# Virginia Fire Service Needs Assessment:

*An annual profile of critical needs as identified by Virginia's Fire Service*

Volume VII - January 2011

# Preface

## Background

At the request of the Virginia General Assembly (VGA), the Secretary of Public Safety directed the Virginia Department of Fire Programs (VD FP) to conduct a comprehensive needs assessment of Virginia's fire service in 2003. The intent of the needs assessment is to provide members of the VGA with adequate information to make informed decisions with regard to fire service funding issues.

The first needs assessment supplement was published in 2004 and laid the ground work to assist in the legislative decision-making process. This report, Volume VII, published in January, 2011 was produced from survey results collected from fire departments in 2010.

The 2010 Needs Assessment continued to focus on the efforts of Virginia's Fire Service to identify specific needs in the areas of apparatus, equipment, facilities, personnel and training and also analyzed the ability of fire departments to adequately perform the duties of the Emergency First Responder.

## Survey Team

The 2010 Fire Service Needs Assessment Survey team consisted of the following VD FP staff: **Dwight E. Crews, Information and Statistics Manager.**

## Acknowledgements

The survey team gratefully acknowledges the contributions of the following management within the Virginia Department of Fire Programs (VD FP) for assistance with survey development and report assistance during the 2011 Fiscal Period.

- Willie G. Shelton, Jr., C.E.M., Executive Director
- Donald E. Hansen, Branch Chief - Training and Operations
- Russell Chandler, Branch Chief - Training and Technical Services
- Brook Pittinger, Director of Administration
- Christine Lopilato, Director of Finance
- Ed Altizer, State Fire Marshal
- David Jolly, Program Chief - Curriculum, Quality Assurance, and IT Services
- Mark Buff, Marketing and Communications Manager
- Samuel W. Burnette, Jr., Chief - Technical Rescue Division

The following VDFP Division Chiefs greatly helped to encourage completion of the needs assessment survey with fire departments and publicized the importance of the needs assessment in their areas.

- Tom Berry, Division Chief - Division 1 Office - Richmond
- John Fugman, Division Chief - Division 2 Office - Orange
- Don Brown, Division Chief - Division 3 Office - Farmville
- Timothy Estes, Division Chief - Division 4 Office - Marion
- Ken Muhleman, Division Chief - Division 5 Office - Hampton
- Dennis Price, Division Chief - Division 6 Office - Roanoke
- Melvin Byrne, Division Chief - Division 7 Office - Loudoun

We also want to thank all the members of the Virginia Fire Services Board for their continued support, as well as, all County Administrators, and City and Town Managers in Virginia for their promotion of the survey.

Finally, we would like to thank all the fire departments in Virginia for their efforts in responding to the 2010 Needs Assessment Survey. The assessment could not be successful without their valuable support and contribution.

## Executive Summary

The information presented in this report is the product of an extensive, continuing effort to provide a current and comprehensive assessment of the challenges facing Virginia’s fire and emergency services.

It provides an overview of Virginia’s fire service by providing current needs assessment survey data annually along with updated information on reported incidents, training, and funding.

### Top Needs

To complete the assessment, fire departments were asked to rank their top needs for FY 2011 from #1 to #5 with #1 being the most important need and #5 being the least important need. Overall, **Personnel** was selected as the **#1 Top Need** with Virginia’s fire service. (See Table 1.) The overall top needs for Virginia did not vary from last year’s survey, displaying that the fire service needs are unchanged.

**Table 1. Top Fire Service Needs**

Rank	Fire Service Need
#1 Top Need	<b>Personnel</b>
#2 Top Need	<b>Training</b>
#3 Top Need	<b>Equipment</b>
#4 Top Need	<b>Apparatus</b>
#5 Top Need	<b>Facilities</b>

### Current Funding

Fire departments also completed information on their current operating budget for FY2011. The estimated total funding that fire departments anticipated to receive for FY2011 was reported as **\$132 million**. (See Table 2.) The amount of their funding for FY2011 was reduced by **\$15 million** from FY2010 to FY2011.

**Table 2. Estimated Funding Summary By Funding Source for FY2011 \***

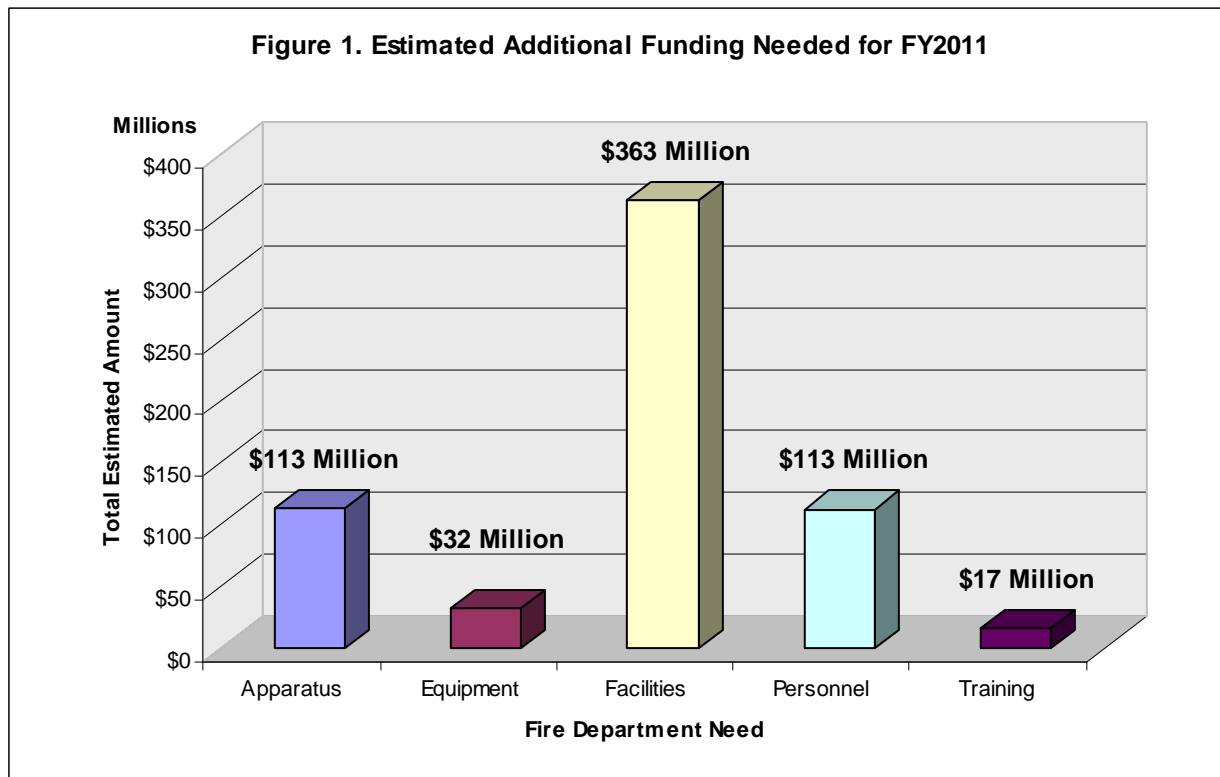

Funding Source	Funding Anticipated to Receive for FY2011	Funding Amount Reduced for FY2011
Locality Funding	\$97,397,329	\$9,774,954
Fund Raising / Donations	\$14,219,861	\$1,689,973
Grant Funding	\$20,837,405	\$3,204,982
<b>Grand Total</b>	<b>\$132,454,594</b>	<b>\$14,669,909</b>

## Additional Funding Needed

Reporting departments also provided their total estimated amount of additional funding needed for FY 2011 for five specific “need” categories. The results were compiled and the total of additional funding with Virginia’s fire service is estimated as **\$637 million**. (See Table 3.) The estimated costs reported with last year’s survey were \$604 million, suggesting that funding shortages continue to be present within Virginia’s fire service.

**Table 3. Estimated Total Additional Funding Needed By Specific Need for FY2011 \***

Fire Department Need	Additional Funding Needed for FY2011
Apparatus	\$112,749,848
Equipment	\$31,824,854
Facilities	\$363,074,886
Personnel	\$112,587,417
Training	\$16,837,421
<b>Grand Total</b>	<b>\$637,074,425</b>

## Apparatus

Fire apparatus are becoming increasingly complex and expensive to purchase, maintain, repair, and replace. Fire departments reported owning an average of one (1) aerial apparatus, two (2) ambulances / other patient transport, one (1) command vehicle, three (3) engines / pumpers, one (1) tanker, one (1) technical rescue vehicle, and one (1) wildland brush truck.

The total reported estimated additional funding needed for FY 2011 with apparatus is **\$113 million**. Thirty-eight percent (38%) of departments showed that they need an engine / pumper. Twenty-nine percent (29%) of respondents expressed the need for a wildland brush truck.

## Equipment

Fire departments implement many different specialized types of equipment when responding to an incident call. Departments responded that they currently own an average of three (3) 4-gas monitors, three (3) map coordinate GPS devices, four (4) mobile data terminals, 31 personal alert safety systems (PASS), 74 personal protective equipment (PPE), 50 radios, 35 self-contained breathing apparatus (SCBA), and three (3) thermal imaging cameras.

Even though Equipment was not ranked as the top overall need in the state, departments in Division 4 - Marion ranked Apparatus as their #1 top need, suggesting that there is a greater need for equipment in the western part of the state.

The total reported estimated additional funds needed for FY 2011 with equipment is **\$32 million**. Fifty-six percent (56%) of departments requested a need for thermal imaging cameras. Personal protective equipment (PPE) was selected as a need with half or 50 percent (50%) of respondents. Map coordinate system - GPS was selected as a need with 48 percent (48%) of departments and 4-gas monitors were listed with 47 percent (47%) of survey respondents.

## Facilities

Sixty-five percent (65%) of responding departments reported that their fire stations are 20 years of age or older. Fifty-four percent (54%) of fire departments documented that all fire stations have backup power during an emergency. Forty-two percent (42%) of the departments responded that they needed improvements / remodeling to the existing stations. The total reported estimated additional funding needed for FY 2011 with facilities is **\$363 million**.

## Personnel

Personnel was the overall #1 picked top need with fire departments. Maintaining enough staff to respond to calls is an important part of managing a fire department. Sixty percent (60%) of departments do not have a personnel recruitment program and 67 percent (67%) have no

retention program for their staff. Sixty-two percent (62%) of fire service personnel are volunteer firefighters and 37 percent (37%) are paid career firefighters. Fire departments have on average 16 firefighters on duty and available to respond to a call.

The total reported estimated additional funding needed for FY 2011 with personnel is **\$113 million**. Seventy-six percent (76%) of all departments responded that they need volunteer firefighters and 24 percent (24%) showed a need for paid career firefighters.

## **Training**

Training was selected as the overall #2 top need with fire departments. Having adequately trained personnel greatly affects how well a department can respond to different types of incidents. Overall, fire departments responded that 71 percent (71%) of their personnel are trained in the area of Hazardous Materials (NFPA 472) - Awareness and 70 percent (70%) are trained in Fire Fighter (NFPA 1001) - Level I. Based on the reported percentage of firefighters that need training and the reported number of fire service personnel, 11,756 firefighters in Virginia, the largest amount, need Fire Fighter (NFPA 1001) - Level II training and 11,600 firefighters need Hazardous Materials (NFPA 472) Operations.

The total reported estimated additional funding needed for training costs for FY 2011 is **\$17 million**. Seventy-one percent (71%) of fire departments requested the need for Fire Apparatus Driver / Pump Operator training. Sixty-four percent (64%) of fire departments responded that they need Vehicle - Operations training and Rope - Level I technical rescue training.

## **Communications**

Ninety-eight percent (98%) of fire departments responded that they can communicate by radio with local agencies at an incident scene, while 43 percent (43%) could communicate with state agencies and 13 percent (13%) could communicate with federal agencies. The largest number of departments (47%) are operating on a frequency spectrum of high band (147 - 174 MHz).

Thirty-eight percent (38%) of the respondents reported that their radios do not have an emergency alert button, while 40 percent (40%) of departments have all of their radios equipped with an emergency alert button. Half or fifty percent (50%) of fire departments have no GPS map coordinate system to help navigate during emergency response. Eighty-one percent (81%) of respondents reported that none of their apparatus are equipped with mobile data terminals.

## 2010 Fire Service Needs Assessment Quick Facts

- The overall survey response for the Needs Assessment was **89%**.
- **Personnel** was the #1 Top Need reported by fire departments; **Training** was the second highest need.
- Overall, fire departments reported that their total estimated amount of additional funding needed for FY 2011 would be **\$637 million**.
- **38%** of fire departments reported that they need an engine / pumper.
- For equipment, thermal imaging cameras (**56%**) is most needed by fire departments; personal protective equipment (PPE) (**50%**) is ranked second.
- **42%** of respondents reported that they need improvements or remodeling of their existing stations.
- **76%** of all fire departments responded that they need more volunteer firefighters; **24%** showed a need for paid firefighters.
- **71%** of departments reported a need for Fire Apparatus Driver / Pump Operator training; **64%** requested a need for Vehicle - Operations and Rope - Level I technical rescue training.
- **48%** of fire departments funding comes from local government funding (not including ATL); **21%** from fundraising / donations.
- Fire departments anticipate to have their funding reduced by **\$17 million** in FY 2011.
- **62%** of respondents plan to apply for a grant through the Assistance to Firefighters Grant (AFG) program.
- **86%** of departments responded that they do not have adequate trench technical rescue equipment.

\* Data denoted with an asterisk in this section excludes individual fire department's information for localities when a consolidated survey response was also received. Fire administration departments could either report for their career fire service personnel only or for all fire service in their locality including both career and volunteer personnel. Volunteer fire departments could similarly report for all fire service personnel in their locality. When a consolidated survey response for a locality was received, in order to reduce possible duplication, individual fire department responses in the same locality were excluded from quantitative data calculations.

Note: Percentages may not add to totals due to rounding.

## Virginia Fire Service Needs Assessment:

*An annual profile of critical needs  
as identified by Virginia's Fire Service*

Volume VII - January 2011

# Chapter 1 - Introduction

## Survey Methodology

### Sample

All municipal fire departments in Virginia that are eligible to receive Aid-to-Localities (ATL) Funding were selected for the survey and were invited to participate in the 2010 Fire Service Needs Assessment Survey. The sample population was based on the different needs of fire service at the career local government level and at the volunteer fire department level. The goal was to ensure that all types of fire departments were represented. Industrial Fire Brigades, Airport Fire Departments, and Military Fire Departments were not included since they do not receive ATL funding from VDFP for their fire service activities.

A total of 637 fire departments made up the survey sample of eligible participants. The fire departments were selected from records from the Fire Service Training Record System (FSTRS), maintained by the Virginia Department of Fire Programs. A majority of the fire departments (76%) were classified as Volunteer Departments, 20 percent (20%) were Combination Departments, and 4 percent (4%) were Career Departments. (See Table 4 and Figure 2.) Primary fire departments are the main fire departments that provide fire service response in an area and may include additional fire stations. Fire administration units are local government level fire service organizations that are normally made up of career fire service employees only.

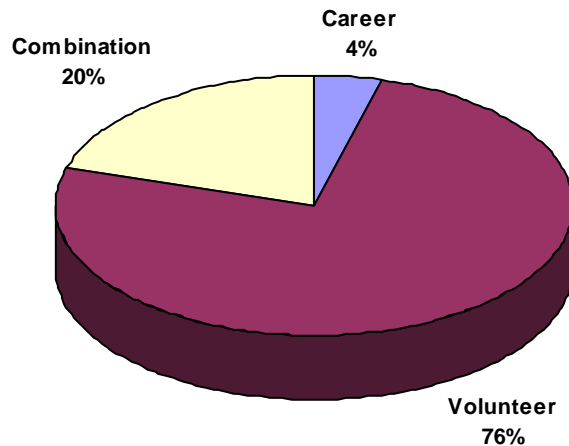

**Table 4. Fire Service Needs Assessment Sample Population, Virginia, 2010**

Fire Department Type	Career	Volunteer	Combination	Grand Total
Primary Fire Department	17	475	105	597
Fire Administration Unit	10	5	25	40
<b>Grand Total</b>	<b>27</b>	<b>480</b>	<b>130</b>	<b>637</b>

Prior to the startup of data collection for this survey, fire department contact information was updated based on contact information submitted with the 2009 Needs Assessment Survey. Information such as Addresses, Phone/Fax Numbers, Email Addresses, and Current Fire Chief's Name were updated to verify that the most up-to-date contact information was being used for the Needs Assessment Survey. Eighty-six (86%) of fire departments listed department email addresses, which contributed to contacting departments electronically with the survey. In addition, fire department status (career, volunteer, combination) was updated with fire departments based on last year's survey response. All information was updated in the Fire Service Training Records System (FSTRS) and the fire department's information was exported from the database for use with the survey sample collection.

**Figure 2. Fire Service Needs Assessment Sample By Fire Department Status, Virginia, 2010**

## **Survey Design**

The survey questions were designed to accurately measure the overall needs of Virginia's Fire Service. The questions were also drafted clearly and accurately, therefore, providing easy-to-understand questions for respondents. Every effort was made to ensure the collection of reliable survey data as well as to provide a survey questionnaire that is simple to complete and less time intensive.

The questionnaire was adapted from the instrument used by the United States Fire Administration (USFA) and the National Fire Protection Agency (NFPA) in *A Needs Assessment of the U.S. Fire Service*, a national study of fire service needs.

The 2010 Needs Assessment Survey contained the following sections that contained questions that captured detailed information from fire departments.

### **Contact Information**

### **Section I - General Department Information**

### **Section II - Department Personnel**

### **Section III - Facilities & Apparatus**

## **Section IV - Operating Budget Information**

## **Section V - Communications**

## **Section VI - Fire Department Roles / Training**

## **Section VII - Fire Prevention & Code Enforcement**

## **Section VIII - Your Fire Department's Top Needs**

## **Final Comments**

The actual survey questions used can be found in Appendix II.

### **Data Collection**

The survey was collected on-line using the survey collection website, <http://www.keysurvey.com/>. Fire departments could access the survey from a link on the main page of the VDFP website, [www.vafire.com](http://www.vafire.com), or from links placed directly in email correspondence.

Each fire department was issued a unique survey password that allowed them to logon to the survey. The password contained four random letters and four random numbers and provided added security to the collection of our survey. Fire departments were only allowed to complete the survey once. If they attempted to logon again, the survey website would display a message stating that the department has already completed the survey. The password additionally allowed survey respondents to save and close their survey and return later to finish completing their response.

Upon logging onto the survey website, fire departments information such as FDID, Fire Department Name, Addresses, Phone Number, and Chief's Name were automatically pre-filled based on current information stored in the Fire Service Training Records System (FSTRS). Respondents were able to make corrections to the contact information as needed.

### **Survey Procedures/Mailouts**

The collection of responses from fire departments with the needs assessment started with the Phase I collection period on August 23, 2010. Fire departments with known email addresses were sent an email message inviting them to participate in the survey. All fire departments were mailed a letter similarly inviting them to participate. The emails contained a link to the survey website and the fire department's unique survey password. The letters contained the survey

password and referred them to a link on the main page of the VDFP agency website. Fire departments were given a deadline of September 27, 2010 to submit their completed responses.

On September 28, 2010, the Phase II collection period began and a second letter/email was sent to survey non-respondents. The Phase II collection deadline was November 1, 2010.

The final collection period began on November 2, 2010 with a final deadline for responses on November 29, 2010.

Reminder postcards and emails were sent out to non-respondents prior to each scheduled survey deadline reminding them to complete their response.

In addition, thank you emails were sent out to responding fire departments after the closeout of survey collection. The message included their survey number (consecutive number assigned as surveys are received), the date in which the survey was completed and a link to view their survey response. The correspondence provided a confirmation to fire departments that we received their survey response.

**Table 5. Fire Service Needs Assessment Collection Schedule, Virginia, 2010**

Survey Activity	Start Date	End Date
Phase I Collection Period	8/23/2010	9/27/2010
Phase II Collection Period	9/28/2010	11/1/2010
Final Collection Period	11/2/2010	11/29/2010

## Final Survey Response

The final overall survey response after the collection closeout on November 29, 2010 was 89 percent (89%). Similar survey response was achieved over the last few years. Detailed survey participation reports are located in Appendix III, Appendix IV, and Appendix V.

**Table 6. Fire Service Needs Assessment Survey Response, Virginia, 2007-2010**

Year	Survey Response
2007	89%
2008	92%
2009	86%
2010	89%

## Collaborative Effort

Survey response for the 2010 Needs Assessment Survey was supported by the efforts of local government in Virginia. Local government promoted participation which helped greatly with the final data. Managers and Instructors with the Virginia Department of Fire Programs also promoted the completion of the survey with fire departments in Virginia. Survey participation with fire departments was documented and posted on VDFP's website to help monitor and track survey progress.

## Other Data Sources

**Virginia Fire Incident Reporting System (VFIRS) Data** - Data from the Virginia Fire Incident Reporting System (VFIRS) was used to provide detailed information about the incident calls from Virginia's fire service.

**Training Data** - Data from the Fire Service Training Record System (FSTRS) was used to provide information on students and training courses supported by VDFP.

**Budget Data** - Data from the Virginia Aid-to-Localities (ATL) Program was used to show the level of funding provided by the Commonwealth via the Fire Programs Fund (a special revenue fund) to Virginia's localities to support their municipal fire departments. Information about the Assistance to Firefighter's Grant (AFG), Assistance to Firefighters Fire Station Construction Grants (SCG), Staffing for Adequate Fire and Emergency Response (SAFER), and Fire Prevention and Safety (FP&S) Grants was used to identify additional funding sources to fire departments.

## Limitations

Like most research of this nature, this Needs Assessment had several limitations.

## **Survey Response Rate**

The final response rate for the Needs Assessment Survey was 89 percent (89%). As with all such surveys, caution must be exercised when generalizing the results of this survey to individual fire departments. Because information was entered by fire chiefs or department personnel, the possibility of human error must be considered in interpreting all results.

## **Organizational Structure of Virginia's Fire Service**

Fire administration departments were able to select how they reported on the Needs Assessment. Fire administration units could either report for career personnel only or for both career and volunteer personnel. A 'career only' survey reflects only career fire service employees in the locality. If a department selects 'both career and volunteer', then they are reporting for career and volunteer fire service in the locality. If departments are reporting for career and volunteer personnel, then they additionally specify which local fire departments that they are reporting for on the survey.

Because of the organization structure of Virginia's fire service, duplication of data among responding fire administration units and their local volunteer fire departments is possible during survey collection. This duplication may misrepresent the final statistical data. In order to

produce more reliable statistics, fire departments that are located in the same locality as an administration unit that reported for the entire area were omitted from quantitative data calculations. If there was any potential for duplicate data, then the statistics were adjusted and changes noted on any tables and charts. Every effort was made to ensure that data was presented accurately in this report.

Please see Table 7. on how local governments with fire administration personnel reported.

Local volunteer departments that reported for all volunteer departments in their county were also identified and are shown in Table 8. Survey responses from additional fire departments in these localities were treated similarly as fire administration units in compiling the data.

**Table 7. Fire Administration Units By Reporting Type**

FDID	Fire Department	Survey Reporting Type
00100	Accomack Co. Dept. of Public Safety	Career Personnel Only
00300	Albemarle Co. Fire Admin.	Career and Volunteer Personnel - All Fire Departments in Locality

### **VFIRS Response Rate**

Participation in the Virginia Fire Incident Reporting System (VFIRS) is not mandatory, which somewhat limits the generalizability of this data.

### Local Use

This report was designed so that individuals and organizations could look up information for specific localities and areas in Virginia. Data was shown using the seven VDFP Division regions in Virginia. Please refer to the reference found in Appendix I for more information on the designated divisions.

### Average

When calculating the average in this document, the arithmetic mean was used.

## Virginia Fire Service Needs Assessment:

*An annual profile of critical needs  
as identified by Virginia's Fire Service*

Volume VII - January 2011

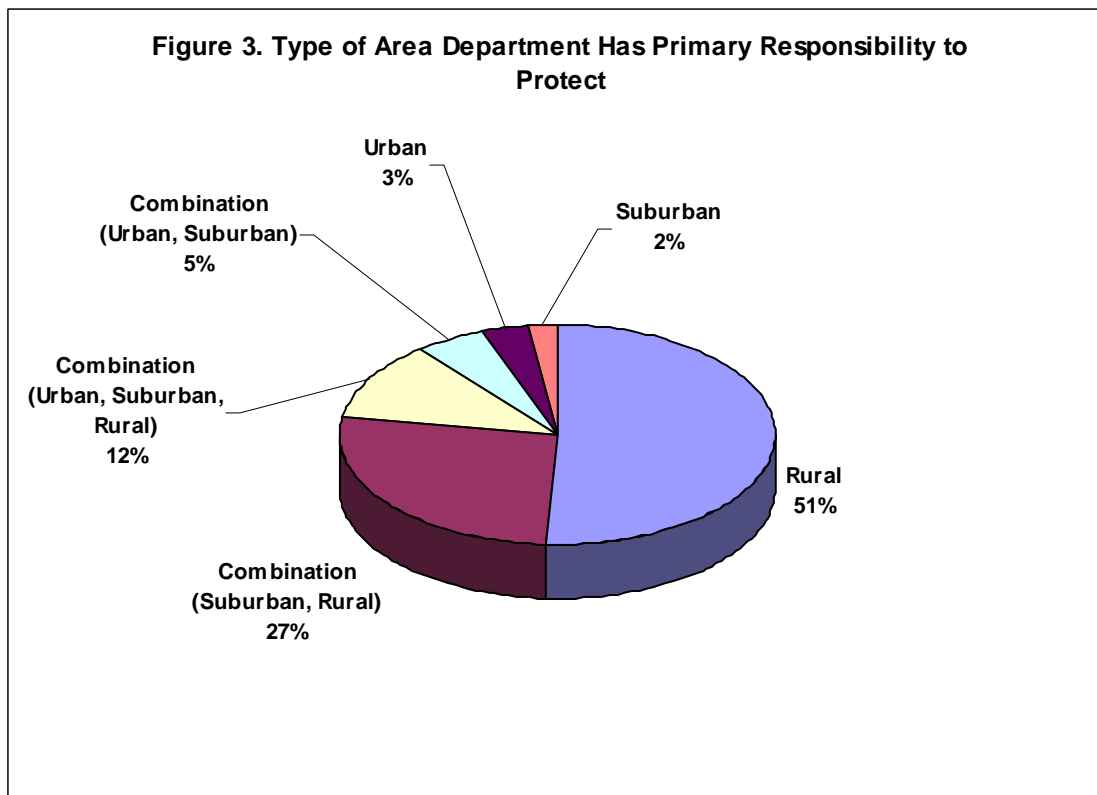

## Chapter 2 - Survey Results

### Survey Section I - General Department Information

#### **Type of Area Protected**

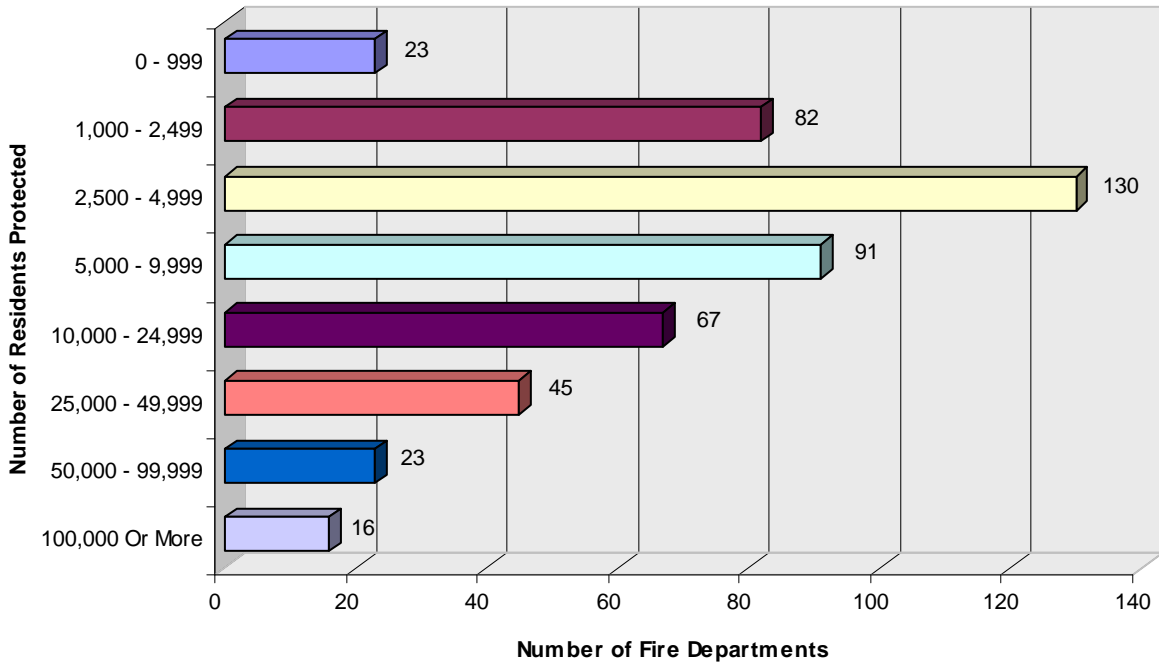

Fire departments in Virginia reported that they are primarily responsible for protecting rural type areas (51%) in the Commonwealth. (See Figure 3.) Ninety percent (90%) of fire departments reported protecting rural type areas as part of their coverage area. Forty-four percent (44%) protect areas that are a combination of urban, suburban, and rural area types. The remaining fire departments protected areas that are located in more populated areas and are classified as urban (3%) and suburban (2%).

#### **Department Population Protected**

Similarly, the number of fire departments responsible for protecting permanent residents in Virginia are located in lower populated areas. The largest number (130) of fire departments protect between 2,500 and 4,999 residents. (See Figure 4.) Sixty-eight percent (68%) of fire departments protect between 0 - 9,999 residents, the normal population range representative of small towns and county areas.

**Figure 4. Number of Permanent Residents Department Has Primary Responsibility to Protect**

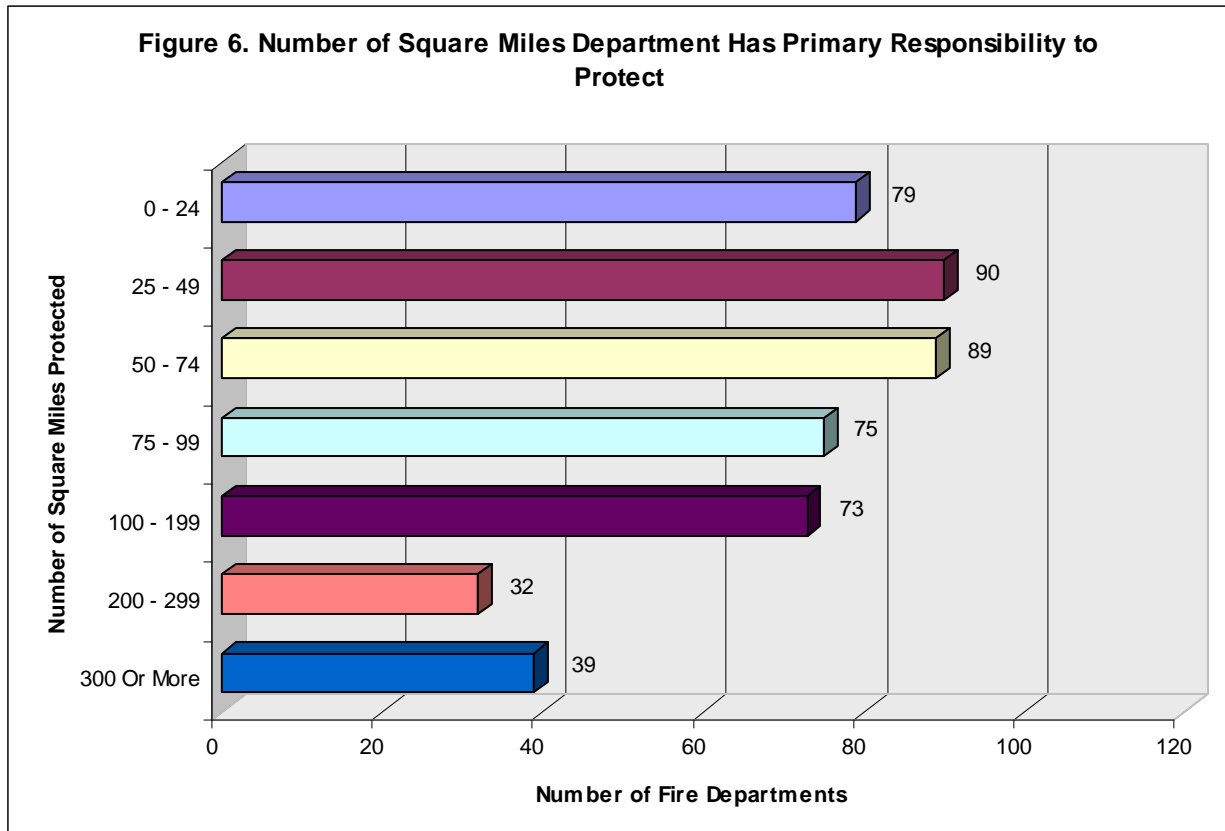

**Figure 5. Number of Permanent Residents Department Has Primary Responsibility to Protect By VDFP Division**

Fire departments in the VDFP Division 3 – Farmville and VDFP Division 4 - Marion areas accounted for the largest number of fire departments (29) in Virginia that protected between 2,500 and 4,999 residents. (See Figure 5.) Fire departments in the Division 4 area reported 84 percent (84%) of their departments protect populations between 0 and 9,999 residents.

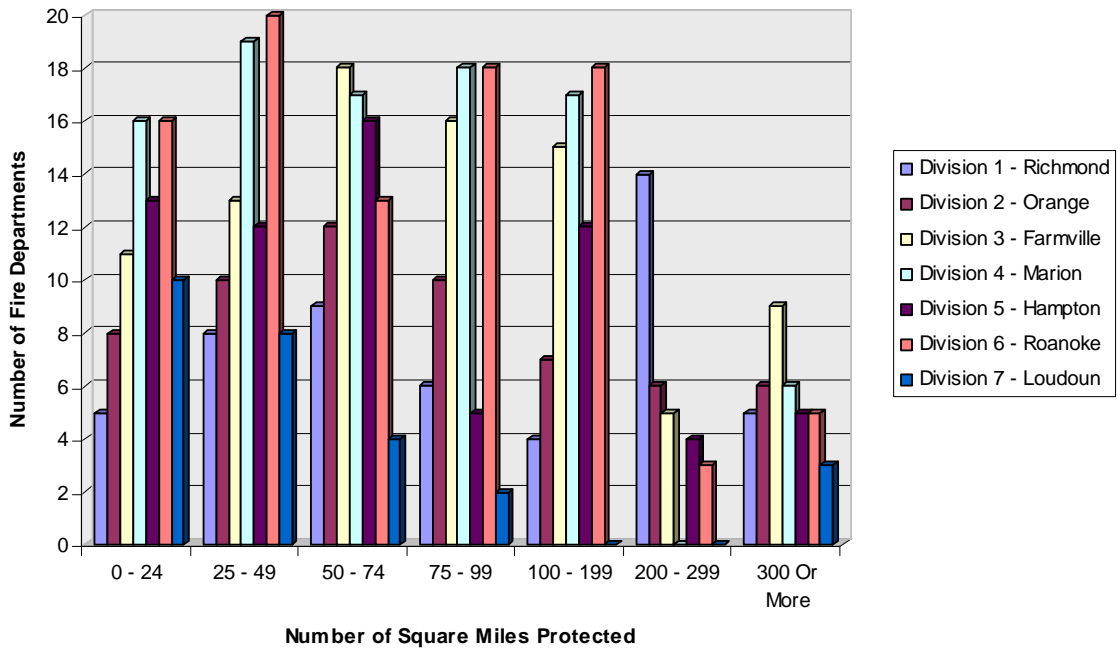

**Department Coverage Area**

Fire departments vary greatly on the number of square miles that they are expected to protect in Virginia. The majority of departments (54%) cover areas between 0 and 74 square miles. (See Figure 6.)

Fire departments in the VDFP Division 6 - Roanoke area reported the largest amount of departments protecting 25 - 49 square miles to coverage area. (See Figure 7.)

**Figure 7. Number of Square Miles Department Has Primary Responsibility to Protect By VDFP Division**

## Survey Section II - Department Personnel

Fire departments require sufficient staffing in order to respond at anytime to different types of emergency situations.

### **Firefighters By Status**

Fire departments are staffed by career firefighters (full-time paid), volunteer firefighters (receive no paid financial compensation for services), and paid-per-call firefighters. Sixty-two percent (62%) of all active firefighters were reported as being classified as volunteer firefighters. Career firefighters accounted for 37 percent (37%) of the active personnel, while paid-per-call firefighters made up the remaining 1 percent (1%). (See Figure 8.)

### **Average Firefighters on Duty**

The state's overall average number of firefighters on duty and available to respond to a call is 16. (See Table 9.) For volunteer fire departments, the average number on duty is 11, while combination fire departments reported an average of 27 firefighters on duty and career fire departments reported an average amount of 48.

## Civilian Personnel By Type

Volunteer civilian personnel accounted for 85 percent (85%) of the non-fire service workers, while 15 percent (15%) were paid civilian employees. (See Figure 9.) Civilian personnel are an important part of fire departments since they provide support for the many different required administrative duties as well as providing assistance in implementing fundraising activities.

**Table 9. Fire Department Personnel Data Reported By VDFP Division \***

VDFP Division	Career Firefighters	Volunteer Firefighters	Paid-per-call Firefighters	Total Firefighters	Average Firefighters on Duty and Available	Civilian Personnel - Paid	Civilian Personnel - Volunteer	Total Civilian Personnel
Division 1 - Richmond	1,748	2,695	100	4,543	19.1	134	308	442
Division 2 - Orange	711	2,599	2	3,312	12.7	38	1,098	1,136
Division 3 - Farmville	585	2,920	14	3,519	11.8	20	572	592
Division 4 - Marion	114	2,174	97	2,385	12.5	4	398	402
Division 5 - Hampton	2,809	1,901	0	4,710	20.1	197	1,238	1,435
Division 6 - Roanoke	722	2,602	0	3,324	12.7	29	601	630
Division 7 - Loudoun	3,061	1,647	0	4,708	45.4	417	529	946
<b>Grand Total</b>	<b>9,750</b>	<b>16,538</b>	<b>213</b>	<b>26,501</b>	<b>15.6</b>	<b>839</b>	<b>4,744</b>	<b>5,583</b>

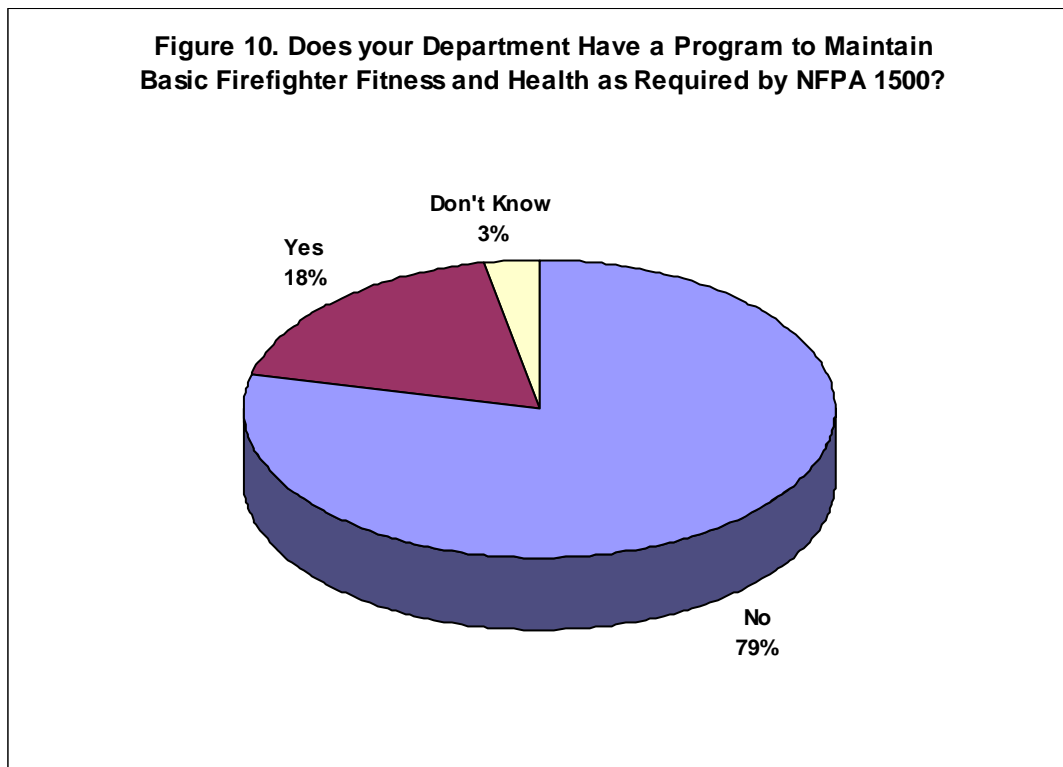

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

An additional report on personnel reported can be found under Supplemental Table 1 at the end of this chapter.

## Fitness Program

Firefighters need to be prepared for severe environmental conditions involving extreme physical and mental stress. Participation in a fitness and health program will help ensure fire service personnel are ready for any incident.

The data indicates that only 18 percent (18%) of reporting Virginia fire departments are maintaining a basic firefighter fitness and health program as required by NFPA 1500. (See Figure 10.) Virginia's figures are similar to national estimates, which indicate that only 24 percent of all fire departments nationwide have fitness and health programs.<sup>1</sup>

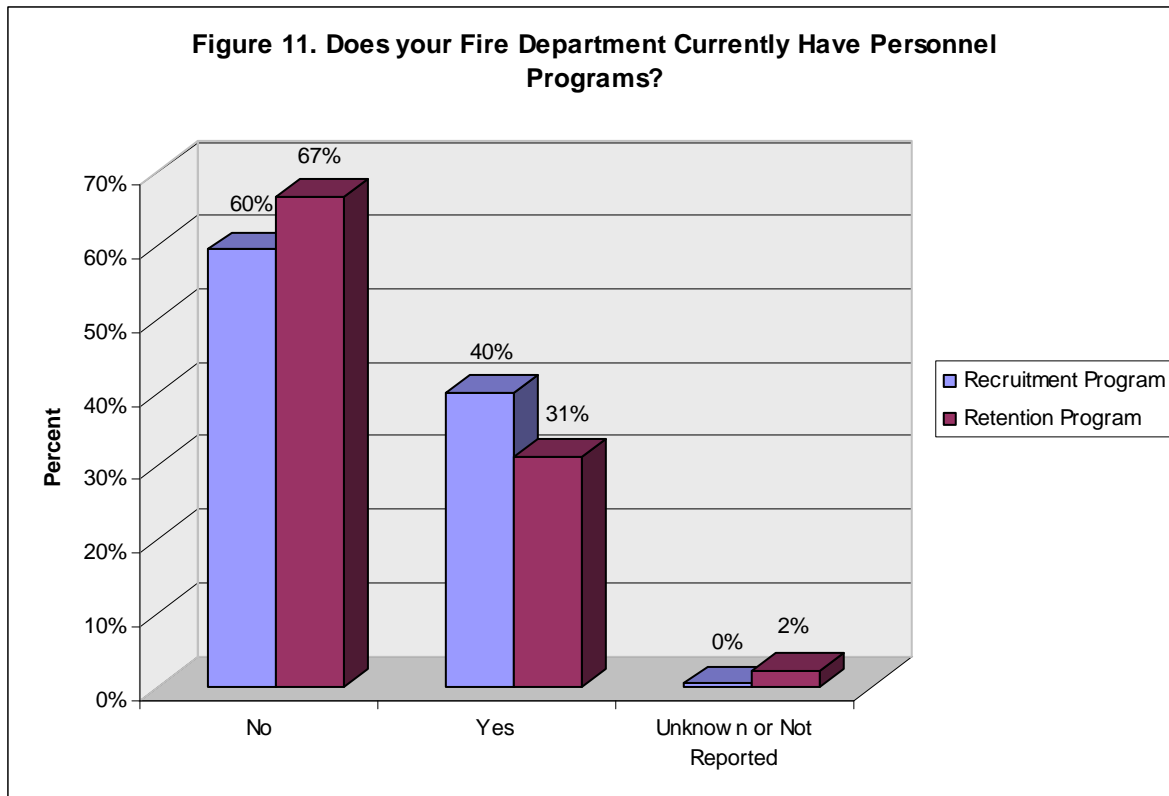

<sup>1</sup> USFA/NFPA (2006). *Four Years Later - A Second Needs Assessment of the U.S. Fire Service*, p.49.

## Personnel Programs

Managing the recruitment and retention of fire service staff is essential to the operation of a fire department and ensures an effective department response. Forty percent (40%) of fire departments responded on the survey that they currently have a recruitment program and only 31 percent (31%) of departments have a retention program, suggesting a need for more implementation of personnel programs. (See Figure 11.)

Fire departments constantly need to promote for the recruitment of new personnel for their organizations. Eighty-two percent (82%) of departments reported that they use word of mouth and member recruitment to advertise recruitment. (See Figure 12.)

To maintain current levels of personnel, fire departments offer incentives and rewards to their members. Seventy percent (70%) of fire departments provide department clothing such as shirts and hats, while 61% provide free county/city/town decals for their members. (See Figure 13.)

**Figure 12. Promotion of the Recruitment of New Personnel with Department**

**Figure 13. Incentives or Rewards Offered to Members of Department**

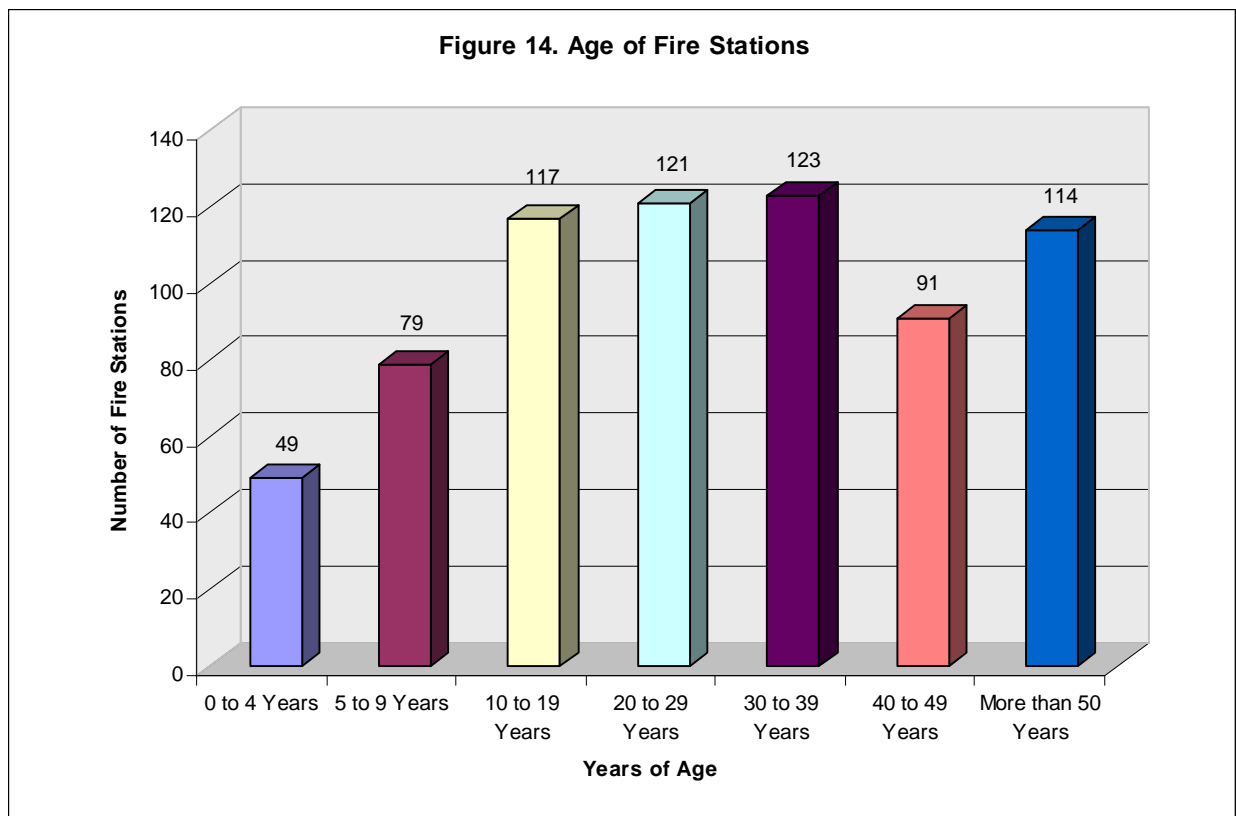

## Survey Section III - Facilities & Apparatus

Fire department facilities need to be constructed so that all apparatus, equipment and personnel are properly housed and organized, so that fire service can efficiently respond as soon as possible to an event.

### **Age of Fire Stations**

It is imperative that fire stations are maintained, especially for those with buildings that are older in age. Sixty-five (65%) of respondents reported that their fire stations are 20 years of age or older. (See Figure 14.)

### **Fire Stations with Backup Power**

All fire stations, regardless of age and staffing, must remain fully operational during emergency conditions, as demonstrated during extreme weather conditions. Having backup electrical power is very important in maintaining full fire protection for a community during an emergency. Fifty-four percent (54%) of fire departments documented that all fire stations have backup power during an emergency. However, one-third (33%) of the respondents stated that they have no backup power available.

## **Apparatus Currently Owned**

Engines / pumpers are the primary apparatus used by fire departments to respond to a situation. However, many different types of specialized incidents require different types of fire service apparatus. Aerial apparatus are used for high elevation emergency situations, technical rescue vehicles are used for extreme rescue conditions and wildland brush trucks provide support for outside vegetation fires. Each piece of apparatus provides the unique resources needed for all different types of response.

Based on the information reported with the survey for 2010, fire departments in Virginia have on average one (1) aerial apparatus, two (2) ambulances / other patient transport, one (1) command vehicle, three (3) engines / pumpers, one (1) tanker, one (1) technical rescue vehicle, and one (1) wildland brush truck. (See Table 11.)

**Table 10. Total Number of Apparatus Owned By VDFP Division \***

VDFP Division	Aerial Apparatus	Aircraft Rescue and Fire Fighting (ARFF) Vehicle	Ambulance / Other Patient Transport	Command Vehicle	Engine / Pumper	Quint Combination Vehicle	Rescue / Fire Boat	Tanker	Technical Rescue Vehicle	Wildland Brush Truck	Other Apparatus

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

## Equipment Currently Owned

Fire service equipment helps protect firefighters during a situation and also aids the management of their duties. Having adequate equipment in good condition and ready helps departments respond to emergency responses.

**Table 12. Total Number of Equipment Owned By VDFP Division \***

VDFP Division	4-Gas Monitors	Map Coordinate System - GPS	Mobile Data Terminals	Personal Alert Safety Systems (PASS)	Personal Protective Equipment (PPE)	Radios	Self-Contained Breathing Apparatus (SCBA)	Thermal Imaging Cameras	Other Equipment

Division 6 - Roanoke	1.5	2.0	1.0	23.8	46.0	38.4	24.6	1.9	0.0
Division 7 - Loudoun	22.3	19.6	40.6	136.8	548.1	261.0	197.8	13.3	0.0
<b>Grand Total</b>	<b>2.9</b>	<b>3.4</b>	<b>4.0</b>	<b>31.3</b>	<b>73.9</b>	<b>50.4</b>	<b>34.8</b>	<b>2.8</b>	<b>0.4</b>

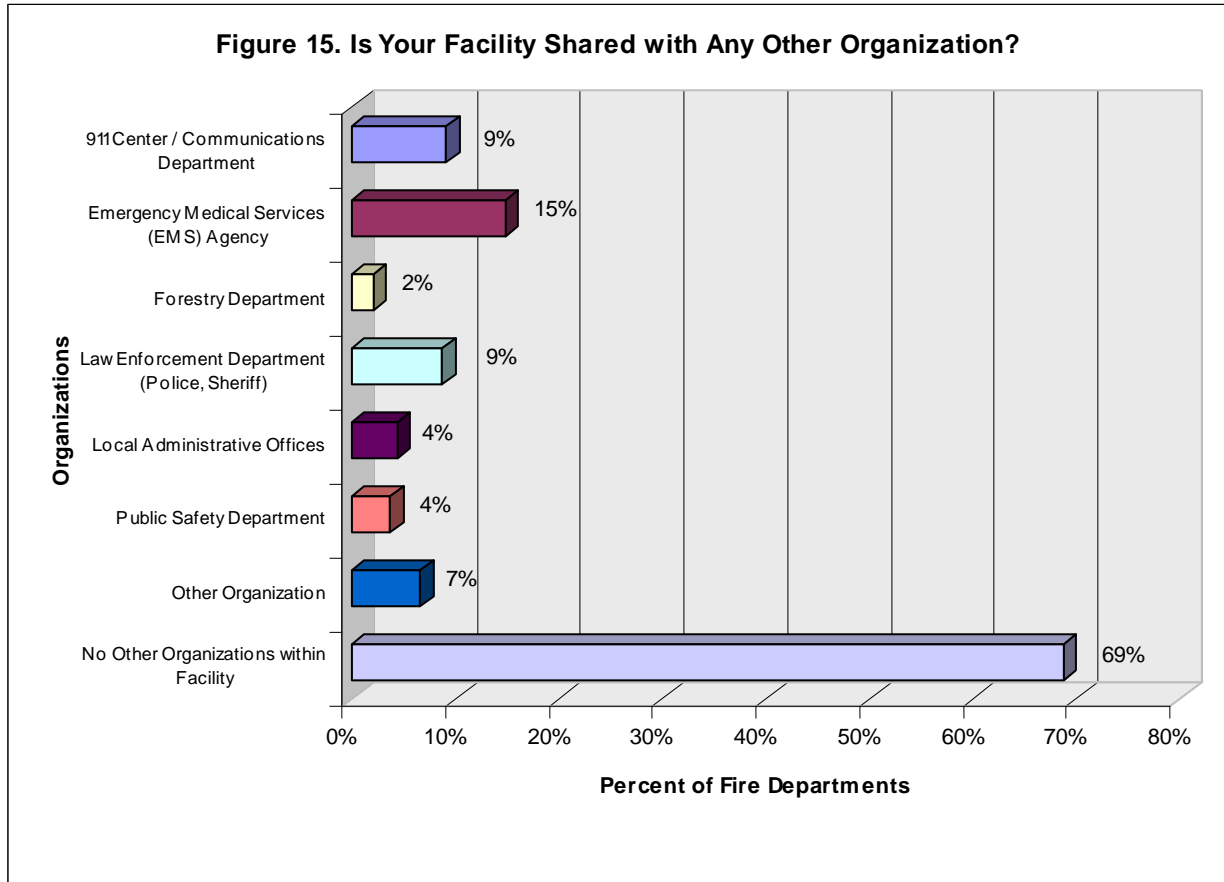

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

On average, fire departments responded for 2010 that they maintain and own three (3) 4-gas monitors, three (3) map coordinate GPS devices, four (4) mobile data terminals, 31 personal alert safety systems (PASS), 74 personal protective equipment (PPE), 50 radios, 35 self-contained breathing apparatus (SCBA), and three (3) thermal imaging cameras. (See Table 13.)

Please see Supplemental Table 2 and Supplemental Table 3 at the end of this chapter for additional information on the apparatus owned and equipment owned by fire departments in Virginia.

## Shared Organizations

Fifteen percent (15%) of fire departments share their facility with an emergency medical services (EMS) agency. (See Figure 15.) Sixty-nine percent (69%) of departments have no other organizations within their facility.

Survey Section IV - Operating Budget Information

**Anticipated Funding**

Fire departments can anticipate their future budgets based on amounts they expect to receive from their localities, from fund raising events and donations and from grant funding. Fire departments anticipate receiving a total of \$132,454,594 for their budgets for FY 2011; \$97 million from their locality, \$14 million from funding raising / donations and \$21 million from grant sources. (See Table 14.) Fire service anticipates receiving on average a total of \$316,966 for their budget funding. (See Table 15.)

**Table 14. Estimated Total Funding Anticipated to Receive for FY2011 \***

VDFP Division	Locality Funding	Fund Raising / Donations	Grant Funding	Grand Total
Division 1 - Richmond	\$18,732,483	\$1,527,485	\$2,489,986	\$22,749,954
Division 2 - Orange	\$13,814,981	\$4,809,982	\$2,919,988	\$21,544,950
Division 3 - Farmville	\$14,754,967	\$1,867,468	\$2,617,485	\$19,239,919
Division 4 - Marion	\$6,984,957	\$829,984	\$2,539,981	\$10,354,922
Division 5 - Hampton	\$15,874,977	\$1,532,481	\$3,752,485	\$21,159,942
Division 6 - Roanoke	\$11,884,968	\$1,919,969	\$2,602,483	\$16,407,420
Division 7 - Loudoun	\$15,349,997	\$1,732,495	\$3,914,998	\$20,997,489
<b>Grand Total</b>	<b>\$97,397,329</b>	<b>\$14,219,861</b>	<b>\$20,837,405</b>	<b>\$132,454,594</b>

**Table 15. Estimated Average Funding Anticipated to Receive for FY2011 \***

VDFP Division	Locality Funding	Fund Raising / Donations	Grant Funding	Grand Total
Division 1 - Richmond	\$416,277	\$36,369	\$60,731	\$513,377
Division 2 - Orange	\$293,936	\$104,565	\$63,478	\$461,979
Division 3 - Farmville	\$184,437	\$23,942	\$35,371	\$243,750
Division 4 - Marion	\$75,107	\$9,765	\$30,238	\$115,109
Division 5 - Hampton	\$256,048	\$25,123	\$65,833	\$347,004
Division 6 - Roanoke	\$146,728	\$24,000	\$35,650	\$206,378
Division 7 - Loudoun	\$852,778	\$101,911	\$279,643	\$1,234,332
<b>Grand Total</b>	<b>\$228,632</b>	<b>\$34,767</b>	<b>\$53,567</b>	<b>\$316,966</b>

**Funding Reduction**

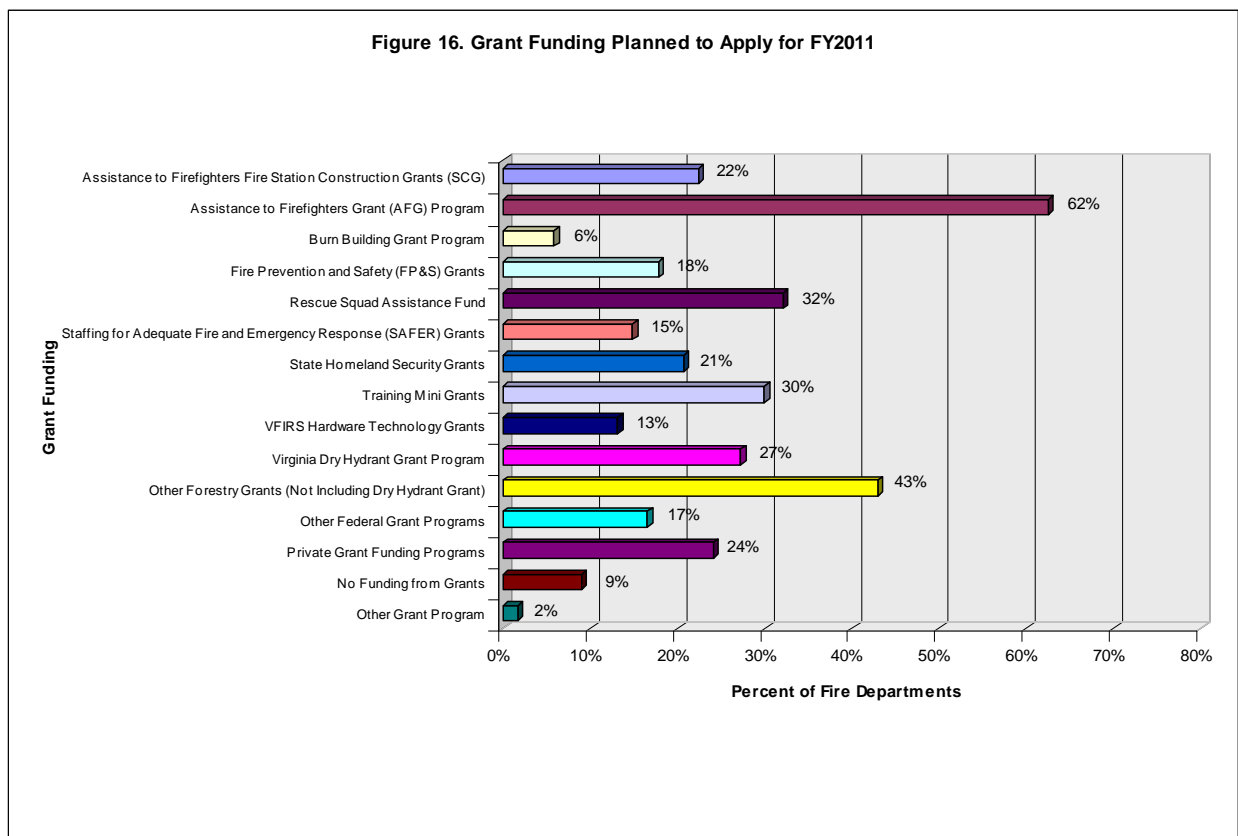

Fire departments also reported that they will have a reduction of funding for FY 2011 that totals \$15 million. (See Table 16.) Thirty-five percent (35%) anticipate a reduction of their funding from their locality that will total \$10 million. Fire service, similarly, expect a reduction with fund raising / donations amounts (31% of respondents reported a reduction of \$1.7 million) and grant funding (17% of respondents with a total of \$3.2 million being reduced).

**Table 16. Estimated Amount of Anticipated Funding Reduced for FY2011 \***

VDFP Division	Locality Funding	Fund Raising / Donations	Grant Funding	Grand Total
Division 1 - Richmond	\$1,594,994	\$444,997	\$64,998	\$2,104,988
Division 2 - Orange	\$292,495	\$149,994	\$359,998	\$802,486
Division 3 - Farmville	\$549,993	\$134,996	\$442,498	\$1,127,486

Division 5 - Hampton	\$3,132,494	\$382,497	\$959,998	\$4,474,988
Division 6 - Roanoke	\$909,991	\$482,493	\$849,997	\$2,242,480
Division 7 - Loudoun	\$2,709,997	\$14,999	\$314,999	\$3,039,995
<b>Grand Total</b>	<b>\$9,774,954</b>	<b>\$1,689,973</b>	<b>\$3,204,982</b>	<b>\$14,669,909</b>

## Grant Funding

To help offset their upcoming budget, fire departments can apply for additional funding through grant funding programs. Sixty-two percent (62%) of departments responded that they plan to apply for a grant with the Assistance to Firefighters Grant (AFG) Program. (See Figure 16.)

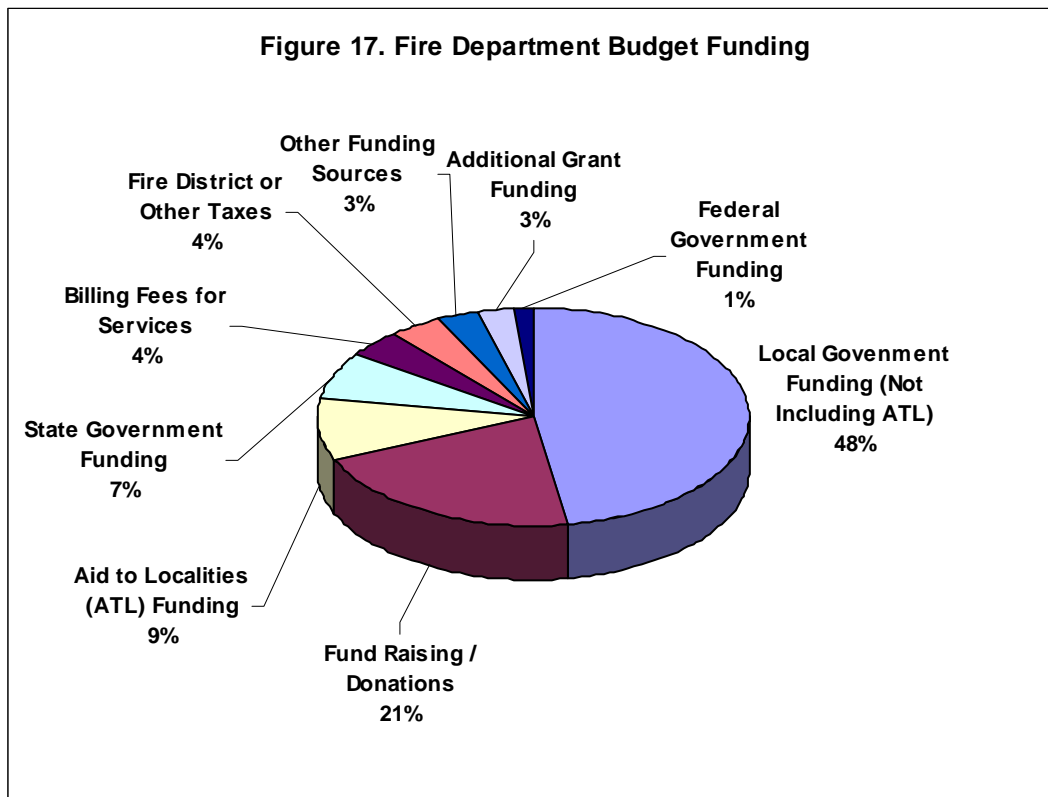

Please see Chapter 5 for more information on grant funding awarded to fire departments.

## Budget Funding

Fire departments obtain funding for their operating expenses from many different sources such as fire district taxes, payments per call, local government funding, state government funding, fundraising, and other sources.

The largest part of the funding sources for fire departments is from local government funding (not including ATL) which accounted for an average of 48 percent (48%) of department's budgets. (See Figure 17.) Fundraising generated on average 21 percent (21%) of the income for fire departments.

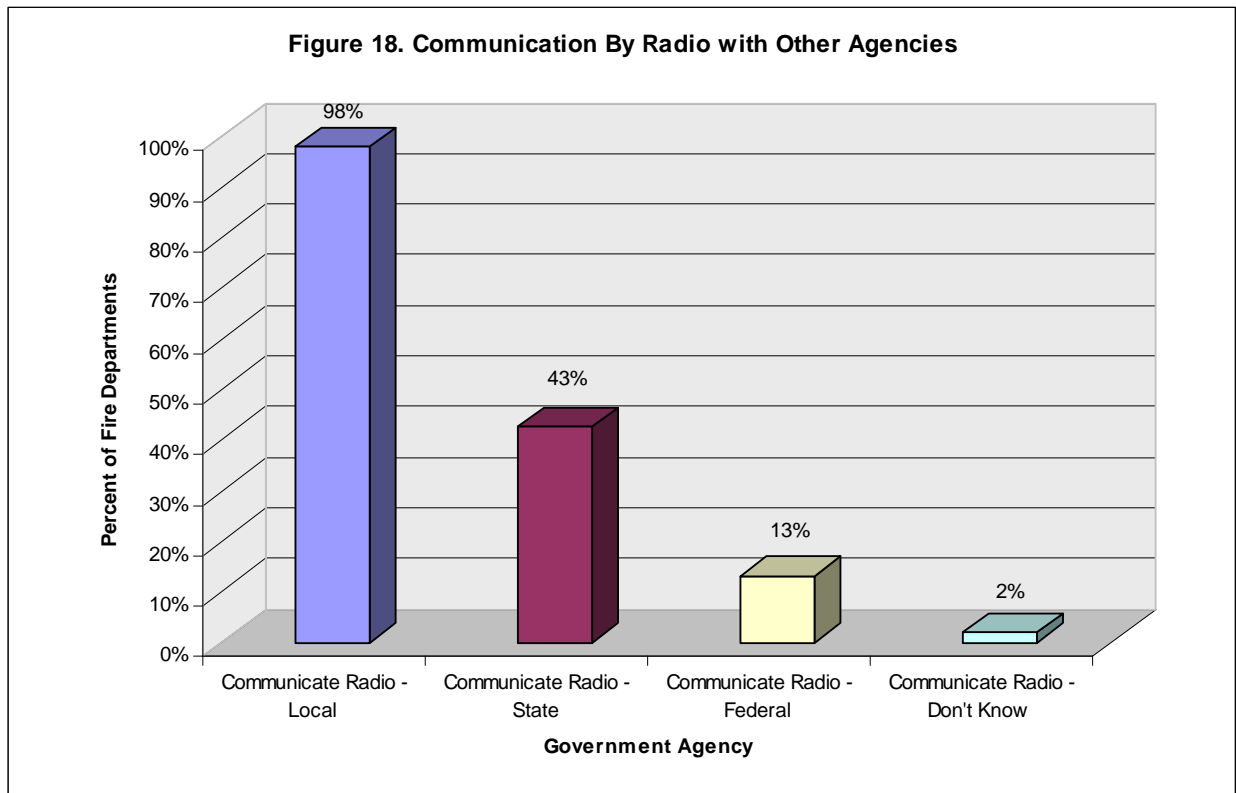

**Table 17. Average Percent of Fire Department Budget Funding By VDFP Division**

<b>VDFP Division</b>	<b>Aid to Localities (ATL) Funding</b>	<b>Additional Grant Funding</b>	<b>Billing Fees for Services</b>	<b>Federal Government Funding</b>	<b>Fire District or Other Taxes</b>	<b>Fund Raising / Donations</b>	<b>Local Government Funding (Not Including ATL)</b>	<b>State Government Funding</b>	<b>Other Budget Funding</b>
Division 1 - Richmond	8.0	3.0	3.6	3.3	3.2	13.4	59.7	4.7	1.1
Division 2 - Orange	5.8	1.6	5.0	0.3	4.7	29.2	47.7	1.6	4.1

<b>Grand Total</b>	<b>9.2</b>	<b>2.6</b>	<b>4.1</b>	<b>1.4</b>	<b>4.0</b>	<b>20.9</b>	<b>47.6</b>	<b>7.1</b>	<b>3.1</b>

## Survey Section V - Communications

The ability of fire departments to establish and maintain effective and reliable communications through all phases of an emergency incident (i.e., notification, dispatch, response, operations, and termination) is critical.

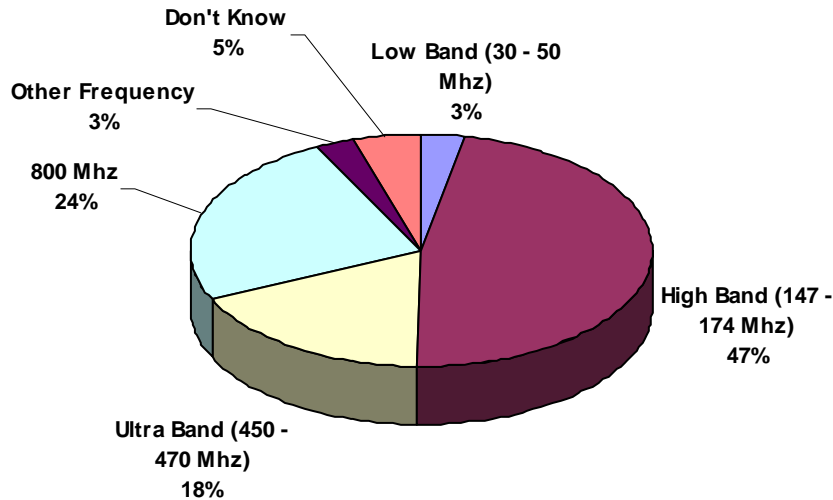

Reports from Virginia fire departments show that the vast majority of departments (98%) can communicate with local emergency response partners by radio on an incident scene. (See Figure 18.) Forty-three percent (43%) can communicate with state responders and only thirteen percent (13%) can communicate with federal responders, suggesting that communications interoperability is still a challenge for many fire departments.

## Frequency Spectrum

The frequency in which fire departments operate can greatly affect how they communicate with other agencies. Forty-seven percent (47%) of departments operate using High Band (147-174 MHz) frequency, while 18 percent (18%) of departments use Ultra Band (450-470 MHz) and 24 percent (24%) use 800 MHz radios. (See Figure 19.)

**Figure 19. What Radio Frequency Spectrum Does Your Department Operate On?**

**Table 18. Radio Operating Frequency Reported By VDFP Division**

VDFP Division	Low Band (30 - 50 Mhz)	High Band (147 - 174 Mhz)	Ultra Band (450 - 470 Mhz)	800 Mhz	Other Frequency	Don't Know	Grand Total
Division 1 - Richmond	1	30	9	8	3	0	51
Division 2 - Orange	0	14	9	33	2	1	59
Division 3 - Farmville	2	42	21	14	3	5	87
Division 4 - Marion	3	61	23	0	1	5	93
Division 5 - Hampton	1	42	0	17	2	5	67
Division 6 - Roanoke	7	36	23	20	1	6	93
Division 7 - Loudoun	0	1	0	24	2	0	27
<b>Grand Total</b>	<b>14</b>	<b>226</b>	<b>85</b>	<b>116</b>	<b>14</b>	<b>22</b>	<b>477</b>

### Assigned Radios

Ninety-one percent (91%) of respondents answered that all of their apparatus have mobile radios assigned, while only 28 percent (28%) of departments showed that their apparatus all have a portable radio assigned to each riding position.

### Emergency Alert Button

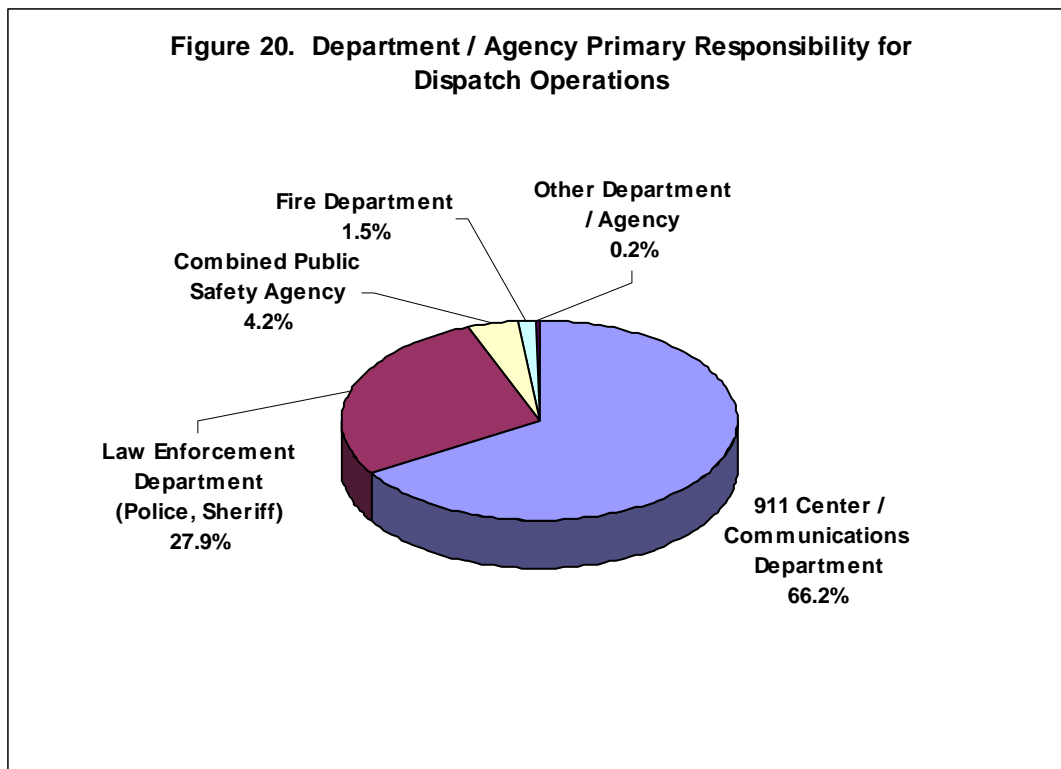

Thirty-eight percent (38%) of the respondents reported that their radios do not have an emergency alert button, while, similarly, 40 percent (40%) of departments have all of their radios equipped with a button.

## Dispatch Operations

Sixty-six percent (66%) of all fire departments responded that a 911 center / communications department is primarily responsible for their dispatch operations. (See Figure 20.) Twenty-eight percent (28%) employ a law enforcement department for their incident calls and 4 percent (4%) utilize a combined public safety agency.

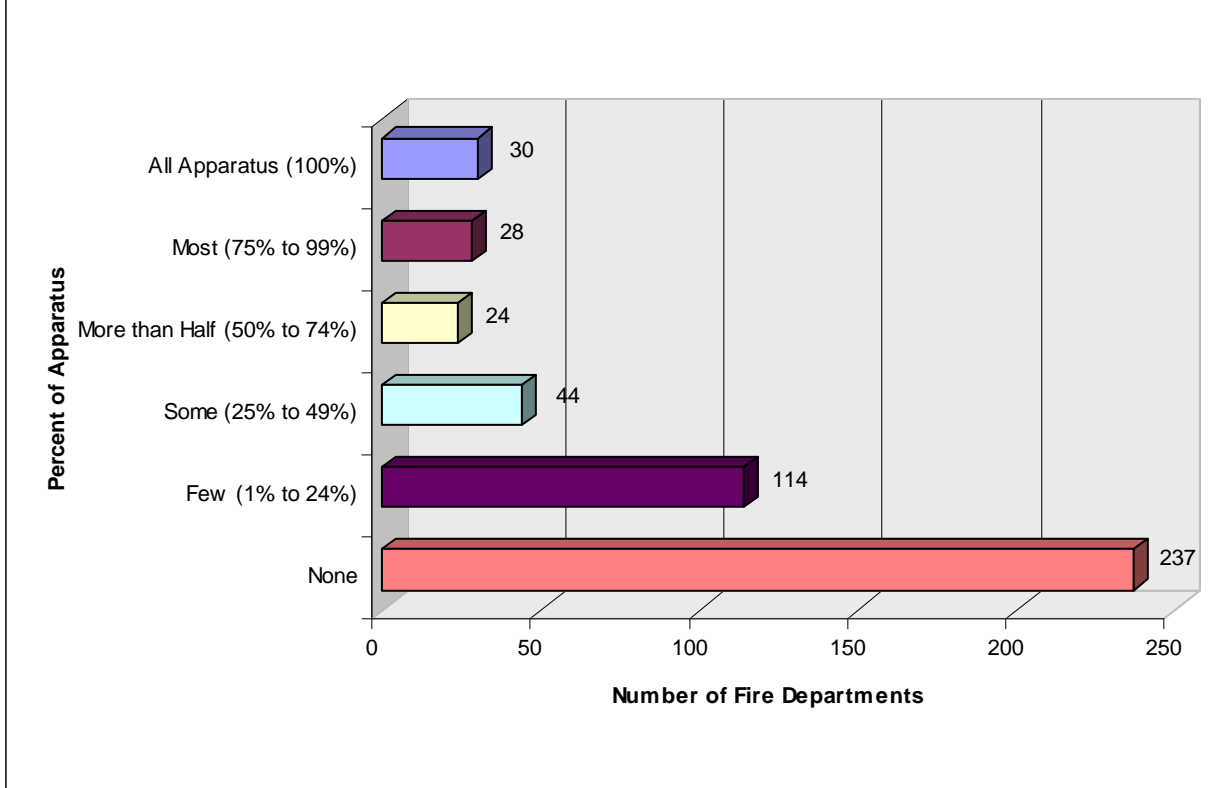

## GPS Map Coordinate System

Half or fifty percent (50%) of fire departments have no GPS map coordinate system to help navigate during emergency response. (See Figure 21.) The USFA/NFPA national study estimates that 48 percent of departments have no map coordinate system.<sup>2</sup>

<sup>2</sup> USFA/NFPA (2006). *Four Years Later - A Second Needs Assessment of the U.S. Fire Service*, p.91.

**Figure 21. Apparatus Equipped with a GPS Map Coordinate System**

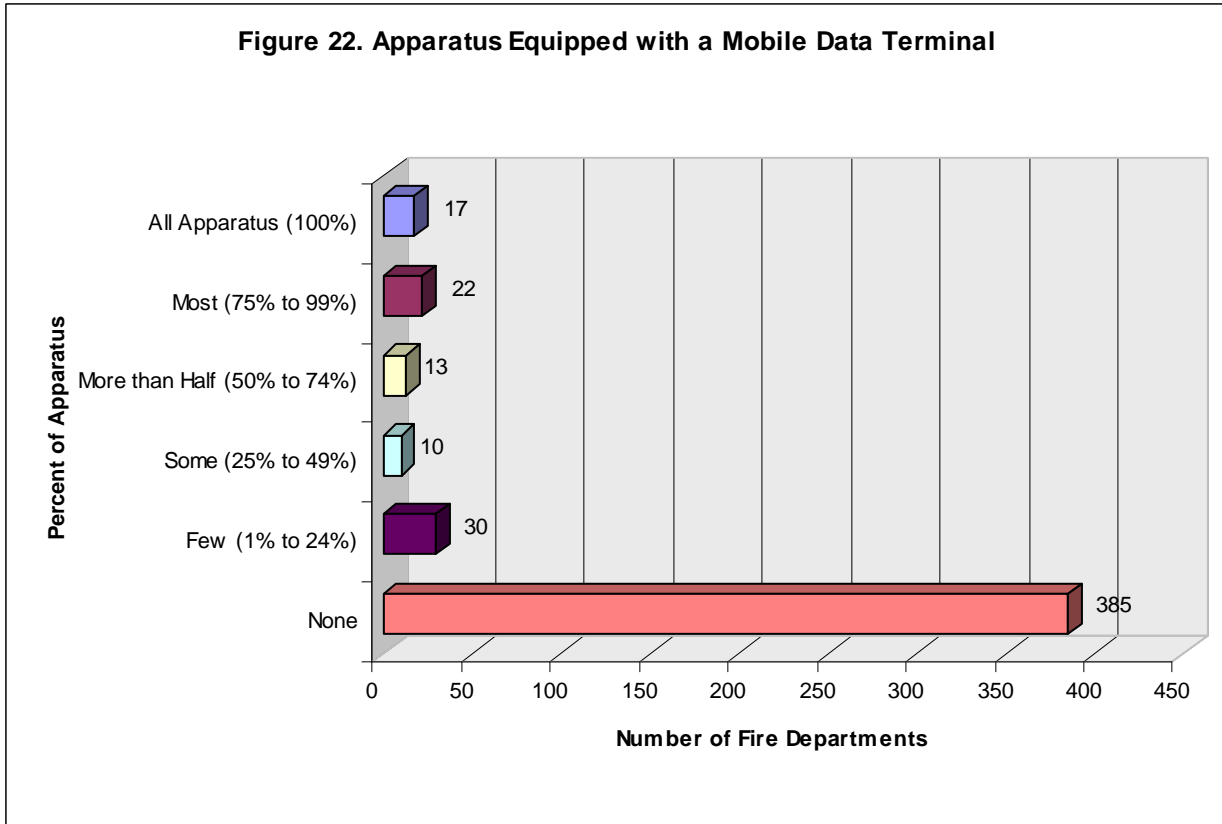

### **Mobile Data Terminals**

Mobile data terminals in apparatus during an incident are a valuable source for information and also allow fire service to record information in real-time at the scene. Eighty-one percent (81%) of respondents reported that none of their apparatus are equipped with mobile data terminals. (See Figure 22.)

**Figure 22. Apparatus Equipped with a Mobile Data Terminal**

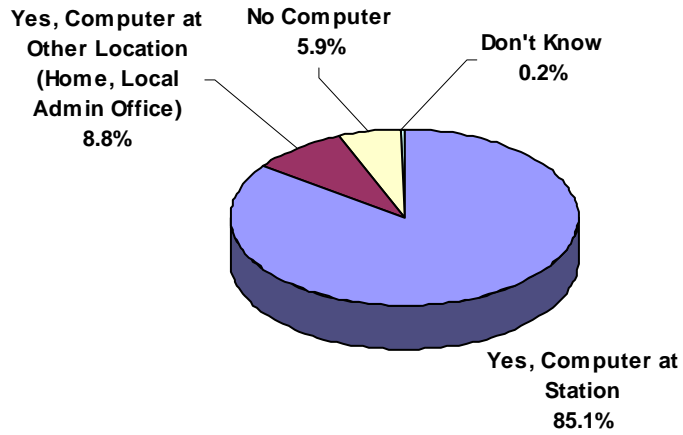

### **Computers/Internet Access**

Fire departments use computers and the internet for a wide variety of purposes, such as accessing information, submitting incident reports, and participating in online training activities. Some departments make extensive use of email and other productivity-related software to manage routine daily business.

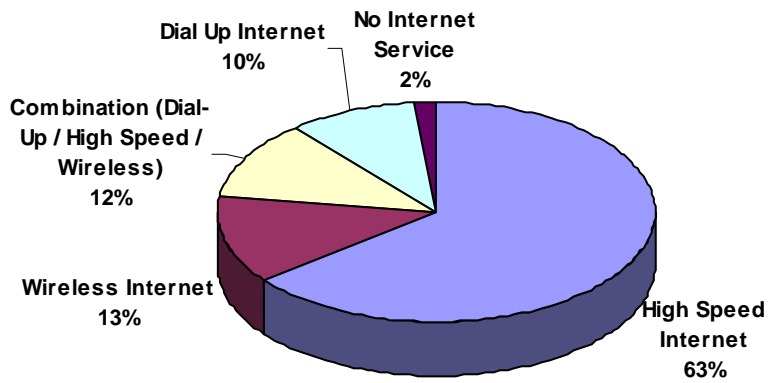

Eighty-five percent (85%) of departments reported that they have a computer at their station for incident reporting. (See Figure 23.) Only 6 percent (6%) reported that their department had no computer.

A majority of fire departments have internet access (98%) at their organization. (See Figure 24.) High speed internet accounted for 63 percent (63%) of the internet access, wireless internet made up 13 percent (13%), and a combination (dial-up / high speed / wireless) accounted for 12 percent (12%) of the internet service used in the state. Ten percent (10%) of fire departments reported having only dial-up internet. Slow internet speeds can inhibit the productivity of departments when managing activities on-line. Switching over to higher speed internet would help the efficiency with a department's internet communication.

**Figure 23. Departments with a Computer for Incident Reporting**

**Figure 24. Departments with Internet Service**

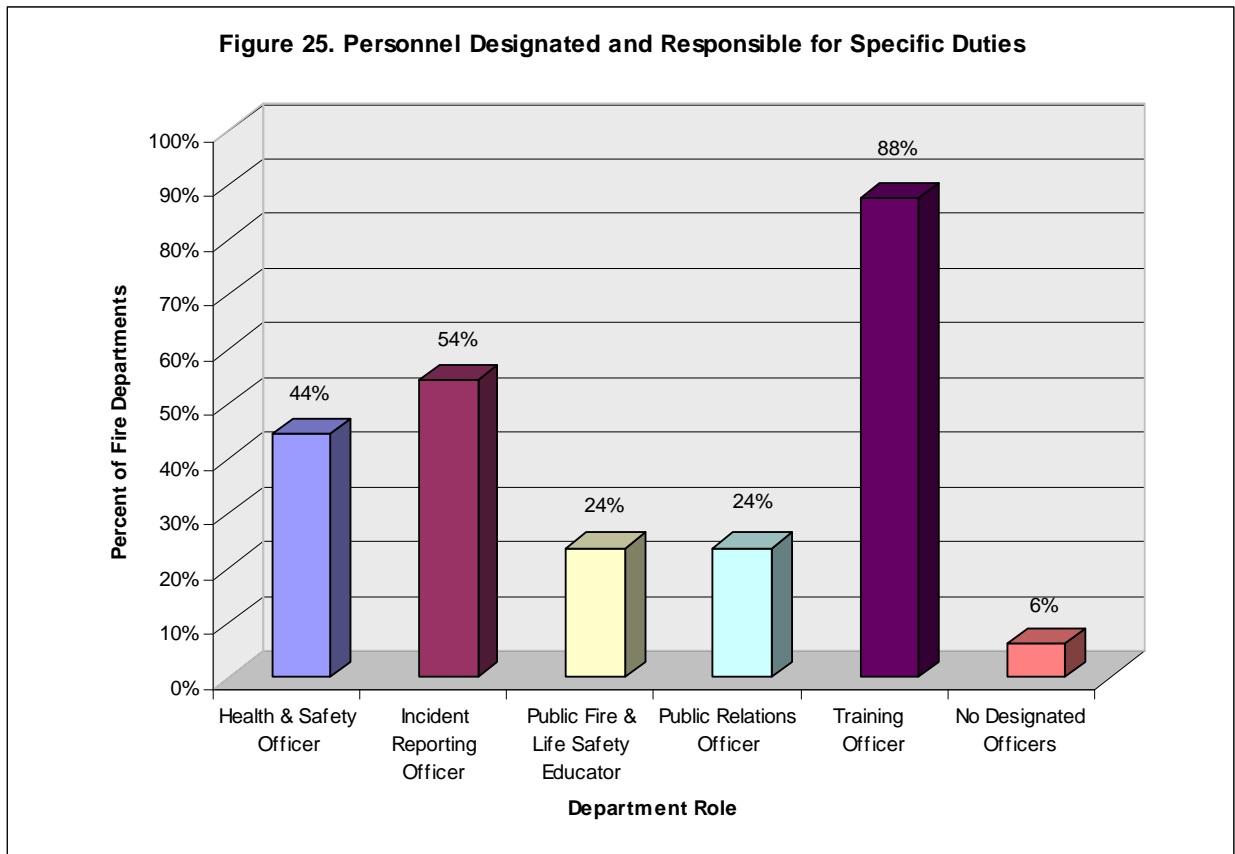

Survey Section VI - Fire Department Roles / Training

Fire departments have specific roles in which they perform in responding to an incident. Fire service personnel are trained in different specialized fields that enable them to take action during situations where they are needed.

**Personnel Designated**

When departments responded if they had personnel designated and responsible for the specific fire service duties, 88 percent (88%) had training officers, 54 percent (54%) had designated incident reporting officers, and 44 percent (44%) had health and safety officers. (See Figure 25.)

## Training

### NFPA Standards

Fire service personnel are trained in many different areas and levels based on the National Fire Protection Association (NFPA) standards. Overall, fire departments responded that 71 percent (71%) of their personnel are trained in Hazardous Materials (NFPA 472) - Awareness and 70 percent (70%) are trained in Fire Fighter (NFPA 1001) - Level I. (See Table 19. and Figure 26.)

Based on the reported percentage of firefighters that need training and the reported number of fire service personnel, 11,756 firefighters in Virginia, the largest amount, need Fire Fighter (NFPA 1001) - Level II training and 11,600 firefighters need Hazardous Materials (NFPA 472) Operations. (See Table 19.)

Fifty-four percent (54%) of departments reported that their jurisdiction mandates firefighter certification (VDFP / Pro-Board).

Even if a department is prepared for certain fire service roles, all personnel may not have received formal training in a specialized field. Having all personnel trained in a particular area will guarantee proper response during an emergency situation as well as ensure their safety.

**Table 19. Fire Department Reported Training Based on NFPA Standards \***

Training Area and Level	Firefighters Trained	Estimated Firefighters Trained	Firefighters Need Training	Estimated Firefighters Need Training
Hazardous Materials (NFPA 472) - Awareness	71%	22,044	38%	10,410
Hazardous Materials (NFPA 472) - Operations	58%	19,066	44%	11,600
Fire Fighter (NFPA 1001) - Level I	70%	21,916	38%	10,243
Fire Fighter (NFPA 1001) - Level II	55%	18,931	47%	11,756
Fire Apparatus Driver / Operator (NFPA 1002) - Driver / Pump Operator	42%	13,215	51%	11,575
Fire Apparatus Driver / Operator (NFPA 1002) - Aerial Operator	15%	7,077	29%	8,175
Airport Fire Fighter (NFPA 1003)	4%	1,498	21%	3,502
Fire Officer (NFPA 1021) - Level I	13%	7,145	34%	8,149
Fire Officer (NFPA 1021) - Level II	8%	4,508	30%	6,478
Fire Officer (NFPA 1021) - Level III	4%	2,191	26%	5,100
Fire Officer (NFPA 1021) - Level IV	2%	1,040	22%	3,421
Fire Inspector (NFPA 1031) - Level I and Level II	4%	1,865	19%	3,480
Fire Investigator (NFPA 1033)	3%	1,554	19%	3,333
Fire Service Instructor (NFPA 1041) - Level I	15%	8,091	29%	7,517
Fire Service Instructor (NFPA 1041) - Level II	9%	5,020	26%	6,092
Fire Service Instructor (NFPA 1041) - Level III	5%	2,590	22%	4,214
Public Fire and Life Safety Educator (NFPA 1035) - Level I	2%	1,280	20%	3,501
Public Fire and Life Safety Educator (NFPA 1035) - Level II	1%	927	18%	2,964
Juvenile Firesetter Intervention Specialist (NFPA 1035) - Level I	1%	785	18%	2,779
Juvenile Firesetter Intervention Specialist (NFPA 1035) - Level II	1%	536	17%	2,526

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

Figure 26. Fire Department Reported Training Based on NFPA Standards

## Technical Rescue

Respondents also replied with how many personnel are trained in specific technical rescue areas and levels. Forty-three percent (43%) of firefighters are trained in Vehicle - Awareness and 40 percent (40%) are trained in Vehicle - Operations. (See Table 20. and Figure 27.) Based on reported percentage of firefighters that need technical rescue training, Vehicle - Awareness training was the area that fire departments needed the highest percentage (54%) of personnel trained. (See Table 20.)

**Table 20. Fire Department Reported Training with Technical Rescue \***

Training Area and Level	Firefighters Trained	Estimated Firefighters Trained	Firefighters Need Training	Estimated Firefighters Need Training
Rope - Level I	20%	10,214	51%	10,864
Rope - Level II	11%	4,278	43%	6,758
Rope - Level III	6%	2,665	38%	5,633
Confined Space - Awareness	19%	9,464	52%	11,393
Confined Space - Operations	11%	4,489	44%	6,474
Confined Space - Technician	4%	2,134	35%	4,842
Trench - Awareness	13%	7,160	48%	10,626
Trench - Operations	9%	3,610	39%	5,612
Trench - Technician	4%	1,858	33%	4,649
Water Rescue - Awareness	14%	8,097	49%	11,770
Water Rescue - Operations	8%	3,385	42%	7,165
Water Rescue - Technician	4%	1,808	35%	4,878
Vehicle - Awareness	43%	15,013	54%	12,653
Vehicle - Operations	40%	13,148	53%	12,425
Vehicle - Technician	16%	4,573	49%	7,704
Structural Collapse - Awareness	12%	5,814	51%	11,036
Structural Collapse - Light Weight	8%	2,871	45%	6,507
Structural Collapse - Heavy	4%	2,072	40%	5,855
Farm Machinery	23%	4,758	51%	6,926

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

Fire departments reported that they do not have adequate technical rescue equipment in the following areas; Rope - Vertical / High Angle (67%), Confined Space (80%), Trench (86%), Water - Swift Water (76%), and Structural Collapse (83%). (See Figure 28.)

Figure 27. Fire Department Reported Training with Technical Rescue

National Incident Management System (NIMS)

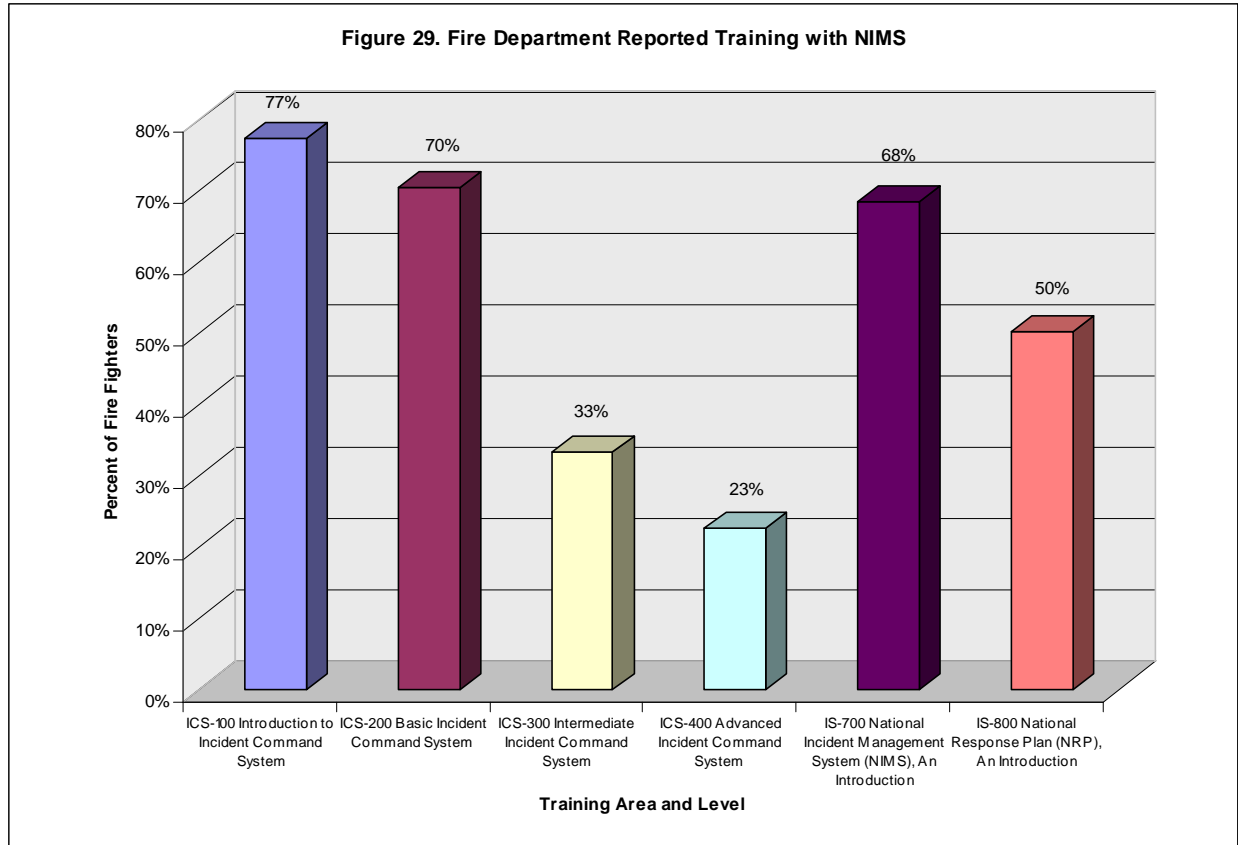

Fire departments responded that on average 77 percent (77%) of their firefighters are trained in ICS-100 Introduction to Incident Command System. (See Table 21. and Figure 29.) ICS-300 Intermediate Incident Command System showed the highest percentage (48%) that needed training.

**Table 21. Fire Department Reported Training with National Incident Management (NIMS) \***

Training Area and Level	Firefighters Trained	Estimated Firefighters Trained	Firefighters Need Training	Estimated Firefighters Need Training
ICS-100 Introduction to Incident Command System	77%	22,438	40%	11,084
ICS-200 Basic Incident Command System	70%	20,855	43%	11,069
ICS-300 Intermediate Incident Command System	33%	8,607	48%	9,197
ICS-400 Advanced Incident Command System	23%	6,211	46%	7,770
IS-700 National Incident Management System (NIMS), An Introduction	68%	20,324	45%	10,988
IS-800 National Response Plan (NRP), An Introduction	50%	14,708	47%	9,761

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

Emergency Medical Services (EMS)

Fire service reported that on average 34% of their firefighters are trained at the EMS - Basic level and that they need additional training (38%) to meet training goals with their department. (See Table 22. and Figure 30.)

**Table 22. Fire Department Reported Training with EMS \***

Training Area and Level	Firefighters Trained	Estimated Firefighters Trained	Firefighters Need Training	Estimated Firefighters Need Training
EMS First Responder	11%	4,973	33%	5,882
EMT - Basic	34%	14,182	38%	9,460
EMT - Advanced	6%	2,684	21%	2,828
EMT - Intermediate	8%	3,654	20%	3,483
EMT - Paramedic	6%	3,378	18%	3,996

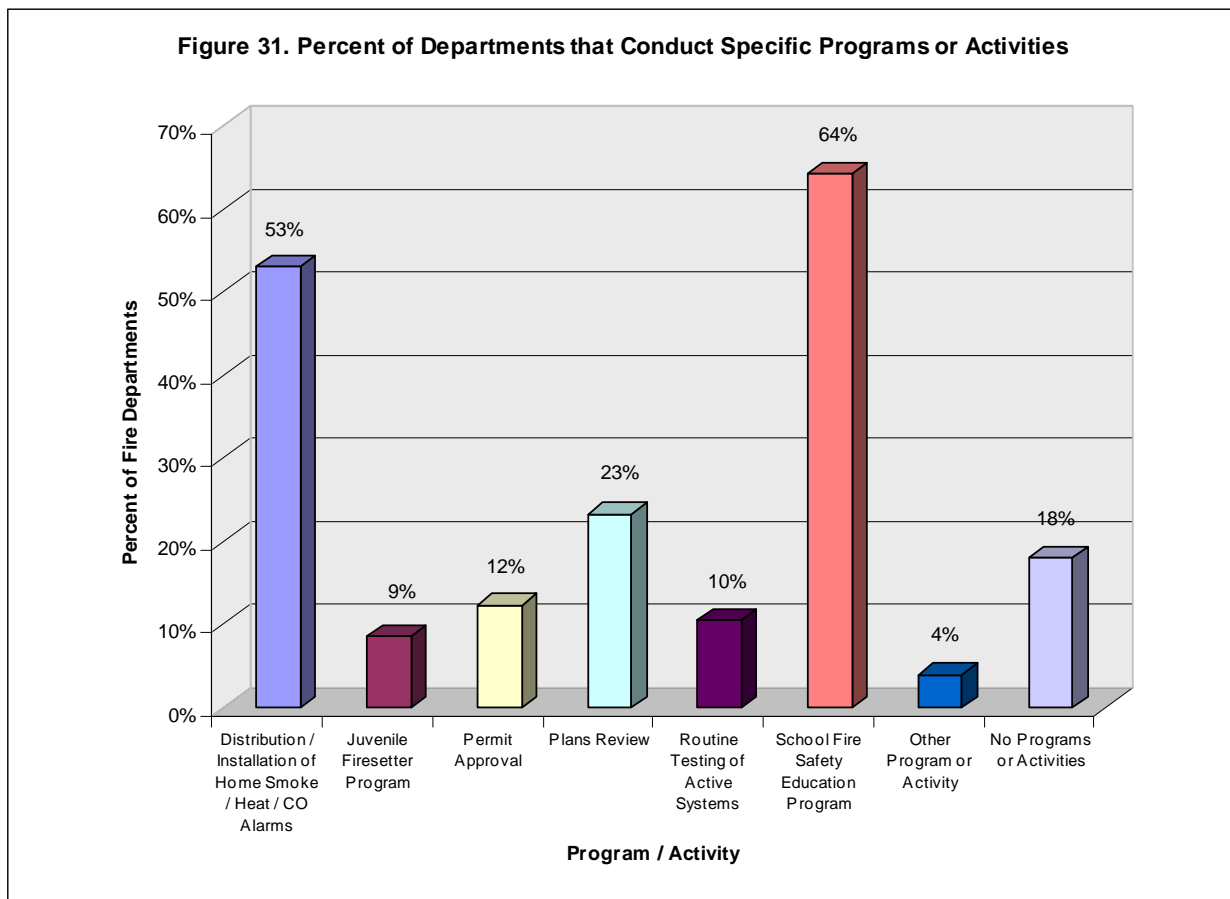

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

Fire departments that are licensed by the Virginia Department of Health, Office of Emergency Medical Services accounted for 59 percent (59%) of the survey respondents. Since emergency medical services (EMS) incidents make up a large part of the overall calls, fire service departments would benefit from being licensed as an EMS agency.

### Programs / Activities

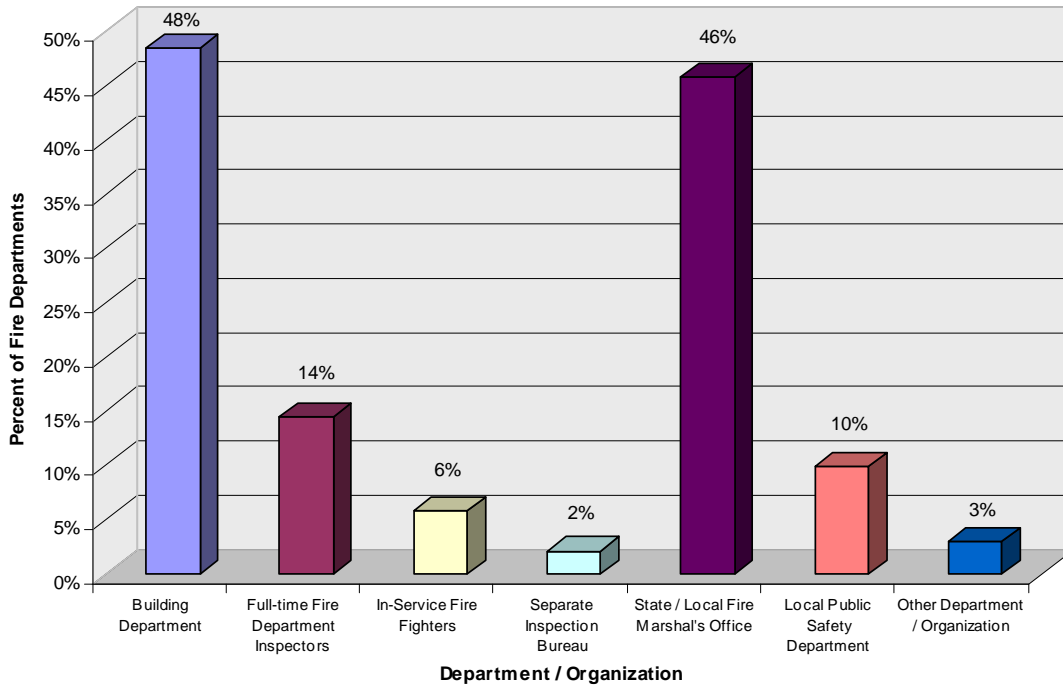

Fire departments provide services to the public concerning prevention activities that can help preclude the occurrence of many fire service incidents in the future. These programs are usually conducted by public fire & life safety educators and follow the NFPA 1035 guidelines. Sixty-four percent (64%) of departments reported that they conducted school fire safety education programs and 53 percent (53%) participated in the free distribution of home smoke alarms. (See Figure 31.)

### Fire Code Inspections

Fire code inspections are conducted by different organizations and the availability of resources affects the amount of code enforcement in an area. The largest number of fire departments reported that building departments (48%) handle inspections in their community, while 46% responded that the state / local fire marshal's office provides the inspections. (See Figure 32.)

Figure 32. Percent of Organizations that Conduct Fire Code Inspections

## Fire Investigation

Several types of investigators will determine if a suspicious fire was deliberately set in an area. Forty-nine percent (49%) of the departments reported that state arson investigators analyze fires to conclude the cause of ignition. (See Figure 33.) Thirty-nine percent (39%) of fire departments responded that fire investigation data becomes either available within 1 week or within 2 weeks.

**Figure 33. Percent of Investigators Who Determines that a Fire Was Deliberately Set**

## Survey Section VIII - Your Fire Department's Top Needs

### **Top Needs**

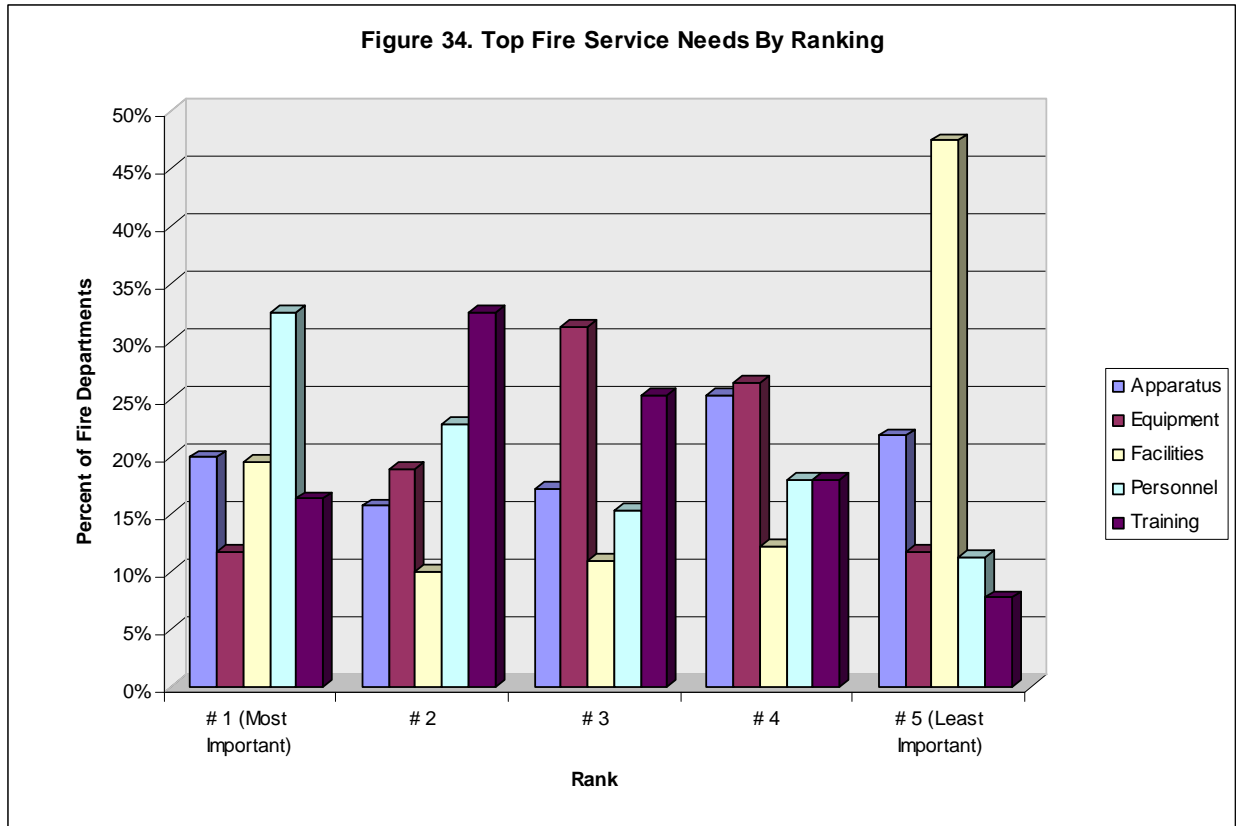

Survey respondents were asked to rank their department's top needs from 1 to 5 in order of importance. The most important need would be ranked #1, the next important need would be ranked #2, etc. and the least important need would be #5. The five ranking categories were apparatus, equipment, facilities, personnel, and training.

Overall, in Virginia, the top need generated from the response was (#1) Personnel. Thirty-three percent (33%) of fire departments replied that personnel was their most important need at their department. The second most important need among reporting Virginia fire departments was (#2) Training which was selected by 33 percent (33%) of the departments. There was no specific trend with rank data with apparatus and equipment. Facilities was ranked the least important need among fire departments. (See Table 23.)

**Table 23. Top Fire Service Needs Reported By VDFP Division**

<b>VDFP Division</b>	<b>#1 Top Need</b>	<b>#2 Top Need</b>	<b>#3 Top Need</b>	<b>#4 Top Need</b>	<b>#5 Top Need</b>
Division 1 - Richmond	Personnel	Training	Equipment	Apparatus	Facilities
Division 2 - Orange	Personnel	Training	Apparatus	Equipment	Facilities
Division 3 - Farmville	Personnel	Training	Equipment	Apparatus	Facilities
Division 4 - Marion	Equipment	Training	Apparatus	Personnel	Facilities
Division 5 - Hampton	Personnel	Training	Equipment	Apparatus	Facilities
Division 6 - Roanoke	Personnel	Training	Equipment	Apparatus	Facilities
Division 7 - Loudoun	Personnel	Training	Equipment	Apparatus	Facilities
<b>Virginia</b>	<b>Personnel</b>	<b>Training</b>	<b>Equipment</b>	<b>Apparatus</b>	<b>Facilities</b>

When comparing how different divisions in Virginia ranked their top needs, fire departments in the Division 4 - Marion area selected Equipment for their top need which may give insight into the variations among fire service in the state. The western area of Virginia has different needs than other parts of the state.

### Additional Funding

Fire departments were also surveyed concerning the estimated amount of additional funding needed with each specific need for FY 2011. Departments selected from a range of monetary amounts and estimates were generated from the results. Overall, fire departments reported that their additional funding needed for FY 2011 would be \$637,074,425. (See Table 24.) Last year with the survey, fire departments reported total estimated costs of \$604 million for FY 2010.

The additional funding for fire departments to maintain their facilities (\$363,074,886) accounted for the highest amount of funding needed in Virginia. Apparatus had the second highest funding amounts, \$112.7 million, while Personnel funding ranked third with \$112.6 million.

**Table 24. Estimated Total Additional Funding Needed Reported By VDFP Division \***

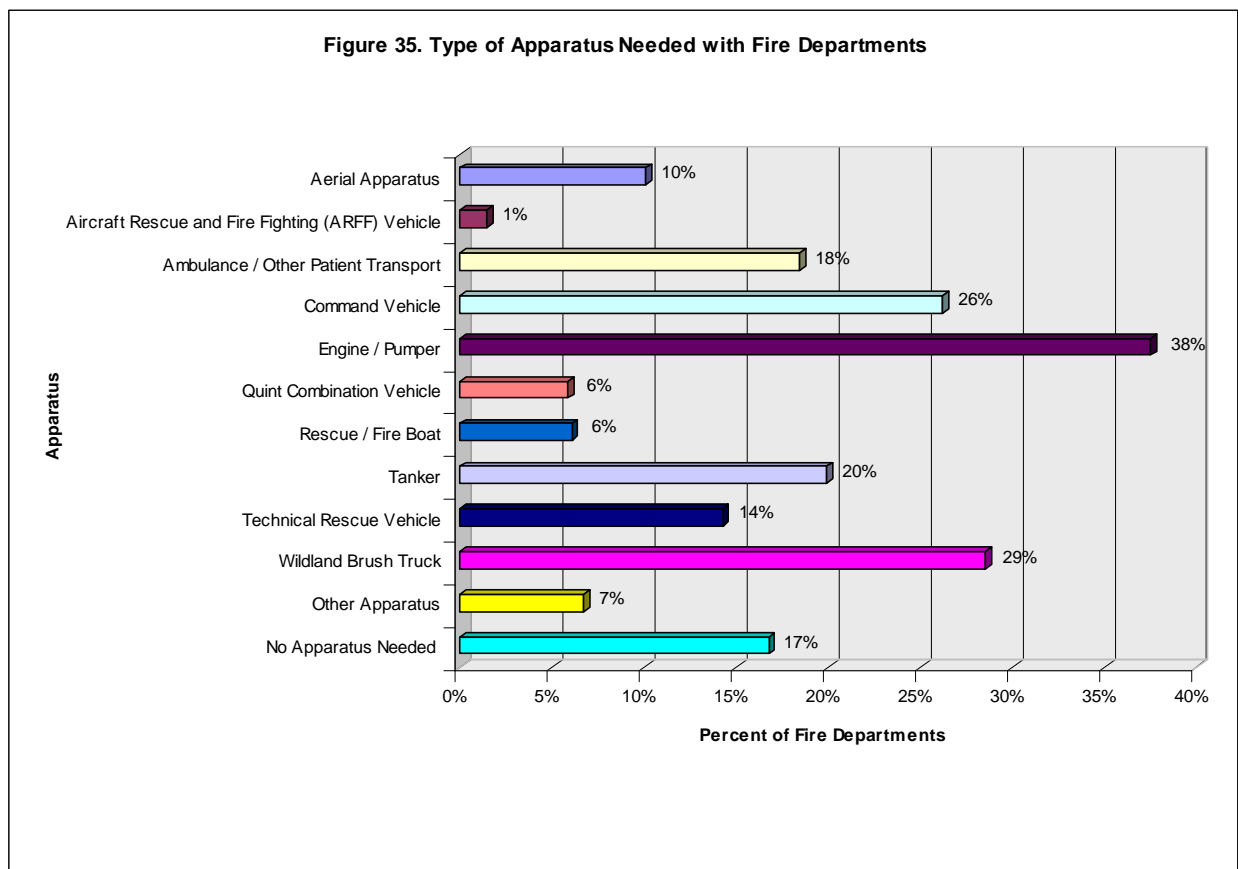

VDFP Division	Apparatus	Equipment	Facilities	Personnel	Training	Grand Total
Division 1 - Richmond	\$12,487,485	\$4,237,486	\$45,249,989	\$17,274,988	\$1,774,989	\$81,024,937
Division 2 - Orange	\$12,287,483	\$3,087,484	\$67,649,985	\$25,399,991	\$1,924,991	\$110,349,934
Division 3 - Farmville	\$16,287,470	\$4,799,975	\$33,712,479	\$16,399,985	\$2,174,988	\$73,374,897
Division 4 - Marion	\$21,924,964	\$6,412,464	\$51,949,973	\$3,687,488	\$2,774,985	\$86,749,872
Division 5 - Hampton	\$19,449,979	\$5,749,979	\$64,424,986	\$16,499,986	\$3,612,488	\$109,737,417
Division 6 - Roanoke	\$20,837,474	\$5,374,972	\$57,624,978	\$13,299,986	\$2,724,987	\$99,862,395
Division 7 - Loudoun	\$9,474,995	\$2,162,495	\$42,462,497	\$20,024,994	\$1,849,994	\$75,974,974
<b>Grand Total</b>	<b>\$112,749,848</b>	<b>\$31,824,854</b>	<b>\$363,074,886</b>	<b>\$112,587,417</b>	<b>\$16,837,421</b>	<b>\$637,074,425</b>

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

Supplemental Table 4 located at the end of this chapter shows how each locality rank their #1 top need and also show their total estimated additional funding needs.

### Apparatus Needed

Apparatus are needed when fire departments dispatch to different types of situations. Thirty-eight percent (38%) of all responding departments noted that they require an engine/pumper. (See Figure 35.) Wildland brush trucks were listed as an apparatus need and accounted for 29 percent (29%) of the response from departments. Seventeen percent (17%) of departments responded that they currently have no apparatus need.

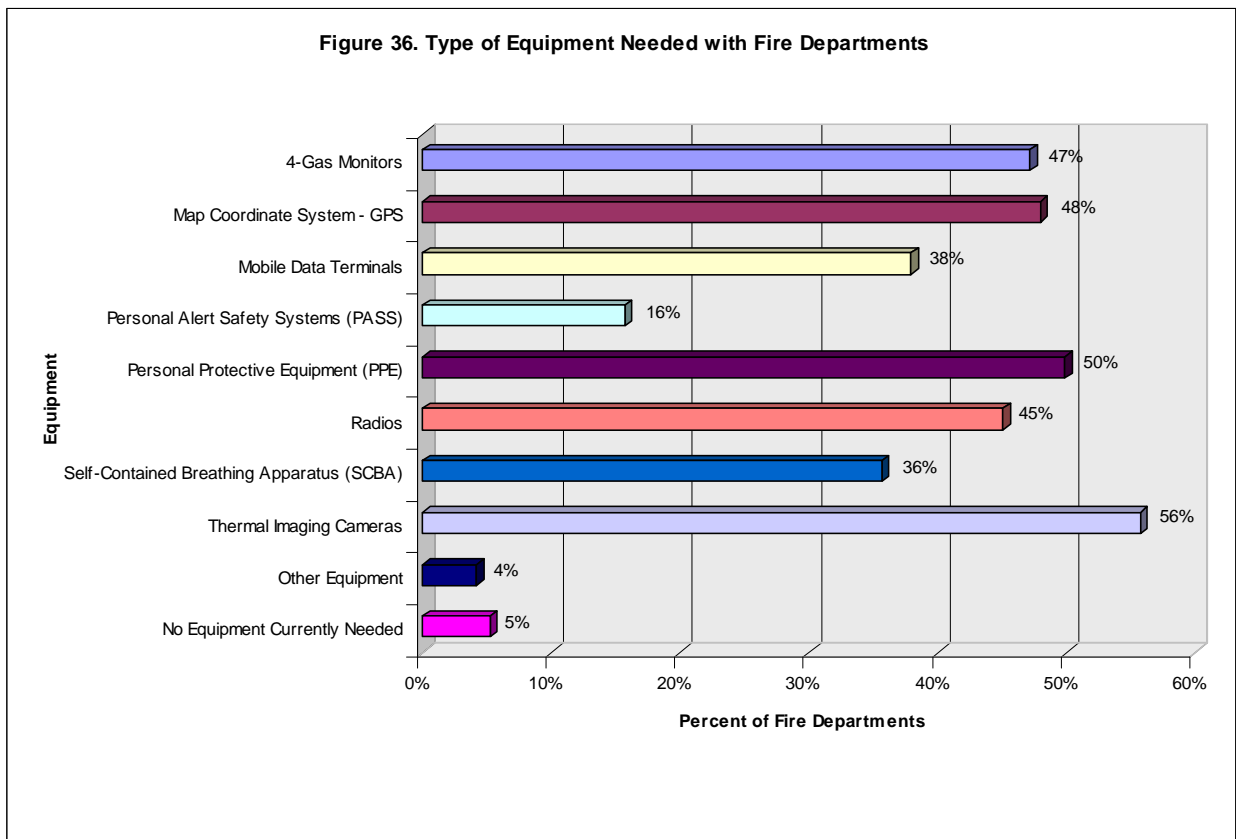

A table containing additional data on the apparatus needed can be found under Supplemental Table 5 at the end of this chapter.

## Equipment Needed

Fire service personnel rely on adequate equipment to perform their duties as a firefighter. Departments showed their largest equipment need was for thermal imaging cameras (56%), personal protective equipment (50%), map coordinate system - GPS (48%), and 4-gas monitors (47%). (See Figure 36.) Radios were selected by 45 percent (45%) of departments. Only 5 percent (5%) of fire departments reported that they have no equipment currently needed.

Please see Supplemental Table 6 for more detailed information on the type of equipment needed.

**Table 25. Number of Apparatus Needed Reported By VDFP Division \***

VDFP Division	Aerial Apparatus	Aircraft Rescue and Fire Fighting (ARFF) Vehicle	Ambulance / Other Patient Transport	Command Vehicle	Engine / Pumper	Quint Combination Vehicle	Rescue / Fire Boat	Tanker	Technical Rescue Vehicle	Wildland Brush Truck	Other Apparatus

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

## Facilities Needed

Facilities was the least reported top need. Forty-two percent (42%) of the departments responded that they needed improvements /remodeling to the existing stations. (See Figure 37.) Sixteen (16%) of departments showed no current need with their facilities.

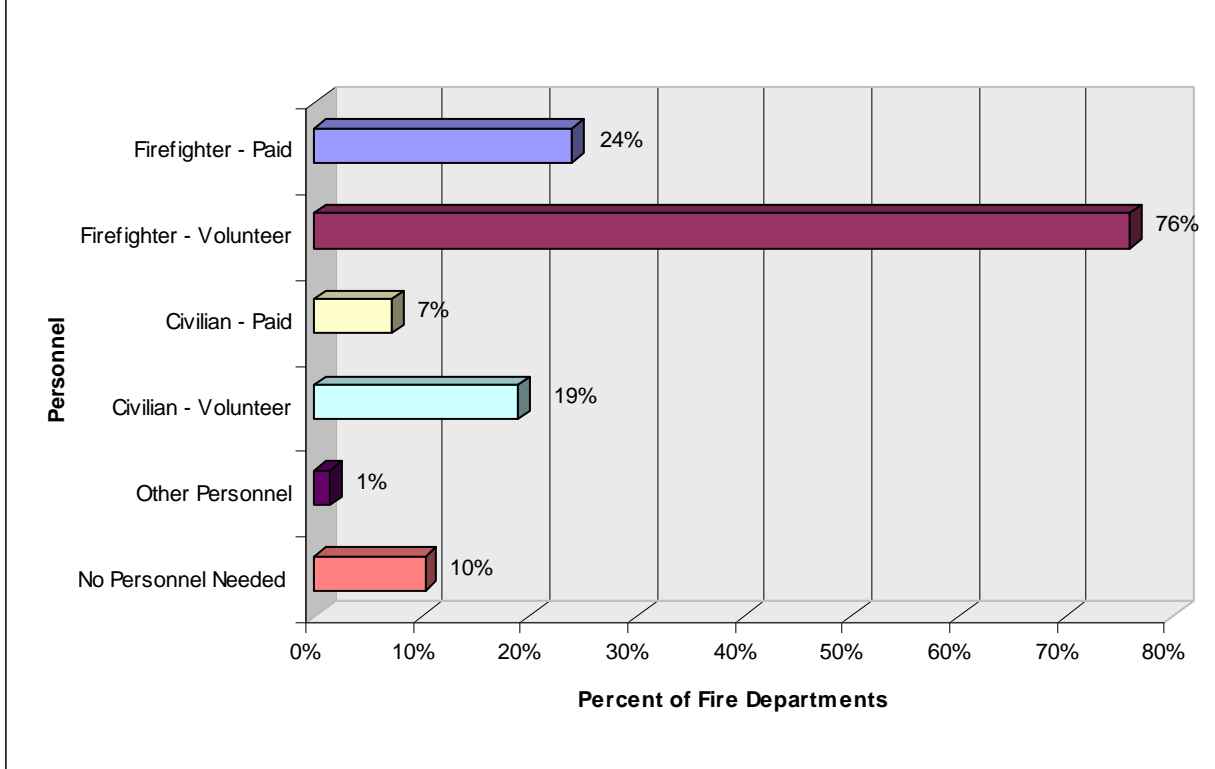

## Personnel Needed

Personnel was the overall (#1) top need in the state for fire departments. Seventy-six percent (76%) of all departments responded that they need volunteer firefighters and 24 percent (24%) showed a need for paid firefighters. (See Figure 38.) Ten percent (10%) of departments reported that they have no personnel currently needed.

An additional table on personnel needed by locality is located in the end of this chapter under Supplemental Table 7.

**Figure 38. Type of Personnel Needed with Fire Departments**

**Table 27. Number of Personnel Needed Reported By VDFP Division \***

VDFP Division	Firefighter - Paid	Firefighter - Volunteer	Civilian - Paid	Civilian - Volunteer	Other Personnel
Division 1 - Richmond	190	496	62	50	1
Division 2 - Orange	180	818	6	148	0
Division 3 - Farmville	120	662	3	118	0

Division 7 - Loudoun	151	327	25	120	0
<b>Grand Total</b>	<b>1,182</b>	<b>4,205</b>	<b>119</b>	<b>688</b>	<b>7</b>

\* Data excludes individual fire department's information for localities when a consolidated survey response was also received.

## **Training Needed**

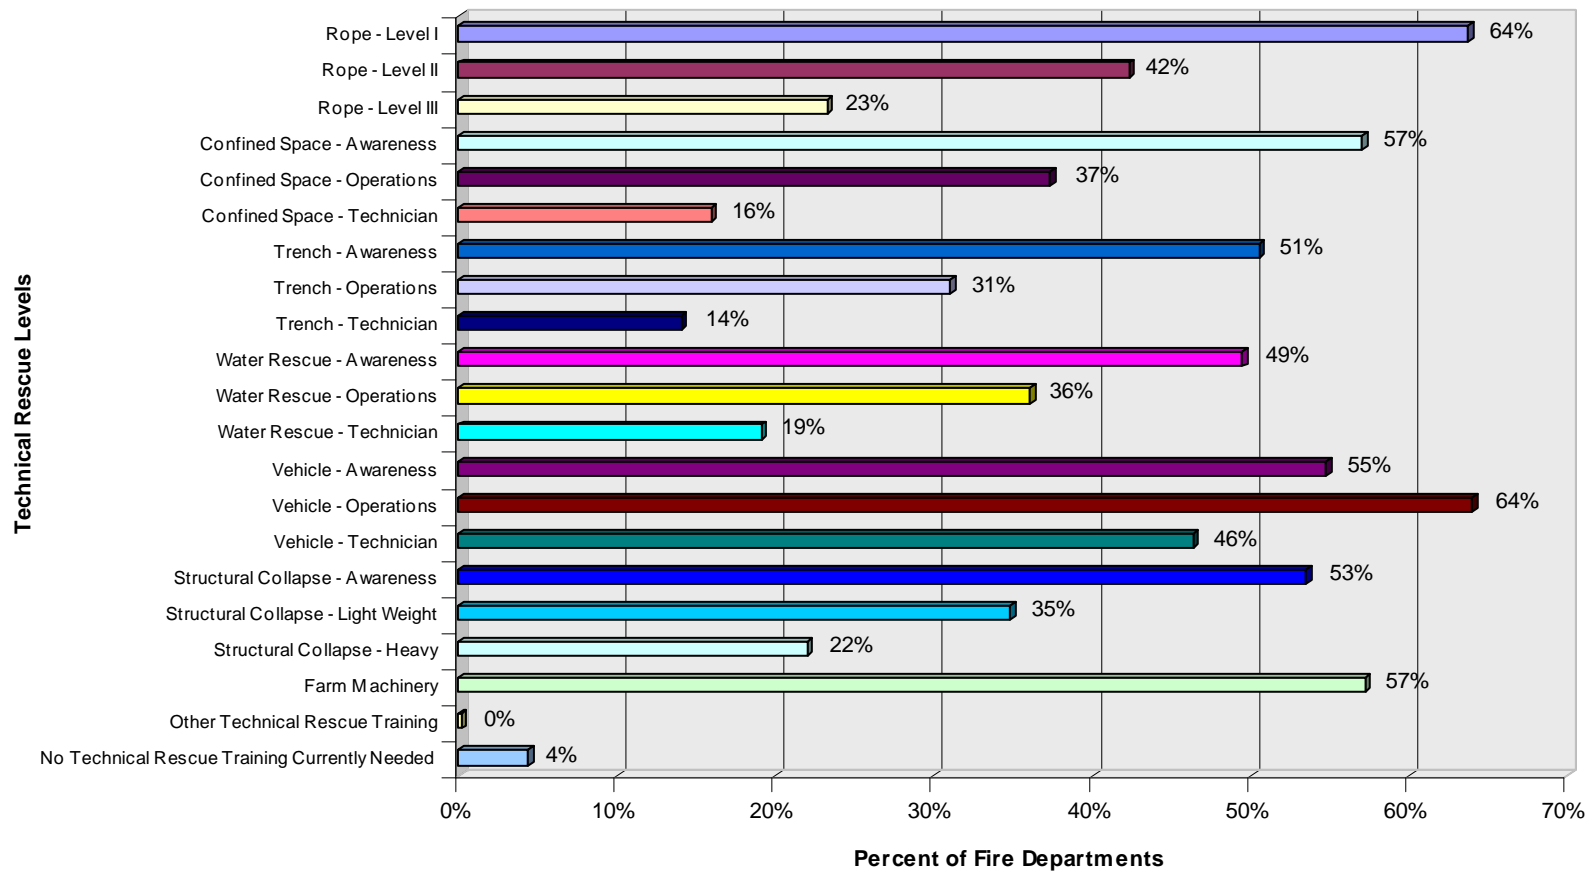

Training is essential in keeping firefighters prepared for an emergency crisis. Seventy-one percent (71%) of fire departments requested the need for Fire Apparatus Driver / Operator – Driver / Pump Operator training. (See Figure 39.) Fire fighter Level I and Level II accounted for 68% and 66% of the survey response, respectively. Since fire service personnel have to be trained in many different areas, an added supply of training resources would help support the need in the state.

Sixty-four percent (64%) of fire departments responded that they need Vehicle - Operations training and Rope - Level I technical rescue training. (See Figure 40.) Sixty-three percent (63%) of respondents requested ICS-300 Intermediate Incident Command System training. (See Figure 41.) EMT- Basic (56%) was the EMS training that was reported as the highest training need with EMS. (See Figure 42.)

**Figure 39. Percent of Fire Departments Requesting Specific Training Needs**

**Figure 40. Percent of Fire Departments Requesting Technical Rescue Training Needs**

**Figure 41. Percent of Fire Departments Requesting NIMS Training Needs**

**Figure 42. Percent of Fire Departments Requesting EMS Training Needs**

Note: Data was compiled from a total of 477 survey responses submitted by fire departments in Virginia. Percentages shown may not add to totals due to rounding.

\* Data denoted with an asterisk in this section was compiled from adjusted survey data to account for possible duplicate responses received from localities that reported for all career and volunteer personnel and for volunteer departments that also responded in their locality.

Note: Data excludes individual fire department's information for localities when a consolidated survey response was also received. Fire administration departments could either report for their career fire service personnel only or for all fire service in their locality including both career and volunteer personnel. Volunteer fire departments could similarly report for all fire service personnel in their locality. When a consolidated survey response for a locality was received, in order to reduce possible duplication, then any individual fire department responses in the same locality were excluded from quantitative data calculations.

Note: Localities shown above with dashes (-) did not have any completed surveys with their fire departments .

\* Since Greensville County (FIPS 081) does not currently have fire service in their locality, no fire departments were included in the sample. Emergency response for their area is handled by Emporia Fire Dept. (FDID 59500) and Jarrett Vol. Fire Dept. (FDID 18301).

840	Winchester	2	0	6	6	6	0	0	0	0	0	0
<b>Grand Total</b>		<b>193</b>	<b>4</b>	<b>780</b>	<b>589</b>	<b>1,459</b>	<b>92</b>	<b>139</b>	<b>508</b>	<b>210</b>	<b>604</b>	<b>586</b>

Note: Data excludes individual fire department's information for localities when a consolidated survey response was also received. Fire administration departments could either report for their career fire service personnel only or for a fire service in their locality including both career and volunteer personnel. Volunteer fire departments could similarly report for all fire service personnel in their locality. When a consolidated survey response for a locality was received in order to reduce possible duplication, then any individual fire department responses in the same locality were excluded from quantitative data calculations.

Note: Localities shown above with dashes (-) did not have any completed surveys with their fire departments .

\* Since Greensville County (FIPS 081) does not currently have fire service in their locality, no fire departments were included in the sample. Emergency response for their area is handled by Emporia Fire Dept. (FDID 59500) and Jarrett Vol. Fire Dept. (FDID 18301).

<b>Grand Total</b>		<b>20%</b>	<b>12%</b>	<b>19%</b>	<b>32%</b>	<b>16%</b>	<b>7,078,515</b>	<b>\$637,074,425</b>	<b>\$90.00</b>

Note: Data excludes individual fire department's information for localities when a consolidated survey response was also received. Fire administration departments could either report for their career fire service personnel only or for all fire service in their locality including both career and volunteer personnel. Volunteer fire departments could similarly report for all fire service personnel in their locality. When a consolidated survey response for a locality was received, in order to reduce possible duplication, then any individual fire department responses in the same locality were excluded from quantitative data calculations.

Note: Localities shown above with dashes (-) did not have any completed surveys with their fire departments .

\* Since Greensville County (FIPS 081) does not currently have fire service in their locality, no fire departments were included in the sample. Emergency response for their area is handled by Emporia Fire Dept. (FDID 59500) and Jarrett Vol. Fire Dept. (FDID 18301).

<b>Grand Total</b>		<b>1,182</b>	<b>4,205</b>	<b>119</b>	<b>688</b>	<b>7</b>

Note: Data excludes individual fire department's information for localities when a consolidated survey response was also received. Fire administration departments could either report for their career fire service personnel only or for all fire service in their locality including both career and volunteer personnel. Volunteer fire departments could similarly report for all fire service personnel in their locality. When a consolidated survey response for a locality was received, in order to reduce possible duplication, then any individual fire department responses in the same locality were excluded from quantitative data calculations.

Note: Localities shown above with dashes (-) did not have any completed surveys with their fire departments .

\* Since Greensville County (FIPS 081) does not currently have fire service in their locality, no fire departments were included in the sample. Emergency response for their area is handled by Emporia Fire Dept. (FDID 59500) and Jarrett Vol. Fire Dept. (FDID 18301).

## Virginia Fire Service Needs Assessment:

*An annual profile of critical needs  
as identified by Virginia's Fire Service*

Volume VII - January 2011

## Chapter 3 - Reported Incidents

### VFIRS (Virginia Fire Incident Reporting System)

#### Description

The Virginia Fire Incident Reporting System (VFIRS) is used by the Commonwealth of Virginia to track Virginia's fire department emergency responses. VFIRS allows fire departments to report and maintain computerized records of fires and other incidents in a uniform manner that is consistent with the National Fire Incident Reporting System (NFIRS). VFIRS is maintained by the Virginia Department of Fire Programs (VDFP), which reports data into NFIRS.

#### VFIRS Participation

For calendar year 2009, 482 or 83.4% of fire departments reported enough months to be considered participating fire departments. Based on each locality's VFIRS participation and census population, the final overall VFIRS population protected for 2009 was 95.3%.

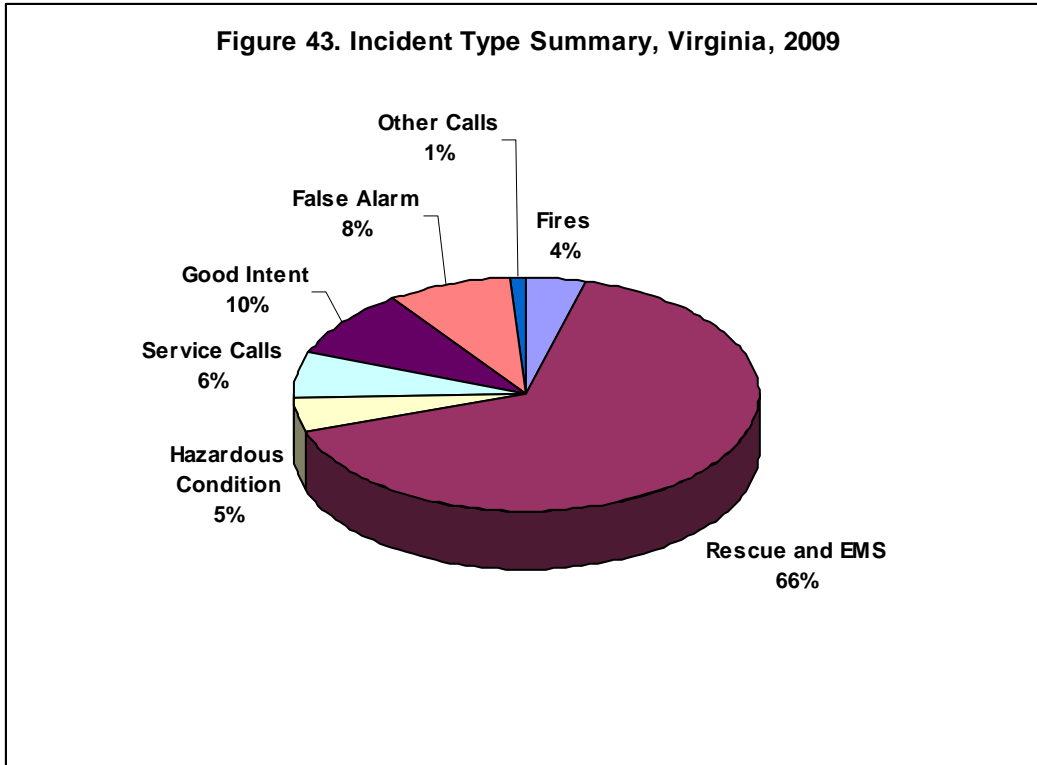

#### Incident Types

In 2009, fire departments responded to 645,498 incidents in Virginia. These incidents included 26,138 fires, 424,135 rescue/medical incidents, 30,518 hazardous condition calls, 40,819 service calls, 61,877 good intent calls, 54,579 false calls and 7,432 other calls. (See Table 28.) There were 34,352 incidents in which a fire department provided assistance (mutual or automatic aid given) to another jurisdiction. In addition, there were 440 fire incidents that were fire exposures (fires large enough to cause fire damage beyond the property where the fire started).

**Table 28. Incident Type Summary, Virginia, 2009**

Incident Type	Total	Percent
Fires	26,138	4.0%
Rescue and EMS	424,135	65.7%
Hazardous Condition	30,518	4.7%
Service Calls	40,819	6.3%
Good Intent	61,877	9.6%
False Alarm	54,579	8.5%
Other Calls	7,432	1.2%
<b>Total Incidents</b>	<b>645,498</b>	<b>100.0%</b>
Aid Given (Mutual or Automatic)	34,352	
Fire Exposures	440	
<b>Grand Total</b>	<b>680,290</b>	

Fire incidents accounted for 4 percent (4.0%) of the total incidents responded to by fire departments in Virginia for 2009. (See Figure 43.) Rescue and emergency medical service incidents made up two-thirds (66%) of the total calls handled by fire departments.

### Total Fire Dollar Loss

Property and contents dollar loss is required for all fire incidents and helps to measure the severity of fire loss in Virginia. In 2009, there were 26,138 fires with a total dollar loss reported as \$278 million. (See Table 29.)

**Table 29. Fire Dollar Loss Summary, Virginia, 2009**

Dollar Loss	Total
Total Property Loss	\$199,808,852
Total Contents Loss	\$78,406,371
<b>Total Fire Dollar Loss</b>	<b>\$278,215,223</b>

### Civilian and Fire Service Casualties

In addition, losses also occur when civilian or fire service are injured or killed during an incident. There were 382 civilian injuries and 68 civilian deaths due to fire incidents in 2009.

(See Table 30.) Fire Service had 341 injuries with their personnel in 2009 accounting for all types of incidents. There was one fire service death reported in 2009.

**Table 30. Casualty Summary, Virginia, 2009**

Civilian Casualties	Total
Civilian Fire Injuries	382
Civilian Fire Deaths	68
<b>Total Civilian Casualties</b>	<b>450</b>

Fire Service Casualties	Total
Fire Service Injuries	341
Fire Service Deaths	1
<b>Total Fire Service Casualties</b>	<b>342</b>

For 2009, Virginia has a lower percentage of fire incidents (5%) compared to the national numbers. Sixty-four percent (64%) of incidents in Virginia were EMS calls, while nationwide, 59 percent (59%) of all calls were EMS. (See Figure 44.)

\* Data was compiled by the National NFIRS Program from incident data reported as of 03/06/2010.

## Fires

In 2009, fire departments in Virginia reported responding to a total of 26,138 fires. Thirty-seven percent (37%) were structure fires, 24 percent (24%) were natural vegetation fires, and 17 percent (17%) were vehicle fires. (See Table 31. and Figure 45.)

**Table 31. Fire Incidents By Incident Category, Virginia, 2009**

Incident Category	Total	Percent
Structure Fire	9,700	37.1%
Fire in Mobile Property (Used as a Fixed Structure)	225	0.9%
Mobile Property (Vehicle) Fire	4,473	17.1%
Natural Vegetation Fire	6,381	24.4%
Outside Rubbish Fire	3,328	12.7%
Special Outside Fire	937	3.6%
Cultivated Vegetation, Crop Fire	85	0.3%
Other	1,009	3.9%
<b>Grand Total</b>	<b>26,138</b>	<b>100.0%</b>

**Table 32. Number of VFIRS Reported Incidents By VDFP Division, 2009**

Incident Type	Division 1 - Richmond	Division 2 - Orange	Division 3 - Farmville	Division 4 - Marion	Division 5 - Hampton	Division 6 - Roanoke	Division 7 - Loudoun	Division 9 - Statewide	Grand Total
Fires	5,410	3,115	2,769	1,589	6,073	3,095	4,013	74	26,138

Service Calls	7,624	4,207	2,246	965	11,655	2,919	11,029	174	40,819
Good Intent	19,401	6,466	5,461	1,219	12,623	4,132	12,054	521	61,877
False Alarm	9,452	4,375	3,051	767	15,659	3,921	16,644	710	54,579
Other Calls	915	508	241	245	2,965	687	1,854	17	7,432
<b>Total Incidents</b>	<b>126,724</b>	<b>67,800</b>	<b>36,990</b>	<b>11,200</b>	<b>186,255</b>	<b>60,711</b>	<b>150,824</b>	<b>4,994</b>	<b>645,498</b>

Note: Division 9 - Statewide include incidents reported by Military, Federal or Airport (FIPS 920) fire departments.

Please see Supplemental Table 9 found at the end of this chapter for a detailed report of incidents by locality for 2009, Supplemental Table 10 for a summary report for 2009 by locality, and Supplemental Table 11 for a rate summary report for 2009.

**Note: Data is compiled from information reported to the Virginia Fire Incident Reporting System (VFIRS) for 2009 as of 03/05/2010.**

Unless otherwise noted, for all frequency or incident counts, mutual/automatic aid given and fire exposure incidents were excluded from the numbers. For casualty statistical information, mutual/automatic aid given incidents were included for all fire service and excluded for all civilian data, and, in addition, fire exposure incidents were included with all casualty numbers. For dollar loss amounts, mutual/automatic aid given incidents were excluded and exposure incidents were included with the numbers.

Percentages may not add to totals due to rounding.

Note: Data is compiled from information reported to the Virginia Fire Incident Reporting System (VFIRS) for 2009 as of 03/05/2010. VFIRS participating fire department is any department that reported incidents to VFIRS for 2009. VFIRS Population Protected is based on each locality's VFIRS participation and census population and represents the percentage of Virginia's population that is covered by the reporting departments.

\* Greensville County does not currently have fire service in their locality. Emergency response for their area is handled by Jarrett Vol. Fire Dept. (FDID 18301) and Emporia Fire Dept. (FDID 59500).

\*\* The City of Falls Church (FIPS 610) currently participates in VFIRS, but due to contractual arrangements with Arlington County (FIPS 013), their statistical information cannot be tabulated and, therefore, is combined with the incidents from Arlington County.

Note: Data is compiled from information reported to the Virginia Fire Incident Reporting System (VFIRS) for 2009 as of 03/05/2010. For all frequency or incident counts, mutual/automatic aid given and fire exposure incidents were excluded from the numbers. For casualty statistical information, mutual/automatic aid given incidents were included for all fire service and excluded for all civilian data, and, in addition, fire exposure incidents were included with a casualty numbers. For dollar loss amounts, mutual/automatic aid given incidents were excluded and exposure incidents were included with the numbers.

\* Greenville County does not currently have fire service in their locality. Emergency response for their area is handled by Jarrett Vol. Fire Dept. (FDID 18301) and Emporia Fire Dept. (FDID 59500).

\*\* The City of Falls Church (FIPS 610) currently participates in VFIRS, but due to contractual arrangements with Arlington County (FIPS 013), their statistical information cannot be tabulated and, therefore, is combined with the incident from Arlington County.

Note: Data is compiled from information reported to the Virginia Fire Incident Reporting System (VFIRS) for 2009 as of 03/05/2010. For all frequency or incident counts, mutual/automatic aid given and fire exposure incidents were excluded from the numbers. For casualty statistical information, mutual/automatic aid given incidents were included for all fire service and excluded for all civilian data, and, in addition, fire exposure incidents were included with all casualty numbers. For dollar loss amounts, mutual/automatic aid given incidents were excluded and exposure incidents were included with the numbers.

\* Greensville County does not currently have fire service in their locality. Emergency response for their area is handled by Jarrett Vol. Fire Dept. (FDID 18301) and Emporia Fire Dept. (FDID 59500).

\*\* The City of Falls Church (FIPS 610) currently participates in VFIRS, but due to contractual arrangements with Arlington County (FIPS 013), their statistical information cannot be tabulated and, therefore, is combined with the incidents from Arlington County.

Note: Data is compiled from information reported to the Virginia Fire Incident Reporting System (VFIRS) for 2009 as of 03/05/2010. For all frequency or incident counts, mutual/automatic aid given and fire exposure incidents were excluded from the numbers. For casualty statistical information, mutual/automatic aid given incidents were included for all fire service and excluded for all civilian data, and, in addition, fire exposure incidents were included with all casualty numbers. For dollar loss amounts, mutual/automatic aid given incidents were excluded and exposure incidents were included with the numbers.

\* Greenville County does not currently have fire service in their locality. Emergency response for their area is handled by Jarrett Vol. Fire Dept. (FDID 18301) and Emporia Fire Dept. (FDID 59500).

\*\* The City of Falls Church (FIPS 610) currently participates in VFIRS, but due to contractual arrangements with Arlington County (FIPS 013), their statistical information cannot be tabulated and, therefore, is combined with the incidents from Arlington County.

*An annual profile of critical needs  
as identified by Virginia's Fire Service*

Volume VII - January 2011

## Chapter 4 - Training

### FSTRS (Fire Service Training Record System)

#### **Description of Schools**

As the only agency in the Commonwealth accredited by the National Board on Fire Service Qualifications (Pro-Board), Virginia Department of Fire Programs coordinates funded, non-funded, and reimbursable fire-rescue training and certification courses across Virginia.

Funded schools are directly funded and delivered by VDFP at no cost to departments or students, with the exception of textbooks if applicable. Instructors for these classes are VDFP wage employees. VDFP personnel are responsible for the administration and management of the schools.

Non-funded schools require students and/or departments to cover all costs of registration, lodging, meals, text books, and instructor salaries. VDFP supports these schools through coordination, technical assistance, equipment loan, marketing, certification, and administrative records management.

Reimbursable schools are coordinated, delivered, and initially funded by VDFP, which is later reimbursed by the department or the locality receiving the training.

#### **Type of Schools**

VDFP coordinated a total 1,704 schools in FY 2010 in Virginia, including 442 funded schools (26%), 1,192 non-funded schools (70%) and 70 reimbursable schools (4%). (See Figure 46 and Table 33.) The total number of schools have remained closely the same during the last few years with 2,145 schools conducted in FY 2008 and 1,824 conducted in FY 2009. The total number of non-funded schools decreased by 168 from FY 2009 to FY 2010. (See Figure 47.)

**Figure 46. Type of Fire Service Schools, FY2010**

**Table 33. Number of Fire Service Schools By Type, FY 2006-2010**

School Type	FY2006	FY2007	FY2008	FY2009	FY2010	Grand Total
Funded	662	544	544	422	442	2,614
Non-Funded	1,436	1,521	1,551	1,360	1,192	7,060
Reimbursable	21	37	50	42	70	220
<b>Grand Total</b>	<b>2,119</b>	<b>2,102</b>	<b>2,145</b>	<b>1,824</b>	<b>1,704</b>	<b>9,894</b>

**Active Students**

Currently, there are 82,924 active students in the Fire Service Training Records System (FSTRS). (See Table 34.)

**Table 34. Number of Active Students**

Status	Total	Percent
Career	15,031	18%
Volunteer	31,899	38%
Combination	2,191	3%
EMS	9,882	12%
Brigade	4,988	6%
Other	14,461	17%
Unknown or Not Reported	4,472	5%
<b>Grand Total</b>	<b>82,924</b>	<b>100%</b>

**Table 35. Number of Active Students By VDFP Division**

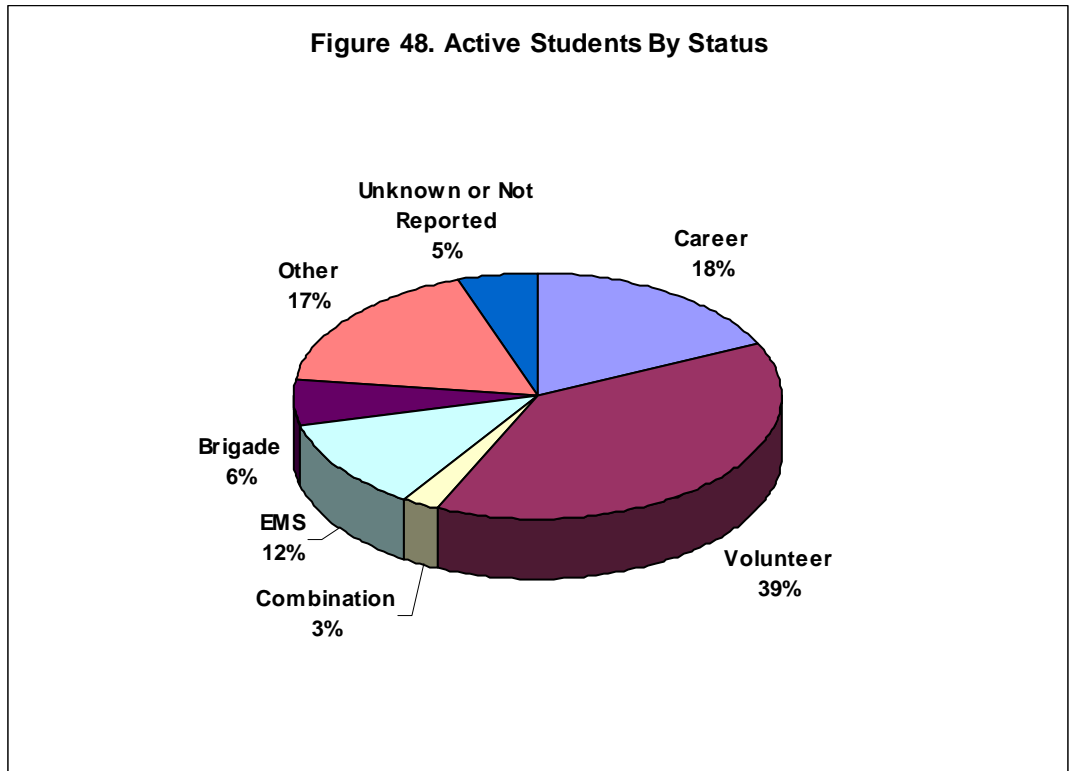

VDFP Division	Career	Volunteer	Combination	EMS	Brigade	Other	Unknown or Not Reported	Grand Total
Division 1 - Richmond	2,397	4,604	264	981	2,471	2,359	456	13,532
Division 2 - Orange	719	5,210	504	1,299	141	1,179	431	9,483
Division 3 - Farmville	661	4,586	182	1,277	804	921	346	8,777
Division 4 - Marion	232	4,310	131	623	274	498	214	6,282
Division 5 - Hampton	4,038	3,852	294	1,792	259	1,660	323	12,218
Division 6 - Roanoke	1,042	5,265	156	1,642	843	1,223	340	10,511
Division 7 - Loudoun	2,843	3,372	365	1,007	12	339	1,151	9,089
<b>Grand Total</b>	<b>11,932</b>	<b>31,199</b>	<b>1,896</b>	<b>8,621</b>	<b>4,804</b>	<b>8,179</b>	<b>3,261</b>	<b>69,892</b>

Note: Active students classified under FIPS code 920 (Military, Federal or Airports) or with a FIPS code not in a VDFP Division are not included in this table.

A detailed list of the number of active students by personnel type by locality is found in the Supplemental Table 12 at the end of this chapter.

### Personnel Type

Student's classifications were derived from all the different types of fire service. Volunteer firefighters account for 39 percent (39%) of the students and paid career firefighters make up 18 percent (18%). (See Figure 48.)

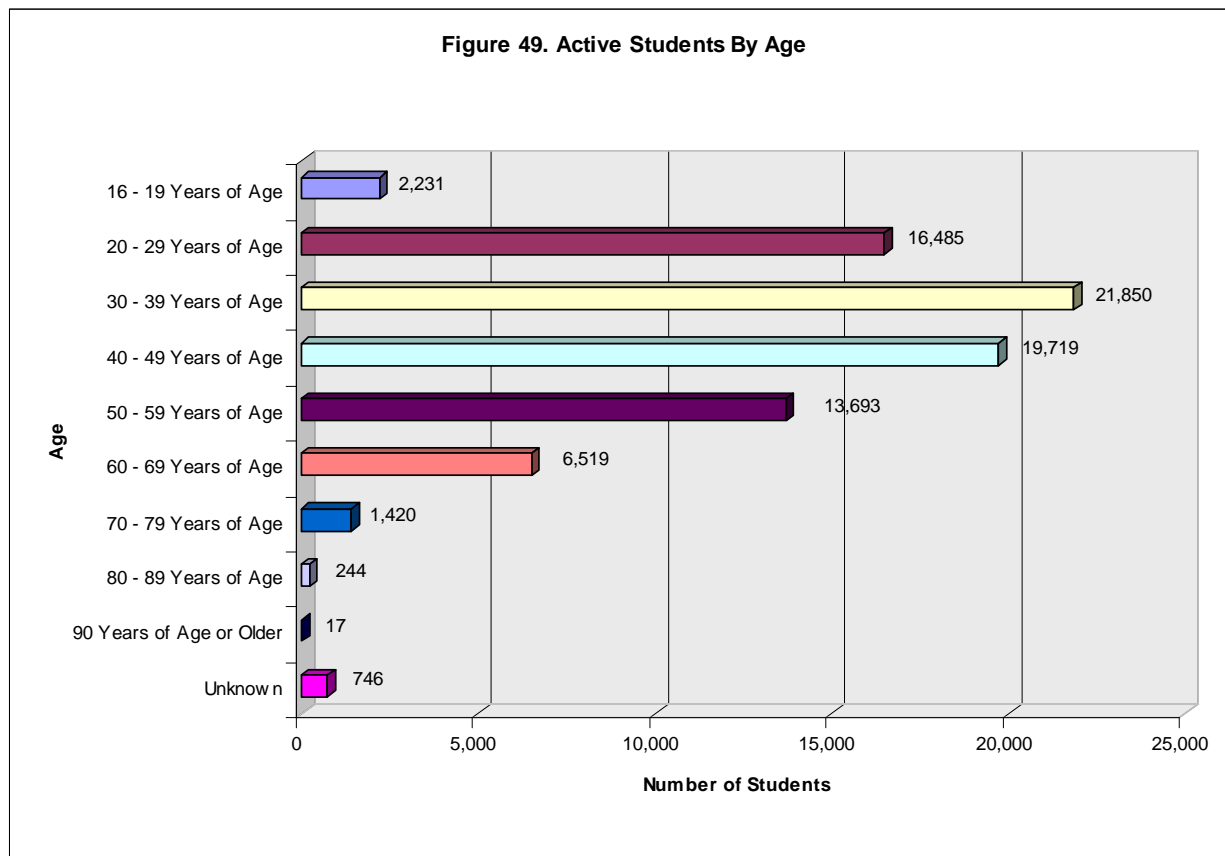

## Student Demographics

VDFP's fire-rescue training and certification courses serve a diverse group of students across Virginia. The majority of the students from the FSTRS database are male (80%). (See Table 36.) When compiling the statistics on race among students, 82 percent (82%) are white.

**Table 36. Active Students By Race By Sex**

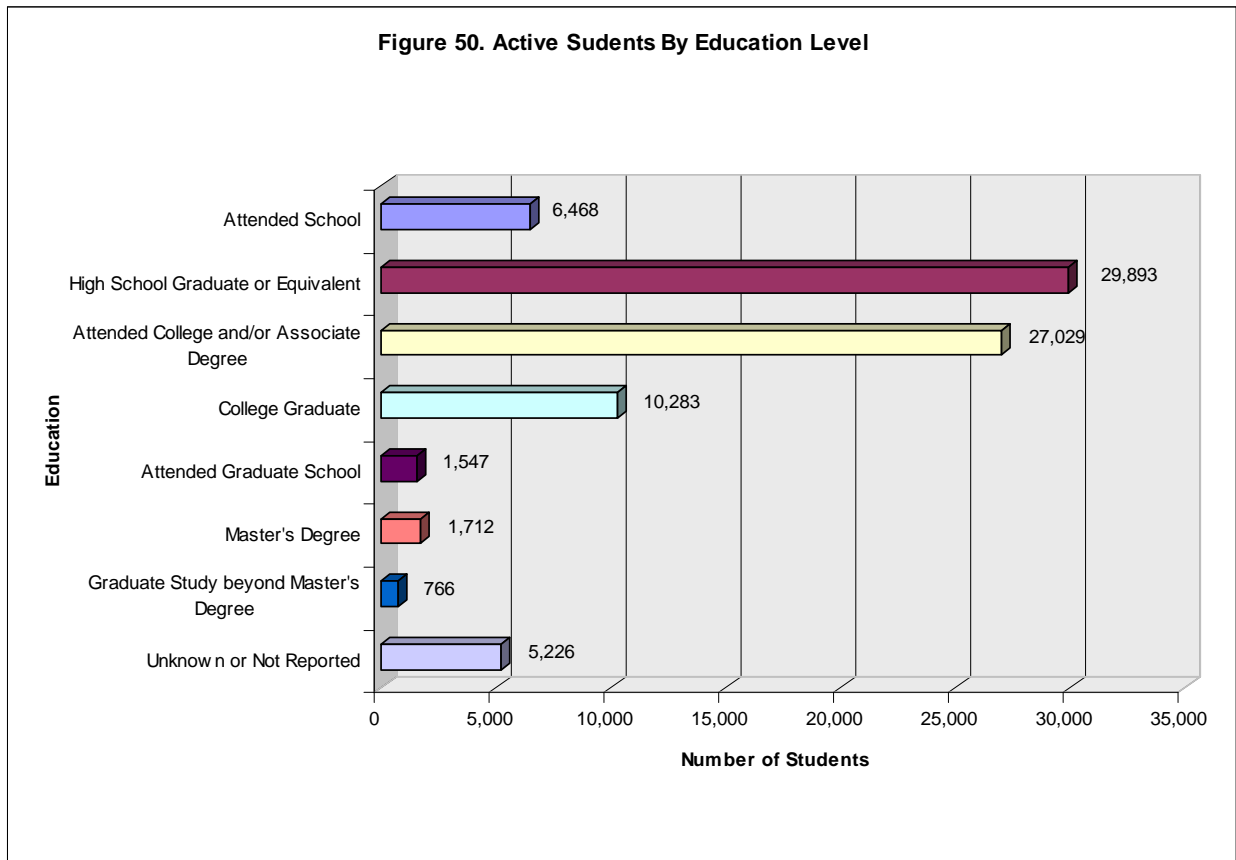

Race	Female	Male	Unknown	Grand Total	Percent
White	12,812	55,150	41	68,003	82.0%
Black	1,331	5,501	7	6,839	8.2%
Hispanic	322	1,085	4	1,411	1.7%
Asian and Asian American	200	598	8	806	1.0%
American Indian	96	306	0	402	0.5%
Other	142	355	1	498	0.6%
Unknown	1,074	3,658	233	4,965	6.0%
<b>Grand Total</b>	<b>15,977</b>	<b>66,653</b>	<b>294</b>	<b>82,924</b>	<b>100.0%</b>
<b>Percent</b>	<b>19.3%</b>	<b>80.4%</b>	<b>0.4%</b>	<b>100.0%</b>	

Twenty-six percent (26%) of the active students are currently between the ages of 30 and 39 years of age. (See Figure 49.)

## Education Level

Currently, the active student records in FSTRS show that 36 percent (36%) of students are high school graduates, 33 percent (33%) attended college and/or have an associate's degree, and 12 percent (12%) are college graduates. (See Figure 50.)

## Title

Fire fighters accounted for 43 percent (43%) of the active students. (See Figure 51.)

Figure 51. Active Students By Title

Note: **Data is compiled from information from the Fire Service Training Record System (FSTRS) as of 12/16/2010.**

Active students are individuals who have taken a VDFP training course within the last 5 years and numbers are not meant to be an exact count of the number of fire service personnel in Virginia.

Note: Data is compiled from information from the Fire Service Training Record System (FSTRS) as of 12/16/2010. Active students are individuals who have taken a VDFP training course within the last 5 years and is not meant to be an exact count of the number of fire service personnel in Virginia. Active students assigned a FIPS code not shown above are not included in this table and numbers may not match other tables.

## Virginia Fire Service Needs Assessment:

*An annual profile of critical needs  
as identified by Virginia's Fire Service*

Volume VII - January 2011

# Chapter 5 - Funding

## Introduction

This chapter provides an overview of available funding programs for local fire departments. It is meant to serve as a guide only and is not a comprehensive listing.

## Fire Programs Fund

### Description of Fund

The Fire Programs Fund, which was established in § 38.2-401 of the Code of Virginia, is derived from a 1 percent levy on insurance premiums for homeowners, marine, farm, miscellaneous property, and fire insurance.

### Aid to Localities (ATL) Program

After committed fixed obligations, 75% of the Fund is annually distributed to 324 counties, cities, and incorporated towns within the Commonwealth as part of the Aid to Localities (ATL) program. ATL provides Virginia cities, towns, and counties funding to pay for firefighting equipment, personal protective clothing and gear, and training.

These funds may not be used to supplant or replace any other appropriations by counties, cities, and towns for fire service operations. ATL allocations are population based. For FY 2010, the ATL minimums are \$16,000 for counties and cities and \$8,000 for towns. The total ATL amount allocated only increased by 2.8 percent from FY 2010 to FY 2011. (See Table 37.)

**Table 37. Aid to Localities (ATL) Program Allocations, Virginia, FY 2002-2011**

Fiscal Year	Amount
FY 2002	\$10,277,263
FY 2003	\$10,303,723
FY 2004	\$11,334,129
FY 2005	\$14,604,602
FY 2006	\$16,654,699
FY 2007	\$18,091,829
FY 2008	\$19,539,031
FY 2009	\$20,128,275
FY 2010	\$20,388,306
FY 2011 *	\$20,965,884

\* FY 2011 ATL allocations are estimated. FY2011 actual amounts will be calculated in June 2011 when the Fire Programs Fund deposit is received.

**Table 38. Aid to Localities (ATL) Program Allocation Summary, Virginia, FY 2011 \***

Locality	Number of Localities	Population	FY 2011 Allocation	Per Capita
Counties	95	4,287,466	\$12,199,222	\$2.85
Cities	39	2,349,410	\$6,682,646	\$2.84
Towns	190	442,154	\$2,084,017	\$4.71
<b>Virginia</b>	<b>324</b>	<b>7,079,030</b>	<b>\$20,965,884</b>	<b>\$2.96</b>

\* FY 2011 ATL allocations are estimated. FY2011 actual amounts will be calculated in June 2011 when the Fire Programs Fund deposit is received.

Please see Supplemental Table 13 at the end of this chapter for funding amounts by locality with the Aid to Localities (ATL) Program for FY 2007-2011.

**Table 39. Aid to Localities (ATL) Program Allocations, Virginia Counties, FY 2002-2011**

Fiscal Year	Total Amount	Total Population	Population		Allocation		Per Capita	
			Mean	Median	Mean	Median	Mean	Median

FY 2010	\$11,842,624	\$6,487,374	\$2,058,308	\$20,388,306
FY 2011 *	\$12,199,222	\$6,682,646	\$2,084,017	\$20,965,884

\* FY 2011 ATL allocations are estimated. FY2011 actual amounts will be calculated in June 2011 when the Fire Programs Fund deposit is received.

**Figure 53. Aid to Localities (ATL) Program Allocations By Locality Type, Virginia, FY 2002 - 2011**

## Federal Funding Programs

### **Assistance to Firefighters Grant (AFG) Program**

Beginning in 2001, the Assistance to Firefighters Grant Program is the first federal grant program specifically designed to provide direct funding to local municipal fire departments. The program is administered by the United States Fire Administration (USFA), which is located under the Federal Emergency Management Agency (FEMA) and the Department of Homeland Security (DHS).

All local fire departments nationwide are eligible to apply for this assistance. Federal and state fire agencies, including VDFP, however, are not eligible to apply for funding. Activities that are eligible under the Fire Act include fire operations and firefighter safety, fire prevention, emergency medical services, and the purchase of firefighting vehicles.

**Table 43. Assistance to Firefighters Grant (AFG) Program Funding, Virginia, FFY 2001-2009**

Federal Fiscal Year	Total Number of Applications	Total Amount Requested	Number of Awards	Amount	Average Mean Award
FFY 2001	-	-	23	\$2,066,269	\$89,838
FFY 2002	-	-	98	\$8,790,202	\$89,696
FFY 2003	-	-	152	\$16,413,490	\$107,983
FFY 2004	373	\$65,301,658	155	\$16,998,252	\$109,666
FFY 2005	385	\$65,532,069	121	\$14,881,633	\$122,989
FFY 2006	301	\$47,719,827	79	\$8,317,849	\$105,289
FFY 2007	318	\$56,800,151	62	\$6,798,799	\$109,658
FFY 2008	327	\$57,326,772	81	\$8,370,162	\$103,335
FFY 2009	325	\$59,621,663	66	\$6,082,581	\$92,160

Note: For FFY 2009, Virginia received only 1.2% of total nationwide AFG federal funding made available under the DHS programs.

### Assistance to Firefighters Fire Station Construction Grants (SCG)

New for FFY 2009, the American Recovery and Reinvestment Act (ARRA) of 2009 (Public Law 111-5) provides the Assistance to Firefighters Fire Station Construction Grants (SCG) to fire departments to build new or modify existing fire stations. SCG was funded in FFY 2009 at \$210 million.

**Table 44. Assistance to Firefighters Fire Station Construction Grants (SCG), Virginia, FFY 2009**

Federal Fiscal Year	Total Number of Applications	Total Amount Requested	Number of Awards	Amount	Average Mean Award
FFY 2009	115	\$230,991,613	3	\$7,277,075	\$2,425,692

Note: For FFY 2009, Virginia received only 3.5% of total nationwide SCG federal funding made available under the DHS programs.

### Staffing for Adequate Fire and Emergency Response (SAFER)

SAFER awards grants directly to volunteer, combination, and career fire departments to help the departments increase their cadre of firefighters. Ultimately, the goal is for SAFER grantees to enhance their ability to attain 24-hour staffing, thus assuring their communities have adequate protection from fire and fire-related hazards. The SAFER grants have two activities that will help grantees attain this goal: 1) hiring of firefighters, and 2) recruitment and retention of volunteer firefighters.

SAFER requires an overall non-federal match minimum (10, 20, 50, and 70 percent) in years one through four of the grant. SAFER was funded in the United States for FFY 2006 at \$76 million and was funded for FFY 2007 at \$115 million.

**Table 45. Staffing for Adequate Fire and Emergency Response (SAFER) Grant Funding, Virginia, FFY 2005-2009**

Federal Fiscal Year	Total Number of Applications	Total Amount Requested	Number of Awards	Amount	Average Mean Award
FFY 2005	-	-	4	\$2,091,400	\$522,850
FFY 2006	31	\$22,165,284	7	\$3,249,878	\$464,268
FFY 2007	21	\$14,933,589	2	\$782,000	\$391,000
FFY 2008	18	\$12,956,192	5	\$1,524,576	\$304,915
FFY 2009	26	\$18,496,560	5	\$4,891,242	\$815,207

Note: For FFY 2009, Virginia received only 2.4% of total nationwide SAFER federal funding made available under the DHS programs.

## Fire Prevention and Safety (FP&S) Grants

The Fire Prevention and Safety (FP&S) Grants are part of the Assistance to Firefighters Grants (AFG). FP&S grants support projects that enhance the safety of the public and firefighters from fire and related hazards. The primary goal is to target high-risk populations and mitigate high incidences of death and injury. Examples of the types of projects supported by FP&S include fire prevention and public safety education campaigns, juvenile firesetter interventions, media campaigns, and arson prevention and awareness programs. In Fiscal Year 2005, Congress reauthorized funding for FP&S and expanded the eligible uses of funds to include Firefighter Safety Research and Development.

**Table 46. Fire Prevention and Safety (FP&S) Grant Funding, Virginia, FFY 2004-2009**

Federal Fiscal Year	Total Number of Applications	Total Amount Requested	Number of Awards	Amount	Average Mean Award
FFY 2004	-	-	10	\$1,069,978	\$106,998
FFY 2005	51	\$9,948,728	7	\$2,764,551	\$394,936
FFY 2006	54	\$15,502,802	8	\$4,110,000	\$513,750
FFY 2007	59	\$12,472,616	7	\$1,361,389	\$194,484
FFY 2008	45	\$8,600,538	9	\$2,605,895	\$289,544
FFY 2009	37	\$9,305,469	10	\$3,598,356	\$359,836

Note: For FFY 2009, Virginia received only 9.6% of total nationwide FP&S federal funding made available under the DHS programs.

## State Homeland Security Grants

State Homeland Security Grants administered by the Virginia Department of Emergency Management with federal funds from the Department of Homeland Security are a new potential source of funding for the fire service. Funding from these grants pass through localities to selected agencies. While some fire departments receive these funds designated for specific, dedicated uses, others do not. As a future source of dependable funding, the long term dependability of the grants is unknown.

### Other State Funding Programs

## Rescue Squad Assistance Fund

The Rescue Squad Assistance Fund, which is administered by the Office of Emergency Medical Services, provides approximately \$6.5 million to volunteer rescue squads or other emergency medical service organizations that operate on a non-profit basis exclusively for the benefit of the general public. The primary goal of this program is to financially assist non-profit EMS agencies and organizations to purchase EMS equipment and vehicles.

### Fire Services Grant Program

The Fire Services Grant Program (\$1,000,000 annually) provides development grants for the construction and/or repair of burn buildings as provided for by the Fire Programs Fund per *The Code of Virginia § 38.2-401*. These grants make up \$975,000 of the \$1 million Fire Services Grant Program, and are awarded by the Virginia Fire Services Board.

### VFIRS Hardware Technology Grants

The remaining \$25,000 of the Fire Service Grant Program is awarded as Virginia Fire Incident Reporting System (VFIRS) Hardware Technology Grants. These grants provide localities up to \$1,000 to purchase computers to use in their reporting of fire incidents in VFIRS. Fifteen localities received grants for FY 2011. (See Table 47.)

**Table 47. VFIRS Hardware Grants Awarded By Locality, FY 2011**

FIPS	Locality	Grants Awarded	Total
027	Buchanan County	1	\$1,000
045	Craig County	2	\$2,000
051	Dickenson County	1	\$1,000
061	Fauquier County	1	\$1,000
105	Lee County	4	\$4,000
143	Pittsylvania County	3	\$3,000
171	Shenandoah County	3	\$3,000

### Virginia Dry Hydrant Grant Program

The Virginia Dry Fire Hydrant Grant Program is funded from the Fire Programs Fund and is administered through a partnership between the Virginia Department of Forestry and the Virginia Department of Fire Programs. It provides \$100,000 annually for the installation of dry fire hydrants into natural water supplies such as ponds or lakes, primarily in rural areas.

# Virginia Department of Fire Programs

## 2010 Virginia Fire Service Needs Assessment Survey

*This survey will provide updated statistical information to policy makers in Virginia on the needs of Virginia's fire service. It will also provide important resource information that can be used to plan for disaster response. All survey data will be compiled and the results will be published in January 2011 in Volume VII of the Virginia Fire Service Needs Assessment.*

*Each fire department in Virginia has been issued a password which will allow access to the questionnaire on-line. Multiple responses from a single department will not be possible. The first submission will be the only response accepted by the survey website.*

*The estimated time needed to complete the entire survey is approximately 45 minutes. All questions require an answer. If you do not know the answer to a question, you can mark "Don't Know", if available.*

*Also, anytime while you are completing your survey, you can exit and close, if needed, and then can return later to finish submitting your response. (Clicking "Next" on each page will save your answers.) When you logon again, the survey will bring you to your last page completed.*

*To review and download the survey questions before completing the survey on-line, please click on the following link.*

*[Download 2010 Survey Questions Here](#)*

*If you have any questions regarding the completion of this survey, please contact:*

*Dwight E. Crews  
Information and Statistics Manager  
Virginia Department of Fire Programs  
1005 Technology Park Drive  
Glen Allen, VA 23059-4500*

## 2. Fire Department FDID:

Please use the blank space to write your answers.

.....  
.....

## 3. Fire Department Name:

Please use the blank space to write your answers.

.....  
.....

## Contact Information

### 4. Please complete your contact information.

Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).

	Contact Information
Name of Person Completing Survey	.....
Title of Person Completing Survey	.....
Contact Phone Number	.....
Contact Email Address	.....

## Section I - General Department Information

**5. Please review your fire department's contact information shown below.**

*Please use the blank space to write your answers.*

Mailing Address

.....  
.....

City, State, Zip (Mailing)

.....  
.....

Street Address (If Not Same As Mailing Address)

.....  
.....

City, State, Zip (Street)

.....  
.....

Phone Number (Non-Emergency)

.....  
.....

Fax Number

.....  
.....

Primary Department Email Address

.....  
.....

Current Fire Chief

.....  
.....

**6. Please verify that the above contact information for your fire department is correct.**

*Please pick one of the answers below.*

- Yes - All Contact Information Correct (Go to Question #8)
- No - Contact Information Incorrect - Changes Needed (Go to Question #7)

**7. Please specify any corrections to your fire department's contact information below. (Click the back button to go back and review your contact information.)**

*Please use the blank space to write your answers.*

Mailing Address

.....

**8. Please review your fire department's status (career, volunteer, or combination) shown below.**

*Please use the blank space to write your answers.*

.....  
.....

**9. Please verify that the status for your fire department is correct.**

*Please pick one of the answers below.*

- Yes - Status Correct (Go to Question #10)
- No - Status Needs to be Updated (Go to Question #11)

**10. Fire Department Type:**

*Please pick one of the answers below.*

- Primary Fire Department (Go to Question #12)
- Fire Administration (Go to Question #14)

**11. Please select from the following list to update your fire department's status. (If Primary Fire Department, then Go to Question #12; if Fire Administration Department, then Go to Question #14.)**

*Please pick one of the answers below.*

- Career (Fire Service)
- Volunteer (Fire Service)
- Combination (Fire Service)

**12. Does your fire department have additional station locations, not including the location of your main fire department listed previously in the contact information section of the survey?**

*Please pick one of the answers below.*

- Yes (Go to Question #13)
- No (Go to Question #16)

**13. Please complete the name and street address location information for each fire station (not including the main fire department). The station #'s do not correspond to actual station numbers.**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	Station Name	Street Address	City, State, Zip
Station #1	.....	.....	.....
Station #2	.....	.....	.....
Station #3	.....	.....	.....
Station #4	.....	.....	.....
Station #5	.....	.....	.....
Station #6	.....	.....	.....
Station #7	.....	.....	.....
Station #8	.....	.....	.....
Station #9	.....	.....	.....
Station #10	.....	.....	.....

**If your organization has more than 10 stations, please attach a file (.doc, .xls, .txt or .pdf formats) listing the name and street address for each station. Click the Browse button to select the location of your file. (Go to Question #16)**

**14. Please specify what your department is reporting on this survey.**

*Please pick one of the answers below.*

- Career Personnel Only (Go to Question #16)
- Career and Volunteer Personnel - All Fire Departments in Locality (Go to Question #15)
- Career and Volunteer Personnel - Select Departments Only (Go to Question #15)

**15. Please select all the fire departments from your locality that you are reporting on this survey.**

*Please use the blank space to write your answers.*

[Listing of Fire Departments from Locality]

.....  
 .....

**16. Is the area your department has primary responsibility to protect (exclude mutual aid areas) primarily urban, suburban, rural or a combination?**

*Please pick one of the answers below.*

- Urban Only
- Suburban Only
- Rural Only
- Combination (Urban, Suburban)
- Combination (Suburban, Rural)
- Combination (Urban, Suburban, Rural)

**17. Department Population Protected: Number of permanent residents your department has primary responsibility to protect (exclude mutual aid areas):**

*Please pick one of the answers below.*

- 0 - 999
- 1,000 - 2,499
- 2,500 - 4,999
- 5,000 - 9,999
- 10,000 - 24,999
- 25,000 - 49,999
- 50,000 - 99,999
- 100,000 Or More

**18. Department Coverage Area: Number of square miles your department has primary responsibility to protect (exclude mutual aid areas):**

*Please pick one of the answers below.*

- 0 - 24
- 25 - 49
- 50 - 74
- 75 - 99
- 100 - 199
- 200 - 299
- 300 Or More

**19. Please indicate the total number of active firefighters by status in your department. (The total at the bottom should be the total number of active firefighters in your department.)**

*Please use the blank space to write your answers.*

Career Firefighter

.....

.....

Volunteer Firefighters

.....

.....

Paid-per-call Firefighters

.....

.....

Total

.....

.....

**20. What is the average number of firefighters (career, volunteer, or paid-per-call) on duty and available to respond to a call?**

*Please use the blank space to write your answers.*

Average Firefighters on Duty

.....

.....

**21. Please indicate the total number of civilian (non-firefighting) personnel by type with your department. (The total at the bottom should be the total number of civilian employees in your department.)**

*Please use the blank space to write your answers.*

Civilian - Paid

.....

.....

Civilian - Volunteer

.....

.....

Total

.....

.....

**22. Does your department have a program to maintain basic fire fighter fitness and health as recommended by NFPA 1500?**

*Please pick one of the answers below.*

- Yes
- No
- Don't Know

**23. Does your fire department currently have the following personnel programs?**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	a. Does your department have the program?	b. Do you have an individual assigned to coordinate the program?
Recruitment Program	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know
Retention Program	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know

**24. How do you promote the recruitment of new personnel with your department? (Check all that apply.)**

*Please check all that apply and/or add your own variant.*

- Advertise on TV / Radio / Newspaper
- Citizen Involvement Programs such as Fire Corps
- Job / Career Fairs
- Letter / Brochure Mailings
- Open Houses / Community Events
- Signs / Banners
- Website Ads
- Word of Mouth / Member Recruitment
- No Promotion or Advertisement

Other

.....  
 .....

**25. What type of incentives or rewards do you offer to members of your department? (Check all that apply.)**

*Please check all that apply and/or add your own variant.*

- Awards for Performance
- Business Discounts
- Department Clothing - Shirts, Hats
- Free County / City / Town Decal
- Insurance - Life, Workers Compensation
- Local Tax Reduction / Discount
- Meals
- Money / Bonuses
- Paid Training
- Retirement Program
- Utility Rate Discount
- No Incentives or Rewards

30 to 39 Years

.....  
.....

40 to 49 Years

.....  
.....

More than 50 Years

.....  
.....

Total

.....  
.....

## 27. What percentage (%) of your fire stations have backup power?

*Please pick one of the answers below.*

- All Fire Departments (100%)
- Most (75% to 99%)
- More than Half (50% to 74%)
- Some (25% to 49%)
- Few (1% to 24%)
- None

**28. Please indicate the total number of each type of apparatus that your department owns. (Complete all that apply.)**

*Please use the blank space to write your answers.*

Aerial Apparatus (Tiller, Straight, Tower)

.....  
.....

Aircraft Rescue and Fire Fighting (ARFF) Vehicle

.....  
.....

Ambulance / Other Patient Transport

.....  
.....

Command Vehicle (SUV)

.....  
.....

Engine / Pumper

.....  
.....

Quint Combination Vehicle

.....  
.....

Rescue / Fire Boat

.....

**Section IV - Operating Budget Information**

**31. Please answer the following questions about your department's operating budget for FY2011.**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	How much funding do you anticipate receiving from the following sources for FY2011?	Do you anticipate a reduction in funding from FY2010 to FY2011?	If "Yes", how much is your funding going to be reduced?
Locality Funding	<input type="radio"/> 0\$ - No Funding Anticipated <input type="radio"/> \$1 - \$4,999 <input type="radio"/> \$5,000 - \$9,999 <input type="radio"/> \$10,000 - \$14,999 <input type="radio"/> \$15,000 - \$19,999 <input type="radio"/> \$20,000 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$99,999 <input type="radio"/> \$100,000 - \$499,999 <input type="radio"/> \$500,000 - \$999,999 <input type="radio"/> \$1,000,000 Or More	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know	<input type="radio"/> \$1 - \$4,999 <input type="radio"/> \$5,000 - \$9,999 <input type="radio"/> \$10,000 - \$14,999 <input type="radio"/> \$15,000 - \$19,999 <input type="radio"/> \$20,000 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$99,999 <input type="radio"/> \$100,000 - \$499,999 <input type="radio"/> \$500,000 - \$999,999 <input type="radio"/> \$1,000,000 Or More
Fund Raising / Donations	<input type="radio"/> 0\$ - No Funding Anticipated <input type="radio"/> \$1 - \$4,999 <input type="radio"/> \$5,000 - \$9,999 <input type="radio"/> \$10,000 - \$14,999 <input type="radio"/> \$15,000 - \$19,999 <input type="radio"/> \$20,000 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$99,999 <input type="radio"/> \$100,000 - \$499,999 <input type="radio"/> \$500,000 - \$999,999 <input type="radio"/> \$1,000,000 Or More	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know	<input type="radio"/> \$1 - \$4,999 <input type="radio"/> \$5,000 - \$9,999 <input type="radio"/> \$10,000 - \$14,999 <input type="radio"/> \$15,000 - \$19,999 <input type="radio"/> \$20,000 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$99,999 <input type="radio"/> \$100,000 - \$499,999 <input type="radio"/> \$500,000 - \$999,999 <input type="radio"/> \$1,000,000 Or More
Grant Funding	<input type="radio"/> 0\$ - No Funding Anticipated <input type="radio"/> \$1 - \$4,999 <input type="radio"/> \$5,000 - \$9,999 <input type="radio"/> \$10,000 - \$14,999 <input type="radio"/> \$15,000 - \$19,999 <input type="radio"/> \$20,000 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$99,999 <input type="radio"/> \$100,000 - \$499,999 <input type="radio"/> \$500,000 - \$999,999 <input type="radio"/> \$1,000,000 Or More	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> Don't Know	<input type="radio"/> \$1 - \$4,999 <input type="radio"/> \$5,000 - \$9,999 <input type="radio"/> \$10,000 - \$14,999 <input type="radio"/> \$15,000 - \$19,999 <input type="radio"/> \$20,000 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$99,999 <input type="radio"/> \$100,000 - \$499,999 <input type="radio"/> \$500,000 - \$999,999 <input type="radio"/> \$1,000,000 Or More

**32. Do you plan to apply for additional funding with any of the following grants in FY2011? (Check all that apply.)**

*Please check all that apply and/or add your own variant.*

- Assistance to Firefighters Fire Station Construction Grants (SCG)
- Assistance to Firefighters Grant (AFG) Program
- Burn Building Grant Program
- Fire Prevention and Safety (FP&S) Grants
- Rescue Squad Assistance Fund
- Staffing for Adequate Fire and Emergency Response (SAFER) Grants
- State Homeland Security Grants
- Training Mini Grants
- VFIRS Hardware Technology Grants
- Virginia Dry Hydrant Grant Program
- Other Forestry Grants (Not Including Dry Hydrant Grant)
- Other Federal Grant Programs
- Private Grant Funding Programs
- No Funding from Grants

Other

.....  
.....

**33. What percentage (%) of your FY2011 budget is from the following sources? (The total at the bottom should add to 100%.)**

*Please use the blank space to write your answers.*

Aid to Localities (ATL) Funding

.....  
.....

Additional Grant Funding

.....  
.....

Billing Fees for Services

.....  
.....

Federal Government Funding

.....  
.....

Fire District or Other Taxes

.....  
.....

Fund Raising / Donations

.....

Other

.....  
.....

Total

.....  
.....

**34. Can you communicate by radio with other agencies in which you regularly need to respond with at an incident scene? (Check all that apply.)**

*Please check all that apply.*

- Local
- State
- Federal
- Don't Know

**35. What frequency spectrum does your department operate on?**

*Please pick one of the answers below or add your own.*

- Low Band (30 - 50 Mhz)
- High Band (147 - 174 Mhz)
- Ultra Band (450 - 470 Mhz)
- 800 Mhz
- Don't Know

Other

.....  
 .....

**36. Please answer the following questions concerning radios with apparatus in your department.**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	a. What percentage (%) of your apparatus have mobile radios assigned?	b. What percentage (%) of your apparatus have a portable radio assigned to each riding position?
Percent of Apparatus	<input type="radio"/> All (100%) <input type="radio"/> Most (75% to 99%) <input type="radio"/> More than Half (50% to 74%) <input type="radio"/> Some (25% to 49%) <input type="radio"/> Few (1% to 24%) <input type="radio"/> None	<input type="radio"/> All (100%) <input type="radio"/> Most (75% to 99%) <input type="radio"/> More than Half (50% to 74%) <input type="radio"/> Some (25% to 49%) <input type="radio"/> Few (1% to 24%) <input type="radio"/> None

### 37. What percentage (%) of your radios have an emergency alert button?

Please pick one of the answers below.

- All (100%)
- Most (75% to 99%)
- More than Half (50% to 74%)
- Some (25% to 49%)
- Few (1% to 24%)
- None

### 38. Who has primary responsibility for dispatch operations?

Please pick one of the answers below or add your own.

- Fire Department
- Law Enforcement Department (Police, Sheriff)
- Combined Public Safety Agency
- 911 Center / Communications Department

Other

.....

.....

### 39. What percentage (%) of your apparatus are equipped with the following electronic equipment?

Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).

	Percent of Apparatus
Map Coordinate System - GPS	<input type="radio"/> All Apparatus (100%) <input type="radio"/> Most (75% to 99%) <input type="radio"/> More than Half (50% to 74%) <input type="radio"/> Some (25% to 49%) <input type="radio"/> Few (1% to 24%) <input type="radio"/> None
Mobile Data Terminals	<input type="radio"/> All Apparatus (100%) <input type="radio"/> Most (75% to 99%) <input type="radio"/> More than Half (50% to 74%) <input type="radio"/> Some (25% to 49%) <input type="radio"/> Few (1% to 24%) <input type="radio"/> None

**40. Please answer the following questions concerning the computers at your department.**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	Does your department have a computer for incident reporting?	If "Yes", what type of internet service do you have?
Computer	<input type="radio"/> Yes, Computer at Station <input type="radio"/> Yes, Computer at Other Location (Home, Local Admin Office) <input type="radio"/> No <input type="radio"/> Don't Know	<input type="radio"/> Dial-Up Internet <input type="radio"/> High Speed Internet <input type="radio"/> Wireless Internet <input type="radio"/> Combination (Dial-Up / High Speed / Wireless) <input type="radio"/> No Internet Service

**Section VI - Fire Department Roles / Training**

**41. Please answer if your department has personnel designated and responsible for the duties associated in the following roles or if you have no designated officers. (Check all that apply.)**

*Please check all that apply.*

- Health & Safety Officer
- Incident Reporting Officer
- Public Fire & Life Safety Educator
- Public Relations Officer
- Training Officer
- No Designated Officers
- Don't Know

**42. Please answer the following questions about your department's training based on the National Fire Protection Association (NFPA) standards.**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	<b>a. How many of your active firefighters are trained in the following fire service areas and levels?</b>	<b>b. How many of your active firefighters need training at this level?</b>
<b>Hazardous Materials (NFPA 472) - Awareness</b>	<input type="radio"/> 100% (All Personnel) <input type="radio"/> 90% to 99% <input type="radio"/> 80% to 89% <input type="radio"/> 70% to 79% <input type="radio"/> 60% to 69% <input type="radio"/> 50% to 59% <input type="radio"/> 40% to 49% <input type="radio"/> 30% to 39% <input type="radio"/> 20% to 29% <input type="radio"/> 10% to 19% <input type="radio"/> 1% to 9% <input type="radio"/> 0% (No Personnel) <input type="radio"/> Don't Know	<input type="radio"/> 100% (All Personnel) <input type="radio"/> 90% to 99% <input type="radio"/> 80% to 89% <input type="radio"/> 70% to 79% <input type="radio"/> 60% to 69% <input type="radio"/> 50% to 59% <input type="radio"/> 40% to 49% <input type="radio"/> 30% to 39% <input type="radio"/> 20% to 29% <input type="radio"/> 10% to 19% <input type="radio"/> 1% to 9% <input type="radio"/> 0% (No Personnel) <input type="radio"/> Don't Know
<b>Hazardous Materials (NFPA 472) - Operations</b>	<input type="radio"/> 100% (All Personnel) <input type="radio"/> 90% to 99% <input type="radio"/> 80% to 89% <input type="radio"/> 70% to 79% <input type="radio"/> 60% to 69% <input type="radio"/> 50% to 59% <input type="radio"/> 40% to 49% <input type="radio"/> 30% to 39% <input type="radio"/> 20% to 29% <input type="radio"/> 10% to 19% <input type="radio"/> 1% to 9% <input type="radio"/> 0% (No Personnel) <input type="radio"/> Don't Know	<input type="radio"/> 100% (All Personnel) <input type="radio"/> 90% to 99% <input type="radio"/> 80% to 89% <input type="radio"/> 70% to 79% <input type="radio"/> 60% to 69% <input type="radio"/> 50% to 59% <input type="radio"/> 40% to 49% <input type="radio"/> 30% to 39% <input type="radio"/> 20% to 29% <input type="radio"/> 10% to 19% <input type="radio"/> 1% to 9% <input type="radio"/> 0% (No Personnel) <input type="radio"/> Don't Know

**43. Does your jurisdiction mandate firefighter certification (VDFP / Pro-Board)?**

*Please pick one of the answers below.*

- Yes
- No
- Don't Know

**44. Please answer the following questions about your department's technical rescue training based on the National Fire Protection Association (NFPA) standards.**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	a. How many of your active firefighters are trained in the following technical rescue areas and levels?	b. How many of your active firefighters need training at this level?

## Section VII - Fire Prevention & Code Enforcement

### 49. Which of the following programs or activities does your department conduct? (Check all that apply.)

*Please check all that apply and/or add your own variant.*

- Distribution / Installation of Home Smoke / Heat / CO Alarms
- Juvenile Firesetter Program
- Permit Approval
- Plans Review
- Routine Testing of Active Systems (fire sprinkler, detection / alarm, smoke control)
- School Fire Safety Education Program
- No Programs or Activities

Other

.....

.....

### 50. Who conducts fire code inspections in your community? (Check all that apply.)

*Please check all that apply and/or add your own variant.*

- Building Department
- Full-time Fire Department Inspectors
- In-Service Fire Fighters
- Separate Inspection Bureau
- State / Local Fire Marshal's Office
- Local Public Safety Department

Other

.....

.....

**51. Who determines if a fire was deliberately set in your area? (Check all that apply.)**

*Please check all that apply and/or add your own variant.*

- Fire Department Fire Investigator
- Incident Commander Or Other First-In Fire Officer
- Police Department
- Regional Arson Task Force Investigator
- State Arson Investigator
- State / Local Fire Marshal's Office
- Local Public Safety Department

Other

.....  
.....

**52. When does fire investigation data, on average, become available to your department after an incident?**

*Please pick one of the answers below.*

- Within 1 Week
- Within 2 Weeks
- Within 1 Month
- Within 3 Months
- Within 6 Months
- Data Not Available
- Don't Know

**Section VIII - Your Fire Department's Top Needs**

**53. Please rank your department's Top Needs from 1 to 5 for FY2011. (1 - Most Important Need, 5 - Least Important Need)**

Each row for Apparatus, Equipment, Facilities, Personnel and Training should only have 1 answer choice. Also, each column (#1 - #5) should be used only once.

(For Example, if Apparatus is the Most Important Need with your Fire Department, then select # 1. Then, select the next Top Need, such as Training, as your # 2 choice. Each number should only be used once. You cannot have more than one Top Need listed with #1.)

*Please mark the corresponding circle - only one per line.*

	# 1 (Most Important)	# 2	# 3	# 4	# 5 (Least Important)
Apparatus	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Facilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Personnel	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Training	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

**54. Please indicate the amount of additional funding that your department needs in FY2011 for each type of specific department need. (Do not include current expected amounts of funding reported in Section IV.)**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

Matrix: part 1 of 2

	Apparatus	Equipment	Facilities	Personnel
Estimated Costs	<input type="radio"/> No Funding Needed <input type="radio"/> \$1 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$74,999 <input type="radio"/> \$75,000 - \$99,999 <input type="radio"/> \$100,000 - \$249,999 <input type="radio"/> \$250,000 - \$499,999 <input type="radio"/> \$500,000 - \$749,999 <input type="radio"/> \$750,000 - \$999,999 <input type="radio"/> \$1,000,000 Or More	<input type="radio"/> No Funding Needed <input type="radio"/> \$1 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$74,999 <input type="radio"/> \$75,000 - \$99,999 <input type="radio"/> \$100,000 - \$249,999 <input type="radio"/> \$250,000 - \$499,999 <input type="radio"/> \$500,000 Or More	<input type="radio"/> No Funding Needed <input type="radio"/> \$1 - 24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$74,999 <input type="radio"/> \$75,000 - \$99,999 <input type="radio"/> \$100,000 - \$249,999 <input type="radio"/> \$250,000 - \$499,999 <input type="radio"/> \$500,000 - \$749,999 <input type="radio"/> \$750,000 - \$999,999 <input type="radio"/> \$1,000,000 - \$2,499,999 <input type="radio"/> \$2,500,000 - \$4,999,999 <input type="radio"/> \$5,000,000 Or More	<input type="radio"/> No Funding Needed <input type="radio"/> \$1 - \$24,999 <input type="radio"/> \$25,000 - \$49,999 <input type="radio"/> \$50,000 - \$74,999 <input type="radio"/> \$75,000 - \$99,999 <input type="radio"/> \$100,000 - \$249,999 <input type="radio"/> \$250,000 - \$499,999 <input type="radio"/> \$500,000 - \$749,999 <input type="radio"/> \$750,000 - \$999,999 <input type="radio"/> \$1,000,000 - \$2,499,999 <input type="radio"/> \$2,500,000 - \$4,999,999 <input type="radio"/> \$5,000,000 - \$9,999,999 <input type="radio"/> \$10,000,000 Or More

**54. Please indicate the amount of additional funding that your department needs in FY2011 for each type of specific department need. (Do not include current expected amounts of funding reported in Section IV.)**

Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).

Matrix: part 2 of 2

	Training

Thermal Imaging Cameras	<input type="checkbox"/>	.....
No Equipment Currently Needed	<input type="checkbox"/>	.....
Other	<input type="checkbox"/>	.....

**57. Please check the specific type of facilities that your department needs for FY2011. Do not report current facility improvements/new construction already budgeted for FY2011. (Check all that apply.)**

*Please check all that apply and/or add your own variant.*

- Addition to Existing Stations
- Exhaust / Ventilation System
- Improvements / Remodeling of Existing Stations
- Installation of Backup Power
- New Constructed Stations
- No Facilities Currently Needed

Other  
 .....  
 .....

**58. Please check the specific type of personnel that your department needs for FY2011 and also indicate the quantity needed. Do not report current personnel already budgeted for FY2011. (Check and complete all that apply.)**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	Personnel Needed	Quantity Needed
Firefighter - Paid	<input type="checkbox"/>	.....
Firefighter - Volunteer	<input type="checkbox"/>	.....
Civilian - Paid	<input type="checkbox"/>	.....
Civilian - Volunteer	<input type="checkbox"/>	.....
No Personnel Currently Needed	<input type="checkbox"/>	.....
Other	<input type="checkbox"/>	.....

**59. Please check the type of training that your department needs for FY2011 from the following fire service areas and levels. (Check all that apply.)**

*Please check all that apply and/or add your own variant.*

- Hazardous Materials (NFPA 472) - Awareness
- Hazardous Materials (NFPA 472) - Operations
- Fire Fighter (NFPA 1001) - Level I
- Fire Fighter (NFPA 1001) - Level II
- Fire Apparatus Driver / Operator (NFPA 1002) - Driver / Pump Operator
- Fire Apparatus Driver / Operator (NFPA 1002) - Aerial Operator
- Airport Fire Fighter (NFPA 1003)
- Fire Officer (NFPA 1021) - Level I
- Fire Officer (NFPA 1021) - Level II
- Fire Officer (NFPA 1021) - Level III
- Fire Officer (NFPA 1021) - Level IV
- Fire Inspector (NFPA 1031) - Level I and Level II
- Fire Investigator (NFPA 1033)
- Fire Service Instructor (NFPA 1041) - Level I
- Fire Service Instructor (NFPA 1041) - Level II
- Fire Service Instructor (NFPA 1041) - Level III
- Public Fire and Life Safety Educator (NFPA 1035) - Level I
- Public Fire and Life Safety Educator (NFPA 1035) - Level II
- Juvenile Firesetter Intervention Specialist (NFPA 1035) - Level I
- Juvenile Firesetter Intervention Specialist (NFPA 1035) - Level II
- Virginia Fire Incident Reporting System (VFIRS) Training
- Wildland Firefighting Training
- No Training Currently Needed

Other

.....  
.....

**60. Please check the type of training that your department needs for FY2011 from the following technical rescue levels. (Check all that apply.)**

*Please check all that apply and/or add your own variant.*

- Rope - Level I
- Rope - Level II
- Rope - Level III
- Confined Space - Awareness
- Confined Space - Operations
- Confined Space - Technician
- Trench - Awareness
- Trench - Operations
- Trench - Technician
- Water Rescue - Awareness
- Water Rescue - Operations
- Water Rescue - Technician
- Vehicle - Awareness
- Vehicle - Operations
- Vehicle - Technician
- Structural Collapse - Awareness
- Structural Collapse - Light Weight
- Structural Collapse - Heavy
- Farm Machinery
- No Technical Rescue Training Currently Needed

Other

.....  
.....

**61. Please check the type of training that your department needs for FY2011 from the following National Incident Management System (NIMS) training levels. (Check all that apply.)**

*Please check all that apply.*

- ICS - 100 Introduction to Incident Command System
- ICS - 200 Basic Incident Command System
- ICS - 300 Intermediate Incident Command System
- ICS - 400 Advanced Incident Command System
- IS-700 National Incident Management System (NIMS), An Introduction
- IS-800 National Response Plan (NRP), An Introduction
- No NIMS Training Currently Needed

**62. Please check the type of training that your department needs for FY2011 from the following EMS training levels. (Check all that apply.)**

*Please check all that apply.*

- EMS First Responder
- EMT - Basic
- EMT - Advanced
- EMT - Intermediate
- EMT - Paramedic
- No EMS Training Currently Needed

## Final Comments

**63. Please complete the following questions on how much time was required to complete the survey.**

*Please fill in the answers in the table below (mark appropriate circles and squares and fill in the blank spaces).*

	How long did the survey take to complete on-line?	How much time was needed to research information for the survey?
Time to Complete	<input type="radio"/> 30 min. <input type="radio"/> 45 min. <input type="radio"/> 1 hr. <input type="radio"/> 2 hrs. <input type="radio"/> 3 hrs. <input type="radio"/> 4 hrs. <input type="radio"/> 5 hrs. <input type="radio"/> 6 hrs. <input type="radio"/> More than 6 hrs.	<input type="radio"/> 15 min. <input type="radio"/> 30 min. <input type="radio"/> 45 min. <input type="radio"/> 1 hr. <input type="radio"/> 2 hrs. <input type="radio"/> 3 - 5 hrs. <input type="radio"/> 6 - 12 hrs. <input type="radio"/> 13 - 24 hrs. <input type="radio"/> 2 Days <input type="radio"/> 3 Days to 1 Week <input type="radio"/> More than 1 Week <input type="radio"/> No Research Needed

**64. Do you feel that this survey addresses all of your department needs?**

*Please pick one of the answers below and add your comments.*

Yes

No

Comments

\* Some localities have fire administration organizations that can report for either career personnel only, or for both career and volunteer personnel with their survey response. If a locality submits a consolidated survey response, then the overall response will be 100% participation, even though not all individual departments may have submitted responses. The consolidated survey response for a locality is reflective of all fire departments / stations in their area.
