

GENERAL AGREEMENT ON TARIFFS AND TRADE

RESTRICTED

MTN/TP/W/11/Rev.2
11 October 1976

Special Distribution

Multilateral Trade Negotiations

Group "Tropical Products"

CONSOLIDATED LIST OF REQUESTS FOR CONCESSIONS

Note by the Secretariat

Revision

1. The tabulations annexed hereto contain the second revision of the consolidated list of requests for concessions on tropical products which was circulated to provide an overall view of such requests submitted by developing countries participating in the multilateral trade negotiations. It may be noted that requests were mostly made at the level of the tariff line or part tariff line. The details shown in the Annex, generally at the CCCN four-digit level, may not therefore precisely reflect the situation with respect to particular items for which concessions are being sought. For greater detail in this respect, delegations are invited to refer to the request lists submitted by developing country participants.

2. The revised tabulations bring together information in such a way as to make it possible to identify positions where different developing country participants have submitted requests under the same four-digit heading, together with an indication, by means of symbols, of the type of concessions being sought in the fields of tariffs and non-tariff measures. They cover all requests for concessions submitted up to the end of September 1976 taking into account modifications and revisions to earlier requests without implying any judgement as to whether particular products may or may not be considered a tropical product.

3. Since the issue of MTN/TP/W/11/Rev.1 in February 1976, a further eight countries have submitted request lists, thus bringing the total number of requesting participants to forty-four as shown in the following table together with an indication of the country abbreviations used in the Annex. At the CCCN four-digit level, some 290 items are included in the revised consolidated list, of which about 110 items fall within CCCN Chapters 1-24. As to the types of requests for concessions submitted in the fields of tariffs and non-tariff measures, the summary description contained in paragraphs 5 and 6 of document MTN/TP/W/11 continues to be relevant.

TABLE

Developing Country Participants Which Have Submitted Request Lists
(As of 30 September 1976) and MTN/TP Documents Containing Request Lists

Country (Abbreviation used in the attached list)	Document MTN/TP/	Country (Abbreviation used in the attached list)	Document MTN/TP/

SYMBOLS USED IN THE ATTACHED CONSOLIDATED LIST¹ FOR INDICATING DIFFERENT
TYPES OF REQUESTS FOR CONCESSIONS ON TARIFFS AND NON-TARIFF MEASURES

Tariffs

- No symbol - Requests for tariff concessions on a most-favoured-nation basis and requests where the type of tariff concession being sought is unspecified.
- + - Requests for improvements in the GSP.
- ++ - Requests for tariff concessions on an m.f.n. basis and/or for improvements in the GSP.² In certain of these cases, it is stated that the latter would be preferable.
- * - Requests for certain special types of tariff concessions e.g. binding of GSP at the present or at reduced rates of duty or bindings in a special schedule of preferential concessions for developing countries. It also indicates a number of requests for the binding of Commonwealth preferences.

Non-tariff measures

- 1 - Requests for concessions on State trading and government monopoly practices.
- 2 - Requests for concessions on customs and administrative entry procedures.
- 3 - Requests for concessions on standards, e.g. health and sanitary regulations, requirements concerning marking, labelling and packaging, marketing standards, the product content requirements.
- 4 - Requests for concessions on import restrictions, licensing requirements and export restraints.
- 5 - Requests for concessions on charges on imports, e.g. internal taxes, variable levies and import deposits.
- 6 - Requests for concessions on miscellaneous or unidentified measures.

¹Country abbreviations used in the consolidated list in respect of countries to which requests have been addressed are:

Australia (ALA), Austria (ATA), Canada (CND), the EEC, Japan (JPN), New Zealand (NZ), Finland (FIN), Norway (NOR), Sweden (SWD), Switzerland (SWZ) and the United States (US).

²Included in this category are not only cases where the two different types of concessions have been requested as alternatives in respect of one tariff heading but also where the two types of requests have been made in respect of different CCON sub-headings which fall under the same CCON four-digit heading.
