The EPSON Expression® Premium XP-600 Small-in-One™ delivers stunning photos and sharp text every time. Available in a sleek, compact design, this all-in-one boasts a dedicated photo tray for 4"x6" and 5"x7" paper, automatic two-sided printing to save paper, and creative project capabilities such as direct printing onto CDs and DVDs. In addition, its built in card slots[1] and intuitive 2.5" LCD and touch panel allow PC-free photo printing. The XP-600 also features convenient wireless technology[2] so multiple users can print from any room in the house, even with a smartphone, iPad® or tablet with EPSON Connect™.[3] The XP-600 also includes Apple® AirPrint™ and Google Cloud Print™ support.

Estimated Street Price: $149.99   **Availability:** October 2012

Innovative and Intuitive Technology

Compact Design
- Superior performance in a space-saving, Small-in-One design
- 15.4" x 13.4" x 5.4" (W x D x H) in storage; 21.5 lbs.

Simple Printing
- Convenient 2.5" LCD with touch panel for easy operation; preview, edit and print photos without a computer
- Dedicated photo tray for 4"x6" and 5"x7" photo paper

Built-in Wireless Networking
- Wi-Fi CERTIFIED n networking for better coverage
- Print, scan and access memory card slots from any room in the house

Convenient Mobile Printing with **EPSON Connect**
EPSON Connect makes it easy to print and scan from anywhere with your iPad, iPhone, tablet, smartphone, and more. It is comprised of three, free solutions — Email Print, EPSON iPrint™ mobile app, and Remote Print — to address the printing and scanning needs of busy, mobile users whether at home, in the office or on the go. EPSON Connect enabled printers also support Apple AirPrint and Google Cloud Print.

- **Remote Print** – Print from a computer or laptop to an EPSON email-enabled printer using any Windows® software to streamline productivity without worrying about formatting or fonts
- **Email Print** – Send documents and photos directly to an Epson printer's unique e-mail address to easily print from a smartphone or other mobile device
- **EPSON iPrint™** – Print web pages, Microsoft Office documents, photos, and PDFs over a wireless network anytime with this free app; also scan and save files on your device, send it as an e-mail or upload it to a cloud service such as Box.net, Dropbox, Evernote®, or Google Docs™
- **Apple AirPrint** – Print emails, photos, web pages, and documents from an iPad®, iPhone® or iPod touch®; no software, drivers or cables to connect
- **Google Cloud Print™** – Print from an Android smartphone or tablet with a Gmail or Google Docs account and other supported apps; also print from Chromebooks and the Google Chrome browser

Superior Print Quality

Smart Ink System
- Claria® Premium 5-ink system with dye and pigment black for vivid, professional-quality photos and sharp text
- Smudge, scratch and water-resistant prints to immediately share photos or archive documents[4]

- Convenient individual ink cartridges to replace only the color needed
- Standard and high-capacity (XL) black and color ink cartridges accommodate various printing needs at an affordable price[5]
- High-capacity cartridges deliver up to 50 percent more prints[5]

Photo Enhancement Tools
- Built-in Auto Photo Correction automatically evaluates and corrects images
- Easily brings old, faded photos back to life with convenient color restoration
- Automatically removes red eye
- Standalone BorderFree® photo printing in popular sizes and layouts, including 2-up, 4-up, 8-up or 20-up on a page

Advanced MicroPiezo® Printing Technology
- Advanced MicroPiezo® print head technology ensures sharp, accurate ink placement, while optimizing print speeds
- With "smart" nozzles, this powerful technology delivers droplets in as many as five sizes, some as small as 1.5 picoliters, ensuring remarkable precision, sharper detail and outstanding image quality – every print, every time
- Epson's advanced MicroPiezo technology used in the Expression Premium series is the same technology featured in wide format printers used by professional photographers

## High Performance

Productivity Features
- Precise 2400 dpi scanning captures photos, documents and more; saves scans as JPEGs or PDFs, with or without a computer
- ISO print speeds of 12 ISO ppm black and 9 ISO ppm color single-sided; 5.2 ISO ppm black and 4.5 ISO ppm color double-sided[6]

Creative Projects
- Design and print elegant note paper and invitations – superior image quality
- Print custom designs directly onto ink jet printable CDs/DVDs

Eco-Friendly Features
- Easily save up to 50 percent of paper with automatic two-sided printing and copying
- Supports printing on recycled paper
- Designed to be recycled[7]
- ENERGY STAR® qualified
- RoHS compliant
- Epson America, Inc. is a SmartWay[SM] Transport Partner[8]

Better Products for a Better Future™

[1]Some applications and/or functions may not be supported by Mac®.

[2]Wi-Fi 802.11 b/g/n certified; level of performance subject to the range of the router being used. Visit www.wi-fi.org/files/11nbasics_glossary.pdf for more information.

[3]See www.epson.com/connect for a list of supported/compatible devices and apps.

[4]Smudge, scratch, water, and fade resistant on EPSON photo papers. For CDs/DVDs, resistant only on specially-treated discs.

[5]Cartridge yields are based on continuous printing of a suite of five black and color pages as required by ISO/ IEC 24711 and 24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridges is used for priming the all-in-one. Ink is used for both printing and print head maintenance. All inks are used for both black and color printing. For more information about yields for this all-in-one, see www.epson.com/cartridgeinfo.

[6]ISO ppm is based on the new international standard for measuring print speed. Black and color print speeds are determined in default, single-side mode, in accordance with ISO/IEC 24734. Actual print items will vary based on system configuration, software, and page complexity. See www.epson.com/printspeed for details, including complete ISO reports.

[7]See our website for convenient and reasonable recycling options at www.epson.com/recycle.

[8]SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.

[9]Epson provides phone support, without charge, for the life of the product. Telephone toll charges may apply.
