December 15, 2009

The Honorable Joe Manchin, III
Governor, State of West Virginia
State Capitol Building
1900 Kanawha Boulevard, East
Charleston, WV 25305

Dear Governor Manchin:

The West Virginia State Board of Registration for Professional Engineers is pleased to provide you with our Annual Report for FY 2009. This report is hereby submitted in compliance with mandates of the statutory requirements of W.Va. Code §30-1-12(b).

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is declared to be subject to regulation in the public interest. The PE Board is charged with the administration and enforcement of the provisions of W.Va. Code §30-13 governing the practice of professional engineering. Contained within is a certified Board report covering fiscal years 2008-2009, including required documentation of agendas, minutes, receipts, disbursements, rosters and a listing of filed complaints. As always, most of the information contained within this report, as well as other relevant applicant and examinee information, is readily accessible 24 hours a day, 7 days a week, via our website at www.wvpebd.org.

In closing, please recognize that the WV State Board of Registration for Professional Engineers continues to strive to provide superior service to the engineering students, the engineering professionals, and the citizens of our great state! Should you have any comments or questions, please do not hesitate to contact our office.

Sincerely,

Lesley L. Rosier-Tabor, P.E.
Executive Director

cc: Earl Ray Tomblin, President of the Senate
Richard Thompson, Speaker of the House of Delegates
Darrell Holmes, Clerk of the Senate
Gregory M. Gray, Clerk of the House of Delegates
Natalie E. Tennant, Secretary of State
DeAnnia Spelock, Resources Manager of Legislative Library
Joe Gieger, Interim Director of Archives and History
Lanette Anderson, Secretary of the WV Licensing Board Association

REGISTRATION SUMMARY

REGISTRATION REPORTING SUMMARY

July 1, 2007 – June 30, 2008

Individuals *

New Professional Engineer Registrations Granted (by exam or comity) = 463

Active Professional Engineers (new by exam or comity + renewals) = 6643

Retired Professional Engineers = 267

Companies *

Certificates of Authorizations Granted to Companies (by application or renewal) = 2253

July 1, 2008 – June 30, 2009

Individuals **

New Professional Engineer Registrations Granted (by exam or comity) = 473

Active Professional Engineers (new by exam or comity + renewals) = 6853

Retired Professional Engineers = 268

Companies **

Certificates of Authorizations Granted to Companies (by application or renewal) = 2326

* *Active, Retired, and COA numbers reported reflect Roster values after the end of the FY 2008 renewal (per query 11/17/2008). New PE Registrations granted calculated through July 1, 2008.*

** *Active, Retired, and COA numbers reported reflect Roster values after the end of the FY 2009 renewal (per query 11/2/2009). New PE Registrations granted calculated through July 1, 2009.*

RECEIPTS & DISBURSEMENTS

All revenue utilized by the WV State Board of Registration for Professional Engineers is generated by the fees outlined below.

FEES	
ENGINEERING INTERN	
Application Fee	\$25.00
Examination Fee - As charged by NCEES	Currently \$55.00
TOTAL COST to sit for 1st time EI Exam (one check to be included in application package)	\$80.00
Re-application Fee	\$20.00
Re-examination Fee - As charged by NCEES	Currently \$55.00
TOTAL COST to sit for repeat EI Exam (one check to be included in re-apply package)	\$75.00
PROFESSIONAL ENGINEER	
Application Fee	\$80.00
Examination Fee - As charged by NCEES	Currently \$165.00
TOTAL COST to sit for 1st time PE Exam (one check to be included in application package)	\$245.00
Re-application Fee	\$40.00
Re-examination Fee - As charged by NCEES	Currently \$165.00
TOTAL COST to sit for repeat PE Exam (one check to be included in re-apply package)	\$205.00
Certificate Fee	\$25.00
Comity/Reciprocity Application Fee	\$150.00
CERTIFICATE OF AUTHORIZATION	
Application Fee for Sole Proprietor with no employees	\$0.00
Application Fee for Firm with three or fewer Professional Engineers*	\$100.00
Application Fee for Firm with four or more Professional Engineers*	\$150.00
ANNUAL RENEWAL FEE***	
Professional Engineer	\$40.00
Professional Engineer - Retired	\$25.00
COA for Sole Proprietor with no employees	\$0.00
COA for Firm with three or fewer Professional Engineers*	\$50.00
COA for Firm with four or more Professional Engineers*	\$300.00
REINSTATEMENT APPLICATIONS	
Professional Engineer	\$125.00
COA for Sole Proprietor with no employees	\$0.00
COA for Firm with three or fewer Professional Engineers*	\$200.00
COA for Firm with four or more Professional Engineers*	\$600.00
MISCELLANEOUS	
PE or COA Roster**	\$25.00
Replacement Certificates	\$25.00
Return Check Fee	\$25.00

* Regardless of the P.E.'s state of registration or licensure.

** Available for free download on the Board web site.

***Late Fees - A renewal fee (PE, Retired or COA) postmarked after July 1 is considered late, and the Board shall assess the registrant a penalty in the amount of twenty-five percent (25%) of the fee per month of delay for up to 90 days. A renewal postmarked after October 1 will be rejected and returned, and the registration or COA will be void without hearing.

COMPLAINTS FILED

Complaints Filed in FY 2008

July 1, 2007 through June 30, 2008

- Case Number:** C2008-01
Sam I. Deal
Vienna, WV
- Violation:** Practicing engineering in West Virginia without an engineering license and Certificate of Authorization. [§30-13-2 and §30-13-17(a)]
- Resolution:** Final order modified to require surrender of other state's seal. Case closed 7/22/08.
-
- Case Number:** C2008-2
Eric Coberly
Charleston, WV
- Allegation:** Unprofessional conduct. [§30-13-21(a)(11)]
- Resolution:** Complaint dismissed. Case closed 1/3/08.
-
- Case Number:** C2008-3
Michael Lassiter/Vertical Solutions
Holly Springs, NC
- Allegation:** Practicing engineering in West Virginia without an engineering license and Certificate of Authorization. [§30-13-17(a) and §30-13-2]
- Resolution:** Complaint against engineer dismissed. Consent signed by company for COA violation. Civil penalty of \$250 paid. Case closed 3/18/08.
-
- Case Number:** C2008-4
John Riley
Winston-Salem, NC
- Violation:** Providing misinformation to the Board. [§30-13-21(a)(12)]
- Resolution:** Consent order signed. Engineering license revoked. Civil penalty of \$500 and administrative costs of \$500 paid. Case closed 9/3/08.
-
- Case Number:** C2008-5
Walt Sebert
Shepherdstown, WV
- Allegation:** Failed to report criminal plea. [§30-13-21(a)(3)]
- Resolution:** Complaint dismissed. Case closed 1/29/08.
-
- Case Number:** C2008-6
Benham C. Mohebbi
Scott Depot, WV
- Allegation:** Advertising engineering services and representing himself as an engineer without being properly licensed. [§30-13-3(e)]
- Resolution:** Complaint dismissed. Case closed 1/29/08.

Case Number: C2008-7
Prater Engineering Services/Timothy Prater
Dublin, OH

Violation: Practicing engineering in West Virginia on an expired engineering license and Certificate of Authorization. [§30-13-2 and §30-13-17(a)]

Resolution: Consent order signed. Civil penalties of \$500 paid. Case closed 2/4/08.

STATE BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS OF WEST VIRGINIA
BOARD MEETING
 Tuesday, July 22, 2008

AGENDA

- **9:00am** Call to Order – **General Session**
- Welcome
- Approval of Minutes..... 1
 - May 20, 2008 Board Meeting
- Budget Review and Expenditure Approval..... 2
 - May – June 2008
 - FY 2008 Year-End Budget Summary and Multi-Year Comparison
- Executive Director’s Report 3
- Motion to enter into **Executive Session**
 - Board Investigator’s Report 4
 - Review / Closure of Pending Cases (see attached list)
 - Personnel Matters
 - Review of Special Cases For Files and/or Applications 5
- Motion to enter into **General Session**
- **1:30 pm** **Hearing C2008-13**
- Discussion Items:
 - NCEES Issues..... 6
 - NCEES Board of Directors – National Update
 - Committee Appointments..... a
 - Model Law Change on Engineering Education – BS + 30..... b
 - Software Engineering Initiative c
 - 2008 NCEES Annual Meeting Plans, Minneapolis, MN – August 12-16, 2008
 - Action Items and Conference Report Review
 - ANSI Standards Review and Ballot d
 - Exam Issues
 - April 2008 Performance Review and Legislative Requests e
 - ELSES Matters f
 - WV State Specific Issues 7
 - Legislative Issues-WV Laws Rules, Regs–submit July 2009 for 2010 Session a
 - Affidavits for Special FE and PE Exam Application Cases..... b
 - BRIM Loss Control, Safety and Risk Management Update c
 - Board Officer Elections
 - Other / Miscellaneous..... d
 - Next Board Meeting – Tuesday, September 16, 2008.....front of notebook
- Adjourn

Comity, Reinstatement and Exam Application - 2

**General Session Minutes
State Board of Registration for Professional Engineers
July 22, 2008**

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, July 22, 2008. Those present for the meeting were:

Leonard J. Timms, Jr.	President
Edward L. Robinson	Vice-President
Richard E. Plymale	Member
William E. Pierson	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:05 a.m.

President Timms asked Mr. Pierson to be acting Board Secretary in the absence of Mr. Saluja.

The Board meeting minutes of May 20, 2008 (both executive and general session) were reviewed. A motion to approve the minutes was made by Mr. Robinson, seconded by Mr. Plymale. Motion carried.

The Board was presented with the FY 2008 year-end budget summary and multi-year comparisons of revenue and expenditures. The Board budget summaries for May and June 2008 were also received and reviewed. A motion to approve the expenditures and purchasing card transactions was made by Mr. Robinson, seconded by Mr. Plymale. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting, in addition to reviewing the office's schedule of upcoming activities. A motion was made by Mr. Robinson, seconded by Mr. Pierson, to approve all planned travel by the Board staff. Motion carried.

The results of the April examination were reviewed. Pass rates were similar to previous exams. Staff informed the Board that the Legislative Auditor's office had recently requested exam pass rates over time as part of a current Research Project. The Board staff provided the requested information to the Legislative Auditor's office for their study. President Timms will check with NCEES to see what additional information can be shared without violating confidentiality agreements.

The Board discussed the WV Tech FE exam preparation class and its effect on pass rates for those who participated. At this point, the data available is too limited to determine the effectiveness of the class.

Concerned about the low pass rates and security issues surrounding the exam, the Board also discussed the exam repeat takers' Educational Plan of Study initiative and the effect on pass rates. Although this initiative is in its infancy, only one individual required to submit the plan of

study to obtain admission to the April 2008 exam passed the exam. The Board requested that Ms. Rosier contact that individual to determine what, if anything, can be learned to improve the pass rates.

In an effort to tighten the requirements for those repeatedly taking the FE and PE exams, and based on the results of the repeat takers success rate outlined above, the Board unanimously voted to take the following action moved by Mr. Plymale, seconded by Mr. Pierson:

- The Board directed staff to check all of those submitting subsequent Plans of Study to ensure they followed their original plan of study prior to granting them admission to the upcoming October 2008 exam. If the exam applicant indicates he/she failed to follow or complete their formerly submitted plan, they will not be granted permission into the October 2008 exam, required to sit out one examination cycle and complete their plan of study before being granted permission to sit for the April 2009 exam. The same review and plan of action should be followed for all subsequent exam administrations.
- Beginning with the April 2009 exam, applicants who have submitted two Plans of Study and are required to submit a third plan will be required to meet with the Board or a committee designated by the Board prior to being granted permission to sit for the upcoming exam.
- Beginning with the acceptance of April 2009 exam applications, any examinee failing the FE or PE exam **three (3)** times or more, regardless of the jurisdiction, will be required to submit an Educational Plan of Study (as opposed to the Board policy established in June 2007 which states failing an exam four (4) or more times).

As a result of the above action, Ms. Rosier will develop new forms, a timeline for implementation and immediate launch efforts to communicate the changes to new applicants. It should be noted that this new policy begins to more closely align the existing requirements with WV Engineering Law of 30-13-15(c) which states "...In the event of a second failure, the examinee may be required to appear before the board to present evidence of having pursued further instruction in deficit areas."

The 2008-2009 PE license and COA renewal continues. Completed registrations exceed previous years at this date. As of July 21, 2008, 413 PEs, 196 COAs and 37 Retired PEs have yet to renew. There have been very few glitches with the WVSTO this year and the number of criticisms or concerns regarding the on-line renewal system has been minimal.

Ms. Hamilton presented the Board with an Attorney General's opinion issued on July 16, 2008 regarding the "Applicability of the Discretionary Salary Increase "Freeze" to the Board of Dental Examiners". Based on this AG opinion, the Board requested that Ms. Rosier review the across-the-board salary increases for 2007 and 2008 and provide a recommendation for any additional changes at the September 2008 Board meeting.

Mr. Pierson moved to enter into executive session, seconded by Mr. Plymale. Motion carried.

A motion was made by Mr. Pierson, seconded by Mr. Robinson, to recess the executive session for a pre-hearing settlement conference with the respondent and his attorney on complaint C2008-13. Motion was seconded by Mr. Robinson and carried.

At the conclusion of the pre-hearing settlement conference, which resulted in a settlement to be set forth in a consent order, the scheduled hearing on complaint C21008-13 was cancelled and the Board returned to executive session.

At the conclusion of the executive session, Mr. Pierson moved to enter into general session with a second by Mr. Plymale. Motion carried and the Board took the following actions:

1. Mr. Robinson moved that complaint C2008-4 be scheduled for hearing at the September 2008 Board meeting, seconded by Mr. Plymale. Motion carried.
2. Mr. Pierson moved that complaint C2008-12 be dismissed and the respondents be cautioned regarding future practices. Motion was seconded by Mr. Plymale and carried.
3. Mr. Plymale moved that complaint C2008-15 be dismissed based on additional information provided by the respondent and further investigation. Motion was seconded by Mr. Pierson and carried. The Board expressed a desire to follow-up with the WV Bureau of Public Health regarding the Board's concern of public health, safety and welfare and the need for public pool designs (except those for single family residences) to be designed and sealed by a licensed professional engineer.
4. Mr. Robinson moved that inquiry I2008-27 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried.
5. Mr. Robinson moved that inquiry I2008-30 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried.
6. Mr. Robinson moved that inquiry I2009-2 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried.
7. Based on a motion by Mr. Pierson, seconded by Mr. Robinson, the Board took the following actions on Board Cases for Board Action:
 - Brendan R. Fisher's Comity application was approved.
 - Gabriel L. Pellegrini's request for reinstatement was held in abeyance until he provides an additional reference.
 - Salam Ahmed Al-Rawry's request to sit for the FE exam was denied until he can obtain an acceptable CPEES evaluation of his foreign degree or completes a Master's Degree in engineering from an ABET-accredited program which would allow the Board to waive the foreign degree evaluation requirement.

President Timms updated the Board on his NCEES activities:

- Issues continue to be raised regarding the implementation of the BS plus 30 initiative.
- A proposal will be submitted at the annual NCEES meeting requesting development of a software engineering examination module.
- NCEES has been approved by ANSI to develop the standard for a certified model law engineer. WV will participate in the review of the standard.
- Mr. Plymale had been appointed to the NCEES Advisory Committee on Council Activities. Mr. Pierson has been appointed to the NCEES Examinations for Professional Engineers Committee. Ms. Rosier had been appointed to the NCEES Computer Based Testing Task Force and the Member Board Administrators Networking Group. Mr.

Timms will continue to serve on the NCEES Board of Directors and, as such, serve as a liaison to multiple committees and task forces.

President Timms discussed the meeting with the WV Land Surveyor's Board. The meeting was held to meet the new Executive Director, improve communications between the Boards and look into developing a memorandum of understanding (and seal brochure) on overlapping practice issues. Greg Smith, President of the Land Surveyor's Board, agreed to discuss the seal brochure proposal with their Board and see if there is interest in pursuing. The WV Surveyors Board is meeting today as well and Mr. Johnson will follow-up with their staff.

The election of officers for 2009 was held. Mr. Timms was re-elected Board President, Mr. Robinson was re-elected Board Vice-President and Mr. Saluja was re-elected Board Secretary.

The Annual NCEES Meeting is scheduled for August 13-16, 2008 in Minneapolis, MN. Planned attendees are President Timms, Mr. Plymale, Ms. Hamilton, Ms. Rosier and Mr. Johnson.

Ms. Rosier reported that ELSEES has increased their examination fee from \$80.00 to \$100.00. ELSEES will also begin requiring candidates to register via their website after being approved by the WV Board to eliminate the data entry and possible multiple conversion errors under the current arrangement. A bright-colored flyer will be included in the registration notices informing the candidates of this change.

The Board discussed the proposed Rule Revisions. It was agreed to start spending one hour in each Board meeting updating the rules for legislative review in 2010.

The Marshall University/WVU Tech agreement on offering a WVU Tech degree at the Marshall campus will be ending prior to Marshall receiving ABET approval. Students graduating in the interim may not be eligible for licensure. The proposed agreement, allowing those students to take the FE exam with the understanding that their exam results may be voided if Marshall doesn't gain accreditation, was revised and approved by the Board. Board staff will work with Marshall faculty to ensure all applicants potentially affected by this change are contacted and required to sign the agreement before proceeding with the exam.

Ms. Rosier reported that the new BRIM Loss Control Questionnaire required that Board members review the Board's safety plan and be aware of the procedures for Loss Controls, Safety and Risk Management. Copies of the policies, plan and supporting documents were provided for members' review.

The next Board meeting will be held on Tuesday, September 16, 2008. The meeting will take place at the PE Board office located at 300 Capitol Street, Charleston, WV.

Upon motion by Mr. Robinson, seconded by Mr. Plymale, the meeting adjourned at 3:15 p.m. The Board members will be compensated one day per diem plus travel expenses.

Comity, Reinstatement and Exam Application - 6

**General Session Minutes
State Board of Registration for Professional Engineers
September 16, 2008**

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, September 16, 2008. Those present for all or part of the meeting were:

Leonard J. Timms, Jr.	President
Edward L. Robinson	Vice-President
Bhajan S. Saluja	Secretary
Richard E. Plymale	Member
William E. Pierson	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel
Nicole Cofer	Legal Counsel

The meeting was called to order at 9:00 a.m.

The Board meeting minutes of July 22, 2008 (both executive and general session) were reviewed. A motion to approve the minutes as amended was made by Mr. Pierson, seconded by Mr. Plymale. Motion carried.

The Board budget summaries for July and August 2008 were also received and reviewed. A motion to approve the expenditures and purchasing card transactions was made by Mr. Robinson, seconded by Mr. Pierson. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting, in addition to reviewing the office's schedule of upcoming activities. A motion was made by Mr. Saluja, seconded by Mr. Plymale, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2008 calendar of events. Motion carried.

The Educational Plan of Study initiative for exam re-takers was discussed in detail. After considering a number of options, it was decided to continue on with the policy adopted at the July 22nd meeting through the April 2009 examination since the affected examinees had already been notified. One minor change noted was that the repeat examinee will meet with a committee of the Board not necessarily the entire Board. The relevant application materials will be revised to reflect the change.

The 2008-2009 PE license and COA renewal continues. Completed registrations exceed previous years at this date. As of September 12, 2008, 194 PEs, 93 COAs and 21 Retired PEs have yet to renew. There have been very few problems with the WVSTO this year and the number of criticisms or concerns regarding the on-line renewal system has been minimal.

Registration for the October FE examination was discussed. With the addition of the Educational Plan of Study initiatives for exam re-takers and changes in the ELSES registration processing requirements made review and registration extremely difficult for staff and examinees to meet the new deadlines. Recognizing the next exam administration will also involve scheduling of the necessary examinee interviews per new Board policy. Ms. Rosier proposed that the FE application submission date be extended from 60 to 90 days prior to the exam to address these problems. This would make the FE and PE exam submission deadlines the same day.

Mr. Robinson moved that the submission deadline for the FE exam application be changed from 60 days to 90 days prior to the exam date effective with the Spring 2009 exam. Staff is directed to publicize the new deadline as soon as possible in ways to provide reasonable notice to potential applicants. Any application received less than 90 days before the exam date will be rejected. The motion was seconded by Mr. Pierson and carried.

RATIONALE: See Rule 7 CSR 1-3.3(b), which requires "at least 90 days" for PE applicants and "at least 60 days" for EI applicants "to allow sufficient time for processing and for securing examinations." Submission only 60 days prior to the FE exam did not allow Board staff sufficient time to process the FE applications. WV Engineering law specifically authorizes the Board to specify the submission deadline. WV is one of only a few states that allow applications to be submitted so close to the exam date, and the new deadline comports with the PE exam deadline of 90 days. Counsel advises that the Board may specify any timeframe that is "at least 60 days prior to the desired FE exam date" and continue to be in compliance with its current rules.

Mr. Pierson moved to enter into executive session, seconded by Mr. Plymale. Motion carried.

At the conclusion of the executive session, Mr. Saluja moved to enter into general session with a second by Mr. Plymale. Motion carried and the Board took the following actions:

1. The Board rescinded the 1999 understanding with the WV Department of Health regarding the design of swimming pools. All swimming pools (with the exception of single-family residential pools) in the future shall be designed and sealed by a WV professional engineer. Staff was directed to notify affected parties.
2. Mr. Robinson moved that complaint C2009-3 be scheduled for hearing at the November 2008 Board meeting, seconded by Mr. Plymale. Motion carried.
3. Mr. Robinson moved that inquiry I2009-4 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried.
4. Mr. Robinson moved that inquiry I2009-6 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.
5. Mr. Saluja moved that inquiry I2009-7 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried.
6. Mr. Pierson moved that inquiry I2009-8 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Robinson and carried.

7. Based on a motion by Mr. Pierson, seconded by Mr. Robinson, the Board took the following actions on Special Cases for Board Action:

- Hong Hong Wei's MSE degree from WVU was accepted and applicant's EI certification was approved.
- Yushun Chen's request to sit for the FE exam was approved.
- Michael A. Spolarich's Educational Plan of Study was accepted and he was approved to sit for the FE exam.
- Daniel J. Duche's request for comity was denied. He has a non-ABET BS degree in surveying.

President Timms updated the Board on his NCEES activities with the following:

- There were no major issues or controversies at the NCEES Annual Meeting. The Western Zone resolution which requested delaying implementation of BS + 30 initiative until all of the questions were answered was replaced by a Southern Zone amendment to address the concerns raised by the Western Zone without stopping the productive work of the BS+30 task force.
- Beginning in 2009 the NCEES Board meeting will be held after all of the Zone meetings are held. The NCEES Board approved funding to send one delegate from each Board to their Zone meeting in an effort to boost attendance and recognizing several smaller states cannot attend due to limited funds.
- NCEES investment policies have been changed to allow for direct investments and to spread the working fund accounts into multiple banks rather than just one.
- The 2009 Northeast Zone Meeting will be held in Norfolk, VA on April 17-19, 2009.
- The 2009 NCEES Annual Meeting will be held in Louisville, KY on August 13-15 2009.

The April 2009 exam results were discussed. Our WV pass rates continue to be disappointingly low. President Timms discussed Idaho's extremely high passage rates with their delegate at the NCEES Annual Meeting. Idaho requires their students to take the exam but they don't have to pass it. However, their results are included on their transcripts.

Ms. Rosier reported on the changes NCEES has implemented requiring exam applicants to register on-line with NCEES for exams. Applicants can only register after this Board has approved them to sit for the exam. This is part of the problem with the timing on FE application submission addressed earlier.

Ms. Rosier will be attending the NCEES MBA Forum being held in Clemson, SC. The trip is being funded by NCEES. NCEES President Henn Rebane had assigned development of the NCEES National Database to the MBA group.

Mr. Saluja has agreed to serve as an observer for the upcoming ABET review at WVUIT scheduled for October 5-7, 2008.

The Board discussed the proposed Rule Revisions. It was agreed to delay work on the Rules Revision until NCEES has completed the Model Rules, which is planned for 2009.

Ms. Rosier reported that the new BRIM insurance policy would provide a small discount for our agency if 90%+ of our employees agreed to participate in the on-line driver training. If less than

80% of our employees participate, a small surcharge would be applied. Ms. Rosier provided the figures to the Board and disseminated the BRIM training instructions to all staff and Board members.

The next Board meeting will be held on Tuesday, November 18, 2008. The meeting will take place at Bluefield State College, 219 Rock Street, Bluefield, WV.

Upon motion by Mr. Pierson, seconded by Mr. Plymale, the meeting adjourned at 2:05 p.m. The Board members will be compensated one day per diem plus travel expenses.

**General Session Minutes
State Board of Registration for Professional Engineers
November 18, 2008**

The State Board of Registration for Professional Engineers met in Dickason Hall on the campus of Bluefield State College, 219 Rock Street, Bluefield, WV on Tuesday, November 18, 2008. Those present for all or part of the meeting were:

Leonard J. Timms, Jr.	President
Edward L. Robinson	Vice-President
Bhajan S. Saluja	Secretary
Richard E. Plymale	Member
William E. Pierson	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel
Nicole Cofer	Legal Counsel

The meeting was called to order at 9:35 a.m.

The Board meeting minutes of September 16, 2008 (both executive and general session) were reviewed. A motion to approve the minutes as amended was made by Mr. Pierson, seconded by Mr. Plymale. Motion carried.

The Board budget summaries for September and October 2008 were also received and reviewed. A motion to approve the expenditures and purchasing card transactions was made by Mr. Pierson, seconded by Mr. Plymale. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting, in addition to reviewing the office's schedule of upcoming activities. A motion was made by Mr. Saluja, seconded by Mr. Plymale, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2008 calendar of events. Travel includes Ms. Rubenstein and Mr. Johnson's attendance at the FARB Meeting in Tampa, Florida. Motion carried.

The October 2008 examinations were discussed. Main topics of discussion included the absenteeism rate and three (3) Morgantown FE applicants not allowed to complete the exam due to being late, one in the morning and two in the afternoon. Ms. Rosier reported that the Board will receive no scores from NCEES regarding the morning examinee and the two afternoon examinee scores will be reported as "Incomplete".

The 2008-2009 PE license and COA renewal season and grace period have ended. A total of 93% renewed successfully on-line. Certified letters of lapsed status were sent to 133 PE's, 20 retired PE's and 69 COA companies for failure to renew. Certified COA revocation/invalidation letters were mailed to 18 companies for one of the following: no EIRC, the EIRC failed to renew, or WC/UC default. They were given 30 days to come into compliance. Certified second (final) 7-day notices were mailed November 17, 2008.

The continuing education and PDH compliance audit is in progress. Audit letters were mailed to 389 PE's on October 8, 2008. Second (final) 7-day notices were mailed to 65 PE's (50 no response and 15 insufficient response) on November 17, 2008. Revocation/invalidation letters for those who fail to respond with acceptable information will go out on December 1, 2008

Ms. Rosier reported on her recent attendance at the Computer Based Testing (CBT) Task Force meeting of NCEES. The primary focus of this meeting was to finalize the Request for Information, which has now been provided to the testing vendors, to assist NCEES in determining if the move to CBT is in the Council's best interest. Ms. Rosier also reported on her attendance of the first Member Board Administrators Forum held at NCEES Headquarters. During the meeting, members of the NCEES staff made presentations on services and products offered by NCEES and the process utilized to develop the NCEES exams and changes that are being implemented in the near future. During the afternoon, there was general discussion concerning problems with proctoring candidates and the need for a system to require future examinees to register with NCEES prior to taking an exam to obtain a unique ID. Additional details will be discussed at the upcoming Board Presidents Assembly in February 2009.

Mr. Pierson moved to enter into executive session, seconded by Mr. Plymale. Motion carried.

The Board recessed the executive session at 10:15 AM to hold an administrative hearing on complaint C2009-3. See record of hearing.

After the conclusion of the hearing, the Executive Session resumed. The Board met with the individual involved in inquiry I2009-9 at his request. At the end of this informal conference, the Board recessed for lunch.

During the luncheon, the Board met with faculty, staff and students of the Bluefield State College engineering technology programs. Several items of interest were discussed with this group, including updates regarding the FE application process, comity issues and the ABET process. After lunch, Ms. Rosier made a presentation on licensure and the examination process to a group of engineering technology students and faculty, followed by a question and answer session.

The executive session resumed at 1:00 pm, immediately following the luncheon meeting. At the conclusion of the executive session, Mr. Saluja moved to enter into general session with a second by Mr. Plymale. Motion carried and the Board took the following actions:

1. Mr. Robinson moved that complaint C2008-14 be amended to add additional charges based on updated information. Mr. Plymale seconded and the motion carried.
2. Mr. Robinson moved that complaint C2008-14 be scheduled for hearing at the January 2009 Board meeting if a Consent Order cannot be negotiated. Mr. Plymale seconded and the motion carried.
3. The Board reaffirmed rescinding the 1999 understanding with the WV Department of Health regarding the design of swimming pools. All swimming pools (with the exception of single-family residential pools) in the future shall be designed and sealed by a WV professional engineer. Staff was directed to notify affected parties.
4. Mr. Pierson moved that complaint C2009-4 be dismissed based on additional information provided by the respondent. Mr. Robinson seconded and the motion carried.

5. Mr. Pierson moved that inquiry I2009-3 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Robinson and carried.
6. The Board directed Ms. Hamilton to draft a letter to the subject of I2009-3 calling for more timely response to the Board's request for information.
7. Mr. Robinson moved to rescind its earlier action on inquiry I2009-8 and not proceed to a Board-initiated complaint based on additional information provided by the respondent prior to the complaint being issued. Motion was seconded by Mr. Pierson and carried.
8. Mr. Plymale moved that inquiry I2009-9 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.
9. The Board directed Ms. Rosier and Ms. Hamilton to draft a response letter to the URS request addressing responsibility associated with assuming the work of another engineering company.
10. Ms. Hamilton reported that the civil action against the respondent in complaint C2004-4 was dismissed without prejudice for failure to effect service of the complaint because the respondent cannot be located. A new action can be filed if he is located.
11. Based on a motion by Mr. Robinson, seconded by Mr. Saluja, the Board took the following actions on Special Cases for Board Action:
 - Per the applicant's request, Charles M. Besjak's comity file was reconsidered and again his application was denied.
 - Christopher B. Cox's request for comity was denied.
 - Rauff H. Mustafa's request for comity was approved.
 - Joseph A. Wright's request for reinstatement was approved.
 - Per NCEES request, the Board maintained the position that the CPEES foreign degree evaluation service must qualify each evaluation, regardless of the country, by continuing to require original transcripts be provided directly by the university.

President Timms updated the Board on his NCEES activities. The Board Presidents Assembly is being held February 20-21, 2009. President Timms and Ms. Rosier will be attending. Board members were encouraged to attend.

Mr. Robinson nominated Mr. Pierson for the Northeast Zone ENNY Award for Mr. Pierson's lengthy and continued service to NCEES and, in particular, the FE Exam committees. Motion was seconded by Mr. Plymale and carried.

The Board directed staff and counsel to keep them apprised of rule-making changes during the upcoming legislative session that may be of interest to the Board.

The Educational Plan of Study initiative for exam re-takers was discussed. President Timms and Ms. Rosier will make the suggested changes to the interview policy so that it will be ready for use in January 2009 for application review for the April 2009 exam.

Mr. Saluja participated as the Board observer in the ABET review at WVUIT on October 5-7, 2008. Feedback from the review was favorable.

The Board reviewed the tentative plans for participation in the 2009 WV EXPO. The Board plans to continue to have an exhibitor booth, to place a one-page ad in the EXPO program to serve as a PDH reporting form, and to conduct a two (2) hour seminar on engineering licensure. The WV Board also plans to integrate into their seminar the additional program co-hosted by the WV Society of Professional Engineers honoring our successful 2008 WV FE and PE examinees. Mr. Robinson made a motion to approve the expenditures for EXPO. Motion was seconded by Mr. Plymale and carried.

A draft of the Board newsletter will be available at the January 2009 meeting. Any articles or other items that the Board wants included in the newsletter need to be received by December 15, 2008.

Ms. Rosier reviewed the 2008 Annual report with the Board. The Board approved the report for submission.

On behalf of the WV Board, Mr. Robinson endorsed the candidacy of President Timms for the NCEES President. The motion was seconded by Mr. Plymale and carried. This is the first step in the election process, as the formal nomination will be made at the Northeast Zone Meeting in Norfolk, VA, in April of 2009. The official election will take place in Louisville, KY at the NCEES Annual meeting in August 2009. Ms. Rosier is to begin the process of preparing the necessary informational brochures and hand outs to support his nomination. These items will be provided to both the NE Zone Members in April as well as the full Council of Member Boards in August.

The next Board meeting will be held on Tuesday January 27, 2009. Ms. Rosier is to confirm with WVU officials that the meeting will take place on the Evansdale Campus in the Andrews Conference Center of the WVU College of Engineering and Mineral Resources Building in Morgantown, WV.

Upon motion by Mr. Pierson, seconded by Mr. Plymale, the meeting adjourned at 4:15 p.m. The Board members will be compensated one day per diem plus travel expenses.

AGENDA

Tuesday, January 27, 2009

- 9:00 am WV State Board of Registration for Professional Engineers Board Meeting
Location: West Virginia University – Evansdale Campus
 Andrews Conference Room – 1st Floor, Room 115
- 12:00 noon Lunch with Deans, Department Chairs and Faculty
- Open Forum – Question and Answer Session
 Potential Topics of Discussion:
 Importance of Licensure for Faculty and Students
 Changes in Application Procedures/Fee Waivers – Faculty Assistance Needed
 Repeat Exam Taker – Code and Policy Implementation
 Exam Security Issues – New Calculator Policies
 Examination Changes – Issues of Interest – RE: Curricula / FE Review Course
 ABET Visits and the Board’s Role
 WVU Student Performance and informal analysis
 Investigation Efforts
- 1:00 pm Resume WV Board of Registration for Professional Engineers Board Meeting
- 5:00 pm Adjourn

**** AVAILABLE UPON REQUEST – Student Groups, Professional Societies, Faculty Classrooms**

- Board Presentation to Students, Faculty and Professional Societies
Topics of Discussion:
Importance of Licensure for Faculty and Students
Application Procedures
FE and PE Examination Overview and Fee Waiver Pilot Project Update
Repeat Exam Taker – Code and Policy Implementation
Exam Security Issues – New Calculator Policies
Open Forum – Question and Answer Session

**General Session Minutes
State Board of Registration for Professional Engineers
January 27, 2009**

The State Board of Registration for Professional Engineers met on the Evansdale Campus in the Andrews Conference Center of the WVU College of Engineering and Mineral Resources Building in Morgantown, WV on January 27, 2009. Those present for all or part of the general session were:

Leonard J. Timms, Jr.	President
Edward L. Robinson	Vice-President
Bhajan S. Saluja	Secretary
Richard E. Plymale	Member
William E. Pierson*	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton*	Legal Counsel
Nicole Cofer	Legal Counsel

*Participated by teleconference for the majority of General Session and all of Executive Session (approximately 10 a.m. to 5 p.m.)

The meeting was called to order at 9:00 a.m.

The Board meeting minutes of the November 18, 2008 (both executive and general session) were reviewed. A motion to approve the minutes was made by Mr. Robinson, seconded by Mr. Plymale. Motion carried.

The Board budget summaries for November and December 2008 were also received and reviewed. A motion to approve the expenditures and purchasing card transactions was made by Mr. Saluja, seconded by Mr. Plymale. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting, in addition to reviewing the office's schedule of upcoming activities. A motion was made by Mr. Robinson, seconded by Mr. Plymale, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2009 calendar of events. Motion carried.

Ms. Rosier discussed the influx of exam requests immediately prior to the Board meeting. As the number of required Educational Plans of Study increase, the Board will likely have to consider a special session to review.

Mr. Robinson moved to enter into executive session at approximately 10:00 am, seconded by Mr. Saluja. Motion carried.

The Board recessed the executive session at 11:45 am for a luncheon meeting with the WVU Engineering Dean Eugene Cilento, along with several members of the engineering faculty, to discuss issues of interest and importance to both groups. Changes in implementation of the fee waiver due to the change in the application deadline were discussed. FE exam review sessions

at various state universities were discussed. The recently approved M-ABET program was discussed but implications are not known at this point. Dean Cilento discussed several items WVU has implemented to improve exam pass rates. The Board encouraged the faculty to call upon them, the Executive Director and/or the Board Investigator for classroom presentation needs regarding licensure and registration. Ms. Rosier updated the faculty on the positive feedback received during her 8am presentation that morning to Dr. Zaniewski's CE Seminar class.

The executive session resumed at 1:15 pm, immediately following the luncheon meeting. At the conclusion of the Executive Session, Mr. Saluja moved to enter into general session with a second by Mr. Plymale. Motion carried and the Board took the following actions:

1. The Hearing on Complaint C2008-14 was continued based on the representation by the respondent that he would enter into a Consent Order authorized by the Board.
2. Mr. Robinson moved that the Findings of Fact and Conclusions of Law on Complaint C2009-3 be approved as amended, which amendments were clerical in nature but for the addition of others to be notified. Motion was seconded by Mr. Plymale and carried.
3. The Board directed counsel to amend Complaint C2009-5 to reflect failure to provide timely information to the Board and if the information requested is not forthcoming before February 15, 2009 to proceed with scheduling a hearing for the March Board meeting.
4. The Board directed counsel to schedule complaint C2009-7 for hearing at the March Board Meeting unless a Consent Order can be negotiated.
5. Mr. Robinson moved that Inquiry I2009-12 be received and filed as a Board initiated complaint. Motion was seconded by Mr. Saluja and carried.
6. The Board authorized hiring an expert witness for I2009-13 to review relevant documents.
7. Based on a motion by Mr. Robinson, seconded by Mr. Pierson, the Board took the following actions on Special Cases for Board Action:
 - Dylan T. Drinkard's FE exam application was approved with one dissention.
 - William R. DeMario's request for comity was approved based on §30-13-12(a)(1).
 - Steve Lehrman, Jr's. request for comity was approved.
 - Richard A. Miller's request for comity was approved effective August 1, 2009.
 - David E. Moore's request for comity was approved effective August 1, 2009.
 - Andrew J. Scott's request for comity was approved.

President Timms updated the Board on his NCEES activities. The Board Presidents Assembly is being held February 20-21, 2009. President Timms and Ms. Rosier will be attending. President Timms is seeking the office of President elect of NCEES. Notices of his candidacy will be mailed to all NE Zone representatives this week. Mr. Timms also discussed the recent receipt of additional requests for endorsement on candidates seeking other NCEES offices (zone and national).

The Board directed staff and counsel to keep them apprised of rule-making changes during the upcoming legislative session that may be of interest to the Board. Mr. Robinson made a motion,

seconded by Mr. Saluja authorizing Board members, staff and counsel to participate in public hearings on proposed revisions to §30-1. Motion carried.

The Board reviewed details of past and current FE and PE review sessions being offered by WVUIT, Fairmont State and WVU, as well as for-profit vendors. The Board will continue to monitor the performance of those exam applicants participating in both formal and informal reviews.

The Educational Plan of Study initiative for exam re-takers was discussed. Two candidates are scheduled to review their plans of study with members of the Board and staff on January 30, 2009.

October exam results were received in late December 2008. FE and PE exam pass rates showed slight improvements but were still well below national averages. Detailed statistical information on the exam results will be provided at the next Board meeting. ELSSES examinee survey comments were reviewed as well.

The FE student fee waiver form is being revised to reflect the change in registration dates. The examinee will now state that he/she is enrolled in a 4-year ABET approved engineering school and has senior status vs. having to get a faculty advisor to approve the form certifying the same information. At the beginning of each academic semester, lists of those requesting the fee waivers will be verified by the various Deans' offices, ensuring each student is currently enrolled in classes, before the examinee will be approved to sit for the exam.

The Board reviewed the tentative plans for the 2009 WV EXPO. The Board is again working with the WV Society of Professional Engineers to honor our successful 2008 WV FE and PE examinees during the planned Board EXPO continuing education presentation tentatively slated for Wednesday, March 25, 2009.

A draft of the Board newsletter was reviewed. The Board discussed including an article from the joint publication of the Kentucky Society of Professional Engineers and the Kentucky Board regarding the quality-based selection process for professional services. The Board chose not to include the article. Only minor editorial changes will be made to the newsletter prior to printing and dissemination in late February.

The 2009 renewal mailer was reviewed. The only recommended changes were to renewal dates and relevant fees.

The next Board meeting will be held on Tuesday March 24, 2009. The meeting will take place at the PE Board office located at 300 Capitol Street, Charleston, WV.

Upon motion by Mr. Saluja, seconded by Mr. Plymale, the meeting adjourned at 5:00 p.m. The Board members will be compensated one day per diem plus travel expenses.

Leonard J. Timms, Jr., P.E.
Board President

General Session Minutes
State Board of Registration for Professional Engineers
March 24, 2009

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, March 24, 2009. Those present for all or part of the meeting were:

Leonard J. Timms, Jr.	President
Edward L. Robinson	Vice-President
Bhajan S. Saluja	Secretary
Richard E. Plymale	Member
William E. Pierson	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel
Nicole Cofer	Legal Counsel

The meeting was called to order at 9:10 a.m.

The Board meeting minutes of the January 27, 2009 (both executive and general session) were reviewed. A motion to approve the minutes was made by Mr. Pierson, seconded by Mr. Plymale. Motion carried.

The Board budget summaries for January and February 2009 were also received and reviewed. A motion to approve the expenditures and purchasing card transactions was made by Mr. Saluja, seconded by Mr. Pierson. Motion carried. Ms. Rosier reported that the P-Card staff indicated their review was approaching completion. The final report is due to be issued in the near future.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting, in addition to reviewing the office's schedule of upcoming activities. A motion was made by Mr. Robinson, seconded by Mr. Plymale, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2009 calendar of events. This included Ms. Rose's and Ms. Smith's attendance at a two-day Access database workshop in Charleston. Motion carried.

Ms. Rosier discussed the application details for the upcoming April exams. Thirty-one educational plans of study were submitted and accepted. Two exam applicants, one for the FE exam and one for the PE exam, had already submitted two educational plans of study over the last year and were unsuccessful so an interview with a committee of the Board was required. Both applicants were accepted for the April 2009 exam immediately following the interviews. A number of applicants did not follow instructions to register for a seat at the exam and the WV Board staff (along with ELSEES staff) worked diligently to contact the exam applicants via phone and email so they could contact ELSEES to get properly registered for the April exam. Observers for the ELSEES administration will be Ms. Rosier and Mrs. Rubenstein for the FE and PE exams in Charleston and President Timms for the FE exam in Morgantown.

A copy of the detailed statistics of the NCEES October 2008 exam results was given to each Board member for review. Pass rates continue to be well below average. Board members were

encouraged to take the notebooks but to return them for additional discussion at the May 2009 Board meeting.

The 2009 newsletter printing is complete and was mailed along with the Personalized Status Report serving as the cover page and address sheet. Over 11,000 copies were disseminated and a number of positive responses have been received regarding the newsletter and content.

President Timms updated the Board on his NCEES activities. The Board Presidents Assembly (BPA) was held February 20-21, 2009. President Timms and Ms. Rosier attended this event. Ms. Rosier participated in discussions regarding Computer Based Testing (CBT) and Member Board Administrators Networking Group activities at both meetings. The CBT effort is cautiously moving forward and the RFI process is now complete. Cost continues to be a major concern.

Several items were covered during the BPA, including NCEES' new marketing plan, NCEES services, foreign degree evaluation issues, continuing education updates, and a variety of other information in preparation for the Zone Meetings. The Northeast Zone meeting is April 16 -18, 2009 in Norfolk, Virginia. Attendance was encouraged. The Annual NCEES Meeting is scheduled for August 12-15, 2009 in Louisville, Kentucky.

The NCEES Washington Accord was discussed at the BPA. It was reported that fifty-six schools are involved in the Accord recognition. However, programs in six of eleven countries using the Washington Accord have been found to not be equivalent to ABET programs. On a few occasions, the Washington Accord signatories have been reviewed in conjunction with a number of other educational factors when determining acceptability for licensure in this state. However, now the WV Board requires the CPEES foreign degree evaluations for new applicants.

Nevada, as well as other states, continue to allow engineers to take the PE exam directly out of school or with less than the four years of experience outlined in the NCEES Model Law. Their license is not issued until they have completed the required experience. Information was presented that shows this practice typically results in reduced pass rates for these examinees.

The BS + 30 initiative has been renamed the "Master's or Equivalent" program reflecting that the organization is leaning toward accepting a master's degree for the equivalent educational requirement. This approach appears to present a clearer and uniform standard to accept when evaluating examinee and comity applications.

Nominations are being received for NCEES officers. Mr. Timms continues to be the only announced candidate for President-Elect at this time. Several other nominee packages for NCEES NE Zone and National offices were reviewed.

Mr. Robinson moved to enter into executive session at approximately 10:00 am, seconded by Mr. Pierson. Motion carried.

At the conclusion of the Executive Session, Mr. Pierson moved to enter into general session with a second by Mr. Saluja. Motion carried and the Board took the following actions:

1. Mr. Robinson moved that complaints C2009-7 and C2009-10 be scheduled for hearing at the May meeting unless they are resolved prior to the notification date. Motion was seconded by Mr. Saluja and carried.

2. The Final Order on complaint C2009-3 was returned as unclaimed by the Post Office. The Board directed Mr. Johnson to have the Final Order delivered by the appropriate service in New Mexico.
3. The Board directed staff to send a letter to the WV Office of Mine Safety, Health and Training regarding complaint C2009-11.
4. Mr. Robinson moved that inquiry I2009-13 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Saluja and carried.
5. Mr. Robinson moved that inquiry I2009-17 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale.
6. Mr. Robinson moved that inquiry I2009-18 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried. President Timms recused and absented during this discussion.
7. Mr. Plymale moved that inquiry I2009-20 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.
8. Mr. Pierson moved that inquiry I2009-21 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Saluja and carried.
9. Mr. Saluja moved that inquiry I2009-22 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.
10. Mr. Robinson moved that inquiry I2009-23 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Saluja and carried.
11. Mr. Robinson moved that inquiry I2009-26 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried.
12. Based on a motion by Mr. Pierson, seconded by Mr. Robinson, the Board took the following actions on Special Cases for Board Action:
 - Pavan K. Puttamraju's request to sit for the PE exam was approved contingent on him completing the application process.
 - Stephen C. Hoffman's request for comity was approved effective October 1, 2009.
 - Jigar R. Shah's request for comity was approved.
 - William J. Sherrer, Jr.'s request for comity was approved effective October 1, 2009.
 - Edward C. Vincent's request for an exemption waiver on required PDH's for 2009 was approved.
13. The Board approved the hiring of a summer employee to assist in the renewal process.

The American Council of Engineering Companies (ACEC) sent a letter to the Board asking that the Board clarify if the WV Division of Highways is required to seal engineering work prepared by them and used for bid solicitation. The Board concurred with the ACEC's position and will draft a letter to the WV DOH addressing the issue.

The Board directed staff and counsel to keep them apprised of rule-making and other legislative matters of interest to the Board.

Preparation for the WV Equipment, Technology and Design Exposition is complete. The EXPO will take place March 25th and 26th. In addition to the annual continuing education session presented by the Board, staff and Board members will assist in the second annual recognition ceremony for those who passed the NCEES Principles and Practice Exam or Fundamentals of Engineering Exam in WV in 2008. This event is sponsored by the WV Society of Professional Engineers and immediately follows the Board's presentation on Wednesday afternoon, March 25, 2009. Board attendance was encouraged.

The Marshall University/WVU Tech agreement on offering a WVU Tech degree at the Marshall campus will be ending prior to Marshall receiving ABET approval. A few inquiries as to whether the Marshall Masters in Engineering program will be recognized by the Board is being addressed by noting that the same circumstances will apply to incoming applications that apply to those in the undergraduate program. A signed statement of understanding addressing the pending ABET-review will be required during the application process for those candidates who fall into this category.

A report from the 2009 FARB meeting was prepared by attendees Mr. Don Johnson and Mrs. Sue Rubenstein for Board review.

The Board reviewed the draft 2009 renewal tri-fold flyer, noting no major changes from the 2008 season. The RFQ will go out early next week and, once printed, renewal notifications will be mailed in mid-May prior to our next Board meeting.

A proposed agenda (topics for discussion) for the June 16, 2009 joint afternoon meeting with the Surveyor's Board was reviewed. A proposed agenda will be sent to the Surveyors Board staff for review and comment during their next Board meeting.

Ms. Rosier reported that at the WV Licensing Board meeting it was noted that the 2009-2010 budget is due May 5, 2009, which is two weeks prior to the next Board meeting. Ms. Rosier will send the budget documents and expenditure schedules via e-mail to the Board members for review and comment.

The next Board meeting will be held on Tuesday May 19, 2009. The meeting will take place at the PE Board office located at 300 Capitol Street, Charleston, WV.

Upon motion by Mr. Pierson, seconded by Mr. Saluja, the meeting adjourned at 4:00 p.m. The Board members will be compensated one day per diem plus travel expenses.

Leonard J. Timms, Jr., P.E.
Board President

Bhajan S. Saluja, P.E.

**General Session Minutes
State Board of Registration for Professional Engineers
May 19, 2009**

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, May 19, 2009. Those present for all or part of the meeting were:

Leonard J. Timms, Jr.	President
Edward L. Robinson	Vice-President
Bhajan S. Saluja	Secretary
Richard E. Plymale	Member
William E. Pierson	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel
Nicole Cofer	Legal Counsel

The meeting was called to order at 9:00 a.m. There were no additions to the agenda.

The Board meeting minutes of the March 24, 2009 (both executive and general session) were reviewed. A motion to approve the minutes with minor amendments was made by Mr. Pierson, seconded by Mr. Plymale. Motion carried.

The Board budget summaries for March and April 2009 were also received and reviewed. A motion to approve the expenditures and purchasing card transactions was made by Mr. Saluja, seconded by Mr. Pierson. Motion carried. Ms. Rosier reported that the P-Card staff indicated their review was complete. The final report is due to be issued in the near future.

The proposed 2009/10 Budget was reviewed. Mr. Robinson moved that the Budget be approved as submitted. The motion was seconded by Mr. Plymale and carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting, in addition to reviewing the office's schedule of upcoming activities. A motion was made by Mr. Robinson, seconded by Mr. Plymale, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2009 calendar of events.

The April exam administrations were reviewed. There were no anomalies. The Board discussed the observation that many of the FE examinees appeared much older than the typical college student age. The Board also reviewed the absentee rates to determine if there was any correlation among those not present for the exam. No apparent relationship was obvious.

The 2009-2010 renewal season will begin on Friday, May 22, 2009 with the mailing of the tri-fold renewal notices and activation of the on-line renewal system. Ms. Rosier presented the Board with a schedule for the next three months as the office will be handling the 9400+ notifications disseminated to PEs, company COAs and Retired PEs.

Mr. Saluja moved to enter into executive session at approximately 9:45 am, seconded by Mr. Pierson. Motion carried.

At the conclusion of the Executive Session, Mr. Robinson moved to enter into general session with a second by Mr. Pierson. Motion carried and the Board took the following actions:

1. The Board approved expenses for discovery on Complaint C2009-5.
2. Mr. Robinson repeated the motion that complaint C2009-10 be scheduled for hearing at the July Board meeting. The motion was seconded by Mr. Pierson and carried.
3. Mr. Robinson recused himself from the discussions relating to Complaint C2009-11. The Board directed Ms. Hamilton to send a letter to the Office of Miners' Health, Safety and Training addressing their misstatement in writing regarding the composition of the mining review panel.
4. Mr. Robinson made a motion to schedule Complaint C2009-12 for hearing at the July meeting. The motion was seconded by Mr. Saluja and carried.
5. Mr. Robinson moved that Complaint C2009-13 be scheduled for hearing. The motion was seconded by Mr. Pierson and carried.
6. The Board directed Ms. Hamilton to amend Complaint C2009-15 to add a count for providing misinformation to the Board in connection with the 2007 renewal application.
7. Mr. Saluja moved that Inquiry I2009-19 be received and filed as a Board-Initiated complaint. Motion was seconded by Mr. Robinson and carried.
8. Mr. Robinson moved that Inquiry I2009-24 be received and filed as a Board-Initiated complaint. Motion was seconded by Mr. Saluja and carried.
9. Mr. Robinson moved that Inquiry I2009-29 be received and filed as a Board-Initiated complaint. Motion was seconded by Mr. Saluja and carried.
10. Mr. Robinson moved that Inquiry I2009-30 be received and filed as a Board-Initiated complaint. Motion was seconded by Mr. Pierson and carried.

The Board reviewed a proposal to create an "expedited licensure in lieu of disciplinary action" The proposal was aimed at addressing the individuals/companies that offer to practice engineering in West Virginia before they apply for licensure or while they are in the process of applying for licensure. The Board thought this conflicted with WV Engineering Law, which prohibits the offering of engineering services without a license.

Ms. Rosier reported that a member of the staff is currently on medical leave for 2-3 weeks due to surgery.

Based on a motion by Mr. Pierson, seconded by Mr. Robinson, the Board took the following actions on Special Cases for Board Action:

1. Peng Chen's request to sit for the PE exam was approved.
2. Peter J. Fanara's request for comity was approved.
3. Earl F. Wadell's request for comity was approved.
4. Brian K. Willis' request for comity was approved.

5. Brast Thomas' verbal request for a partial waiver of his PDH requirements due to extenuating circumstances was approved.

The Board directed staff and counsel to keep them apprised of rule-making and other legislative matters of interest to the Board in the upcoming special session of the legislature.

President Timms updated the Board on his NCEES activities. Three zone meetings have been held with one remaining. No major issues were raised at those meetings. The Southern Zone is going to submit a motion at the Annual Meeting requesting that additional undergraduate courses be added to the engineering curriculum as part of the Master's Degree or equivalent proposal. The combined engineering submittal by Florida A&M and Florida State University won the first Annual NCEES Engineering Award in the amount of \$25,000. There are now three candidates for NCEES treasurer and a fourth is anticipated. President Timms is the only candidate for NCEES President-Elect.

Board attendance at the NCEES Northeast Zone meeting in Norfolk, Virginia was exceptional. President Timms attended along with Board members Mr. Robinson, Mr. Saluja and Dr. Pierson. Staff members Ms. Rosier and Mr. Johnson also attended. Dr. Pierson was recognized at the annual NCEES Awards luncheon for his distinguished service to NCEES.

The Annual NCEES Meeting is scheduled for August 12-15, 2009 in Louisville, Kentucky. Attendance is encouraged. Ms. Rosier will send out reminders and ask for registration confirmations no later than June 26, 2009.

The Washington Accord is no longer being honored by NCEES as their CPEES staff has found many discrepancies and deficiencies when evaluating foreign degrees that fall under this category. NCEES also announced that CPEES will not be evaluating distance learning at this time as there is no defined ABET standard at this time.

The Board is seeing an increase in the number of comity applications. A possible reason for such an increase is due to current economic conditions and many firms seeking work in multiple states. As reported at the NE Zone meeting, four states now require NCEES Council records as a component of the comity application process, stating such a requirement makes for a thorough and uniform review and presentation of qualifications for applicants.

Ms. Rosier reminded the Board that last year ELSEES announced an examination administration fee increase from \$80 to \$100. ELSEES also announced it is no longer a LLC, which is now part of NCEES and a new ELSEES contract for exam administration will be forthcoming.

The NCEES structural exam will become a 16-hour exam beginning in April 2011. WV engineering law will have to be amended to reflect this change. Current WV code currently states an "8-hour" exam for each of the FE and PE exams.

The examination repeat takers notice was reviewed by the Board. Ms. Rosier requested Board members to review the questions for those examinees requiring an interview with the Board. In the April exam there were 8 plans of study and one interview for the PE exam, and there were 31 plans of study and one interview for the FE exam. It is anticipated that this number will continue to increase unless there is a drastic improvement in the WV examinee pass rates.

The Board participated in the 2009 WV Equipment, Technology and Design Exposition. The annual continuing education session was presented by the Board, staff and counsel. The Second Annual recognition ceremony for those who passed the NCEES Principles and Practice

Exam or Fundamentals of Engineering Exam in WV in 2008 was held. This event is sponsored by the WV Society of Professional Engineers. Even though successful examinee attendance was not what both groups had hoped, the Board agreed to continue participation in the recognition ceremony in 2010.

The ABET evaluation for Marshall is scheduled for September 13-15, 2009. Both WVU and WVU Tech (Engineering Technology programs) are scheduled to go through the ABET evaluation this year as well. The dates for those evaluations have not been provided to the Board. Board member participation is encouraged.

The September Board meeting was rescheduled for September 22, 2009 due to the conflict with the Marshall ABET evaluation.

Ms. Rosier has been in contact with Counsel for the House Committee on Government Organization regarding the study to update the WV Engineering Law. The legislative contact indicated this will involve reviewing the board's statute, updating it to current format and updating to current standards of practice. As a start, we have been asked to review practice acts of surrounding states. A total of five WV Boards are being reviewed.

The Surveyors Board was unable to meet in June and discuss practice overlap issues due to their current complaint load. The Surveyors Board did agree to review the list of practice overlap issues with the WV Society of Land Surveyors to gain their input.

The next Board meeting will be held on Tuesday July 21, 2009. The meeting will take place at the PE Board office located at 300 Capitol Street, Charleston, WV.

Upon motion by Mr. Pierson, seconded by Mr. Saluja, the meeting adjourned at 2:30 p.m. The Board members will be compensated one day per diem plus travel expenses.

Message from the Executive Director

Lesley L. Rosier-Tabor, PE

This newsletter marks the start of another new year and the major work cycle begins again

– exam applications, exam administrations, renewals, exam applications, exam administrations and so on. However, in an effort to avoid repeat questions, this year I have decided to focus my article on a question that our staff receives on a routine basis. All too often, when the first response provided to the callers “just isn’t good enough”, the sound of a transferred call is directed my way. And this is what I hear...

“WHY DOES MY COMPANY NEED A CERTIFICATE OF AUTHORIZATION?”

According to the 2007 NCEES Member Board Survey, at least 40 of the 69 jurisdictions that make up the National Council of Examiners for Engineering and Surveying require some form of Board-issued license for business entities to practice engineering or surveying (and in many cases, to even offer to provide engineering or surveying services) within their state. The WV Board is among the nearly 60% of these survey respondents that require an Engineering “firm” to have a Certificate of Authorization (“COA”). A COA is essentially a license for the engineering firm and demonstrates to the public that the company has met minimum qualifications to practice, or at least has the ability to offer, engineering

services in the state and is much like the PE license which demonstrates individuals have met minimum qualifications in education, experience and examination.

Although we receive a number of phone calls and emails questioning the need for a COA, and the topic is often discussed at our NCEES meetings, the most recent edition of the Arkansas Board’s newsletter did a fine job of summarizing the issue stating, “The reason for such a rule is straightforward. Increasingly, businesses are organized as limited liability companies, corporations, limited partnerships, etc. and many have fictitious names as well. As a result, it is at best difficult and most likely impossible to tell whether a firm might be qualified to provide a service based solely on its title or by reviewing its public filings. Requiring firms that provide engineering or surveying services to apply for and obtain a COA prior to providing or offering to provide those services removes any uncertainty.”

In order to obtain the COA, the key requirement of concern to the WV Board is that the company employs at least one PE who is named in direct control or who has personal supervision of the practice and all personnel who act on behalf of the firm in professional matters and is individually licensed as a PE in active and in good standing in WV. This person is referred to as the Engineer In Responsible Charge (EIRC).

A PE who renders occasional, part-time or consulting services to or for a firm may not be designated as being responsible for the professional activities of the firm unless that engineer is an owner or principal of the firm.

For a number of years, there was an “exception” to the COA requirement for a sole proprietor (no employees) operating a business under the exact same name (John Doe, PE). However, the WV Board has recognized those individuals are now in the minority and require any and all entities offering engineering services to follow the same uniform procedure. This change also comports with the requirements enforced by the WV Secretary of State’s Office for any entity requesting a Certificate of Incorporation, Certificate of Authority, and/or business license to provide engineering services in our state. If the entity, sole proprietor or otherwise, includes in their title or among their objectives the words “engineer”, “engineering” or any modification or derivation thereof, the Secretary of State will require a copy of our PE Board-issued COA be filed with the firm’s application for incorporation or registration.

If you have further questions about a COA, please contact the Board Office and ask for Mrs. Vicki Rose who handles COA matters for our agency.

Board Updates

Timms Endorsed by WV Board for NCEES President-Elect

Leonard J. Timms, Jr., PE
Board President

At the November 2008 meeting of the WV Board, current Board President Leonard J. Timms, Jr., PE, officially announced his interest in seeking the office of NCEES

President-Elect. If selected by the Council to serve, Mr. Timms is committing to a three-year appointment to the NCEES

Board of Directors, serving as President-Elect for the first year (2009-2010), followed by President during the second year (2010-2011), and completing the responsibility as Past-President in the third (2011-2012).

During the same November meeting, the WV Board voted unanimously to officially endorse the candidacy of President Timms for this national leadership position. This endorsement marks the first step in the selection process, as all formal nominations will be made during the Northeast Zone Meeting

in Norfolk, VA, in April of 2009 and the official election will take place by the full NCEES Council in Louisville, KY, at the 2009 NCEES Annual Meeting in August.

Mr. Timms was commissioned Northeast Zone Vice-President of NCEES at the organization's 2007 Annual Meeting. As one of four Zone Vice-Presidents, Timms is also serving a two-year term on the NCEES Board of Directors from 2007-2009.

NCEES Committees Make Use of WV Talents

Once a year, the President-Elect of the National Council of Examiners for Engineers and Surveyors (NCEES) solicits help from individuals who are qualified and interested in serving on national committees and task forces. This request is one which needs to be carefully considered, knowing those selected assume a responsibility to attend one or more weekend meetings in the fall and winter months to enable committee work to be completed in early spring, share their findings at the Zone meetings and publish their final reports in the Council's Annual Meeting Report.

Committee members also participate in e-mail correspondence and conference calls and assist with preparation of draft reports. Some committees, such as exam committees, are required to meet several times each year, which requires even greater amounts of dedicated time and effort.

West Virginia Board members and staff recognize the importance of staying involved at the local, state and national level with NCEES, as well as other engineering organizations, and regularly give of their time, energy and knowledge in an effort to create and maintain a licensing system

for engineers that has proven worthy of worldwide emulation. The following is a brief list of current assignments the WV Board and staff have been selected for, tackling some very important issues and providing significant contribution to the Council and the regulation of the profession.

1. Leonard J. Timms, Jr., PE

- NCEES Board of Directors - 2007-2009
- Northeast Zone Vice-President - 2007-2009
- Uniform Procedures and Legislative Guidelines Committee, Board Liaison - 2008-2009
- American National Standards Institute Task Force, Board Liaison - 2008-2009

2. William E. Pierson, PE

- Committee on Examinations for Professional Engineers - 2008-2009
- Fundamentals of Engineering Exam Committee, ongoing
- Selection Committee for NCEES Engineering Award for Connecting Professional Practice and Education, 2008-2009

3. Richard E. Plymale, Jr., PE, PS

- Advisory Committee on Council Activities - 2008-2009

4. Lesley L. Rosier-Tabor, PE

- Computer-Based Testing Task Force - 2007-2009
- Member Board Administrators Networking Group, Northeast Zone Representative - 2005-2009
- Northeast Zone Awards Committee, Chair - 2006-2009

Board Updates (CONTINUED)

The Reins Tighten on Repeat Examinees

As reported in the 2008 Interchange publication of the WV Board, over the past several years, the WV Board has been increasingly concerned with exam security and the declining pass rates of the WV examinees taking the Fundamentals of Engineering (FE) exam as well as the Principles and Practice (PE). This matter remains a regular topic for discussion on Board meeting agendas as Board members and staff anxiously await the release of the upcoming exam scores hoping for a shift in the poor performance.

Effective July 2007, any exam applicant who had experienced four (4) or more unsuccessful attempts at passing the Fundamental of Engineering Exam (FE) or the Principles and Practice Exam (PE) was required to submit documentation of plans to pursue further instruction in deficit areas. This policy decision was made at the July 2007 Board meeting and applied to all FE and PE exam applications submitted for the April 2008 exam. After review of the April 2008 exam results, WV Board members continue to be perplexed by such low pass rates, noting that only 1 of the 25 who submitted their Educational Plan of Study passed on their repeat attempt.

Unfortunately, it appears this problem is not going away as quickly as many had hoped. For this reason, the Board has again tightened the reins on repeat examinees, noting that this is a significant problem that must be addressed. As of July 2008, the West Virginia Board now requires any exam applicant who has failed the Fundamentals of Engineering (FE) exam or Principles and Practice (PE) exam three (3) or more times in West Virginia or elsewhere to prepare and submit an Educational Plan of Study Agreement. The Plan of Study has to be approved by the Board, and subsequently completed by the applicant, before taking the exam for the fourth time. This requirement for the FE and PE exam admission is based on the following code section and is intended to be informational and educational for all parties involved.

West Virginia Code § 30-13-15(c) states:

“A candidate failing one examination may apply for reexamination, which may be granted upon payment of a fee established by the board. In the event of a second failure, the examinee may be required to appear before the board to present evidence of having pursued further instruction in deficit areas.”

The Board requires the exam applicant to develop an individualized Educational Plan of Study that includes specific valid strategies for improving knowledge in deficient areas. If unsuccessful on the fourth exam attempt, the Board requires a review and analysis of the unsuccessful Educational Plan of Study and development of a different or more comprehensive course of action for the fifth exam attempt. Once again, the Plan of Study is to be approved by the Board, and subsequently completed by the applicant, before taking the exam for the fifth time.

As of July 2008, the WV Board required all applicants who have submitted two or more Educational Plans of Study, but were still unsuccessful in passing on their sixth or subsequent attempts, to appear before the Board or a committee of the Board for an interview. The interview committee will be composed of at least one staff member and one Board member. The decision of the committee will be final and reported to the Board. If the exam applicant is unable to appear before the Board at the assigned time on one of two designated days, the exam fees will be forfeited and the exam applicant will be required to re-apply for the next exam session, submitting both a new application and exam fees, and scheduling a new interview.

The following procedure is established as a guide for scheduling the interview: Board staff will post the exam applicant interview dates and locations at least one month prior to the exam application deadline. Exam applicants should check the Board's Website,

and in particular the Calendar of Events page, to ensure they will be available for the interview to avoid forfeiture of any fees. These interview dates will also be provided in the score notification letter to all examinees who receive a failing score in the previous exam administration. Board staff will contact each exam applicant required to appear for an interview immediately after the exam application deadline to schedule an interview. Two days will be set aside for the interviews within two weeks after the exam application deadline. For example, if the deadline is January 23rd, the Board will provide two dates before February 6th for interviews to be conducted. Attempts will be made to accommodate those requiring an interview, and the Board may arrange for two different locations in the State. The interview will take between 20-30 minutes, hence two or three interviews will be scheduled per hour.

Based on a standard set of interview questions, approval criteria have been developed to include, but are not limited to, the following:

- Evidence of completing previously submitted Educational Plans of Study
- Relevance of current exam prep plan to identified deficiencies
- Evidence of what they are willing to do to better prepare themselves
- Board committee confidence in the ability and commitment of the exam applicant to adequately correct deficiencies prior to the exam (formality of current plan, set schedule, desire of candidate, etc)

If you or someone you know is in the situation of sitting for the FE or PE exam for the third (3rd) time or more, details regarding the procedure for documenting your Educational Plan of Study/ Course of Action on the Board-approved form can be found under the Applications/Forms links on our website at www.wvpebd.org.

Professional Issues and Legal Corner

Investigator's Corner

Don Johnson, PE

It has been another busy year; it seems like yesterday I was writing the article for last year's newsletter. My focus continues to be pretty much the same: Certificates of Authorization (COAs), unlicensed practice, and professional development audits. One thing that was a bigger problem this year was providing misinformation to the Board.

Regarding the issues that most often arise with respect to COAs, the Executive Director's message (Page 2) provides some excellent information to answer the common

If the investigation or disciplinary action extends over more than one renewal cycle, you need to report it each year.

question of "Why Does My Company Need a COA?". This article should also help to explain the reason for the question on the renewal form regarding PERSONALLY offering engineering to the public. If you answer "Yes" to this question, if you say you are self-employed or if you list yourself as John Doe, PE, and don't have a COA, then you will most likely be audited. In addition to obtaining a COA or providing documentation that you are not offering engineering to the public in WV, you will have to pass the PDH audit.

Providing misinformation to the Board appears mostly in the failure to accurately report things to the Board like investigation and disciplinary action in another jurisdiction, a criminal conviction, or not providing full disclosure during an investigation. Often the penalty for providing misinformation to the Board is more severe than the penalty for other wrong-doing, as the Board takes this very seriously.

Again this year we had a number of people check the box during renewal that they had been subject to investigation or disciplinary action in another jurisdiction when they had not been. They merely checked the wrong

box. This resulted in a PDH audit and a requirement to provide something in writing about the investigation or disciplinary action.

If you have been the subject of an investigation or disciplinary action during the year before the renewal, you need to indicate that on the renewal form. Investigations need to be reported even if they did **not** result in disciplinary action. If you have something in writing closing the investigation or complaint, attach this to your renewal form. If the investigation or disciplinary action extends over more than one renewal cycle, you need to report it each

year. The Board has initiated complaints against professional engineers who failed to report this information.

The number of registrants using on-line renewal is up from 85% to 93%, but this year a lot of registrants had errors in their Professional Development Hour (PDH) information. Many reported activities that fell outside of the timeframe of the renewal cycle, the PDH's didn't add up, previously reported activities were claimed again, the dates of the activity weren't provided, there was incomplete information about the activity or provider, etc. In such cases, a PDH audit occurred because any such submissions with questionable continuing education are added to those selected at random for verification.

Remember – the best way to avoid a PDH audit is to completely and correctly fill out the form. However, the Board also does some random audits of the PDH information. Several registrants who were audited had difficulty coming up with documentation of their participation in the reported activity. We encourage you to keep a log of activities and a file of your attendance certificates so if you are audited it won't become a major

undertaking. You are required to keep three years of PDH records.

Another item that continues to be a problem is keeping your Board record up to date. We had several people who did not receive the audit because they had moved and not notified the Board. The failure to respond to the audit resulted in their license being invalidated. The other predicament some got into occurred when a company's Engineer in Responsible Charge (EIRC) listed on its COA changed employers but failed to notify our office. Not only will this present problems for the COA holder, but could affect the EIRC's license as well. First, since you are still listed as EIRC, you might wind up explaining your previous employer's actions should a problem arise. Second, and of more concern, you could ultimately be responsible for a company that is not qualified to offer engineering to the public. A PE, as well as the company, has thirty (30) days to notify the Board should a change of EIRC occur.

Remember the offer still stands to have Lesley or me visit your group or office to discuss any aspects of licensure or other related topics of interest. Just give us a call to schedule.

Figure 6.19

Professional Issues and Legal Corner (CONTINUED)

Board Disciplinary Actions

As part of meeting its mission of safeguarding life, health, and property and to promote the public welfare, the WV Board actively enforces the statutes and rules that fall within its jurisdiction. Below is a summary of formal complaints that resulted in disciplinary action during FY 2008-2009 to date. Numerous other investigations were conducted, some resulting in formal complaints which are still pending; some closed because the charges were unsubstantiated or

considered trivial; and some closed after informal corrective action or warning.

The actions below were either a result of a formal hearing resulting in a Board Order or an informal settlement resulting in a Consent Order. These orders are public records. If you are interested in knowing more about the nature of the complaint, you may request a copy of any order pursuant to the State's Freedom of Information Act. All Final Orders are also posted on the Board website for three years.

All civil penalties are made payable to the State of West Virginia and are deposited in the state's general fund. Administrative costs are made payable to the WV PE Board and are retained by the Board to offset costs incurred in the investigation and complaint resolution efforts. Administrative costs may be waived if the complaint is resolved with a minimum of expense, including staff time.

<p>Case Number: C2008-01 Sam I. Deal, Vienna, WV</p> <p>VIOLATION: Practicing engineering in West Virginia without an engineering license and Certificate of Authorization. Civil penalty of \$500 and administrative costs of \$293.15 assessed. Collection pending.</p>

Disclaimer: Every effort has been made to ensure that the following enforcement information is correct; however this information should not be relied upon without verification from the Board office or Website. It should be noted that the names of companies and individuals listed may be similar to the names of parties who have not had enforcement actions taken against them. Should you have any specific questions regarding the disciplinary actions noted above, please contact the Board office.

Updates

The following three pages contain an overview of recent news releases received from the National Council of Examiners for Engineering and Surveying (NCEES) concerning items that may be of interest to our engineering community. Some of these articles may have been adapted to fit the space allocated. For more information on any of these updates, or to review the full News Releases, simply visit the NCEES website at www.ncees.org.

Raising the Bar on Educational Requirements for Engineering Licensure

Prepared By: Jerry Carter, NCEES Executive Director

At the 2008 NCEES Annual Meeting, Council delegates and representatives of many engineering organizations gathered in Minneapolis to help shape the future direction of engineering licensure. One of the major items of discussion was the ongoing initiative to strengthen the education requirements for licensure.

In 2006, NCEES delegates passed a motion to draft Model Law language requiring candidates to complete 30 academic credits beyond an accredited bachelor's degree (or earn a master's degree) as a prerequisite for engineering licensure. Since then, members of the Council have wrestled with the specifics involved in implementing this requirement at the state level. This requirement has gone by several names, most commonly the "bachelor's plus 30." NCEES will now begin referring to this requirement more simply as the **master's or equivalent**. To promote consistency and simplicity, I encourage all of you to do the same.

While the Council is nearly unanimous in its desire to strengthen the education requirements for engineering licensure, many within the organization and throughout the engineering profession have expressed concern with the specifics of the master's or equivalent requirement. This prompted a close examination of the work done by the 2007–08 Bachelor's Plus 30 Task Force, which was charged with investigating potential obstacles to implementing the new requirement. Among the task force motions that passed was a motion to change the date of the requirement's implementation to 2020.

During this year's meeting, people on all sides of this debate were able to take a closer look at the higher education issue during various forums and workshops that took place prior to the business sessions. It was an excellent example of engineers working together to solve complex challenges, and it resulted in a decision by the Council to pass a resolution that calls for NCEES leadership to assign a task force to provide the Council with a written analysis of

- 1) **The potential educational, professional, regulatory, and economic impact of the master's or equivalent; and**
- 2) **Any alternative solutions besides the master's or equivalent that could potentially address the challenge of better preparing engineering licensure candidates to enter the profession.**

As we are still in the beginning stages of responding to this resolution, you can expect more information to come in the future about the specific charges that President Henn Rebane, PE, will assign to the 2008–09 Engineering Education Task Force. On behalf of the entire Council, I applaud your ability to address a potentially delicate issue in such a decisive and efficient manner and look forward to your continued and active involvement.

It should be noted that the WV Board is generally in favor of increasing educational requirements for engineering licensure in order to continue to protect health, safety and welfare of the public. However, the Board also acknowledges there are a large number of unanswered questions that must be explored prior to implementation. WV PE Board President Leonard Timms, Jr., PE, currently serves as the Northeast Zone Vice-President and a member of the NCEES Board of Directors. In his Board capacity, he is the appointed Board Liaison to the Uniform Procedures and Legislative Guidelines Committee and, therefore, remains intimately involved in the decisions that will affect the future of engineering education as it pertains to licensure.

NCEES is a national nonprofit organization composed of engineering and surveying licensing boards representing all U.S. states, territories, and the District of Columbia. An accredited standards developer with the American National Standards Institute, NCEES develops, scores, and administers the examinations used for engineering and surveying licensure throughout the United States. NCEES also provides services facilitating professional mobility for licensed engineers and surveyors. Its headquarters is located in Clemson, S.C.

Updates (CONTINUED)

NCEES Introduces Online Practice FE Exam

The National Council of Examiners for Engineering and Surveying (NCEES) introduces the FE Online Practice Exam, an online, timed practice exam designed to help examinees evaluate their readiness for the Fundamentals of Engineering (FE) examination. The online practice exam includes questions that have been used on actual FE examinations and provides valuable information about the FE exam format, style, and level of difficulty.

The FE online exam includes 90 total questions. The first 60 questions are drawn from all 12 topics covered during the morning session of the FE examination. These questions are the same for all disciplines. The last 30 questions address one of the following disciplines offered during the afternoon session of the FE examination: chemical, civil, electrical, environmental, general, industrial, and mechanical.

Each online practice exam contains half the number of questions on the actual examination. Two hours are provided to complete the first 60 questions and two hours to complete the last 30 questions. Questions can be worked through to completion or stored for later use.

Immediate detailed feedback is provided about performance once each set of questions is submitted. The online practice exam is accessible for one year from the date of purchase.

NCEES Unveils New Award for College Engineering Programs

Engineering programs from colleges across the country now have the opportunity to compete for a \$25,000 award sponsored by the National Council of Examiners for Engineering and Surveying.

The NCEES Engineering Award for Connecting Professional Practice and Education will be awarded for the project that best demonstrates a meaningful partnership between professional engineers and students.

All EAC/ABET-accredited programs are encouraged to submit entries featuring such collaboration. Submissions could include projects or activities such as field opportunities for students, practice-oriented course design, or collaborative projects partnering students and local engineering firms. To be eligible for the 2009 award, projects must be in progress or complete by December 31, 2008.

Entries will be judged by a jury of engineering deans, NCEES members, and representatives from the National Society of Professional

Engineers, the American Society for Engineering Education, the National Academy of Engineering, and ABET, Inc.

The jury, which includes WV Board Member Dr. William Pierson, PE, will award a grand prize of \$25,000 and five other awards of \$7,500 dollars each.

The NCEES Engineering Award represents another step in the Council's efforts to promote licensure to engineering students. "We're excited about introducing the NCEES Engineering Award and expect it will be well received by the engineering schools," said NCEES Executive Director Jerry T. Carter. "By funding this award, the Council hopes to promote the development of innovative projects that encourage more students to start on the path to professional licensure."

Detailed information about the award, including a downloadable entry form, is available at www.engineeringaward.com.

NCEES named ANSI Accredited Standards Developer

The National Council of Examiners for Engineering and Surveying (NCEES) has been granted status as an accredited standards developer with the American National Standards Institute (ANSI). As the U.S. representative to the International Organization for Standardization, ANSI oversees the development of standards for various products, services, and processes throughout the United States. Its membership includes more than 100,000 government agencies, corporations, and academic and international bodies.

"This achievement provides NCEES with a recognized quality brand in engineering and surveying serving the built environment, industry, and the federal government," said NCEES Past-President Gene Corley, PhD, PE, SE. The standard specifies the criteria for a Model Law Engineer, defining competency in the practice of engineering and includes specifications for uniformity in requirements for education, experience, and examination for candidates to attain engineering licensure.

The standard provides the recommended procedures and assessment tools necessary for a uniform licensure process of qualifying professional competency in engineering practice to assure public health, safety, and welfare.

NCEES Executive Director Jerry Carter said the recognition will positively impact both NCEES and its constituent Member Boards by opening the door to international recognition of its licensure standards and processes, including its Model Law definitions of professional engineers and surveyors. "The decision to pursue ANSI accreditation was in concert with the Board of Directors' strategic planning. Being an accredited standards developer allows the Council to better emphasize the importance of licensure across the engineering and surveying professions."

An NCEES Record ... Do You Need One?

As long as the possibility exists that you will need to get licensed in at least one additional state, you should consider establishing a NCEES Council Record. To help you determine if being an NCEES Record holder is the right choice for you, the following is a list of excerpts from the Frequently Asked Questions posted on the website of the National Council of Examiners for Engineering and Surveying.

What is the NCEES Records Program?

The NCEES Records Program serves as a verifying agency for an engineer or surveyor who is seeking multiple-jurisdiction licensure by comity. Applicants to the program must already be licensed with at least one licensing board in the United States or its territories. An NCEES record is not established automatically when an engineering and surveying license is granted. The engineer or surveyor must initiate the process by making application to the NCEES.

Through this program, the Council verifies and houses the record holder's file, which contains the college transcripts, licensure and exam information, professional engineer references, and employment verifications. When licensure in additional jurisdictions is needed, a copy of the NCEES Council Record can be transmitted to other licensure authorities with a written release.

Why should I establish a Record?

Establishing an NCEES Record will reduce the time and simplify the paperwork needed to become licensed in multiple jurisdictions. By keeping this information in a single, secure location, professional mobility is made easier.

Who is eligible to establish a Record?

Applicants must already be licensed as a professional engineer or surveyor with at least one licensing board in the United States or its territories.

Does an NCEES Record guarantee licensure?

No. Licensure is a distinctive function of the licensing board. NCEES merely functions as a centralized recordkeeping service for the convenience of the professional who seeks multiple-jurisdiction licensure. The NCEES Record is designed to be a recognized and reliable source of information for review.

Do any licensing boards require an NCEES Record as part of their licensure application process? Kentucky, Massachusetts, and Puerto Rico require a Record as a part of their engineering and surveying comity licensure application process. New Mexico requires a Council Record for engineers pursuing comity licensure. For all other licensing boards in the United States and its territories, you have the option of applying directly to each board.

Requiring a Council Record benefits licensees because NCEES waives the fee for transmitting Records to jurisdictions that require them. Once professional engineers and surveyors have established a Council Record, there is no need to duplicate efforts each time they apply for licensure in other jurisdictions.

Is the NCEES Record recognized by all U.S. jurisdictions? Yes. An NCEES Record

is recognized as verified information by all licensing boards in the United States and its territories. However, a licensing board may not accept all portions of the Record and has the right to request additional information.

Which portions of the NCEES Record does each licensing board accept? All licensing boards will require that the applicant complete at least part of their standard applications, and a few may require additional information to supplement the NCEES Record. For more detailed information, please contact the relevant jurisdiction.

What is the time frame for establishing my NCEES Record? The entire process takes 2–3 months to complete. The time varies according to how quickly your respondents verify your information. You have a year from filing your application to complete the process and establish your NCEES Record.

What are the fees associated with the Records Program?

FORMS	FEES
Record Application	\$150 (standard) \$100 (discounted if you have been a licensed engineer or surveyor for less than a year).
Record Transmittal	\$60 per jurisdiction
Record Renewal	\$25 per year Reinstatement and reactivation of an inactive Record is \$25 per year of inactivity, not to exceed \$125.
Model Law Structural Engineer	\$50 additional review fee

Greater Mobility and Less Paperwork

Although having a Council Record does not guarantee licensure, it is certain to speed up the application process for both the Professional Engineer completing the comity or reinstatement application, as well as the Board staff processing the required paperwork. Get the facts by visiting the NCEES website at www.ncees.org.

2008 WV Licensee Status Report and Audit Outcome

The following is a numerical summary of registered individuals and firms as of January 1, 2009. The results take into account all new licensees as well as those participating in the annual renewal process.

- » Active PEs - 6672
- » Retired PEs - 267
- » Active COAs - 2271

Lapsed Status Summary for 2008 Renewal Season

- » PEs who failed to renew - 133
- » Retired PEs who failed to renew - 20
- » COAs which failed to renew - 69

To view or download a complete roster of the Active PE licenses, Company Certificates of Authorization (COAs), and Retired PEs, simply visit our website. You may also access the online verification search to determine if a particular individual and/or company is authorized to practice or even offer to provide engineering services in WV. However, as noted in the site disclaimer, users should be cautioned that the current search mechanism is only updated every 60-90 days. All submitted address changes, new licensees, as well as any recent action by the Board changing the status of a licensee, will not appear immediately. For specific questions regarding information found (or not found) in your search, please do not hesitate to contact the Board office for the most up-to-date information maintained in our secure, in-house database. Former registrants whose PE licenses or COAs have lapsed, those which were made inactive at the request of the PE or firm, or those suspended for failure to appropriately respond to the continuing education audit must be reinstated prior to practicing or offering to provide engineering services in WV. For complete details, please visit our Website and review the Checklist and Statement of Understanding at www.wvpebd.org/reinstatement.htm for individuals or www.wvpebd.org/companies.htm for companies. All relevant fees can be found at www.wvpebd.org/fees.htm.

Lapsed PE Licenses – the following individuals did not respond to the 2008 Active PE renewal and therefore their licenses lapsed as of September 30, 2008.

Note: Individuals or companies listed in this article may have already begun or completed the reinstatement process to bring a lapsed, inactive or suspended license into good standing. Again, visit our website for details or contact the Board office for the most current information or with any specific questions.

EXPOential Opportunities in 2009

WV Expo 2009 - The 30th Annual WV Construction & Design Exposition
Charleston Civic Center, Charleston, WV
Wednesday, March 25, 2009 and Thursday, March 26, 2009

EXPOential opportunities await you at the WVEXPO 2009 as the upcoming industry-wide show includes something for everyone involved with engineering, surveying and architectural industries as well as construction and utilities. The annual lineup of educational seminars, organizational meetings and over 500 exhibit booths represent an unparalleled learning opportunity for attendees. Approximately 6,000 people from across

the United States came to EXPO 2008 to see new products, talk to knowledgeable exhibitors and attend valuable seminars, most of which offer continuing education credit for little or no cost to participants.

As we have done for the last decade, our agency will serve as one of the indoor exhibitors where Board members and staff will welcome the opportunity to interact and provide valuable licensure information to attendees from the engineering and construction industry. During this two-day event, the WV Board will again present a two-hour seminar focusing on key licensure topics, annual renewal updates, FE and PE exam administration information, enforcement activities, and much more. Each year our crowd grows, and with nearly 120 participants present

for our session last year, we anticipate another record breaking event.

In addition to the wide variety of seminars, EXPO has become a meeting ground for numerous trade associations, founder engineering societies and industry professional groups. If you take on an active leadership role in one or more of these organizational meetings with technical content, you could possibly be afforded additional credit toward your continuing professional competency requirements. If you are interested in learning about new technologies, participating in hands-on demonstrations or talking with industry experts, visit the WV EXPO website for additional details on event hours, pre-registration, exhibitor line up and course offerings at www.wvexpo.com.

WVSPE and the WV PE Board Team Up To Honor Successful Examinees

Immediately following the WV PE Board's 2008 EXPO session on the Centennial Milestone in Engineering Licensure, we joined the West Virginia Society of Professional Engineers in honoring the individuals who passed either the April or October 2007 NCEES Principles and Practice of Engineering Exam or the Fundamentals of Engineering Exam in West Virginia.

Although this joint ceremonial recognition had been discussed a variety of times over the years, we always struggled with the appropriate venue and timing due to the nature of when the exam scores were released and the need to issue the EI and PE certificates as soon as possible. Due to the grand opportunities that the WV EXPO offers to these new professionals, it was decided that this annual gathering in the capitol city was the most appropriate. Not

only would our newest professionals be recognized by our engineering leadership, they would have the opportunity to mingle with other professionals, attend continuing education seminars and learn about some new innovations within the industry.

In early 2008, each of our successful 64 PE examinees and 181 FE examinees received an invitation from the two organizations inviting them to attend the inaugural event as well as the "After Hours Reception" immediately

following. Although only a small number of the 245 eligible examinees were able to participate in this first-of-its-kind recognition ceremony, the event was considered a success! Both President Leonard Timms, Jr., PE (WV PE Board) and President Mark Trimble, PE (WVSPE Board) addressed the group, along with some of the examinees' family members and friends, acknowledging their accomplishments to date and providing a vision for their professional future.

Attention 2008 Successful WV FE and PE Examinees!
Watch your mailbox in February/March for your invitation to join us!

The WV Board again extends their appreciation to the WVSPE Board of Directors, membership and staff for their joint sponsorship of this event. A special thanks to Meredith Gainer for her invaluable assistance and sharing her photographs documenting the event.

Congratulations to Our Successful 2008 PE Examinees

The following is a list of examinees who successfully passed the NCEES Principles and Practice of Engineering Exam in West Virginia during the April and October 2008 exam administrations. The WV PE Board salutes these individuals on their professional accomplishments to date and wishes them continued success in their professional engineering careers.

APRIL 2008 PASS

Robert W. Britton	James S. Hollen III	Ryan D. Rinker
William E. Cotton II	James C. Kerns	Jonathan G. Saunders
Derrick W. Crane	Yoo Jae Kim	Dustin L. Sawyers
Cynthia L. Darlington	Christopher R. Lopez	Christopher R. Sprankle
Linthotage C. Fernando	James A. Lusk	Thomas C. Staats
David E. Gaskin	Denton B. McDerment	William E. Steele III
Matthew J. Griffith	Bryan D. Morris	Brigida F. Van Doornik
Wesley D. Hevener	Rebecca Y. Morris	Elijah K. Wagoner
Jonathan R. Hoffman	Jessie O. Parker, Jr.	

OCTOBER 2008 PASS

Noah B. Accord	Chad A. Griffith	Nathan L. Parks
William S. Anderson	Roy L. Hall, Jr.	Sean P. Rafferty
David R. Bond	Jeffrey W. Hawk	Jonathan M. Rice
Dencil E. Brown, Jr.	Jimmy B. Hudson	Eric N. Stewart
John W. Cole	Nathan W. Hunt	Jeffrey E. Teagarden
Joshua R. Cook	Thomas A. Jones	Corey D. Tharp
Heather N. Dougherty	Ronald D. Lane	Quanxi Wang
Jason R. Esser	Elijah Laramée	Nicolas P. Webb
Stacy A. Fike	Xiaoting Li	Randall S. Whitescarver
Courtney P. Fint	Daniel H. Lipscomb	Stuart A. Williams
Jason B. Freeman	John R. Long	Joseph K. Wissmar
Lora B. Freeman	Willie E. Morgan	

Go On-Line In 2009!

Overwhelming SUCCESS! Over 93% of our WV Licensees Logged On

Beginning in late May 2009, our secure on-line renewal service will once again be available 24 hours a day, 7 days a week. This renewal enhancement has been accepted by our engineering community with open arms. Over 93% of our renewal respondents did so via electronic submission. Professional Engineers (94%), Retired PEs (92%), and companies holding a Certificate of Authorization (93%) enjoyed what some described as “the crème de le crème” of paperless renewal via on-line payment. **Depending on the number of continuing education entries a PE has, and his/her typing speed, our PEs are able to complete the renewal process in 3-10 minutes on average. For company COA holders, the on-line renewal process takes even less.** In addition, if a working email address is provided on the payment page, a confirmation

of your renewal responses and successful payment transaction is emailed back to you in seconds. This email should also serve as your documentation of your carryover hours for the upcoming year.

As described in previous editions of our newsletter, this privilege of e-government and e-commerce is due in large part to the cooperative agreement between the West Virginia State Board of Registration for Professional Engineers and the West Virginia State Treasurer's Office (WVSTO). As we continue to be a remarkable success story of the e-commerce potential the WVSTO has to offer even its small agencies, Boards and commissions, it is important to note this on-going pilot project has been fully supported by the State Treasurer to date and the WV Board

is evermore grateful for these complimentary services. The WV Board staff would once again like to recognize State Treasurer John Perdue along with three outstanding IT gurus on his staff (Matt Ellison, James Doughty and Eric Tolbert) for their invaluable assistance!

As many of you can now attest, all you need is an internet connection, a couple of minutes, and a major credit card. It is that simple!

Save time, save money, save a stamp, RENEW ON-LINE in 2009!

A Work in Progress that is Really Working!

Paper Renewals – Are They Really A Thing Of The Past?

Recall from our newsletter last year, the Board of Registration for Professional Engineers unveiled a 3-year plan in 2007 to continue the progress and smooth transition to a paperless process to reduce costs, minimize paper processing problems, and streamline the immense manual data entry by staff.

In late May 2008, in lieu of an on-line submission, anyone could request a paper renewal form to renew the WV PE license or company Certificate of Authorization. However, if you wanted the paper renewal form to complete by hand, you had to detach the postcard contained in the renewal flyer, complete it in its entirety, and immediately return it to our office. Staff then mailed a paper copy of your renewal form to the address of record. With over 9000 renewals mailed in May 2008, only 6% of our PEs and COA holders requested paper and most of those requests were due to their intent to go to Inactive status, which requires a written signature.

This special request paper renewal processing required a small surcharge (\$5 in 2008, \$10 in 2009) to be paid in addition to the annual renewal fee for the PE or company possessing the COA to offset a portion of the cost incurred by our office and the State of West Virginia to process a paper transaction.

Moving? Changing Jobs?

*Address Changes or
Employment Updates Wanted*

It is the responsibility of the licensee or certificate holder to notify the Board of any change in information previously submitted to the Board, such as name change, change of address or phone numbers, change of employer, or change of PE in responsible charge for a firm. This information should be provided within 30 days of when the change occurs to ensure proper delivery of licensure correspondence and uninterrupted Board service. Please visit the Board's website at www.wvpebd.org to submit your personal changes with a click of your mouse by using the on-line "Change of Address" form.

Calendar of Events - 2009

January	23	FE & PE Application Deadline for April 2009 Exam Administrations
	27	Board Meeting & University Visit, WVU Evansdale Campus, Morgantown, WV
February	15-21	National Engineers E-Week - various Board activities and speaking engagements
	19-21	NCEES Board Presidents Assembly, Atlanta, GA
March	24	Board Meeting, WV PE Board Office, Charleston, WV
	25-26	WV EXPO & Continuing Education Seminars, Charleston Civic Center, Charleston, WV
April	16-18	NCEES Northeast Zone Meeting, Norfolk, VA
	24	PE Exam, Charleston, WV
	25	FE Exams, Morgantown and Charleston, WV
May	19	Board Meeting, WV PE Board Office, Charleston, WV
July	21	Board Meeting, WV PE Board Office, Charleston, WV
	24	FE & PE Application Deadline for October 2009 Exam Administrations
August	12-15	NCEES Annual Meeting, Louisville, KY
September	15	Board Meeting, WV PE Board Office, Charleston, WV
October	23	PE Exam, Charleston, WV
	24	FE Exam, Morgantown and Charleston, WV
November	18	Board Meeting & University Visit, WVU Institute of Technology, Montgomery, WV

RED FLAGS

Watch out for these issues:

- Architectural sheets sealed by an engineer
- Engineering sheets sealed by an architect
- Plans sealed by an unlicensed architect or engineer
- Plans sealed by an engineer of an unauthorized firm (one without a COA)
- Incomplete documents sealed without a disclaimer
- Plans that have not been sealed, signed (dated) by the licensee(s)
- Prototypical, standard plans that do not bear the seal of the WV licensee and disclaimer
- Seals that appear to be cut and pasted
- Contact person is not the licensee or it is difficult to contact the licensee
- Plans, details, letters, reports, etc. do not appear to apply to the project
- Plans have numerous or serious code violations
- Non-dated revisions
- Revisions or changes missing seal, signature (date)
- Plans which do not list the name of the architect or engineer involved and the name of his/her firm

What to do?

- Question the professional as to circumstances and qualifications
- Get the issue corrected
- Reject the documents
- Contact the appropriate licensing board
- File a complaint with the appropriate licensing board

Engineering Addendum:

Are the services of a registered professional engineer required for single family residential structures?

Single family residences do not normally require the design services of professional (structural) engineers except for some large custom-designed homes where the owner requests the services or the spans are too large for typical code-specified framing to work. Generally the only times a structural engineer will become involved in a single family residence are as follows:

- Where there is a problem with the foundation or framing of the house, such as storm damage, soil movements, or unusual deflections and damages in the architectural finishes.
- When an existing house is being sold and the mortgage company is looking for someone to identify and describe the various structural movements and damages that have occurred in the structure, as well as provide some recommendations of what should be done to eliminate the problems.
- When the design of the house involves a structural system which is outside of the typical structural framing and foundation systems specified in the residential building code or when the building code requires engineering services.

Whom may I contact?

West Virginia Board of Architects

West Virginia State Board of Registration
for Professional Engineers

the professional use of seals

Requirements regarding the practice of architecture and engineering in West Virginia

Which type of licensee must prepare and seal plans?

Can architects prepare and seal engineering plans?

Ⓐ Although incidental engineering is allowed, architects generally should not seal electrical, mechanical, plumbing, civil or structural engineering drawings.

Can engineers prepare and seal architectural plans?

Ⓐ Although incidental architecture is allowed engineers should not represent their work as architecture and should not seal drawings identified as architectural.

Are companies employing these licensed professionals required to be registered by their respective Boards prior to providing, or even offering, professional services on projects in WV?

Ⓐ No.

Ⓑ Yes, a valid Certificate of Authorization (COA) must be obtained from the PE Board.

How can one verify that an architect, engineer, or engineering company is currently licensed and eligible to offer professional services in WV?

Ⓐ Both Boards have a website which allows online licensure verification. West Virginia engineers are not licensed by discipline but as professional engineers. Seals shall not reference an engineer's branch or discipline.

Ⓐ Visit www.wvbrdarch.org or call 304-528-5825

Ⓑ Visit www.wvpebd.org or call 304-558-3554

Are there special requirements regarding the seals?

Can a licensee use an electronic seal?

Ⓐ Electronic seals are permitted, but electronic signatures are not permitted. The signature must be an original, handwritten signature.

Ⓑ Electronic seals and signatures are allowed. Facsimile signatures are not allowed.

Can a licensee seal another licensed designer's standard (prototypical) plans?

Ⓐ No, they must be sealed by a West Virginia licensed architect or engineer who is in responsible charge of the preparation of the documents.

Can an individual licensed in another jurisdiction engage in temporary practice before obtaining a license here?

Ⓐ No

Security of seal – can someone else use an individual's seal?

Ⓐ No.

Must professional corporations use corporate seals on plans?

Ⓐ No.

Must the licensee seal, sign and date each sheet of original drawings issued for bidding, permitting or construction?

Ⓐ They must sign and seal the index page. The date is not required.

Ⓑ They must sign, seal and date the first sheet or title sheet of the appropriate sections.

Must the licensee seal, sign and date the index page identifying each set of specifications or technical submissions?

Ⓐ The architect is required to sign and seal all technical work prepared by him/her. No date is required.

Ⓑ The engineer is required to sign, seal and date all technical work prepared by him/her.

What structures may be exempt in the licensing laws from the architect's and engineer's requirements and/or may be prepared by others?

Ⓐ There are limited exemptions in the architect's law to permit a person who is not registered as an architect to design and supervise the erection or alteration of the following:

1. A detached single family dwelling and any incidental sheds, storage buildings and garages;
2. A multifamily residential structure not in excess of three stories excluding any basement area;
3. Farm buildings, including barns, silos, sheds or housing for farm equipment and machinery, livestock, poultry or storage, if such structures are designed to be occupied by no more than ten persons;
4. Any alteration, renovation or remodeling of a building, if such alteration, renovation or remodeling does not affect the structural or other safety features of the building or if the work contemplated by the design does not require the issuance of a permit under any applicable code;
5. Pre-engineered buildings, including mobile classrooms purchased by county school boards, and;
6. A commercial structure which contains not more than 7,600 square feet and is only one story, excluding any basement area.

Ⓑ There are no provisions in West Virginia law for professional engineers to exempt any work.

Plans for oneself?

Ⓐ Not exempt except for aforementioned limitations.

Ⓑ Not exempt.

Plans for changes to previously exempt structures?

Ⓐ Exempt, if finished structure would still qualify for its original exemption.

Ⓑ Not exempt.

Plans for changes to nonexempt structures?

Ⓐ Exempt if changes:

- Do not alter or affect the structural system.
- Do not change access or exit patterns.
- Do not change live or dead loads.

Ⓑ Not exempt.

Plans for alterations or up-fitting of a shell or unfinished structure?

Ⓐ Not exempt.

Shop drawings?

Ⓐ Exempt.

Ⓑ Not exempt.

Are church plans exempt?

Ⓐ No.

What types of documents require a seal?

Must a licensee seal all plans prepared for bidding, permitting or construction?

Ⓐ Yes.

Are specifications required to be sealed?

Ⓐ Yes.

Must a licensee seal plans prepared for exempt projects?

Ⓐ Yes.

Ⓑ Yes. (There are no exemptions in the engineering law.)

Are change orders, technical submissions or drawings accompanying or related to change orders required to be sealed?

Ⓐ Yes, if the changes, technical submissions or drawings were of a type that must be prepared by a licensee.

Are addenda and field changes required to be sealed?

Ⓐ Yes, if the documents, technical submissions or drawings can only be lawfully prepared by a licensee.

Are "record drawings (as builts)" required to be sealed?

Ⓐ Yes, when prepared by the architect or engineer.

What kinds of documents do not require a seal?

Must licensees seal presentation documents (renderings used to communicate conceptual information only) not a part of a set of drawings?

Ⓐ Not required to be sealed or signed.

Can a licensee seal sheets or pages prepared by licensed professional consultants?

Ⓐ Yes, in certain cases where portions of the work were prepared by licensed professionals under the direct supervision of the architect. The architect may also sign or seal those portions of professional work if the architect has reviewed them and coordinated their preparation.

Ⓑ No.

Under what circumstances are licensees limited from sealing certain documents?

Can a licensee seal a professional opinion letter or report concerning whether plans that he/she did not prepare comply with the building code?

Ⓐ Yes.

Can a licensee seal a document that was not prepared by the licensee or under his/her direct control?

Ⓐ No.

Proper seals

Architect and engineer seals properly signed, sealed and dated:

Architect

Engineer

Acceptable disclaimers include:

- Preliminary – Do Not Use for Construction
- Progress Drawings – Do Not Use for Construction
- Final Drawing – For Review Purposes Only

Engineer's Creed

As a professional engineer, I dedicate my professional knowledge and skill to the advancement and betterment of human welfare. I pledge to give the utmost of performance, to participate in none but honest enterprise, to live and work according to the laws of man and the highest standards of professional conduct, to place service before profit, honor and understanding of the profession before personal advantage, and the public welfare above all other considerations. In humility and with need for divine guidance, I make this pledge.

Members of the Board

Leonard J. Timms, Jr., PE
Board President
Bridgeport, West Virginia
Term expires June 30, 2010

Edward L. Robinson, PE, PS
Board Vice President
Cross Lanes, West Virginia
Term expires June 30, 2009

Bhajan S. Saluja, PE
Board Secretary
Charleston, West Virginia
Term expires June 30, 2011

Richard E. Plymale, Jr., PE, PS
Charleston, West Virginia
Term expires June 30, 2012

William E. Pierson, PhD, PE
Scott Depot, West Virginia
Term expires June 30, 2008

Introduction

Laws which prescribe licensure and regulate the practice of professions are enacted under the police powers of this State and are primarily for the protection of the public, which naturally includes the protection of fellow employees whether on public or private property. The Laws, Rules, and Regulations concerning the practice of the profession of engineering, as published herein, are intended for the guidance of public officials whose responsibility affects engineering; for persons who seek licensure to practice professional engineering and for all others that they may be made fully acquainted with the meaning and intent of the Laws, Rules, and Regulations for Professional Engineers.

It is hoped that the information contained herein will be helpful in understanding the substantive and procedural aspects of the Statutory Law and the Rules and Regulations under which the Board endeavors to carry out its responsibilities.

STATUTE AS ENACTED IN 1992,
AS AMENDED BY THE WV STATE LEGISLATURE IN 2004
CHAPTER 30, ARTICLE 13, OF THE WEST VIRGINIA CODE

§30-13-1. Legislative findings; intent.

The Legislature hereby determines the need to regulate the practice of engineering; to provide for the registration of qualified persons as professional engineers and the certification of engineer interns; to define the terms “engineer”, “professional engineer”, “engineer intern” and “practice of engineering”; to create a state board of registration for professional engineers and provide for the appointment and compensation of its members; to fix the term of members of the board and define its powers and duties; to set forth the minimum qualifications and other requirements for registration as an engineer and certification as an engineer intern; to establish registration fees with expiration and renewal requirements; to impose certain duties upon the state and political subdivisions thereof in connection with public works; and to provide for the enforcement of this article and penalties for its violation.

§30-13-2. General provisions.

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is hereby declared to be subject to regulation in the public interest. It is unlawful for any person to practice or to offer to practice engineering in this state, as defined in the provisions of this article, or to use in connection with his or her name or otherwise assume or advertise any title or description tending to convey the impression that he or she is a registered or licensed engineer, unless the person has been duly registered or exempted under the provisions of this article. Engineering is hereby declared a learned profession and its practitioners are held accountable to the state and the public by professional standards in keeping with the ethics and practice of other learned professions in this state. The practice of engineering is a privilege granted by the state.

§30-13-3. Definitions.

Unless the context in which used clearly requires a different meaning as used in this article:

(a) “Board” means the West Virginia state board of registration for professional engineers as provided for in this article.

(b) “Consulting engineer” means a professional engineer whose principal occupation is the independent practice of engineering; whose livelihood is obtained by offering engineering services to the public; who serves clients as an independent fiduciary; who is devoid of public, commercial and product affiliation that might tend to infer a conflict of interest; and who is cognizant of their public and legal responsibilities and is capable of discharging them.

(c) “Engineer” means a person who is qualified to practice engineering by reason of special knowledge and use of the mathematical, physical and engineering sciences and the principles and methods of engineering analysis and design, acquired by engineering education and engineering experience.

(d) “Engineer intern” means a person who has qualified for, taken and has passed an examination in the fundamental engineering subjects, as provided in this article.

(e) “Practice of engineering” means any service or creative work, the adequate performance of which requires engineering education, training and experience in the application of special knowledge of the mathematical, physical and engineering sciences to such services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems; planning the use of land and water; teaching of advanced engineering subjects, engineering surveys and studies; and the review of construction for the purpose of assuring compliance with drawings and specifications any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects and industrial or consumer products or equipment of a mechanical, electrical, hydraulic, pneumatic or thermal nature, insofar as they involve safeguarding life, health or property, and including such other professional services as may be necessary to the planning, progress and completion of any engineering services. Engineering surveys include all survey activities required to support the sound conception, planning, design, construction, maintenance and operation of engineered projects.

Any person who practices any branch of the profession of engineering or who, by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself or herself to be a professional engineer, or by using another title implies that he or she is a professional engineer or that he or she is registered under this article or who holds himself or herself out as able to perform, or who performs any engineering service or work or any other service designated by the practitioner which is recognized as engineering, is considered to practice or offer to practice engineering within the meaning and intent of this article.

(f) “Professional engineer” means a person who has been duly registered or licensed as a professional engineer by the board. The board may designate a professional engineer, on the basis of education, experience and examination, as being licensed in a specific discipline or branch of engineering signifying the area in which the engineer has demonstrated competence.

(g) “Responsible charge” means direct control and personal supervision of engineering work.

(h) “Rules of professional responsibility for professional engineers” means those rules, if any, promulgated by the West Virginia state board of registration for professional engineers as authorized by this article.

§30-13-4. Board of registration for professional engineers; appointment and term.

There is hereby created the board of registration for professional engineers which shall hereafter be referred to as the board. The board shall be composed

of five members appointed by the governor, by and with the consent of the Senate, preferably from a list of names submitted by the West Virginia society of professional engineers. The members of the board shall be qualified and shall meet the requirements of section five of this article. The governor shall present each board member with a certificate of appointment. Each board member shall make and file an oath or affirmation with the secretary of state to faithfully execute the duties of a member of the board. Members of the board shall serve a term of five years. Of the members first appointed, one shall serve a term of one year, one shall serve a term of two years, one shall serve a term of three years, one shall serve a term of four years and one shall serve a term of five years. Members are eligible for reappointment but no member may be appointed for more than three full consecutive terms. Each member shall hold office until the expiration of the term for which appointed or until a successor has been duly appointed and has qualified. In the event of a vacancy on the board due to resignation, death or for any cause resulting in an unexpired term and if not filled within three months by the governor, the board may appoint a member to serve in the vacancy until the governor makes the appointment. Members of the former board whose terms have not expired shall fill the term on this board which corresponds with the length of the unexpired term of that member.

§30-13-5. Board qualifications.

Each member of the board must be a citizen of the United States and a resident of this state. Each member shall have been engaged in the lawful practice of engineering as a professional engineer for at least twelve years; shall have been in responsible charge of engineering projects for at least five years; and shall be a registered professional engineer in this state.

§30-13-6. Compensation and expenses.

Members of the board shall be compensated not to exceed fifty dollars per diem for time spent in actually performing the duties of the board and shall be reimbursed for reasonable and necessary expenses actually incurred in the performance of board related duties.

§30-13-7. Removal of members and vacancies.

The governor may remove any member of the board for misconduct, incompetency, neglect of duty or for any reason prescribed by law for removal of state officials. Vacancies in the membership of the board shall be filled for the unexpired term.

§30-13-8. Organization and meetings.

The board shall hold at least one regular meeting each year. Special meetings may be held as the bylaws of the board provide. Each year the board shall elect the following officers: a president, a vice president and a secretary, who shall serve at the will and pleasure of the board. A quorum of the board shall consist of not less than three professional engineer members.

§30-13-9. Board powers.

(a) The board may adopt and amend bylaws not inconsistent with the constitution and laws of this state. The board may promulgate and shall adopt “rules of professional responsibility for professional engineers”. These rules are binding to any person registered with the board under the provisions of this article. These rules are also applicable to firms holding a certificate of authorization as provided in section seventeen of this article.

(b) The board may subpoena witnesses and compel their attendance and it may also subpoena books, papers, documents or other pertinent data in any disciplinary matters or in any case involving an allegation of a violation of the provisions of this article. The board may apply to the circuit court of Kanawha county to enforce compliance with any subpoena it issues.

(c) The board may seek an injunction in circuit court to enforce the provisions of this article or to restrain a person or entity from violating a provision of this article. In pursuing injunctive relief under this section, the board shall not be required to prove that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation. The members of the board may not be personally liable for any decisions made in good faith in pursuing injunctive relief.

(d) The board may require all applicants for registration to take and successfully pass an examination of their fitness and qualifications to become registered.

(e) The board may require that a registered professional engineer demonstrate continuing professional competency in engineering as a condition of renewal or reregistration.

(f) Board members are exempt from civil liability for any decision made or any act done in good faith in the performance of any duty or the exercise of any power granted under this article.

§30-13-10. Receipt of fees, fund established, disbursements.

There is hereby established within the state treasury a “board of professional engineers fund”. The board shall deposit all fees and other moneys received by the board into the fund. The moneys in the fund shall be used for expenses of the board and shall be requisitioned on the signatures of the president and secretary of the board. The secretary of the board shall annually furnish an accounting of all funds received and expended by the board to the governor and to each house of the Legislature. The board may use the moneys in the fund to employ necessary staff, pay for membership fees to the national council of examiners for engineering and surveying and for any other necessary and reasonable expense of the board: **Provided**, that the board may not issue warrants in excess of moneys in the fund.

§30-13-11. Records and reports.

(a) The board shall keep a record of its proceedings and of all applications for registration. The record shall show: (1) The name, age and last known address of each applicant; (2) the date of application; (3) place of business of such applicant; (4) education, experience and other qualifications; (5) type of examination required; (6) whether or not the applicant was rejected; (7) whether or not a certificate of registration was granted; (8) the date of the action by the board; and (9) such information as may be deemed necessary by the board.

(b) The record of the board is prima facie evidence of the proceedings of the board and a transcript duly certified by the secretary shall be admissible as evidence with the same force and effect as if the original were produced.

(c) On the first day of July of each year, the board shall submit to the governor a report of its transactions of the preceding year and shall transmit to the governor a complete statement of the receipts and expenditures of the board, attested to by affidavits of its chairman and secretary.

(d) Board records and papers of the following class are of a confidential nature and are not public records: Examination material for examinations not yet given, file records of examination problem solutions, letters of inquiry and reference concerning applicants, board inquiry forms concerning applicants, investigation files where any investigation is still pending and all other materials of like confidential nature.

§30-13-12. Roster.

A complete roster with the names and the last known addresses of all registered professional engineers shall be published by the secretary of the board at intervals established by the board. Copies of this roster may be mailed to each person registered and shall be placed on file with the secretary of state and may be distributed or sold to county and city officials and to the public.

§30-13-13. General requirements for registration.

To be eligible for admission to examination for professional engineer or engineer intern, an applicant must be of good character and reputation and he or she shall submit five references along with the application for registration as a professional engineer. Three references shall be from professional engineers having personal knowledge of the engineering experience of the applicant or in the case of an application for certification as an engineer intern. The references shall be from three persons knowledgeable of the applicant's character.

(a) The minimum requirements for qualification for registration as a professional engineer are:

(1) **Registration by comity or endorsement.** — A person holding a certificate of registration to engage in the practice of engineering, issued

by a proper authority of a state or possession of the United States, the District of Columbia or any foreign country, based on requirements that do not conflict with the provisions of this article and were of a standard not lower than that specified in the applicable registration article in effect in this state at the time such certificate was issued, may, upon application, be registered without further examination.

A person holding an active council record with the national council of examiners for engineering and surveying whose qualifications, as evidenced by the council record, meet the requirements of this article may, upon application, be registered without further examination;

(2) **Graduation, experience and examination.** — A graduate of an engineering curriculum of four years or more approved by the board as being of satisfactory standing and with a specific record of an additional four years or more of progressive experience on engineering projects of a grade and a character which indicates to the board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the fundamentals of engineering and, if passed, then shall be admitted to an eight-hour written examination in the principles and practice of engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in West Virginia, provided the applicant is otherwise qualified; and

(3) Engineering teaching. Engineering teaching of advanced subjects and the design of engineering research and projects in a college or university offering an approved engineering curriculum of four years or more may be considered as engineering experience.

(b) The minimum requirements for registration as an engineer intern are:

(1) Graduation from an engineering curriculum of four years or more approved by the board as being of satisfactory standing; and

(2) Satisfactorily passing a written exam, eight hours in duration, covering the fundamentals of engineering.

§30-13-14. Application and registration fee.

Every person seeking to become registered as a professional engineer or seeking to become certified as an engineer intern shall file an application on forms provided by the board. The application shall be made under oath and shall include:

(a) The level of education of the applicant;

(b) A summary of the applicant's technical experience; and

(c) The names and complete mailing addresses of any references. Applicants may not use the names of board members as references.

In lieu of information required on the board's application forms, the board may accept the verified information contained in a valid council record issued by the national council of examiners for engineering and surveying for professional engineer applicants.

The board shall set fees for all applicants for registration and certification by promulgating legislative rules under the provisions of article three, chapter twenty-nine-a of this code.

Fees of unsuccessful applicants and the fees of applicants who have been refused registration or certification for any purpose shall be retained by the board to cover administrative costs.

§30-13-15. Examinations.

(a) The board shall establish examination criteria including the acceptable passing grade.

(b) Written examinations shall be given in two sections and may be taken only after the applicant has met the other minimum requirements and has been approved by the board for admission to the examinations which are as follows:

(1) Engineering fundamentals. — The examination consists of an eight-hour test period on the fundamentals of engineering. Passing this examination qualifies the examinee for an engineer intern certificate, provided the examinee has met all other requirements for certification required by this article; and

(2) Principles and practice of engineering. — The examination consists of an eight-hour test period on applied engineering. Passing this examination qualifies the examinee for registration as a professional engineer, provided the examinee has met the other requirements.

(c) A candidate failing one examination may apply for reexamination, which may be granted upon payment of a fee established by the board. In the event of a second failure, the examinee may be required to appear before the board to present evidence of having pursued further instruction in deficit areas.

(d) The board shall publish in brochure form and shall make available to any person interested in being registered the requirements and specifications of the written examination.

§30-13-16. Certificates and seals.

(a) The board shall issue a certificate of registration to any applicant who, in the opinion of the board, has met the requirements of this article. The certificate of registration shall carry the designation "professional engineer". It shall give the full name of the registrant with their registration number and shall be signed by the chairman and the secretary under the seal of the board. The certificate of registration grants the recipient authority to practice in this state.

(b) An unexpired and unrevoked certificate is prima facie evidence that the person named on it is entitled to all rights, privileges and responsibilities of a professional engineer.

(c) Every registrant shall obtain a seal for use in identifying his or her official professional work. The design of the seal shall be determined by the board and shall bear the registrant's name, registrant's registration number, the legend "registered professional engineer, state of West Virginia" and such other words or figures as the board may prescribe. The seal may be a rubber stamp. Whenever the seal is applied, the registrant's written signature shall be adjacent to or across the seal. No further words or wording are required. A facsimile signature is not acceptable. Whenever presented to a client or any public or governmental agency, the seal, signature and date shall be placed on all specifications, reports, drawings, plans, design information and calculations in accordance with rules promulgated by the board. The seal and signature shall be used by registrants only when the work being stamped was under the registrant's complete direction and control.

In the case of a registrant of another state using a temporary permit issued by this state, the registrant shall use the state of permanent registration seal and shall affix his or her signature and temporary permit number to all work. In the case of a registrant checking the work of an out-of-state registrant, the state registrant shall completely check and have complete dominion and control of the design. The complete dominion and control includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

(d) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this article, an enrollment card as engineer intern, which indicates that his or her name has been recorded in the board office. The engineer intern enrollment card does not authorize the holder to practice as a professional engineer. It is unlawful for a registrant to affix or to permit his or her seal and signature to be affixed to any document after the expiration of his or her certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provisions of this article.

§30-13-17. Authorization certificates.

(a) The practice of or offer to practice engineering by consulting engineers registered under this article, through a firm, corporation, copartnership, joint stock association or private practitioner employing others, referred to hereinafter as a firm, is permitted: **Provided**, that the person in direct control or having personal supervision of the practice and all personnel who act in behalf of the firm in professional matters are registered under this article: **Provided, however**, that the firm has been issued a certificate of authorization by the board.

(b) A firm desiring a certificate of authorization must file with the board an application using a form provided by the board and the firm shall provide all the information required by the board. A form as provided by the board is to be filed with the board with the renewal fee and within thirty days of the time any information contained on the form is changed or differs for any reason. If the

information contained on the form warrants action, the board, in its judgment, may issue a certificate of authorization for the firm to practice engineering and to contract and collect fees for furnishing this service.

(c) No firm shall be relieved of responsibility for the conduct or acts of its agents, employees, officers or partners by reason of its compliance with the provisions of this article. No individual practicing engineering under the provisions of this article shall be relieved of responsibility for engineering services performed by reason of his or her employment or other relationship with a firm holding an authorization certificate.

(d) An engineer who renders occasional, part-time or consulting engineering services to or for a firm may not, for the purposes of this article, be designated as being responsible for the professional activities of the firm unless that engineer is an owner or principal of the firm.

(e) Effective one year from the effective date of this article, the secretary of state shall stop issuing a certificate of incorporation to an applicant or a registrant as a foreign firm to a firm which includes, among the objectives for which it is established, the words engineer, engineering or any modification or derivation thereof unless the board of registration for this profession has issued to the applicant or registrant a certificate of authorization or a letter indicating eligibility to receive the certificate. The certificate or letter from the board shall be filed with the firm's application for incorporation or registration.

(f) Effective one year after the effective date of this article, the secretary of state shall decline to register any trade name or service mark which includes the words engineer, engineering or modifications or derivatives thereof in its firm name or logotype except those firms holding authorization certificates issued under the provisions of this article.

(g) The certificate of authorization may be renewed.

§30-13-18. Expirations and renewals.

Certificates of registration and certificates of authorization for firms expire on the last day of the month of June following issuance and are invalid after that date unless renewed. The secretary of the board shall notify every person registered and every firm holding a certification of authorization under this article of the pending expiration of a certificate of registration or certificate of authorization issued to that person or firm including notice of the fee required to renew the registration or certificate. The notice shall be mailed to the registrant or firm at their last known address at least one month in advance of the date of the expiration. An expired certificate may be renewed under rules promulgated by the board and may require reexamination and the payment of penalty fees.

§30-13-19. Reissuance of certificates.

A new certificate of registration or certificate of authorization to replace any certificate lost, destroyed or mutilated may be issued subject to the

rules of the board. A charge established by rule shall be made for each new certificate.

§30-13-20. Public works.

Government agencies, authorities, officials and employees may not engage in the practice of engineering involving either public or private property unless the provisions of this article are met.

§30-13-21. Disciplinary action—Revocation, suspension, refusal to issue, restore or renew, probation, fine, reprimand.

(a) The board may suspend or revoke or refuse to issue, restore or renew a certificate of registration of, or place on probation, impose a civil penalty or reprimand any professional engineer who has:

(1) Perpetrated any fraud or deceit in obtaining or attempting to obtain or renew a certificate of registration or certificate of authorization;

(2) Been negligent, incompetent or committed an act of misconduct in the practice of engineering;

(3) Been convicted of or has entered a plea of *nolo contendere* to any crime under the laws of the United States or any state or territory thereof, which is a felony whether related to practice or not; and conviction of or entry of a plea of *nolo contendere* to any crime, whether a felony, misdemeanor or otherwise, an essential element of which is dishonesty, or which is directly related to the practice of engineering;

(4) Failed to comply with any of the provisions of this article or any of the rules promulgated under it;

(5) Been disciplined by another state, territory, the District of Columbia, foreign country, the United States government or any other governmental agency, if at least one of the grounds for discipline is the same or substantially equivalent to those grounds for discipline contained in this article;

(6) Failed within thirty days to provide information requested by the board as a result of a formal or informal complaint to the board which would indicate a violation of this article;

(7) Knowingly made false statements or signed false statements, certificates or affidavits to induce payment;

(8) Aided or assisted another person in violating any provision of this article or the rules promulgated;

(9) Violated any terms of probation imposed by the board or using a seal or practicing engineering while the professional engineer's license is suspended, revoked, nonrenewed or inactive;

(10) Signed or affixed the professional engineer's seal or permitted the professional engineer's seal or signature to be affixed to any specifications, reports, drawings, plans, design information, construction documents or calculations or revisions which have not been prepared or completely checked by the professional engineer or under the professional engineer's direct supervision or control;

(11) Engaged in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public;

(12) Provided false testimony or information to the board; and

(13) Been habitually intoxicated or addicted to or by the use of drugs or alcohol.

(b) In addition to any other penalty provided in this article, the board may assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.

(c) The board shall prepare and shall adopt "rules of professional responsibility for professional engineers". The board may revise and amend these "rules of professional responsibility for professional engineers" from time to time and shall notify each registrant in writing of any revisions or amendments.

(d) The board may:

(1) Revoke a certificate of authorization;

(2) Suspend a certificate of authorization of any firm for a period of time not exceeding two years where one or more of its officers or directors of the firm have been found guilty of any conduct which would authorize a revocation or suspension of his or her certificate of registration under the provisions of this article;

(3) Place the person or firm on probation for a period of time and make the person or firm subject to conditions as the board may specify;

(4) Assess a civil penalty and related costs for each count or separate offense in an amount set by the board.

§30-13-22. Disciplinary action — Procedures.

(a) Any person may file a complaint with the board that a person or firm subject to the provisions of this article has committed a fraud, been deceitful, been grossly negligent, incompetent, guilty of misconduct or has violated the "rules of professional responsibility for professional engineers".

(b) All complaints, unless dismissed by the board as unfounded, trivial or unless settled informally, shall be heard by the board within six months after the date each complaint was received by the board.

(c) The board shall fix the time and place for hearings on complaints and a copy of all charges, together with a notice of the time and place of hearing on the complaint the person or firm complained against or mailed to the last known address of the person or firm at least thirty days prior to the hearing. At the hearing, the person or firm shall have the right to appear in person or by counsel, or both, to cross-examine witnesses and to produce evidence and witnesses in his, her or its defense. If the accused person or firm fails or refuses to appear, the board may proceed to hear the complaint and determine the validity of the charges.

(d) If after the hearing a majority of the board votes in favor of sustaining the charges, the board shall reprimand or assess a civil penalty against the person or firm complained against. The board may also suspend, revoke, refuse to issue or refuse to restore or renew an individual's certificate of registration or a firm's certificate of authorization. In addition, the board may place a registrant on probation.

(e) Any person or firm aggrieved by any action of the board in assessing a civil penalty, denying, suspending, refusing to issue, refusing to restore or renew or revoking a certificate of registration or a certificate of authorization, may appeal the board's decision to the circuit court.

(f) Any civil penalty assessed as a result of a hearing shall be paid within fifty days after the decision becomes final.

(g) The board may, upon petition of an individual registrant or firm holding a certificate of authorization, reissue a certificate of registration or authorization, provided that a majority of the members of the board votes in favor of such issuance.

§30-13-23. Criminal offenses.

Any person who practices or offers to practice engineering in this state without being registered in accordance with the provisions of this article, or any person, firm, partnership, organization, association, corporation or other entity using or employing the words engineer, engineering or any modification or derivative thereof in its name or form of business activity except as authorized in this article, or any person presenting or attempting to use the certificate of registration or the seal of another, or any person who gives any false or forged evidence of any kind to the board or to any member thereof in obtaining or attempting to obtain a certificate of registration, or any person who falsely impersonates any other registrant of like or different name, or any person who attempts to use an expired, suspended or revoked or nonexistent certificate of registration, or who practices or offers to practice when not qualified, or any person who falsely claims that he or she is registered or authorized under this article, or any person who violates any of the provisions of this article is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not more than five hundred dollars, or imprisoned in the county jail not more than six months, or both fined and imprisoned.

Any person who commits a second or subsequent offense under this section is guilty of a felony, and, upon conviction thereof, shall be imprisoned in the penitentiary not less than ten nor more than twenty years.

The attorney general may act as legal adviser to the board and render any legal assistance as may be necessary in carrying out the provisions of this article. The board may employ counsel and necessary assistance to aid in the enforcement of this article and the compensation and expenses of the council shall be paid from the funds of the board.

§30-13-24. Exemptions.

This article may not be construed to prevent the practice by:

(a) **Other professions.** — The practice of any other legally recognized profession;

(b) **Temporary permits.** — The practice or offer to practice engineering by a person not a resident of or having no established place of business in this state, provided the person is legally qualified by registration to practice engineering, as defined in this article, in their own state or country. The person shall make application to the board in writing and after payment of a fee established by the board may be granted a written permit for a definite period of time not to exceed one year to do a specific job: **Provided**, that no right to practice engineering shall accrue to the applicant with respect to any other works not set forth in the permit; and

(c) **Employees and subordinates.** — The work of an employee or a subordinate of a person holding a certificate of registration under this article, or an employee of a person practicing lawfully: **Provided**, that the work does not include final engineering designs or decisions and is done under the direct supervision of and verified by a person holding a certificate of registration under this article or a person practicing lawfully. Any regular full-time employee of a person, partnership, corporation or other business entity who is engaged solely and exclusively in performing services for such person, partnership, corporation or other business entity, who is not required by any provision of the law other than this article to be a registered professional engineer and whose services are performed on, or in connection with, property owned or leased by such person, partnership, corporation or other business entity, or in which such person, partnership, corporation or other business entity has an interest, estate or possessory right, and are not offered or made available to the public. This exemption includes the use of job title and personal classification by such person, but no name, title or words may be used which tend to convey the impression that an unlicensed person is offering professional engineering services to the public.

TITLE 7
SERIES 1
**RULES GOVERNING THE WEST VIRGINIA BOARD
OF REGISTRATION FOR PROFESSIONAL ENGINEERS**

§7-1-1. General.

1.1. Scope. - This rule sets forth standards for the regulation and conduct of members, records, applications and examinations. This rule is binding upon persons applying and registered under W.Va. Code §§30-13-1 et seq. and is applicable to individuals or organizations providing engineering services and holding a certificate of authorization.

1.2. Authority. — W.Va. Code §§30-13-9(a), 14, 18, 19, 21.

1.3. Filing Date. — April 19, 2004.

1.4. Effective Date. — July 1, 2004.

1.5. Repeal of Former Rules. — This legislative rule repeals and replaces West Virginia 7CSR1 “Regulations governing The West Virginia Board of Registration for Professional Engineers” filed and effective July 1, 2001.

§7-1-2. Definitions.

2.1. “ABET” means ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

2.2. “ABET/TAC” means the Technology Accreditation Commission of ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

2.3. “Board” means the West Virginia State Board of Registration for Professional Engineers.

2.4. “COA” means Certificate of Authorization, which is a document required and issued in accordance with §7-1-11 of these rules.

2.5. “College/Unit Semester/Quarter Hour” means the credit given for courses in an ABET approved program or other Board-approved courses approved in accordance with §7-1-10 of these rules.

2.6. “Comity Applicant” means a person who is applying to become a registered PE in WV and is currently in possession of a PE registration or certificate of licensure issued by a proper authority of a jurisdiction other than WV.

2.7. “EI” means a certified Engineer Intern, who is a person who has passed the FE examination.

2.8. “Expired” or “expired status” means a registration that was not renewed in a timely manner, and shall include lapsed and inactive status. Lapsed status means expiration without notice to the Board and inactive status means the registrant notified the Board of an intention not to renew.

2.9. “FE” means the Fundamentals of Engineering Examination.

2.10. “Foreign Degree Applicant” means a person applying for certification or registration who received a Baccalaureate degree in Engineering from a foreign institution outside of the United States.

2.11. “Firm” means a firm, corporation, partnership, joint stock association, private practitioner employing others, or sole proprietor employing no one but himself/herself which practices or offers to practice engineering.

2.12. "Fiscal year" means the WV fiscal year, which operates July 1 of the current year through June 30 of the following year.

2.13. "NCEES" means the National Council of Examiners for Engineering and Surveying.

2.14. "PDH" means a Professional Development Hour, which is one contact hour of instruction or presentation designed to keep a professional engineer current in his or her branch/discipline.

2.15. "PE" means a registrant or registered Professional Engineer, who is a person who has passed the PE exam and is an acronym used after an engineer's name to indicate he or she is a registered engineer with the Board.

2.16. "PE exam" means the Principles and Practice of Engineering Examination.

2.17. "Registrant" means a PE.

§7-1-3. EI and PE Applications.

3.1. Types of Applications.

(a) A person applying to the Board for examination and registration as a Professional Engineer shall submit to the Board a completed application on forms prescribed by the Board.

(b) A person applying to the Board for examination and certification as an Engineer Intern shall submit to the Board a completed application on forms prescribed by the Board.

(c) A person applying to the Board for comity or reinstatement as a Professional Engineer shall submit to the Board a completed application on forms prescribed by the Board.

3.2. Criteria for Applications.

(a) The Board shall only consider applications completed in accordance with §7-1-3.4 of these rules.

(b) The Board shall accept applications for EI certification from persons who meet all of the requirements of W.Va. Code §30-13-13. A senior student in a four-year program leading to a baccalaureate degree from a Board-approved curriculum may apply for certification as an EI and may take the FE during his or her senior year.

3.3. Applications Generally.

(a) Form of Applications. Applications shall be completely filled out on forms prescribed and provided by the Board. It is the responsibility of

the applicant to submit to the Board a completed application package as set forth in this section.

(b) **Time of Submission.** In order to allow sufficient time for processing and for securing examinations, all applicants who may require an examination shall file their application with this Board at times specified by the Board. PE applications must be submitted at least 90 days prior to the desired PE exam date. EI applications must be submitted at least 60 days prior to the desired FE exam date. Exam dates will be made available pursuant to §7-1-5.3(a).

(c) **Translations.** All foreign language documentation shall be accompanied by translations certified to be accurate by a competent authority recognized by the Board.

(d) **Submission under Oath.** All applications made to this Board shall be subscribed and sworn to before a Notary Public or other persons qualified to administer oaths on the forms used by the applicant.

(e) **Staff Review of Applications.** The Board staff shall review the submitted application package and shall notify the applicant if the package is not complete as set forth in §7-1-3.4 below. The Board shall not act upon an application until the applicant has submitted a completed application package. Upon such submission, the Board shall act in accordance with §7-1-4.

(f) **Confidentiality of Applications.** References and transcripts received in accordance with §7-1-3 of these rules shall be kept confidential, and the Board shall place all such confidential records regarding the qualifications of an applicant in files that are considered non-public records. The Board shall not divulge the source and character of the information except in special cases when required by law.

(g) **Retention of Applications.** The Board shall make copies of all approved applications which show the name, date of birth, the date of application, education, experience and other qualifications of the applicant, the examination required of the applicant, and the Board granted registration or certification notice. The Board shall store the duplicate copies of these records and one copy shall be stored in fireproof and secure facilities.

3.4. Completed Application Package.

(a) **Definition.** A completed application package shall include the following:

- (1) The requisite education as set forth in §7-1-3.5 of these rules, which education shall be obtained prior to the time of submitting the application, with the exception of EI applicants who may apply for the FE exam during their senior year of college.

(2) The requisite work experience as set forth in §7-1-3.6 of these rules, which experience shall be obtained prior to the time of submitting the application;

(3) The references required in §7-1-3.7 of these rules;

(4) One (1) passport-size photo taken within six (6) months of the date of application;

(5) Such fee(s) as are required in §7-1-13.4 of these rules, including the non-refundable application fee.

(b) The Board shall accept an application for PE registration that includes the documented NCEES Record properly executed and issued with verification by the NCEES in lieu of that portion of the application form prescribed by the Board.

(c) Specific application requirements.

(1) Comity Applicant. In addition to the requirements set forth in this section, comity applicants shall also meet the following requirements:

(A) passage of the FE and PE exam; and

(B) verification of current registration in a jurisdiction where they currently live and/or work.

(2) Foreign Degree Applicants. In addition to the requirements set forth in this section, applicants with degrees from foreign schools shall also meet the requirements set forth in paragraph (c) of subsection 5 of this section.

3.5.Education.

(a) Board-approved curricula. The term “a graduate of a curriculum of four years or more approved by the Board as being of satisfactory standing” used in W.Va. Code §30-13-13(a)(2) is interpreted by this Board to mean a person who has:

(1) a Baccalaureate degree in Engineering from a school whose curricula are accredited by ABET at the time of the awarding of the degree;

(2) a Baccalaureate degree in Engineering Technology from a school whose curricula is accredited by ABET/TAC at the time of the awarding of the degree; or

(3) a Baccalaureate degree in Engineering from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET.

(4) a Baccalaureate degree from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET, in addition to a Master's and/or Ph.D. in Engineering from a school whose under graduate program in that engineering area is accredited by ABET.

(b) Transcripts.

(1) Upon graduation, the applicant shall have transcripts of all college grades mailed directly from the school or college to the Board with the signature of the proper school officer and the embossed seal of the school.

(2) If the degree has been earned prior to application submission, obtaining the official transcript is the responsibility of the applicant and shall be submitted within the completed application package.

(c) Degrees from Foreign Institutions. All applicants with an under graduate degree from a foreign institution shall comply with one of the following:

(1) If an applicant receives only a Baccalaureate degree in Engineering from a foreign institution, he or she shall submit a foreign degree evaluation. An applicant who is required to submit a foreign degree evaluation shall use the Engineering Credentials Evaluation International (ECEI) of ABET or such other evaluation service as may be approved by the Board.

(2) If an applicant receives a Baccalaureate degree in Engineering or related curricula from a foreign institution, and Master's Engineering degree from an institution whose undergraduate program is ABET accredited, the Board may review the applicant's transcripts and waive the need to submit a foreign degree evaluation.

(3) If an applicant receives a Baccalaureate degree from a foreign institution whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET, in addition to a Master's and/or Ph.D. in Engineering from a school whose undergraduate program in that engineering area is accredited by ABET, the Board will not require the applicant to submit a foreign degree evaluation.

3.6. Employment; work experience. Employment and work experience verifications are the responsibility of the applicant and shall be submitted on forms supplied by the Board as part of the completed application package.

(a) Requirements.

(1) Number of Years. A PE applicant who has earned the degree described in §7-1-3.5(a)(1) or §7-1-3.5(a)(3) shall demonstrate that he or she has obtained a minimum of four (4) years of experience satisfactory to the Board. A PE applicant who has earned the degree described in §7-1-3.5(a)(2) shall demonstrate that he or she has obtained a minimum of six(6) years of experience satisfactory to the Board.

(b) Satisfactory Experience.

(1) The applicant's experience on engineering projects shall be broad in scope in his or her branch / discipline and progressive in that it was of increasing quality and required greater responsibility.

(2) The experience shall be under the supervision of a registered Professional Engineer. If not, the applicant shall explain why the Board should consider the experience acceptable.

(3) Upon review of the completed application package, the Board may credit experience based on the following:

(A) Armed Services. Experience gained in the Armed Services shall be of a character equivalent to that which would have been gained in the civilian sector doing similar work. A good indicator of equivalence is that the applicant while in the Armed Services served in an engineering or engineering-related group.

(B) Sales or supervision. For sales experience or construction supervision experience to be satisfactory, the applicant shall prove that engineering principles were required and used while gaining this experience.

(C) Teaching. The Board may classify the teaching of courses in ABET-approved programs as satisfactory experience.

(D) Research. The Board may credit experience gained in the performing of engineering research or projects if the applicant at the time was a member of an engineering faculty or higher at an institution with a Board-approved curricula as defined in §7-1-3.5(a).

(E) Graduate Studies. The Board may credit an applicant who has followed Board-approved curricula as defined in §7-1-3.5(a) with a Master's degree in engineering with one year's experience. If such applicant follows the Master's degree in engineering with a Doctor of Philosophy degree in engineering, the Board may credit the applicant with an additional year of experience. If the Doctor of Philosophy degree is obtained without the Master's degree, the applicant may be credited with two years of experience.

(c) Verifications. The verifications shall include the following:

(1) Time Period. The Board shall consider only the experience an applicant obtains after he or she graduates from a Board-approved curriculum.

(2) Documentation. An applicant shall provide a detailed description of the nature of the work and duties he or she has performed on forms supplied by the Board. The applicant shall account for all employment or work experience for the period of time that has elapsed since graduation from the Board-approved curriculum. If the applicant was not employed or was employed in other kinds of work, he or she should indicate this in the experience record.

3.7. References.

(a) It is the responsibility of the applicant to supply all references on forms supplied by the Board. A PE applicant shall submit references from five individuals, three of whom shall be professional engineers having personal knowledge of the applicant's engineering experience and ability. Also, the applicant should preferably include in the references individuals familiar with the applicant's experience noted in the employment section of the application. An EI applicant shall submit at least three character references.

(b) An applicant may not use a relative or a current Board member as a reference.

(c) An applicant shall provide each individual being used as a reference with the Board-approved reference form. The reference form shall be returned to the applicant in a signed, sealed envelope to be included in the applicant's completed application package.

§7-1-4. Board Actions on Applications.

4.1. This rule sets forth the procedures for the Board actions on applications.

(a) The application must be complete as set forth in §7-1-3.4 of these rules before the Board considers the application.

(b) The Board may approve, defer, or deny an application.

(1) When an application is approved by the Board, it indicates that the applicant has met all the requirements for registration or certification required by the statutes of this state, and the Board shall grant the applicant a registration or certification. The Board shall notify the applicant of the approval.

(2) When an application is deferred by the Board, it indicates that the applicant must take further steps to meet the requirements for registration or certification required by the statutes of this state, and the Board shall retain the deferred application until the applicant submits the additional information required by the Board. The Board shall notify the applicant of the deficiencies.

(3) When an application is denied by the Board, it indicates that the applicant has not met the requirements for registration or certification required by the statutes of this state, and the Board shall retain the denied application for one year and then may dispose of it. The Board shall notify the applicant of the denial.

(4) The Board may refuse to register an applicant who has withheld information, provided statements that are untrue or misrepresented the facts.

(5) Reconsideration of Applications. An applicant may request that the Board reconsider an application that has been denied when the request is based on additional information and/or evidence that could affect the original decision. An applicant shall make the request for reconsideration within one year after the decision was made to deny the original application.

§7-1-5. Examinations.

5.1. Classification of Examinations. The Board shall administer or direct the administration of the following written examinations, prepared and furnished by the NCEES:

(a) The “FE” examination; and

(b) The “PE” examination. The Board shall offer examinations only in those branches/ disciplines of engineering in which examinations are prepared by the NCEES. Examinations in all engineering branches/ disciplines may not be available at both the spring and fall examinations. The Board shall announce the schedule of available examinations.

(c) The Board shall register a successful applicant as a professional engineer without reference to engineering branch/ discipline in either his or her certificate or seal.

5.2. Eligibility of Applicant for an Examination.

(a) A PE applicant may not sit for the PE examination until he or she has passed the FE examination.

(b) An applicant may not sit for the eight (8) hour FE or the eight (8) hour PE examination until the Board has established that the applicant is eligible for the examinations.

(c) An EI applicant is eligible to sit for the FE during his or her senior year in college before obtaining a Baccalaureate degree in a program that has been approved by the Board as noted in §7-1-3.5 of this rule.

(d) An EI applicant enrolled in a four year engineering technology program accredited by the TAC/ABET may sit for the FE examination during his or her senior year and may only be certified as an EI after the applicant has presented evidence of 2 years of work experience in accordance with §7-1-3.6 of this rule.

(e) An applicant who fails to pass an examination or is absent from an exam may sit for further offerings of the examination upon notification and payment of the appropriate fees. Any applicant whose application is less than 2 years old may elect to simply re-apply using the shortened form supplied by the Board. Any applicant whose application is greater than 2 years old shall submit a new, completed application packet as outlined in §7-1-3.4 of this rule.

5.3. Examination Dates and Locations.

(a) Written examinations are offered on dates set by the NCEES. Normally the examinations are offered in April and October of each year. The examination dates are available from the Board or NCEES. Applications shall be submitted pursuant to §7-1-3.3(b).

(b) Locations at which the examinations are given are designated by the Board and are available from the Board Office.

5.4. Language of the Examination. The language used in the examination is English.

5.5. Study Information.

(a) The Board shall not distribute copies of questions used on prior examinations.

(b) The Board will make available NCEES-published specifications for written examinations.

5.6 Instruction for Examinees. Instructions provided prior to each examination shall declare an examination to be open or closed book. Materials permitted in the examination room shall be listed in the instruction information provided to each applicant by the Board upon confirmation of their approval to sit for an exam.

5.7. Fees. Application and examination fees are listed in §7-1-13.4 of this rule. All fees are non-refundable. The Board in accordance with Board policy may waive fees.

5.8. Failure to Attend an Examination.

(a) An applicant who fails to attend an examination for which he or she has been scheduled and the Board has ordered the examination forfeits all fees paid and shall not be eligible for any future fee reduction or waiver.

(b) An applicant who fails to attend an examination for which he or she has been scheduled to attend is not considered by the Board to have failed the examination.

5.8. Examination Offerings.

(a) An applicant for an examination shall be notified by the Board of approval to sit for the examination at least 30 days before the examination date.

5.9. Examination Results.

(a) The Board shall provide written notification to an applicant that he or she passed or failed the examination.

5.10. Examinations in Additional Branches/Disciplines.

(a) Upon payment of the prescribed fees listed in §7-1-13.4 of this rule, a PE currently registered by this Board may sit for examinations in additional branches/disciplines of the PE examination offered by NCEES. The Board shall record the passing of the examination.

(b) If an applicant fails to pass the examination in an additional branch/discipline, he or she retains his or her current registration status.

§7-1-6. Engineering Registration and Certification.

6.1. Classifications of Registration. The Board shall register or certify a qualified applicant under one of the following classifications:

- (a) Professional Engineer;
- (b) Engineer Intern; or
- (c) Professional Engineer-Retired, as defined in §7-1-9.2(e).

6.2. Professional Engineer.

(a) PE Registration Numbers. The Board shall assign each registrant a registration number at the time registration is granted by the Board. Numbers are issued consecutively in the order in which an applicant is granted registration. The Board shall advise the registrant of his or her number.

(b) The Board shall grant an applicant who has met all the requirements of the W.Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE and PE examinations, a certificate of registration to practice engineering in West Virginia.

(c) Certificates of Registration. The Board shall issue a certificate of registration and similar wallet card to an applicant who has met the requirements of this state and who has paid the certificate fee prescribed in §7-1-13.4. The certificate signed by the Board members shall show the registrant's registration number and seal of the Board.

(d) Replacement of Certificate. The registrant shall notify the Board when a certificate of registration is lost, destroyed or mutilated, and, if the registrant is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.3. Engineer Intern.

(a) EI Certification Numbers. The Board shall assign each EI a certification number at the time certification is granted by the Board. Numbers are issued consecutively in the order in which an applicant is granted certification. The Board shall advise the EI of his or her number.

(b) The Board shall grant an applicant who has met all the requirements of the W.Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE examination, a certificate of certification to serve as an EI in West Virginia.

(c) Certificates of Certification. The Board shall issue a certificate of certification and similar wallet card to an applicant who has met the requirements of this state and who has paid all fees. The certificate signed by the Board members shall show the EI's certification number and seal of the Board.

(d) Replacement of Certificate. The EI shall notify the Board when a certificate of certification is lost, destroyed or mutilated, and, if the EI is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.4. Professional Engineer-Retired.

(a) Registration Numbers. The Board shall reserve the original assigned registration number for any PE who elects to convert to Professional Engineer-Retired status. This number will remain on file in the event that the retired engineer should chose to reinstate his or her PE registration in accordance with §7-1-10.10.

(b) Documentation of Retired Status. The Board shall issue an appropriate wallet card to an applicant who has met the require-

ments of this state and who has paid appropriate fees.

(c) Registrants who elects PE-Retired status must retire their seal and certify that they are no longer receiving remuneration from providing professional engineering services.

6.5. Updated Information. It is the EI's or PE's responsibility to notify the Board of any change in information previously submitted to the Board, such as name change, change of address, change of employer, or similar matter requiring current information.

§7-1-7. Seals.

7.1. Seal of the Board. The seal of the Board shall be affixed to each certificate of registration.

7.2. Seal of Registrant. When an applicant is granted registration he or she shall obtain an official seal of the size and design prescribed by the Board. The seal shall contain the following information:

- (a) The words "State of West Virginia";
- (b) The registrant's name;
- (c) The registrant's registration number; and
- (d) The words "Registered Professional Engineer".
- (e) The seal may be a rubber stamp, or one that embosses.
- (f) The seal shall not reference any engineering branch/discipline.

The following is a sample of the suggested format:

OFFICIAL SEAL SAMPLE

7.3. Seal on Documents.

(a) A registrant's seal and signature shall appear on the first or title page of all final and/or record documents of specifications, reports, drawings, plans, design information and calculations presented to a client or any public or government agency to certify that the work was done by the registrant or under the control of the registrant.

(b) The registrant signing and sealing the first or title page of documents shall be the firm's PE in responsible charge as designated on the firm's COA application or the project engineer.

(c) Revisions shall be numbered, dated, initialed, and sealed by the registrant responsible for the revision.

(d) When copies are to be made, the registrant's seal and signature on all originals, tracings or other documents shall be reproducible.

(e) Each registrant is solely responsible for the use of his or her seal.

(f) When an engineer registered in another state has a temporary permit to practice in this state, that engineer shall use his or her seal and affix his or her signature along with a copy of the temporary permit to documents submitted for engineering services performed in this state.

(g) When a registrant of this state examines and verifies the work of an out-of-state registrant, the registrant of this state has complete dominion and control of the design which includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

(h) The Board authorizes the electronic reproduction of a seal when the resulting facsimile meets the specifications of 7-2. The registrant is responsible for the improper use of the seal on work not prepared either by the registrant or under his or her direct supervision.

(i) It is the responsibility of each registrant to report the loss or theft of his or her seal to the Board as soon as practical after the loss or theft.

§7-1-8. Temporary Permits.

8.1. Requirements.

(a) The Board may grant a temporary permit to a person who desires to practice or offer to practice engineering in this state who is not a resident of this state or who has no established place of business in this state, provided that person is legally qualified by registra-

tion in his or her home state or any foreign country and that his or her qualifications for obtaining the permit meet those required for registration under W.Va. Code §30-13-1 et seq.

(b) To obtain a temporary permit, an applicant shall make application to the Board on forms provided by it and pay the fee prescribed in §7-1-13.4 of this rule.

8.2. Length and Scope of Permit. The Board shall grant the permit for a definite length of time not to exceed one year to allow the permittee to do a specific job. Under the permit, the permittee may not practice engineering with respect to any other work not set forth in the permit.

§7-1-9. Expirations, renewals and reinstatements.

9.1. Expiration. PE registrations expire on June 30th of each year and are void without hearing after that date unless renewed in accordance with Subsection 2 below.

9.2. Renewals.

(a) The Board shall annually, during the month of May, mail a renewal notice to the last known address of every person currently registered by the Board. The notice shall indicate the expiration date of the PE registration and the amount of the renewal fee established by the Board.

(b) The renewal form, which shall be completed and include documentation in compliance with Subsections 10 and 12 of this rule, and applicable fee shall be received by the Board on or before June 30th of each year.

(c) Renewals received from July 1st through September 30th shall render the PE registration valid upon payment of the late fees set forth in §7-1-13.5 of these rules.

(d) Any renewal fee postmarked on or after October 1 will be rejected and returned, and the registration will be void without hearing.

(e) A registered professional engineer who has retired from practicing professional engineering may apply for the status of professional engineer-retired, and upon payment of the fee prescribed in §7-1-13.4 of this rule, he or she shall be registered as professional engineer-retired.

9.3. Reinstatement. A former PE desiring to reinstate his or her registration shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

§7-1-10. Continuing Professional Competency.

10.1. As a condition of registration renewal, every registrant shall show evidence that he or she obtained fifteen (15) professional development hours (PDH's) during the previous year.

10.2. Requirements. A registrant may earn PDH's by:

- (a) Successfully completing college courses;
- (b) Evidence of completion of continuing education courses;
- (c) Successfully completing correspondence, televised, videotaped, and other short courses or tutorials;
- (d) Actively participating in seminars, in-house courses, workshops, technical committees of professional engineering organizations, and professional conventions;
- (e) Teaching or instructing in the activities set forth in subdivision (a) through (d) of this subsection if such teaching or instruction is outside of the registrant's regular employment duties or if the registrant can document such teaching activity or instruction was newly developed and presented for the first time; or
- (f) Authoring published papers, articles, or books.

10.3. If a registrant exceeds the annual requirement in any year, he or she may carry a maximum of eight (8) PDH's forward into the subsequent year.

10.4. Units. The conversion of other units of credit to PDH units is as follows:

1 College or unit semester hour	15 PDH's
1 College or unit quarter hour	10 PDH's
1 Continuing Education Unit (CEU)	10 PDH's
1 Hour of professional development in course work, seminars, professional conventions, workshops, technical committee work	1 PDH
1 Hour of teaching professional development in course work, seminars, professional conventions, workshops	2 PDH's
Each published paper or article on engineering subjects	10 PDH's

10.5. Determination of Credit. The Board has final authority with respect to approval of courses, credit, PDH value for courses, and other methods of earning credit. No pre-approval of offerings will be issued. The Board may deny or revoke any renewal upon a determination insufficient or unsatisfactory continuing education.

10.6. Forms. All renewal applications require the completion of a continuing education form specified by the Board outlining PDH credit claimed. The registrant shall supply sufficient detail on the form to permit review for approval, shall certify and sign the continuing education form, and shall submit the form with the renewal form and fee.

10.7. Recordkeeping. Each registrant is responsible for his or her own professional development activities. The registrant shall maintain the records to be used to support credits claimed for professional development activities. Records required include, but are not limited to: 1) a log showing the type of activity claimed, the sponsoring organization, the activity's location and duration, the instructor's or speaker's name, and the PDH credits earned; and 2) attendance verification records in the form of completion certificates, paid receipts or other documents supporting evidence of attendance. These records shall be maintained for three renewal periods. Copies of these records and supporting documentation may be requested by the Board for approval and verification purposes.

10.8. Annual Continuing Education Verification.

(a) Any registrant may be audited, including Board members and staff.

(b) Three to five percent (3-5%) of renewals will be selected at random and contacted by the Board to verify compliance with continuing education claims.

(c) Any renewal forms submitted with questionable continuing education shall be added to those selected at random for verification.

(d) All verification submissions will be analyzed by the Board who may recommend continued registration, deny or revoke based on the renewal or take such enforcement action as may be appropriate.

(e) Those who are denied renewal will be provided a thirty (30) day probationary period in which to acquire the necessary continuing education and submit documentation to the Board. If the registrant fails to submit satisfactory documentation in the given time period, the Board will revoke the PE registration without hearing.

(f) A registrant may bring a registration revoked for insufficient continuing education to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

10.9. Exemptions. A registrant may be exempt from the professional development educational requirements for one of the following reasons:

(a) A new registrant by way of examination or reciprocity is exempt for his or her first renewal period;

(b) A registrant serving on active duty in the armed forces of the United States for a period of time exceeding one hundred twenty (120) consecutive days in a calendar year is exempt from obtaining the professional development hours required during that year;

(c) A registrant experiencing physical disability, illness, or other extenuating circumstances may be exempt subject to review and approval by the Board; the registrant shall furnish supporting documentation to the Board;

(d) Registrants who list their occupation as "Retired" on the Board-approved renewal form and who further certify that they are no longer receiving any remuneration from providing professional engineering services are exempt from the required professional development hours. In the event a retired engineer elects to return to the active practice as a professional engineer, he or she shall comply with the requirements of §7-1-10.11 before returning to active practice.

10.10. Expired Status. A registrant may bring an expired or inactive registration to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

10.11. Retired Status. A registrant may bring a retired registration to active status by obtaining the required PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

§7-1-11. Certificates of Authorization.

11.1. COA certificates required; issuance. A COA is required to practice or offer to practice engineering in WV. The Board shall issue a COA to firms who have met all the requirements of the W.Va. Code §30-13-17 and these rules promulgated under the Code to practice or offer to practice engineering in West Virginia. The certificate signed by the Board President shall show the firm's COA number and seal of the Board.

11.2. Classifications of Authorization. The Board shall certify a qualified firm under one of the following classifications:

(a) Sole Proprietor with no employees who practices or offers to practice engineering for compensation or other tangible benefit or remuneration;

(b) Firm with three or fewer Professional Engineers (regardless of PE's state of registration or licensure); or

(c) Firm with four or more Professional Engineers (regardless of the PE's state of registration or licensure).

11.3. Application and Fees. A firm desiring to obtain a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules. Each application, including renewal and reinstatement, requires a sworn statement from the PE in responsible charge as set forth in §30-13-17.

11.4. Expiration, Renewal and Reinstatement.

(a) Expiration. COA certificates expire on June 30th of each year and are voided without hearing after that date unless renewed in accordance with Subsection (b) below.

(b) Renewals.

(1) The Board shall annually, during the month of May, mail a renewal notice to the last known address of every firm currently holding a COA by the Board. The notice shall indicate the expiration date of the COA certification and the amount of the renewal fee established by the Board.

(2) The completed renewal form and applicable fees shall be received by the Board on or before June 30th of each year.

(c) Renewals received from July 1st through September 30th shall render the COA certification valid upon payment of the late fees set forth in §7-1-13.5 of these rules.

(d) Any renewal fee postmarked on or after October 1 will be rejected and returned, and the registration will be void without hearing.

(e) A firm who is no longer doing business in this state may request inactive status. A firm on inactive status is prohibited from practicing or offering to practice engineering in this state until the COA is reinstated.

11.6. Reinstatement. A firm desiring to reinstate a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

11.7. COA Certificate Number. The Board shall assign each firm a certificate number at the time a COA is granted by the Board. Numbers

are issued consecutively in the order in which a firm is granted a COA. The Board shall advise the firm of this number.

11.8. Replacement of Certificate. The firm shall notify the Board when a COA is lost, destroyed or mutilated, and, if the firm is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4

11.9. Updated Information. It is the firm's responsibility to notify the Board of any change in information previously submitted to the Board, such as name change, change of address, change of PE in responsible charge, or similar matter requiring current information.

11.10. Limited Liability Firms. The PE in responsible charge on the COA is responsible for compliance with W.Va. Code §30-13-1 et seq. and this rule notwithstanding any limitations of liability provided by W.Va. Code §§47B-3-6 and 31B-13-1305.

§7-1-12. Professional Responsibility.

12.1. Knowledge of Rules. All registrants are charged with having knowledge of the Rules of Professional Responsibility. The Board shall notify every registrant and applicant for registration in writing of amendments to the rules. The Rules as amended shall also be published in the roster and on the Board website provided for in W.Va. Code §30-13-12.

12.2. Rules of Professional Responsibility. To comply with the Board's responsibilities, which are to safeguard life, health and property, to promote the public welfare, and to maintain a high standard of integrity and practice, the Board has developed the following Rules of Professional Responsibility set forth in this section. These rules supplement the provisions for professional responsibility prescribed in W.Va. Code §30-13-21 and are binding on every registrant.

(a) All persons registered in West Virginia are required to be familiar with the W.Va. Code §30-13-1 et seq., this rule, and all applicable laws relating to the practice of engineering. The Rules of Professional Responsibility delineate specific obligations the registrant shall meet. In addition, each registrant is charged with the responsibility of adhering to standards of highest ethical and moral conduct in all aspects of the practice of engineering.

(b) The practice of engineering is a privilege, as opposed to a right. All registrants shall exercise this privilege by performing services only in the areas of their competence according to current standards of technical competence.

(c) Registrants shall recognize their responsibility to the public and shall represent themselves before the public only in an objective and truthful manner.

(d) Registrants shall avoid conflicts of interest and faithfully serve the legitimate interests of their employers, clients, and customers within the limits defined by this rule. Their professional reputation shall be built on the merit of their services, and they shall not compete unfairly with others.

12.3. Registrant's Obligation to Society.

(a) Registrants, in the performance of their services for clients, employers and customers, shall be cognizant that their first and foremost responsibility is to the public welfare.

(b) Registrants shall approve and seal only those design documents and surveys that conform to accepted engineering standards and safeguard the life, health, property and welfare of the public.

(c) Registrants shall notify their employer or client and other appropriate authority when their professional judgment is overruled under circumstances where the life, health, property, welfare of the public is endangered.

(d) Registrants shall be objective and truthful in professional reports, statements or testimony. They shall include all relevant and pertinent information in the reports, statements or testimony.

(e) Registrants shall express a professional opinion publicly only when it is founded upon an adequate knowledge of the facts and a competent evaluation of the subject matter.

(f) Registrants shall issue no statements, criticisms or arguments on technical matters which are inspired or paid for by interested parties, unless they explicitly identify the interested parties on whose behalf they are speaking, and reveal any interest they have in the matters.

(g) Registrants shall not permit the use of their name or firm name, nor associate in business ventures with, any person or firm which is engaging in fraudulent or dishonest business or professional practices.

(h) Registrants having knowledge of possible violations of any of the Rules of Professional Responsibility shall provide the Board with information and assistance necessary to the final determination of the violation.

12.4. Registrant's Obligation to Employer and Clients.

(a) Registrants shall undertake assignments only when qualified by education or experience in the specific technical fields of engineering involved.

(b) Registrants shall not affix their signatures or seals to any plans or documents except in accordance with 30-13-1 et seq. and these rules.

(c) Registrants shall not reveal facts, data or information obtained in a professional capacity without the prior consent of the client or employer except as authorized or required by law.

(d) Registrants shall not solicit or accept financial or other valuable consideration, directly or indirectly, from contractors, their agents, suppliers, manufacturers, or other parties in connection with work for employers or clients.

(e) Registrants shall make full prior disclosures to their employers or clients of potential conflicts of interest or other circumstances which could influence or appear to influence their judgment or the quality of their service.

(f) Registrants shall not accept compensation, financial or otherwise, from more than one party, for services pertaining to the same project, unless the circumstances are fully disclosed and agreed to by all interested parties.

(g) Registrants shall not solicit or accept a professional contract from a governmental body on which a principal or officer of their organization serves as a member. Conversely, registrants serving as members, advisors, or employees of a governmental body or department, who are the principles or employees of a private concern, shall not participate in decisions with respect to professional services offered or provided by the private concern to the governmental body which they serve unless their participation is approved by the West Virginia Ethics Commission.

12.5. Registrant's Obligation to Other Registrants.

(a) Registrants shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications. They shall not misrepresent or exaggerate their degree of responsibility in prior assignments or the complexity of the assignments. Presentations incident to the solicitation of employment or business shall not misrepresent pertinent facts concerning employers, employees, associates, joint ventures or past accomplishments.

(b) Registrants shall not offer, give, solicit or receive, either directly or indirectly, any commission, or gift, or other valuable consideration in order to secure work, and shall not make any political contribution with the intent to influence the award of a contract by a public authority.

(c) Registrants shall not attempt to injure, maliciously or falsely, directly or indirectly, the professional reputation, prospects, practice or employment of other registrants, nor indiscriminately criticize other registrants' work.

12.6. Actions brought against applicants.

(a) A registered PE who has been fined, received a reprimand, or had his or her registration revoked, suspended or denied in another jurisdiction for reasons or causes which this Board finds would constitute a violation of the law governing the practice of engineering in this state or any rule promulgated by this Board, is sufficient cause for the Board to levy a fine, reprimand, or deny, revoke or suspend a registration to practice engineering by the registrant in this state. Any such actions by other jurisdictions shall be reported on the annual renewal form. For purposes of this section, "another jurisdiction" means any other governing entity, including a licensing board for another profession.

§7-1-13. Fees.

13.1. The fees are listed in §7-1-13.4 and are payable to the West Virginia State Board of Registration for Professional Engineers. Fees based upon NCEES charges may be obtained from the Board or its website. Fees shall be paid by check or money order and are non-refundable. The Board shall return an application received without the proper fee to the applicant.

13.2. Timing of Submission of Fees. Any PE registration or COA application fee received prior to May 1 will entitle the approved PE or COA to be placed in good standing through June 30 of the current fiscal year. Registration or COA fees received after May 1 through June 30 shall be effective through the following fiscal year.

13.3. Renewal Fee.

(a) The Board shall notify each registrant by the thirty-first (31st) day of May of each year of the amount of the renewal fee.

(b) A registrant shall pay renewal fees before the thirtieth (30) day of June of each year.

(c) A renewal postmarked after June 30 is considered late, and the Board shall assess the registrant a late fee penalty as described in Subsection 13 paragraph 4 below.

(d) Any renewal fee postmarked on or after October 1 will be rejected and returned, and the registration will be void without hearing.

13.4. Fees. The fees for various services provided by the Board are:

Engineering Intern	
Application Fee	\$ 25.00
Examination Fee	As charged by NCEES
Re-application Fee	\$ 20.00
Re-examination Fee	As charged by NCEES
Professional Engineer	
Application Fee	\$ 80.00
Examination Fee	As charged by NCEES
Re-application Fee	\$ 40.00
Re-examination Fee	As charged by NCEES
Certificate Fee	\$ 25.00
Comity Application Fee	\$ 150.00
Temporary Permit	\$ 200.00
Certificate of Authorization	
Application Fee for Sole Proprietor with no employees	\$ 0.00
Application Fee for Firm with three or fewer Professional Engineers*	\$ 100.00
Application Fee for Firm with four or more Professional Engineers*	\$ 150.00
Annual Renewal Fee	
Professional Engineer	\$ 40.00
Professional Engineer-Retired	\$ 25.00
COA for Sole Proprietor with no employees	\$ 0.00
COA for Firm with three or fewer Professional Engineers*	\$ 50.00
COA for Firm with four or more Professional Engineers*	\$ 300.00
Reinstatement Applications	
Professional Engineer	\$ 125.00
COA for Sole Proprietor with no employees	\$ 0.00
COA for Firm with three or fewer Professional Engineers*	\$ 200.00
COA for Firm with four or more Professional Engineers*	\$ 600.00
PE or COA Roster**	\$ 25.00
Replacement Certificates	\$ 25.00
Returned Checks	\$ 25.00

* Regardless of the P.E.'s state of registration or licensure

** Available for free download on the Board web site

13.5. Late Fees.

(a) A renewal fee postmarked after July 1 is considered late, and the Board shall assess the registrant a penalty in the amount of twenty-five percent (25%) of the fee per month of delay for up to 90 days.

(b) A renewal postmarked after October 1 will be rejected and returned, and the registration or COA will be void without hearing.

(c) The Board shall void any PE registration of any registrant or COA certification of any firm whose renewal fee is not postmarked before October 1. In order to continue to practice or offer to provide engineering services, the former registrant or firm shall submit a reinstatement application to the Board in accordance with §7-1-3 or §7-1-11 of these rules.

13.6. Fees set forth in this section may be waived in accordance with Board policy.

§7-1-14. Board Enforcement, Investigations, Disciplinary Actions and Costs.

14.1. Enforcement. Any person or entity who violates any of the provisions of W.Va. Code §30-13-1 et seq. or these rules is subject to the provisions of W.Va. Code §30-13-21 through 23, as well as the penalties outlined in §7-1-15 of these rules. The Board may take disciplinary action against any person or firm subject to the provisions of W.Va. Code §30-13-1 et seq. and these rules for any non-compliance with or violation of same in accordance with the procedures set forth in W. Va. Code §30-13-22 and the procedural rules adopted by the Board and on file with the Secretary of State.

14.2. Investigations. The Board shall have the power to investigate any complaint filed with the Board and any other matter brought to the attention of the Board regarding noncompliance with the provisions of W.Va. Code §30-13-1 et seq. and these rules.

14.3. Disciplinary Action. Upon Board decision that disciplinary action is warranted, the Board may take such action as is provided for in W.Va. Code §30-13-21 through 23, these rules, and any Board policies not inconsistent with such applicable law, including the imposition of civil penalties as set forth in §7-1-15 below.

14.4. The Board may assess administrative costs incurred in the performance of its enforcement or investigatory activities against any person or entity who violates the provisions referenced in subsection 14.1 of this rule, which shall be paid to the West Virginia State Board of Registration for Professional Engineers by check or money order within a period of thirty (30) days from the date of the final order entered by the Board.

§7-1-15. Civil Penalties.

15.1. The Board may enter an order assessing the appropriate civil penalties against any person or firm found guilty by the Board including, but not limited to the following for each offense:

Action	Penalty Up To
Practicing w/o a license, including expired license	\$ 5000
Practicing w/o a COA, including expired COA	\$ 5000
Misuse of seal	\$ 5000
Illegal advertising of engineering services	\$ 5000
Fraud, deceit, misrepresentation, or misinformation to the Board	\$15,000
Violation of condition of probation	\$ 5000
Misfeasance or malfeasance	\$ 1000
Professional misconduct, negligence or incompetence	\$ 1000
Action which is likely to deceive or defraud the public	\$15,000
Action which threatens the public health, safety and welfare	\$15,000
Failure to timely provide information to Board	\$ 1000
Non-compliance with Board request or order	\$ 1000
General (violation of applicable statute & rules, including W.Va. Code §30-13-21 or the Rules of Professional Responsibility set forth in these rules)	\$ 5000

15.2. The penalty for aiding and assisting any of the above violations shall be no more than the maximum penalty defined above.

15.3. Each day of continued violation may constitute a separate offense.

15.4 In determining the amount of civil penalty to be assessed pursuant to this section, the Board may consider such factors as the following.

- (a) Whether the amount imposed will be a substantial economic deterrent to the violation;
- (b) The circumstances leading to the violation;
- (c) The nature and severity of the violation and the risk of harm to the public;

- (d) The history of previous violations;
- (e) The extent to which the cited person or firm has cooperated with the Board and the Board's investigation;
- (f) The economic benefits gained by the violator as a result of noncompliance;
- (g) The interest of the public;
- (h) Other matters as may be appropriate.

15.5. Civil penalties imposed by the Board shall be paid to the West Virginia State Treasurer's Office by check or money order within a period of thirty (30) days from the date of the final order entered by the Board.

§7-1-16. Board Policies.

16.1. The Board is authorized to establish policies and procedures not inconsistent with W.Va. Code §30-13-1 et. seq. and these rules.

§7-1-17. Severability.

17.1. If this Rule, or any part of this rule is found by the courts to be invalid for any reason, the remainder of the Rule continues in full force and effect and each and every part of the Rule is severable.

§7-2-4. Procedural Rules for Hearings.

§7-2-5. Disposition of Complaints.

TITLE 7

SERIES 2

ADMINISTRATIVE HEARING PROCEDURES

§7-2-1. General.

1.1. Scope. — This rule specifies the procedure for Resolution of complaints relating to the practice of engineering in this State pursuant to the authority granted to the West Virginia State Board of Registration for Professional Engineers by W. Va. Code “30-13-1 et seq.

1.2. Authority. — W. Va. Code “30-13-1 et seq. and 30-1-1 et seq.

1.3. Filing Date. — June 22, 2004.

1.4. Effective Date. — July 23, 2004.

§7-2-2. Complaints.

2.1. Submission.

(a) Form. The form of complaints shall be determined by the Board. All complaints shall be in writing and verified by the complainant before a notary public.

(b) Who may submit. A complaint may be submitted by any natural person or legal entity, any registered engineer, or any firm holding a certificate of authorization. A complaint may be submitted by the Board, a member of the Board staff, with or without direction from the Board, or a member of the Board. Charges may be based upon information received solely through investigative activities undertaken by the Board.

2.2. Filing.

(a) The applicable statute provides for disposition of a complaint if

trivial, unfounded, or settled informally. Unless in the opinion of at least one member of the Board the alleged situation which is the subject of a complaint presents an imminent danger to health or safety, a complaint will be deemed received and filed only upon the majority vote of the Board members present and meeting in general session. Until such action, the complaint will be on the agenda for each meeting until resolved informally or filed. During the period before a complaint is deemed filed, the Board may take appropriate action, upon motion and consistent with the applicable statutes, to investigate and settle the complaint informally.

(b) A complaint will not be considered by the Board until an original is delivered to and logged in and numbered by the Board Administrator at Charleston during normal business hours. Facsimile and other electronic transmission of complaints will be accepted for filing, provided originals are delivered to the Board Administrator within fourteen (14) days thereafter.

2.3. Notice to Respondent. The Board Administrator shall give notice of the filing of a complaint to any and all respondents named in the complaint. Such notice shall be by certified mail, return receipt requested, to the respondent at his, her, or its last known address or in a manner consistent with the rules for service of process under the West Virginia Rules of Civil Procedure. A return of service shall be completed by the person effecting service and filed with the Board.

2.4. Response to Complaints. The respondent may file, within thirty days after service of the complaint, a responsive pleading which shall state with particularity every defense in law or fact to the allegations in the complaint. Every responsive pleading shall be verified by the respondent.

2.5. Failure to File Response. The failure to file a response to the complaint shall be deemed an admission of the factual allegations contained therein. The failure to file a response shall not be grounds for delaying hearing or other action upon the complaint.

2.6. More Definite Statement. The Board or a respondent may request a clarification or more definite statement of the allegations in the complaint. A respondent's request for a more definite statement shall be filed with the Board not less than fifteen days before the hearing date. The Board's request may be issued to a complainant at any time, and the complainant shall respond within seven days of service of the request by the Board. Failure of a complainant to respond timely to such request may be grounds for dismissal of the complaint.

§7-2-3. Hearing Panel.

3.1. Hearing Panel.

(a) Complaints regarding persons licensed by the Board and complaints regarding unlawful practice of engineering in this State or a

request for hearing regarding licensure or issuance of a certificate of authorization shall be heard and decided by the Board as a whole sitting as a Hearing Panel, except that any member of the Board who has a conflict of interest with regard to a particular complaint may decline to participate in such proceedings. Recusal is mandatory in any proceeding in which a judge, similarly situated, would be required to exercise recusal. The filing of a complaint by a Board member will not automatically be grounds for recusal. Recusal shall not prevent a Board member from testifying as a witness.

(b) If recusals result in there being less than a quorum, the remaining unrecused members of the Board shall appoint a registered professional engineer who is not a member of the Board for each recused member to serve solely for the purposes of hearing and deciding such complaint.

(c) The Hearing Panel shall conduct hearings, make findings of fact and conclusions of law, and issue administrative decisions and orders to enforce the provisions of W. Va. Code §30-13-1 et seq.

3.2. Location of Hearing Proceedings. Unless otherwise ordered by a majority vote of the Board, all hearings shall be heard at Charleston.

3.3. Quorum. A quorum shall consist of not less than three members of the Hearing Panel.

3.4. Presiding at Hearings.

(a) The President of the Board shall serve as the presiding officer at hearings. In the event of the President's recusal, the Hearing Panel shall elect a presiding officer from among themselves who will preside for hearings on that complaint.

(b) The presiding officer shall have the power to (1) administer oaths and affirmations, (2) rule upon offers of proof and receive relevant evidence, (3) regulate the course of the hearing, (4) hold conferences for the settlement or simplification of the issues by consent of the parties, and (5) dispose of procedural requests or similar matters.

3.5. Privilege and Immunity. All information provided, including documents and testimony given with respect to any complaint, investigation or proceeding under these rules, shall be privileged in any action for defamation or the like. All members of the Board, its counsel, and their employees shall be absolutely immune from civil suit in the same manner as members of the judiciary in the State for any conduct in the course of their official duties.

§7-2-4. Procedural Rules for Hearings.

4.1. Notice of Hearings.

(a) Within sixty (60) days of filing complaint, the presiding officer shall set a hearing date and time. Notice of the hearing date and time shall be

served on respondent and counsel for respondent, if any, by first class mail addressed to the last known mailing address of such person. Such notices shall be mailed not less than thirty (30) days before the hearing date. All complaints, unless dismissed by the Board as unfounded, trivial or settled informally, shall be heard within six months after the date each complaint was received and filed.

(b) Hearings may be rescheduled by the presiding officer and, once begun, continued from time to time, for cause shown as the interests of justice may require.

4.2. Prehearing Matters. The presiding officer, with or without the request of a party, may schedule a prehearing conference to narrow the issues to be heard, to estimate the time which will be required for the hearing, rule upon prehearing motions, and, when appropriate, negotiate informal disposition of the complaint.

4.3. Hearings Generally.

(a) Conduct and Order of Hearing.

(1) Upon calling on for hearing any complaint, the presiding officer may cause the complaint to be read and shall offer the respondent the opportunity to reply. The Hearing Panel may receive evidence from its investigator or staff. Respondent, directly or by counsel, may present evidence in defense against the complaint. All testimony given shall be subject to cross-examination by the opposing party. The Board may receive rebuttal evidence after respondent's presentation. Any member of the Hearing Panel may inquire to any witness at any time.

(2) After the receipt of all evidence, respondent and Board staff, directly or by counsel, may be allowed to make closing arguments.

(3) If the respondent is not a natural person, the respondent shall be represented by counsel. The Board or its staff may be represented by counsel.

(4) Failure of the respondent to appear, without cause, shall not result in delay or postponement of the hearing.

(b) The Record. The record of a hearing shall consist of the testimony and documentary and physical evidence admitted into evidence by the Hearing Panel, all judicially cognizable facts so noticed, and the administrative decision or order ruling upon the complaint. All hearing proceedings on the record shall be recorded by stenographic means. Any party may obtain a transcript of the proceedings at the party's expense.

(c) Testimony. Witnesses shall testify under oath or affirmation.

(d) Evidence.

(1) The West Virginia Rules of Evidence shall apply. Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Hearing Panel shall be bound by the rules of privilege recognized by law. Objections to evidentiary offers and the ruling thereupon shall be noted in the record. Any party to any such hearing may vouch the record as to any excluded testimony or other evidence.

(2) Only the evidence admitted into the record and judicially cognizable facts so noticed shall be considered in the determination of the complaint.

(3) Depositions may be taken and read or otherwise received as evidence in accordance with Rules 30 and 32 of the West Virginia Rules of Civil Procedure.

(e) Conformance. Upon motion of any member of the Hearing Panel or any party assigning error or omission in any part of any transcript, the presiding officer shall settle all differences arising as to whether such transcript truly discloses what occurred at the hearing and shall direct that the transcript be corrected as appropriate so as to make it conform to the truth.

(f) Deliberations. Hearing Panels may deliberate and issue decisions in person, by telephone conference, or by written correspondence, including electronic communications.

(g) Open Meetings and Executive Sessions. Pursuant to W.Va. Code §6-9A-1, the Board may by majority vote hold hearings under these rules in executive session unless the respondent requests an open meeting. In any event, the vote upon the final decision of the Hearing Panel shall be in open session.

4.4. Standard of Proof. To impose any sanction or penalty, the findings of the Hearing Panel in support thereof must be proved by a reponderance of the evidence.

4.5. Subpoena and Contempt Power. The Hearing Panel shall have power to issue subpoenas or any other lawful process through the presiding officer at the request of any party. Subpoenas may be issued for attendance of witnesses or the production of documentary evidence. Subpoenas and other process may be served in accordance with the West Virginia Rules of Civil Procedure. All witnesses shall be entitled to such witness fees and expenses as in any civil proceeding in this State. The Hearing Panel may apply to any circuit court for an order requiring any person to comply with the presiding officer's directions in maintaining order at a hearing or to compel compliance with subpoenas.

4.6. Criminal Convictions.

(a) An engineer who has been convicted of a crime that reflects adversely on the engineer's honesty, trustworthiness or fitness as an engineer, or of any felony, shall, within thirty days of entry of the order or judgment of conviction, forward a copy of the order or judgment to the Board's Administrator. A plea or verdict of guilty or a conviction after a plea of *nolo contendere* shall be deemed to be a conviction within the meaning of this rule. Any other person may file a copy of the order or judgment with the Board.

(b) Upon receipt of the order or judgment, which shall be conclusive evidence of the guilt of the crime or crimes of which the engineer has been convicted, the Board Administrator shall treat the order or judgment as a complaint for misconduct and violation of professional responsibility.

(c) A respondent may present evidence and argument in support of mitigation based on, but not limited to, the nature of respondent's misconduct, surrounding facts and circumstances, previous ethical violations, the willfulness of the conduct, and the adequacy of respondent's previous opportunity to present evidence.

4.7. Reciprocal Discipline.

(a) A final adjudication in another jurisdiction, whether state or federal, of misconduct constituting grounds for discipline of a registered professional engineer in that jurisdiction or a voluntary surrender of a license to practice engineering in connection with a disciplinary proceeding in that jurisdiction shall, for the purposes of proceedings under these rules, conclusively establish such conduct.

(b) A registrant in this State against whom any form of public discipline has been imposed by the authorities of another jurisdiction, whether state or federal, or who voluntarily surrenders his or an aggravating factor in any subsequent disciplinary proceeding. Any other person may notify the Board of such action by submitting a complaint.

(c) If the registrant intends to challenge the validity of the disciplinary order entered in the foreign jurisdiction or the voluntary surrender of his or her license to practice engineering in connection with a disciplinary proceeding, the registrant must request a formal hearing and file with the Board a full copy of the record of the disciplinary proceedings which resulted in imposition of the disciplinary order or the voluntary surrender of a license to practice engineering.

§7-2-5. Disposition of Complaints.

5.1. Administrative Decisions and Orders.

(a) Any party may submit proposed findings of fact and conclusions of law as permitted in the discretion of the presiding officer.

(b) After a hearing upon a complaint is completed, including an instance in which the respondent defaults, the Hearing Panel may make findings of fact and conclusions of law and shall issue the appropriate administrative decision or order.

(c) The Hearing Panel may make findings of fact and conclusions of law in connection with the hearing and in conformity with applicable law notwithstanding the failure of the complaint to allege the grounds therefor.

(d) Informal disposition may also be made of any complaint by stipulation, agreed settlement, or consent order provided, however, that a hearing upon any pending complaint set pursuant to Rule 4.0 shall not be cancelled other than by a respondent's acceptance of such proposed informal disposition.

(e) All dispositions of complaints shall be signed by the presiding officer. A copy shall be maintained in the permanent records of the Board.

(f) The official determination of the Hearing Board shall be made by majority vote of the Hearing Panel. The presiding officer shall vote in every matter but shall reserve his vote to the last. Any minority of the Hearing Panel may preserve its opinion in written form submitted at or not less than ten days after the entry of the majority's administrative decision or order.

(g) A copy of the administrative decision or order shall be served upon each party and his counsel in person or by registered or certified mail within five days after entry by the presiding officer.

5.2. Unlawful Practice. In addition to disciplinary actions authorized by W. Va. Code §30-13-21, if the administrative decision or order finds that the respondent is engaging in the practice of engineering in this state without being registered, the Board may request the prosecutor of any county to prosecute the respondent pursuant to W. Va. Code §31-13-23 or the Board may file a complaint seeking an injunction to enforce the provisions of W. Va. Code § 31-13-1 et seq. Nothing in these rules shall prohibit the Board from requesting prosecution or seeking an injunction without prior notice and opportunity for hearing to the person who is believed to be in violation.

Other Relevant Codes

§5G-1 et seq. – Procurement of Architect-Engineer services by state and its subdivisions.

Applicable to the WV state departments, agencies, authorities, quasi-public, corporations and all political subdivisions, including cities, counties, boards of education and public service districts. This legislative policy declares procurement of architectural of engineering services or both on the basis of demonstrated competence and qualification for the type of professional service required.

§21A et seq. – Unemployment Compensation.

In particular, §21A-2-6(17) – Regarding granting, issuing or renewing a license or certificate or other authority for those in default.

§23-1-1B et seq. – Workers’ Compensation.

In particular, §23-1-1B(16) – Regarding granting, issuing or renewing a license or certificate or other authority for those in default.

§29A-3-1 et seq. - State Administrative Procedures Act.

Applicable to all WV agencies, boards or commissions of the executive branch of government.

§30-1-1a et seq. – General provisions applicable to all state boards of examination or registration referred to in chapter.

Applicable to every WV board of examination or registration.

§48-15 et seq. – Enforcement of Support Order Through Action Against License.

In particular, §48-15-303 - License applicant to certify information regarding child support obligation.

Engineer's Creed

"As a professional engineer, I dedicate my professional knowledge and skill to the advancement and betterment of human welfare. I pledge to give the utmost of performance, to participate in none but honest enterprise, to live and work according to the laws of man and the highest standards of professional conduct, to place service before profit, honor and understanding of the profession before personal advantage, and the public welfare above all considerations. In humility and with need for divine guidance, I make this pledge."

Board meetings are typically held the third Tuesday of every other month at the Board office in Charleston, West Virginia. All meetings are open to the public, however we ask that persons wishing to bring matters for the Board's consideration submit written notification or request to be placed on the agenda at least 14 days prior to the scheduled meeting. This request should be addressed to the attention of Lesley L. Rosier, PE, Executive Director at info@wvpebd.org.

The West Virginia State Board of Registration for Professional Engineers shall be composed of five members appointed by the governor, by and with the consent of the Senate. Members of the Board shall serve a term of five years. Members are eligible for reappointment but no member may be appointed for more than three full consecutive terms. Each member shall hold office until the expiration of the term for which appointed or until a successor has been duly appointed and has qualified. Consult §30-13-4 of the WV State Registration Law for Professional Engineers for details.

CURRENT BOARD MEMBERS

Leonard J. Timms, Jr., P.E.

Board President

B.S. Civil Engineering, Massachusetts Institute of Technology

B.S. Business Administration, Salem College

Ph.D (Honorary), Davis and Elkins College

Bridgeport, Harrison County

Term Expires June 30, 2010

Laws which prescribe licensure and regulate the practice of professions are enacted under the police powers of this State and are primarily for the protection of the public, which naturally includes the protection of fellow employees whether on public or private property. The Laws, Rules and Regulations concerning the practice of the profession of engineering, as published herein, are intended for the guidance of public officials whose responsibility affects engineering; for persons who seek licensure to practice professional engineering and for all others that they may be made fully acquainted with the meaning and intent of the Laws, Rules and Regulations for Professional Engineers.

It is hoped that the information contained herein will be helpful in understanding the substantive and procedural aspects of the Statutory Law and the Rules and Regulations under which the Board endeavors to carry out its responsibilities.

LAWS, RULES AND REGULATIONS - As of July 2004

You may also access Laws, Rules and Regulations through the West Virginia Secretary of State's web site. Click the link below. You will reach the Code of State Rules page. Once there select Occupational Licensing, the select State Board of Registration for Professional Engineers.

The West Virginia State Board of Registration for Professional Engineers is charged with the responsibility of administering the provisions of the West Virginia State Registration Law for Professional Engineers (WV Code Chapter 30, Article 13 and Title 7 of the Legislative Rule – Series 1-2). In order to safeguard life, health and property and to promote public welfare, the practice of engineering in this state is hereby declared subject to regulation in the public interest.

In addition to evaluating candidates for licensure and administering examinations, the Board investigates allegations of misconduct, fraud, deceit, negligence and incompetence, unless dismissed by the Board as unfounded, trivial or otherwise without merit. The Board will determine whether or not a hearing is warranted for any individual licensee or any corporation holding a certificate of authorization.

Complaints

Complaints may be filed against individuals and firms by submitting a letter to the Board specifying the allegation(s) and providing copies of documents and/or other evidence supporting the allegation(s). All formal complaints must be accompanied by the official Complaint Form of the WV Board and shall be sworn to and verified by the complainant before a notary public.

Complaint procedures will be in accordance with WV Code Chapter 30, Article 13 and Title 7 of the Legislative Rule - Section 2.

To verify licensure information of a registered West Virginia Professional Engineer active through June 30, 2009, please enter the search criteria below:

Last Name:

First Name:

OR

License Number:

Submit

Reset

As noted in the Search Disclaimer below, Rosters and on-line verification files are typically updated every 60-90 days. The next update is scheduled for January-February 2009, immediately prior to our 2009 Newsletter/Status Report Mailing. Many address and employer updates, as well as COA changes, are still being validated and processed from the renewal season. Should you have a question regarding the accuracy or validity of a PE license or a COA, simply contact our office.

The table below contains a list of relevant forms necessary for application to the West Virginia Board.

Applicants must read the WV Laws, Rules and Regulations for the engineering profession for which they are requesting licensure. [Click here for information on the WV Laws, Rules and Regulations for this Board.](#)

You must have the Adobe Acrobat Reader in order to view and print the Adobe Acrobat PDF files **or** you may use Microsoft Word to open and complete the Word forms. If you do not have the Adobe Acrobat Reader program installed on your computer, you may obtain a free copy by clicking on the "Get Acrobat Reader" link at the bottom of this page.

The WV State Board of Registration for Professional Engineers will only accept application forms that print out exactly as the ones provided on this site. If the forms do not print out on your printer EXACTLY as they appear on the screen, contact the WV Board office to request hard copies be sent to you through postal mail.

As a condition of registration renewal, every registrant shall show evidence that he or she obtained fifteen (15) professional development hours (PDH's) during the previous year. If a registrant exceeds the annual requirement in any year, he or she may carry a maximum of eight (8) PDH's forward into the subsequent year.

Consult the following table to verify the conversion of other units of credit to PDH units:

DEVELOPMENT ACTIVITY	PDH's
1 College or unit semester course (3 credit hours)	45
1 College or unit quarter course (3 credit hours)	30
1 Continuing Education Unit	10
1 Hour in course work, seminars, professional conventions, workshops	1
1 Hour of teaching in course work, seminars, professional conventions, workshops.	2
Each published paper or article on engineering subjects.	10

Recordkeeping

Each registrant is responsible for his or her own professional development activities. The registrant shall maintain the records to be used to support credits claimed for professional development activities. These records shall be maintained for three renewal periods. Copies of these records and supporting documentation may be requested by the Board for audit verification purposes.

Inactive/Lapsed Status

The 2008 Renewal season, and additional 90-day grace period, closed on September 30, 2008. Any registrant (Professional Engineer or Retired Engineer) who did not renew their license is now "Lapsed". Any entity (company, firm, etc) that did not renew their Certificate of Authorization is now "Lapsed". Those who obtained a lapsed status receive a certified letter during October 2007 stating they failed to respond to the annual renewal and have automatically defaulted to "Lapsed" status. According to the WV Code, it is illegal for anyone with such status to practice or even offer to provide engineering services in West Virginia until they have been approved by the WV PE Board to return to "Active" status.

A registrant may bring an "Inactive" or "Lapsed" license to "Active" status by applying for reinstatement, obtaining all delinquent PDH's and paying the appropriate reinstatement fees. The number of PDH's required shall be no less than fifteen (15) and no more than thirty (30). A company may bring an "Inactive" or "Lapsed" COA to "Active" status by applying for reinstatement and paying the accelerated reinstatement fees.

For details on PE reinstatement for individuals, [click here](#).

For details on COA reinstatement for companies, [click here](#).

2009 Renewal Season will begin in late May 2009.

On-line renewal will be made available no later than May 25, 2009.

The National Council of Examiners for Engineering and Surveying (NCEES) is a national non-profit organization composed of engineering and surveying [licensing boards](#) representing all states and U.S. territories.

NCEES develops, scores, and administers the examinations used for engineering and surveying licensure throughout the United States. NCEES also provides services facilitating professional mobility for licensed engineers and surveyors. NCEES is an accredited standards developer with the American National Standards Institute (ANSI).

West Virginia Privacy Statement

Thank you for visiting the West Virginia State Board of Registration for Professional Engineers website. This site has been designed to make it easier and more efficient for West Virginia citizens and businesses to interact with West Virginia State Government. The State of West Virginia is committed to preserving your privacy when you visit our Websites. This privacy statement addresses the collection, security and disclosure of information that may be obtained through the use of websites maintained by the State of West Virginia.

Collection of Information

If you visit a website maintained by the State of West Virginia in order to read or download information, we may collect the following information:

- The name of your domain; for example, "abzcompany.com";
- The IP address of the client accessing the web site;
- The type of browser and operating system used to access our sites;
- The Internet address of the website from which you linked directly to our sites, if applicable;
- The pages you visit within the State of West Virginia's website(s); and
- The links made to other websites through our sites.

This information is collected for purposes of determining what information is of most and least interest to all visitors and in improving content and performance of the site. This information is not collected for commercial marketing purposes.

The State of West Virginia may collect personally identifiable information that you voluntarily provide while visiting a State of West Virginia maintained website. Examples of personally identifiable information may include (but are not limited to):

- An e-mail address, if you are communicating with us through e-mail;
- Information you voluntarily submit to the State of West Virginia for the purposes of completing or submitting an application or form online; and
- Other information volunteered, such as vendor profile/contact information, survey information or content of e-mail.

In general, please note the information collected, whether or not personally identifiable, is not limited to text characters and may include audio, video and other graphic formats you send us. Information is retained in accordance with existing laws, rules, regulations, and other policies.

Public Disclosure

As a general rule, the State of West Virginia does not disclose any personally identifiable information collected online except where permission has been granted, or where the information is public information under the West Virginia Freedom of Information Act W.V.C.A. §§ 29B-1-1 et seq., or other applicable laws. Visitors should be aware that

information collected by the State of West Virginia on its websites may be subject to inspection, if such information is a public record or not otherwise protected from disclosure.

Link Disclaimer

Websites maintained by the State of West Virginia may contain links to other websites, including those owned or maintained by other government, private, or not-for-profit entities. Such links are provided for convenience and/or information purposes only. A link does not constitute an endorsement of content, viewpoint, policies, products or services of that website. Once you link to a website not maintained by State of West Virginia, you are subject to the terms and conditions of that website, including but not limited to its privacy policy.
