LINWOOD.
Mar. 25th, 1903.

We are pleased to report that Miss Baldwin is progressing favorably and will, no doubt, be able to leave her room shortly. In the meantime Miss Libby Coots, of Dorling, is substituting for her.

Mr. G. Baldwin left on Friday to fill his pressing engagements. Mrs. Baldwin still remains with her daughter.

Miss Clara Boomer is spending a few days under the parental roof.

Mrs. (Rev.) Sharpe, although improving, is still somewhat indisposed.

Mr. R. B. Hamilton is spending a day or two with his many friends in town before entering upon his duties in the large Bowman store at Conestoga.

Mr. A. Spahr has so far recovered as to be able to walk out-doors.

Mrs. F. Parr held two extensive quilting bees last week.

On Friday night last the Linwood Lawn Tennis Club held its annual meeting at the home of Mrs. Heimbuch, and transacted all necessary business preparatory to the opening of the season. The following officers were elected:

President—A. Rennie.
Sec.—Miss D. Berlet.
Treas.—Mr. O. Bondy.
Manager—A. Lytle.

The various committees were also appointed. At the close of the meeting Mrs. Heimbuch entertained them to an excellent lunch and all the Maple taffy that they wished to partake of. The tennis grounds are to be enlarged and put in as good shape as possible so that we may be able to witness combats on our own grounds with our neighboring "racquetters."

WILMOT TOWNSHIP COUNCIL.

The 632 session of Wilmot Tp. Council was held in the Tp. Hall, Baden, on the 16th of March 1903. Members all present the Reeve presiding. Minutes of previous session were read and confirmed. A tender from Geo and Wm Main for team, man and operating road machine was read.

Mr. James Forrest had a very successful wood-bee last Friday. The evening was spent in the usual jolly way—games and dancing—until a late hour.

The Boundary is certainly noted for some good horse-flesh. Mr. J. Jantzi sold a heavy horse to Mr. A. Eidt, of the Third Line, for \$175 and K. Hoffmeier sold his fine carriage verger to a party in Galt for the handsome price of \$200. Who says light horses don't pay.

All are pleased at the prospect of having the road at Grohm's flats improved this coming summer. It is to be hoped, now that both townships and both counties are taking hold of the matter, what ever is done will be of the permanent roads nature.

THE WOOLWICH ANTHRAX POISONING CASE

COSLAND RECOVERS \$1500 OF THE PURCHASE MONEY.

A couple of years ago a man named Goetz sold his farm in Woolwich township to James Consland for \$7,500, representing the farm to be first-class. Shortly after Consland moved onto the farm his cattle began to die mysteriously. He called in a V. S. from Elmira, who almost immediately afterwards died with the same symptoms as the cattle. Thorough investigation showed the disease to be the deadly anthrax, and Consland entered an action against Goetz to recover damages. The case was tried before the court in Berlin last week. Many witnesses were examined. The judge gave his decision in favor of Consland, saying that Goetz might either re-purchase the farm at \$7,500, paying court costs, or judgment for \$1500 would be awarded plaintiff, with costs. E. P. Clement, K. C., of Berlin was one of the plaintiff's lawyers.

MILLBANK.

Mr. J. Reid was in Stratford and Berlin on business last week.

Rev. Mr. Moore, formerly of Listowel and well known in Millbank, died in Detroit from appendicitis last. His many friends were grieved to hear the sad news.

Mr. John McKee had a lively wood-bee on Saturday. After a big day's work in the woods a most enjoyable time was spent in the evening.

Mr. Jas. Weir was in Toronto for a couple of days last week.

Care is still being taken to prevent the possible spread of smallpox, and vaccination is still quite general.

Swelling Her Income.

A good story is told of a man who one day told his wife that he would give her all the silver pieces she found in his purse or pockets which were collected the year she was born.

As a result the lady in due course of time had quite an amount of silver on hand—so much, in fact, that she went to the bank and deposited it in her name.

Then, speaking to the cashier, the lady said: "My husband tells me you are going to pay him some money today. Will you please pay him in this silver I have just deposited? I should be so much obliged to you if you would."

Of course the cashier quickly replied that he would be happy to please her.

As a result the lady has still more birthday money.—London Answers.

Recognized the Smell.

The sexton of an Episcopal church in Boston has many stories to tell of the remarks and comments made by visitors.

One Christmas when the church was beautifully decorated with cedars and fir an old lady walked up the aisle to the chancel and stood sniffing the air after every one else had left the church.

"Don't it smell solemn?" she said at last to the sexton as she turned away with evident reluctance. "I don't know as I ever realized just what the 'odor of sanctity' meant before today. We don't have any such trimmings in the church," attend up in the country."

Acquiesced.

"I'm innocent, and I can prove it if you will give me time," whined the old offender.

"Three years," said the judge.

When those we like play it, it is a violin. But when those we dislike begin to finger it it is a fiddle.

EDITORIAL NOTES.

Politics may not be "rotten" but they have a "Gamer" taste these days.

Coal ought to be cheap in Toronto and Ottawa just now while the parliaments are making things so hot.

The arbitration over the great coal strike of last year has just been settled. The judgement given out appears to have been arranged to suit both sides. Neither can say they have won any particular advantage, yet both the mine owners and the workmen seem satisfied.

Emigrants are already beginning to land on Canadian soil, the great majority heading for the Northwest. Of late years there seems to be a desire to get large numbers of foreign emigrants to come over and locate together in some section in the Northwest. This plan has its good and bad features, the latter, we believe predominating. It is nice to think they can live together here in the same manner as they did at home, and it is possible they may thus be of much assistance to each other in the first stages of their residence here; but this system is not so apt to quickly assimilate them with British methods, or teach them the language, or educate their children—three things which are necessary in order to make good citizens of them. There is plenty of room in the great Canadian North-west; and there is plenty of time to fill it; and there are plenty of sturdy people in the British kingdom to whom emigration assistance should be given in preference to a class, like the Dukhobors whose customs, tastes and religion seems, so far, ill suited to the energy and climate of the throbbing West.

President Castro, of Venezuela, who has headed the futile efforts of that republic to avoid paying its debts, has just resigned. His congress, so far, refuses to accept his resignation, and the occasion gives them the opportunity to officially say very flattering things of him. This resignation episode is evidently a preconcerted affair, and he will either manage to remain in office or pass it over to some one who will act as his tool.

The Ontario Agriculture has opened a model school for judging stock, grain, etc. The first term of this school is now in progress, stock experts have been invited to attend the lectures and experiments and a large number have taken advantage of the offer. The fall shows will reap great benefits from this and the judging standards all over the country will become more uniform. The Wellesley spring show of horses will be judged this year by an expert from the O. A. C.

Dr. Lackner, M.L.A., made his maiden speech in the Ontario Legislature last week, on the discussion which followed the Gamey charges. The Dr. is a skilled orator and did honor to himself and his constituency. During the course of his address he took occasion to say some plain, squirm-producing thing in the presence of the Attorney-General, regarding that official's position in the now famous North Waterloo protested election.

Rev. Peter Straith of the Inner-city Presbyterian church died at his home there on Sunday, Mar. 15th.

DISTRICT NOTES.

The Berlin Rubber Factory are going to erect a new building this summer, of cement instead of brick.

On Wednesday, March 18th, an accident took place about two and a half miles from Guelph in which two infants were killed. The train left the track for some unknown reason and fell into a stream of water. About fifty persons were more or less injured.

A bear was reported in the bush close to Stokes Bay on Friday the 13th, and a gang of young men quickly got together and started in pursuit. Among the number was Norman Dennis a youth well known about the bay. The boys hunted industriously for a long time, and stopped for a rest, young Dennis rested the butt of his gun on a fallen log, and carelessly placed his left hand over the muzzle. Immediately the gun exploded, inflicting a wound that necessitated the amputating of the member, which was done by Dr. Sloane, after the young man had been conveyed to the Royal hotel at the Bay. He is doing as well as could be expected.

John Smith, of Berlin took 22 drops of carbolic acid in mistake for turpentine. It burned his tongue and turned it white but he drank sweet milk and saved his life.

"There was a man once on a time, who thought 'im wondrous wise, He swore by all the fabled gods, He'd never advertise.

But his goods were advertised ere long.

And therby hangs a tale, The ad. was set in nonparail.

And headed "Bankrupt Sale."

A. G. McKay, M.P.P., for North Grey will endeavor to convince the Ontario government that the new Normal School should be located at Owen Sound.

A Normnby farmer named Michael Donahue who is retiring from farm life, has had great success with sheep raising. In giving his experience in sheep raising some of his brother farmers he said that for the last ten years he has kept from sixteen to twenty ewes and in that time never lost a lamb. He feeds his ewes dry oats but no turnips, carrots or roots of any kind. This hint may be worthy of notice by breeders of this valuable stock.

Martineau, the civil service clerk at Ottawa found guilty of defaulting was given seven years in the penitentiary.

The tannery owned by Hon. E. J. Davis at King, was burned. Loss 100,000; insurance \$50,000.

Another attempt will be made to cut the train, which has been snow bound in the interior of Newfoundland for thirty days.

A young man named McLean shot a black fox near Huntingdon Quebec, and sold the hide for \$90. This is the second of this rare animal he has shot this winter.

Petrolia Topic: The largest elm tree known of in these parts was cut down on the premises of George Donald, lot 6, Plympton, last week, by James Brooks and his sons. The tree measured six feet 6 inches inside the bark, and made thirty cords of stove wood. It took Mr. Brooks and his sons a day to cut it down, and a good week to work it up. One limb made a log fourteen feet long and two and a half feet in diameter.

On Friday, March 6th, Mrs. John Bell had her barn and sheds destroyed by fire about four o'clock in the afternoon. The fire took in the straw stack and rapidly spread to the buildings, which were speedily consumed. The fodder for the stock and about 700 bushels of grain were destroyed. The cattle and live stock were saved. The origin of the fire is a mystery, as so far as is known, no one had been about the stack since morning. The barn and contents were insured for about \$2,000.
