

XVII NATIONAL CONFERENCE OF ASTRONOMERS OF SERBIA

Belgrade, 23-27 September 2014

Scientific Organizing Committee:

Stevo Šegan (co-chair, Faculty of Mathematics, Belgrade)
Slobodan Ninković (co-chair, Astronomical Observatory, Belgrade)
Olga Atanacković (Faculty of Mathematics, Belgrade)
Slobodan Jankov (Astronomical Observatory, Belgrade)
Zoran Knežević (Astronomical Observatory, Belgrade)
Nadežda Pejović (Faculty of Mathematics, Belgrade)
Luka Popović (Astronomical Observatory, Belgrade)
Dejan Urošević (Faculty of Mathematics, Belgrade)

Local Organizing Committee:

Anđelka Kovačević (co-chair, Faculty of Mathematics, Belgrade)
Bojan Novaković (co-chair, Faculty of Mathematics, Belgrade)
Bojan Arbutina (Faculty of Mathematics, Belgrade)
Aleksandra Dobardžić (Faculty of Mathematics, Belgrade)
Dušan Marčeta (Faculty of Mathematics, Belgrade)
Dušan Onić (Faculty of Mathematics, Belgrade)
Marko Pavlović (Faculty of Mathematics, Belgrade)
Viktor Radović (Faculty of Mathematics, Belgrade)
Milan Stojanović (Astronomical Observatory, Belgrade)
Milica Vučetić (Faculty of Mathematics, Belgrade)
Veljko Vujčić (Astronomical Observatory, Belgrade)
Vladimir Zeković (Faculty of Mathematics, Belgrade)

FIRST ANNOUNCEMENT

The XVII National Conference of Astronomers of Serbia will take place in Belgrade from September 23-27, 2014. The Conference brings together specialists from Serbia and from abroad in all fields of astronomy and related disciplines. It will be organized in problem-oriented sessions that will include: invited review (plenary talk), invited talk presentations of PhD and master theses completed since the preceding conference, contributed talks and posters. The objective of the Conference is to cover as many topics belonging to astronomy and related fields as possible. With respect to this the following scheme is given:

1. Astrophysical spectroscopy
2. Stellar physics and physics of interstellar medium
3. Stellar and galactic systems
4. Astrometry, dynamical astronomy and planetology
5. Extragalactic astronomy and cosmology
6. Interdisciplinary studies (astrobiology, astrochemistry, geophysics, atmospheric physics, astronautics and space science)
7. History, philosophy and teaching of astronomy
8. Amateur astronomy, sociology of astronomy, astronomy in arts and culture

We welcome scientists from all over the world to join us, to present your newest studies, to participate in active discussions, and to build future collaborative relationships.

A preliminary conference program will be given in the Second Announcement.

The regular assembly of Society of astronomers of Serbia (SAS) is scheduled for September 27th. The agenda for this assembly will be prepared by the SAS president and other officials. The Second Announcement (future Announcements) will contain a preliminary agenda.

The Abstract Book will be published before the Conference, the Proceedings shortly after it. All relevant information (registration, Abstract Book, Proceedings, travel info, etc) is available on the official website: <http://astro.math.rs/nkas17/>

The official languages of the Conference are English and Serbian. There is no registration fee.

Venue: Headquarter of the University of Belgrade, Studentski Trg 1, Belgrade

IMPORTANT DATES

Registration – June 15, 2014

Abstract submission – June 15, 2014

Second Announcement – July 15, 2014

Proceeding Contributions submission – November 15, 2014

XVII NACIONALNA KONFERENCIJA ASTRONOMA SRBIJE

Beograd, 23-27. septembar 2014.

Naučni organizacioni komitet:

Stevo Šegan (ko-predsednik, Matematički fakultet, Beograd)
Slobodan Ninković (ko-predsednik, Astronomska opservatorija, Beograd)
Olga Atanacković (Matematički fakultet, Beograd)
Slobodan Jankov (Astronomska opservatorija, Beograd)
Zoran Knežević (Astronomska opservatorija, Beograd)
Nadežda Pejović (Matematički fakultet, Beograd)
Luka Popović (Astronomska opservatorija, Beograd)
Dejan Urošević (Matematički fakultet, Beograd)

Lokalni organizacioni komitet:

Anđelka Kovačević (ko-predsednik, Matematički fakultet, Beograd)
Bojan Novaković (ko-predsednik, Matematički fakultet, Beograd)
Bojan Arbutina (Matematički fakultet, Beograd)
Aleksandra Dobardžić (Matematički fakultet, Beograd)
Dušan Marčeta (Matematički fakultet, Beograd)
Dušan Onić (Matematički fakultet, Beograd)
Marko Pavlović (Matematički fakultet, Beograd)
Viktor Radović (Matematički fakultet, Beograd)
Milan Stojanović (Astronomska opservatorija, Beograd)
Milica Vučetić (Matematički fakultet, Beograd)
Veljko Vujčić (Astronomska opservatorija, Beograd)
Vladimir Zeković (Matematički fakultet, Beograd)

PRVO OBAVEŠTENJE

XVII nacionalna konferencija astronoma Srbije održaće se u Beogradu, 23-27. septembra 2014. godine. Konferencija okuplja kako domaće tako i strane eksperte iz svih oblasti astronomije i srodnih disciplina. Ovaj petodnevni skup biće organizovan u vidu tematskih celina koje će se sastojati od predavanja po pozivu domaćih i stranih naučnika, izlaganja doktorskih teza i master radova objavljenih u periodu između dve konferencije (2011 - 2014), kraćih saopštenja i postera. Na Konferenciji će biti prikazani radovi iz svih oblasti astronomije, kao i tema vezanih za astronomiju i druge srodne nauke. Spisak uključuje, ali se ne ograničava na njima, sledeće teme:

1. Spektroskopija astrofizičke plazme
2. Fizika zvezda i međuzvezdane materije
3. Zvezdani i galaktički sistemi
4. Astrometrija, dinamička astronomija i planetologija
5. Vangalaktička astronomija i kosmologija
6. Interdisciplinarnе studije (astrobiologija, astrohemija, geofizika, atmosferska fizika, astronautika i kosmička istraživanja)
7. Istorija, filozofija i nastava astronomije
8. Amaterska astronomija, sociologija astronomije, astronomija u umetnosti i kulturi

Preliminarni program Konferencije biće objavljen po prijemu prijava u drugom obaveštenju.

Skupština Društva astronoma Srbije biće održana 27. septembra 2014. godine. Odluku o dnevnom redu ove Skupštine doneće predsednik i rukovodeći organi društva. Preliminarni dnevni red biće objavljen u Drugom obaveštenju.

Knjiga apstrakata će biti štampana pre, a Zbornik radova neposredno posle Konferencije. Način pripreme tekstova (apstrakata i članaka) se može naći na zvaničnoj internet prezentaciji Konferencije: <http://astro.math.rs/nkas17/>

Zvanični jezici Konferencije su engleski i srpski. Učesnici Konferencije ne plaćaju kotizaciju.

Mesto održavanja Konferencije: Zgrada Rektorata Univerziteta u Beogradu,
Studentski Trg 1, Beograd

VAŽNI DATUMI (rokovi)

Prijava za Konferenciju – 15. jun 2014.

Prijem apstrakata - 15. jun 2014.

Drugo obaveštenje – 15. jul 2014.

Prijem radova za Zbornik – 15. novembar 2014.
