

Civilianizing the Youth at Risk Coordinator Just Do It

Problem Statement:

To determine feasible means to utilize police resources effectively fostering fiscal and resource planning, work allocation and crime reduction, which are all strategic priorities of the Fredericton Police Force (FPF).

Non-core Police
Function

Monique Harquail
BEd, MSW
YAT Coordinator

Executive Summary/Process Improvement

Moving the non-core police function of Youth at Risk Coordinator to a civilian Youth at Risk/Mental Health Unit accomplishes maintaining the critical link between youth and police. The objective of this connection is meeting the needs of those youth at risk who are engaging in criminal or destructive behavior with a focus on crime reduction. By civilianizing this position the FPF is able maintain service and quality by being fiscally prudent.
