# SuperFish HOME 8

## HOME 8

Mini aquarium, complete with integrated filter, pump and energy saving LED light unit. The SuperFish Home 8 is easy to install and very suitable for Betta Splendens and shrimps.

## HOME 8

- 20,5 x 20,5 x 25,7 cm - 8 L
- 12 Volt LED-light unit (6 LEDs)
- Integrated filter and pump
- Available in the colours black and white

SF HOME 8 Aquarium White  
[Art. A4051250]

SF HOME 8 Aquarium Black  
[Art. A4051255]

Scan for  
Home 8  
Video

- Ultra safe because of the use of 12 Volt LED light and 12 Volt pump.
- Made from Acrylic, stronger, clearer, safer and much lighter (48%) than glass
- Bended corners
- Easy use and maintenance
- Space available for an optional heater

## HOME 8 FILTERCARTRIDGE

This cartridge contains active filter carbon that absorbs harmful substances from the water. Therefore you need to replace the cartridge monthly.

SF HOME 8 FILTERCARTRIDGE 1 pcs  
[Art. A4051265]

Create your own  
Home 8.  
The Home 8 is ideal  
for keeping Betta  
or Shrimps

# SuperFish HOME 25 & 40

## HOME 25 & 40

Modern plug and play aquarium with built-in filter and equipped with energy-efficient LED lighting. Ideal for Aquascaping and available in white and black.

### HOME 25

- 47 x 25 x 28,5 cm - 25 L
- 12 Volt, 5 Watt LED-light unit (dimmable)
- Built in internal filter Aqua-Flow 100
- Available in the colours black and white

SF HOME 25 Aquarium White  
[Art. A4050625]

SF HOME 25 Aquarium Black  
[Art. A4050645]

## AQUA SCAPING AQUARIUM

### HOME 40

- 47 x 25 x 42,5 cm - 40 L
- 12 Volt, 7 Watt LED-light unit (dimmable)
- Built in internal filter Aqua-Flow 100
- Available in the colours black and white

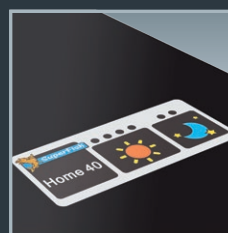

SF HOME 40 Aquarium White  
[Art. A4050650]

SF HOME 40 Aquarium Black  
[Art. A4050655]

# SuperFish Easy Plants

## SUPERFISH EASY PLANTS

Superb artificial plants, very lifelike, allows you to easily create a beautiful aquarium with a minimum of maintenance. The plants form a shelter for your fish, are made of the best materials and easy to clean. The decorative weight makes it easy to plant, the plant itself sinks to the bottom where it remains upright.

# SuperFish Aqua-Flow internal filters

A filter removes pollutants from the aquarium and breaks them down by the bacterial action in the filter, so the water remains healthy. Internal filters are compact and especially for small aquaria.

## AQUA-FLOW INTERNAL FILTER WITH EASY CLEAN CLICK SYSTEM

The perfect filter for small tropical and cold water aquariums. The Easy Clean click system makes filter cleaning easy, you can clean or replace the filter media every month in almost no time. Weekly cleaning and monthly replacement is recommended.

## SUPERFISH AQUA-FLOW XL INTERNAL FILTER

New large internal filter with Bio Action cartridge, waste products and harmful substances are decomposed very effectively. Perfect filtration for tropical and cold-water aquariums in three steps:

- 1 Optimal mechanical filtration with 100% open structure filter foam.
- 2 Active carbon removes organic contamination, chemicals and dyes from the water.
- 3 Crystal-Max porous filter medium acts as a sponge for micro-organisms.

## Technical information Aqua-Flow filters

Art.	Model	L/h	Aquarium	Power
A7030800	Aqua-Flow 50	0 - 100 L/h	0 - 50 L	3 W
A7030805	Aqua-Flow 100	50 - 200 L/h	50 - 100 L	3,5 W
A7030810	Aqua-Flow 200	200 - 400 L/h	100 - 200 L	6 W
A7030820	Aqua-Flow XL Bio	250 - 500 L/h	100 - 200 L	6,5 W
A7030815	Aqua-Flow 400	200 - 800 L/h	200 - 400 L	17 W

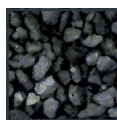

## SUPERFISH AQUA-FLOW EASY CLICK CARTRIDGES

For the Aqua-Flow internal filters there are handy cartridges available. Replace the filter cartridge of your Aqua-Flow every month. The sponge and the active carbon in the Dual Action filter cartridge become saturated while in use. A replacement cartridge restores optimal filter performance.

## CRYSTAL CLEAR CARTRIDGES

The unique filter media exist of 100% open structure filter foam in combination with Norit® Active Carbon, Clean water®, Zeolite and Active Alumina. It removes all colouration, ammonia and phosphates from the aquarium water. For maximum results replace cartridge every month.

Norit® active carbon absorbs in a short time, colour and toxic substances.

CleanWater® removes Nitrate and reduces algae growth.

Active Alumina reduces phosphate and thereby the growth of algae.

Zeolite removes ammonia which very harmful to your fish.

## Aqua-Flow filter replacement cartridges

Model	Easy Click cartridge	Crystal Clear cartridge
Aqua-Flow 50	A7030830 (3 pcs)	A7030890 (3 pcs)
Aqua-Flow 100	A7030835 (2 pcs)	A7030895 (2 pcs)

Bactur® Gel	A7030995 (Filter bacteria 30 ml)	

# SuperFish Aqua-Pro QS external filters

It's better to use an external for larger aquariums. External filters are bigger, easy to clean and designed for large aquariums.

Scan for Aqua-Pro Video

## AQUA-PRO EXTERNAL AQUARIUM FILTER WITH MULTI STEP FILTRATION

For optimal biological filtration in your aquarium you can use an Aqua-Pro External Filter. The Multi-Step filtration system consists of an easily replaceable filter sponge and filter cassette trays with filter media.

The Aqua-Pro filters are including high quality filter media, hoses and wiring materials, a comprehensive manual and with 3 year warranty.

### Technical information Aqua-Pro filters

Art.	Model	L/h	Aquarium Vol.	Power	Filtersize
A7031000	Aqua-Pro 200	800 L/h	100 - 200 L	5 L 16 W	25x27x35 cm
A7031003	Aqua-Pro 400	1000 L/h	200 - 400 L	6.5 L 20 W	25x27x40 cm
A7031006	Aqua-Pro 600	1300 L/h	400 - 600 L	8 L 28 W	25x27x45 cm

## QUICK START SYSTEM

The Aqua-Pro filter is very easy to use, thanks to the Quick-Start system. You just fill the filter 2/3 with water (up to the mark shown on the tub), close the lid and start the Aqua-Pro and the filter operates.

An integral microchip starts and stops the pump once a day to prevent air accumulating in the filter.

The Aqua-Pro has an unique design, the motor of the pump is in the bottom of the filter. Easy starting, quiet and less maintenance.

## AQUA-PRO FILTER TRAYS AND CASSETTE

The different filter tanks ensure optimum biological activity: Active carbon absorbs colour and toxic substances, Crystal Max acts as a sponge for micro-organisms and Bio Balls have a large surface bacterial adherent.

The Aqua-Pro 200 has two, the Aqua-Pro 400 three and the Aqua-Pro 600 has four filter boxes.

Replace the filter cartridge for your special Aqua-Pro filter every month for optimum filter performance.

# SuperFish Filtermedia

## SUPERFISH FILTER PADS

Special filter pads, easy to cut into the right shape and size for each filter. Unique effect!

**Filter mat Fine** for filtration of dirt particles, ideal as pre filter.

SF FILTER PAT FINE 30 x 30 cm  
[Art. A8040450]

**Filter mat Coarse** for filtration of dirt particles, ideal as pre filter.

SF FILTER PAT COARSE 30 x 30 cm  
[Art. A8040455]

**Filter mat Carbon** absorbs dyes and toxic substances from the water, without affecting the pH-value.

SF FILTER PAT CARBON 30 x 30 cm  
[Art. A8040460]

**Zeolite filter mat** material absorbs ammonia and other toxic substances.

SF FILTER PAT ZEOLITE 30 x 30 cm  
[Art. A8040465]

**Filter foam 30 ppi** with large bacteria adhesion surface for biological filtration of organic waste.

SF FILTER FOAM 30 x 30 cm  
30 PPI BLUE [Art. A8040470]

**Japanese filter mat** for optimum biological filtration. Their open structure prevents clogging, and they have an enormous bacteria adhesion surface!

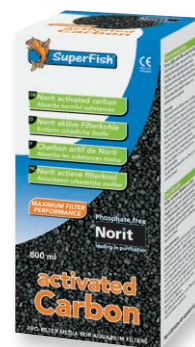

SF JAPANESE FILTER MAT 30 x 30 cm  
[Art. A8040475]

## NORIT® ACTIVATED CARBON

The best filter carbon available. It quickly absorbs dyes and toxic substances from the water without affecting the pH value. The result is clear, healthy water. Suitable for freshwater and marine aquariums.

SF CARBON NORIT 800 ml [Art. A8040400]  
SF CARBON NORIT 3000 ml [Art. A8040403]

## SUPERFISH PEAT PLUS

For reducing the pH level in freshwater aquariums. Peat Plus slowly releases acids and other natural substances into the water. This reduces the pH, KH and GH levels.

SF PEAT PLUS 800 ml [Art. A8040405]

## SUPERFISH CRYSTAL MAX

A very porous filter medium made from glass. It acts as a sponge for micro-organisms. Waste products and harmful substances are decomposed very effectively.

SF CRYSTAL MAX 800 ml [Art. A8040430]  
SF CRYSTAL MAX 3000 ml [Art. A8040435]

## SUPERFISH BIO BALLS

Bio Balls are specially designed to have a large bacteria adhesion surface, which provides optimal biological performance. Bio Balls are highly wear resistant and have an unlimited service life. Suitable for freshwater and marine aquariums.

SF BIO BALL 3000 ml [Art. A8040440]

## SUPERFISH CRYSTAL CLEAR

This unique filter media is a combination of Norit® active carbon, zeolite, CleanWater® and active alumina. It removes all colouration, ammonia, nitrate and phosphates from the aquarium water. The result: Crystal clear healthy water and less algae growth.

SF CRYSTAL CLEAR 800 ml [Art. A8040445]

## SUPERFISH CLEAN BALL

The unique filter media in the Clean Ball consists of Cleanwater® and Zeolite which removes Nitrate and Ammonia and reduces algae growth.

SF CLEAN BALL [Art. A8040495]

# SuperFish Aquarium heating

Tropical fish live in water with tropical temperatures. With a submersed aquarium heater you can heat up the aquarium water to the right temperature

## SUPERFISH NANO HEATER

Ultra short heater, only 17 cm long for mini aquariums up to 30 litres.

## SUPERFISH MINI HEATER

Submersible mini heater for small aquariums up to 30 litres.

The temperature is preset at 26°C. Ideal for tropical fish, safe and easy to use. Decorative oval shape for perfect fitting in small aquariums.

## SUPERFISH ECO HEATER

Affordable heater. Compact and highly efficient with a precise temperature control on top of the heater and an extra-long cable.

## SUPERFISH GS COMBI-HEATER

Submerged aquarium heater, complete with a free protective shield. This heater has a very sensitive and reliable thermostat to ensure a constant temperature. The temperature setting knob is at the top for especially convenient adjustment. The 2.3-mm safety glass and protective shield, along with GS approval, make the heater especially safe in use. With extra-long cable for convenient installation. Available in 7 wattages.

## SUPERFISH XL HEATER

Professional heater for the bigger aquariums. With an accurate digital temperature control adjustable push button on the top of the heater. The LED display shows the temperature of your tank and therefore functions as a thermometer. The reliable thermostat ensures a constant water temperature. Extra safe thanks to a Run Dry protection which automatically shuts off the heater if it is not fully submerged. And an overheating protection that switches off the heater when the temperature is above 35°C. And also a plastic protection against breakage. Extra-long cable (2 m) for convenient installation.

### Technical information Heaters

Art.	Model	Power	Aquarium	Length
A4030150	Nano Heater	50 Watt	< 30 L	17 cm
A4030155	Mini Heater	55 Watt	< 30 L	10 cm
A4030255	Eco Heater	100 Watt	< 75 L	29 cm
A4030260	Eco Heater	200 Watt	< 125 L	35 cm
A4030265	Eco Heater	300 Watt	< 200 L	35 cm
A4030100	GS Combi-Heater	25 Watt	< 20 L	25,5 cm
A4030105	GS Combi-Heater	50 Watt	< 30 L	25,5 cm
A4030110	GS Combi-Heater	75 Watt	< 50 L	29 cm
A4030115	GS Combi-Heater	100 Watt	< 75 L	29 cm
A4030120	GS Combi-Heater	150 Watt	< 100 L	32 cm
A4030125	GS Combi-Heater	200 Watt	< 125 L	32 cm
A4030130	GS Combi-Heater	300 Watt	< 200 L	35,5 cm
A4030235	XL Digital Heater	200 Watt	< 125 L	40 cm
A4030240	XL Digital Heater	300 Watt	< 200 L	40 cm
A4030245	XL Digital Heater	400 Watt	< 300 L	52 cm
A4030250	XL Digital Heater	500 Watt	< 400 L	52 cm

Recommended Wattage: 1.5 watts per liter aquarium contents, based on placement in a European environment. In a cooler environment may be more Wattage needed per liter aquarium contents.

# SuperFish Aquarium aeration

## SUPERFISH AQUA-POWER

Aqua-Power pumps are ideal for pumping or circulating water in aquariums, indoor fountains, biological filters and other applications. Aqua-Power circulation pumps are designed for fully submerged use.

### Technical information Aqua-Power

Art.	Model	L/h	H. max	Power
A7030873	Aqua-Power 200	200 L/h	0,65 m	3 W
A7030878	Aqua-Power 400	380 L/h	0,90 m	7 W
A7030883	Aqua-Power 650	690 L/h	1,25 m	10 W

## SUPERFISH BIOBOX

This airlift biological filter provides effective filtration of the aquarium water. The box contains a layer of filter wool, a sponge for biological filtration and maifan stones, these absorb toxic substances (i.e heavy metals) from the water and ensure that the pH remains neutral.

SF BIOBOX Airfilter  
[Art. A7010045]

## SUPERFISH AIR SPONGE FILTER

A simple but very effective biological filter for small aquariums. You connect the filter to an air pump. Useful bacteria attaches to the sponge and provide a biological filtration.

SF AIR SPONGE FILTER  
[Art. A7010040]

## SUPERFISH AIR STONES

SuperFish air stones are available in different sizes, forms and shapes. Air Stones will degrade over time clogging up with dirt and grime so your air pump will struggle to function properly. It's therefore advisable to replace the air stones every year.

## SUPERFISH AIR TUBES

SuperFish Air tubes are special transparent tubes for connecting air stones and air pumps, available in lengths of 2.5 and 25 meters.

## SUPERFISH AIR-FLOW AIR PUMPS

Ultra safe air pumps designed for aquarium use. Each pump comes with a free replacement membrane to ensure longer use.

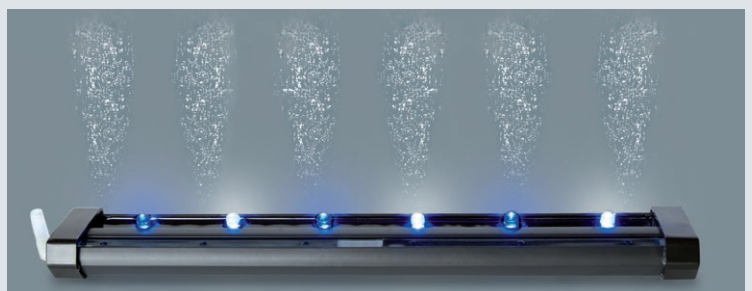

### Technical information Air-Flow air pumps

Art.	Model	L/h	Aquarium	Outlets	Power
A7010018	Air-Flow mini	78 L/h	0 - 50 L	1	1,8 W
A7010020	Air-Flow 1	96 L/h	0 - 100 L	1	2 W
A7010025	Air-Flow 2	240 L/h	0 - 250 L	2	4 W
A7010030	Air-Flow 4	600 L/h	0 - 600 L	4	8 W

## SUPERFISH LED BUBBLE STRIP

Enriches the water in your aquarium with oxygen and creates atmosphere in the tank through the colourful LED lighting. Available in 23 cm (6 LEDs) and 44 cm length (12 LEDs). LED colours: blue and white or multi-colour.

- SF LED BUBBLE STRIP 23 cm Multi colour [Art. A4030310]
- SF LED BUBBLE STRIP 44 cm Multi colour [Art. A4030315]
- SF LED BUBBLE STRIP 23 cm White and Blue [Art. A4030320]

SF HANG ON THERMOMETER

[Art. A4060525]

## SUPERFISH INTERNAL BREEDING BOX

The Internal Breeding Box with circulation system is placed in the aquarium. Whereby the water quality and temperature remain the same. The eggs or young fish remain separated. The Floating Breeding Box is a simple implementation without a circulation system.

SF INTERNAL BREEDING BOX [Art. A4040115]

SF FLOATING BREEDING BOX [Art. A4040120]

## SUPERFISH SNAIL TRAP

The easiest and safest way to catch snails from the aquarium. With the bait, the snails are trapped and can then be easily removed.

SF SNAIL CATCHER [Art. A4030530]

## SUPERFISH EASY FEEDER KIT

Feeding Set comprising a floating feeding ring, prevents contamination of the aquarium by food residues! A food basket for live and frozen foods and a measuring cup for thawing, feeding and cleaning of the feed.

SF EASY FEEDER KIT [Art. A4030520]

## AQUA-FEEDER

Computer-controlled automatic feeder, suitable for both flake and pellet food. Automatically dispenses food 1 to 4 times daily for healthy fish growth.

SF AQUA FEEDER

[Art. A4030515]

SF AQUA FEEDER CONNECTOR

[Art. A4030505]

# SuperFish Aquarium cleaning equipment

Useful accessories for easy maintenance of your aquarium. SuperFish develops various tools to help you clean your aquarium. With these tools you can enjoy a successful aquarium hobby.

## SUPERFISH AQUAVAC

Remove the dirt from the bottom of your aquarium. Works with 2 batteries.

SF AQUA VAC [Art. A4040075]

## AQUA SIPHON

Handy water siphon for water changes and removing the dirt from the bottom of your aquarium.

SF AQUA SIPHON [Art. A4040085]

## AQUA TOOLS

Complete aquarium cleaning set consisting of a fish net, plants fork, window sponge, gravel rake, and an algae scraper (Aqua Tools) makes aquarium maintenance as simple as can be.

SF NANO TOOLS [Art. A4040095]

SF AQUA TOOLS [Art. A4040090]

## SUPERFISH FISHNET

SuperFish fishnets are ideal for catching fish or removing floating debris from the aquarium.
