ORDERS & RESOLUTIONS OF THE GRAND JURY.

SPRING ASSIZES, 1837.

Resolved—That the County Surveyor be empowered to appoint two Assistants, provided that such persons be certified by the Board, pursuant to the 43d section of the 6th & 7th of Wm. IV, cap. 116.

Resolved—That Henry Parr of Donard be appointed Inspector of Weights and Measures for the District of Donard, pursuant to 5 & 6 Wm. IV, cap. 63, sec. 28, and 6 & 7 Wm. IV, c. 116, s. 116.

Resolved—That in consequence of the numerous informalities which are found in the Applications lodged with the Secretary for Presentments for Public Works, and the difficulty which exists in decyphering the illegible writing in such Applications, it is expedient that none but printed forms correctly filled shall in future be received by the Secretary, in order to ensure the correct arrangement of such documents.

Resolved—That the Secretary have a gate constructed in the rail across the Grand Jury room, and that the wall of the Grand Jury gallery be painted in oil.

Resolved—That the space within the bar in the Grand Jury room, be strictly reserved for the use of the Grand Jury and the Officers of the County, connected with the duties of the Grand Jury, and that all others be kept beyond the bars unless specially introduced.

Resolved—That in future, if any subject of Complaint should exist, or if any Charge is to be preferred against the County Surveyor or other County Officer, such Complaint or Charge shall be made specifically in writing, on the first day of the Assizes, evidence of the facts shall be afforded in the consideration of the same, and that notice of the intention to prefer such Complaint shall be previously given to the parties Complained of.

We are of opinion that the County Surveyor should be directed to prepare an estimate for the repairs of the Court-House, to be submitted to the next Special Sessions for the County at Large.

Resolutions of the Grand Jury.

Resolved—That the Grand Jury are of opinion that Arklow and Bray are neither fit or convenient places for holding Quarter Sessions, and that Rathdrum and Newtown-Mt.-Kennedy are well adapted for such purpose, being more central situations.

Resolved—That Thomas Keogh, Morley Wilson, Henry Walsh and Thomas Fitzpatrick, having failed in performing their various contracts for repairing roads, instructions be given to the proper Officers to prosecute themselves and their sureties, as represented by the County Surveyor.

Resolved—That no presentment shall in future be passed for contracts for keeping in repair any part of the mail coach road from Arklow to Dublin for a longer period than the year 1844 at which period the other contracts for that purpose shall cease.

We the Grand Jury of the County of Wicklow having taken into consideration, the present state of the Gaol and Court house, do find. That the Gaol would require an immediate expenditure of Six Thousand Pounds to afford legal and sufficient accommodation to the Prisoners confined therein.

That the Court house from its present dilapidated state, would also require a considerable outlay, probably, Two Thousand Pounds to render it a safe building; that it may even be necessary to re-build the greater part of it at no distant period.

We also find that the present Site of the Gaol and Court house on the Shore of the Sea, and at a distance of *thirty* or *thirty-five* miles from a large section of the County, is productive of great inconvenience and expence to a majority of the Inhabitants on the occasions of Assizes and Elections for Members of Parliament.

And that the Town of Rathdrum is the most central and convenient point, to a large majority of the Inhabitants of this County, and therefore is the best situation for an Assize Town.

We are therefore of opinion that the proposed large outlay to render the present Gaol and Court house, fit for County purposes would be an inexpedient expenditure of money, and we think the present a favorable opportunity for obtaining the change of the Assize Town, to the best and most central situation.

We therefore recommend that the Assize Town for the County should be changed from Wicklow to Rathdrum, and we appoint the following Gentlemen to act as a Committee to carry the proposed recommendation into effect.

Sir G. Hodson, Col. Acton, Mr. Dennis, Mr. LaTouche, Mr. M. Mahon, Mr. Chaloner, and Mr. Parnell.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians when practicable, within their Districts, whenever it may be necessary to call in a Medical man and to pay to them a Fee of £1 1s for each attendance.

We present the Special Sessions previous to Summer Assizes 1840, to be holden at the undermentioned times and places at 12 o'Clock, each day, viz.

Be it remembered, That John Revell, Esq. Treasurer of the County of Wicklow, hath accounted, before me, as such Treasurer as aforesaid, at foot of an Account declared by me on the 19th day of February last, and that I have charged him with all Sums with which it appeared to me that he was properly chargeable up to the 21st. day of April, 1840, and that I have discharged him to the amount of all payments which he has duly proved that he hath heretofore made thereout; and that the Account wherein I have charged and discharged him as aforesaid, is as follows:—

It having been represented by the Cess Payers of Upper Newcastle, that a grievance arises to them, from the appointment of Applotters of the County Cess, We recommend as a remedy, that the Church-Wardens shall in future hold two separate and distinct meetings, for the purpose of choosing Applotters; two to be appointed by the Inhabitants of the Upper part of the Parish of Newcastle, to Applot for the Parish of Upper Newcastle, as set forth in the Treasurer's Warrant, and two to be appointed by the Inhabitants of the Lower part of the Parish of Newcastle, to Applot for the Parish of Lower Newcastle, as set forth in the Treasurer's Warrant.

COUNTY AT LARGE—Continued.

It appearing to this Grand Jury that several instances of collusion proposals for contracts having been made at the different Road Sessions of the County, by which honest competitors have been deterred from coming forward, We think it right to caution future Contractors that should it appear that anything in the shape of Collusion has taken place, the presentment made at Sessions for such Contract, will be thrown out, so as to allow the matter to come before another Road Sessions.

In reference to the applications made by Contractors for compensation for extra expense incurred by them in consequence of the greatly increased wear of their roads by the carriage of Sulphur Ore, We recommend such Contractors to apply for such compensation at the next Road Sessions.

Resolved—That on the occasion of several Charges having been brought at this Assizes against the County Surveyor, principally for neglect of duty in withholding Certificates: We find after a patient and lengthened investigation, that no subject for censure has been proved against him.

We approve of John Edwards, Wicklow, to be the Contractor for the County Jail.

The undernamed persons having become Contractors for the following Works, We therefore present that the Treasurer do advance to them from time to time  $\frac{1}{4}$ ths of the amount of their presentments, provided they fulfil in every respect, the provisions contained in the statute of 6 & 7 Wm. iv, cap. 116, sec. 128.
