What have I been billed?

A detailed list of charges for this bill is shown. Also appearing on your statement is the current period's kWh usage and water and sewer usage, if applicable. The beginning and ending read dates are also shown, as well as the rate and your meter number. The difference between the ending reading and the beginning reading equals the amount billed for the period.

Important messages from your utility will show up in this box.

Other charges are defined on the back of your bill.

Usage conversions

kWh = Kilowatt hour—measure of energy consumed—amount of energy used to keep a 1,000 watt appliance running for 1 hour.

CCF = 100 cubic feet. 100 cubic feet of water equals 748.1 gallons. Water and sewer rates are based on the number of CCF that flowed through your water meter.

Is my account past due?

If your account is past due, a red box will appear indicating that payment must be received immediately to keep your services from being disconnected. If there is not a red box, your account is not delinquent.
