CAMPBELL'S CREEK COAL ELEVATOR CO.

Main Office and Elevator, Foot of Wood Street.

HENRY FRANK, SEWER TAPPER,

And Original and only Inventor and Builder of

FRANK'S PATENT CATCH BASIN.

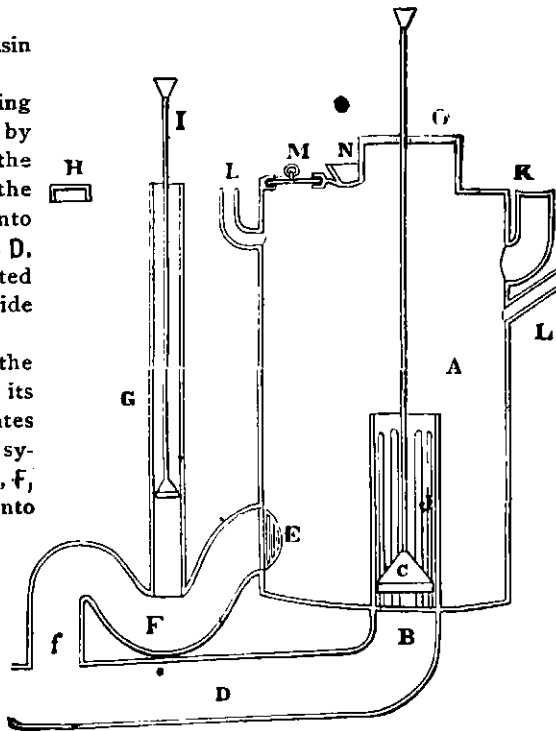

Patent Right Secured Sept. 5, 1876;

Reissued May 14, 1878.

A represents the basin proper.

B represents an opening in the basin floor by which, whenever the plunger **C** is lifted, the contents escape into the discharge pipe **D**. **C** is a cage or grated stand-pipe to guide the plunger.

Grated opening **E** in the basin wall, or near its bottom, communicates with an inverted siphon or stink trap, **F**, which discharges into the pipe **D** at **f**.

A tube **G**, which rises from the elbow of siphon **F** is ordinarily closed by cap **E**, but is capable of receiving a plunger, **I**, by means of which any sediment that may collect in the lowest part of the siphon may be removed.

K shows a common gutter sink or grating.

L are house pipes.

M, main hole.

N, urinal.

O, seat.

Cisterns Dug and Built.

WATER WORKS DEPARTMENT.

Pumping House, north-west corner of Second and Main streets. Water Works Office, 10 West Sixth street.

WATER WORKS COMMISSIONERS.

Alex. Davezac, Chas. J. Tranter, S. W. Coffin.

OFFICERS.

Alex. Davezac, Chairman; N. T. Lindsay, Secretary;
 Geo. H. Davison, Treasurer; W. H. Glore, Superintendent.
 Chas. C. Rensford, Head Engineer.

RULES OF WATER WORKS.

- 1st. All officers and employes to have free access, at all reasonable hours, to premises where water is used.
- 2d. Hydrants, plugs, stop-boxes, hose and all other attachments, must be kept in complete repair by the owner or occupant.
- 3d. The following abuses are absolutely prohibited, to wit: 1. Permitting or allowing the water to be used for any other purposes than those named in the bill. 2. Sprinkling gardens, streets or sidewalks, or washing carriages, omnibuses, cars or other vehicles with hose, without a special permit obtained and paid for at the office; and in no case will hose be allowed for the above uses with outflows or nozzles, when used for washing carriages or other vehicles, greater than one-eighth of an inch, and for any other purpose greater than one quarter of an inch diameter of circle opening, or their equivalents. 3. Permitting leaks. 4. Allowing water to flow unnecessarily while washing pavements and for similar purposes.
- 4th. No person, without a written permit from the proper officer, is allowed to turn a public or private stop cock.
- 5th. All surface pipe must be laid at least three feet below the surface, and all pipe outside the public stop, located in the city, must be "Extra Strong."
- 6th. In all cases where more than one family or other consumer is supplied from a pipe or pipes governed by one stop, some one person must become responsible for the payment of all bills, and the keeping in good repair of all pipes, hydrants, &c.
- 7th. When cisterns are so located as to supply separate premises, and may be filled from a hydrant, water rent must be paid for all families or other consumers having access to said cisterns.
- 8th. Cisterns located on premises where there is no hydrant, must not be filled from a hydrant in any case.
- 9th. Hydrants must not be located so as to be exposed to use by non-paying consumers, and all hydrants so situated must be removed to some secure location, on notice, or the water turned off.

STITES & CO.'S Standard Iron Measures.

- ALSO -

BUCKETS AND PAINT PAILS.

Corn, Coal and Lime Bushels, Baled Half Bushels, Half Bushels and all the smaller sizes; Steamboat, Stable and House Buckets; Also, Well Buckets, Self-Emptying Well Buckets and Stock Well Buckets.

They are made of a superior quality of Sheet Iron, with Wooden Bottoms bound with Iron before they are put in, and Hoops shrunk on, same as a tire is put on the wheel of a wagon.

IT IS ECONOMY TO BUY THEM.

The Measures are always correct, and are not injured by rats or other animals. The Buckets do not fall to pieces when exposed to the sun.

FOR SALE BY ALL THE LEADING HARDWARE HOUSES.

IRON PAINT PAILS FOR MIXED PAINTS, &c.

Patented September 16, 1873.

Order your Mixed Paints put up in STITES & CO.'S IRON PAINT PAILS, with Wooden Heads, which require no boxing to ship them; and the paint is always ready for use, in small quantities, by simply removing the bung, stirring up the paint, and painting from the hole. When done, the bung can be replaced, thereby excluding the air until the remainder of the package is wanted, when the head can be removed, thus making a good bucket for paint or other uses. They are made in sizes from $\frac{1}{2}$ to 10 gallons. The large sizes, when emptied, make excellent slop or garbage buckets. Send for Circulars and Price List. ADDRESS:

STITES & CO.'S Standard Iron Measures.

- ALSO -

BUCKETS AND PAINT PAILS.

Corn, Coal and Lime Bushels, Baled Half Bushels, Half Bushels and all the smaller sizes; Steamboat, Stable and House Buckets; Also, Well Buckets, Self-Emptying Well Buckets and Stock Well Buckets.

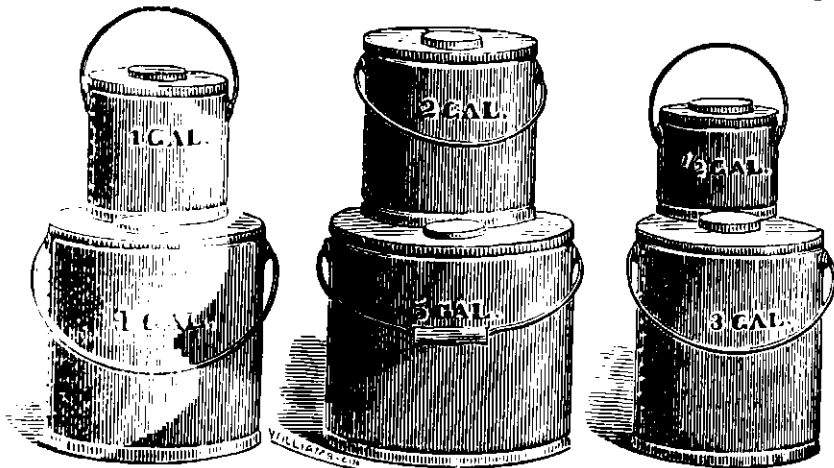

They are made of a superior quality of Sheet Iron, with Wooden Bottoms bound with Iron before they are put in, and Hoops shrunk on, same as a tire is put on the wheel of a wagon.

IT IS ECONOMY TO BUY THEM.

The Measures are always correct, and are not injured by rats or other animals. The Buckets do not fall to pieces when exposed to the sun.

FOR SALE BY ALL THE LEADING HARDWARE HOUSES.

IRON PAINT PAILS FOR MIXED PAINTS, &c.

Patented September 16, 1873.

Order your Mixed Paints put up in STITES & CO.'S IRON PAINT PAILS, with Wooden Heads, which require no boxing to ship them; and the paint is always ready for use, in small quantities, by simply removing the bung, stirring up the paint, and painting from the hole. When done, the bung can be replaced, thereby excluding the air until the remainder of the package is wanted, when the head may be removed, thus making a good bucket for paint or other uses. They are made in sizes from $\frac{1}{2}$ to 10 gallons. The large sizes, when emptied, make excellent slop or garbage buckets. Send for Circulars and Price List. ADDRESS:

INSTRUCTIONS FOR TURNING IN AN ALARM.

First. Pull the hook down once, slow; let it go, and shut the door.

Second. Persons turning in an alarm should always turn back, meet the firemen and direct them to the place of fire, thereby saving considerable time.

Third. Parties holding keys are requested to prevent all persons from tampering with the boxes.

DIRECTIONS TO THOSE HOLDING SIGNAL KEYS.—

First. Keep your key in a safe and convenient place.

Second. Be sure that there is a fire before sounding an alarm.

WATER WORKS DEPARTMENT.

Office in Court House.

BOARD OF TRUSTEES.

JAMES C. WRIGHT, President.

Louis Stemler, Term expires January, 1889.	Henry Howe, Term expires January, 1887.
H. W. Knarr, Term expires January, 1891.	B. R. Morton, Engineer and Superintendent.
J. A. Forbes, Secretary.	

TARIFF OF WATER RATES.

Families occupying a house containing one or two rooms, \$4.00 per annum; three or four, \$5.00; five or six, \$6.00; seven or eight, \$8.00; nine or ten, \$10.00; eleven or twelve, \$11.00; thirteen or fourteen, \$13.00; fifteen or sixteen, \$14.00. Houses containing more than sixteen rooms to be charged at the rate of fifty cents for each additional room.

Houses occupied by more than one family to be charged at the above rates for one family, and \$2.50 for each additional family.

Boarding houses to pay at the same rate as above for houses containing the same number of rooms, and fifty cents additional for each room.

Public Baths—warm, \$12.00 per annum; cold, \$6.00; private baths—warm, \$6.00; cold, \$3.00; water closets in public houses, \$5.00 to \$10.00; water closets in private houses, \$3.00.

Stationary wash stands, with hydrant attachment—public, \$5.00; private, \$1.00 each; barber's wash stands, \$3.00 per annum. Urinals to be assessed.

Plugs for gardens and other purposes to be assessed. Barber shops, \$2.00 per annum for each chair. Livery and private stables, \$2.00 per annum for each stall. For each carriage, buggy or wagon, \$1.00 per annum. Each work horse, \$1.50 per annum. Each cow, \$1.50 per annum. Hard-bread and cracker baker, 1 cent per barrel. Soft-bread baker, 1½ cents per barrel for flour used. Coffee houses from \$5.00 to \$20.00 per annum. Restaurants to be assessed. Fountains to be assessed. Stores, offices and sleeping rooms, \$2.00 to \$10.00 per annum. Smith shops, \$2.00 per annum for each forge. Brick work, 10 cents per thousand. Plastering, 3 cents for each bushel of lime used. Stone work, 3 cents per perch. Schools from \$2.00 to \$10.00 per annum.

Plug or hose hydrants for washing sidewalks, \$3.00 for each house of thirty feet front or less, and for all fronts exceeding thirty feet, at the rate of six cents for each additional front foot. Corner buildings to be charged at the above rates for both fronts.

The following abuses, viz: 1st, permitting the use of water for any other purpose than that named in the bill; 2d, permitting leaks; 3d, permitting water to run unnecessarily, will be followed by the stoppage of water from hydrants where they are permitted, and the infliction of the penalties prescribed by law.

No person is permitted without consent of the office, to turn any private or public stopcock.

St. Joseph's Benevolent Association—Instituted April 8, 1867. Meets every first Tuesday of each month at St. Stephen's School House, north-east corner Harris and Saratoga streets.

St. Stephen's Savings Association—Meets every Sunday at St. Stephen's School House, north-east corner of Harris and Saratoga streets.

Soldiers' and Sailors' Memorial Association—Meets every Friday evening at 187 Bellevue street.

Sisters of Notre Dame—231 Saratoga street.

Swift's Iron and Steel Works—Incorporated 1866. Office, 26 West Third street, Cincinnati. E. L. Harper, President; Geo. E. Clymer, Vice President; J. H. Mathews, Treasurer; John L. Pfau, Secretary.

BOUNDARIES OF WARDS.

FIRST WARD—Beginning where the center line of York street extended intersects the Ohio River; thence southwardly with said center line to the center of the intersection of said York and Madison streets; thence eastwardly with the center line of Madison street extended to the western line of Taylor's Lane; thence northwardly with said western line of Taylor's Lane extended to the southern line of the Manufacturing Company's Addition; thence with the southern and eastern lines of said Manufacturing Company's Addition to the Ohio River; thence north-westwardly to a point directly opposite the north-east corner of the Manufacturing Company's Addition at low water mark on the north side of the Ohio River; thence with low water mark with the north side of the Ohio River south-westwardly to a point directly opposite the center of York street; thence south-eastwardly across the Ohio River to the place of beginning.

SECOND WARD—Beginning where the center line of York street extended intersects the Ohio River; thence southwardly with said center line to the center of the intersection of York and Madison streets; thence westwardly with the center of Madison street to the Licking River; thence northwardly with the Licking River to the junction thereof with the Ohio River; thence northwardly to a point at low water mark directly opposite and on the north side of the Ohio River; thence with low water mark of the north side of the Ohio River north-eastwardly to a point directly opposite the center of York street; thence south-eastwardly across the Ohio River to the place of beginning—excepting, however, the arsenal ground.

THIRD WARD—Beginning at the center of the intersection of York and Madison streets; thence eastwardly with the center line of Madison street extended to the western line of Taylor's Lane; thence with the western line of Taylor's Lane S. 54 degrees E. to a point in the center of Covert Run Turnpike; thence S. 39½ degrees E. to a point where the center line of Ringgold street extended would intersect the same; thence with said center line of Ringgold street extended westwardly to the center of the intersection of Ringgold and York streets; thence with the center line of York street northwardly to the place of beginning.

FOURTH WARD—Beginning at the center of the intersection of York and Madison streets; thence with the center line of York street southwardly to the center of the intersection of York and Ringgold streets; thence west-

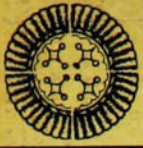

wardly with the center line of Ringgold street to the center of the intersection of Ringgold and Isabella streets; thence with the center line of Isabella street northwardly to the center of the intersection of Isabella and Goodman streets; thence with the center line of Goodman street westwardly to the Licking River; thence with the Licking River northwardly to the center line of Madison street; thence with the center line of Madison street eastwardly to the place of beginning.

FIFTH WARD—Beginning at the center of the intersection of York and Ringgold streets; thence with the center line of Ringgold street extending eastwardly to the eastern line of the Corporation; thence with the said eastern line S. 39½ degrees E. to Taylor's post and rail fence at the foot of the hill; thence S. 30½ degrees W. to the eastern line of Monmouth street, the same being the south-western corner of Taylor's Turnpike Addition; thence with said eastern line of Monmouth street to the line of division between Tibbatts' Addition to the city of Newport and the line lot of A. S. Berry, where the old Licking Road formerly opened on the Turnpike Road; thence westwardly along the dividing line between said tracts to John street, if extended; thence northwardly along the west line of John street, if thus extended, to the center line of Liberty street; thence with said center line of Liberty street westwardly to the center line of York street; thence with the center line of York street northwardly to the place of beginning.

SIXTH WARD—Beginning at the center of the intersection of York and Ringgold streets; thence with the center line of York street to the center line of Liberty street; thence with said center line of Liberty street westwardly to the center line of Central Avenue; thence with said center line southwardly to the dividing line between the Trustees' Addition to the city of Newport and Gen. James Taylor's home or Bellevue tract; thence with said dividing line westwardly to the Licking River; thence with the Licking River northwardly to the center of Goodman street extended; thence with the center line of Goodman street eastwardly to the center of the intersection of Goodman and Isabella streets; thence with the center line of Isabella street southwardly to the center of the intersection of Isabella and Ringgold streets; thence with the center line of Ringgold street eastwardly to the place of beginning.

PUBLISHERS OF THE

KENTUCKY STATE JOURNAL

TRI - WEEKLY

AND WEEKLY

GOOD WORK AT LOW RATES

AUTHORIZED BY LEGISLATURE

OF KENTUCKY, APRIL 8th, 1878.

PREMIUMS PAID PROMPTLY

Distribution of Premiums

TO THE SUBSCRIBERS OF THE

Kentucky State Journal

BY THE

NEWPORT PRINTING AND NEWSPAPER CO.

THE TRI-WEEKLY

Kentucky State Journal

Published every Tuesday, Thursday and Saturday. Terms of subscription: By the week, payable to carrier, five cents; per annum, including a ticket for the distribution, \$2.50 in advance. The WEEKLY KENTUCKY STATE JOURNAL is published every Thursday; subscription one year, including ticket, \$1.50; six months, including ticket, \$1.00.

ADVERTISING RATES:—TRI-WEEKLY—one square first insertion, \$1, one square each continuance, 50 cents. WEEKLY—one square first insertion, \$1.50; one square each continuance, 75 cents.

The management have the pleasure of announcing that all distributions heretofore have given general satisfaction, the whole being conducted by a committee of honorable gentlemen from various portions of the State, and the premiums faithfully delivered to those holding tickets for the same. The same honest dealing will mark all distributions in the future.

Sample copies, with list of premiums, sent free.

The George Weber Brewing Co.

— BREWERS AND BOTTLERS OF —

PILSENER, RHEINGOLD and DOPPEL BEER.

ANALYSIS OF BEER.

WE have recently made an examination of WEBER'S LAGER BEER, and also the Brewery and extensive storing and fermenting vaults in the side hill in the rear, having a Natural Drainage. The beer we find to be of the same good quality as we found it upon a former analysis — full flavored, of excellent body, and of full alcoholic strength. In every respect a finished malt liquor, free from any ADULTERATION.

Percentage by volume of Alcohol,	-	6.175
Percentage by weight of Alcohol,	-	5.04
Percentage of solid matter,	- - -	4.86

BLOCK-BINDING, TENSION-EQUALIZING WIRE FENCE.

THE BEST AND CHEAPEST FENCE in the world for railroad, farm and ornamental use. Its principles are superior to the suspension bridge, being more adjustable. It can be taken down and removed from field to field for twenty years without damage to the material. Metal gate and Posts, adjustable to any width, from three to ten feet. Fence built from any kind of wire. Braided Wire for Ornamental Fence. Orders solicited for all kinds of wire or for Fence. Agents wanted. Profits good. For terms and illustrations, address,
