

Spring Meadow Nursery, Inc.

Flowering Shrub Catalog 2009-2010

INVINCIBELLE™ SPIRIT

Reblooming Pink
'Annabelle'

Our goal is to raise a million dollars for breast cancer research. Proven Winners will donate \$1.00 from every purchase to The Breast Cancer Research Foundation®. We encourage you to donate as well. BCRF is dedicated to preventing breast cancer and finding a cure in our lifetime by funding clinical and translational research worldwide. Visit www.springmeadownursery.com to make a donation.

Message From Dale

Dale Deppe

*President
Spring Meadow Nursery, Inc.
(Holding ABRACADABRA™ Star)*

While talking with other growers and retailers, it was interesting to learn that old, generic varieties did not sell last year. We had the same experience at Spring Meadow; while our old varieties did not sell well, our new, branded plants had higher demand. The so-called experts said that in times like these, people would be buying based on price. It didn't happen. Why? Because people don't want cheap – they want more value for their money. Right now, more than ever, we all need to focus on providing our customers with better value.

Selling the top brands provide this value. For example, Proven Winners offers the best new plants and the best marketing. People have come to trust the brand promise – “A better garden starts with a better plant.” Growers and retailers have learned – “Nothing sells faster.” It also helps that we have four new blockbuster products this year. Bloomerang® Lilac, Lo & Behold™ ‘Blue Chip’ Buddleia, Incrediball® Hydrangea and Invincibelle™ Spirit Hydrangea could not have come at a better time. People are going crazy over them – a sure sign that you need these plants in your mix!

Helping others also has value. I'm pleased to announce that we've partnered with the Breast Cancer Research Foundation® to spearhead a \$1,000,000 fundraising campaign for breast cancer research. One dollar from each Invincibelle Spirit purchased will be donated to the BCRF, aiding them to find a cure in our lifetime. Together we can raise the money that can help make a difference. Please consider sponsoring a fundraiser by promoting this special plant. Encourage your customers to do the same. Ideas for supporting the cause can be found at www.bcrfcure.org. At the very least - copy the BCRF donation widget from the Spring Meadow website and paste it on your website or blog. And as always, we're here to assist you in your success.

A Bird's Eye View

Spring Meadow Nursery has over 20 acres of greenhouses, including 8 acres of Cravo® retractable roof greenhouses and 5 acres of Westbrook open roof greenhouses, and more than 30 acres dedicated to stock plants.

Technology Means Better Plants

Spring Meadow Nursery was one of the first shrub wholesalers in the country to use flood floors, which has led to the development of healthier, more disease-resistant plants.

Quality Control

Our grading machine analyzes each plant and sorts it into one of four grades. The machine evaluates up to 10,000 plants per hour. Automating the grading process eliminates the possibility of human error when deciding whether or not to ship a plant, and has improved the consistency of Spring Meadow Nursery's product.

Propagation Facilities

High pressure fog systems, traveling booms, bottom heat floors, and computerized controls create the optimum propagation environment. It's no surprise that many growers use us as their propagation department.

Michigan: Where We Work (and Play!)

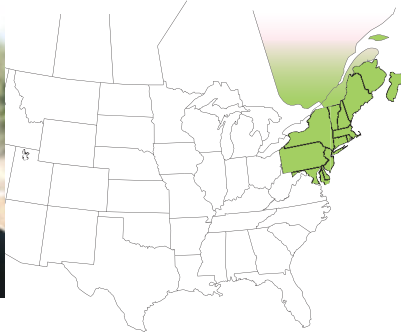

Spring Meadow Nursery is located in Grand Haven, Michigan, just minutes from Lake Michigan, where you'll find miles of pristine beaches, sparkling water, great golf, and so much more. If Michigan's West Coast is your vacation destination, come by and see us. All we ask is a couple of week's notice, and we'll be more than happy to show you around.

Liner Sizes

Spring Meadow Nursery offers a variety of liner sizes, so that you can better meet the demands of your climate and customers.

Quick Turn™ / 16 Tray

React quickly to market shortages of hot-selling varieties with the Quick Turn™ big, deep, fast-turning liner. Better in value than one gallon shift-ups, Quick Turn liners are ideal for shifting into one-, two- or three-gallon pots and selling quickly, finishing in less than 10 weeks. Available with pallet shipments only, select Proven Winners® ColorChoice® plants.

This recent trial of Ghost™ Quick Turns™ illustrates how quickly you can grow plants for resale: Quick Turns shifted to 1 gallons were pinched in Week 4 and finished by Week 11. They were in bud & bloom by Week 12. Using Quick Turns is an easy way to add new plants to your product mix. Ask your salesperson what they recommend for your summer sales program!

4" Pot / 18 Tray

Most of these varieties will finish in less than one growing season. Available with Roses, Hydrangea, Buddleia and other select varieties. Excellent value for potting into one- and two- gallon pots.

2 1/4" Pot / 32 Tray

A great buy for potting into one- gallon or 8- inch pots. Available in most varieties, and will finish in one growing season or less. Spring Meadow Nursery can supply you with full color picture tags of all our varieties! Ask your salesperson to add tags to your plant order to save you time and make your life easier.

Consumers are looking for the Proven Winners package.

Proven Winners newly designed stake tags are required for all Proven Winners ColorChoice plants. Stakes and tags will be shipped with your Proven Winners liners.

You'll get the most out of Proven Winners marketing by growing the plants in distinctive Proven Winners branded containers. Starting Spring 2010, branded containers are required for all Proven Winners ColorChoice plants. Tell your salesperson which size and style container you prefer, and we will ship the containers along with your plant order.

Take the Challenge – it's Guaranteed!

Suggestions for Ordering

We pride ourselves on delivering the varieties you want when you want them. The sooner we know your liner needs and receive your order, the better we can fill it — without back orders or running out of stock. Here's a few tips to ensure your complete satisfaction:

Create a Standing Order

To ensure you receive the varieties you want, year after year, create a standing order. We fill standing orders first, propagating specifically to meet customers' requests.

If you're worried about changing your mind and getting "stuck" with plants you no longer want, don't worry! You can always adjust your order. Ask your sales rep for more information.

Order Early

Our catalog is published mid to late summer, and smart growers know to check out the new varieties and order at once. (It's also a great time to adjust your standing order, too.)

As a bonus to those who order early, or have a standing order, we e-mail a sneak preview of new varieties before the new catalog is mailed. It's a fast way to "call dibs" on the varieties your customers will be seeking. Talk to your sales representative to find out more.

Small Orders

Mid-May is the best time for placing a small order because our liners are at their peak which reduces the potential of backorders.

Confirmation and Shipping

We'll give you a call about two weeks before your order is shipped. This is the perfect opportunity to make last minute adjustments to your order and to confirm your contact information, delivery address, or any special instructions or directions to the driver.

If you need a price list, please call Spring Meadow Nursery, Inc. at 1-800-633-8859 ext. 1203 or email shelly@springmeadownursery.com.

Invincibelle Spirit: A Million Dollars to Fight Breast Cancer

Invincibelle™ Spirit hydrangea is a breakthrough plant as it's the first ever pink flowered Limnolobos type hydrangea. But it's more than that - it's a Survivor and a Thriver! Most hydrangeas just don't deliver when it comes to producing loads of flowers. Invincibelle™ Spirit is different. It consistently delivers loads of flowers every year. From Maine or Mobile, Invincibelle™ Spirit hydrangea blooms, blooms and reblooms. This hardy and heat tolerant hydrangea delivers so much color and so many blooms – every year – Summer to frost.

But it's more than that.

Invincibelle™ Spirit hydrangea can save lives. Together, nurseries, garden centers and passionate individuals can utilize this plant to reach our goal of raising a million dollars for breast cancer research. We'll do our part. Proven Winners will donate \$1.00 from each Invincibelle Spirit purchased to The Breast Cancer Research Foundation®.

You can do your part:

Help us reach our goal of a million dollars for breast cancer research. Together we can do it. Consider sponsoring a fundraiser, help and encourage your customers to conduct a fund raiser, or simply copy the BCRF donation widget from Spring Meadow's website and paste it on your website or blog. Get together with you're your staff and come up with other creative ideas to support the cause. And remember, we're here to assist you.

It's an important cause that's important to your customers. Breast Cancer is the second leading cause of cancer death in women, exceeded only by lung cancer. It is estimated that in 2009 about 192,370 new cases of invasive breast cancer will be diagnosed among women in the United States. At this time there are about 2.5 million breast cancer survivors in the United States.

About the BCRF

Teaming up with the Breast Cancer Research Foundation seemed a natural fit for Invincibelle™ Spirit. After all it's a survivor and a thriver, with breakthrough pink flowers. We partnered with the Breast Cancer Research Foundation because it is the most highly rated breast cancer organization in the United States. Over 90% of the money raised by BCRF goes directly to research. BCRF is dedicated to preventing breast cancer and finding a cure in our lifetime by funding clinical and translational research worldwide. Find out more about this worthy organization at www.bcrfcure.org.

Why We Recommend Proven Winners® ColorChoice®

Better plants.

We created the Proven Winners ColorChoice brand to provide growers and garden center retailers with faster sales and better margins, and to assure consumers of better plants with less effort. More than 90 colorful and exciting plants have earned the right to be a part of the Proven Winners ColorChoice brand – each evaluated and chosen according to our strict selection criteria:

- Performs well in the garden
- Has colorful, attractive foliage
- Enjoys multiple seasons of interest
- Presents well in a container
- Has impulse appeal
- Is environmentally friendly
- Offers a unique look, use or function in the landscape
- Is dwarf, compact or low maintenance
- Has improved disease resistance
- Presents well during peak garden center traffic

While no plant is perfect, we select varieties that meet the greatest number of criteria, ensuring success for growers, retailers and consumers.

Better Marketing.

Proven Winners ColorChoice takes the guesswork out of adding new plants to your product mix. Thanks to our extensive promotion – over one half billion impressions each year in magazines, television, radio and newspapers – consumers know and trust the Proven Winners brand.

Better Sales.

When you combine great plants with effective marketing you get better sales. Better doesn't just mean more units sold, it means higher margins, too. Premium Proven Winners ColorChoice plants command a higher price than commodity plants and are less price-sensitive.

We Guarantee It!

We're so confident in ColorChoice plants that we guarantee they'll sell.

- Purchase ten or more Proven Winners ColorChoice varieties from Spring Meadow Nursery.
- Grow them to retail ready plants of standard size and quality.
- Promote them as a program by growing and selling in the Proven Winners ColorChoice container and using P.O.P. including them with the logo in your catalog.
- If the plants fail to sell, Spring Meadow Nursery will give you free replacement liners, equal to the number purchased. You pay only for freight and tags. The selection of replacement liners may vary from the original order. Spring Meadow Nursery reserves the right to adjust the size and variety of replacement liners.

- To receive replacements, send a photograph of unsold retail-ready, salable plants, and another photograph verifying that the plants were disposed of.

NOTE: This guarantee pertains to liners purchased from this catalog from August 1, 2009 to July 30, 2010, and applies only to unsold, retail-ready plants of a salable size and quality. Poorly grown plants, plants of unusable quality, and plants that remained unsold due to an Act of God are exempt from the guarantee.

Ask your salesperson today about the Proven Winners ColorChoice guarantee.

Spring Meadow Nursery is proud to introduce American Beauties Native Plants®.

American Beauties Native Plants® is a ground breaking program that offers proven solutions for gardeners while creating beautiful garden habitats for desirable wildlife. American Beauties take the guesswork out of native plant gardening by providing plants and landscape solutions that fit the homeowner's garden.

Consumers know to look for the best native plants in distinctively branded pots at their local Garden Centers. American Beauties' fact-filled tags and instructive handouts make choosing native plants easy for gardeners and profitable for garden centers.

Buying American Beauties brings life to your garden and helps a great cause. Every American Beauties plant sold benefits the National Wildlife Federation (NWF) and their work to create better home landscape environments for you and the colorful garden critters you love.

For more information about American Beauties Native Plants visit: www.abnativeplants.com

Looking to draw more attention to your native plant offerings or to sell a native plant program? Consider selling American Beauties™ the only nationally promoted native plant brand.

We now offer 30 shrub varieties that, if you choose, may be purchased as an American Beauties branded kit (look for the American Beauties logo and the AB item number). To complete the brand you'll need to purchase and utilize the American Beauties color picture tag and branded container. Your salesperson can help you build an American Beauties branded program and help you select the size and style of container that's best for your nursery or garden center.

There's a 30¢ / plant marketing fee included in the price of the kit that supports the marketing of the American Beauties brand. Additionally, American Beauties supports a great cause; every American Beauties plant sold benefits the National Wildlife Federation (NWF.org) and their work to create better home landscape environments for you and the colorful garden critters you love.

For more information about American Beauties Native Plants visit: www.ABnativePlants.com. To purchase American Beauties native perennials visit www.NorthCreekNurseries.com.

American Beauties Native Plants® is a trademark of American Beauties, LLC and is used under license to Spring Meadow Nursery, Inc.

American Beauties, LLC supports the National Wildlife Federation. The mission of the National Wildlife Federation is to educate, inspire, and assist individuals and organizations of diverse cultures to conserve wildlife and other natural resources while protecting the Earth's environment to promote a peaceful, equitable, and sustainable future.

BRONZE ANNIVERSARY™ *Abelia*

GOLDEN ANNIVERSARY™ *Abelia*

RUBY ANNIVERSARY™ *Abelia*

SILVER ANNIVERSARY™ *Abelia*

Abelia Abelia

Family: Caprifoliaceae (Ab-elia: after Dr. Clark Abel, 1780-1826, physician and author on China)

BRONZE ANNIVERSARY™

(*A. x grandifolia* 'Rika1', ppaf) Royalty & Marketing Fee .55/plant

Seasons of color! The foliage emerges a unique bronze-orange color and then matures to an attractive lime-gold as the season progresses. White blooms emerge in spring and intermittently throughout the summer. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 6, AHS 9, 3-4 feet, gr 1

Item #: 00592 - 2 1/4" • 00595 - Quick Turn

GOLDEN ANNIVERSARY™

(*A. x grandifolia* 'Minipan') Royalty & Marketing Fee .55/plant

A bright golden variegated selection of 'Compacta'. Colorful and compact with good stability. White blooms emerge in spring. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 6, AHS 9, 24-28 in., gr 1 Item #: 00372 - 2 1/4"

RUBY ANNIVERSARY™

(*A. chinensis* 'Keiser', ppaf, cbraf) Royalty & Mktg. Fee .55/plant

An improved selection that gives you more color as the dark, glossy foliage has ruby-red new growth and fall color. Long blooming with clusters of salmon pink buds, white flowers and soft pink bracts from mid-summer until frost. The fragrant flowers are a butterfly magnet. Developed by Susan Keiser of Ossining, NY. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 4-6 feet, gr 1 Item #: 00122 - 2 1/4"

SILVER ANNIVERSARY™

(*A. x grandifolia* 'Panache') Royalty & Marketing Fee .55 /plant

Distinct, clean silver to cream margined variegated foliage and white flowers. A compact sport from 'Compacta'. White blooms emerge in spring. Discovered by Minier Nursery of France. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 6, AHS 9, 24-28 in., gr 1

Item #: 00382 - 2 1/4"

Abelia 'Bumblebee'

Abelia mosanensis

'Bumblebee' (*A. shumani*)

It looks much like *A. x grandiflora*, but with large, foxglove-like, lavender-pink flowers. The bloom starts early and is very prolific. Originates from Europe. **USDA 7, AHS 9, 3 feet, gr 1 Item #: 00602 - 2 1/4"**

'Little Richard' (*A. zanderi*)

A dwarf cultivar with dark glossy leaves and abundant white flowers from late spring to summer. New growth is an attractive bright red. A branch sport of 'Sherwood' discovered by Richard Currin.

USDA 6, AHS 9, 2-3 feet, gr 1 Item #: 00632 - 2 1/4"

mosanensis

A hardy, fragrant Abelia! We obtained this deciduous species in Latvia, so we know it's hardy. Wonderfully fragrant, rich pink flowers. The fragrance is better than that of a lilac! Blooms adorn this plant from late May to early June. The glossy summer foliage turns an attractive orange-red in autumn. We have never seen any tip die-back on this plant even in years when the other Abelia cultivars are killed to the ground.

USDA 4, AHS 8, 5-6 feet, gr 1 Item #: 00552 - 2 1/4"

Abeliophyllum White Forsythia

Family: Oleaceae (Abelio-phy-llum: Abelia-like leaves)

Abeliophyllum distichum

Resembles a Forsythia in most respects, except for its white flowers and shorter stature. Benefits from a hard pruning after flowering. Red fall color. While it's illegal to sell this plant in its native Korea, you are free to buy all you want from us. **USDA 4, AHS 9, 3-5 feet, gr 1**
Item #: 00722 - 2 1/4"

'Roseum'

A very fine pink flowered version of the above. Not a dark pink, but a pleasant soft pink, that in our opinion, is an improvement over the species. **USDA 4, AHS 9, 3-5 ft., gr 1** **Item #: 00752 - 2 1/4"**

Abeliophyllum 'Roseum'

Abeliophyllum distichum

Aronia 'Brilliantissima'

IROQUOIS BEAUTY™ Aronia

Acanthopanax sieboldianus

Variegated Arelia

Family: Araliaceae (A-canth-o-pan-ox: spiny panox, see-bold-ee-ah-nus: after Phillip Franz Siebold, a German eye doctor who collected plants in Japan when few others had access)

'Variegatus' (Syn. *Elutherococcus* s. 'Variegatus')

One of the best looking variegated plants with its glossy, bright yellow and green palmate leaves. An arching shrub that is very tough and tolerant requiring little care or attention. Small weak spines at the petioles.
USDA 4, AHS 8, 5-10 feet, gr 1 **Item #: 00812 - 2 1/4"**

Andromeda polifolia

Bog Rosemary

Family: Ericaceae (Androm-eda: Greek mythological name)

'Blue Ice'

Bog Rosemary is a low mounding shrub with excellent blue, rosemary-like foliage. Pinkish-white, urn-like flowers from May to July. It grows best in moist, but well drained acid soil. Use in perennial borders, rock garden or in the front of the shrub border as a low edger. Available in June.
NATIVE: North America. **USDA 3, AHS 6, 12 in., gr 2**
Item #: 02402 - 2 1/4"

Aronia melanocarpa

Aronia

Family: Rosaceae (Aro-nia: modified from Aria, a species of Sorbus)

'Autumn Magic'

Its name perfectly describes the magical mixture of red and purple autumn hues. Dark green, waxy summer foliage and white spring flowers add to the magic. Mass for the best show. **NATIVE:** North America.
USDA 3, AHS 9, 5-7 feet, gr 1 **Item #: 02602 - 2 1/4"**

'Brilliantissima' (*A. arbutifolia*)

Fragrant white spring flowers, bright red glossy berries, shiny foliage, and brilliant red fall color unite to make a superb plant. The fall color can't be beat. **NATIVE:** North America. **USDA 4, AHS 9, 6-8 feet, gr 1**
Item #: 02522 - 2 1/4" • 02522AB American Beauties

IROQUOIS BEAUTY™ (*A. m.* 'Morton') Royalty .20/plant.

A useful compact Aronia from the Morton Arboretum. It has the same beautiful flowers and fall color, but in a smaller package. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **NATIVE:** North America.
USDA 3, AHS 9, 3 feet, gr 1 **Item #: 02702 - 2 1/4"**

'Viking'

We consider this one of the best Aronia cultivars. Attractive dark glossy leaves and superb red autumn hues make Viking a winner. Attractive flower display appears earlier in spring than other selections. The large, attractive black fruit persists until spring. Developed in Europe as an orchard plant. Said to be high in vitamins. **NATIVE:** North America.
USDA 3, AHS 9, 3-5 feet, gr 1
Item #: 02852 - 2 1/4" • 02852AB American Beauties

Berberis thunbergii Barberry

Family: Berberidaceae (Berber-is: Arabic name; thunberg-ii: after Carl Peter Thunberg, Swedish botanist and plant explorer)

Top Seller! SUNJOY® GOLD PILLAR

(B. t. 'Maria', pp#18,082) Royalty & Marketing Fee .75/plant

Similar in shape to Helmond Pillar, but with bright golden foliage and red new growth. Great garden architecture. Bright orange-red autumn foliage is stunning. Proven to be burn resistant in side by side tests with other yellow leafed barberries. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** Plantarium Bronze Medal. **USDA 4, AHS 8, 3-4 feet, gr 1.5**

Item #: 03872 - 2 1/4" • 03875 - Quick Turn

SUNJOY® GOLD BERET

(B. t. 'Talago', ppaf) Royalty & Marketing Fee .75/plant

A unique dwarf, low mounding gold barberry with attractive red new growth and red fall color. Proven to be burn resistant in side by side tests with other yellow leafed barberries. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 8, 6-12 in., gr 1.5**

Item #: 04132 - 2 1/4" • 04135 - Quick Turn

SUNJOY™ GOLD PILLAR Berberis

SUNJOY™ GOLD BERET Berberis

Berberis 'CONCORDE'

Berberis 'Helmond Pillar'

'Aurea'

Bright golden yellow foliage all season long. A big impulse item at the garden center. **USDA 4, AHS 8, 3-4 feet, gr 1**

Item #: 03462 - 2 1/4"

'Aurea Nana'

A real attention grabber! Compact habit and bright yellow foliage which turns bright red in autumn. Import permit required for Canadian shipments. **USDA 4, AHS 8, 24-36 in, gr 1.5 – Item #: 03492 - 2 1/4"**

'Bagatelle'

A hard to find selection from the Netherlands. Deep, dark red foliage and a more compact, rounded habit than 'Crimson Pygmy'.

USDA 4, AHS 8, 12-16 in, gr 1.5

Item #: 03522 - 2 1/4" – 03524 - 4"

Top Seller! 'Concorde'

A dwarf ball with velvety, deep purple foliage. We like it better than 'Crimson Pygmy'. Developed by Wavecrest Nursery. Recently added to the federal rust free barberry list. This is a beauty! Import permit required for Canadian shipments. **USDA 4, AHS 8, 18 in, gr 2**

Item #: 03652 - 2 1/4" • 03654 - 4"

'Crimson Pygmy' (syn. atropurpurea 'Nana')

Dense, low spreading, compact form and dark burgundy foliage. Our pure strain of true to name, dwarf, dense Pygmy off our verified field stock plants. **AWARDS:** AGM. **USDA 4, AHS 8, 18-24 in, gr 1.5**

Item #: 03682 - 2 1/4" • 03684 - 4"

'Helmond Pillar'

This is an exquisite deep purple, narrow column. A real architectural beauty that adds structure and color to the garden. Very popular!

USDA 4, AHS 8, 2-3 feet, gr 1.5 – Item #: 03782 - 2 1/4"

'Lime Glow'

A lime-green version of 'Rose Glow'. The bright foliage has enough green pigment to resist the leaf burn that can plague yellow-leaved varieties.

Attractive all season long. Excellent fall color. Recently added to the Federal rust free barberry list. **USDA 4, AHS 8, 3-4 feet, gr 1**

Item #: 03852 - 2 1/4"

BREEDER PROFILE

Dr. Dennis Werner

Lo & Behold™ 'Blue Chip' miniature butterfly bush

Growing up in the diverse agricultural area of York County in south central Pennsylvania, you could say Dr. Denny Werner always had his roots in horticulture. Since his youth, Dr. Werner dabbled in such gardening activities as choosing specimens through seed catalogs and propagating plant cuttings from his family's nursery business.

He initially received a degree in horticulture from Pennsylvania State University. His studies continued at Michigan State University where he earned a Master of Science and PhD degree in Horticulture with an emphasis in plant breeding. This special area of interest is what landed Dr. Werner at North Carolina State University in 1979 with responsibilities in peach breeding and genetics. Today, Dr. Werner continues ornamental breeding work at the university.

After 20 years of successful peach breeding, the doctor was up for new challenges. By 1999, he ventured into ornamental breeding, specifically with Buddleia. Knowing Buddleia was popular but had concerns of invasiveness, Werner had his challenge.

"I anticipated that the development of truly distinct buddleia color along with growth habit would have the potential to be successful in the marketplace," he recalls. Ultimately Werner and his team produced exciting results with 'Blue Chip.'

"We think it is a big step forward in butterfly bush breeding, especially in developing seedless forms of butterfly bush," says Werner. The plant was tested in advanced trials in 2005, 2006 and 2007 and proved its superiority over all other competing cultivars.

Since the development of 'Blue Chip,' Werner and his NCSU team have continued evaluating advanced selections in different flower colors, growth habits and even smaller stature than 'Blue Chip.'

BARBERRY CONTINUED

'Rose Glow'

Colorful rose & pink mottled foliage matures to a deep purple. The remarkable, hot pinkish-purple autumn foliage actually glows. Originated in the Netherlands. Import permit required for Canadian shipments.

AWARDS: AGM. **USDA 4, AHS 8, 4-5 feet, gr 1.5**
Item #: 03962 - 2 1/4" • 03964 - 4"

'Royal Cloak'

Large, deep velvety purple foliage and an upright arching habit. Recently added to the federal rust free barberry list. This is a standout! Import permit required for Canadian shipments. **USDA 4, AHS 8, 4-5 feet, gr 1**

Item #: 04002 - 2 1/4"

RUBY CAROUSEL® (*B. thunbergii* 'Bailone') Royalty .20/plant

A low rounded, red leafed barberry with excellent uniformity. A great choice for hedges or foundation plantings. Listed on the federal rust free barberry list. Import permit required for Canadian shipments. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.

USDA 4, AHS 8, 3-4 feet, gr 1.5 Item #: 04052 - 2 1/4"

'William Penn' (*B. x gladwynensis*)

A dense mounded evergreen with lustrous, dark green foliage and bronze winter color. Numerous, showy, bright yellow flowers light it up in April and May. Introduced by the Henry Foundation for Botanical Research. Durr calls it "...the handsomest evergreen barberry."

USDA 6, AHS 9, 3-5 feet, gr 1 Item #: 03302 - 2 1/4"

Betula nigra River Birch

Family: Betulaceae (Bet-ula: ancient latin name, nigra: black)

FOX VALLEY® (*B. nigra* 'Little King') Royalty .35/ plant

A dwarf selection of river birch with cinnamon and cream exfoliating bark. A great little tree for smaller landscapes or can be used as a large shrub on commercial sites.

River birch has excellent resistance to bronze birch borer. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **USDA 4, AHS 9, 8-10 feet, gr 1**

Item #: 04502 - 2 1/4" • 04502AB American Beauties

Buddleia davidii Butterfly Bush

Family: Loganiaceae (Buddle-ia: after Adam Buddle, English botanist)

NEW

LO & BEHOLD® 'BLUE CHIP'

(*Buddleia x* 'Blue Chip' pp#19,991, cbraf) Royalty & Marketing Fee 1.05/plant

COLOR GUARANTEE

The first in series of new miniature butterfly bush. Lo & Behold Buddleia changes the way you think about butterfly bush. Blue Chip is a remarkable plant that blooms early and continuously without dead-heading or pruning. It can be used as a ground cover, low hedge or in containers. Non-invasive. One of the highest rated cultivars in the RHS All European Buddleia Trial. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 24-30 inches, gr 0.5 Item #: 07092 - 2 1/4" • 07095 - Quick Turn**

LO & BEHOLD 'BLUE CHIP' *Buddleia*

'Miss Ruby'

(*B. x 'Miss Ruby'* ppaf, cbraf) Royalty & Marketing Fee .55/plant
Miss Ruby is a sweetheart of a plant noted for its compact habit and remarkably vivid, rich pink blooms. The flower color is unlike that of any other Buddleia. Developed by Dr. Dennis Werner of the JC Raulston Arboretum in NC. It is a violation of state and/or federal law to use a trademark without permission. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** #1 in 2008 RHS Buddleia Trials. **USDA 5, AHS 9, 4-5 feet, gr 0.5**
Item #: 07044 - 4" • 07045 - Quick Turn

Buddleia 'Miss Ruby'

English Butterfly Series™

This is a great series of compact Buddleia developed by Elizabeth Keep of East Malling, England. Her breeding goal was to refine the habit of butterfly bush; she achieved it by creating well behaved, extra bushy plants that are roughly one third the size of typical davidii cultivars. You'll love the way they look in containers and in gardens.

They're fragrant, colorful and they attract butterflies. Treat them like a perennial in the north; cut back heavily in the spring for better flowering.

Top Seller! ADONIS BLUE™

(*B. davidii* 'Adokeep', cbr#2636) Royalty & Marketing Fee .55/plant

Deep blue flowers of good size (approx. 10 to 12 inches) and fragrance on a compact plant. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** Silver Medal from Royal Boskoop. **USDA 5, AHS 9, 4-5 feet, gr 0.5**

Item #: 04674 - 4" • 04675 - Quick Turn

Top Seller! PEACOCK™

(*B. davidii* 'Peakeep', cbr#2637) Royalty & Marketing Fee .55/plant

Good sized (approx. 10 to 12 inches) pink flower heads on a neat compact plant. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 4-5 feet, gr 0.5**

Item #: 04654 - 4" • 04655 - Quick Turn

Top Seller! PURPLE EMPEROR™

(*B. davidii* 'Pyrkeep', cbr#2638) Royalty & Marketing Fee .55/plant

Large mauve-purple blooms on a compact, neatly growing shrub. Blooms are approximately 5 to 6 inches in length. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 4-5 feet, gr 0.5**

Item #: 04664 - 4" • 04665 - Quick Turn

'Bicolor' (*Buddleia* x)

Another selection from Dr. Mike Dirr. Open pollinated seedlings of B. 'Honeycomb' resulting in lavender flowers with a butterscotch-yellow throat. Most likely it had crossed with buddleia davidii. Quite distinct.

USDA 5, AHS 9, 6-8 feet, gr 0.5 Item #: 04944 - 4"

'Black Knight'

Relatively small blackish-purple flowers. Green leaves and an open habit.

USDA 5, AHS 9, 6-8 feet, gr 0.5 Item #: 04954 - 4"

'Ellen's Blue'

Perhaps the truest blue. Good sized flower heads and gray foliage.

USDA 5, AHS 9, 4-5 feet, gr 0.5 Item #: 05354 - 4"

'Honeycomb' (*B. x weyeriana*)

The best yellow we've ever seen. Attractive creamy yellow flowers. Better habit and more refined than 'Sun Gold'.

USDA 5, AHS 9, 6-8 feet, gr 0.5 Item #: 07184 - 4"

'Pink Delight'

Pure pink flowers in thick large racemes. Excellent growth habit and attractive silver foliage. **AWARDS:** GCA.

USDA 5, AHS 9, 5-6 feet, gr 0.5 Item #: 05864 - 4"

'Potter's Purple'

A favorite dark purple. Thick and large violet panicles. A real standout.

USDA 5, AHS 9, 5-7 feet, gr 0.5 Item #: 06004 - 4"

'Royal Red'

The closest thing to red, but not quite there. Rich purple-red flowers.

USDA 5, AHS 9, 5-7 feet, gr 0.5 Item #: 06254 - 4"

ADONIS BLUE™ Buddleia

PEACOCK™ Buddleia

PURPLE EMPEROR™ Buddleia

BUDDLEIA CONTINUED

'White Ball'

Tight compact growth and stunning silver foliage make this plant unique. This plant is essentially sterile and does not produce unwanted seedlings. **USDA 5, AHS 9, 2-3 feet, gr 0.5 Item #: 06552 - 2 1/4"**

Buxus Boxwood
Family: Buxaceae (Bux-us: ancient Latin name)

'Blauer Heinz' (*B. sempervirens*)

Dwarf variety with glaucous blue-green foliage is ideal as hardy edging or mixing with flower borders. Needs little maintenance and color remains deep in partly shaded locations. **USDA 5, AHS 8, 1-2 feet, gr 2.5 Item #: 07632 - 2 1/4"**

CHICAGOLAND GREEN® (*B. x 'Glencoe'*) Royalty .20 plant

A sister to Green Velvet, but faster growing. Compact spreading habit and excellent hardiness. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **USDA 5, AHS 8, 2-3 feet, gr 1.5 Item #: 07752 - 2 1/4" • 07754 - 4"**

'Graham Blandy' (*B. sempervirens*)

Discovered in 1949 at Blandy Experimental Farm and named to honor Graham F. Blandy, who in 1926 bequeathed more than 700 acres of his property to the University of Virginia to establish the Experimental Farm. This English boxwood has a fantastic dense columnar form that contrasts well with any planting arrangement and also creates a fine hedge. **USDA 5, AHS 8, 6-9 feet, gr 2 - Item #: 07682 - 2 1/4"**

'Green Gem'

A compact, hardy boxwood with outstanding hardiness and good winter color. Seldom needs pruning. A superior selection from Sheridan Nursery. **USDA 5, AHS 8, 3-4 feet, gr 1.5 Item #: 07762 - 2 1/4"**

GREEN ICE® (*Buxus 'Krazgreen'*, pp#10,773) Royalty .35/plant

A hardy globe that maintains good green winter color and does not have the typical boxwood fragrance. From Conard-Pyle Nursery. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 5, AHS 8, 4 feet, gr 1.5 Item #: 07782 - 2 1/4"**

'Green Mountain'

An extremely hardy hybrid with an upright form. Introduced by Sheridan Nursery of Canada. **USDA 5, AHS 8, 4-5 feet, gr 1.5 Item #: 07802 - 2 1/4" • 07804 - 4"**

'Green Velvet'

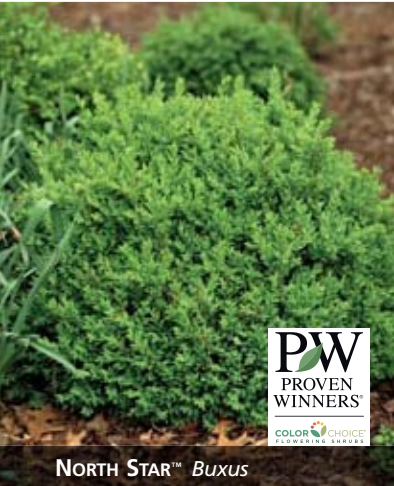

A compact, rounded plant with outstanding hardiness and dark glossy leaves. A superior selection from Sheridan Nursery. **AWARDS: GCA. USDA 5, AHS 8, 2-3 feet, gr 1.5 Item #: 07852 - 2 1/4" • 07854 - 4"**

NORTH STAR™

(*B. s. 'Katerberg'*, pp#15,998, cbr#2635) Royalty & Marketing Fee .55 /plant

A hardy, dense globe that requires little if any pruning to form a low, dense, thick hedge. Shiny dark leaves maintain good winter color. Developed by Gary Katerberg of Evergreen Nursery in Michigan. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 8, 2-3 feet, gr 1.5 Item #: 07722 - 2 1/4" • 07725 - Quick Turn**

NORTH STAR™ Buxus

Callicarpa 'Early Amethyst'

Calycanthus 'Hartlage Wine'

Calycanthus 'Venus'

Callicarpa Beautyberry

Family: Verbenaceae (Callicar-pa: Greek for beautiful fruit)

'Profusion' (*C. bodnieri*)

A profusion of violet fruit clusters adorn this plant in autumn. Known for its bronze-purple new growth and its dark green foliage. Treat it like a perennial in the north; cut it back hard in early spring. **AWARDS: AGM. USDA 5, AHS 8, 4-10 ft., gr 0.5 Item #: 08102 - 2 1/4"**

'Early Amethyst' (*C. dichotoma*)

Bright purple berries appear earlier in fall than other varieties providing more enjoyment and better sales. Brought to our attention by the Arnold Arboretum. Some say it is the same plant as *C. 'Issai'*. **USDA 5, AHS 8, 3-4 feet, gr 0.5 Item #: 08152 - 2 1/4"**

Calycanthus Sweetshrub

Family: Calycanthaceae (Caly-can-thus: Greek for Caylx and Flower)

'Hartlage Wine' (*C. x raulstonii*)

A hybrid between *Sinocalycanthus* and *Calycanthus*. This sweetshrub has large maroon, magnolia-like flowers with little fragrance. Superb glossy foliage and strong growth. Hybridized by Richard Hartlage while at NCSU. **USDA 6, AHS 9, 6-8 feet, gr 1 Item #: 72914 - 4"**

'Venus' (*C. x 'Venus'*, pp#15,925) Royalty .45/plant

An exciting sweetshrub with large magnolia-like flowers in early summer and a powerful fragrance of strawberries, melons, and spices. A cross with *Sinocalycanthus* by Dr. Tom Ranney of NC State University. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 5, AHS 9, 5-6 feet, gr 1 Item #: 08372 - 2 1/4"**

Campylotropis

Family: Fabaceae (Cam-py-lo-tro-pis: meaning bent or curved)

macrocarpa

A little known leguminous shrub with dense, three-inch long purple racemes. The flowers appear in mid to late summer. Native to Korea and China. **USDA 5, AHS 9, 4-5 feet, gr 1 Item #: 08382 - 2 1/4"**

Caryopteris Bluebeard

Family: Verbenaceae (Caryop-teris: Greek for nut and wing)

'Dark Knight'

A standout plant with deep blue flowers and dark foliage. **USDA 5, AHS 9, 3 feet, gr 0.5 Item #: 08582 - 2 1/4"**

NEW

Lil' Miss SUNSHINE™

Compact

(C. x Clandonensis 'Janice', ppaf, cbr#f) Royalty & Marketing Fee .65/plant

A cross between Petit Bleu and Sunshine Blue that delivers shiny yellow foliage and a neat compact habit. This beauty produces an abundance of blue flowers in later summer. The propagation of, and/or the sale of plant parts is prohibited without a license.

Patent/trademark tag and container required. **USDA 5, AHS 9, 2 1/2 ft., gr 0.5 Item #: 08412 - 2 1/4" • 08415 - Quick Turn**

Ceanothus New Jersey Tea

Family: Rhamnaceae (Ceano-thus: Ancient Greek name)

'Marie Simon' (C. x pallidus)

A neat, rounded shrub with attractive dark green leaves. Fluffy soft pink, terminal flower heads. Blooms in late spring. Attractive red capsules.

A great little gem that deserves wider use.

USDA 6, AHS 10, 2-3 feet, gr 1 Item #: 09002 - 2 1/4"

MARIE BLEU™

(C. x pallidus 'Minmari' ppaf) Royalty & Marketing Fee .65/plant

A new blue flowered Ceanothus hybrid with the hardiness of 'Marie Simon'. Loads of misty blue flower heads in late spring cover this compact plant. The red seed heads add another season of garden interest. Developed by Minier Nursery of France. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 6, AHS 10, 2-3 feet, gr 1 Item #: 09012 - 2 1/4" • 09015 - Quick Turn**

Cephalanthus 'Sputnik'

Cephalotaxus 'Fritz Huber'

Cercis 'Don Egolf'

Cephalanthus occidentalis

Buttonbush

Family: Rubiaceae (Ce-falan-thus: Greek compound, heard and flower, or flowers in heads)

'Sputnik'

A large flowered, long blooming selection of our native buttonbush. Attractive light pinkish-white spherical flower heads in mid-summer. It has a nice form and glossy foliage. Best suited for moist to wet soils. Steve Bieberich of Sunshine Nursery found this Buttonbush in a native stand in Oklahoma. **NATIVE.**

USDA 5, AHS 10, 5-12 feet, gr 1

Item #: 09072 - 2 1/4" • 09072AB American Beauties

Cephalotaxus harringtonia

Plum Yew

Family: Cephalotaxaceae (Ceph-a-lo-tax-us: Greek compound meaning flowering in heads or clusters)

'Duke Gardens'

Discovered as a horizontally spreading sport of 'Fastigiata' in 1959 at Sarah P. Duke gardens in Durham, NC. It has dense growth and dark foliage – a striking and reliable foundation shrub. This is a female form of plum yew and if a male is planted in the vicinity, 'Duke Gardens' will bear fruit that resembles little plums that turn rosy brown as they ripen in autumn. **AWARDS:** PHS Gold Medal. **USDA 5, AHS 10, 2-3 feet, gr 2**

Item #: 09102 - 2 1/4"

'Fastigiata'

An attractive columnar form that is commonly used in place of Taxus 'Hicksii' because it is heat tolerant and deer resistant. The narrow, soft needles are arranged spirally on the stem presenting a unique textural quality. **USDA 6(5), AHS 9, 8-10 ft., gr 2**

Item #: 09152 - 2 1/4"

'Fritz Huber'

A little known, but very elegant low, prostrate selection of Japanese plum-yew. We acquired it from the JC Raulston Arboretum about 6 years ago. In our test garden, it has proven to be an attractive, hardy evergreen that holds color through winter. This deer resistant plant, known for its shade tolerance, has also been reported to be sun tolerant as far south as Houston Texas. **USDA 6(5), AHS 10, 2-3 feet, gr 2**

Item #: 09182 - 2 1/4"

Cercis Redbud

Family: Fabaceae (Cers-us: ancient Greek name)

'Don Egolf' (*C. chinensis*)

A compact redbud from the National Arboretum. Vivid rosy-mauve flowers cover every inch of the stems in spring. A great choice for small gardens. Handsome, dark green foliage and good disease resistance. As an added bonus it produces no seed. Named in honor of the late great plant breeder Don Egolf. **USDA 6, AHS 8, 6-8 feet, gr 1.5**

Item #: 09602 - 2 1/4"

Chaenomeles Quince

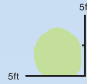

Family: Rosaceae (Chaenomeles: Greek compound, split apple, for the fruit was thought to split)

Japanese Collection

They're unlike anything we've seen in the West. Rich colors and unique flowers with the taste of the Orient. It's taken us years to assemble this collection, now we are pleased to share them with you. Supplies are limited. They bloom in early spring.

'Chojuraku'

 Very striking, large double salmon-orange flowers. A very unusual color for a quince. Very choice! **USDA 5, AHS 9, 4-5 feet, gr 1**
Item #: 09682 - 2 1/4"

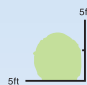

'Iwai Nishiki' (*C. speciosa*)

 A spectacular spring display of double camellia-like flowers of the deepest red color. A low spreading form with exotic appeal.
USDA 5, AHS 9, 3-4 feet, gr 1 - Item #: 09702 - 2 1/4"

'Kingishi'

 A medium growing plant with large single orange flowers. Very showy. **USDA 5, AHS 9, 4-5 feet, gr 1**
Item #: 09722 - 2 1/4"

'O Yashima'

 Spectacular pure white flowers are large, doubled and very showy. They light up the spring garden. **USDA 5, AHS 9, 4-6 feet, gr 1**
Item #: 09772 - 2 1/4"

'Toyo-Nishiki'

 A Japanese classic with its rare combination of red, white, and pink flowers creates a rousing floral display. Upright growth habit.
USDA 5, AHS 9, 3-5 feet, gr 1 Item #: 10002 - 2 1/4"

Standard Selections

'Cameo' (*C. x superba*)

 Romantic, fully double, peach colored flowers in May. Very nice.
USDA 5, AHS 9, 4-5 feet, gr 1 Item #: 10052 - 2 1/4"

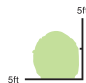

'Crimson and Gold' (*C. x superba*)

 Large, velvety, crimson red flowers with bright golden stamens and a low spreading habit. **USDA 5, AHS 9, 4-5 feet, gr 1**
Item #: 10082 - 2 1/4"

'Fusion' (*C. x superba*)

 An arching shrub with bowl shaped scarlet red, flowers appearing in April to May. Free-flowering on one-year old shoots. Fruit is especially rich in vitamin C. Selected from seedlings of 'Crimson and Gold' and brought into trade by H. J. Albrecht of Berlin in 1987.
USDA 5, AHS 9, 4-5 feet, gr 1 Item #: 10132 - 2 1/4"

'Jet Trail' (*C. speciosa*)

 A white flowering form of Texas Scarlet with a compact spreading habit.
USDA 5, AHS 8, 3-4 feet, gr 1 Item #: 09852 - 2 1/4"

'Texas Scarlet' (*C. speciosa*)

 An old time favorite with bright red flowers in May. Popular as hedging.
USDA 5, AHS 8, 3-4 feet, gr 1 Item #: 09982 - 2 1/4"

Chaenomeles 'Chojuraku'

Chaenomeles 'Iwai Nishiki'

Chaenomeles 'O Yashima'

Chaenomeles 'Cameo'

Chaenomeles 'Toyo-Nishiki'

Chaenomeles 'Crimson and Gold'

Chamaecyparis 'Vintage Gold'

Chamaecyparis 'Fernspray Gold'

Chamaecyparis 'Gold Mop'

Chamaecyparis 'Gold Spangle'

Chamaecyparis False Cypress

Family: Cupressaceae (Chamaecyparis: Greek for a dwarf or on the ground Cypress)

lawsoniana 'Oregon Blue'

A narrow columnar selection with attractive blue foliage that gracefully droops at the tips. Strong growing.

USDA 5, AHS 9, 15-30 feet, gr 1 Item #: 10502 - 2 1/4"

l. 'Sullivan'

A hardy selection of Oregon Cedar that has its beginnings in Lake County, Ohio. This tough, narrow pyramidal evergreen has attractive foliage with weeping tips reminiscent of Eastern hemlock. Very shade tolerant and thus makes a great alternative for Hemlock in areas affected by Hemlock Woolly Adelgid.

USDA 5, AHS 9, 12-20 feet, gr 1

Item #: 10552 - 2 1/4"

obtusa 'Crippsi'

Golden Fern-leaf False cypress. A small, loosely conical tree with golden fern-like foliage. One of the most elegant small golden conifers.

AWARDS: AGM. **USDA 5, AHS 8, 12 feet, gr 2**

Item #: 10602 - 2 1/4"

NEW *o.* 'Fernspray Gold'

A broad upright evergreen with flat sprays of bright lime green to gold foliage that at times take on an orange cast in winter. Similar to 'Tetragona Aurea'. Discovered by Duncan & Davies Nursery in New Zealand.

USDA 5, AHS 8, 6-12 feet, gr 1.5

Item #: 10922 - 2 1/4"

o. 'Filicoides'

An irregular pyramidal conifer with twisted pendulous clusters of bright green fern-like foliage. An excellent specimen plant.

USDA 5, AHS 8, 8-12 feet, gr 2 Item #: 10682 - 2 1/4"

o. 'Gracillis Compacta'

A broad, low conical form that resembles C. 'Nana Gracilis' but slightly larger and faster growing. Fan-shaped bright green, evergreen foliage.

USDA 5, AHS 8, 12 feet, gr 2 Item #: 10752 - 2 1/4"

o. 'Meroke'

A fine dwarf Hinoki Cypress with bright green foliage and an irregular upright growth habit.

USDA 5, AHS 8, 4-5 feet, gr 2

Item #: 10802 - 2 1/4"

o. 'Verdoni'

A golden selection of dwarf Hinoki Cypress with fine burn-resistant foliage and an interesting contorted, narrow, upright shape.

USDA 5, AHS 8, 5-8 feet, gr 2 Item #: 10852 - 2 1/4"

pisifera 'Gold Mop'

(syn. *C. pisifera* 'Mops', 'Filifera Golden Mop', 'Golden Mops')

Yellow scale-like foliage covers the thin pendulous stems. Relatively low, semi-weeping habit. The golden-yellow color stays that way if the plant is sited in full sun, unlike many other "golden" cultivars which fade to yellow-green by mid-summer.

USDA 5, AHS 8, 5-6 feet, gr 1.5

Item #: 11922 - 2 1/4" • 11924 - 4"

NEW *p.* 'Gold Spangle'

A low growing evergreen that becomes conical with age. Its bright yellow foliage is a mix of fans and threads, and it holds its color throughout the year.

USDA 5, AHS 8, 10-12 feet, gr 1.5

Item #: 11952 - 2 1/4" • 11954 - 4"

p. 'Mini Variegated'

A dwarf round globe with gray green foliage dotted with creamy white variegation.

USDA 4, AHS 8, 30 inches, gr 2

Item #: 11932 - 2 1/4"

SOFT SERVE®

Compact ☀️ 🌞 🌿

(*C. pisifera* 'Dow Whiting', ppaf, cbraf) Royalty & Marketing Fee .55/plant
 A compact, conical *Chamaecyparis* with graceful, soft fern-like branching. The leaves are bright green on top and flecked with silver-blue on the underside. A great substitute for Dwarf Alberta Spruce. A sport of 'Boulevard' discovered by Dow Whiting of Great View Nursery in Highlandville, MO. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 8, 6-10 feet, gr 1**
Item #: 10952 - 2 1/4" • 10995 - Quick Turn

p. 'Sungold'

Dwarf ☀️ 🌞 🌿

A slow growing globe or broad pyramid with bright, golden thread-like foliage that does not fade in the summer.
USDA 4, AHS 8, 30-36 in., gr 1.5 **Item #: 12022 - 2 1/4"**

Top Seller! p. 'Vintage Gold'

Dwarf ☀️ 🌞 🌿

A fern-leaf form of 'Gold Mops'. A strong growing golden mound. Fern-like foliage is soft and attractive. The bright yellow foliage holds its color well and does not fade in the summer or winter. An introduction from Seven Springs Nursery, OH. **USDA 4, AHS 8, 18-30 in., gr 1.5**
Item #: 12082 - 2 1/4" • 12084 - 4"

Clethra alnifolia Summersweet

Family: Clethraceae (Cleth-ra: ancient Greek name for Alder)

SUGARTINA™ 'CRYSTALINA'

☀️ 🌞 🌿 🍃

(*Clethra alnifolia* 'Crystalina', ppaf, cbraf) Royalty & Marketing Fee .60/plant

This dwarf *Clethra* has fragrant pure white flowers in late summer. It has dark glossy foliage and holds its tight, dense shape. Yellow fall foliage. Developed by Dr. Thomas Ranney and his team at the Mountain Horticultural Crops Research & Extension Center in North Carolina. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

NATIVE: North America. **USDA 4, AHS 9, 28-30 inches, gr 1**
Item #: 15662 - 2 1/4" • 15665 - Quick Turn

CORNUS CONTINUED

'Baileyi' (*C. stolonifera*)

A strong growing, non-stoloniferous shrub with dark red stems. **NATIVE:** North America.

USDA 3, AHS 8, 8-10 feet, gr 1

Item #: 18652 - 2 1/4" • 18652AB American Beauties

'Cardinal' (*C. stolonifera*)

The best red stem color! Stems change from coral in fall to a deep, cherry red in winter. Developed by the Minn. Landscape Arboretum. **NATIVE:** North America.

USDA 3, AHS 8, 8-10 feet, gr 1

Item #: 18702 - 2 1/4" • 18702AB American Beauties

'Cream Cracker' (, pp#12,830) Royalty .45/plant

A sport mutation of *C. alba* 'Gouchaulti' with excellent leaf spot resistance. The older green leaves have a cream colored variegation while the young leaves have a golden yellow margin. Purplish-red stems in winter. Developed by John Pannebakker of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 3, AHS 8, 5-6 feet, gr 1.5**

Item #: 17072 - 2 1/4"

IVORY HALO® (*C. alba* 'Baillhalo', pp#8722) Royalty .30/plant

A compact variegated dogwood with dark red winter twigs. Selected at Bailey Nursery. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 3, AHS 8, 5-6 feet, gr 1.5 Item #: 17152 - 2 1/4"

Top Seller! GOLDEN SHADOWS®

(*C. alternifolia* 'W. Stackman', pp#11,287) Royalty .75/plant

A remarkable new Pagoda Dogwood that will make you say "Wow!" A 'must-have' plant with its robust hosta-like variegated leaves. The large heart shaped leaves are bright yellow, dotted with an irregular green thumbprint, and the new growth is often flushed with hues of reddish-orange. Attractive lacy white flowers in spring add to its charm. It is at its best when planted in filtered shade. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 3, AHS 8, 10-12 ft., gr 1.5**

Item #: 17502 - 2 1/4" • 17504 - 4"

'Hedgerows Gold' (*C. stolonifera*)

An outstanding selection with bright golden-yellow variegated foliage. The attractive, irregular gold margin surrounds an emerald green center. In the spring the bright young foliage contrasts wonderfully with its deep red stems. Introduced by the superb plantsman David Mason of Hedgerows Nursery, Oregon. Tolerant of poor drainage. **NATIVE:** North America.

USDA 3, AHS 8, 7-9 feet, gr 1 Item #: 18672 - 2 1/4"

'Midwinter Fire' see 'Winter Flame'

'Winter Flame' (*C. sanguinea*)

Brightly colored winter stems flicker yellow, orange and red to warm the winter tundra. Mass plantings create a bonfire. Great for fresh and dried flower arrangements. **NATIVE:** North America.

USDA 4, AHS 7, 8-10 feet, gr 1 Item #: 18402 - 2 1/4"

Cotinus coggygria Smokebush

Family: Anacardiaceae (Cotin-us: Ancient Greek name of double application)

Top Seller! Golden Spirit™

(*C. coggygria* 'Ancot', pp#13,082) Royalty .55/plant image

A yellow leafed smokebush from the Netherlands. The golden yellow leaves transform to shades of coral, orange and red in autumn. The leaves do not scorch in direct sunlight. Discovered by Harn Sanders and Christina Bastiana Adriana of Boskoop. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **AWARDS:** Way Hot 100. **USDA 5, AHS 8, 8-10 feet, gr 1**

Item #: 19632 - 2 1/4" • 19634 - 4"

Cornus 'Cardinal'

GOLDEN SHADOWS® *Cornus*

GOLDEN SPIRIT™ *Cotinus*

Cotinus 'Royal Purple'

Cotinus 'Young Lady'

LITTLE DIPPER™ Cotoneaster

COTINUS CONTINUED

'Grace' (*C. x dummeri*)

A real gem that resulted as a cross between our native species *C. obovatus* and *C. 'Velvet Cloak'*. Attractive new leaves emerge an intense wine-red and mature to dusky-reddish-blue. Its bright orange-red fall color is unmatched in the plant world. Masses of extremely large, deep pink panicles cover this beauty in early summer. Use as a large shrub or train into a small tree. Hybridized by Peter Dummer, former propagator at Hillier Nurseries in Winchester, U.K. **NATIVE:** North America. **AWARDS:** AGM. **USDA 4, AHS 8, 10-15 feet, gr 1** **Item #: 19812 - 2 1/4"**

'Royal Purple'

Deep, wine-purple foliage that glows when backlit by the sun. Noted for holding its color better than other purple selections. Pinkish-red smoke-like blooms in early to mid-summer. Excellent red-purple-pink fall color. **USDA 4, AHS 8, 8-10 feet, gr 1** **Item #: 19752 - 2 1/4"**

'Young Lady'

Blooming crazy! This precocious beauty lives to bloom. Even as a one gallon, every terminal results in a bloom. The result is a poodle in a pot from June to August! A real show stopping impulse plant. Developed by Hendrik Kolster of Boskoop, Netherlands. Excellent orange-red fall color. **USDA 4, AHS 8, 8-10 feet, gr 1** **Item #: 19802 - 2 1/4" • 19804 - 4"**

Cotoneaster Cotoneaster

Family: Rosaceae (*Cotoneas-ter*: Latin meaning quince-like, from the leaves of some species)

apiculatus

Cranberry Cotoneaster is a graceful, low spreading form with glossy leaves, pink flowers and bright red berries. **USDA 5, AHS 7, 3 feet, gr 1** **Item #: 20502 - 2 1/4" • 20504 - 4"**

'Coral Beauty' (*C. dammeri*)

The most popular Cotoneaster. A low spreading, rapid grower with glossy leaves and coral berries. **USDA 5, AHS 8, 12-24 in., gr 1** **Item #: 20702 - 2 1/4"**

'Hessei' (*C. horizontalis*)

A wonderfully textured plant with a neat and tidy habit. A fine spreading plant with rich burgundy fall color. Good resistance to both spider mites and fire blight! Introduced by the Morton Arboretum. **AWARDS:** PSC. **USDA 4, AHS 7, 18 in., gr 1.5** **Item #: 21802 - 2 1/4"**

horizontalis

Rockspray Cotoneaster has herring-bone branches that create a graceful, low arching blanket. Glossy green leaves, pinkish-white flowers and abundant red berries add to the appeal. **AWARDS:** AGM. **USDA 4, AHS 7, 2-3 feet, gr 1** **Item #: 20952 - 2 1/4"**

LITTLE DIPPER™

(*C. procumbens* 'Gerald' ppaf, cbraf) Royalty Fee .30/plant

A very fine, low growing, thick matted Cotoneaster with white flowers in spring and red berries in late summer. Its dense low habit make it less prone to catching leaves compared to other Cotoneasters. **USDA 5, AHS 8, 6-12 in., gr 1** **Item #: 21332 - 2 1/4"**

'Mooncreeper' (*C. dammeri*)

Forms a lustrous dark green mat adorned with large white flowers. It's quite popular in the Southeast and continues to grow in popularity elsewhere. **USDA 5, AHS 8, 10-18 in., gr 1** **Item #: 20802 - 2 1/4"**

COTINUS CONTINUED

'Scarlet Leader' (*C. salicifolius*)

A beautiful selection noted for heavy crops of scarlet fruit and dark green leaves. A rapid grower with a low, mounded, spreading habit.

USDA 5, AHS 8, 1-2 feet, gr 1 Item #: 21552 - 2 1/4"

'Tom Thumb' (*C. adpressus*)

A low cushion forming plant with glossy dark green leaves. Great for rock gardens or planted to creep over a wall or path. Pink flowers and red fruit. Superb red autumn foliage.

USDA 4, AHS 8, 2-6 in., gr 1.5 Item #: 20002 - 2 1/4"

Cytisus Scotch Broom

Family: Fabaceae (Cy-tis-us: Greek name for a kind of clover)

Cytisus scoparius

The common broom is a nearly leafless evergreen with colorful, fragrant pea-like flowers in spring. Tolerant of wind, sea shore, and infertile soil, brooms provide both color and texture to the garden.

USDA 6(5), AHS 9, 3-6 feet, gr 1

'Burkwoodii'

An upright form with pink-red flowers. A vigorous, bushy grower. The blooms of 'Burkwoodii' begin bright red with whispers of yellow and then darken to maroon and purple-burgundy, all the while floating amongst deep green thread-like foliage.

Item #: 22322 - 2 1/4"

'Lena'

Orange-Red and yellow petals. Only 3' to 4' tall and wide. A *C. dallimorei* hybrid. The maroon buds of 'Lena' open to dazzling lemony-yellow to orange flowers in late May to June over wispy, grass-like foliage.

Item #: 22332 - 2 1/4"

'Madame Butterfly'

Masses of fragrant yellow flowers with red throats float amongst the grassy foliage.

Item #: 22342 - 2 1/4"

'Moonlight'

Creamy-white or primrose flowers. Upright habit to 5' or 6' tall. Masses of moonlight yellow flowers hover amongst thin, grass-green leaves. This graceful, arching accent plant is ideal for seaside and dry conditions.

Item #: 22352 - 2 1/4"

Daphne Daphne

Family: Thymelaeaceae (Daph-ne: Greek name of Laurus nobilis (Laurel or Sweet Bay))

'Summer Ice' (*D. x transatlantica*)

This free flowering variegated beauty bears spicy-sweet flowers that start pink and open white. Continuous flushes of blooms from early spring to frost make this plant a dream. Some consider the fragrance to be better than that of lilac. Selected by Robert Ticknor, PhD. now retired from the North Willamette Research and Extension Center in Oregon.

USDA 5, AHS 8, 2-3 feet, gr 1 Item #: 22432 - 2 1/4"

tangutica

A favorite in our garden, this semi-evergreen shrub delivers fragrant spring flowers and attractive glossy foliage. The rose-purple flower buds unfurl to white with a purple throat. The blooms last from early spring to mid-summer with an occasional rebloom thereafter. Attractive orange-red fruits.

USDA 6, AHS 9, 2-3 feet, gr 1 Item #: 22502 - 2 1/4"

Cytisus 'Lena'

Unforgettable Fire® *Euonymus*

CHARDONNAY PEARLS® *Deutzia*

FIRE BALL® *Euonymus*

Deutzia Deutzia

Family: Saxifragaceae (Deu-tzia: after Johann van der Deutz, 1743-1784, patron of Thunberg)

CHARDONNAY PEARLS®

(*D. gracilis* 'Duncan', pp#16,098, cbr#2640) Royalty & Marketing Fee .60/plant

Attractive, crisp, lime-yellow foliage provides season long garden color long after the pure white, pearl-like buds explode into a shower of fragrant spring time flowers. An attractive compact shrub with lots of impulse appeal. Great for the perennial garden or shrub borders. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

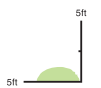

USDA 5, AHS 8, 20-36 in., gr 1

Item #: 22822 - 2 1/4" • 22825 - Quick Turn

'Nikko' (*D. gracilis*)

Ground Cover   

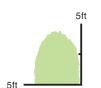

One of the most useful and beautiful landscape plants. A graceful, low spreading gem with abundant white flowers and attractive, burgundy fall color. It makes a first class ground cover! **AWARDS:** PSC, FIRST CHOICE, GMPA. **USDA 5, AHS 8, 12-24 in., gr 1**

Item #: 22872 - 2 1/4"

Diervilla Bush Honeysuckle

Family: Caprifoliaceae (Diervil-la: after N. Dierville, a French surgeon and plantsman)

'Butterfly' (*D. sessilifolia*)

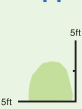

A Dutch selection with rich yellow flowers held in upright clusters from May to July. The foliage is bright green and clean. The habit is neat, well branched and never floppy like other cultivars. Adaptable to dry shady locations. A wonderful selection by Pieter Zwijnenburg of the Netherlands.

NATIVE: North America. **USDA 4, AHS 8, 3-5 feet, gr 1**

Item #: 24204 - 4"

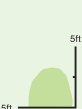

'Copper' (*D. Ionicera*)

Copper-red new growth is an added dimension to this tough native. A superior plant to *D. x splendens*. Yellow flowers in mid-summer. Great for dry sites. **NATIVE:** North America. **USDA 3, AHS 7, 2-3 feet, gr 1**

Item #: 24054 - 4" • 24054AB American Beauties

Ionicera

A compact, spreading form with yellow flowers in mid-summer. Great for dry sites. **AWARDS:** PSC, FIRST CHOICE. **NATIVE:** North America.

USDA 3, AHS 7, 3 feet, gr 1

Item #: 24004 - 4" • 24004AB American Beauties

Euonymus alatus Burning Bush

Family: Cleastraceae (Eu-on-y-mus: Ancient Greek name; ala-tus: winged)

CHICAGO FIRE™ (*E. alatus* 'Timber Creek') Royalty .20/plant

A hardier selection of burning bush! The brilliant fire-red, fall foliage color appears earlier than that of 'Compacta'. Attractive orange fruit. It is a violation of state and/or federal law to use a trademark without permission.

Patent/trademark tag required. **USDA 3, AHS 9, 8-10 feet, gr 1.5**

Item #: 25032 - 2 1/4" • 25034 - 4"

'Compacta'

The ubiquitous burning bush that becomes conspicuous each autumn.

Compact branching does not mean dwarf by any means. Full sun is necessary for good fall color. **USDA 4, AHS 9, 8-10 feet, gr 1.5**

Item #: 25062 - 2 1/4" • 25064 - 4"

Top Seller! FIRE BALL®

(*E. alatus* 'Select') Royalty & Marketing Fee. 40/plant

An improved selection of 'Compacta' with tighter branching and superior stem hardiness. No winter damage, even after the coldest of winters, when 'Compacta' may die back. Outstanding fall color!

Selected at Cole Nursery. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 5-7 feet, gr 1.5**

Item #: 25182 - 2 1/4" • 25185 - Quick Turn

'Rudy Haag'

This is a great plant! A true dwarf selection with consistent red fall color.

Selected at the Bernheim Arboretum. **USDA 4, AHS 9, 3-5 feet, gr 2.5**

Item #: 25202 - 2 1/4"

UNFORGETTABLE FIRE®

Compact 

(*E. alatus* 'Michael Hayman', ppaf, cbraf) Royalty 30/plant

A new compact form of burning bush with dense, fine branching and smaller leaves. This selection is a superior production plant and makes a much fuller container. Outstanding fall color! Developed by noted plantsman and photographer Michael Hayman of Louisville, KY. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **USDA 4, AHS 9, 5-7 feet, gr 1.5**

Item #: 25212 - 2 1/4"

Euonymus fortunei Euonymus

Family: Cleastraceae (Fortun-e-i: for Robert Fortune, 1812-1880, English botanist)

Top Seller! BLONDY®

(E. f. 'Interbolwi' pp#10,424) Royalty & Marketing Fee .55/plant

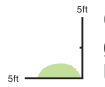

A colorful shrub with big, clear yellow thumb prints in the center of each leaf. Bright yellow stems. Popular in Europe, where it has replaced 'Sunspot'! Discovered by Bolwijn Nursery in the Netherlands. Great impulse plant. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 18-24 in., gr 1.5**

Item #: 25502 - 2 1/4" • 25505 - Quick Turn

BLONDY® Euonymus

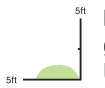

'Emerald Gaiety'

Green and cream evergreen foliage turns pinkish-red in winter. Low growing, irregular habit, may climb or sprawl. **AWARDS: AGM.**

USDA 5, AHS 9, 18 inches, gr 1 Item #: 25602 - 2 1/4"

'Emerald n' Gold'

Bright green and gold evergreen foliage turns pink-red in winter. Low growing irregular habit, climbs and sprawls. **AWARDS: AGM.**

USDA 5, AHS 9, 18 inches, gr 1 Item #: 25632 - 2 1/4"

GOLD SPLASH® Euonymus

GOLD SPLASH®

(E. f. 'Roermertwo') Royalty & Marketing Fee .55/plant

Not just another Euonymus! A sport of 'Emerald n' Gold' with big round leaves displaying a thick deep golden-yellow edge. Extreme showy. Excellent impulse appeal. Yellow fruit and/or orange seeds are beautiful and persistent. Excellent hardiness, too. A wonderful introduction by Roemer Nursery. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 18 inches., gr 1**

Item #: 25662 - 2 1/4" • 25665 - Quick Turn

Exochorda Pearl-Bush

Family: Rosaceae (Exo-chorda: Greek, meaning external chord, referring to a structure in the carpal)

SNOW DAY™ SURPRISE

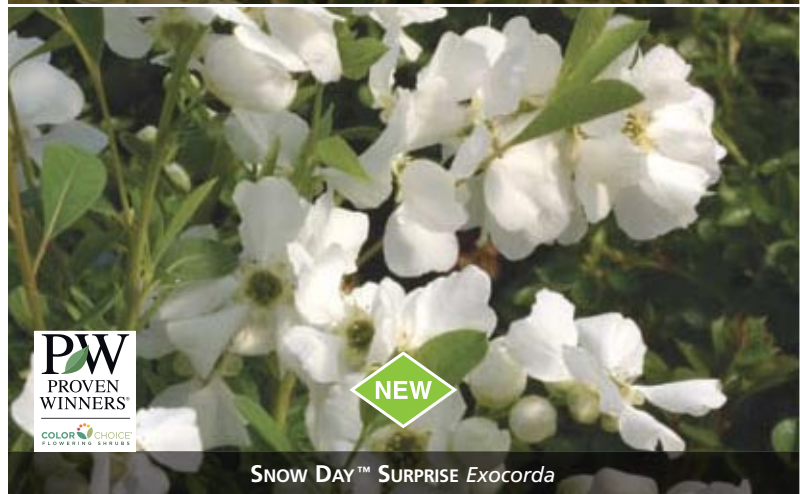

(E. 'Niagara', ppaf, cbrat) Royalty & Marketing Fee .65/plant

A flood of spring flowers, this new and improved Pearl-bush comes from Herman Geers, the breeder of Wine & Roses Weigela. It's a cross between E. x macrantha 'The Bride' and E. racemosa. The result is larger flowers and a more compact, broadly upright growth habit. It is a much better production plant than 'The Bride'. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 3-4 feet, gr 1

Item #: 26032 - 2 1/4" • 26035 - Quick Turn

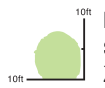

SNOW DAY™ SURPRISE Exocorda

Forsythia Forsythia

Family: Oleaceae (Forsyth-ia: after William Forsyth, 1737-1800, English horticulturist)

'Fiesta' (F. x intermedia)

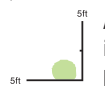

Festive yellow and green variegated leaves and red stems create a big splash. Oh yes, it flowers too! Introduced by Duncan & Davies of New Zealand. **USDA 4, AHS 9, 6-8 feet, gr 1 Item #: 26302 - 2 1/4"**

Top Seller! GOLDEN PEEP™

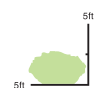

(F. x int. 'Courdjeau', pp#13,050) Royalty .35/plant

A ball of gold in the spring, blooming from top to bottom. Not only is it dwarf, it also has excellent compact branching. Great container presentation as a young plant, blooming on one year wood. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 5, AHS 9, 18-30 in., gr 1 Item #: 26552 - 2 1/4"

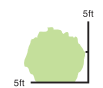

GOLD TIDE® (F. x 'Courtasol', pp#9104) Royalty .35/plant

A dwarf low spreading Forsythia derived from a mutation of 'Spring Glory'. Attractive feathery, fresh light green foliage delivers wonderful texture. Use as a groundcover or for massing. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **Awards: RHS Award of Garden Merit.**

USDA 5 AHS 9, 24-30 in. x 4 ft., gr 1 Item #: 26502 - 2 1/4"

'Kumson' (F. viridissima koreana)

A unique new variegated forsythia that we discovered in Korea. Dark green leaves are accented with an attractive network of silver veins. Typical forsythia flowers and with an upright arching habit.

USDA 4, AHS 8, 4-6 feet, gr 1 Item #: 26132 - 2 1/4"

SHOW OFF™ Forsythia

Fothergilla gardenii

BANGLE™ Genista

FORSYTHIA CONTINUED

'Lynwood' (*F. x intermedia*)

An old time favorite with an upright spreading habit and big yellow flowers up the entire length of stem. Often incorrectly called Lynwood Gold.

AWARDS: AGM. **USDA 4, AHS 9, 6-8 feet, gr 1**

Item #: 26702 - 2 1/4"

'New Hampshire Gold' (*F.x intermedia*)

A favorite full sized Forsythia! A finely branched, compact ball of gold. Flower hardy to -35° F. Attractive red-purple fall color. Superior in flower and in habit! Hybridized by the late Paul Joly of Windsor Road Nursery, NH.

USDA 3, AHS 9, 5-6 feet, gr 1 **Item #: 26792 - 2 1/4"**

SHOW OFF™

(*F. x 'Mindor', ppaf*) Royalty & Marketing Fee .55/plant

Show off your colors with this Forsythia's abundant, large, golden flowers and dark green foliage. A compact, rounded plant with a full and showy flower display from the ground up. Developed by Minier Nursery, France. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

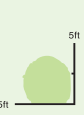

USDA 4, AHS 9, 5-6 feet, gr 1

Item #: 26782 - 2 1/4" • 26785 - Quick Turn

Fothergilla Bottlebrush

Family: Hamamelidaceae (Fothergil-ia: after John Fothergill, English physician who introduced many plants into cultivation)

gardenii

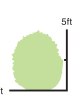

A small refined shrub with fragrant, white bottlebrush-like flowers appearing prior to the leaves. Exceptionally brilliant orange, red and yellow fall color.

AWARDS: PSC. **NATIVE:** North America. **USDA 5, AHS 9, 2-4 feet, gr 2**

Item #: 26952 - 2 1/4" • 26954 - 4" • 26952AB American Beauties

x intermedia 'Mount Airy'

A vigorous plant with abundant white flowers, and dark green foliage. Consistent yellow-orange-red fall color. Selected by Dr. Mike Dirr at the Mt. Airy Arboretum.

AWARDS: GRA. **NATIVE:** North America. **USDA 5, AHS 8, 4-5 feet, gr 2** **Item #: 27222 - 2 1/4" • 27224 - 4"**

Genista Dyers-Greenwood

Family: Fabaceae (Genis-ta: ancient Latin name, tinctoria: of dyes)

Top Seller! BANGLE™

(*Genista lydia 'Select'*) Royalty & Marketing Fee .55/plant

A floriferous, low mounding selection of Genista that produces waves of electric yellow flowers in late spring. Improved branching and texture make this a wonderful plant for containers and for mass plantings. A fine plant selected by Dick Punnett of Michigan. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 2 feet, gr 1

Item #: 28012 - 2 1/4" • 28015 - Quick Turn

'Flore-Plena' (*G. tinctoria*)

Loaded with double yellow flowers from mid-summer to early fall. Great for perennial gardens, rock gardens and the front of the border. Adaptable to drought conditions.

AWARDS: AGM. **USDA 4, AHS 8, 12-18 in., gr 1.5** **Item #: 28182 - 2 1/4"**

BLUE CHIFFON™

Strong growing, uniform Chiffon™ hibiscus have become a favorite of growers everywhere. Make sure you carry all four colors.

NEW

CHINA CHIFFON™ *Hibiscus*

LAVENDER CHIFFON™ *Hibiscus*

WHITE CHIFFON™ *Hibiscus*

'Royal Gold' (*G. tinctoria*)

Rich yellow, pea-like flowers embellish this small, free flowering shrub with bright green stems. Adaptable to poor dry soils and thrives in heat. **USDA 4, AHS 8, 2 feet, gr 1.5** **Item #: 28202 - 2 1/4"**

Heptacodium Seven-Son Flower

Family: Caprifoliaceae (Hepta-codium: hepta Greek for the number seven, codium referring to head)

miconioides

Introduced from China, Heptacodium has become the rage. A large arching shrub or small tree with glossy dark green leaves, exfoliating bark, and fragrant creamy-white late summer flowers. Its best attribute is its persistent, showy, reddish-pink sepals that are effective from October to November. A great shrub! **AWARDS:** CARY, GMPA, Plant Select (CO). **USDA 5, AHS 9, 10-20 feet, gr 1.5** **Item #: 29302 - 2 1/4"**

Hibiscus syriacus Rose of Sharon

Family: Malvaceae (Hibis-cus: ancient Greek and Latin name, syri-acus: Syrian)

Brightly colored, exotic looking flowers on a hardy shrub or small tree. Certain to generate summer impulse purchases and improve cash flow. Grow and stock a complete color assortment. Easy to grow and easy to sell.

CHIFFON™ Hibiscus

Chiffon hibiscus have exceptionally large single flowers adorned by a lacy center. These strong growing, uniform varieties are excellent production plants with superior container presentation. Colorful, abundant flowers make them very appealing at retail.

BLUE CHIFFON™

(*H. syriacus* 'Notwoodthree', ppaf, cbraf) Royalty & Marketing Fee .75/plant

The Chiffon series got more exciting with the addition of this selection with rich blue flowers in late summer. Another great plant from Dr. Roderick Woods of Cambridge, England. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

AWARDS: Silver Medal Royal Boskoop Horticulture Society. **USDA 5, AHS 9, 8-12 feet, gr 1** **Item #: 30282 - 2 1/4" • 30285 - Quick Turn**

NEW CHINA CHIFFON™

(*H. syriacus* 'Bricutts', pp#17,416, cbraf) Royalty & Marketing Fee .70/plant new

The newest addition to the Chiffon series boasts pure white flowers with an attractive red eye in the center of the bloom. The propagation of, and/or the sale of plant parts is prohibited without a license.

Patent/trademark tag and container required. **USDA 5, AHS 9, 8-12 feet, gr 1** **Item #: 30262 - 2 1/4" • 30265 - Quick Turn**

Top Seller! LAVENDER CHIFFON™

(*H. syriacus* 'Notwoodone', pp#12,619) Royalty & Marketing Fee .70/plant

SATIN™ HIBISCUS

Satin hibiscus are strong growing, consistent plants with exceptionally colorful single flowers. Stock an assortment of colors for a complete line of summer color.

AZURRI SATIN®

(H. s. 'DVPazurri', ppaf) Royalty & Marketing Fee .65/plant

A better blue! Azurri Satin is the first ever seedless Rose of Sharon with large, single blue flowers. It is a strong growing, uniform plant with rich color. This beauty was developed by Dr. Johan Van Huylbroeck at the Flemish ILVO breeding station. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 8-12 feet, gr 1 Item #: 32562 - 2 1/4"

Top Seller! BLUE SATIN®

(H. s. 'Marina', pp#12,680) Royalty & Marketing Fee .55/plant

Large, single, rich royal blue flowers are certain to draw attention. Superior to 'Blue Bird' which is a weak growing plant that is notoriously mixed up in the market. Blue Satin is a strong growing, uniform plant with rich color. Hybridized by Rien Verweij of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

AWARDS: Award of Recommendation Royal Boskoop Horticulture Society. Dallas Arboretum Approved Winner. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 32302 - 2 1/4" • 32305 - Quick Turn

BLUSH SATIN®

(H. s. 'Mathilde', pp#12,660) Royalty & Marketing Fee .55/plant

Very showy! Large single, soft blushing pink flowers with a prominent red eye. Strong growing and long blooming. Hybridized by Rien Verweij of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** Award of Recommendation Royal Boskoop Horticulture Society. Dallas Arboretum Approved Winner. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 32352 - 2 1/4" • 32355 - Quick Turn

ROSE SATIN®

(H. s. 'Minrosa') Royalty & Marketing Fee .55/plant

A standout plant with large single, ruffled rose-pink flowers adorned with a prominent red center. A strong growing plant hybridized by Claude Bellion of Minier Nurseries of France. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

AWARDS: Dallas Arboretum Approved Winner. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 32452 - 2 1/4" • 32455 - Quick Turn

VIOLET SATIN®

(H. s. 'Floru', pp#12,196) Royalty & Marketing Fee .55/plant

A richly colored plant with large single, deep violet-pink flowers adorned with a prominent red center. A strong growing plant hybridized by Claude Bellion of Minier Nurseries of France. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

AWARDS: Dallas Arboretum Approved Winner. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 32502 - 2 1/4" • 32505 - Quick Turn

LIL' KIM™

Dwarf Sun Star Flower

(H. s. 'Antong Two', pp# 19,547, cbraf) Royalty & Marketing Fee .55/plant

Say hello to Lil' Kim, the only miniature Rose of Sharon. A unique little shrub with dainty white flowers punctuated with a showy red eye.

The plant appears to be a polyploid because it has thick, dark green leaves and the flowers last for three days instead of one day. Creates many new landscape and garden uses; great for mixed containers, mixed perennial beds or around decks and entry gardens. Developed by noted plantsman Dr. Shim of South Korea. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 3-4 feet, gr 1.5

Item #: 29672 - 2 1/4" • 29675 - Quick Turn

Compact ☀️ 🦋 🍷 🌸

(H. s. 'America Irene Scott', ppaf, cbrf) Royalty & Marketing Fee .55/plant

An eye-catching new Rose of Sharon with brightly variegated creamy-white and blue-green foliage. Unlike 'Purpureus Variegatus' this beauty actually flowers! Loads of clear pink, double flowers in late summer. It does not produce seed. Developed by Sharon Gerit of Independence, MO. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 29402 - 2 1/4" • 29405 - Quick Turn

'Boule de Feu'

☀️ 🦋 🍷 🌸

Large pinkish-red, carnation-like blooms make this a very unique and beautiful plant. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 30152 - 2 1/4"

'Sanchoya'

☀️ 🦋 🍷 🌸

We found this beauty in Korea a few years back and now we finally have enough to share it with our customers. A standout plant with rich, deep pink flowers reminiscent of an exotic Japanese Peony with its abundance of petiole stamen. Superb. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 32152 - 2 1/4"

Hibiscus Hybrids

Family: Malvaceae (Hibis-cus: ancient Greek and Latin name, syri-acus: Syrian)

'Lohengrin' (H. paramutabilis x syriacus)

☀️ 🦋 🍷 🌸

A robust hybrid with slightly ruffled white flowers with a prominent red eye. Bold, dark green foliage. Hybridized by Jim Snyder.

USDA 5, AHS 9, 8-10 feet, gr 1 Item #: 33002 - 2 1/4"

'Tosca' (H. paramutabilis x syriacus)

☀️ 🦋 🍷 🌸

A robust hybrid with ruffled orchid lavender flowers with a carmine eye. A heavy bloomer with flowers larger than Rose of Sharon. Bold, dark green foliage. Hybridized by Jim Snyder. **USDA 5, AHS 9, 8-10 feet, gr 1**

Item #: 33102 - 2 1/4"

Hippophae rhamnoides

Sea Buckthorn

Family: Elaeagnaceae (Hi-poh-fay: Latin for hippo meaning horse and phae meaning to shine)

'Sprite'

☀️ 🌿 🍷 🌸

Bright silvery foliage and tight compact growth make this Danish selection a real prize. You will love its fine texture and the fact that it's very tolerant of poor soil conditions. A male selection and thus produces no fruit.

USDA 3, AHS 8, 4-6 feet, gr 1 Item #: 33202 - 2 1/4"

Hydrangea arborescens

Smooth Hydrangea

Family: Hydrangeaceae (Hydrant-gear: Greek for water-vessel, from shape of capsules)

'Annabelle'

☀️ 🌿 ✂️ 🌸

Big and bold snow ball flowers gradually change from green to pure white. Introduced by Joe McDaniel. Adaptable to light shade.

AWARDS: PSC. George Gold Medal Plant **NATIVE:** North America. **USDA 3, AHS 9, 3-4 feet, gr 0.5**

Item #: 33402 - 2 1/4" • 33404 - 4"

BREEDER PROFILE

Tom Ranney

Invincibelle™ Spirit Hydrangea

It's easy to see why Invincibelle™ Spirit is special. It is, after all, a pink 'Annabelle' hydrangea, something horticulturists have been seeking for some time. Led by Dr. Tom Ranney, the crew at the Mountain Horticultural Crops Research and Development Center at North Carolina State University has developed a plant that will delight gardeners across North America.

Invincibelle is the product of a complete team effort. It all began when Richard Olsen, a graduate student of Dr. Ranney's, found a pink flowering lacecap Hydrangea arborescens while hiking in the Blue Ridge Mountains. He brought his prize back to the research facility in Asheville, and they got to work on breeding a pink mophead.

Being a plant physiologist by training, Dr. Ranney brings an interesting perspective to plant breeding. Rather than focusing primarily on ornamental characteristics, he emphasizes plant health and vigor from the outset. It's a system that works; several years of trialing pink flowered seedlings resulted in the sturdy, vigorous selection now known as Invincibelle Spirit.

Born and raised in Ohio, Tom Ranney knows first hand how popular 'Annabelle' and now Invincibelle™ will be with gardeners in the Midwest and across the continent. Graduate work at Cornell University further honed his appreciation for cold hardy plants. Working with the nursery industry in Ohio gave Dr. Ranney an appreciation for what works for commercial horticulture. After all, it's not enough to develop a pink mophead *H. arborescens*; the plant has to propagate and grow easily if growers are to bring it to market.

We are very proud to introduce Invincibelle™ Spirit to our customers this year, and owe Tom Ranney, Richard Olsen, and the rest of the research team a big thank-you for developing a plant that will bring a lot of pleasure to gardeners from Mobile to Manitoba.

INCREDIBALL™

(*H. arborescens* 'Abetwo' ppaf, cbraf) Royalty & Marketing Fee .55/plant

A new and improved 'Annabelle' Hydrangea, Incrediball has beefy stems and massive blooms. The breeding goal was stronger stems to eliminate flop, but we got incredibly large blooms too! Each bloom has roughly 4 times as many flowers as 'Annabelle'! We recommend that this plant is sold in 3 gallon pots or larger. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America.

USDA 3, AHS 9, 4-5 feet, gr 1

Item #: 33322 - 2 1/4" • 33325 - Quick Turn

INVINCIBELLE™ SPIRIT

(*H. arborescens* 'NCHA1' ppaf, cbraf) Royalty & Marketing Fee 2.35/plant

Finally – A pink flowered form of 'Annabelle' Hydrangea! As if that wasn't exciting enough, it's a rebloomer, too! After years of breeding Dr. Tom Ranney and his team at North Carolina State broke the color barrier. This hydrangea grows from Manitoba to Mobile, blooming with abundance every year in mid-summer and continuing to produce new flowers right up until frost. We're not talking about a few disappointing flowers in later summer, but a sure fire show of mop-head blooms on every stem. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 3, AHS 9, 3-4 feet, gr 1** **Item #: 33702 - 2 1/4" • 33705 - Quick Turn**

'Hayes Starburst' (H. arb. radiata)

A superb Hydrangea with completely sterile, dome shaped flower heads comprised of fully doubled star-like flowers. Selected by Hayes Jackson of Anniston, AL. **NATIVE:** North America. **USDA 4, AHS 9, 2-3 feet, gr 1** **Item #: 33462 - 2 1/4"**

WHITE DOME®

(*H. arborescens* 'Dardom' pp#14,168) Royalty & Marketing Fee .55/plant

Clouds of big, dome shaped, lacy white blooms create a truly Victorian effect. A strong growing plant with rich dark green leaves, and strong stems which hold the blooms upright, even after a heavy rain. Fantastic winter effect. A very beautiful plant from Darthuizer Nursery of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 3, AHS 8, 4-6 feet, gr 1** **Item #: 33602 - 2 1/4" • 33605 - Quick Turn**

PW PROVEN WINNERS

COLOR CHOICE FLOWERING SHRUBS

(H. involucrata 'Wim Rutten,' ppaf) Royalty & Marketing Fee .55/plant
Blue Bunny Hydrangea is a drift of blue flowers from mid-summer until fall. Developed the late Wim Rutten of the Netherlands, this plant is as special as the man. It forms its flower buds on new wood and thus blooms reliably every year. You will love that Blue Bunny is a strong-growing plant that produces an abundance of blooms. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 6, AHS 9, 2-4 feet, gr 1 Item #: 34512 - 2 1/4" • 34515 - Quick Turn**

Hydrangea macrophylla Bigleaf Hydrangea

Family: Hydrangaceae (Macro-phyll-a: large leafed)

 These bold and brightly colored flowers are unrivaled in the plant world. Flowers are either mopheads (snowball-like flowers), or lace-caps. Select both flower types and a good range of colors! Flower buds are overwintered on previous year's growth, so be careful not to prune off the buds. Hydrangea is fast and easy to grow. In production it is recommended that in August you cease fertilization and run your plants very dry. All flower colors are dependent on pH levels.

'All Summer Beauty'

☀️ 🌧️ ✂️ 🌸

Large, rich blue mophead flowers are dependable and often rebloom. **USDA 5, AHS 9, 3-5 feet, gr 1 Item #: 35904 - 4"**

Cityline® Series of Compact Hydrangea

COLOR CHOICE
FLOWERING SHRUB

Tired of floppy, weak stemmed hydrangeas, especially at the time of shipping? Citylines are the answer. Developed in Europe where growth regulators are prohibited so growers can finish a tight full plant without chemicals, shearing or pruning off flower buds. Large flowers with vivid colors, strong stems and dark glossy foliage characterizes these new German hybrids. They're all noted for excellent mildew resistance. Cityline creates a knockout one gallon! Developed by Franz-Xaver and Konrad Rampp of Germany.

CITYLINE® BERLIN

(H. m. 'Berlin Rabe' pp#10,912) Royalty & Marketing Fee .60/plant

Clear pink colored flowers are the largest in the series. The leaves are very glossy and exhibit an extremely high level of mildew resistance. Flowers are long lasting and change to an attractive green with age. The strongest growing plant in the group. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 12-36"**, gr 0.5 **Item #: 36034 - 4" • 36035 - Quick Turn**

CITYLINE® MARS

(H. m. 'Ramars') Royalty & Marketing Fee .60/plant

A small plant with strong stems and big, heavy red and white variegated flowers. Let's Dance™

A New Series of Reblooming Hydrangea

COLOR CHOICE
FLOWERING SHRUBS

The Let's Dance Hydrangea Series represents the next generation of reblooming hydrangea. Don't settle for dull drab Hydrangea flowers - this series kicks up the quality with improved vivid flower coloration and attractive foliage. Every year, the Let's Dance series blooms on both new wood and old, delivering seasons of flowers and lots of wow. They'll make you want to dance!

LET'S DANCE® MOONLIGHT

(H. m. 'Robert', pp# 20,020, cbraf) Royalty & Marketing Fee 1.05/plant

Let's Dance Moonlight is a strong rebloomer with large, rich pink (or blue depending upon pH) mophead flowers. Strong stems and beautiful foliage with good bronze red fall color. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 2-3 feet, gr 0.5

Item #: 38724 - 4" • 38725 - Quick Turn

LET'S DANCE® STARLIGHT

(H. m. 'Lynn', pp# 20,019, cbraf) Royalty & Marketing Fee 1.05/plant

Let's Dance Starlight is the first ever new wood blooming lace-cap. It's hardy, dependable and colorful. The massive blooms are vivid pink (or blue) with strong stems. They'll make you want to dance! The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 2-3 feet, gr 0.5

Item #: 38654 - 4" • 38655 - Quick Turn

LET'S DANCE™ STARLIGHT Hydrangea

Hydrangea 'Masja'

Hydrangea 'Parzifal'

'Masja'

A superb red Hydrangea! Semi-dwarf plant with big red mophead flowers and attractive glossy foliage. An excellent production plant.

USDA 5, AHS 9, 3-5 feet, gr 0.5 Item #: 37004 - 4"

'Nikko Blue'

Large blue or deep-lavender mophead flower balls smother this prolific bloomer.

USDA 5, AHS 9, 3-5 feet, gr 0.5 Item #: 37254 - 4"

'Parzifal'

Of all the Hydrangea in our test garden, this plant stands out as something very special. Mallet calls it a plant with a great deal of personality. A solid plant with strong stems and small clear green, dentate leaves. The blooms are tight hemispheres of large size. Mophead blooms vary in color greatly according to the soil pH, and when grown in a pH of 6 it has blooms of varied color ranging from dark pink to deep blue.

USDA 5, AHS 9, 3-5 feet, gr 0.5 Item #: 37324 - 4"

'Snowflake'

Huge pendulous blooms with doubled flowers. Flowers open white, while the older sepals turn dark purple-pink to create a unique show. A graceful weeping habit and wonderful burgundy-red fall color. Discovered by Eddy Aldridge. **NATIVE:** North America.

USDA 5, AHS 9, 5-6 feet, gr 1.5 Item #: 40954 - 4"

'Snow Queen'

Large, tightly packed, pure white panicles are held upright to create a unique summer flower display. The flowers fade to light pink and the leathery leaves turn a superb burgundy autumn color. Selected by William Flemer III. **AWARDS:** GMPA, PSC. **NATIVE:** North America.

USDA 5, AHS 9, 7-10 feet, gr 1.5 Item #: 40974 - 4"

Hypericum St. John's-Wort

Family: Hypericaceae (Hperi-cum: Greek name of obscure meaning)

'Albury Purple' (H. androsaemum)

Rich velvety purple leaf tips, yellow flowers and attractive dark red fruit contribute to its special appeal. Its low mounding habit makes it perfect for mass plantings. **USDA 6, AHS 8, 18-24 in., gr 0.5**

Item #: 45002 - 2 1/4"

BLUE VELVET™ (H. x 'Cfflpc-1', ppaf) Royalty .40/plant

A cultivar with attractive blue foliage developed by noted plantsman Paul Cappiello of Yewdell Gardens in Crestwood, KY. Numerous golden-yellow flowers in mid summer add to its appeal. An open pollinated seedling of *H. kalmianum*. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 4, AHS 7, 2-3 feet, gr 1 Item #: 45392 - 2 1/4"

HYPERICUM CONTINUED

'Gemo' (*H. kalmianum*)

A really impressive shrub from Denmark. This tightly branched shrub is noted for its long bloom time, beginning in July and continuing until September. The flowers are a rich yellow, small but numerous, and the leaves are willow-like. **NATIVE:** North America.

USDA 4, AHS 7, 2-3 feet, gr 1

Item #: 45202 - 2 1/4" • 45202AB American Beauties

'Sunburst' (*H. frondosum*)

Charming blue-green foliage is overlaid in summer with an abundance of large, bright yellow flowers.

AWARDS: PSC. **NATIVE:** North America.

USDA 5, AHS 8, 3 feet, gr 1

Item #: 45242 - 2 1/4" • 45242AB American Beauties

SUNNY BOULEVARD™

(*Hypericum x 'Deppe'*, pp# 20,045, cbraf) Marketing & Royalty Fee .55/plant

This tightly branched shrub is noted for its long bloom time, beginning in July and continuing until September. The flowers are a rich yellow, small but numerous, and the leaves are willow-like. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America.

USDA 4, AHS 7, 2-3 feet, gr 1

Item #: 45172 - 2 1/4" • 45175 - Quick Turn

SUNNY BOULEVARD™ *Hypericum*

'Tricolor' (*H. x moserianum*)

A very brightly colored, low arching shrub with cream, pink and green leaves. Bright yellow flowers add even more color in mid-summer.

Great for the south or used as a summer patio plant in the north!

USDA 7, AHS 9, 1-2 feet, gr 1 Item #: 45702 - 2 1/4"

***Ilex crenata* Japanese Holly**

Family: Aquifoliaceae (Ilex: ancient Latin name for Quercus Ilex, Cren-ata: obtusely toothed)

'Beehive'

Compact

A northern hardy, Japanese Holly with a compact globe habit and shiny green foliage. Developed by Dr. Elwin Orton.

USDA 5, AHS 7, 3-4 feet, gr 1 Item #: 46332 - 2 1/4"

'Drops of Gold'

(pp#14,420) Royalty .35/plant

While most gold leafed hollies look sick at best, this unique new holly is quite attractive. The spring flush is a brilliant yellow which slowly changes into a pleasing dusty yellow hue. Coloration is most prominent on leaves exposed to the sun. Discovered by Ronald Byrnes of Geneva, OH. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 5, AHS 7, 3-4 feet, gr 1**

Item #: 46342 - 2 1/4"

'Sky Pencil'

A great architectural plant! Tight columnar growth looks like a pencil reaching for the sky! That is, if you have a good imagination.

USDA 6, AHS 7, 4-5 feet, gr 1 Item #: 46422 - 2 1/4"

SKY POINTER™

(I. c. 'Farrowone', pp# 20,049, cbraf) Marketing & Royalty Fee .60/plant

Add some architecture to your garden or decorative container with this narrow, conical seedling of 'Sky Pencil' Holly. Shiny, dark evergreen leaves and tight upright branching make this a must have plant. Developed by plantsman Mike Farrow of Holly Hill Farms of Earleville, MD. Selected for its superior production performance.

The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 6, AHS 7, 4-5 feet, gr 1

Item #: 46362 - 2 1/4" • 46365 - Quick Turn

'Soft Touch'

Dr. Mike Dirr insisted we offer this wonderful new selection. Just like the name says - it has a pleasing soft texture! Small compact globe form with lustrous, dark green foliage. **USDA 6, AHS 7, 4-5 feet, gr 1**

Item #: 46452 - 2 1/4"

SKY POINTER™ *Ilex*

CASTLE SPIRE™ *Ilex*

Ilex glabra Inkberry Holly

Family: Aquafoliaceae (glabra: not hairy)

'Compacta'

Compact   

Our favorite selection. Glossy dark green foliage on a broad pyramidal plant. Branching is compact right down to the ground, never looking naked or leggy. A great alternative to boxwood! A F&F nursery selection.

NATIVE: North America. **USDA 5, AHS 7, 3-4 feet, gr 1**

Item #: 46792 - 2 1/4"

'Densa'

A wonderful, hardy plant with glossy dark green foliage on a broad, upright plant. Holds its foliage right down to the ground, never looking naked like some Inkberry cultivars.

AWARDS: GMPA. **NATIVE:** North America.

USDA 5, AHS 9, 3-4 feet, gr 1

Item #: 46902 - 2 1/4" • 46902AB American Beauties

NEW 'Nigra'

A popular selection of our native inkberry holly noted for its attractive dark green foliage and compact habit. **USDA 5, AHS 9, 3-4 feet, gr 1**

Item #: 47102 - 2 1/4"

'Shamrock'

Compact   

A standout with bright glossy green foliage and a compact upright habit.

NATIVE: North America. **USDA 5, AHS 9, 3-4 feet, gr 1**

Item #: 47182 - 2 1/4"

Ilex x aquipernyi

A cross between *I. aquifolium* (English Holly) and *I. pernyi* (Penny Holly)

NEW *Ilex* Dragon Lady (*I. x aquipernyi*)

A very popular narrow, columnar holly with stiff, glossy, dark green foliage. Requires heavy pruning as a young plant. Use either Blue Prince or a male selection of *I. pernyi* to pollinate. **USDA 6, AHS 9, 16-20 feet, gr 1.5**

Item #: 48842 - 2 1/4"

Ilex x meserveae Blue Holly

Family: Aquafoliaceae (Mes-erve-ae: named in honor of the breeder Kathleen Meserve)

'Blue Prince' (*I. rugosa* x *I. aquafolium*)

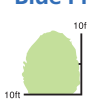

A hardy hybrid with dark green foliage. Used as the male pollinator for Blue Princess. Hybridized by Kathleen Meserve. Add full sun icon.

USDA 5, AHS 9, 8-10 feet, gr 1.5

Item #: 48952 - 2 1/4" • 48954 - 4"

'Blue Princess' (*I. rugosa* x *I. aquafolium*)

Dark blue-green leaves, and abundant dark red berries adorn this broad, irregular, rounded shrub. Use Blue Prince as the pollinator. Hybridized by Kathleen Meserve. **USDA 5, AHS 9, 8-10 feet, gr 1.5**

Item #: 48962 - 2 1/4" • 48964 - 4"

CASTLE SPIRE™

(*I. x m.* 'Hachfee', pp#14,310, cbr#2314) Royalty & Marketing Fee .75/plant

A beautiful compact, pyramidal blue holly with large lustrous dark green leaves, bright red berries and superior branching. A great foundation plant, specimen or hedge plant that can be used as a replacement for Capitata Yew. Use CASTLE WALL as the pollinator. Hybridized by Holger Hachmann, the famous Rhododendron breeder of Holstein Germany. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 8-10 feet, gr 1**

Item #: 49032 - 2 1/4" • 49035 - Quick Turn

BLUE HOLLY CONTINUED

CASTLE WALL™

(*I. x m.* 'Heckenstar', pp#14,308, cbr#2315) Royalty & Marketing Fee .75/plant

A broad-columnar shaped, male blue holly with lustrous dark green leaves and superior, compact branching. A great foundation plant, specimen or hedge plant that can be used as you would Hicks Yew.

A Holger Hachmann Hybrid. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** Bronze Medal Royal Boskoop Horticulture Society. **USDA 5, AHS 9, 5-8 feet, gr 1**

Item #: 49012 - 2 1/4" • 49015 - Quick Turn

'Honey Maid' (*I. x m.* pp#12,060) Royalty .50/plant

A variegated mutation of Blue Maid® with very stable yellow and green foliage. A bright new addition to the Meserve Holly Family, discovered by Conard-Pyle Nursery. Use Blue Prince as the pollinator. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 5, AHS 9, 5 feet, gr 1**

Item #: 49052 - 2 1/4"

'China Boy' (*I. cornuta x I. rugosa*)

A hardy hybrid with olive green foliage. Used as the male pollinator for China Girl. Hybridized by Kathleen Meserve.

USDA 5, AHS 9, 8-10 feet, gr 1.5 **Item #: 48972 - 2 1/4"**

'China Girl' (*I. cornuta x I. cornuta*)

Green leaves and abundant large red berries adorn this broad, irregular, rounded shrub. Use China Boy as the pollinator. Hybridized by Kathleen Meserve. **USDA 5, AHS 9, 8-10 feet, gr 1.5** **Item #: 48982 - 2 1/4"**

RED BEAUTY™ (*I. x 'Rutzan'* pp#14,308) Royalty .60/plant

A distinct holly that combines dark glossy foliage with an abundance of bright red fruit. Very densely branched, with a narrow conical form. Blue Prince is a suitable pollinator. A cross between *Ilex x meserveae* and *Ilex pernyi* developed by Elwin Orton of Rutgers. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 5, AHS 9, 5-8 feet, gr 1** **Item #: 49762 - 2 1/4"**

CASTLE WALL™ *Ilex*

Ilex verticillata
Winterberry Holly

Family: Aquafoliaceae (verti-cill-ata: whorled leaf arrangement)

'Afterglow'

Red orange fruit and glossy green foliage. Compact upright rounded habit. A fine selection by Simpson Nursery. **NATIVE:** North America. **USDA 3, AHS 8, 5-8 feet, gr 1.5** **Item #: 48002 - 2 1/4"**

BERRY HEAVY®

(*I. v.* 'Spravy') Royalty & Marketing Fee .40/plant

A spectacular winter show with its heavy set of large, bright orange-red berries. We have been watching this plant for years and we feel it rivals all other winterberry selections for its sheer mass of fruit.

Leaves are dropped earlier resulting in a better fruit display. Use Jim Dandy as the male. Selected by Dale Deppe. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America.

USDA 3, AHS 8, 6-8 feet, gr 1.5

Item #: 48082 - 2 1/4" • 48085 - Quick Turn

BERRY NICE®

(*I. v.* 'Spriber') Royalty & Marketing Fee .40/plant

The dark red berry display is so vivid, the original plant was selected by sight at a distance of 1/4 mile. It'll make you stop and take notice. Leaves are dropped earlier resulting in a better fruit display. Good mildew resistance. Selected by Dale Deppe. Use Jim Dandy as the male.

The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 3, AHS 8, 6-8 feet, gr 1.5**

Item #: 48122 - 2 1/4" • 48125 - Quick Turn

BERRY HEAVY® *Ilex*

'Oosterwijk'

'Red Sprite'

'Sparkleberry'

BERRY HEAVY®

BERRY NICE®

'Winter Gold'

'Winter Red'

WINTERBERRY HOLLY CONTINUED

'Jim Dandy'

Compact ☀️ ♂

A compact male pollinator for AfterGlow, Aurantiaca, Berry Heavy, Berry Nice, and Red Sprite. **AWARDS:** PSC. **NATIVE:** North America. **USDA 3, AHS 8, 3-6 feet, gr 1.5** Item #: 48222 - 2 1/4"

'Oosterwijk'

☀️ ♂ ✂️

A selection from the Netherlands noted for holding its bright red berries longer than other cultivars. A favorite in the European cut flower industry. Use Southern Gentleman as the pollinator. **NATIVE:** North America. **Item #: 48322 - 2 1/4"**

'Red Sprite'

☀️ ♂ ✂️

A sprite sized plant with glossy foliage and impressive fruit set! Use Jim Dandy as the male. **AWARDS:** CARY. **NATIVE:** North America. **USDA 3, AHS 8, 3-4 feet, gr 1.5** Item #: 48382 - 2 1/4"

'Southern Gentleman'

☀️ ♂

Male pollinator for Oosterwijk, Sparkleberry, Winter Red and Winter Gold. **NATIVE:** North America. **USDA 4, AHS 8, 6-9 feet, gr 1.5**

Item #: 48432 - 2 1/4" • 48432AB American Beauties

'Winter Gold'

☀️ ♂ ✂️

Gold berried branch sport of Winter Red discovered at Simpson Nursery. Use Southern Gentlemen as the male. **NATIVE:** North America. **USDA 3, AHS 8, 6-8 feet, gr 1.5** Item #: 48502 - 2 1/4"

'Winter Red'

☀️ ♂ ✂️

Persistent, brilliant red fruit. An outstanding Simpson introduction. Use Southern Gentlemen as the male. **AWARDS:** GMPA. **NATIVE:** North America. **USDA 3, AHS 8, 6-8 feet, gr 1.5**

Item #: 48532 - 2 1/4" • 48532AB American Beauties

x 'Apollo'

☀️ ♂

Male pollinator for Sparkleberry. A USNA introduction. **NATIVE:** North America. **USDA 4, AHS 8, 8-10 feet, gr 1.5** Item #: 48652 - 2 1/4"

x 'Sparkleberry'

☀️ ♂ ✂️

A vigorous, upright form with spectacular, persistent fruit. A USNA introduction. Use Apollo as the mate. **AWARDS:** GMPA. **NATIVE:** North America. **USDA 4, AHS 8, 8-12 feet, gr 1.5** Item #: 48702 - 2 1/4"

Indigofera 'Rose Carpet'

Indigofera Indigo

Family: Fabaceae (Indigof-era: Latin meaning indigo bearing)

'Rose Carpet' (I. pseudotinctoria) image

Dwarf ☀️ 🌸

A prostrate rug that blooms from late June until frost. Rich rose-pink spikes, 1-2" long cover this little shrub. Often dies back in severe winters so treat like a perennial in the north. Slow to break bud in the spring. **USDA 5, AHS 8, 4-8 inches, gr 1** Item #: 50552 - 2 1/4"

Itea virginica Sweetspire

Family: Saxifragaceae (It-ea: Greek name for Willow)

'Henry's Garnet'

☀️ ♂ ✂️ 🌸 🍷 🍷 🍷

Loads of long, white flowers in early summer and dark reddish-purple fall color. Discovered by Mary Henry, introduced by Woodlanders and named by the Scott Arboretum. **AWARDS:** GMPA, GCA. **NATIVE:** North America. **USDA 5, AHS 9, 3-4 feet, gr 1**

Item #: 50902 - 2 1/4" • 50902AB American Beauties

Top Seller! LITTLE HENRY®

Ground Cover Compact

(l. v. 'Sprich' pp#10,988) Royalty & Marketing Fee .55/plant

A compact Sweetspire! Pure white flowers in the early summer cover this low mounded, compact shrub. Perfectly suited for flooding large banks, beds and borders. If burning bush has good fall color, then this plant is a wildfire. What more could you want in a plant? Developed by Richard Feist. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** PSC. **NATIVE:** North America. **USDA 5, AHS 9, 24-36"** by 3 feet, gr 1 **Item #: 50922 - 2 1/4"** • **50925 - Quick Turn**

LITTLE HENRY® Itea

SCARLET BEAUTY™

(l. v. 'Morton') Royalty .20/plant

A large, upright selection that has proven itself to be hardy in the harsh climate of Chicago. An introduction from Chicagoland Grows. Scarlet fall color. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **NATIVE:** North America. **USDA 4b, AHS 9, 4-5 feet, gr 1 Item #: 51002 - 2 1/4"**

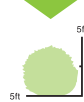

Juniperus 'Gold Lace'

Juniperus Juniper

NEW

'Gold Lace' (J. chinensis 'Gold Lace' pp#8202)

Compact

A compact Pfitzer juniper with exceptional gold color, particularly at the tips of its branches. More compact than other Pfitzer varieties, 'Gold Lace' is excellent for mass plantings or specimen use.

USDA Zone 4-9, 4' tall by 6' wide Item #: 51494 - 4"

NEW

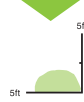

Blue Rug (J. horizontalis 'Wiltonii')

Prostrate evergreen with steely blue foliage. The creeping habit is good for rock gardens or to stabilize embankments. Adaptable groundcover which turns dull purple in winter. **USDA Zone 3-9, 1-3' tall by 6-10' wide Item #: 51234 - 4"**

NEW

'Blue Star' (J. squamata)

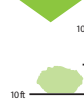

Slow growing evergreen with a low-mounded habit and spiky blue-green foliage with a distinctive texture. Tolerant of most soils but not suited to the deep South. Slow growing. **USDA Zone 4-8, 1-3' tall by 1-4' wide Item #: 51574 - 4"**

NEW

'Sea Green' (J. x pfitzeriana)

Compact

Compact evergreen shrub with dark green foliage. Fountain-like arching habit is good for mass plantings. **USDA Zone 4-9, 4-6' tall by 6-8' wide Item #: 51524 - 4"**

Kerria japonica Japanese Kerria

Family: Rosaceae (Ker-ria: named for William Kerr, Kew Gardener and Collector)

'Golden Guinea'

Large golden single flowers (the size of a gold coin), appear in early spring and repeat during the summer. Attractive bright green stems. Blooms and thrives in partial shade. **USDA 5, AHS 9, 3-5 feet, gr 1 Item #: 52062 - 2 1/4"**

'Honshu'

A gem of a Kerria selected by Kai Mei and David Parks of Camelia Forest Nursery. The largest flowers and the best stem hardiness of all the Kerria selections. Large, rich yellow, single blooms are full and overlapping, and repeat during the summer. Blooms and thrives in partial shade. **USDA 5, AHS 9, 3-5 feet, gr 1 Item #: 52082 - 2 1/4"**

'Picta'

This plant has all the seasons covered. Creamy white variegation and blue-green leaves combine nicely with the bright yellow, rose-like flowers of spring. Like many variegated plants it will sport a green branch or two that needs to be removed. Attractive green stems for winter interest. **USDA 5, AHS 9, 3-5 feet, gr 1 Item #: 52102 - 2 1/4"**

'Pleniflora'

Golden blooms, reminiscent of giant dandelions, appear when the lilacs are blooming. As a bonus, you will often get a summer rebloom. The attractive kelly green stems provide refreshing winter interest. Thrives in light shade. **AWARDS:** AGM. **USDA 5, AHS 9, 4-5 feet, gr 1 Item #: 52152 - 2 1/4"**

Kerria 'Pleniflora'

DREAM CATCHER™ *Kolkwitzia*

Kolkwitzia amabilis Beauty Bush

Family: Caprifoliaceae (Kolkwitzia: named for Richard Kolkwitz, 1873, a German botany professor)

Top Seller! DREAM CATCHER™

(K. a. 'Maradco') Royalty & Marketing Fee .55/plant

Everyone agrees that Beauty Bush is spectacular in bloom but goes into hiding for the rest of the year. This is no longer the case with this new specimen with golden yellow foliage. For best performance, plant it in filtered or partial shade; Also unique to this clone is its splendid golden-orange fall color. Bred by C. Harkes. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 6-9 feet, gr 1**
Item #: 52482 - 2 1/4" • 52485 - Quick Turn

'Pink Cloud'

Masses of light pink flowers cover this plant in mid spring. This upright arching plant was selected at Wisley Gardens in 1946, and is still very popular today. **AWARDS: AGM. USDA 4, AHS 9, 6-9 feet, gr 1**
Item #: 52502 - 2 1/4"

Lagerstroemia Crapemyrtle

Family: Lythraceae (Lager-stroe-mia: Named after Magnus Lagerstroem, a friend of Carl Linnaeus)

The new series represents the pinnacle of crapemyrtle breeding. Dr. Whitcomb's breeding goals centered on superior mildew resistance, improved flower color, particularly reds, and foliage with red new growth. Developed in Oklahoma, these cultivars are especially tolerant to heat and drought. They flower on new growth once temperatures reach a sustained day temperature of roughly 85+°F with long days. Once flowering is triggered to begin, on many cultivars flowering continues for 100 to 120 days or more.

BURGUNDY COTTON®

Lagerstroemia indica 'Whit IV' PP# 11342 Royalty Fee .50/plant

White flowers with yellow stamens, but pinkish under cool conditions. New growth is wine, then wine/green when flowering. Broad, upright growth, reaching 5 feet or more in one growing season. High mildew resistance. Flowers early July and continues until first frost. Showy burgundy flower buds. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 7(6), AHS 12, 10-12 feet, gr 1 Item #: 52652 - 2 1/4"

DYNAMITE®

Lagerstroemia indica 'Whit II' PP # 10296. Royalty Fee .50/plant

This is the first true red tree form crapemyrtle. Dynamite produces cherry red flowers even in full sun and hot conditions. New growth is crimson. Upright form. High mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 7(6), AHS 12, 10-15 feet, gr 1 Item #: 52642 - 2 1/4"

PINK VELOUR®

Lagerstroemia indica 'Whit III' PP# 10319. Royalty Fee .50/plant

Selected as one of the "2003 Oklahoma Proven" and winner of the 2007 Pennsylvania Horticultural Society's "Gold Medal Plant Award", Pink Velour® has flashy pink flowers and distinct dark wine foliage which peaks in the spring. High mildew resistance. Very showy foliage provides wine landscape color before blooming. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 7(6), AHS 12, 10-12 feet, gr 1 Item #: 52552 - 2 1/4"

RASPBERRY SUNDAE®

Lagerstroemia indica 'Whit I' PP# 10297 Royalty Fee .50/plant

Raspberry red flowers with white margins. New growth is bronze, then medium green. Upright, nearly columnar habit. Moderate mildew resistance. Somewhat fragrant. Best fall color of the series. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 7(6), AHS 12, 10-15 feet, gr 1**
Item #: 52672 - 2 1/4"

Dynamite® *Crapemyrtle*

Pink Velour® *Crapemyrtle*

CRAPEMYRTLE CONTINUED

RED ROCKET®

Lagerstroemia indica 'Whit IV' PP# 11342 Royalty Fee .50/plant

Like Dynamite®, Red Rocket produces cherry red flowers in hot sunny conditions. New growth is crimson, then dark green. Upright form. High mildew and anthracnose resistance. Huge flower clusters up to 24" tall. May repeat bloom more than Dynamite®. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 7(6), AHS 12, 10-15 feet, gr 1 Item #: 52672 - 2 1/4"**

RHAPSODY IN PINK®

Lagerstroemia indica 'Whit VIII' PP#16616 Royalty Fee .50/plant

Distinctly unique landscape appearance with soft pink flowers against nearly purple foliage. New growth is almost purple and persists most of the season. Upright form. High mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 7(6), AHS 12, 10-12 feet, gr 1 Item #: 52662 - 2 1/4"**

SIREN RED®

Lagerstroemia indica 'Whit VII' PP# 14975 Royalty Fee .50/plant

The darkest red flowers yet, distinctly darker red than Dynamite® or Red Rocket®. Darkness/intensity of red is less affected by cool, cloudy conditions. New growth is wine, and then quickly changes to dark green. High mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 7(6), AHS 12, 8-10 feet, gr 1 Item #: 52612 - 2 1/4"**

TIGHTWAD RED®

Lagerstroemia indica 'Whit V' PP # 11312 Royalty Fee .50/plant

The first true dwarf crapemyrtle with true red blooms. Flowers are sterile and produce no distracting seed pods. Plants grow as a dense half-circle mound with little or no pruning required. The low mound form continues with age. New leaves are wine/red quickly changing to purplish green, then to dark steely green. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 7(6), AHS 12, 3-4 feet, gr 1.5 Item #: 52692 - 2 1/4"**

Leptodermis Leptodermis

Family: Rubiaceae (Lepto-dermis: slender skin)

Leptodermis oblonga

A real blooming machine! A wonderful, little known shrub with a low mounding habit, and small violet-purple, lilac-like blooms that appear in late spring and don't stop until frost. Very fragrant! This little shrub has great commercial potential! **USDA 5, AHS 8, 12-18 in., gr 1 Item #: 52702 - 2 1/4"**

Lespedeza Bush Clover

Family: Fabaceae (Les-ped-eza: A Spanish Governor of Florida and patron to Michaux)

'Gibraltar' (L. thunbergii)

The standard by which all varieties are judged. This beautiful weeping plant is a waterfall of pinkish-purple in mid to late summer with masses of vivid flowers. Plant it where it can drape over a wall or walk. Discovered by Bill Frederick Jr. at old Gibraltar Estate in Wilmington, DE. **USDA 5, AHS 8, 4-5 feet, gr 0.5 Item #: 52952 - 2 1/4"**

NEW

Lespedeza 'Samidare' (L. Thunbergii)

The name translates as "Monsoon Rain Over Land" which is fitting as this beauty is a shower of bright fuchsia, pea-like flowers in late summer. Best if cut back to about a foot high in early spring. **USDA 4, AHS 8, 4-5 feet, gr 1 Item #: 52972 - 2 1/4"**

'Yakushima' (L. bicolor)

A cute dwarf mounding selection with dainty violet-purple flowers in late summer. Even when not in bloom it creates an attractive, fine textured mound that is great for the front of the border or mixed into the perennial bed. **USDA 5, AHS 8, 12-18 in., gr 1 Item #: 52922 - 2 1/4"**

Leycesteria formosa Pheasant Berry

Family: Caprifoliaceae (Ley-ces-ter-i: After William Leycester; for-mosa: beautiful)

GOLDEN LANTERNS®

(L. f. 'Notbruce' cbr#2318) Royalty & Marketing Fee .65/plant

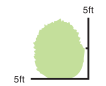

A cool shrub that will rock the perennial world. Imagine a graceful, easy growing plant with attractive, clean, bright yellow-green foliage and hints of red in the new growth. In mid-summer it is covered with 4" long pendulous clusters of dark purplish-red bracts and white flowers. Follow this with dark purple berries in autumn. It is a fantastic plant for the perennial garden or as a color item for the patio. In the north this is a dieback shrub that behaves like a perennial. Extra thick mulch will keep it alive in colder climates. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 6, AHS 10, 3-5 feet, gr 0.5 Item #: 53702 - 2 1/4" • 53705 - Quick Turn**

Ligustrum Privet

Family: Oleaceae (Ligu-strum: ancient Latin name)

x vicaryi

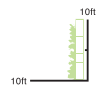

Compact shrub with waxy, bright yellow leaves. Tolerant of heavy pruning; excellent for making hedges, balls, tuna cans and box-like shapes. **USDA 5, AHS 8, 4-6 feet, gr 1 Item #: 53902 - 2 1/4"**

Lonicera Honeysuckle

Family: Caprifoliaceae (Lonic-era: after Adam Lonitzer, 1528-1586, German physician and naturalist)

'Harlequin' (L. periclymenum) image

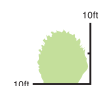

Cream, pink and dark green, irregularly variegated leaves. Wonderfully scented tubular flowers of pale rose-purple with a white to yellow lip from May to July. Can be grown as a low spreading shrub or trained up a trellis as a vine. Wonderful fall colors. Discovered in a private garden in Ipswich, England. **USDA 4, AHS 9, 8-10 feet, gr 1 Item #: 54202 - 2 1/4"**

Magnolia Magnolia

Family: Magnoliaceae (Magnol-ia: bears the name of Pierre Magnol)

'Ann'

Deep purplish-red blooms appear later than most magnolias, thus are less apt to get frosted. Big, lily-like flowers often repeat during the summer. **AWARDS: PSC. USDA 5, AHS 9, 10-12 feet, gr 1.5 Item #: 55852 - 2 1/4"**

'Centennial'

An Arnold Arboretum introduction with 28 to 32 pink and white petals. Flowers are large and open flat, 5 1/4 inches across. **USDA 5, AHS 9, 15-16 feet, gr 1.5 Item #: 55482 - 2 1/4"**

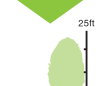

'Galaxy'

A pyramidal, strongly-branched tree that puts on an impressive spring show of rich purplish-pink blooms. Flowers 1-3 weeks after the first cultivars in the genus, thus avoiding many frost problems. Developed by the US National Arboretum. Considered one of the best large pink tree magnolias if given enough room to grow. **USDA 5, AHS 9, 25-30 feet, gr 1.5 Item #: 55992 - 2 1/4"**

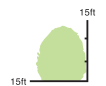

NEW

'Lennei' (M. x soulangiana 'Lennei)

Lennei is a vigorous, upright selection of Saucer Magnolia with large spring flowers which are magenta purple on the outside of the petals and white within. The flowers are massive and extremely beautiful. **USDA 5, AHS 9, 15-25 feet, gr 1.5 Item #: 55442 - 2 1/4"**

'Leonard Messel' (M. kobus var. loebneri)

A magnificent large shrub, small tree with rose purple buds that open pale pink. Very hardy. Originated at Nymans, Sussex, UK. **USDA 5, AHS 9, 10-15 feet, gr 1.5 Item #: 56092 - 2 1/4"**

'Royal Star'

A superior, vigorous selection of *M. stellata*. Pink buds unfold to pure white, revealing 25 to 30 petals. **USDA 5, AHS 9, 15-16 feet, gr 1.5**
Item #: 55602 - 2 1/4"

'Waterlily'

Fragrant white flowers, pink in bud. Petals are wide, doubled and the flowers resemble a water lily. **AWARDS:** AGM.
USDA 5, AHS 9, 15-16 feet, gr 1.5 **Item #: 55692 - 2 1/4"**

virginiana 'Henry Hicks'

The hardiest evergreen selection of Sweetbay with creamy white, lemon-scented flowers in May and June. A magnificent large shrub or small tree that tolerates shade and moist soils. Introduced by Joe McDaniel of the University of Illinois. **USDA 5, AHS 9, 10-20 feet, gr 1.5**
Item #: 55752 - 2 1/4"

Microbiota Siberian Cypress

Family: Cupressaceae (Mirco-biota: small living creature)

Top Seller! *decussata*

Ground Cover ☀️ 🌿 🍷

Considered hardy to -40°F, this plant looks like a cross between a creeping juniper and a fern. Graceful, bright green foliage turns a russet copper in winter. **USDA 2, AHS 7, 8-12 in., gr 1** **Item #: 57104 - 4"**

'Jacobsen'

Ground Cover ☀️ 🌿 🍷

A fluffy upright tufted sport of Russian cypress discovered by Arne Vagn Jacobsen of Denmark and introduced by Horstman in 1990. Attractive fine textured foliage and adaptability to shade make this a great little plant.

USDA 2, AHS 7, 8-12 in., gr 1
Item #: 57112 - 2 1/4" • 57114 - 4"

Philadelphus Mock Orange

Family: Saxifragaceae (Philadel-phus: after King Ptolemy Philadelphus)

'Innocence' (P. x lemoinei)

☀️ 🌿 🍷 🌸

Perhaps the most fragrant of all the mock oranges. Single, pure white flowers. Splashed with an irregular creamy white or gold variegation.

USDA 4, AHS 8, 6-8 feet, gr 0.5 **Item #: 57982 - 2 1/4"**

'Snowbelle'

Compact ☀️ 🌿 🍷 🌸

A low grower with a compact habit, loaded with fragrant double, pure white flowers! **NATIVE:** North America. **USDA 4, AHS 8, 3-4 feet, gr 1**
Item #: 58182 - 2 1/4"

'Snow Dwarf'

Dwarf ☀️ 🌿 🍷 🌸

A Canadian selection noted for its dwarf habit and abundance of fragrant flowers. Flowers are pure white, up to 1 1/2" in diameter. A great small border shrub. Developed by AGR Canada, in Ottawa so you know it's hardy. **NATIVE:** North America. **USDA 4, AHS 7, 2-3 feet, gr 1**
Item #: 58162 - 2 1/4"

Item #: 59422 - 2 1/4"

'Pink Beauty'

(pp# 9874) Royalty .30/plant

Clear pink, semi-double flowers that hold their color well. Earning rave reviews in Canada. It has a globe shaped habit and dark green leaves. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **NATIVE:** North America.
USDA 3, AHS 7, 2-3 feet, gr 0.5 **Item #: 59492 - 2 1/4"**

Prunus

Family: Rosaceae (Pru-nus: classical name for plum)

LITTLE TWIST® ("Kojou No Mai") Royalty Fee .65/Plant

A delightful flowering cherry with distinctive zig-zag stems and shoots. Profuse, tightly clustered white flowers have pink centers. Maroon fall foliage. Originating from Japan, this is a delightful tree for small spaces and patios. Adaptable to most soils. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.
USDA 3-4' tall and wide, gr 2 **Item #: 60352 - 2 1/4"**

Prunus triloba

This double flowering plum is a real show stopper in spring. It is covered with masses of 1", rich pink blooms in late April to early May. It is a large shrub or small tree with a spreading habit and bronze yellow fall color. Very hardy. May be pruned to maintain at a smaller size.
USDA 3, AHS 8, 10-12 feet, gr 1.5 **Item #: 60802 - 2 1/4"**

Pyracantha Firethorn

Family: Rosaceae (Pyracantha: Greek meaning fire and thorn)

'Red Cushion' (*P. coccinea*)

We discovered this plant at a research station north of Hamburg, Germany in a fire blight evaluation plot. This plant was the standout. Not only was it impeccably free of disease, it was also the best looking plant in the trial. A neat compact habit with tight branching. A blanket of white flowers in spring and a show of dark red fruit in autumn.
USDA 6, AHS 9, 3-4 feet, gr 1 **Item #: 61872 - 2 1/4"**

Rhamnus frangula Buckthorn

Family: Rhamnaceae (Rham-nus: ancient Greek name. frangula: pre-Linnaean substantive name)

'Asplenifolia'

Fern Leaf Buckthorn. Texture is the key to quality design and this plant has interesting, narrow, fine textured foliage. Broad upright mounding habit. A specimen plant with wonderful yellow fall color. This cultivar produces very little viable seed and has been scientifically proven to be non-invasive.
AWARDS: PSC. **USDA 3, AHS 8, 8-10 feet, gr 1**
Item #: 62002 - 2 1/4"

Top Seller! FINE LINE®

(*R. f.* 'Ron Williams', pp#14,791) Royalty & Marketing Fee .55/plant

One of the coolest plants to hit the market in years. This plant combines the fantastic, fern-like foliage of 'Asplenifolia' with the narrow upright habit of 'Columnaris'. The landscape applications for this plant are endless. Use it to create narrow hedges or screens, or as an accent specimen. It's a great choice for the perennial garden, and its narrow habit makes it a great choice for entrances and patio gardens, including container gardens. This cultivar produces very little fruit. This non-invasive cultivar is an excellent, responsible replacement for older weedy varieties. A university study showed a meager 3% germination rate compare to the species which germinated at 98%. Developed by Ron Williams of Scenic View Nursery in Green Bay, Wisconsin. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 2, AHS 8, 5-7 feet, gr 1**
Item #: 62152 - 2 1/4" • 62155 - Quick Turn

Rhododendron Azalea

Family: Ericaceae. Rhododendron (from the Greek: rhodos, "rose", and dendron, "tree")

BOLLYWOOD™ AZALEA

(Rhododendron 'Farrow' ppaf, cbraf) Royalty & Marketing Fee .55/plant

ColorChoice shrubs are all about the color, and this plant has it! Bright neon red-pink flowers engulf this compact semi-evergreen Azalea in spring. Vivid, glossy, silver and dark green variegated foliage supplies the color the rest of the year. This very hardy azalea was developed by Mike Farrow of Holly Hill Nursery in MD. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 1.5-2 feet, gr 1**
Item #: 62422 - 2 1/4" • 62425 - Quick Turn

Rhus aromatica Fragrant Sumac

Family: Anacardiaceae (Rhus: ancient Greek name, aromatica: aromatic)

'Gro-Low'

A low spreader with glossy green foliage and superb orange-red fall color. A low maintenance groundcover introduced by Synnstedt Nursery. **AWARDS:** PSC. **NATIVE:** North America.
USDA 4, AHS 9, 1-2 feet, gr 1.5
Item #: 62402 - 2 1/4" • 62402AB American Beauties

comments:

"This plant is extraordinarily hardy and versatile. I now have several because they grow quickly enough and I can move them around in pots to provide center pieces for various locations on our deck. The plant is quite airy and beautiful. They're tolerant of everything; bugs, drought, wet, wind, cold, hot, in pots, out of pots, clay, and potting soil, I've been using them for 4-5 years without any problem".

FINE LINE® Rhamnus

Rosa Hybrids Landscape Roses

Family: Rosaceae (Ro-sa: Ancient Latin name)

OSO EASY® ROSES

For many years we've been searching for a better rose, one that can be grown like any other shrub on the farm – without fungicides. We tested many new plants, but most flunked the test by developing either black spot or mildew. A few select plants met the challenge and remained clean after four years without a single fungicide treatment. So throw away the sprayer and enjoy these roses because they're Oso Easy for both the grower and the gardener. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

OSO EASY® CHERRY PIE

(R. 'Meiboulka' ppaf, cbraf) Royalty & Marketing Fee .80/plant

A new Oso Easy rose that produces an abundance of bright, candy apple red flowers. The flowers are large and single, bright yellow stamens. The foliage is glossy and highly disease resistant.

USDA 4, AHS 9, 2-4 feet, gr 1

Item #: 63412 - 2 1/4" • 63415 - Quick Turn

OSO EASY® FRAGRANT SPREADER

Ground Cover ☀️ 🍷 🌸

(R. 'Chewground', pp#15,981, cbraf) Royalty & Marketing Fee .80/plant

This rose rocks! An incredible new disease resistant rose adorned with loads of fragrant, single, pink flowers. It's a low growing rose for covering large areas, banks or other difficult locations. Hybridized by Chris Warner of the UK.

USDA 3, AHS 9, 1-2 feet, gr 1

Item #: 69642 - 2 1/4" • 69645 - Quick Turn

OSO EASY® HONEY BUN

(R. 'Scrivjean' ppaf cbraf) Royalty & Marketing Fee .80/plant

Oso Easy Honey Bun has the highest level of disease resistance and it produces an abundance of semi-double blooms. The unique flower color ranges from blush-pink to butter yellow to creamy white.

Salix chaenomeloides

Salix 'Hakuro Nishiki'

Salix 'Melanostachys'

Salix Willow

Family: Salicaceae (Sa-lix: classical name for Willow)

caprea

French pussy willow is a favorite for cutting branches. The silver pink catkins make a great dried arrangement. Cut back yearly to produce long shoots. **USDA 4, AHS 8, 12-15 feet, gr 1** **Item #: 70452 - 2 1/4"**

chaenomeloides

Giant Pussy Willow. Honey, I blew up the pussy willow! Catkins the size of a rabbit's foot. Certain to become popular for cutting. **USDA 4, AHS 7, 10-12 feet, gr 1** **Item #: 70552 - 2 1/4"**

'Hakuro Nishiki' (syn. *S. integra* 'Alba Maculata')

The Japanese dappled willow is noted for its striking white-green-pink foliage. Its slender branches are always moving in the breeze. Regular shearing is necessary to maintain leaf variegation. Very popular. **USDA 5, AHS 7, 3-5 feet, gr 1** **Item #: 70902 - 2 1/4"**

'Melanostachys' (*S. gracilistyla*)

The black pussy willow has rich black catkins and dark stems. A great cutting branch and conversation piece. **AWARDS: AGM.** **USDA 4, AHS 8, 6-10 feet, gr 1.5** **Item #: 70782 - 2 1/4"**

Sambucus Elderberry

Family: Caprifoliaceae (Sambu-cus: old Latin name for Elder)

Word is getting out that Sambucus can be a fantastic ornamental garden plant. Recent introductions have provided a wonderful array of foliage colors such as yellow, copper, white and even black. This is a bold plant with vigorous growth. Most people find that treating it as a perennial, cutting it back hard each fall makes for a neat and beautiful plant. Adaptable to almost all soils and easy to grow. **NOTE:** Plants bloom on old wood. **NATIVE:** North America.

NEW

'Adams' (*S. Canadensis* 'Adams')

A hardy, native shrub with an upright, suckering growth habit. Selected for its fruit production. White flowers in mid summer and dark blue to black fruit in late summer. The berries can be used to make jelly, jam, pie, or juice which is reportedly good for the health. Great for attracting birds such as Robins and Cedar Waxwings.

BLACK BEAUTY™

COLOR CHOICE PLANNING SERVICE

(*S. nigra* 'Gerda', pp#12,305, cbr#2663) Royalty & Marketing Fee .85/plant
A breakthrough plant with intriguing dark black foliage. It will totally change your perception of Sambucus. Massive, pink flowers in summer contrast wonderfully with the foliage. Grow it as a shrub, or cut it back each year and use it as a bold perennial. Developed by Ken Tobutt and Jacqui Prevette of the East Malling Research Station in England. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS: RHS, AGM.** **USDA 4, AHS 8, 8-12 feet, gr 0.5**
Item #: 71852 - 2 1/4" • 71855 - Quick Turn

Top Seller! BLACK LACE™

COLOR CHOICE PLANNING SERVICE

(*S. nigra* 'Eva' pp#15,575, cbr#2633) Royalty & Marketing Fee 1.05/plant
There has never been a plant with such appeal! Black Lace is reminiscent of a Japanese maple with its lacy purple-black foliage. Even better, it produces massive pink flowers that reach six inches in diameter. Its color and texture make it a great plant for the perennial garden, patio container or the entrance garden. It has tons of impulse appeal so make sure you stock up for the demand. Black coloration is due to full sun and cooler temperatures. Plants will not get dark black in southern climates. Developed by the British breeding program at Horticulture Research Institute at East Malling. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS: ANLA #1 new variety, Silver Medal Royal Boskoop Horticulture Society.** **USDA 4, AHS 8, 6-8 feet, gr 0.5** **Item #: 71862 - 2 1/4" • 71865 - Quick Turn**

BLACK BEAUTY™ *Sambucus*

BLACK LACE™ *Sambucus*

Schizophragma 'Moonlight'

SAMBUCUS CONTINUED

'Sutherland Gold' (*S. racemosa*)

We are pleased to offer this wonderful plant. Beautiful, deeply cut, golden foliage and a graceful habit. Even though it's said to be more resistant to leaf burn than 'Plumosa Aurea', it will look its best in partial shade. It also holds its color better than other yellow cultivars. The new spring growth is a beautiful copper-red and the fruit is red in summer.

USDA 3, AHS 7, 5-10 feet, gr 0.5 Item #: 72484 - 4"

***Schizophragma*
False Hydrangea-Vine**

Family: Hydrangaceae (Schizo-phrag-ma: Greek meaning cleft wall, referring to the fruit capsules)

'Moonlight'

Very cool! Pewter blue leaves are dissected by a network of green and pink venation. Big white flowers in July. A first class climber discovered in the wilds of Japan by Barry Yinger. **AWARDS:** GMPA.

USDA 5, AHS 9, 40-50 feet, gr 1 Item #: 72762 - 2 1/4"

'Roseum'

We've got it! A Schizophragma with pink blooms. Clear, soft pink, tear drop sepals adorn this beauty from June to July. Attractive dark red petioles provide season long interest. Great on a north facing brick wall or trained up a tall tree.

USDA 5, AHS 9, 40-50 feet, gr 1 Item #: 72792 - 2 1/4"

***Sorbaria* Ural False Spirea**

Family: Rosaceae (Sorba-ria: meaning that it resembles Sorbus foliage)

sorbifolia

Looks much like a giant, white Astilbe with its bold and dramatic, 6"-10" flowers during July and August. Bold tropical looking leaves and suckering habit. It is easy to grow and is site adaptable.

USDA 2, AHS 9, 5-10 feet, gr 1 Item #: 73004 - 4"

***Spiraea* Spirea**

Family: Rosaceae (Spirae-a: Greek meaning wreath)

Spiraea densiflora

A beautiful native spirea known as the mountain spirea. Fragrant, bright, rosy pink pom-poms flowers in mid-summer. In its native habitat it is found on cold, moist, rocky slopes, but is also a well adapted landscape shrub.

NATIVE: North America.
USDA 4, AHS 8, 2-3 feet, gr 1

Item #: 73702 - 2 1/4" • 73702AB American Beauties

**The Double Play™ Series
A new line of colorful Spiraea**

One of the main goals of the Proven Winner ColorChoice program is to extend a shrub's color interest beyond the date of flowering. The Double Play Series does just that. In addition to vibrant flowers, these introductions turn a double play by providing absolutely stunning foliage especially in the spring when they first break bud. Developed by Tim Wood, Spring Meadow Nursery.

DOUBLE PLAY™ ARTIST

(*S. japonica* 'Galen,' ppaf, cbrat) Royalty & Marketing Fee .55/plant

You will love this plant from the moment it flushes in the spring. The blue-green foliage emerges a rich purple red setting it apart from all other plants on the farm. The flowers are a rich, pure pink unlike any other Spiraea. The plant is a compact, full bodied mound. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 24-30 inches, gr 1 Item #: 74732 - 2 1/4" • 74735 - Quick Turn**

DOUBLE PLAY™ BIG BANG

(*Spiraea* 'Tracy' ppaf, cbrat) Royalty & Marketing Fee .55/plant

Massive pink flowers of a size never seen before adorn bright yellow foliage. Foliage glows orange in the spring. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 2-3 feet, gr 1 Item #: 76542 - 2 1/4" • 76545 - Quick Turn**

DOUBLE PLAY™ GOLD

(*S. japonica* 'Yan,' ppaf, cbrat) Royalty & Marketing Fee .55/plant

A compact, low mounded beauty with vibrant, pure golden foliage and an abundance of pure pink flowers. In side by side trials with twenty other selections this plant shined above all others in the garden and in our container trials. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 16-24 inches, gr 1 Item #: 74762 - 2 1/4" • 74765 - Quick Turn**

'Alpine' (*S. japonica*)

Dwarf ☀️ 🌿 🌸

A dwarf, compact plant with small blue-green leaves and dainty pink powder puff flowers. An excellent landscape plant that combines well with other plants. **AWARDS:** AGM, PSC. **USDA 4, AHS 9, 12 inches, gr 1**
Item #: 73842 - 2 1/4" • 73844 - 4"

'Anthony Waterer' (*S. japonica*)

☀️ 🌿 🌸

Deep rose-red flowers appear in June on this dense mounding shrub. It often produces disfiguring albino shoots, but fortunately new improved cultivars are now on the market: see Neon Flash. **AWARDS:** AGM.
USDA 4, AHS 9, 3 feet, gr 1
Item #: 73892 - 2 1/4" • 73894 - 4"

'Gold Flame' (*S. japonica*)

☀️ 🌿 🌸

Bright gold foliage with reddish tips of new growth. Deep pink flowers and compact mounded habit. From W.H. Perron. For an improved Gold Flame see Double Play™ Big Shot above. **AWARDS:** AGM.
USDA 4, AHS 9, 2-3 feet, gr 1
Item #: 74212 - 2 1/4" • 74214 - 4"

'Goldmound' (*S. japonica*)

☀️ 🌿 🌸

Bright gold foliage, pink flowers, and a low mounding form. Introduced by W.H. Perron Nursery. **USDA 4, AHS 9, 2 feet, gr 1**
Item #: 74272 - 2 1/4" • 74274 - 4"

'Lemon Princess' (*S. japonica*)

☀️ 🌿 🌸

One of our favorites! It's brighter than 'Gold Mound' and the color holds up much better during the summer. A compact mounded plant. The difference is striking compared to Gold Mound.
USDA 4, AHS 9, 2 feet, gr 1 – Item #: 74332 - 2 1/4"

'Little Princess' (*S. japonica*)

Dwarf ☀️ 🌿 🌸

Alpine spirea on steroids! Larger leaves, faster growth and abundant pink flowers, yet still more compact than other cultivars. **AWARDS:** PSC.
USDA 4, AHS 9, 18-24 in., gr 1
Item #: 74362 - 2 1/4" • 74364 - 4"

'Magic Carpet'

Ground Cover Dwarf ☀️ 🌿 🌸

(*S. japonica* pp#9363) Royalty .30/plant image

A dwarf spirea with vibrant red leaf tips above a backdrop of bright golden foliage. Add pinkish-purple flowers in summer and you have season long interest. Use it as a groundcover! The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/ Trademark tag required. **AWARDS:** GCA. **USDA 3, AHS 9, 12-18 in., gr 1**
Item #: 74422 - 2 1/4" • 74424 - 4"

'Neon Flash' (*S. japonica*)

☀️ 🌿 🌸

Still growing Anthony Waterer? Get with it! Neon Flash has vivid red flowers, rich purple-green new growth and no albino shoots like you get with A.W. Discovered in the wild by Shigeo Suzuki of Angyo, Japan. Long blooming. Introduced by Barry Yinger through Brookside Gardens. **FIRST CHOICE AWARD. USDA 4, AHS 9, 3 feet, gr 1**
Item #: 74452 - 2 1/4" • 74454 - 4"

PINK PARASOLS®

(*S. fritschiana* 'Wilma' pp#15,397) Royalty Fee .30/plant

☀️ 🌿 🌸

A cool spirea with big, pink, fluffy, umbrella-like blooms which cover this mounded, spreading shrub in June. Bluish-green leaves are tinged with red and turn a nice yellow-orange-red color in autumn. Great for mass planting. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 4, AHS 8, 2-3 feet, gr 1** **Item #: 73802 - 2 1/4"**

'Shirobori' (*S. japonica*, Incorrectly called *S. j.* 'Shirobana')

☀️ 🌿 🌸

Shirobori in Japanese means two-colored cloth. Pink and white flowers on the same plant make this a great garden center impulse plant. Like most Japanese Spirea, it will rebloom throughout the summer if you remove the spent flowers. **USDA 4, AHS 9, 2-3 feet, gr 1**
Item #: 74702 - 2 1/4" • 74704 - 4"

Spiraea 'Lemon Princess'

USDA 4, AHS 8, 4-6 feet, gr 1 Item #: 75302 - 2 1/4"

Top Seller! SNOW STORM™

(*S. media* 'Darsnorm') Royalty & Marketing Fee .55/plant

Snowstorm is a superb Darthuizer selection of *Spiraea media* with an abundance of massive white blooms in April and May. It's literally a snow storm. Superb blue-green foliage turns a blaze of orange-red in autumn. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 8, 3-4 feet, gr 1

Item #: 75002 - 2 1/4" • 75005 - Quick Turn

thunbergii 'Ogon'

A beautiful Japanese selection with bright yellow, small willow-like leaves.

This fine textured shrub shines all season long and echoes nicely with yellow flowered perennials such as *Coreopsis*. Attractive white flowers appear in early spring. The fall color is bronze. **AWARDS:** GMPA

USDA 4, AHS 8, 3-4 feet, gr 1.5 Item #: 75612 - 2 1/4"

Spiraea 'Ogon'

'Tor' (*S. betulifolia*)

A sleeping beauty! A multitude of tightly packed, white flower clusters shine against a backdrop of iridescent green leaves. Compact, rounded habit, and exceptional purple autumn color add to this plant's allure! Blooms in mid to late spring. A Scandinavian selection. **FIRST CHOICE AWARD. NATIVE:** North America.

USDA 3, AHS 9, 3-4 feet, gr 1

Item #: 73302 - 2 1/4"

x 'Vanhouttei'

What would spring be without the magical appearance of this old time favorite? Developed by Billard of France in 1862 and still one of the best in the entire genus today!

USDA 3, AHS 8, 5-8 feet, gr 1

Item #: 76302 - 2 1/4"

x 'Renaissance'

An improved version of 'Vanhouttei'. Claimed to have mildew and rust resistant foliage.

USDA 3, AHS 8, 5-8 feet, gr 1

Item #: 76102 - 2 1/4"

Stephanandra *Stephanandra*

Family: Rosaceae (Stephanan-dra: Greek compound, referring to the crown of stamen)

incisa 'Crispa'

Cutleaf *Stephanandra* is a graceful, low spreading plant. Miniature maple-like leaves unfold a reddish-bronze. Small white flowers in late May. **AWARDS:** AGM, PSC.

USDA 3, AHS 8, 2-4 feet, gr 1

Item #: 77102 - 2 1/4"

Symphoricarpos Coral Berry

Family: Caprifoliaceae (Sym-phori-car-pos: Greek: to bear together and fruit)

AMETHYST™

(*S. x doorenbosii* 'Kordes') Royalty & Marketing Fee .55/plant

An impressive new coralberry from Germany. Vivid deep magenta-pink, late summer fruit make this plant superior to all others. Good branching and neat habit. The fruit is not edible. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America.

USDA 3, AHS 7, 3-5 feet, gr 1 Item #: 77352 - 2 1/4" • 77355 - Quick Turn

AMETHYST™ *Symphoricarpos*

Syringa Hybrid Lilac

BLOOMERANG® PURPLE

(*Syringa* x 'Penda' ppaf, cbraf) Royalty & Marketing Fee 1.05/plant

PW
PROVEN
WINNERS

COLOR
CHOICE

This new reblooming lilac rocks the horticultural world. The highly fragrant flowers burst forth in spring and then again in mid-summer and continue right up until frost. It has a compact, full growth habit and small leaves that make it the perfect shrub for smaller gardens. Now you can enjoy your lilac beyond two weeks in the spring! Mildew resistant. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 3, AHS 7, 4-5 feet, gr 1
Item #: 81322 - 2 1/4" • 81325 - Quick Turn

'Anabel' (*S. x hycinthiflora*, Hawkins)

Fr. Fiala rates this as one of the best early blooming pink lilacs. Full double flowers and good fragrance. One of the earliest lilacs to bloom which makes it especially good for retail. **USDA 2, AHS 7, 6-9 feet, gr 1**
Item #: 78252 - 2 1/4"

'Betsy Ross' (*S. x oblata*, Egolf)

An American beauty! Selected for its pure white flowers, compact, rounded growth habit, mildew tolerance. Adaptable to warmer climates. Thick dark green foliage. **USDA 2, AHS 6, 8-10 feet, gr 1**
Item #: 80752 - 2 1/4"

'Declaration' (*S. x hyacinthiflora*, Egolf)

Another American beauty! Selected at the National Arboretum for its very large, fragrant, dark reddish-purple flowers and clean foliage. It has an upright habit and good mildew resistance. **USDA 2, AHS 7, 8-10 feet, gr 1**
Item #: 81202 - 2 1/4"

'Evangeline' (*S. x hycinthiflora*, Skinner)

Her light purple, double blooms are very fragrant. A compact, non-suckering hybrid that is early blooming. **USDA 2, AHS 7, 8-10 feet, gr 1**
Item #: 78422 - 2 1/4"

'Excel' (*S. x hycinthiflora*, Skinner)

A free flowering hybrid with fragrant, lilac-lavender single flowers. An early blooming hybrid with compact branching. Low chilling requirement makes Excel great for the south! **USDA 2, AHS 7, 8-10 feet, gr 1**
Item #: 78432 - 2 1/4"

'George Eastman' (*S. juliana*, Clark-Fenicchina) **Dwarf**

A true color breakthrough. Magnificent wine-red buds and deep cerise-pink blooms. Superb, smaller, upright form. A chance seedling discovered in Durand-Eastman Park in Rochester, NY. **USDA 2, AHS 7, 4-6 feet, gr 1**
Item #: 78982 - 2 1/4"

'Josee'

Reblooms

A dwarf lilac introduced by Minier Nursery of France in 1976. The lavender-pink blooms appear in May and continue sporadically until frost. (*S. patula* x *macrophylla* [x *meyerii*], G. Morel). **USDA 2, AHS 8, 4-6 feet, gr 1**
Item #: 81302 - 2 1/4"

'Lilac Sunday' (*S. x chinensis*, Alexander)

From the Arnold Arboretum, grown from seed supplied by the Beijing Botanical Garden. Pale purple, fragrant flowers appear in mid-May and are produced in abundance. The flowers are produced in panicles not only at the branch tips, but also at the lateral buds. Excellent mildew resistance. **USDA 2, AHS 8, 8-12 feet, gr 1**
Item #: 80852 - 2 1/4"

'Miss Canada' (*S. x prestoniae*, Cumming)

A heavily flowering cross between Redwine and Hiawatha with deep rose-pink flowers. **USDA 2, AHS 7, 6-9 feet, gr 1**
Item #: 79452 - 2 1/4"

patula 'Miss Kim'

Dwarf

A dwarf, compact lilac with pale purple flower buds that open lavender blue. Attractive dark green foliage turns a pleasing bronze-red in autumn. (Yeager 1964) **USDA 3, AHS 8, 3-5 feet, gr 1**
Item #: 79302 - 2 1/4" • 79304 - 4"

'Mt. Baker' (*S. x hycinthiflora*, Skinner)

An early bloomer with very fragrant, pure white single flowers. Mildew resistant. **USDA 2, AHS 7, 10-12 feet, gr 1**
Item #: 78632 - 2 1/4"

'Palibin' (*Syringa meyeri*)

Dwarf

Dwarf Korean lilac is a popular dwarf plant with reddish purple flower buds that open a lavender-light pink. A strong bloomer with a light pleasing fragrance. **AWARDS:** AGM, PSC. **USDA 3, AHS 7, 3-5 feet, gr 1.5**
Item #: 79202 - 2 1/4" • 79204 - 4"

'Pocahontas' (*S. x hycinthiflora*, Skinner)

An early bloomer with very fragrant, deep reddish-purple, single flowers. Very popular color! **USDA 2, AHS 7, 10-12 feet, gr 1**
Item #: 78682 - 2 1/4"

'Prairie Petite' (*S. x vulgaris*, Viehmeyer)

Dwarf

A dwarf lilac growing with light pink flowers that are held neat and upright. The flowers fade to lavender. Begins flowering at a young age. **USDA 2, AHS 8, 3-4 feet, gr 1**
Item #: 81702 - 2 1/4"

'Red Pixie' (*S. x*, Max Peterson)

Dwarf

A seedling of *S. juliana* 'Hers' that may have crossed with *S. meyeri*. Dark reddish purple blooms fade to a pale pink. The leaves are small like *meyerii* and branches do not weep like 'Hers', but come out horizontally. **USDA 2, AHS 7, 4-6 feet, gr 1**
Item #: 81802 - 2 1/4"

'Redwine' (*S. x prestoniae*, Preston)

A late blooming hybrid with lightly fragrant, bright magenta, single flowers. **USDA 2, AHS 7, 8-10 feet, gr 1**
Item #: 79492 - 2 1/4"

'Royal Purple' (*S. x hycinthiflora*, Skinner)

This is an early blooming hybrid with fragrant, dark purple, double flowers. **USDA 2, AHS 7, 8-10 feet, gr 1**
Item #: 78752 - 2 1/4"

TINKERBELLE® (*Syringa* 'Bailbelle', pp#12,294) Royalty .40/plant **Dwarf**

A wonderful new dwarf Lilac, similar to 'Palibin' but with improved color. Wine colored buds open to a pleasing deep pink. Wonderful spicy fragrance. The small dark green leaves show good mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 3, AHS 7, 4-6 feet, gr 1**
Item #: 82002 - 2 1/4"

vulgaris

Old-fashioned lilac is everyone's favorite! The lavender-purple flowers which appear in May are the most fragrant of all lilacs! **USDA 2, AHS 8, 12-15 feet, gr 1**
Item #: 80672 - 2 1/4"

Bloomerang® Lilac

BREEDER PROFILE

Tim Wood

Bloomerang® Purple
Syringa

Tim Wood has been a fixture at Spring Meadow Nursery since 1995. In his time as New Product Development Manager he's traveled the world looking for new plants. His travels have taken him to the Netherlands (Wine & Roses® and 'Limelight'), Korea (Lil' Kim™), England (Black Lace™) and many other countries. Still, discovering other people's plants wasn't enough for Tim; he wanted to see what he could do himself.

Among his creations is the new Bloomerang® Purple lilac. It's a reblooming variety that flowers in spring, as expected, and then again in late summer and fall, something completely unexpected from a lilac. How did he manage to coax a second season from this traditional spring favorite?

"Reblooming lilacs are not unheard of," says Tim. "We've observed sporadic reblooming on several species, but we wanted something with a more significant display and also better flower color."

Over a thousand seedlings were sowed in a wet area to cull out those with sensitivity to wet feet. "Many small leaved lilacs have problems with root rot. We lost about three quarters of the original group, but it was a quick way to select for healthy roots." Tim narrowed the remaining plants down to five selections with the strongest blooms, and from those finalists selected Bloomerang® Purple. He hopes to add additional colors to the Bloomerang series.

Prior to working at Spring Meadow, Tim worked at several botanic gardens and other nurseries. He is a devoted Michigan State Spartan, and thankful that Michigan's late springs give him time to fully enjoy March Madness before the busy season starts at the nursery.

Tamarix Tamarix

Family: Tamaricaceae (Tam-arix: ancient Latin name, ramosissima: much branched)

'Pink Cascade'

An astonishing sight to behold! Masses of deep pink flowers create an ostrich plume effect in early summer. Light green foliage is juniper-like, but soft and feathery. Tolerant of poor dry soils. The habit and flowering display are improved if it is cut back to the ground each winter.

USDA 2, AHS 8, 10-15 feet, gr 1 Item #: 82602 - 2 1/4"

'Summer Glow'

A very hardy selection that blooms in the spring and into the summer.

USDA 2, AHS 8, 10-15 feet, gr 1 Item #: 82882 - 2 1/4"

Taxus x media Yew

Family: Taxaceae (Tax-us: ancient Latin name)

'Brownii'

The most popular globe shaped yew. Often shows a touch of brown on its new buds. **USDA 4, AHS 7, 4-5 feet, gr 2 Item #: 83162 - 2 1/4"**

CAPTAIN™

(*T. cuspidata* 'Fastigiata') Royalty .20/plant

A superior, asexually produced clone of Capitata that's faster growing and more uniform to produce. Crops are consistent and can be row run at harvest. It holds its green winter color much better than Capitata. Discovered by Studebaker Nursery. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.

**USDA 4, AHS 7, 10-15 feet, gr 2
Item #: 83052 - 2 1/4" • 83054 - 4"**

'Dark Green Spreader'

One of the best evergreens for the landscape. It is a graceful, spreading yew with a compact habit and dark, forest-green foliage. A superior, hardy cultivar that does not burn in winter. **USDA 4, AHS 7, 4-5 feet, gr 2
Item #: 83192 - 2 1/4" • 83194 - 4"**

'Densiformis'

This very popular yew is a rapid grower with a spreading habit and fluffy bright green needles. **USDA 4, AHS 7, 4-6 feet, gr 2
Item #: 83252 - 2 1/4" • 83252 - 2 1/4" • 83254 - 4"**

'Everlow'

A very popular and useful, low spreading form that resists winter burning. **AWARDS: PSC. USDA 4, AHS 7, 3-4 feet, gr 2
Item #: 83282 - 2 1/4"**

'Green Wave' (*T. cuspidata*)

We spotted this plant on the Campus of Michigan State and we had to get it! A very impressive mass planting creates a lush, semi-weeping wave of green foliage. Great texture and habit. **USDA 4, AHS 7, 4-6 feet, gr 2
Item #: 83062 - 2 1/4"**

'Hicksii'

Popular columnar form with dark green foliage. Easy to maintain and the preferred yew for hedges. **USDA 4, AHS 7, 8-10 feet, gr 2
Item #: 83362 - 2 1/4"**

MARGARITA™

(*T. x m.* 'Geers', pp#16,049, cbr#2634) Royalty .30/plant

A cool lime green evergreen with a fresh, healthy color compared to yellow forms that burn or turn ugly. Excellent retail appeal but also a great landscape plant that is adaptable and easy to grow. Discovered by Arie Geers of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 4, AHS 7, 4-5 feet, gr 2 Item #: 83462 - 2 1/4"**

'Tauntonii'

A very hardy spreading yew which is popular in northern climates. It has a low tight habit and can be identified by the light brown tips on its needles. **USDA 4, AHS 7, 4-6 feet, gr 2 Item #: 83672 - 2 1/4"**

'Veridis'

A cool narrow selection with superb architectural interest. A broadly columnar plant with brighter green than most erect varieties. Considered very cold hardy. **USDA 4, AHS 7, 10 x 3 feet, gr 2
Item #: 83702 - 2 1/4"**

Thuja koraiensis Korean Arborvitae

Family: Cupressaceae (Thu-ja: Classical name, koraiensis meaning cone bearing)

'Glauca Prostrata'

We love this cool, low mounded arborvitae with its graceful sprays of silver blue foliage. Use this unique Korean Thuja in place of junipers or other low growing conifer. **USDA 5, AHS 7, 18 inches, gr 1
Item #: 83862 - 2 1/4"**

Thuja occidentalis Arborvitae

Family: Cupressaceae (Thu-ja: Classical name, occidentalis meaning Western as in New World)

'Columbia'

A large, slender column with silver-white foliage tips, on light green leaves. The frosted appearance appears in summer and becomes extremely showy in the winter, contrasting nicely with the older green foliage. **NATIVE: North America. USDA 3, AHS 7, 15-30 ft., gr 1.5
Item #: 84092 - 2 1/4"**

'Danica'

A great selection that is best described as "a dwarf globe Emerald arborvitae" (Smaragd) with the same glossy emerald-green foliage. Considered one of the best dwarf globes! Originated from seed by A.R. Jensen of Denmark in 1948. **NATIVE: North America. USDA 4, AHS 7, 10-15 in., gr 1.5 Item #: 84152 - 2 1/4"**

'Degroot's Spire'

An outstanding, narrow, columnar form with fine textured, fan-like, medium green foliage. Great as an accent plant or as a very narrow hedge. **NATIVE: North America. USDA 3, AHS 7, 6-10 feet, gr 1.5
Item #: 84172 - 2 1/4"**

'Filiformis'

A unique, semi-dwarf, thread-leaf white cedar. Its variable habit is conical to broadly pyramidal or even globose. Thread-like leaves much like *Chamaecyparis pisifera* 'Filifera' but it's much hardier. **NATIVE: North America. USDA 3, AHS 7, 4-8 feet, gr 1.5 Item #: 84242 - 2 1/4"**

'George Peabody'

Golden-yellow, non-burning foliage with upright pyramidal form. **NATIVE: North America. USDA 3, AHS 7, 10-20 feet, gr 2
Item #: 84262 - 2 1/4"**

'Golden Globe'

A mutation of 'Woodwardii' with soft golden-yellow foliage. Globose form that is slower growing than its parent. Originated in the U.S. **NATIVE: North America. USDA 3, AHS 7, 2-3 feet, gr 1.5
Item #: 84292 - 2 1/4"**

'Hetz Midget'

Dense compact globe with fans of green foliage. The growth rate slows and habit becomes more squat with age. We prefer 'Danica' to this variety. This popular dwarf globe was developed by Fairview Nurseries. **NATIVE: North America. USDA 3, AHS 7, 1-2 feet, gr 1.5
Item #: 84322 - 2 1/4"**

'Holmstrup'

Attractive, compact, semi-dwarf, pyramidal form. A very hardy cultivar said to have excellent deer resistance. From M. Jensen of Holmstrup, Denmark. **AWARDS: PSC. NATIVE: North America. USDA 3, AHS 7, 6-9 feet, gr 1.5 Item #: 84352 - 2 1/4"**

THUJA CONTINUED

'Linesville'

Dwarf  

A dwarf, mounded globe with soft, sage-green juvenile foliage. The habit is tight and compact, creating an outstanding landscape or container plant. Discovered by noted plantsman Joe Stupka of Pennsylvania.

NATIVE: North America. **USDA 3, AHS 7, 12-15 in., gr 1**
Item #: 83952 - 2 1/4"

'Little Gem'

Dwarf  

Dense globe form with bright green foliage. Great for making a small, no-prune hedge. **NATIVE:** North America.

USDA 3, AHS 7, 2-3 feet, gr 1.5 **Item #: 84382 - 2 1/4"**

'Malonyana'

From the moment I saw this plant in the Van Gelderen conifer book I knew I had to get it. A tight columnar plant with dark green foliage. It originated in Malonya, Hungary in the garden of Count Ambrozy-Migazzi some time around 1913. A wonderful selection for making a narrow screen or hedge.

NATIVE: North America. **USDA 3, AHS 7, 30-40 feet, gr 1.5** **Item #: 84432 - 2 1/4"**

'Nigra Dark Green'

Considered one of the best! A pyramidal form with deep green foliage and good winter color. **NATIVE:** North America. **USDA 3, AHS 7, 20-30 ft., gr 1.5**

Item #: 84462 - 2 1/4" • 84464 - 4" • 84462AB American Beauties

NORTH POLE™

(*Thuja o.* 'Art Boe' ppaf, cbrpf) Royalty & Marketing Fee .55/plant

A narrow columnar selection of 'Wintergreen' with excellent hardiness and dark green winter foliage color. More narrow than 'Smaragd' (aka Emerald Green). Resistant to winter burn. Developed by Art Boe of Faribault, MN. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 3, AHS 7, 10-15 ft., gr 1.5**

Item #: 84472 - 2 1/4"

'Pyramidalis'

A popular, narrow pyramid with bright green, soft textured foliage. **NATIVE:** North America. **USDA 3, AHS 7, 20-30 ft., gr 1.5**

Item #: 84512 - 2 1/4"

'Smaragd'

Emerald Green Arborvitae is a very popular, tight pyramidal form with shiny, bright emerald-green foliage and good winter color. A real beauty from D.T. Poulsen, Denmark! **NATIVE:** North America. **AWARDS:** PSC.

USDA 3, AHS 7, 10-15 ft., gr 1.5

Item #: 84632 - 2 1/4" • 84634 - 4"

'Sunkist'

Very bright golden foliage and semi-dwarf, broad pyramidal form. Gebr. Boer of Boskoop, Holland. **NATIVE:** North America.

USDA 3, AHS 7, 5-8 feet, gr 2 **Item #: 84662 - 2 1/4"**

'Techny'

Mission Arborvitae is a tough, hardy, burn resistant, broad pyramidal form with bluish-green foliage. Good for hedging. Discovered at Mission Gardens, Techny, IL. **NATIVE:** North America.

USDA 3, AHS 7, 10-15 ft., gr 1.5 **Item #: 84692 - 2 1/4"**

TECHNY GOLD™

 

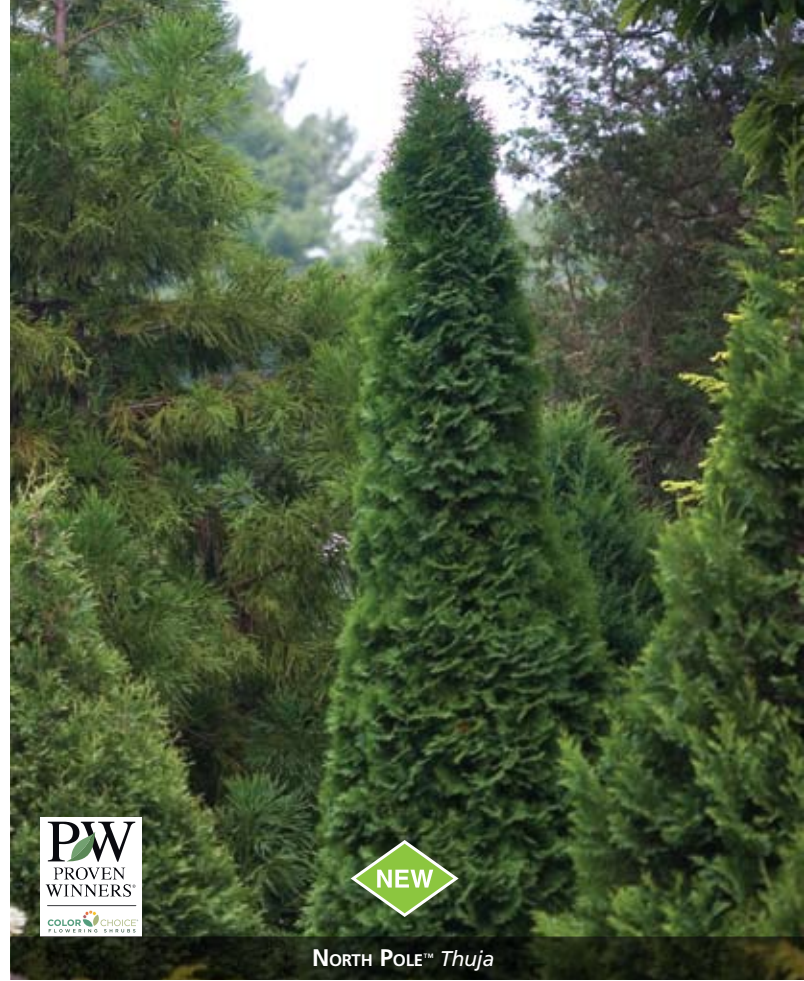

(*T. o.* 'Walter Brown' pp#16,280, cbr#2639) Royalty & Marketing Fee .60/plant

A new gold version of Mission Arborvitae with the same tough, hardy, burn resistant characteristics, but now with showy, rich gold foliage. The foliage color actually intensifies in the winter. Discovered by Walter Brown of Rhode Island. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 3, AHS 7,**

10-15 ft., gr 1.5 **Item #: 84712 - 2 1/4" • 84715 - Quick Turn**

NORTH POLE™ Thuja

TECHNY GOLD™ Thuja

THUJA CONTINUED

'Teddy'

Teddy Bear Arborvitae is sure to sell. A lovable, huggable dwarf globe with soft juvenile foliage. Needs to be cut back hard on a regular basis to keep it looking its best. Reach out and hug one today. Very popular in Europe. **NATIVE:** North America. **USDA 3, AHS 7, 10-15 in., gr 1**
Item #: 84734 - 4"

'Umbraculifera'

A very beautiful and useful cultivar noted for its low mounded habit. Great for mass planting or as a specimen. **NATIVE:** North America. **USDA 3, AHS 7, 15-24 in., gr 1**
Item #: 84972 - 2 1/4"

'Wansdyke Silver'

A striking plant with silver-white variegation and loose thread-like foliage. Discovered by H. J. Welch. **NATIVE:** North America. **USDA 3, AHS 7, 8-10 feet, gr 1.5**
Item #: 84812 - 2 1/4"

'Woodwardii'

The classic globe arb. This well known globe form has light green foliage that turns golden brown in winter. A good foundation plant or "shear-less" hedge. **NATIVE:** North America. **USDA 3, AHS 7, 3-5 feet, gr 1.5**
Item #: 84832 - 2 1/4"

'Yellow Holmstrup'

A yellow version of the attractive, compact, semi-dwarf, pyramidal 'Holmstrup'. We found this beauty in Europe. **NATIVE:** North America. **USDA 3, AHS 7, 6-9 feet, gr 1.5**
Item #: 84862 - 2 1/4"

'Yellow Ribbon'

Striking narrow habit and attractive yellow-gold foliage. Moderate growing, upright pyramidal habit. Color is said to hold well throughout the year. **NATIVE:** North America. **USDA 3, AHS 7, 8-10 feet, gr 2**
Item #: 84892 - 2 1/4"

'Grune Kugel' (syn. *T. p.* 'Eschrich's Grune Kugel')

We visited a nursery in Germany called Grune Kugel but had no luck finding this plant, however we have been growing it in our garden and have been very impressed with its dwarf round habit and dark green foliage. It appears that Grune Kugel translates into "Green Ball" and this may explain why we found plenty of tightly sheared boxwood but no Thuja at that German nursery. **USDA 6, AHS 8, 1-2 feet, gr 2**
Item #: 85152 - 2 1/4"

SPRING GROVE®

(*T. p.* 'Grovepli') Royalty & Marketing Fee .55/plant

A fast growing, cold hardy Western Arborvitae selected at the Spring Grove Cemetery and Arboretum in Cincinnati, OH. Spring Grove is a superior selection with rich green foliage that maintains excellent winter color and a tight pyramidal habit. This clone has experienced -25 degree temperatures without missing a beat! It has shown excellent resistance to deer browsing. **FIRST CHOICE AWARD.** The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 5, AHS 8, 20+ feet, gr 1.5**
Item #: 85412 - 2 1/4" • 85415 - Quick Turn

'Zebrina'

An extremely handsome, variegated cedar with a broad pyramidal shape. Deer resistant. **AWARDS:** AGM. **NATIVE:** North America. **USDA 5, AHS 8, 30+ feet, gr 2**
Item #: 85662 - 2 1/4"

Thuja orientalis
Oriental Arborvitae

Family: Cupressaceae (*T. orientalis* is actually *Platycladus orientalis*)

'Beverly Hills'

Compact Sun Leaf Dwarf

A superb compact pyramidal form with bright yellow, soft fern-like foliage. Winter color is a bright yellow green. You must see this plant to understand why it is so special. We really like it. **USDA 6, AHS 9, 8-10 feet, gr 1.5**
Item #: 84912 - 2 1/4"

Thuja plicata
Western Arborvitae

Family: Cupressaceae (*Plica-ta*: pliated or folded lengthwise)

'Can Can'

Dwarf Sun Leaf Dwarf

A dwarf conical form of *Thuja plicata* with thick dark green foliage and cream colored tips. Very popular in Europe. An excellent shrub for the border or perennial garden. Selected by Blue Mt. Nursery. Deer resistant! **NATIVE:** North America. **USDA 5, AHS 8, 5-8 feet, gr 1.5**
Item #: 85072 - 2 1/4" • 85072AB American Beauties

'Green Giant' (syn. *T. x* 'Green Giant')

A hybrid between *T. plicata* and *T. standishii* with excellent vigor. Lustrous rich medium green foliage and a broad pyramidal habit. Found as a seedling by S. Poulsen in Kristgaard, Denmark. **NATIVE:** North America. **USDA 5, AHS 8, 30-40+ feet, gr 1**
Item #: 85802 - 2 1/4"

SPRING GROVE® Thuja

Tsuga Canadensis Eastern Hemlock

Family: Pinaceae (su-ga: Japanese name)

'Jeddeloh'

Dwarf ☀️ 🌱 🍷 🍷 🍷

A dwarf bird's nest selection with feathery arching tips and a slightly depressed center. A very reliable and desirable clone. Excellent for smaller landscapes. Thrives in moist, well drained soils. Benefits from protection from winter wind and sun. Developed in Germany at Jeddeloh Nursery. Limited quantities, order early. **NATIVE:** North America.

USDA 3, AHS 8, 12-30 in. Gr 2 – Item #: 86302 - 2 1/4"

Viburnum Viburnum

Family: Caprifoliaceae (Vibur-num: ancient Latin name meaning unknown)

x burkwoodii

☀️ 🌱 🍷 🍷 🍷 🍷

Spicy fragrant blooms are pink in bud and open white. Dark green, glossy semi-evergreen foliage gives this plant multi-seasonal interest. Its blooms last longer than V. carlesii. **AWARDS:** AGM

USDA 4, AHS 8, 5-8 feet, gr 2 Item #: 86512 - 2 1/4"

x burkwoodii 'Conoy'

☀️ 🌱 🍷 🍷 🍷 🍷

A USNA selection that resulted from backcrossing with V. utile. Small, glossy evergreen leaves and numerous snowball flowers without fragrance. Ralph Shugert considered this to be the best Don Egolf hybrid.

USDA 5, AHS 8, 3-5 feet, gr 2 Item #: 91302 - 2 1/4"

x burkwoodii 'Mohawk'

☀️ 🌱 🍷 🍷 🍷 🍷

A backcross with V. carlesii selected for its reddish-pink buds and intensely fragrant white flowers. Superb disease resistant, glossy foliage that turns a rich orange-red in autumn. A Don Egolf - USNA introduction.

AWARDS: GMPA. **USDA 4, AHS 8, 5-8 feet, gr 2 Item #: 86562 - 2 1/4"**

carlcephalum

☀️ 🌱 🍷 🍷 🍷 🍷

Similar to Korean Spice Viburnum, but with larger flowers and leaves. Very fragrant. Beautiful burgundy fall color. (V. carlesii x macrocephalum)

AWARDS: AGM. **USDA 5, AHS 8, 6-8 feet, gr 2 Item #: 86602 - 2 1/4"**

carlesii

☀️ 🌱 🍷 🍷 🍷 🍷

Korean Spice! Spicy sweet fragrance fills the air in early spring when the pink buds expand to white snowball flowers. Beautiful burgundy fall color is icing on the cake. Limited quantities. Order early. **AWARDS:** AGM.

USDA 4, AHS 8, 6-8 feet, gr 2 Item #: 86652 - 2 1/4" • 86654 - 4"

carlesii 'Diana'

Compact ☀️ 🌱 🍷 🍷 🍷 🍷

A strong growing clone of Korean Spice with a compact branching habit. Red flower buds transform to pink and open to intensely fragrant pinkish-white blooms. New growth is tinged with a purple cast. Limited quantities. Order early. **USDA 4, AHS 8, 6-7 feet, gr 2 Item #: 86702 - 2 1/4"**

'Cayuga'

Compact ☀️ 🌱 🍷 🍷 🍷 🍷

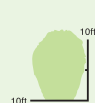

Similar to carlesii, but with large four by five inch flowers, pink buds, and improved resistance to leaf diseases. Very fragrant! This cross between V. carlesii and V. carlcephalum has a compact, upright oval habit.

A Don Egolf - USNA introduction. Limited quantities. Order early. **USDA 4, AHS 7, 5-6 feet, gr 2 Item #: 91002 - 2 1/4"**

dentatum 'Ralph Senior'

☀️ 🌱 🍷 🍷 🍷 🍷

This Arrowwood was selected for its graceful vase shaped habit and yellow-orange-red-burgundy fall color. **NATIVE:** North America.

USDA 3, AHS 8, 10-12 feet, gr 1

Item #: 86832 - 2 1/4" • 86832AB American Beauties

Viburnum carlcephalum

BLUE MUFFIN® *Viburnum*

VIBURNUM CONTINUED

d. BLUE MUFFIN®

Compact    

(*V. d.* 'Christom') Royalty & Marketing Fee .55/plant

A compact selection of Arrowwood Viburnum with glossy leaves and intense blue fruit in later summer! Perfect for residential landscapes. Makes a great low hedge. More copious amounts of fruit when two distinct varieties of the species are planted in close proximity. Chicago Lustre® is a good pollinator. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 3, AHS 8, 5-7 feet, gr 1** **Item #: 86862 - 2 1/4" • 86865 - Quick Turn**

CARDINAL CANDY™ *Viburnum*

d. CHICAGO LUSTRE®

(*V. d.* 'Synnstedt') Royalty .20/plant.    

Glossy foliage is the outstanding feature of this rapid growing, upright rounded plant. It is not grown for its fall color. A Chicagoland Grows introduction. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **NATIVE:** North America. **USDA 3, AHS 8, 10-12 feet, gr 1** **Item #: 86892 - 2 1/4" • 86894 - 4"**

dilatatum CARDINAL CANDY™

('Henneke', pp#12,870) Royalty & Marketing Fee .55/plant

A special plant with improved hardiness and abundant, persistent shiny scarlet red fruit. Discovered in a batch of seed grown plants after a -30 degree cold spell killed off all except Cardinal Candy. Tons of creamy white flowers cover this well branched, rounded plant in May. Fruiting appears strong even without another pollinator in the area. May be easily maintained at a lower height with pruning. Selected by Rod Henneke. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4(5), AHS 8, 6-8 feet, gr 1** **Item #: 87232 - 2 1/4" • 87235 - Quick Turn**

Viburnum 'Michael Dodge'

d. 'Michael Dodge'

Attractive bright yellow fruit! Selected at the famous Winterthur Gardens. Large, abundant, creamy white flowers appear in May. Its large, eye-catching yellow berries glow against a backdrop of scarlet red autumn foliage. Use *Viburnum Cardinal Candy* as a pollinator to get the best fruit display. **USDA 5(6), AHS 8, 5-6 feet, gr 1** **Item #: 87262 - 2 1/4"**

juddii

A fragrant cross between *V. carlesii* and *V. bithchiense* that has a better habit and superior disease resistance as compared to Korean spice viburnum. Developed by William Judd of the Arnold Arboretum. **AWARDS:** AGM **USDA 4, AHS 9, 6-8 feet, gr 2** **Item #: 87532 - 2 1/4"**

lantana 'Mohican'

A rugged performer with thick dense branching and masses of creamy-white flowers. Very attractive fruit that changes from green-orange-red and finally to black. A USNA introduction. **USDA 3, AHS 8, 10-12 feet, gr 1** **Item #: 87562 - 2 1/4"**

BRANDYWINE™ *Viburnum*

nudum BRANDYWINE™

(*V. n.* 'Bulk') Royalty & Marketing Fee .55/plant

Experience the most beautiful berry display in the plant kingdom with this new *Viburnum* from noted plantsman Mark Bulk. It delivers loads of breathtaking berries that transform from green to shades of vivid pink and blue. A great companion for 'Winterthur' because planting two distinct clones in close proximity results in bumper crops of berries, although Brandywine will fruit without another pollinator. Showy glossy leaves change to incredible dark maroon-red in autumn. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 5, AHS 9, 5-6 feet, gr 1** **Item #: 87742 - 2 1/4" • 87745 - Quick Turn**

n. 'Winterthur'

Lustrous, deep green leaves transform to breath-taking wine-red autumn color. Spectacular fruit color evolves from white to hot pink to bright blue. Creamy flowers in May. Plant near Brandywine for best fruit set. Dislikes alkaline soils. **AWARDS:** GMPA. **NATIVE:** North America. **USDA 5, AHS 9, 5-6 feet, gr 1**

Item #: 87712 - 2 1/4" • 87714 - 4" • 87712AB American Beauties

opulus 'Compactum'

The Compact European Cranberry is a wonderful plant. It has attractive lacy white flowers and loads of shiny, scarlet red fruit. **AWARDS:** AGM. **USDA 3, AHS 8, 4-6 feet, gr 1.5** **Item #: 87812 - 2 1/4"**

o. 'Roseum' (syn. 'Sterile')

Snowball bush. Have a snowball fight in June! Kids and adults alike love this rounded plant with its masses of white flowers. No fruit because it's sterile. **AWARDS:** AGM. **USDA 4, AHS 8, 8-12 feet, gr 1** **Item #: 87932 - 2 1/4"**

plicatum 'Mary Milton'

A pink flowered Japanese snowball! Soft pink snowball flowers and red hues in the new growth make Mary Milton a very popular girl. An improvement over Kern's Pink, which is more apt to revert to white. Limited quantities. Order early. **USDA 5, AHS 8, 8-10 feet, gr 1.5** **Item #: 88102 - 2 1/4"**

p. 'Popcorn'

This Japanese Snowball is an awesome sight in bloom! Hundreds of small, round popcorn balls line every branch. A selection hybridized by Dr. David Leach. **USDA 5, AHS 8, 4-6 feet, gr 1** **Item #: 88192 - 2 1/4"**

p. t. 'Mariesii'

Horizontally branched habit accented with masses of flat white flowers. Attractive, light green foliage and bright red fruit. Superb fall color! **AWARDS:** AGM, PSC. **USDA 5, AHS 8, 8-10 feet, gr 1** **Item #: 88362 - 2 1/4"**

p. t. 'Molly Schroeder'

Outstanding new, pink flowering selection that we obtained from New Zealand. This is a special plant in several respects. Unlike 'Pink Beauty', it's consistently pink from year to year, even when grown under poly. It's also an excellent rebloomer, providing an exceptional fall floral display. A sure fire hit! Origin unknown. Limited supplies, order early. **USDA 5, AHS 8, 5-8 feet, gr 1.5** **Item #: 88392 - 2 1/4"**

p. t. 'Shasta'

Abundant, large lace-cap flowers with large sterile marginal florets. The growth habit is strongly horizontal. Bright red fruit and purple-maroon autumn leaf coloration. A USNA introduction. **AWARDS:** GMPA **USDA 5, AHS 8, 4-5 feet, gr 2** **Item #: 88462 - 2 1/4"**

p. t. 'Summer Snowflake'

It blooms continuously! Compact habit and charming red fruit in the autumn. Discovered in the wild in Japan in early 1960's by R.F. Michaud of Alpenglow Gardens. Introduced by UBC. Looks and acts identical to 'Watanabei' but is, perhaps, more compact. **USDA 5(6), AHS 8, 4-6 feet, gr 1** **Item #: 88532 - 2 1/4"**

pragense 'Decker'

A hardy, fast growing gem with very attractive lustrous dark green leaves and pink budded flowers which open white. Selected by Decker Nursery of Ohio for its hardiness. **USDA 5, AHS 8, 8-10 feet, gr 1.5** **Item #: 88592 - 2 1/4"**

rhytidophylloides 'Alleghany'

A stately semi-evergreen Viburnum noted for its dark green, rugose leaves and attractive red fruit in late summer. Large, 4-8", creamy-yellow flowers in May. A USNA introduction. **USDA 5, AHS 8, 6-8 feet, gr 1.5** **Item #: 88852 - 2 1/4"**

Viburnum 'Molly Schroeder'

Viburnum 'Summer Snowflake'

Viburnum 'Onondaga'

Item #: 97652 - 2 1/4"

Top Seller! My MONET™

(W. f. 'Verweig', pp#16,824, cbr#3315) Royalty & Marketing Fee 1.05/plant

This dwarf masterpiece is a sport of Weigela florida 'Tango'. Its tight habit and colorful foliage make it very versatile. Possible applications include an artistic drift along the edge of an annual or perennial bed. It creates poetic beauty in any landscape and adds a splash of color to semi shady areas. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** Best of Show - Far West, Gold Medal Royal Boskoop Horticulture Society. **USDA 4, AHS 6, 12-18 in., gr 1.5**
Item #: 98882 - 2 1/4" • 98885 - Quick Turn

'Polka'

The best pink flowered Weigela? Many think so! Large bright pink flowers cover this compact 3-5 foot. plant. Extremely long bloom period. A very hardy Weigela. **USDA 4, AHS 8, 3-5 feet, gr 1**
Item #: 98202 - 2 1/4"

'Red Prince'

An excellent, dark red flowered Weigela with abundant blooms that resist fading. A hardy rebloomer from Iowa State. **USDA 4, AHS 8, 5-6 feet, gr 1**
Item #: 98302 - 2 1/4"

WINE & ROSES®

Top Seller! **WINE & ROSES®**

(W. f. 'Alexandra', pp#10,772, cbr#2642) Royalty & Marketing Fee .55/plant

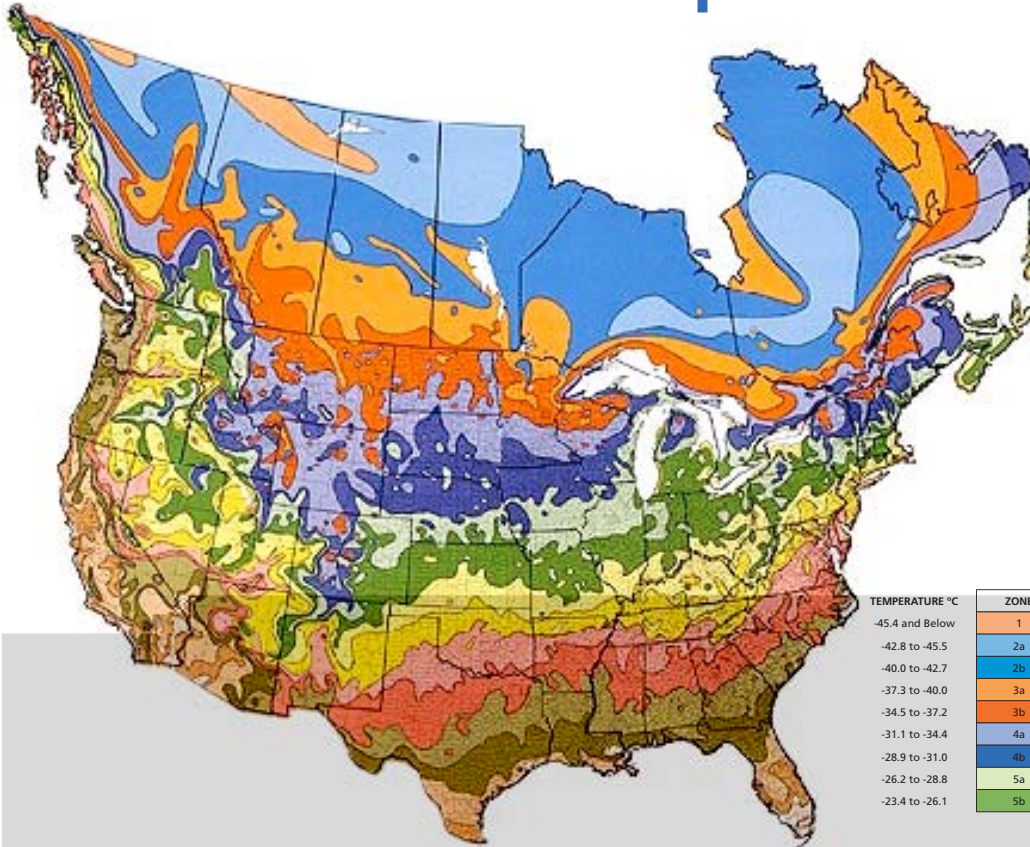

DON'T RUN OUT! It's appeared in over 600 newspapers and many gardening magazines. Consumers ask for it by name. And why not? It has season-long color with its dark burgundy-purple foliage and intense rosy-pink colored flowers. Full sun for darkest color. A "knock your socks off" shrub developed by Herman Geers of Holland. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** PHS Gold Medal Plant Award, The RBHS Silver Medal.

USDA 4, AHS 8, 4-5 feet, gr 1

Item #: 99002 - 2 1/4" • 99005 - Quick Turn

United States Department of Agriculture Cold Hardiness Map

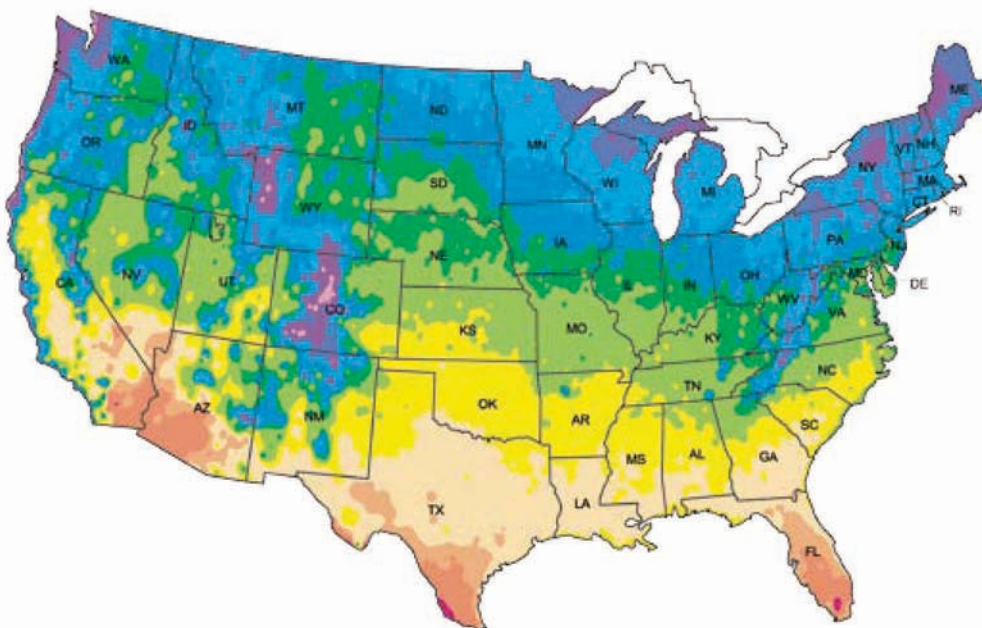

From Seattle, Washington to Key West Florida, each of the 11 zones (with some zones subdivided) shows in detail the lowest temperatures that can be expected each year in the United States and Canada.

We suggest consulting this map to help you make your purchasing decisions, based on your zone. We also suggest you follow the recommendations of the Cold Hardiness Map, unless you plan to over-winter in a heated greenhouse at your own discretion.

TEMPERATURE °C	ZONE	TEMPERATURE °F	TEMPERATURE °C	ZONE	TEMPERATURE °F
-45.4 and Below	1	Below -50	-20.6 to -23.3	6a	-5 to -10
-42.8 to -45.5	2a	-45 to -50	-17.8 to -20.5	6b	0 to -5
-40.0 to -42.7	2b	-40 to -45	-15.0 to -17.7	7a	5 to 0
-37.3 to -40.0	3a	-35 to -40	-12.3 to 14.9	7b	10 to 5
-34.5 to -37.2	3b	-30 to -35	-9.5 to -12.2	8a	15 to 10

American Horticulture Society Plant Heat Zone Map

Cold isn't the only factor determining whether plants will survive and thrive. Excessive heat, particularly during seasons of drought, can negatively impact plants also.

The 12 zones of the map indicate the average number of days each year that a given region experiences "heat days" with temperatures over 86 degrees (30 degrees Celsius). Zones range from Zone 1 (less than one heat day) to Zone 12 (more than 210 heat days).

To help you make your purchasing decisions, each variety in our catalog has been coded for heat tolerance.

AVERAGE NUMBER OF DAYS PER YEAR ABOVE 86°F (30°)			
< 1	1	> 60 to 90	7
1 to 7	2	> 90 to 120	8
> 7 to 14	3	> 120 to 150	9
> 14 to 30	4	> 150 to 180	10
> 30 to 45	5	> 180 to 210	11
> 45 to 60	6	> 210	12

Pest and Disease Management	Aphids	Spider Mites, Aphids Downy Mildew	Yellowing around leaf margin due to micro-nutrient deficiency	Well drained soil to ward off root diseases	Alternaria
Special Notes	Abelia benefit from less water. It is very important to grow them in well drained soils. Silver Anniversary really benefits from frequent pruning, doing so will build a very dense full bodied plant in a season. Supplemental Iron will be beneficial.	Buddleia will rebloom in approx. 4-6 weeks from a pinch prune during the summer. Hence, having up to 3-4 crop cycles allows you to continually have fresh product ready to sell covered with large terminal blooms.	Keep dry, grow with other evergreens. Prune once with new flush and again later in the season.	Sunshine Blue needs a sunny location to maintain chartreuse leaves. Also a well drained soil is necessary for them to survive.

Special Notes	Adaptable to a range of pHs.	Like most Forsythia Show Off is a good grower, so pinch or prune frequently to create a full container. Early flowering is abundant and has brilliant color. Flowering on old wood, so shape before buds set in fall.	Prune after flowering to create multiple branching and good habit.	Hibiscus are very heavy feeders, light colored foliage coloration and yellowing of veins is an indication of underfeeding. Yellowing in the veins can be an indicator of underfeeding.	Don't prune after mid July for proper bud set.

Quick Turn™

React quickly to market shortages of hot-selling varieties with the Quick Turn™ big, deep, fast-turning liner. A much better value than one gallon shift-ups, Quick Turn liners are great for shifting into one-, two- or three-gallon pots and selling quickly, as some crops can finish in less than 10 weeks.

Catalog Terms 2009-2010

SPRING MEADOW NURSERY, INC.

Formation of Contract

The terms set forth below are the sole terms for the sale of goods and services by Spring Meadow Nursery Inc. unless otherwise specified in writing. Any contract made for the sale of goods and services by Spring Meadow Nursery Inc. is expressly conditional on Buyer's assent to the terms stated herein. Notification of objection to any additional or inconsistent terms is hereby given to the Buyer.

Prices

All prices are F.O.B. Grand Haven Michigan. All future orders will be confirmed immediately and are subject to prices at the time of shipment. Prices are subject to change without notice.

Minimum Order

Our minimum order is 1 tray of a cultivar and a total order of not less than 15 trays.

Credit Accounts

Orders are accepted on a CASH IN ADVANCE basis only unless a written confidential credit application has been submitted to and approved by Spring Meadow Nursery Inc. Please allow time for processing (approx. 6 weeks). Terms are 2% 10 NET 30 to customers with established credit. A service charge of 1.5% per month (18% per year) will be applied to past due accounts. Payment on account is applied to accrued interest first. Visa and MasterCard credit cards are not accepted as payment on credit accounts. Cancelled orders may be charged a processing and/or restocking fee.

Returned Checks

A \$25.00 charge will be assessed for returned checks.

Cash in Advance Accounts, Visa and MasterCard Accounts

Orders booked for future delivery are considered confirmed only after a 25% deposit has been received by us. Full payment must be received 30 days before shipment. Future orders without a deposit or without timely full payment will be deleted. Cancelled orders may be charged a processing and/or restocking fee. We accept Visa and Mastercard. Credit card orders will be charged a 25% deposit at the time of order entry and the balance 30 days prior to shipment. Freight and boxing will be charged upon shipment. All cash in advance orders include estimated packing/shipping charges. When actual shipping costs exceed our estimate, additional charges will be incurred.

Packing / Shipping Charges

Packing and shipping charges are not included in the plant price and will be added, at cost, to the invoice at the time of shipment. Cash in advance accounts will prepay the packing/shipping charge. When actual shipping costs exceed our estimate, additional charges will be incurred.

Shipping Information

We are unable to ship 12 months of the year. Our plants begin to break bud and grow under over-wintering poly in February. We will not ship active plant material when it may freeze in transit (approximately February 15 to April 15). All plant varieties are not available for fall or dormant spring shipment. Please check with us on availability and shipping windows. While our goal is to deliver product as close as possible to the requested ship date, we reserve the right to adjust the ship date based on the quality and readiness of the plants.

Palletized or Racked Shipments

Each tray of plants is boxed, stacked on pallets or racked, and then stretch-wrapped, or netted together as one shipping unit. Palletized or racked shipments are normally a better value than UPS if your order exceeds 15 trays. Please notify us in advance if you are unable to accept a pallet shipment.

UPS Shipments

We ship UPS in our own custom designed boxes. Four trays per box, specially packed in an upright position travel to your door.

Limited Warranty

We warrant our plants to be true to name. All plant material is inspected by the Michigan Department of Agriculture and certified to be apparently free of dangerous insects and dangerously contagious plant diseases. We warrant our plants to be in good living condition at the time of shipment. All other warranties are specifically

excluded, including but not limited to the warranty of merchantability or fitness for intended use and any warranty regarding future growth. Our warranty is limited to the 10-day period immediately after delivery to the carrier. All liability for incidental and consequential damages is excluded from this limited warranty. The following remedy applies and is your exclusive remedy.

Limited warranty claims will be resolved by the replacement of defective plants only. All orders are accepted and shipments made subject to crop conditions and could be canceled, prorated or changed based on availability at the time of shipment.

Claims

All plants become your property at the time of delivery to the carrier. Plant claims that are covered by our limited warranty must be submitted in writing within 10 days of shipment. All honored claims will be resolved by the replacement of defective plant material only. Replacement plant material will be provided as soon as production plans permit by Spring Meadow Nursery Inc. and shipped at cost. No variations on the above policy will be accepted.

Shipping Damages Claims

All shipping damages must be noted at the time of receipt of goods from the carrier. Note any box breakage or other obvious damages in writing on the carrier's truck bills. Claim forms are available from the carrier.

Choice of Law Forum

It is agreed to by both parties that any contract for the sale of goods and services between Spring Meadow Nursery Inc. and the Buyer is made in Michigan and shall be governed by Michigan law. Any action pertaining to such sale shall be venued in Ottawa County, Michigan.

Plant Royalties / Marketing Fees

Royalties/marketing fees on patented or trademarked plants are charged in addition to the listed plant price. Royalty/marketing charges are subject to change without notice.

Proven Winners Brand

Upon the purchase of any Proven Winners plants from Spring Meadow Nursery purchaser agrees to the following:

1. To purchase and affix the trademark and/or patent tag, which properly identifies the plant, to each plant sold.
2. To clearly identify proper plant names including plant patent numbers and trademark names in all sales literature
3. To feature the Proven Winners ColorChoice branded product line and not affix other branded tags or co-brand with any other brand.
4. To not propagate or aid in the illegal propagation of any Proven Winners ColorChoice plant without a license.
5. To sell Proven Winners plants in approved Proven Winners ColorChoice branded containers.

American Beauties Brand

The Standard Terms and Conditions of Sale (Propagator to Grower or Garden Center) of American Beauties, LLC at www.abnativeplants.com/downloads are incorporated by reference. Those Terms and Conditions govern the ownership, licensing and use of the American Beauties Native Plants® trademark.

NOTE: Federal law strictly prohibits the asexual propagation of patented plants, without a license. State and/or federal law prohibits the unauthorized use of a trademark.

Proven Winners Sales Guarantee

Buyers that purchase 10 or more Proven Winners varieties may qualify for a sales guarantee. Buyer must promote the plants as a program; sell in branded containers, utilize the logo in their catalog and offer the P.O.P. Liners must be grown into a salable, retail ready plant of standard size and quality. Buyer must supply photography verifying the salable quality and the disposed unsold plants. Plants of unsalable quality or unsold due to an act of God are exempt from the guarantee. Spring Meadow agrees only to replace the liners, equal to number of unsold plants. Spring Meadow reserves the right to adjust the size and variety of replacement liners. Pertains to purchases from our current catalog.

Spring Meadow Nursery Supports the HRI

Since 1962, the Horticultural Research Institute (HRI) has worked to increase the quality and value of plants, improve the productivity and profitability of the nursery and landscape industry, and protect and enhance the environment.

The Horticultural Research Institute is the research arm of the American Nursery & Landscape Association (ANLA) a Washington, DC-based trade association representing over 2,300 firms who grow, sell and use landscape plants.

From its beginning, the Horticultural Research Institute has directed over \$4 million of industry funds to some 600 research projects covering the full range of production, environmental and business issues important to the trade.

Together we make a difference

Each time you make a purchase from Spring Meadow Nursery, we add ¼ of 1% (.0025) of your total purchase amount to your invoice as a contribution to the HRI. Spring Meadow then triples your donation, which is given to the HRI to support two funds. The Spring Meadow New Plants Fund recently awarded a grant to support a project of the University of Florida IFAS and Texas A&M University "Structural Changes in the U.S. Nursery Industry: An Assessment of Production and Marketing Trends." Spring Meadow also supports the HRI Endowment Fund, which is composed of several scholarship funds that aid students seeking a lifelong career in horticulture.

Growing toward the future

Just as the small starter plants you purchase will someday grow into beautiful gardens, your small contributions to HRI add up to big improvements to our industry.

For more information about HRI or to become a larger participating contributor, go to www.anla.org or contact Endowment Program Administrator Teresa Jodon at (202) 741-4852, or tjodon@anla.org.

CONGRATULATIONS TO OUR 2008 AWARD WINNER!

The Horticultural Research Institute (HRI), the research division of the American Nursery & Landscape Association (ANLA), has awarded the 2008 Spring Meadow Nursery Scholarship of \$2,500 to Mr. Ryan Contreras. Mr. Contreras is a graduate student at the University of Georgia.

Find out more about this and other HRI Scholarships at www.hriresearch.org

*You're not seeing things –
that really is a reblooming lilac.*

Is that a mirage?

Do we search the world to find the hottest new flowering shrubs? You bet. New and improved varieties help our customers compete and make better margins. So if you're looking to heat up your sales – give us a call. We have sure-fire solutions to boost your bottom line. Visit SpringMeadowNursery.com then call 1-800-633-8859.

INVINCIBELLE™ SPIRIT

Teaming up with the Breast Cancer Research Foundation seemed a natural fit for Invincibelle™ Spirit. After all, those beautiful flowers are the same color as the breast cancer awareness ribbon – pink.

We chose the Breast Cancer Research Foundation as our partner because it is the most highly rated breast cancer organization in the United States. Over 90% of money raised by BCRF goes directly to research. We want as much as possible of that dollar per plant donation going to fund research, not press releases.

The Breast Cancer Research Foundation's mission is to achieve prevention and a cure for breast cancer in our lifetime by providing critical funding for innovative clinical and translational research at leading medical centers worldwide, and increasing public awareness about good breast health.

Breast Cancer is the second leading cause of cancer death in women, exceeded only by lung cancer. It is estimated by the American Cancer Society that in 2009 about 192,370 new cases of invasive breast cancer will be diagnosed among women in the United States. At this time there are about 2.5 million breast cancer survivors in the United States.

Find out more about this worthy organization, and donate to the cause, at www.springmeadownursery.com
