Introductory note

This catalogue is published annually in each of the nine official languages of the European Community.

It comprises the monographs and series published by the Institutions of the Community during the reference period, as well as the periodicals ⁽¹⁾.

Arrangement of the catalogue

Publications of which English versions have been issued are listed only in that language; otherwise another version, but only one, is included in the following order of choice:

French	Spanish	Danish
German	Portuguese	Greek
Italian	Dutch	others

Where other language versions also exist, cross-references are provided by means of a code, in the following form (this code should not be used for ordering purposes):

IT : 85 - 28

which means that the Italian version is described in the Italian catalogue of 1985 under No 28. This number is specific to each catalogue; it is a sequence number printed in consecutive order, opposite each entry in the classified list.

The catalogue is divided into three parts, as follows:

Part I — The classified list provides a subject classification of the titles included under 22 headings, each of which is divided into subheadings (see p. 8).

Under each heading, monographs are listed first in alphabetical order; there then follows a similar list of periodical titles.

Each title is listed under every relevant heading but full bibliographic entries appear only once for each title. Each secondary entry is followed by a cross-reference (in the right-hand margin) to the sequence number of the full entry. Periodical titles appear in the classified list only as cross-reference entries, full entries being found in Part II.

Part II — Periodicals presents full details of each current Community periodical, listed alphabetically.

Part III — The indexes of titles and series are listed alphabetically and cross-refer, using the above-mentioned sequence numbers, to the entries in Part I of the catalogue, in which the bibliographic information appears. These indexes cumulate throughout the year.

Alphabetical order

The basis for the alphabetical order in the index, including the index for titles and series is the Latin alphabet consisting of 26 letters, followed by the Greek alphabet:

a, b, c, d, e, f, g, h, i, j, k, l, m, n, o, p, q, r, s, t, u, v, w, x, y, z,
α, β, γ, δ, ε, ζ, η, θ, ι, κ, λ, μ, ν, ξ, ο, π, ρ, σ, τ, υ, φ, χ, ψ, ω.

Latin characters with accents or diacritic characters have the same order as their corresponding capital letters. Ligatures are treated as separate letters (e.g. æ = ae, œ = oe). The German ß corresponds with ss. Examples:

a = â, á, à, á, ä o = ö, ø, ó
e = é, ê, è, ë u = ú, ú
n = ñ

How to obtain publications

Publications may be available for sale, free of charge, or of limited distribution. Those falling into the last two categories may be obtained from the issuing institutions, or, where they are published by the Information Offices of the Commission, from those offices whose addresses are given in the lists on pp. 4 and 5. Publications of limited distribution are, however, generally only for the attention of governments of Member States, Community departments and other authorities concerned.

Orders for priced publications should be directed to the Sales Offices listed on the inside back cover.

All orders should quote the full title, as well as the ISBN or ISSN where such a number precedes the prices in the catalogue.

Abbreviations and conventional signs

The text languages of publications are indicated by the following abbreviations:

ES	Spanish	EN	English	IT	Italian
DA	Danish	FR	French	NL	Dutch
DE	German	GA	Irish	PT	Portuguese
GR	Greek				

A sequence of such symbols separated by diagonal strokes denotes a publication in which different language versions of the same text appear under one cover.

Prices, excluding VAT, are fixed in various currencies, using the following abbreviations:

ECU	European Currency Unit	FF	French franc
		HFL	Dutch guilder
BFR	Belgian franc	IRL	Irish pound
DKR	Danish crown	LIT	Italian lira
DM	German mark	PTA	Spanish peseta
DR	Greek drachma	UKL	Pound sterling
ESC	Portuguese escudo	USD	US dollar

⁽¹⁾ The **COM Documents**, **EP Reports** and **ESC Opinions** are listed in other catalogues, which are also edited in each of the nine official languages and appear monthly and annually.
