	Winds up career of 42 years. First patrolman to patrol on bicycle. First to have a patrol car - "a cut-down Ford which I fixed up myself soon after 1915."	
	Retired as Turnkey for the County at 70. Began as an extra patrolman for the city when the circus came to town or some such event required extra help.	
	Hired McCulley. Never had any special call to police duty - just found himself a policeman. Partly suited because of his size. Became a regular policeman January 24, 1924. In 1942 named Police Chief. Resigned in 1946 and has been a turnkey ever since. Was the first local police to ride in a patrol car. It was a cut-down Ford he adapted by adding a big gas tank on the back. He says it was very handy at times. The first motorcycle was one that belonged to the son of Dr. Harvey Burkhart. Says he never used a gun or club. When he asked McCulley for a gun when he first joined the force McCulley said he didn't need one - he was big enough. Daughter: Mrs. Richard Pixley.	2-28-1957

Taverns	Log building opposite the site of the Land Office the first building in the village - "Rowe's Hotel" - built by Abel Rowe. Stephen Russell built a log house on the site later occupied by the Genesee House. Russell added a frame wing to the tavern later. "Snake Den" at the corner of Main and State built in 1834 by Truman Hurlburt and called the Genesee House. Batavia Library subscribers convened at the home of Abel Rowe the second Tuesday, November 1804. John Rowe was one of the original members of the Free-Will Baptist Church. Ethel Holly Hottos says she was born in the house now on the corner of Ellicott Street Road and Townline Road - facing Bethany Center Road, as her father was before her - not her sister. She says a tavern stood in the triangle of Ellicott Street Road and the Bethany Center Road and when it burned the present house was built as a tavern. License of Martin Yates revoked - whiskey seized, adulterated. 216 Ellicott Street. Past & Present column: List of early taverns.
