North Carolina 2020 Census

Make NC Count

The Census is your chance to make sure your community counts. Participating in the Census will help make sure your community gets:

- Fair representation in Congress
- Financial resources for health, schools, transportation, and more
- Information leaders need to help your community plan for the future.

What is the Census?

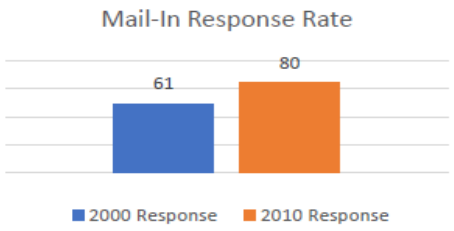
North Carolina County Profiles

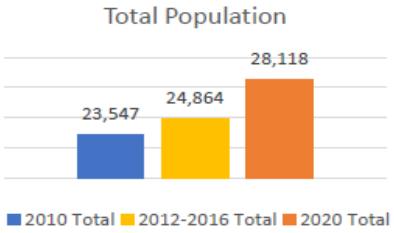
MAKE NC COUNT

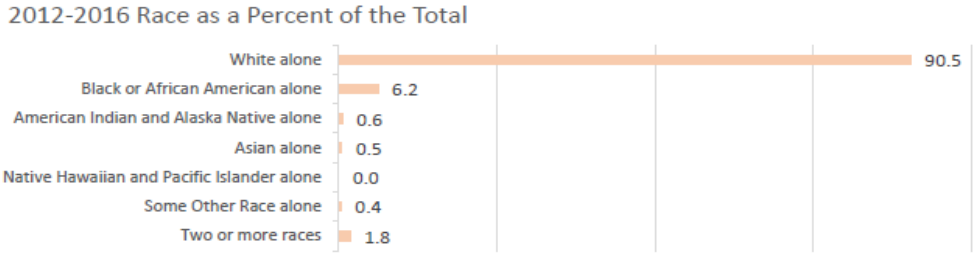
CENSUS 2020

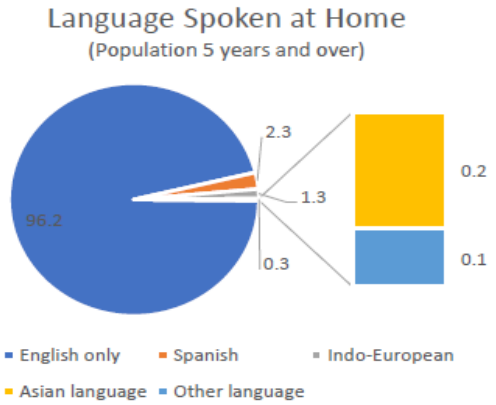
Currituck County Counts

Total Population	24,864
Persons under 5 years (percent)	4.8
Persons 65 years and over (percent)	15.0
Median household income (in 2016 dollars)	61,086
Persons in poverty (percent)	10.0
High school graduate or higher (age 25+, percent)	87.2
Foreign-born persons (percent)	2.9







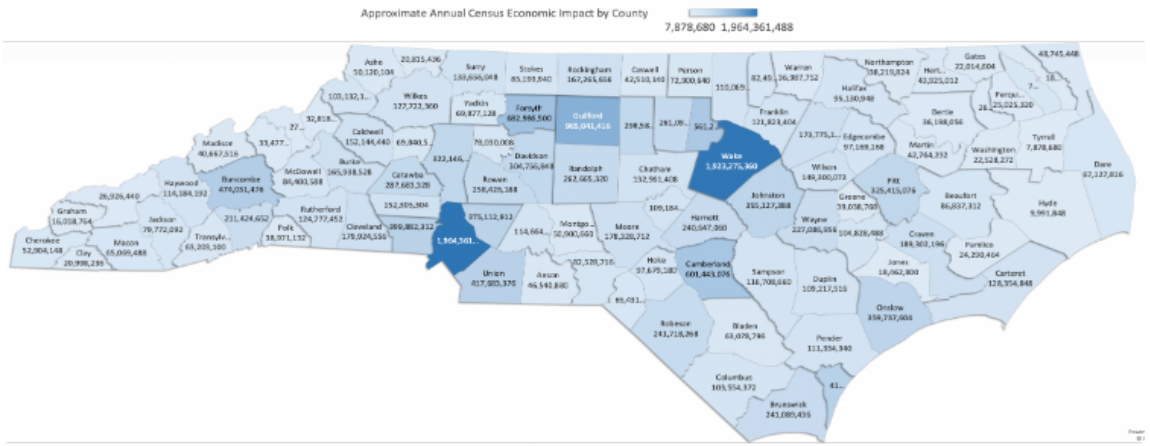


The US Census is required by the Constitution. The once a decade count determines how many representatives North Carolina will have in Congress and where state, county, town, and other local districts are drawn.

The Census is the largest and most reliable picture of our communities and is vital to planning for future services like schools, streets and utilities, hospitals and clinics, shopping and more.

Census data brings your tax dollars back to your community.
More than $1,623 per person in federal aid and $205 in state aid are distributed annually in North Carolina based on the census count. CHIP, Medicare and Medicaid, SNAP (Food Stamps), Head Start, Foster Care and National School Lunch Program grants, and Highway planning and construction grants (including the NC Powell Bill) rely on census information.

North Carolina Content



Economic Impact

More than $1,623 per person in federal aid and **$205 in state aid** are distributed annually in North Carolina based directly or indirectly on the census count. CHIP, Medicare and Medicaid, SNAP (Food Stamps), Head Start, Foster Care and National School Lunch Program grants, and Highway planning and construction grants (including the NC Powell Bill) rely on census information.

Census Data Brings Tax Dollars Back to Your Community

Select a county from the map to view the economic impact for that county. Approximate fiscal impact for the largest federal and state programs are shown. Actual federal funding to counties varies by program participation. State fiscal impacts for the two largest programs: State Street-Aid and Sales & Use Tax Distributions. Note: Not all state fiscal distributions included.
