.edu).**

## To apply for financial aid for the spring semester:

- Complete the Free Application for Federal Student Aid (FAFSA). The FAFSA **must be** completed online at [fafsa.gov](http://fafsa.gov).
  - Triton students should list our **school code number 001773**.

## Scholarships

Triton College and the Triton College Foundation offer a variety of scholarships, as well as information on many private scholarships from other organizations. For more information on scholarship opportunities, please visit the Scholarship Office, located in the Student Center, Room B-160, email us at [scholarships@triton.edu](mailto:scholarships@triton.edu), or review our online scholarship directory and application listed under [triton.edu/scholarships](http://triton.edu/scholarships).

## Federal Work Study

Triton College students are able to participate in the Federal Work Study program. This is a great way to earn money while on campus in between classes. Eligibility is based on financial aid need from the FAFSA and you must be enrolled in at least 6 credits. Federal Work Study positions can be viewed at [triton.edu/admissions-aid/financial-aid/work-study](http://triton.edu/admissions-aid/financial-aid/work-study). For further questions regarding Federal Work Study, please email us at [workstudy@triton.edu](mailto:workstudy@triton.edu).

## Undocumented Resources

The Financial Aid Office at Triton College seeks to provide support and services to aid undocumented students in reaching their educational goals. Students are encouraged to fill out the Alternative Application through the state of Illinois at [studentportal.isac.org/en/alternativeapp](http://studentportal.isac.org/en/alternativeapp). Students may also go to [triton.edu/undocumented](http://triton.edu/undocumented) for more information and resources.

## Satisfactory Academic Progress

All students receiving financial aid and/or veterans' benefits must meet the Financial Aid Satisfactory Academic Progress (SAP). The financial aid SAP policy is available from the Financial Aid Office, online under the financial aid section of Triton's website or in the Triton College Catalog.

## Veterans' Benefits

Triton College is approved for the Montgomery and Post 9/11 GI Bill, Reservist and other federal veterans' educational programs, as well as the Illinois Veterans Grant, MIA/POW Scholarship and the Illinois National Guard Scholarship. Veterans should contact a Veterans Affairs representative in the Financial Aid Office, Student Center, Room B-160, or visit [triton.edu/students/Veterans-Services](http://triton.edu/students/Veterans-Services) for more information on eligibility and submission of necessary documents. Additional resources are available at [gibill.va.gov](http://gibill.va.gov).

# Spring 2024

## Tuition Payment Schedule

**Registration is currently in progress.** Registering early gives you the best selection of classes, can significantly reduce the wait time to see an advisor, and allows you to set up a payment plan that gives you up to six (6) months to pay for classes. Register online through the MyTriton portal, in person at the Welcome Center, or by phone with the Call Center. Once you register for classes, you must make payment arrangements (see options below).

If you register between...	Tuition Payment Deadline
Now-Jan. 1, 2024	Jan. 5, 2024
Jan. 2-May 15, 2024	Within five days

If you do not make payment arrangements within the specified timelines, you **may** be dropped from your selected classes. The college will send an email to your official Triton College email address notifying you of the need to re-enroll. **If you decide not to attend, please remember to drop courses for which you have registered. Otherwise, you will be responsible for all tuition and fees.**

### The following **PAYMENT OPTIONS** are available to students:

- **Payments in full** may be made by cash, money order, check or credit card (MasterCard, Visa, or American Express) at the Cashier's Office (Student Center, Room B-130). You may also pay online through your MyTriton portal.
- **Proof of third party payment** – a third party (e.g., your employer) providing payment on your behalf.
- **Nelnet Payment Plan** – Interest-free monthly installments to be automatically deducted from your bank account or credit card.
  - Program eligibility requires a minimum balance due of \$250 and a \$25 processing fee. A valid bank account or credit card is needed to set up the payment plan.
  - Apply online through your MyTriton portal.
  - All Nelnet down payment are processed immediately.
  - Please note that if someone is paying on your behalf, you must first set them up as an authorized payer.

Enroll by...	Tuition Payment Deadline	Number of Payments	Months of Payments
Dec. 1	None	6	December-May
Dec. 26	20%	5	January-May
Jan. 25	30%	4	February-May
Feb. 16	40%	3	March-May

- **Nelnet Pending Aid Payment Plan** – Available for eligible students who have an expected family contribution (EFC) of \$5,900 or less (based on the FAFSA on file in the Financial Aid Office).
  - The \$25 Nelnet processing fee is deferred until the plan is activated. If your financial aid award covers all institutional charges, the plan is canceled with no penalty.
  - If you have an incomplete file or a balance due after the financial aid award has been applied to your account, you may pay the balance due in a one-time payment and cancel the plan with no penalty. Otherwise, the \$25 Nelnet processing fee along with the first of three monthly installments will be charged beginning on **March 5, 2024**.
- **Financial aid holds** will be applied if you have completed the financial aid application.

Every degree-seeking student should create an academic program plan during their first semester on campus. An academic plan outlines the courses you plan on taking each semester until you graduate or complete your planned program of study. You will reach a higher level of success if you have an academic plan that tracks your progress towards completing your degree requirements. Academic plans allow you to view all of your requirements for your degree at a glance and in recommended order to ensure you fulfill all prerequisites. For more information, stop by the Welcome Desk in the B Building or call (708) 456-0300, Ext. 3588.

Triton College does not discriminate in the admission of students on the basis of race, color, national origin, age, gender, gender expression, sexual orientation, religion, veteran status, marital status, ancestry, or disability. Additionally, the lack of English language skills will not be a barrier to admission and participation in any educational programs. Information regarding admission to the college and to specific programs may be obtained from the Office of Admission Services at (708) 456-0300, Ext. 3130.

# Online Courses at Triton College

## Is an Online Course for You?

Online courses means the student and the instructor do not have to be at the same place at the same time in order for teaching and learning to occur. Through the use of technology, distance learning allows students to work classes into their busy home and/or work schedules.

### Online Course Facts:

- Students participate in classes by logging on to the course website and interacting with the instructor and fellow students through email and/or discussion groups and chat rooms.
- Schedule your studies into your busy home and/or work schedule.
- Complete an AA/AS degree without meeting in a classroom.
- Some courses may require on-campus attendance for testing, orientation or instructional sessions. Contact your instructor for details.
- Faculty and students are linked via computer over the internet.
- Students can access course information at anytime, from any place that has an internet connection.
- The instructors post written lecture information, course materials, assignments and discussion questions on the course website.

Two common misconceptions about online courses are that they are correspondence courses and that they are self-paced—this is not true. The classes have scheduled beginning and ending dates, and assignment deadlines.

Begin your course, check for new course offerings and find out if online learning is right for you.

Go to [triton.edu/online](http://triton.edu/online) and select **Credit Courses**.

Select **Info Sheet about Class** for special course requirements, including testing on campus, software needs, general course information and instructor contact information.

**For more information, call the Triton College Educational Technology Resource Center (ETRC)\* at (708) 456-0300, Ext. 3361 or 3039.**

**ETRC - Room A-314**

\*The ETRC is the student support center for Blackboard, Triton student portal and emails. Services include in person blackboard orientations by appointment, online tutorials, email, telephone, walk-ins and online HELP form [triton.edu/etrchelp](http://triton.edu/etrchelp) limited tutoring in Microsoft applications.

**A current semester Triton College photo ID is required for access to the ETRC.**

# Barber Certificate

Gregory Skipper of Broadview is passionate about the barbering industry and is excited to see a barber program come to Triton College. Skipper has worked as a barber for 40 years, and feels the profession is thriving.

Triton College's Barber Program will teach students techniques in cutting hair and styling, using cutting-edge and modern forms of barbering. The program will also prepare students for the exciting and fast-paced profession of barbering and hair design. Students need to take 50 credit hours to complete the certificate. All classes will be held at Triton College in the H Building and will be taught by Skipper as well as barbers who have worked in the industry.

*“Barbering at Triton College is going to be an excellent program with a lot of good opportunities.”*

Some classes taught include Barber Fundamentals, The Science of Barbering, and Anatomy and Physiology, among others. They will be offered both during the day and in the evenings, to accommodate different schedules. “Upon completion of the program, students will have earned a barbering certificate as well as college credit,” he said. “Students can also go on to finish their associate degree if they chose.” Those enrolled will learn so much more than cutting hair, according to Skipper, such as the human body, the muscles and bones, and the nervous system.

## Testing Center

Room A-126 • (708) 456-0300, Ext. 3252 • [testingcenter@triton.edu](mailto:testingcenter@triton.edu)

The Triton College Testing Center provides testing services for Triton students, staff and community members, and adheres to the professional standards and guidelines of the National College Testing Association (NCTA). Exams offered include placement testing, course testing, career and program specific certification and credit-by-examination.

For more information, visit us at [triton.edu/testingcenter](http://triton.edu/testingcenter).

### Online Course Testing

Triton students taking online courses may be required to test in a proctored environment on campus at the Testing Center. Instructors will notify students of any specific test details. Students needing to test at the Testing Center can schedule their appointment at [booknow.appointment-plus.com/3gr75nrg](http://booknow.appointment-plus.com/3gr75nrg).

### WorkKeys

ACT WorkKeys Assessment is a series of exams used to measure skills for various job-related proficiencies and requirements, including the National Career Readiness Certificate (NCRC) and the Illinois State Board of Education Paraprofessional Educator Licensure. Visit the Testing Center webpage for additional details.

### CNA

The Testing Center partners with Southern Illinois University to offer the Illinois Nurse Aide Certification Exam (INACE) on campus to Triton students and the greater community. Students successfully completing the Triton Certified Nurse Assistant (CNA) Program are welcome to register for testing dates. For more information, visit [nurseaidetesting.com](http://nurseaidetesting.com).

### CLEP

The College Level Examination Program (CLEP) offers students the opportunity to bypass undergraduate coursework in pursuit of achieving their academic goals. More than 2,900 colleges and universities accept CLEP scores and award college credit for passing scores. Visit the Testing Center webpage for specific exam titles and credit equivalencies.

## Educational Technology Resource Center (ETRC)

Room A-314 in the Library  
(708) 456-0300, Ext. 3361 or 3039  
[etrc@triton.edu](mailto:etrc@triton.edu)

The Educational Technology Resource Center (ETRC) provides support for multi-factor authentication (MFA), all Online/Blackboard courses, the Student Portal, and Triton student email, providing in person, phone, and online orientations, online tutorials, Microsoft application tutorials, and Microsoft application certified tests. Additionally, the lab features current technology and software for students. For more information, call Ext. 3361.

### Online/Blackboard Courses

The ETRC is the student support center for Blackboard, the Triton student portal and emails. Services include limited tutoring in Microsoft applications, in-person Blackboard orientations by appointment, online tutorials, email, telephone, walk-ins and an online HELP form at [triton.edu/etrchelp](http://triton.edu/etrchelp).

# CAAS

*Center for Access and Accommodative Services*

## Academic Accommodations

The Center for Access and Accommodative Services (CAAS) at Triton College provides academic accommodations and accessibility services for students.

Students in need of note-taking assistance, testing accommodations, sign language interpreters, adaptive equipment and/or other services must submit a Confidential Data Form to the CAAS Office, located in the Learning Resource Center, Room A-105, or call **(708) 456-0300, Ext. 3917**.

Confidential Data forms are available online and at the CAAS Office.

For more information, email [caas@triton.edu](mailto:caas@triton.edu) or visit [triton.edu/caas](http://triton.edu/caas).

## The Center for Access and Accommodative Services (CAAS) is now offering Otter.ai and Kurzweil FREE for all students.

### Otter.ai

Otter records lectures and transcribes them into text instead of you trying to take notes. Both in-person and online classes can be recorded and transcribed.

#### Using Otter you can:

- Add highlighting to the transcription as reminders of important course content and upcoming test dates.
- Add annotations for charts, equations, lab contents and more.
- Take pictures with the mobile app that will be pinned to the transcription.

Kurzweil allows students to scan a document and will then read the document aloud.

Kurzweil can also read aloud information on the web.

For more information or to request a free license, email [caas@triton.edu](mailto:caas@triton.edu) or visit CAAS in Room A-105.

# ATTENTION ALL STUDENTS

Get an early start on the financial aid application process for the 2023-2024 academic year by applying now at [FAFSA.gov](https://fafsa.gov).

**Students may complete and submit the 2023-2024 FAFSA (Free Application for Federal Student Aid) now.**

**This year's application has been available since Oct. 1, 2022. Some federal and state grant programs have limited funding and students are awarded based on first-come, first-served basis. Therefore, it is important to submit the FAFSA as early as possible in order to receive consideration for all funding sources.**

## Where do I start?

Complete the FAFSA on the web or by downloading the myStudentAid app.

The FAFSA must be completed and submitted to determine the student's eligibility for federal and state grants, Federal Stafford Loans, and Federal Work Study. Students may apply on the web at [fafsa.gov](https://fafsa.gov). Triton College's school code (001773) should be entered on the FAFSA to ensure that our office receives your results. If assistance is needed in completing the FAFSA, students may bring their/their parents' appropriate year's tax returns (1040, W-2s, and any schedules) and other documents that verify income to the Financial Aid Office and a staff member will guide the student through all the steps needed in order to complete the FAFSA.

**For any questions or assistance, please contact the Triton College Financial Aid Office at (708) 456-0300, Ext. 3155, or [finaid@triton.edu](mailto:finaid@triton.edu).**

Now Available!

## Discover: Pathway to Financial Success

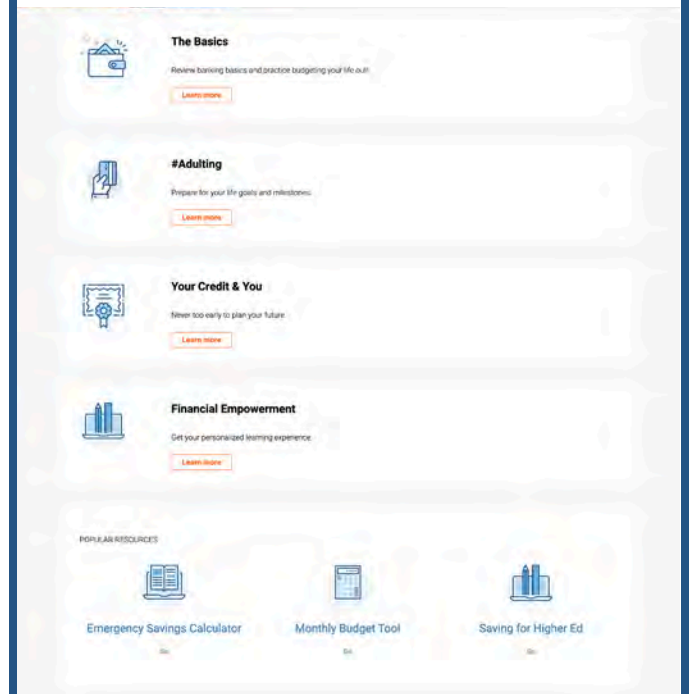

Obtain the skills and habits you need to be financially successful when you leave the classroom. These self-contained financial literacy units are crafted for flexible use as single-class learning experiences or thematic units.

Students may access these programs for free and complete lessons at their own pace.

Resources include a variety of helpful articles, ranging from banking basics to how to prepare for your life goals, along with financial tools such as a monthly budget tool and an emergency savings calculator.

To access Pathway to Financial Success, a link is available on the Financial Aid Page on Triton's website [triton.edu](https://triton.edu).

For more information, contact the Financial Aid Department at **(708) 456-0300, Ext. 3155.**

## Looking for more ways to pay for college?

The Scholarship Office has launched a new electronic scholarship application through AcademicWorks for institutional and Triton College Foundation scholarships. Students may be considered for multiple scholarships with the completion of a single application.

**For more information, contact the Financial Aid Office at (708) 456-0300, Ext. 3155 or visit [triton.edu/admissions-aid/scholarships](https://triton.edu/admissions-aid/scholarships).**

## The Triton College Placement Test: **ACCUPLACER**<sup>®</sup>

The ACCUPLACER placement test consists of the following: Math (20 to 40 questions), Reading (20 questions), and Writing (25 questions). All subjects are untimed, multiple choice, and computer-based. It is recommended that testers allow 2 hours to complete the test session.

### Other Important Information:

- Test takers must complete a Triton College application before taking the placement test. A valid ID with the test taker's name and photo is required to test. There is no fee for the first attempt.
- Outside materials and personal calculators cannot be used on the test. A calculator icon will be available in the test platform for use on specific math items. Scratch paper and pencil will be provided.
- ACCUPLACER math scores are valid for 2 years. ACCUPLACER English scores are valid for 3 years.
- Students who demonstrate proficiency by another measure may not need to take ACCUPLACER.

**For more information or to schedule an appointment, call (708) 456-0300, Ext. 3252 or visit [triton.edu/testingcenter](http://triton.edu/testingcenter).**

## How Can I Prepare?

**As in any testing situation, you can do your best by following a few basic tips:**

- Review the practice testing material before you take the test. The review material includes information about key concepts contained in the test. After you complete a review of the concepts, you can take a practice test and get feedback about your knowledge.
- Relax! The ACCUPLACER test is designed to help you succeed in school.
- You will be able to concentrate better on the test if you get plenty of rest and eat properly before the test.
- Arrive a few minutes early so you can find the testing area, restrooms, etc., and have time to gather your thoughts before the test begins.
- Be sure you understand the directions for each test before that test session begins. Ask questions if you need to.
- Read each question carefully until you understand what the question is asking. If answering an item requires several steps, be sure you consider them all.
- Be sure to answer every item. You are not penalized for guessing. Your score will provide more useful placement information if you answer every item, even if you guess.
- Don't be afraid to change an answer if you believe that your first choice was wrong.
- If you have a problem or question during the test, raise your hand and the test administrator will help you. Although they cannot answer test questions for you, they can help you with other types of problems.

Access the free ACCUPLACER study app at

# Students ... Meet Career Coach!

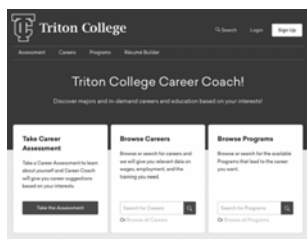

## Triton's New and Easy-to-Use Interactive Career and Education Information Tool

Career Coach is an online career exploration platform that introduces students to Triton's programs and how they can help get them on a path to a great career!

This powerful online tool lets students browse educational offerings, build a resume, explore the employment market for in-demand careers matching their current interests and actually apply for the job of their choice.

When a student has a career vision, they're more likely to complete their program of study on time... and succeed in their professions. Career Coach gives them that vision. This service uses comprehensive labor market data to help students find careers that match their strengths – and discover programs at Triton that will prepare them for success.

Whether you are an undecided student (unsure which program or career to pursue), a career-decided student (know your desired career, but not sure which program would lead to it) or a program-decided student (know your program of interest, but don't know the career outcomes) – Career Coach is just what you need to help you reach your goals!

Visit [triton.emsicc.com](http://triton.emsicc.com) today and explore one of the most effective tools you'll ever use to prepare yourself for an incredible future!

# HONORS AT TRITON

## REWARDING EXCELLENCE WITH A TUITION WAIVER

Do you have a 3.5 GPA or higher at Triton? Great! You may be able to qualify for a tuition waiver for two courses.

### REQUIREMENTS:

1. Enrolled in a degree-seeking program.
2. Have a 3.5 GPA in all 100 level or above courses taken.
3. Completed at least 12 hours in the past year in 100 level or above AA or AS courses.

You may petition to enroll in any two of the following Scholars Program\* courses at no tuition charge.\*\* Space in these courses is limited, with first choice going to Scholars Program students. The petition must be approved by the Scholars Program coordinator and the dean. Leave petitions in Room E-102E in the Liberal Arts Building for continuous approval review. (*Acceptance into a course does not mean admission into the Scholars Program.\**)

Scholars Program students must be full-time students (at least 12 credit hours per fall and spring semester) and at a minimum must stay on pace to graduate by the end of their second school year (end of spring semester). Register in any two (but no more than two) Scholars courses listed below, plus the one-hour LIT 299 course.

## Early Childhood Education Cohort Program

Never in history have both the demand for teachers and the opportunity for a career in teaching been greater.

Triton College's Early Childhood Education Cohort Program is for those interested in teaching young children as they begin their educational journey. Triton's ECE Cohort Program offers courses focusing on child development, health and safety, working with children with special needs, creating developmentally appropriate activities and many others. What makes the ECE Cohort Program unique is that it is fully online for those students needing a more flexible approach to pursuing their educational goals while also balancing work and other responsibilities.

Triton College is proud to partner with the state of Illinois in offering the ECACE scholarship which can cover the cost of tuition and books, as well as other related expenses to individuals interested in pursuing a certificate or degree in early childhood education. If you currently work or have previously worked in the early childhood field, you may be eligible for this amazing opportunity to advance your career at little to no cost. In addition to our ECE Cohort Program, we offer both certificate and degree programs in early childhood education with classes being offered in person and online. Our program is designed to provide a comprehensive education to individuals interested in working in the field of early childhood education.

*"The instructors at Triton were amazing. They would stay after hours to help me and answer any of my questions. They even helped me obtain scholarships and guided me every step of the way."*

# Registration Information

## Step 1: Select Courses

Each course description includes the course number, location (including both on- and off-campus courses), date of first class, time, room number and tuition.

## Step 2: Fill Out Registration Form

This will ensure that you have all the information necessary before registering.

## Step 3: Register in Person, by Phone, Email or Online

Register early to prevent cancellation of a class due to low enrollment. Late registration will be accepted the first night of class if space is available and the class has not been canceled. Payment must accompany late registrations.

### Register in Person

#### At Triton's Main Campus

Come to the Welcome Center located in the Student Center.

#### In-Person Registration Hours:

Monday-Thursday	8 a.m.-7 p.m.
Friday	8 a.m.-4 p.m.
Saturday (Jan. 6, 13 and 20 Only)	9 a.m.-3 p.m.

### Register by Phone

#### With a Triton Representative

Select your courses and call **(708) 456-0300, Ext. 3500**, to register. Be prepared to give the representative the course information (course title and number, etc.).

#### Phone Registration Hours:

Friday	8 a.m.-4 p.m.
Saturday (Jan. 6, 13 and 20 Only)	9 a.m.-3 p.m. (Call <b>Ext. 3130</b> )

### Register by Email

#### Completing the Form

Complete the Continuing Education Registration Form found on next page. Be sure to include all information on each course you are registering for.

### Register Online

Go to [triton.edu](http://triton.edu) and log into **MyTriton portal**. Restrictions may apply.

### Payment

Payment must be included with registration form. Acceptable forms of payment include MasterCard, Visa or American Express.

### Personal Data

When it is necessary to withdraw or revise a scheduled class, the college will contact students as soon as possible. Current home and work phone numbers and address information must be accurate on your student records.

### Tuition

The tuition listed at the end of each course entry includes these rates. For example:

\$48.00 / 126.00 / 19.00

The first amount is in-district tuition, the second amount is out-of-district tuition and the third amount is the special rate for in-district older adults (age 60 and over).

All tuition is subject to change without notice.

### Fees

Students enrolled in "E" noncredit/vocational courses (i.e. PSY E01) are assessed fees totaling \$16 per Adult Education Credit hour (AEC). This includes the Registration, Auxiliary, Technology, and Student Services fee.

Students enrolled in "C" noncredit/personal enrichment courses (i.e. PED C01) are assessed a \$7 registration fee per course. Students registering for multiple "C" courses are eligible for a refund of any registration fee balance over \$7 and should contact the Continuing Education main office.

The registration fee is waived for in-district senior citizens age 60 years and older. In the event a student cancels a course, the Registration fee will not be refunded.

### Extension Centers

Meeting dates for classes held at extension centers generally follow the schedules and/or school calendar of that center. When a center is closed because of local scheduling, severe weather or some other condition that makes holding class impossible, that class meeting will be canceled and rescheduling arrangements will be made at the next class meeting.

### Refund Policy

One hundred percent refund up to three business days (9 a.m.-5 p.m.) prior to the start of the class. No refunds will be granted after this time. No-shows do not constitute cancellation.

Requests for exception to the refund policy must be stated in writing on a General Petition or letter to the dean, Continuing Education Department and submitted to Room A-201 of the Learning Resource Center within one calendar year of the semester in dispute.

All refund checks are mailed. Credit card payments are refunded by credit card and check payments are processed 10 working days after check receipt.

#### Cashier's Office Hours:

Monday-Thursday	8 a.m.-7 p.m.
Friday	8 a.m.-4 p.m.
Saturday (Jan. 6, 13 and 20 Only)	9 a.m.-3 p.m.

For more information, call **(708) 456-0300, Ext. 3392, 3581 or 3540**.

### Scheduling

Triton College reserves the right to withdraw, postpone, combine or divide classes and to change either the time, dates or location of classes. Triton also reserves the right to make other required revisions that may be necessary when there are insufficient paid registrations; when qualified instructors, facilities or equipment become unavailable; or for other reasons that are beyond the college's control.

## PERSONAL ENRICHMENT

### English/Literature & Comp

#### Great Books for Everyone

Read and discuss some of the best books that have been written during the past 2500 years. Read them for the very first time or to refresh your memory of past readings. No educational background is required, just the desire to learn, to meet some of the great minds of the past, and to discover the rewards of challenging conversations. There is no "teacher" but rather two well-prepared discussion leaders who will help you think and talk about the meaning of what you read by raising questions. You'll find the every-other-week meetings informal, lively, and enjoyable as you discuss ideas that should concern everybody. Books may be purchased or borrowed from the library.

**Computer Skills for the Workplace** 1.5 AEC  
Most jobs today require a working knowledge of certain computer skills. Employers seek and reward employees with the skills and knowledge to send emails; use a spreadsheet to create a graph and paste it into a report; add and edit data in a database; understand the implications of file sizes, memory limitations, and network arrangements; and recognize the function and features of modern computer components. Any job candidate who already possesses these skills will stand above those who do not.

Designed to provide the fundamental computer competencies you need to survive and prosper in today's fast-changing workplace. Learn how to implement the powers of modern office software to work faster and more efficiently. Focuses on practical application for software most common to the workplace. By the end of the course, you will have learned why employers consider technological literacy so critical to the success of any organization.

**Project Management****Project Management Fundamentals** 1.5 AEC

There are more projects occurring today than at any time in history. Organizations initiate projects to create new computer applications, erect bridges and buildings, improve processes, develop new products and reorganize company operations. Unfortunately, most organizations do not manage projects well, creating an unprecedented demand for project management practitioners. If you're organized, perceptive, detail-oriented and an excellent communicator, you just might have what it takes to succeed in the fast-growing field of project management. If you're new to project management, this course will provide you with the essential information you'll need to prepare for and complete your first project. If you're an experienced project manager, this course will make you more valuable to your employer by increasing your skills and competencies. This course will also help you prepare for the internationally recognized Project Management Professional (PMP) and Certified Associate in Project Management (CAPM) exams.

## Dental Assisting Program

The Dental Assisting Program prepares students for entry-level positions in one of the fastest growing health care positions. Dental assistants provide quality preventative and corrective dental care under direct supervision of the dentist or dental hygienist. Dental assistants work in a variety of health care settings, including dentist offices, hospitals and other similar facilities. The purpose of this course is to familiarize the student with all areas of pre-clinical dental assisting and provide training in the professional skills required to function as an assistant in the dental practice.

## Pharmacy Technician Program

Pharmacy technicians work under the supervision of licensed pharmacists to perform technical duties in the systematic operation of the pharmacy – providing health care services and medications to patients. This 75-hour course will introduce students to various settings in pharmacy practice, including the community, hospital, managed care, mail order and long-term care. Information on qualifying for the pharmacy certification examination will be provided. Technicians may perform many of the same duties as pharmacists. However, all of a technician's work must be checked by a pharmacist before medicine can be dispensed to a patient.

### Career Outlook

According to the Bureau of Labor Statistics (BLS), employment of pharmacy technicians is projected to grow 20 percent from 2012 to 2022, faster than the average for all occupations. Several factors will lead to increased demand for prescription medications. Depending on the position, the technician may also manage third-party billing, answer telephones, direct customers to items or to the pharmacist for medication consultation, receive written prescriptions, clean and sterilize dispensing bottles and instruments, answer questions regarding non-drug products and operate a cash register.

### Educational Requirements

High school diploma or equivalent. Since pharmacy technicians interact daily with co-workers, patients and health care professionals, good communication and interpersonal skills are essential. It is recommended that students take the math placement exam to ensure their ability to do basic college math.

## Cannabis Dispensary Technician

Dispensary technicians work in cannabis dispensaries, performing day-to-day operation and work with customers to find the best products that suit their need. This certificate is useful for individuals planning to enter the cannabis industry. In addition to history, policy and laws related to cannabis, the certificate presents best practices in cannabis dispensary operations and cannabis therapeutics. Students will also learn about the importance of advocacy within the cannabis industry.

**Online - Thursdays, 6-8:20 p.m. - Feb. 1-April 11, 2024**

**Tuition:** In-district = \$276 (additional fees apply at the time of registration).

Instructor is a subject matter expert on several aspects of cannabis and business.

**Limited capacity.**

For more information, please call (708) 456-0300, Ext. 3500, or email [askce@triton.edu](mailto:askce@triton.edu).

## Veterinary Assistant Program

Veterinary assistants are critical members of a veterinary staff. Learn the practical skills needed to assist veterinarians and veterinary technicians as you care for sick and injured animals. Learn how to assist with medical procedures, customer relations and examinations. Students will also learn how a veterinary hospital operates by focusing on billing, workplace safety and marketing in an externship. This 150-hour Veterinary Assistant Program prepares students for entry-level positions in the veterinary field. Upon successful completion of this course, the student will be able to demonstrate the practical skills needed to become a valuable veterinary assistant.

### Career Outlook

According to the Bureau of Labor Statistics (BLS), employment in the veterinary assistant field is expected to grow 19 percent through 2026, which is much faster than the average for all occupations. Veterinary assistants and laboratory animal caretakers work mainly in clinics, animal hospitals and research laboratories. Their work may be physically and emotionally demanding. Salaries vary depending on experience, hours and location.

### Educational Requirements

Most employers prefer that veterinary assistants have a high school diploma or equivalent.

# Adult Education

Triton College offers a wide range of adult education programs that help adults gain the literacy, numeracy and language skills needed to enter postsecondary/training programs or the workplace. For more information about any adult education program, please contact us at **(708) 456-0300, Ext. 3513, [AdultEducation@triton.edu](mailto:AdultEducation@triton.edu)** or visit the department's website at **[triton.edu/Adult-Education](http://triton.edu/Adult-Education)**.

## English as a Second Language (ESL)

English as a Second Language (ESL) classes are designed for non-native English speakers. Classes are held in HyFlex format (students can choose to attend in person or online), in the morning, afternoon and evenings, on campus and at local high schools. Free citizenship classes are offered. Classes fill up quickly, so early registration is strongly advised.

## Transition Programs

Bridge to College and Integrated Education and Training (IET) programs provide students with the opportunity to engage in a different approach to learning math and English language arts, gaining the skills and knowledge they need to succeed in college-level work. Coursework is contextualized within a career focus (e.g., allied health, business, STEM).

## State of Illinois High School Diploma (GED)

This program is designed for adults who do not have a high school diploma and want to prepare to take the State of Illinois High School Diploma exams (GED, HiSET) and for those who wish to enhance their literacy or numeracy skills. Classes (in English and Spanish) are held in HyFlex format (students can choose to attend in person or online), in the morning and evenings.

## Basic Literacy

Literacy programs are designed to help adults develop basic reading and writing skills in English. Tutors assist students in individual and small group tutoring sessions.

**For more information about any adult education program, please contact us at **(708) 456-0300, Ext. 3513, [AdultEducation@triton.edu](mailto:AdultEducation@triton.edu)** or visit the department's website at **[triton.edu/Adult-Education](http://triton.edu/Adult-Education)**.**

## Adult Education HyFlex Classes

### HyFlex ESL and GED Classes in Triton's Adult Education Department: Take Classes at Home, Online or Both!

Triton College's Adult Education Department now offers GED and ESL classes in the HyFlex format! What is HyFlex? In a HyFlex course, students have a choice every day whether to join their class in person or online. Students can choose to attend completely in person, completely online or switch back and forth depending on what is most convenient for them. HyFlex teachers are present in-person for all class periods, and teach online and in-person students at the same time with the help of a sound- and motion-tracking camera.

The HyFlex format has many benefits. It gives students flexibility and control over how they learn, and allows workarounds for barriers to both in-person and online attendance. Students no longer have to stop taking classes if they have technology issues or lose access to transportation. They can simply switch formats and remain in the same class with the same teacher. The format is also a great way for students to develop their digital literacy skills, as digital literacy is built into these courses from the ground up. HyFlex students, supported by their teachers, encounter numerous types of technology throughout the semester and steadily increase their confidence in using it.

Join the many students currently enjoying this new HyFlex format. For more information, call the Adult Education Department at **(708) 456-0300, Ext. 3259 or 3513**, email us at [adulthoodeducation@triton.edu](mailto:adulthoodeducation@triton.edu) or visit our website at [triton.edu/adult-education](http://triton.edu/adult-education).

### Clases HyFlex de ESL y GED disponibles en el Departamento de Educación para Adultos de Triton: ¡Tome sus clases en casa, en línea o ambas!

¡El Departamento de Educación para Adultos de Triton College esta ofreciendo clases de GED y ESL en el formato HyFlex! ¿Qué es HyFlex? Es un curso donde, los estudiantes tienen la opción todos los días de unirse a su clase en persona o en línea. Los estudiantes pueden optar por asistir completamente en persona, completamente en línea o alternar dependiendo de lo que sea más conveniente para ellos. Los maestros de HyFlex están presentes en persona durante todos los períodos de la clase y enseñan a los estudiantes en línea y en persona al mismo tiempo con la ayuda de una cámara de seguimiento, movimiento y sonido.

El formato HyFlex tiene muchos beneficios. Brinda a los estudiantes flexibilidad y control sobre cómo aprender, y permite soluciones alternativas para las barreras a la asistencia tanto en persona como en línea. Los estudiantes ya no tienen que dejar de tomar clases si tienen problemas con la tecnología o pierden el acceso al transporte. Simplemente pueden cambiar de formato y permanecer en la misma clase con el mismo profesor. Este formato también es una excelente manera para que los estudiantes desarrollen sus habilidades de alfabetización digital, ya que la alfabetización digital está integrada en estos cursos desde cero. Los estudiantes de HyFlex, con el apoyo de sus maestros, se encuentran con numerosos tipos de tecnología a lo largo del semestre y aumentan constantemente su confianza en su uso.

Únase a los muchos estudiantes que actualmente disfrutan de este nuevo formato HyFlex. Para obtener más información, llame al Departamento de Educación para Adultos al **(708) 456-0300, ext. 3259 o 3513**, envíenos un correo electrónico a [adulthoodeducation@triton.edu](mailto:adulthoodeducation@triton.edu), o visite nuestro sitio web en [triton.edu/adult-education](http://triton.edu/adult-education).

### Zajęcia HyFlex ESL i GED w Dziale Edukacji Dorosłych Triton College: Weź udział w zajęciach w domu, online lub w obu przypadkach!

Dział Edukacji Dorosłych Triton College oferuje teraz zajęcia GED i ESL w formacie HyFlex! Co to jest HyFlex? Na kursie HyFlex studenci mają codziennie wybór, czy dołączyć do klasy osobiście, czy online. Studenci mogą wybrać uczestnictwo całkowicie osobiście, całkowicie online lub przełączać się tam i z powrotem w zależności od tego, co jest dla nich najwygodniejsze. Nauczyciele HyFlex są obecni osobiście we wszystkich okresach zajęć i jednocześnie uczą uczniów online i osobiście za pomocą kamery śledzącej dźwięk i ruch.

Format HyFlex ma wiele zalet. Daje uczniom elastyczność i kontrolę nad tym, jak się uczą, a także umożliwia obejście barier utrudniających uczestnictwo zarówno osobiście, jak i online. Uczniowie nie muszą już przerywać zajęć, jeśli mają problemy z technologią lub stracą dostęp do transportu. Mogą po prostu zmienić format i pozostać w tej samej klasie z tym samym nauczycielem. Format ten jest również świetnym sposobem dla uczniów na rozwijanie umiejętności korzystania z technologii cyfrowych, ponieważ umiejętność korzystania z technologii cyfrowych jest wbudowana w te kursy od podstaw. Studenci HyFlex, wspierani przez swoich nauczycieli, przez cały semestr stykają się z wieloma rodzajami technologii i stale zwiększają swoją pewność w korzystaniu z niej.

Dołącz do wielu uczniów, którzy obecnie korzystają z nowego formatu HyFlex. Aby uzyskać więcej informacji, zadzwoń do Departamentu Edukacji Dorosłych pod numer **(708) 456-0300, wew. 3259 lub 3513**, napisz do nas na adres [adulthoodeducation@triton.edu](mailto:adulthoodeducation@triton.edu) lub odwiedź naszą stronę internetową pod adresem [triton.edu/adult-education](http://triton.edu/adult-education).
