

## Statement of Intent for ECO4

**London Borough Of Waltham Forest (LBWF)**

**ECO4 Flexible Eligibility Statement of Intent**

**Local Authority name: London Borough of Waltham Forest**

**Publication Date: 28/07/2023**

**Version number: V1.1**

**Publication on web site: [www.walthamforest.gov.uk](http://www.walthamforest.gov.uk)**

This statement sets out London Borough of Waltham Forest's flexible eligibility criteria for the Energy Company Obligation (ECO4) scheme from April 2022 – March 2026.

The ECO4 scheme will focus on supporting low income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments.

The flexible approach for Local Authorities (LAs) to identifying fuel poor and vulnerable households who may benefit from heating and energy saving measures is referred to as "ECO4 Flex".

The local authority welcomes the introduction of the ECO4 Flex eligibility routes as it helps the authority achieve its plans to improve the homes of those in fuel poverty or vulnerable to cold.

The local authority is publishing this Statement of Intent (SoI), on the 28/07/2023 to confirm that each of the households declared will adhere to at least one of the four available routes outlined below:

**Route 1:** EPC/SAP bands D-G households with an income less than £31,000. This cap applies irrespective of the property size, composition, or region.

**Route 2:** EPC/SAP bands E-G households that meet a combination of two of the following proxies:

<b>Proxy 1)</b> Homes in LBWF in Lower-layer Super Output Area 1-3 (LSOA) <sup>1</sup>
<b>Proxy 2)</b> Householders receiving a Council Tax reduction (based on low income only).
<b>Proxy 3)</b> Householders vulnerable to living in a cold home as identified in the National Institute for Health and Care Excellence (NICE) Guidance. Only one from the list can be used, excludes the proxy 'low income'.
<b>Proxy 4)</b> A householder receiving free school meals due to low-income.
<b>Proxy 5)</b> A householder supported by an LA run scheme, that has been named and described by the authority as supporting low income and vulnerable households for the purposes of NICE Guideline.
<b>Proxy 6)</b> A household referred to the LA for support by their energy supplier or Citizen's Advice because they have been identified as struggling to pay their electricity and gas bills.

\* Note proxies 1 and 3 cannot be used together.

**Route 3:** EPC/SAP bands D-G households that have been identified by their doctor or GP as low- income and vulnerable, with an occupant whose health conditions may be impacted further by living in a cold home. These health conditions may be cardiovascular, respiratory, immunosuppressed, or limited mobility related.

This is because the authority has identified a positive correlation between households who suffer from long-term health conditions and living off a low-income, with living in poorly insulated homes.

**Route 4:** EPC/SAP band D-G households that are referred under Route 4: Bespoke Targeting. Suppliers and LAs can submit an application to DESNZ where they have identified a low income and vulnerable household, who are not already eligible under the exiting routes.

## **Declaration and evidence check confirmation**

All potentially eligible households should apply through **London Borough of Waltham Forest website** or one of **their approved ECO installers** to ensure that they can either benefit from the scheme or be assessed for eligibility under any other relevant programme.

The officer below will be responsible for checking and verifying declarations and associated evidence submitted on behalf of the local authority:

**Name: Grace Couch**

**Job Title: Senior Project Manager**

**Email: [climate.action@walthamforest.gov.uk](mailto:climate.action@walthamforest.gov.uk)**

## **CEO or dedicated responsible person mandatory signature**

The **London Borough of Waltham Forest** will administer the scheme according to DESNZ' ECO4 Order and will identify eligible households via Ofgem's application process. The Director of Climate Emergency & Behaviour Change for the authority will oversee the process of identifying eligible households under ECO4 Flex.

The eligibility information will be stored securely in line with the local authority's data protection policy, Information Commissioner's Office Data Sharing Code, and DESNZ guidance.

**Signature:**

**Name: Luke Ravenscroft**

**Job Title: Director of Climate Emergency & Behaviour Change**

**Date of signature: 28.07.2023**
