COUNTY OF WICKLOW.

SPECIFICATION

OF WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for years of perches of Road and Footpath, between and

IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

- 1-Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, and maintained constantly in good order during the contract, clean, hard, and even, at all seasons. 2-No notice of inspection will be given but the County Surveyor expects the road to be in good order and repair at any time he or his assistant may visit it. 3-The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner. 4-The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant. 5-All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the repair, constant maintenance in good order, and improvement of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor. 6-In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

WIDTH OF WORKING WAY.

7-The width of the working way of the road shall be equal to the present width; but in no case less than 13 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns or villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

MARGINS AND SIDES.

8-The margins to be formed of sods and clay, at least two feet wide and four inches high over the waterables. These margins to be neatly kept and edged with spade and line (a plough on no account to be used) and the working way defined by parallel lines, straight or regularly curved, according to the course of the road. Contractor to remove any waste margins that may be pointed out.

Where the sides are ravelled or broken, they are to be made up with stones, sods, and clay.

The sides are also to be kept clear of all bushes, brambles, weeds, rubbish, loose stones, turf, manure, &c.

The Contractor is to cut down and remove before seed time all weeds growing on the roadsides and fences.

DRAINAGE.

9-All water-tables, side cuts, pipe holes, outlets, side, back, and catch drains, water courses, &c., to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones made where necessary.

FRENCH DRAINS.

10-Where springs or soft places occur in the road, French Drains shall be made to drain off the water to the nearest outfall.

GULLETS, ETC.

11-Gullets to be opened up, cleaned out and repaired when required, and the channels through all bridges and gullets, and for such distances as may be necessary above and below the same, are to be cleared and kept clear.

12-This drainage and the edging above described in No. 8 to be thoroughly done three times a year-before 1st February, 1st April, and 1st October, and at all other times as may be required.

WASTE STUFF.

13-All scrapings and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall become the

property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

MAINTENANCE AND IMPROVEMENT OF SURFACE.

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud, dust, grass and dirt, especially before spreading stones.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by picking and levelling ribs, ruts, and inequalities.

All rocks appearing over the surface and stones of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling. All surface damages that may occur to be at once repaired by the Contractor.

APPLICATION OF MATERIALS.

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary.

Before spreading the materials the old surface to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well covered with metal.

LOOSE AND OVER-SIZED STONES.

19—The surface shall at all times be kept free from loose stones which must be kept picked off by the contractor; also any stones larger than the specified size.

TIME FOR SPREADING

20—One-third of the yearly supply of stones for the road to be spread before the 1st December; two-thirds before 1st February, and all before Spring Assizes in each year.

QUALITY OF MATERIALS.

21—The stones, which are to be quarry stones if obtainable, are to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and be free from clay, sand, or other extraneous matter.

QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

22—The contractor is to supply annually at least $\frac{1}{2}$ cubic yards a sufficient quantity of broken stones for the proper maintenance of the road. This quantity to be laid down in equal heaps, not less than 18 inches high, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way.

No road metal to be deposited or broken on roadside until the whole of the metal previously measured has been spread, and until notice in writing has been served by the contractor on the assistant that such is the case.

EXTRA MATERIALS.

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

24—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be re-sodded. Grass on both sides of path to be neatly edged three times a year, and to be cleared away wherever it may grow on path along walls. Clean out and repair all existing outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over $\frac{3}{4}$ -inch diameter.

Surface of path to be flush with top of curb and to have a fall of $1\frac{1}{2}$ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair.

All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed.

COUNTY WORKS.

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.

27—All works connected with the road to be preserved in good order, free from damage, encroachment or trespass. The contractor shall not allow the sides to be dug up or interfered with in any way. The contractor shall require the owners, by proper legal means, to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic., cap 63, sec 18.

SURPLUS MATERIALS.

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

29—The Contractor will be liable to a deduction of 6s for each cubic yard of road metal found deficient from above quantity at the October measurement in each year. The Contractor will also be liable to a deduction from, or a total forfeiture of, as the case may require, the sum payable at any Assizes under the contract, should he fail to comply with the several provisions of this specification; such deductions will be represented to the credit of the Barony.

RESOLUTIONS

OF THE

GRAND JURY OF THE COUNTY WICKLOW.

Resolved—That all certificates for repairing sudden damages be henceforth lodged in the Secretary's Office, at least three clear days before the Assizes, great confusion having arisen from the contrary practice being pursued.

Resolved—That no Presentment will, in future, be made in aid of any Infirmary or Fever Hospital, unless the same shall be accompanied by the account and accurate list of subscribers' names, and the amount severally subscribed by them.

Resolved—That in future there shall be printed in detail, at the beginning of the Schedule, a list of duties to be gone through by the Grand Jury.

DUTIES OF THE FOREMAN.

Printed pursuant to the foregoing order.

- I—Call the names of the gentlemen comprising the Grand Jury.
- II—Receive reports from committees appointed at last Assizes.
- III—Consider Presentments for County at Large.
- IV—Appoint committees to examine:

- A. County Surveyor's report.
- B. Existing Contracts.
- C. Infirmary Accounts.
- D. Court-keepers' do.
- E. Coroners' do.
- F. High Constables' returns.
- G. Industrial School accounts.
- H. Sub-sheriff's accounts.

XIII	"	"	Rathdown.
XIV	"	"	Shillelagh.

XV—Correspondence, Reports of Committees appointed at this Assizes.

XVI—Tramways, harbours, and other schemes and guarantees, &c.

Resolved—That the space within the Bar in the Grand Jury Room be strictly reserved for the use of the Grand Jury and the Officers of the County connected with the duties of the Grand Jury, and that all others be kept beyond the Bar, unless specially introduced.

Resolved—That in future, if any subject of complaint should exist, or if any charge is preferred against the County Surveyor, or other County Officer, such complaint or charge shall be made specially in writing on the first day of the Assizes, evidence of the facts shall be afforded in the consideration of the same, and that Notice of the intention to prefer such complaint shall be previously given to the party complained of.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians, whenever it may be necessary to call in a medical man, and to pay them a fee of £1 1s. for each attendance.

W. W. F. HUME, M.P., Foreman.

Resolved—That in future, all tenders postponed to the assizes, if not lodged with the Secretary the day before the commencement of the Fiscal Business, will not be entertained by the Grand Jury.
Spring, 1861.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future the several High-Constables shall be required to furnish the amounts of their respective insolvencies every two years, pursuant to 6 & 7 Wm. iv., cap. 116, sec. 149.
Summer, 1863.

W. W. F. HUME, Foreman.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.
Summer, 1864.

W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.
Spring, 1866.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.
Spring, 1870.

GEORGE HODSON, Bart., Foreman.

RESOLVED,—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.
Summer, 1881.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.
Spring, 1882.

GEORGE HODSON, Bart., Foreman.

The following fees are authorised (and none other) for documents relating to works, roads, &c., and filling the same if required to do so by the Contractor:—

Application for New Work	Os. 6d.
For filling same if required to do so	Os. 6d.
Form of Tender (according to Act of Parliament)	Os. 6d.
For filling same if required to do so	Os. 6d.
For Bond filled and prepared (Act of Parliament)	1s. 0d.
Application for Payment	1s. 0d.
Car hire to Clerk going round distant Baronies from persons making applications for New Works, or for payment, or for both at same time	Os. 6d.

Spring Assizes, 1882.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.
Spring, 1883.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

Summer, 1883.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884.

GEORGE HODSON Bart, Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes:—Thomas Acton, Charles W. Barton, David Mahony, W. F. Littledale.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

C. G. TOTTENHAM, Foreman.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them.

Summer, 1885.

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Spring, 1888.

C. G. TOTTENHAM, Foreman.

Resolved—That a committee of the Grand Jury, consisting of Colonel R. Pratt Saunders, Lieut.-Colonel Tighe, and W. R. Bulwer be appointed, who, in case of any difference between County Surveyor and Tramway Company, shall decide as to what may be reasonable requirements in accordance with the report of the committee adopted by the Grand Jury at this Assizes. The Tramway Company undertake to carry out what this committee may direct, and failing their so doing the committee are hereby empowered to direct such legal proceedings to be taken as they may think desirable.

Resolved—That it would be desirable that in future a Subscription of Ten Shillings each be made by each member of the Grand Jury for the purpose of providing luncheons at the Assizes, as we do not consider it reasonable that the expense of providing luncheons should be cast on the High Sheriff; and that a committee of five, consisting of Colonel Tottenham, Messrs Brooke, Littledale, Beresford, and Tombe be appointed to carry out the details generally.

Summer, 1888.

C. G. TOTTENHAM, Foreman.

Resolved—That the Harbour Commissioners elected at Presentment Sessions be asked by the Secretary to the Grand Jury to draw up a report of the accounts of the Harbour Board for the information of the Grand Jury at Summer Assizes; that a Committee be appointed to examine it; and their report be printed in the Abstract, so that the Cesspayers of the guaranteeing Baronies may know something of the income and expenditure.

Spring, 1889.

C. G. TOTTENHAM, Foreman.

Resolutions passed at Spring Assizes, 1890.

Resolved—That the Governors of the Richmond District Lunatic Asylum be requested to furnish to the Secretary of this Grand Jury before each Spring Assizes the names of the lunatics charged to this county, with the Petty Sessions District from which they have respectively been committed, and the date of each committal, and the total number of patients in the asylum during the period for which the yearly charge is calculated.

Resolved—That application be made to the Chief Secretary for detailed information as to the cost of "Sanitary Works" and "New Works" at Richmond District Lunatic Asylum, for which we are now called on to pay, and how the proportion payable by the County Wicklow is arrived at.

Resolved—That Colonel Tottenham, Julius Casement, William Magee, Dr Truell, and Colonel Tighe be appointed Visiting Justices to the Jail at Wicklow.

Resolved—That Mr. Thomas Graydon be re-appointed auditor of the Dublin and Blessington Steam Tramway Company's accounts on behalf of the County Wicklow Grand Jury.

An application having been received from the Magistrates of Newtown Petty Sessions, the County Surveyor was directed to have proper lockup presses erected at the back of the Bench in Newtown-Mt.-Kennedy Court House for the safe keeping of the Statutes, Order Books, and other Records, and to consider whether any room can be provided for the justices to consult in in private in case of necessity.

Whereas, the Right Honorable Reginald Earl of Meath and Captain the Honorable Henry Monck, the trustees of "The Meath Industrial School for Protestant Girls, Bray," intend to apply to the Board of Works for a loan of £3,500, for the purpose of building an Industrial School at Bray to replace the Institution at Belmont House, Templecarrig, at present certified for 50 girls under the Industrial Schools Act, 31 Vic., cap. 35, and

have applied to us to become security to the said Board for the said loan; and whereas it has been proposed that in the first place the school buildings and premises, and in the second place two solvent securities in addition to the said Earl of Meath, to be approved of by the Grand Jury of the County of Wicklow at the Summer Assizes, 1890, should become liable for the repayment of said loan in priority to any security which may be given by the Grand Jury. Now we, upon the terms above-mentioned, are willing to give security in such manner as may be agreed upon.

PUBLIC ANALYST'S REPORT.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report, for your information, that I have made the following analyses during the half-year ended on the 31st December, 1889:—

The following articles were received from Sergeants of the Royal Irish Constabulary, acting as Food Inspectors:—Sergeant Joyce, Dunlavin, two specimens of whiskey; Sergeant Moore, Baltinglass, four specimens of whiskey; Sergeant Dobbyn, Newtown-Mount-Kennedy, two specimens of whiskey; Sergeant Hughes, Bray, a specimen of milk.

None of the above specimens were adulterated, whilst in the first half of the year one-third of the samples sent were adulterated. In the corresponding period of 1888 the Constabulary first began to collect articles of food for analysis, and out of the twenty-four specimens so collected eleven were adulterated, or nearly 50 per cent. It is evident then that the collection of samples of food for analysis has greatly lessened adulteration in the county.

Three specimens of water were analysed for the Town Commissioners of Wicklow; one of them was fairly good; one was not up to a tolerably fair quality; and the third was highly polluted and unfit for use.

The water from the pump at the Police Barracks, Wicklow, was examined, with satisfactory result.

A specimen of water analysed for the Medical Officer of Health, Baltinglass, was favourably reported.

The waters in use in St. Kyran's Industrial School and the School of the Convent of Mercy, Rathdrum, were found to be pure.

A specimen of water was analysed for the Guardians of Rathdrum Union; the result was satisfactory.

Another collection of three waters were analysed for the Town Commissioners of Wicklow; two of them were unfavourably reported upon.

Six specimens of milk were analysed for the Guardians of Baltinglass Union; two of them were adulterated with the enormous proportion of 80 per cent. of water, or nearly their own volume of water.

For Dr. Raverty, Medical Officer of Health, Bray, a sample of milk was analysed and found to be pure.

Total number of analyses—29.

I am, Gentlemen, your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

Royal College of Surgeons, St. Stephen's Green, Dublin, 17th March, 1890.

COUNTY WICKLOW.

COUNTY SURVEYOR'S REPORT
TO THE
GRAND JURY OF THE COUNTY WICKLOW,
Assembled at Spring Assizes, 1890.

Mr. Foreman and Gentlemen of the Grand Jury,

The number of road maintenance contracts which happen to expire at these Assizes and which therefore appear for renewal in the schedule of applications for presentments before you is not large, and the only special works to which I need direct your particular attention are the following:—

Arklow, No. 3—This road has not been repaired by the county for nearly six years. As it is of considerable importance it is desirable to have it put into repair with a view to a regular maintenance contract afterwards.

Arklow, No. 5, and Newcastle, No. 7—This work was disallowed by the Grand Jury a year ago on the grounds that it was not required for the county road. The circumstances remain the same except that the sum passed at Sessions is now £30 instead of £50 as before.

South Ballinacor, No. 9—This is a work which has for a long time been considered necessary. It is to cut down, widen and fence a part of the road from each side of which the adjoining turf bog has been cut away, leaving the road narrow, unfenced and dangerous.

Newcastle, No 5, and County at Large, No 114—To renew the wooden foot-bridge in Wicklow. As this matter has been several times under discussion at Road Sessions and Assizes it is not necessary for me further to refer to it here; but any required information can be given when the applications come to be considered.

Newcastle, No 6—As the weir referred to in this application is private property and as the lessees object to its being interfered with, I think the application should be disallowed.

Rathdown, No 10—This is an application to curb part of the principal road in Greystones. I understand it is intended as a first instalment of the desirable work of curbing and improving the principal footpaths in Greystones.

Shillelagh, No 9—This is an application to curb and channel the footpath for whole length of Carnew street on south side, a most desirable work.

In Upper Talbotstown the only application of importance is to build a bridge on the road from Rathdangan to Rathgorragh over the stream which crosses the road near the bounds of Cranareen and Rathgorragh Lower. The wisdom of expending so much money on an unimportant road like this appears questionable; but as the matter will be reconsidered at next Sessions you need not go into the merits of the application now.

The decisions of the last Road Sessions for the barony of North Ballinacor with regard to applications for the repairs of county bridges were not satisfactory. For instance, a sum of £30 was applied for to repair Coolalingo bridge on the Military road from Drungoff to Laragh. Although

County Surveyor's Report—Continued.

a less sum would be insufficient to do the work only £10 was granted with the result that the work was not contracted for; again, I made application for the necessary funds to reconstruct Beresford bridge on the main road from Bray to Roundwood which shows serious signs of failure; but the application was thrown out.

Since last Assizes three of your contractors and their sureties were proceeded against for breach of contract. The cases are those of Peter Murphy and Sylvester Byrne, contractors for Nos. 10 and 46 barony of Arklow, and James Cashen, contractor for building a fence at Rathbran, barony of Upper Talbotstown. Decrees were given in each case.

Within the last year many useful works have been carried out. I may mention the following:—

Thirteen of the county bridges have been substantially repaired.

Nine retaining walls and protection fences have been built and others repaired.

The flagging of the footpath in Arklow, so long delayed, is at length nearly completed.

Footpaths have also been made or curbed at Dunlavin, Rathdrum, Shillelagh, on the road from the Willow Grove to Barry's Bridge, in the barony of Newcastle, and elsewhere.

Several other minor road improvements, culverts, &c, have also been carried out in various localities.

I have pleasure in stating that with but few exceptions your county roads and works are in a satisfactory condition. Your roads have been fairly maintained during the past winter and are now in good order.

As the period for which you sanctioned the appointment of Mr. Little expires now, I have to request that you will be good enough to sanction his further appointment either permanently or, if you object to this, for at all events another year.

As the present satisfactory condition of your roads is entirely due to the strict system of supervision now in force for 6 years, I feel confident you will not hesitate to maintain the present number of assistants, as to now reduce it would deprive me of the means of maintaining this system of supervision which has produced the best results.

I have the honour to be,

Gentlemen,

Your obedient servant,

CARTER DRAPER, M. Inst. C.E.

14th March, 1890.

REPORT OF THE COMMITTEE OF THE GRAND JURY ON THE
COUNTY SURVEYOR'S REPORT—EXISTING CONTRACTS—
AND DISCHARGED AND UNDISCHARGED QUERIES—AND
HIGH-CONSTABLES' RETURNS.

Committee—Major Tottenham, Colonel Kemmis, and Sir R. Hodson, Bart.

They find—

In the Barony of North Ballinacor, the amount sworn to as			
unrecoverable by the High-Constable to be	...	£5 15	7½
In Arklow	7 6	0
In Newcastle	6 17	1
In Shillelagh	Nil.	
In South Ballinacor	Nil.	
In Upper Talbotstown	1 14	9½

In Arklow and Upper Talbotstown, there also appears to be other small arrears.

The High-Constables of Lower Talbotstown and Rathdown did not appear before the Committee, and they cannot certify as to the amount uncollectable in those baronies. The case of the High-Constable of Rathdown has already been dealt with by the Grand Jury. The Committee recommend that as the High-Constable of Lower Talbotstown did not appear before them, his fees be disallowed.

The sums-total as entered for existing contracts, the Committee find correct.

With regard to the County Surveyor's Report, the only point which appears to call for notice is the re-appointment of Mr. Little. This the Committee, in view of the efficient maintenance of the county roads, consider essential, and think that the appointment might now be made permanent.

WILLIAM KEMMIS, Colonel.
ROBERT HODSON, Bart.
C. R. W. TOTTENHAM.

Postponing the question of the fees of the High-Constables of Lower Talbotstown, the report is approved.

C. G. TOTTENHAM, Foreman.

The High-Constable for Lower Talbotstown subsequently appeared before the Grand Jury and completed his bond.

E. N. WYNNE, Secretary to Grand Jury.

REPORT OF COMMITTEE OF THE GRAND JURY ON THE COURT-
KEEPERS' AND COUNTY INFIRMARY AND HOSPITAL
ACCOUNTS.

Committee—Chas W Barton, Thomas Acton and Fletcher Moore.

Accounts of Court-house Keepers for Bray, Arklow, Baltinglass, Tinahely, are correct; also Wicklow.

THOMAS ACTON.
FLETCHER MOORE.
CHARLES W. BARTON.

Approved,

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE ON PRINTERS, CORONERS', AND
SUB-SHERIFF'S ACCOUNTS.

Committee—Colonel R. P. Saunders, Dr. Truell, and Gordon E. Tombe.

The Sub-Sheriff's Accounts are correct; amount, £8 16s 6d.

The Coroners' Accounts, as corrected, amount to—Mr Jones, £47 9s 6d; Mr Newton, £10 17s.

The contract for the ordinary County Printing requires no comment. The amount due for printing the Register of Voters, Claim Lists, Supplemental Lists, and Objection Lists, having been carefully revised and corrected, stands as follows:—Total amount, £71 15s.

The spaces between the names commencing with one letter and those commencing with the next letter, to be, for the future, the space known as 2-em pica.

Signed,

ROBERT PRATT SAUNDERS.
GORDON E. TOMBE.
H. P. TRUELL.

REPORT OF THE COMMITTEE OF THE GRAND JURY ON
REFORMATORIES AND INDUSTRIAL SCHOOLS.

Committee—William F. Littledale, Col. J. S. Tighe, and Charles W. Barton.

We have examined the several accounts and certify that the amounts in the application schedule are correct.

We refer to our report presented at last assizes, and have now to repeat that the absence of information in all of the applications, save that from Artane Industrial School, as to the dates of committal, ages of the children, and terms for which committed, and whether discharged or remaining, prevents us from reporting as fully as we think should be done, and we again recommend that a circular shall be sent to the different institutions and to the Inspectors of Reformatories and Industrial Schools requiring that this information shall appear on each account sent in.

No. 60, Glencree—Michael Waters is charged for as from 29th September last. He was committed from Wicklow, but no return thereof has been made by the Clerk of Petty Sessions to the Secretary of the Grand Jury.

No. 63 St. Michael's, Wexford—Sarah Flood is not charged for, and no explanation is given why she has ceased to be chargeable.

Nos. 72 and 74—Five children of the name of Clery were committed in October and November last from Bray Petty Sessions, and no return was made by the Clerk of Petty Sessions to our Secretary. This whole family, if sent to the workhouse, would have been chargeable on the Bray Electoral Division, but by being committed to industrial schools entail a cost of 10s per week on the cesspayers of the entire county. We suggest that the attention of the Bray magistrates be called to this fact, and that they be asked to ascertain if there is any person liable to contribute to the support of these children. We consider that in the interests of the ratepayers, a special inquiry should be made into the circumstances of the case.

Report of Committee—Continued.

No 83—Christopher Quinn and James Kelly were transferred, it seems, in May, 1889, by order of the Chief Secretary, from Rathdrum Industrial School to Letterfrack, Co. Galway, and the only other child committed to Rathdrum School seems also to have been removed.

We suggest that careful enquiry should be made into the causes of these removals. It seems to us that all the children committed in this county should be sent to the industrial schools and reformatories in the county, and not to remote parts of Ireland where neither their own relatives nor any person on behalf of the ratepayers can inspect them, and see that they are taken proper care of, and that the Chief Secretary shall be asked to have the inquiry instituted for our satisfaction.

W. F. LITTLEDALE.
J. S. TIGHE.
CHARLES W. BARTON.

Approved,

C. G. TOTTENHAM, Foreman.

REPORT OF THE COMMITTEE OF THE GRAND JURY ON REFORMATORIES AND INDUSTRIAL SCHOOLS.
Committee—William K. Littledale, Col. J. S. Tighe, and Charles W. Barton.
We have examined the several accounts and certify that the amounts in the application returns are correct.
The return to our report presented at last session and have now to report that the absence of information in all of the applications, save that from the Industrial School, as to the dates of commitment, ages of children, and terms for which committed, and whether discharged or remaining in custody as far as we think should be done, and we have recommended that a circular shall be sent to the different town and county commissioners of Reformatories and Industrial Schools, to log that the same shall appear on each account sent in.
No. 66.—Misses W. and W. is charged for as from 25th September last. He was omitted from Wicklow, but no return filed has been made by the County Sessions to the Secretary of the Grand Jury.
No. 53 St. Michael's, Westport.—Sarah Flood is not charged for, and the explanation is given why she has ceased to be chargeable.
Nos. 72 and 74.—Five children of the name of Cleary were committed in October and November last from Bray Ferry Reformatory, and no return was made by the Clerk of Petty Sessions to our Majesty. The whole family, it was to the workhouse, would have been chargeable on the Bray Reformatory, but by being committed to industrial schools under a care of the Division of the County of the entire county. We suggest that the attention of the County Commissioners be called to this fact and that they be asked to ascertain if there is any person liable to contribute to the support of these children. We consider that in the interests of the county, a special enquiry should be made into the circumstances of the case.

RE-PRESENTMENTS.

No. 23—Christopher Quinn and James Kelly were transferred, it seems in May, 1888, to another school, from Rathfriland Industrial School to Letterfrink, Co. Galway, and the only other child committed to Rathfriland School seems also to have been removed.

We suggest that careful enquiry should be made into the causes of these removals. It seems to us that all the children committed in this county should be sent to the industrial schools and reformatories in the county, and not to remote parts of Ireland, where neither their own relatives nor any persons on behalf of the employers can inspect them, and see that they are taken proper care of, and that the Chief Secretary shall be asked to have the enquiry instituted for any removals.
