zCover Press Release

zCover releases the zAdapter® CI925ZDG Multi-Charger for Cisco 7925G Unified Wireless IP Phone at the Cisco Live 09, World of Solutions Expo, June 29 - July 2, 2009

RICHMOND, BC, CANADA - June 29, 2009

zCover® announces the release of the **new Multi-Charger** for Cisco Unified Wireless IP Phone 7925G and battery packs 7925G at the Cisco Live 09, World of Solutions Expo held at the Moscone Center in San Francisco, CA on June 29 to July 2, 2009. The zAdapter® Multi-Charger charges up to five phones and five (standard or extended) batteries simultaneously and features a patent filed**, Dock-In-Case**™ solution for docking and charging the 7925G phone in the gloveOne Silicone or Tech Leather Carrying Case. The Multi-Charger for Cisco 7925G keeps a fleet or phones and batteries charged and ready for continuous use during multiple shifts.

The **Multi-Charger battery slots featured with a battery reversed insert prevention mechanism**, ensuring batteries are inserted correctly, even in the dark. The phone charging process can be monitored on the phone screen and the battery charging process is monitored with LED indicators on the charger. The unit switches to a trickle charge when batteries are full and a temperature controller monitors battery temperature during the charging process. If the battery temperature gets higher than 113°F (45°C) the charger will shut down the battery, making the Multi-Charger very safe to use.

The unit can be placed on a desk or mounted on a wall to save space. The external power supply can be stored in the compartment at the back of Multi-Charger with **Aluminum heat sink style door** for space saving and better cooling effect. Different types of power cord are available for different countries wall plug. The zAdapter® CI925ZDG Multi-Charger is the only Dock-in-Case, Multi-Charger for the Cisco Unified Wireless IP Phone 7925G and is **fully compliant with environment and safety standards**.
