Experience an exclusive discovery of these fascinating Scottish islands. This exceptional, informative and comprehensive all-inclusive 11 day island hopping tour conducted by your private guide who will give you a remarkable insight into these beautiful islands. You will discover their history, archaeology, bird and plant life along with its customs and traditions, as well as plenty of opportunities to enjoy their wonderful landscapes and coastal vistas.

We will hear of the exciting on-going excavations at Ness of Brodgar, already re-writing the history of the Neolithic in Western Europe. Close by is the 5,000 year old village of Skara Brae, occupied before the Great Pyramids of Egypt were built! Alongside Maes Howe and enigmatic standing stone circles.

After our 3 nights on Shetland and 5 nights on Orkney we fly back to Aberdeen and visit Crathes Castle and Gardens. Then back to the airport hotel for our last night's stay.

We have an overnight cabin and dinner on route to Shetland then breakfast on board before we begin our adventures.

Shetland and Orkney had a pivotal role to play during wartime. At Scapa Flow a local wartime historian shares incredible stories of WWI and WWII during our visit. We will hear of the daring exploits of the Shetland bus. On Orkney, we will sail through Scapa Flow to visit the Visitor Centre on Lyness. The naval cemetery is the resting place for victims of the Battle of Jutland, HMS Royal Oak and HMS Hampshire, sadly Lord Kitchener's body was never recovered. We will drive over the Churchill Barriers and marvel at the Italian Chapel beautifully crafted out of 2 Nissan huts by WWII prisoners.

Jona's Tours are fully guided by an expert and offer a unique blend of exploration, education, adventure, enjoyment and congenial company. All meals included.
