 HOGG FOUNDATION FOR MENTAL HEALTH
 AND IMA HOGG FOUNDATION

Allocations were made from the Hogg Foundation for Mental Health and Ima Hogg Foundation to the following institutions and agencies:

1. Casa de Esperanza de los Ninos, Inc.

In-House Program for Developmentally-Delayed Children - \$35,000

The Executive Committee of the Ima Hogg Foundation is recommending for approval a grant for the period January 1, 1986 to December 31, 1986. Casa de Esperanza is a unique agency which provides residential care for children at risk for child abuse. Parents experiencing high stress for any reason can leave their children at Casa until they can get their lives in order and are able to be good parents again. The Developmental Center will add a much-needed psychological component to the existing services. Most of the children seen at Casa are developmentally-delayed and many need some psychological intervention. Parents would also benefit from the Center's services. Sister Kathy Foster, Director, will be responsible for the administration of the grant.

2. Communities in Schools Houston, Inc.

Specialized Crisis Intervention Services - \$25,000

The Ima Hogg Foundation is recommending for approval a one-time grant for the period November 1, 1985 to October 31, 1986. These funds will be used to contract for crisis services for the increasing number of children in crisis seen by Communities in Schools. A contract with the Houston Child Guidance Center will allow these students to be served by the Center's Family Crisis Intervention Program. In addition, the Guidance Center will provide Communities in Schools' staff with training in using the crisis model to help these youngsters. Mr. Douglas Denise, Associate Director, will be responsible for the administration of the grant.

3. Houston Metropolitan Ministries

Youth Victim/Witness Program - \$18,070

The Ima Hogg Foundation is recommending for approval a one-year grant for the period January 1, to December 31, 1986. The Youth Victim/Witness Program is a unique intervention for families of victimized children which stays involved with the family from the time of the offense to the disposition of the court case. In the delivery of services to these families over the past year and a half, program staff have become acutely aware of the very special needs of the parents of sexually abused children. Ima Hogg funds will be used to develop a volunteer component to provide services to parents of child victims. David Knotts, Executive Director, will be responsible for the administration of the grant.

4. The Institute for the Humanities at Salado

Mental Health Authorities Workshop/Lecture Series - \$1,000

The Hogg Foundation Executive Committee is recommending for approval a one-time grant for the month of November, 1985. These funds will be used to bring Dr. Elisabeth Kubler-Ross to the Institute. The Institute is sponsoring a series of four lectures during the fall of 1985 in a program dealing with "My Mother/My Father: The Feminine and Masculine Spirit." Dr. Kubler-Ross is the third speaker in the series scheduled for November 3. She is internationally renown as a psychiatrist specializing in death and dying and is in great demand as a speaker. Dr. Harry Wilmer will be responsible for administration of the grant.

HOGG FOUNDATION FOR MENTAL HEALTH

AND IMA HOGG FOUNDATION

5. Kerrville State Hospital
Kerrville, Texas

Case Management Information System - \$19,460

The Hogg Foundation Executive Committee recommends for approval a one-time grant for the period December 1, 1985 through December 31, 1986. This grant is for the development and implementation of an automated case management information system which will serve as a model for approximately 60 TDMHMR case management sites in Texas. Current reporting requirements for the TDMHMR case management information system, including necessary travel, requires about 45 to 50 percent of case management personnel time. The proposed information system could reduce this time by more than half and increase the time available for direct service to clients by the same amount. Such a system would provide information on service costs, service quality, and service results for clients much more quickly than the present manual procedures. The model developed at the Kerrville State Hospital will be pilot tested at the Beaumont State School, and a software package and instructional guide will then be made available at no cost to other TDMHMR facilities. The project should have a statewide impact and is consistent with the Foundation's statewide mandate. Dr. Luther W. Ross, Superintendent, is responsible for the administration of the project.

6. Mental Health Association in Greater San Antonio

Second Annual Hispanic Psychotherapy Conference - \$1,300

The Hogg Foundation Executive Committee recommends for approval a grant for the period October 1 - November 30, 1985. This grant represents a portion of the total amount needed to attract outstanding speakers and resource consultants who will participate in the Second Annual Hispanic Psychotherapy Conference to be held in San Antonio on October 31 - November 1, 1985. The co-sponsors of this conference are the National Institute of Mental Health, the Coalition of Spanish Speaking Mental Health Organizations, and the National Coalition of Hispanic Mental Health. Mr. Jaime Pena, Executive Director, will submit a summary report at the end of the grant period.

7. Mental Health Association of Houston and Harris County

A School-Based Clinical Intervention for Emotionally Handicapped Children - \$27,200

The Hogg Foundation is recommending for approval a one-time grant for the period November 1, 1985 to October 31, 1986. These funds will be used to implement a program providing social problem-solving skills (SPS) training to emotionally handicapped children within the Houston Independent School District. The evaluation of the program will further the research on the use of the SPS methodology with high-risk children and will provide the basis for the support of the program by HISD in the future. Ms. Betsy Schwartz, Executive Director, will be responsible for the administration of the grant.

8. Nostros Human Services Development, Inc.
San Antonio, Texas

Inhalant Abuse Project - \$24,897

The Hogg Foundation is recommending for approval a grant for the period November 1, 1985 to October 31, 1986. The grant will be used to support a project to enhance the clinical psychiatric and psychological component of the Inhalant Abuse Project. The Foundation will provide occasional consultation to assist with the administration of the acculturation scales, data analysis and program evaluation. Mr. Ricardo Jasso, Executive Director, will be responsible for the administration of the grant.

HOGG FOUNDATION FOR MENTAL HEALTH

AND INA HOGG FOUNDATION
(Continued)9. Texas Coalition for Juvenile Justice,
Austin, Texas

Juvenile Sex Offender Workshop - \$985

The Hogg Foundation Executive Committee recommends for approval a one-time grant for partial support of a series of workshops on adolescent sexual offenders to be held in Austin on May 6-8, 1986. The Juvenile Sex Offender Program is a new emphasis of the Texas Coalition for Juvenile Justice and will be highlighted during their Sesquicentennial Conference, "Texas, 150 Years Later: Designing the Future." Mr. Joseph Heinz is currently director of one of the few extant treatment programs for adolescent sexual offenders. He will offer a series of three workshops on this topic which will be attended by 200-300 public and private service providers, agency board members, public officials and volunteers. Ms. Anita Marcus, Executive Director is responsible for the administration of the conference.

THE UNIVERSITY OF TEXAS SYSTEM

U. T. BOARD OF REGENTS' MEETING

FEBRUARY 13-14, 1986

1986-87 SYSTEM-WIDE PERSONNEL PAY PLAN RECOMMENDATION

The Administration of each of the component institutions has made recommendations for adjustments to those classifications utilized at their respective institutions. The Office of the Chancellor concurs in these recommendations which are to be reflected in the 1986-87 System-wide Personnel Pay Plan effective September 1, 1986. The 1986-87 System-wide Personnel Pay Plan Comparative is submitted for approval at this time.

The Personnel Pay Plan is supported by extensive studies which have been conducted by the respective institutional personnel offices. In arriving at the salary ranges, we have taken into account the State Classification Plan and the State Salary Schedule for September 1, 1986, which reflects a general rate increase of 3%. Also considered were numerous salary surveys which we have conducted or in which we have participated, pay schedules for other institutions, and prevailing rates in the applicable areas of competition.

Adjustments generally provide for an increase of 3.0% with exceptions for limited classifications. However, one component institution elected to convert their 1985-86 pay plan rates to 1986-87 step values rather than adjust their pay plan by the 3% general increase. It is felt that the recommended changes reflected in the Personnel Pay Plan are necessary for the University to maintain a competitive position, to fairly compensate our employees providing equality with State pay rates, and to attract qualified applicants in the current market. Each classification has been considered on its own merits and recommendations for adjustments have been made according to the individual requirements of each classification as appropriate.

School of Law Bulletin for 1984-86

<u>Current bulletin page number</u>	<u>Summary of Proposed Change</u>
28-29	The rules for transfer students in the School of Law, Doctor of Jurisprudence degree program, are clarified. It is made clear that approval of transfer applications is discretionary with the Dean and provides that the law school from which the applicant seeks to transfer must be a member of the Association of American Law Schools.
29	A statement is added regarding School of Law students who wish to transfer to another law school. It is clarified that approval of such a transfer is wholly dependent upon the actions of the other law school.
29	The current provisions regarding transient summer students are expanded to allow students from other law schools to take coursework at the School of Law for credit during the academic year which then may be transferred back to the home institution. These students do not earn a degree from UT Austin and are limited to earning credit for a maximum of thirty-two semester hours.
29	Guidelines are added for School of Law students who wish to visit another law school. It is provided that approval is for good cause only and is discretionary with the Dean; the visitation period may be a maximum of one year; attendance must be at a law school which is a member of the American Association of Law Schools or one approved by the American Bar Association; and courses must be specifically approved by the Dean.

U.T. BOARD OF REGENTS MEETING

FEBRUARY 13-14, 1986

CATALOG CHANGES

The catalog changes recommended for approval by the U.T. Board of Regents have been approved by an attorney in the Office of General Counsel.

MEDICAL SCHOOL

Legislation relating to the payment and rates of tuition charged by state institutions of higher education, the classification of certain students as residents for tuition purposes, and student financial assistance was enacted in the summer of 1985.

Provisions of the law which affect medical school students are outlined in this Addendum to the 1984-86 Medical School Catalogue.

TUITION

Tuition charges will be based on an interim rate scale for academic years 1985-86 through 1988-89. This scale provides for gradual increases until the full tuition rate for medical schools set by the Legislature is reached in the fall of 1989.

Interim Tuition Rates
(Residents)

\$1,219.00 for the 1985-86 academic year
\$2,400.00 for the 1986-87 academic year
\$3,600.00 for the 1987-88 academic year
\$4,800.00 for the 1988-89 academic year

Nonresidents will be charged an amount equal to four times the rate that a resident would pay during the corresponding year.

Full Tuition Rate
(Residents)

Beginning Fall 1989-90
\$5,463.00 per academic year

Nonresident tuition will be four times the rate of resident tuition.

FEES

The DTHSCSA Student Services Fee is \$100 per academic year. There is no longer provision for this fee to be prorated for academic years of less than twelve months.

INSTALLMENT PAYMENTS

Payment of tuition and fees in installments will be an option for students attending state institutions of higher education. The following alternatives for paying tuition and fees are available:

- (1) Full payment of tuition and fees in advance of the beginning of the semester [academic year]; or
- (2) One-half payment of tuition and fees in advance of the beginning of the semester [academic year] and one-half payment prior to the start of the eighth class week; or

The University of Texas Health Science Center at San Antonio
 Catalog Changes (continued)
 February 13-14, 1986 Meeting

MEDICAL SCHOOL (continued)

- (3) One-fourth payment of tuition and fees in advance of the beginning of the semester [academic year] and separate one-fourth payments prior to the fourth, eighth and twelfth class weeks.

A fee of \$15 will be assessed for handling of installment payments of tuition and fees and a ten dollar fee will be assessed for each late payment.

Late payments will result in one or more of the following penalties: (a) the student's being barred from class until payment is made; (b) withholding of credit if payment is not made by the end of the semester, with the University adjusting records to reflect the student's failure to have properly enrolled for that semester [academic year]; or (c) bar against readmission and withholding grades, degree and official transcript.

CLASSIFICATION FOR TUITION PURPOSES

Nonresidents who may qualify to pay tuition at the resident rate without regard to the length of residence in Texas include:

- (1) Military personnel assigned to active duty in Texas and their spouse and children;
- (2) Faculty employed at least one-half time on a regular monthly basis at a state institution of higher education and their spouse and children;
- (3) Teaching or research assistants employed at least one-half time in a position which is related to the assistant's degree program under institutional regulations, and their spouse and children;
- (4) A student who holds a competitive academic scholarship for at least \$200 which was awarded in competition with Texas students by a scholarship committee officially recognized by the administration and approved by the Coordinating Board, Texas College and University System.

Before an individual may register and pay tuition at the rate provided for residents, he or she must affirm under oath to the appropriate official of the University that he or she is entitled to be classified as a resident for the purpose of paying tuition.

FINANCIAL ASSISTANCE

As a result of recent legislation, Emergency Tuition and Fees Loans are available to students (both residents and nonresidents) who are enrolled at least one-half time and who are not receiving Financial Aid.

In addition, the law makes provision for increased funding for the Texas Public Education Grants program. These grants are based on need, and students (both residents and nonresidents) who file for assistance through the Office of Financial Aid are automatically considered for the grants. Previously available to undergraduates only, the Texas Public Education Grants are now sources of financial assistance for graduate and professional students as well.

Before an individual may register and pay tuition at the rate provided for residents, he or she must affirm under oath to the appropriate official of the University that he or she is entitled to be classified as a resident for the purpose of paying tuition.

FINANCIAL ASSISTANCE

As a result of recent legislation, Emergency Tuition and Fees Loans are available to students (both residents and nonresidents) who are enrolled at least one-half time and who are not receiving Financial Aid.

In addition, the law makes provision for increased funding for the Texas Public Education Grants program. These grants are based on need, and students (both residents and nonresidents) who file for assistance with the Office of Financial Aid are automatically considered for the grants. Previously available to undergraduates only, the Texas Public Education Grants are now sources of financial assistance for graduate and professional students as well.

SCHOOL OF ALLIED HEALTH SCIENCES (continued)

Coordinating Board, Texas College and University System. For the 1985-86 and 1986-87 academic years, nonresident tuition will be :

\$120.00 per semester

*Both tuition and fees are subject to change by Regental or Legislative action.

Tuition and Fees for Joint Programs

Students in the occupational therapy, medical technology, and physical therapy programs pay tuition and fees at both UTHSCSA and UTSA during some portions of the program. ~~Tuition is \$4 per semester hour with a minimum tuition of \$50 per semester and long summer session.~~ Tuition rates are the same at both institutions. Students who register at both UTSA and UTHSCSA pay no more tuition than they would if they registered at a single institution.

Page 23

~~Students pay the minimum tuition (\$50) at the institution where they register first. Any additional tuition charges (over +2 semester hours) will be collected by the second institution when the student registers there.~~ Students will pay no less than the minimum tuition (\$100) at the institution where they register first. Any additional tuition due is collected by the second institution when the student registers there. Any credit from payment of the minimum tuition is applied to tuition charged by the second institution. (Evidence of having registered and paid fees at another institution must be provided at the time of registration at the second institution.)

Fees peculiar to each institution will be collected at the time the student registers at that school. The exception is the parking permit fee which is charged by the school where the student initially registers. A reciprocal parking agreement provides for both schools to honor the other's permit.

UTSA Fees

Student Services Fees	\$6.00 \$7.50 per semester hour (\$78 \$90 maximum)
General Fee	\$6.00 per semester hour
Laboratory Fee	\$2.00-8.00 \$20 per lab course
University Center Fee	\$15.00 (\$7.50 Summer Session)
Property Deposit	\$10.00 at initial registration
Parking Fee	\$15.00 per year

Tuition and Fees for Certificate Program

Dental Assisting, Dental Hygiene, and Dental Laboratory Technology students pay tuition and fees at both UTHSCSA and San Antonio College. Fees peculiar to each institution will be collected at the time the student registers at that school. Minimum resident tuition at SAC is ~~\$40~~ \$50 per semester or \$40 per summer session.

	(7 hours or more)	

*Students whose local address is within the boundaries of the Alamo Community College District are classified as "in-district" residents. Nonresidents of the district pay the "out-of-district" General Fee. Residency status is determined by the Registrar's Office at San Antonio College.

Special fees to defray the costs of participation or supplies in certain courses may be required by both San Antonio College and The University of Texas at San Antonio.

Installment Payments

Payment of tuition and fees in installments is an option for students attending state institutions of higher education. The following alternatives for paying tuition and fees are available:

- (1) Full payment of tuition and fees in advance of the beginning of the semester; or
- (2) One-half payment of tuition and fees in advance of the beginning of the semester and one-half payment prior to the start of the eighth class week; or
- (3) One-fourth payment of tuition and fees in advance of the beginning of the semester and separate one-fourth payments prior to the fourth, eighth, and twelfth class weeks.

UTHSCSA has been authorized to assess a fee of \$15 for handling installment payments of tuition and fees and to collect a \$10 fee for each late payment.

Late payments can result in (a) the student's being barred from class until payment is made or (b) withholding of credit if payment is not made by the end of the semester, with the University adjusting records to reflect the student's failure to have properly enrolled for that semester.

Page 25

Financial Assistance

Assistance is available in the form of long-term loans, scholarships, and subsidy programs requiring contractual agreements for service in future years.

Emergency Tuition and Fees Loans are available to students who are enrolled at least one-half time and who are not receiving Financial Aid.
