Atlantis Treixadura 2017

Origin

Four wines from five different denominations of origin, created under the influence of Atlantic climate with indigenous varieties such as Albariño, Treixadura, Godello and Hondarrabi Zuri. Cool climate with constant rainfall generates wines with the perfect balance between freshness and acidity.

Varieties: Treixadura.

Vineyard: Vineyards are located on the slopes of the medieval town, called Ribadavia and surrounded with river Miño and Avia. Granite soil with a high presence of stones and gravels with loamy-sandy texture.

Harvest: Manual harvest of selected grapes, in the second half of September.

Winemaking: The grapes are softly pressed with pneumatic press. Controlled fermentation in vats at low temperature (18°C), to obtain powerful and fresh aromatic profile.

Alcohol Content: 12,5% Vol.

Tasting notes

Colour: Clean golden-yellow colour.

Nose: Medium intense aroma with varietal character, showing aromas such as ripe yellow fruits and citrus.

Palate: Smooth, creamy with a great unctuousity and perfect acidity that matches its body, making it a very harmonious wine with long aftertaste.

Difficult vintage due to the late frost in the spring and a very dry summer. The grape had an excellent health at the time of harvest. The acidity, although lower than in past years, did allow for fresh wine and good balance.
