Brockport Loan and Building Association

One of the most perfectly organized Associations in the State, and controlled by the Banking Law of New York.

A Savings Bank, paying more interest on deposits than any Bank in the State.

Investments earn six per cent. annual interest, above expenses.

Compounding interest monthly instead of yearly shows WHY.

Borrower and depositor share alike in profits.

JOIN THE ASSOCIATION

to invest, to save, or to build a home. By so doing you will add to the prosperity of Brockport, besides profiting yourselves.

The Association will aid to buy or build homes.

DEPENDABLE GOODS.

We handle goods that are cheap, but not cheap goods. We want our goods to become your goods and our store to become your store. When this want is realized we shall feel sure of seeing you or hearing from you very often. Then you will bring your friends to our store and we all shall derive a mutual profit. Our joint success depends on your efforts and ours. It cannot fail if we try to please each other.

5

HISTORY OF BROCKPORT.

Brockport is a beautiful village of 3,700 inhabitants, situated 20 miles northwest of Rochester on the Falls Branch of the N. Y. C. R. R.

Brockport derives its name from one of its earliest settlers, Hiel Brockway, a man of great enterprise and business capacity, who gave liberally of his land and means to the early settlers of Brockport.

Brockport was incorporated in 1829, but its charter was remodeled in 1852 and again in 1872.

Brockport has been the home of many statesmen and men of high standing in all professional lines; and Brockport of today is proud to count as one of her citizens, the noted authoress and traveler, Mrs. Mary J. Holmes, and all count it a rare treat to visit her pleasant home on College street, and see the collection of curios that Mrs. Holmes has gotten together in her many years of travel.

Brockport has many large manufacturing concerns. Among them are the Moore-Shafer Shoe Factory, manufacturers of the famous "Ultra" shoes

for ladies; the Brockport Wagon Co.; the Brockport Wheel Works; the Phelps Piano Case Co.; the Brockport Piano Co.; the B. F. Gleason Cooling Board Manufacturing Co.; the Batavia Preserving Co.; the Bradford Bean Puller and Bean Planter Co.

Brockport is also favored by having located here one of the largest of the State Normal Schools, whose graduates, numbered by the hundreds, have gone into all parts of our own country and foreign lands, to help in the great onward march along the lines of better education.

As a shipping point, Brockport is exceptionally well favored, having the Falls Branch of the N. Y. C. R. R. on one side and the famous Erie Canal on the other side and a new trolley road running through the heart of the village is now nearing completion.

Brockport might well be called "the Village of Beautiful Homes," for wherever we roam throughout its beautiful streets, these fine and spacious houses confront us and their outward splendor is but a glimpse of the peace and beauty that calmly reigns within.

Brockport's Watch Store

Every one of my Watches is guaranteed to be just as represented. I sell so that this becomes your Watch Store ever afterwards. I tell you what to expect of each purchase. I want you to trade here with the feeling that you are running no risks.

Watch repairing is a branch of my business to which I give careful attention. When you leave your watch with me it will be done in a workmanlike manner. I want to add to my reputation of doing honest, thorough watch repairing.

Remember—"What Arniel Tells You Is So."

AUSTIN & SMITH

DRUGS

Our line is carefully selected, first for quality—price is not the first consideration—and is bought of only the best houses in the business. Toilet Articles, Surgical Supplies, etc., in abundance.

We make a specialty of Prescription work, for which we are well equipped, both with stock and fixtures.

One or two licensed men constantly in attendance.

BOOKS

We handle nearly every kind of School Book used in this vicinity. Of Tablets, Note Books, Pencils, Crayons, Inks, Etc., there is a large and varied assortment.

STATIONERY

Our line of Box Paper, Tablets, Envelopes, Etc., covers nearly all the leading styles and sizes.

Call and see us.

5a

History of Spencerport.

Spencerport, a village of 800 inhabitants, is located eleven miles west of Rochester on the Falls Branch of the N. Y. C. R. R.

As the stranger alights from the train at the depot, he begins to wonder where the village is, but he soon finds that he is right in the midst of it, and the reason that he did not see the houses and stores is that they are hidden by the beautiful trees that so plentifully abound and offer cool retreats on every side.

Spencerport is one of the oldest villages in this section of the country, having celebrated its centennial anniversary a few years ago.

As a manufacturing center, Spencerport does not have much of which to boast, but in the fall of the year it is one of the busiest fruit shipping centers in New York state, for hundreds of car loads of apples, cabbage, potatoes and fruit of all kinds are loaded and sent from this point.

As a residence village, Spencerport is an ideal spot, having ample railroad facilities and a new trolley road which runs through the center of the village is nearly completed.

WHOLESOME TEETH.

YOU can enjoy good things to eat after your lost teeth are replaced or decayed ones repaired.

Delaying loses more teeth, is more expensive when you are ready for the attention they should have now.

Crown and Bridge Work

is the most beautiful, most substantial, and most modern method of restoring lost teeth or preserving broken ones; because it allows the greatest freedom and enjoyment while eating and talking, and the exercise of all other functions of the mouth.

We can give you artificial teeth that are sanitary, do not shine with saliva or poison the mouth as many inferior grades do.

If you will let me look at your teeth I will give you some information you will not regret. **New** patients are pleased to send others. Examination and estimates cheerfully given at any time free of charge.

"Prices That Don't Provoke."

History of Holley.

The village of Holley is situated 22 miles west of Rochester on the Falls branch of the N. Y. C. R. R. Up to the time of the building of the Erie canal through this section the land now occupied by the village was covered with a dense hemlock forest. In 1822 there were only two framed residences and four log houses.

Holley received its name from Major Holley, one of the canal commissioners when the Erie canal was built. Holley was incorporated as a village in 1850, Harrison Hatch acting as its first president.

Holley has been a great sufferer from the ravages of fire. Three or four times the business part of the village has been greatly damaged by conflagrations.

But Holley as we see it today is a thriving village of up-to-date citizens, who seem much interested in the progress and welfare of the community.

While Holley does not rank with some of her neighboring villages in

manufacturing concerns, yet there is located here one of the largest cider and vinegar manufacturing concerns in the United States. This firm is known as the Genesee Fruit Co., and on the outskirts of the village we find several large stone quarries, employing many hands to prepare this stone for the market, where it is used for building purposes. Also a very large canning factory is located here, where many hands and machines are engaged receiving the raw material from the neighboring farms and turning it out in a finished product.

The largest hotel in Holley is the "Downs' Hotel." This hotel was built by John Downs in 1892 at a cost of about \$30,000, and it is generally considered the finest hotel building in Orleans county.

The battle cry of the progressive citizens of Holley today is "more industries in our midst," and Holley of tomorrow must outstrip Holley of today.
