Circuit City Scion Event

The Audiovox/Jensen purple/black SCION took center stage at Circuit City's "Toyota SCION Event", November 29th through December 3rd.

All 32 screens were up and running and the sound system was banging which attracted nearly 250 Circuit City employees who checked out this amazing vehicle. Employee comments ranged from "Audiovox is a great company with innovative products in the market" to "how cool it is to have face time with vendors."

The day's were a bit chili with temperatures in the upper 40's but the event was smoking HOT!!!

MTV2 – "Get Some"

Through our relationship with top celebrity custom installer, Will Castro of Unique Autosports, we have secured an appearance on MTV2. Our DVD headrest system (HRDV700) will be featured on MTV2's, "Get Some" holiday special that highlights (and test-drives) the must-have items of 2005. It will give the lowdown on the hottest cars, stereos, video games, and much, much more... including us.

Watch on MTV2
