How the Directory is Compiled

The Student-Staff Directory is published annually in November by University Relations. Direct questions or suggestions to the directory editor in 6 Morrill Hall, phone 624-4106.

Faculty and staff: You are listed in the "staff" section that immediately follows the departmental listings if you have turned in a Staff Directory Information card to Central Addressing System Services (CASS). (On that form, you may request that your home address and phone number be excluded from the directory.) If you are not listed, or if the information listed is not accurate, make out a card and send it to CASS at S69 Morrill Hall. A copy of the Staff Directory Information form is inserted in this directory, and additional forms are available from the General Storehouse (Bus Adm Form 549).

Students: Your listings are compiled from information you supply to Admissions and Records during fall quarter registration. Note that you can exclude information from the directory if you wish. To change a listing, fill out a Change of Address form at Student Relations, 150 Williamson Hall.

Campus Phones

Phones for Campus-Only Calls—Phones for free campus-only calls are located around the Twin Cities campus. A few of the most frequently called University telephone numbers are listed at each phone. Dialing procedures, information, and emergency numbers are the same as for other campus phones. Numbers outside the University system cannot be reached from these phones, but there are pay phones in almost every University building.

Long Distance and Telegrams

Personal Long Distance Calls—Personal long distance calls may not be charged to University telephones. Such calls constitute avoidance of state and federal taxes. Further, personal calls, when charged to the University, are clearly contrary to the proper usage of these facilities for University business only. Such calls must be charged to one's residence telephone or personal credit card or made from a pay station telephone.

Long Distance Calls—From University telephones, place all long distance calls directly—do not place long distance calls with the University operator. Remember that direct dialing is both quicker and less expensive than operator-assisted calling. To place long distance calls directly, dial 8 + 1 + area code + number. To place long distance calls using M-NET, dial 2 + 6-digit authorization code + 1 + area code + number.

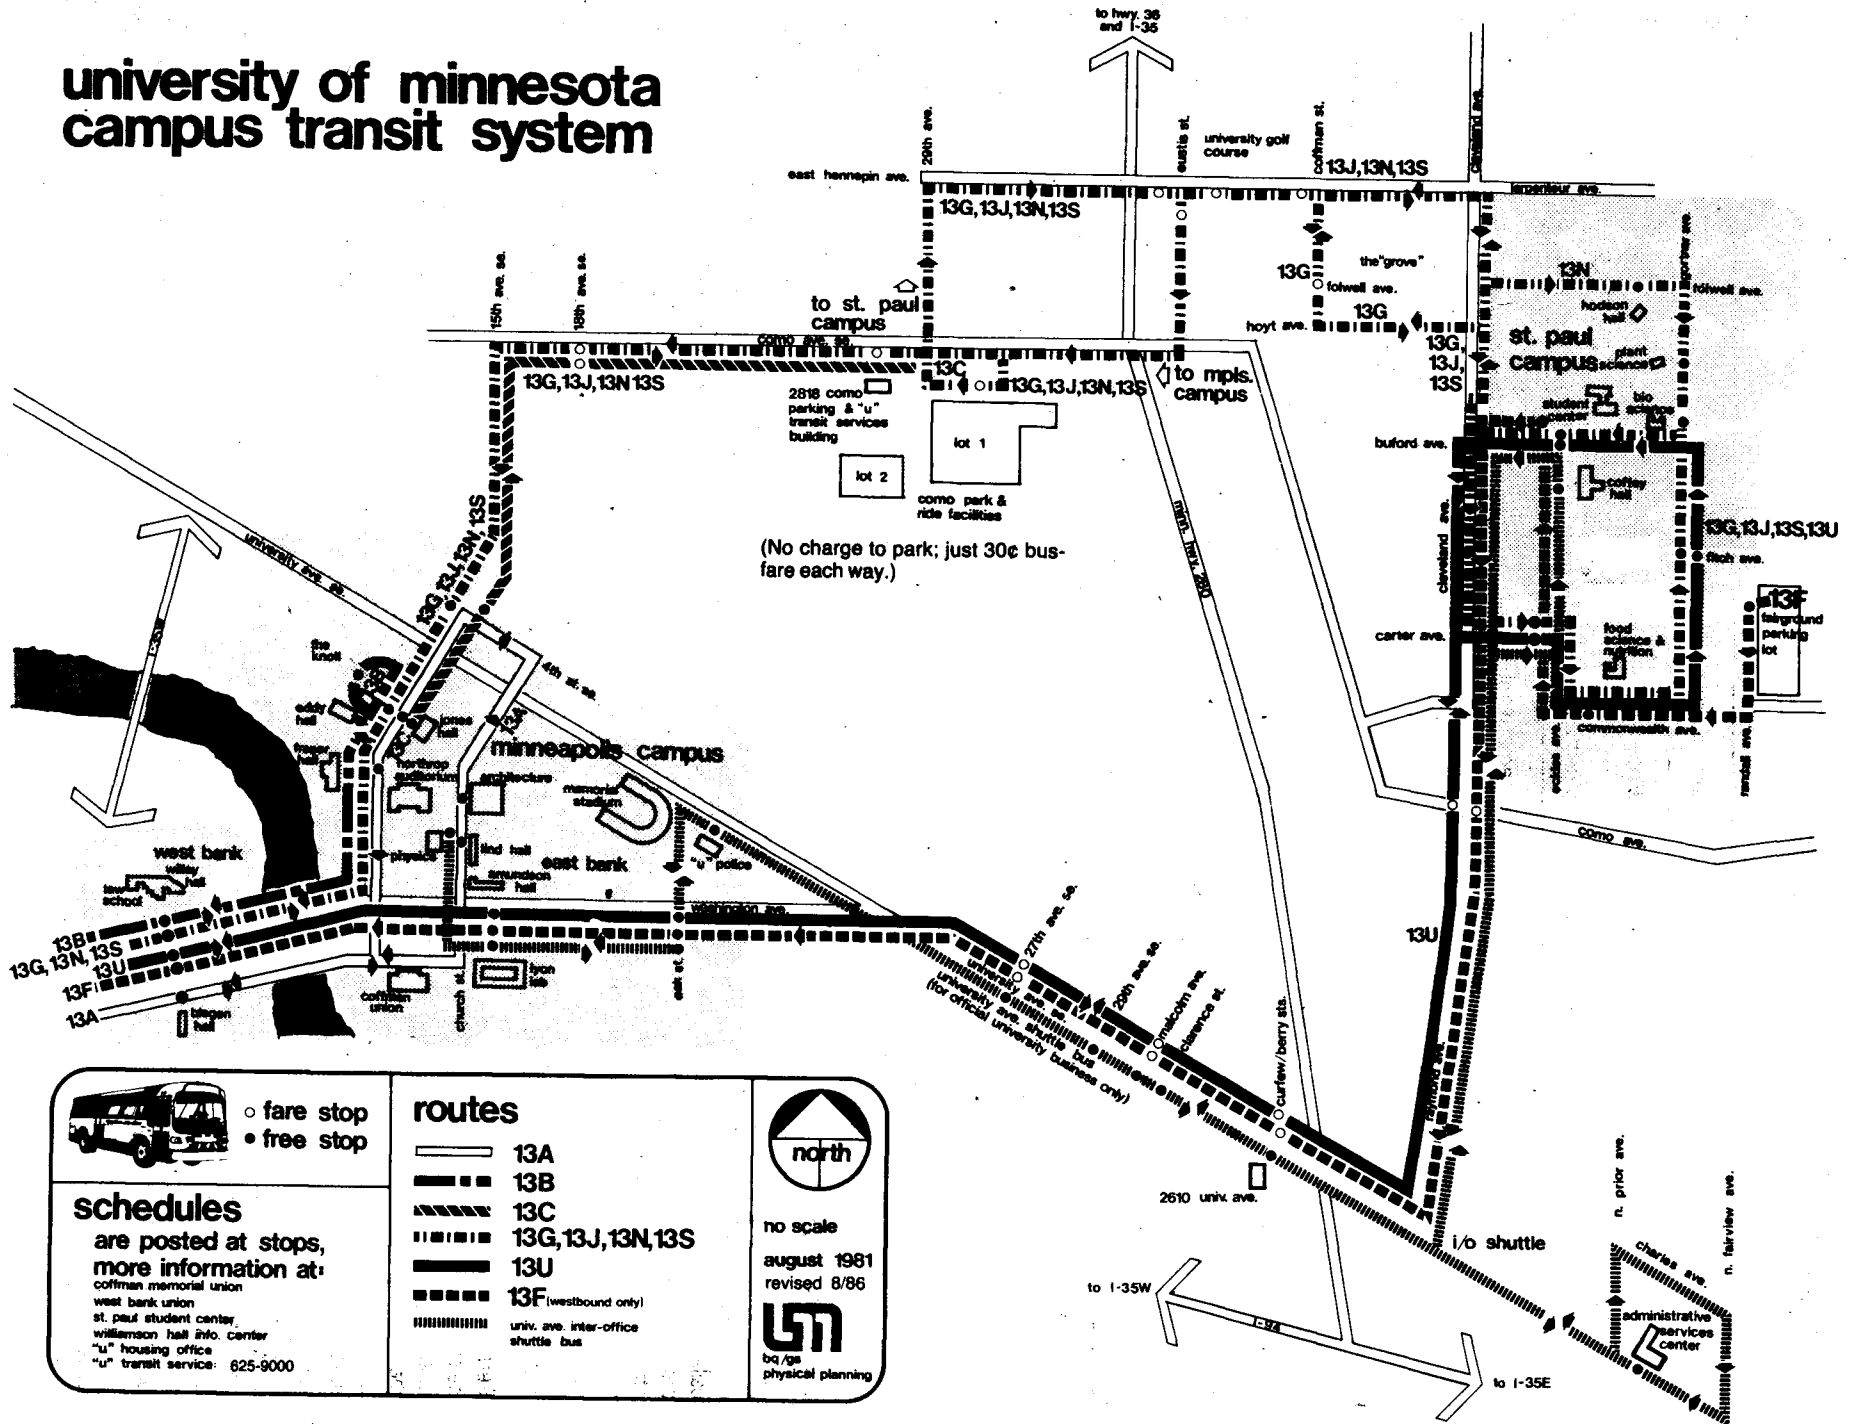

Automatic Long Distance Billing—Direct-dialed calls from University telephones are automatically charged against the department account for the telephone number from which the call was placed. M-NET calls are automatically charged against the department account for the M-NET authorization code. Each department receives a monthly statement showing the calls billed against each of its telephone numbers. Departments are responsible for controlling and recording all long distance calls made from their telephones. Individuals who are not authorized by their departments to make long distance calls must use pay phones.

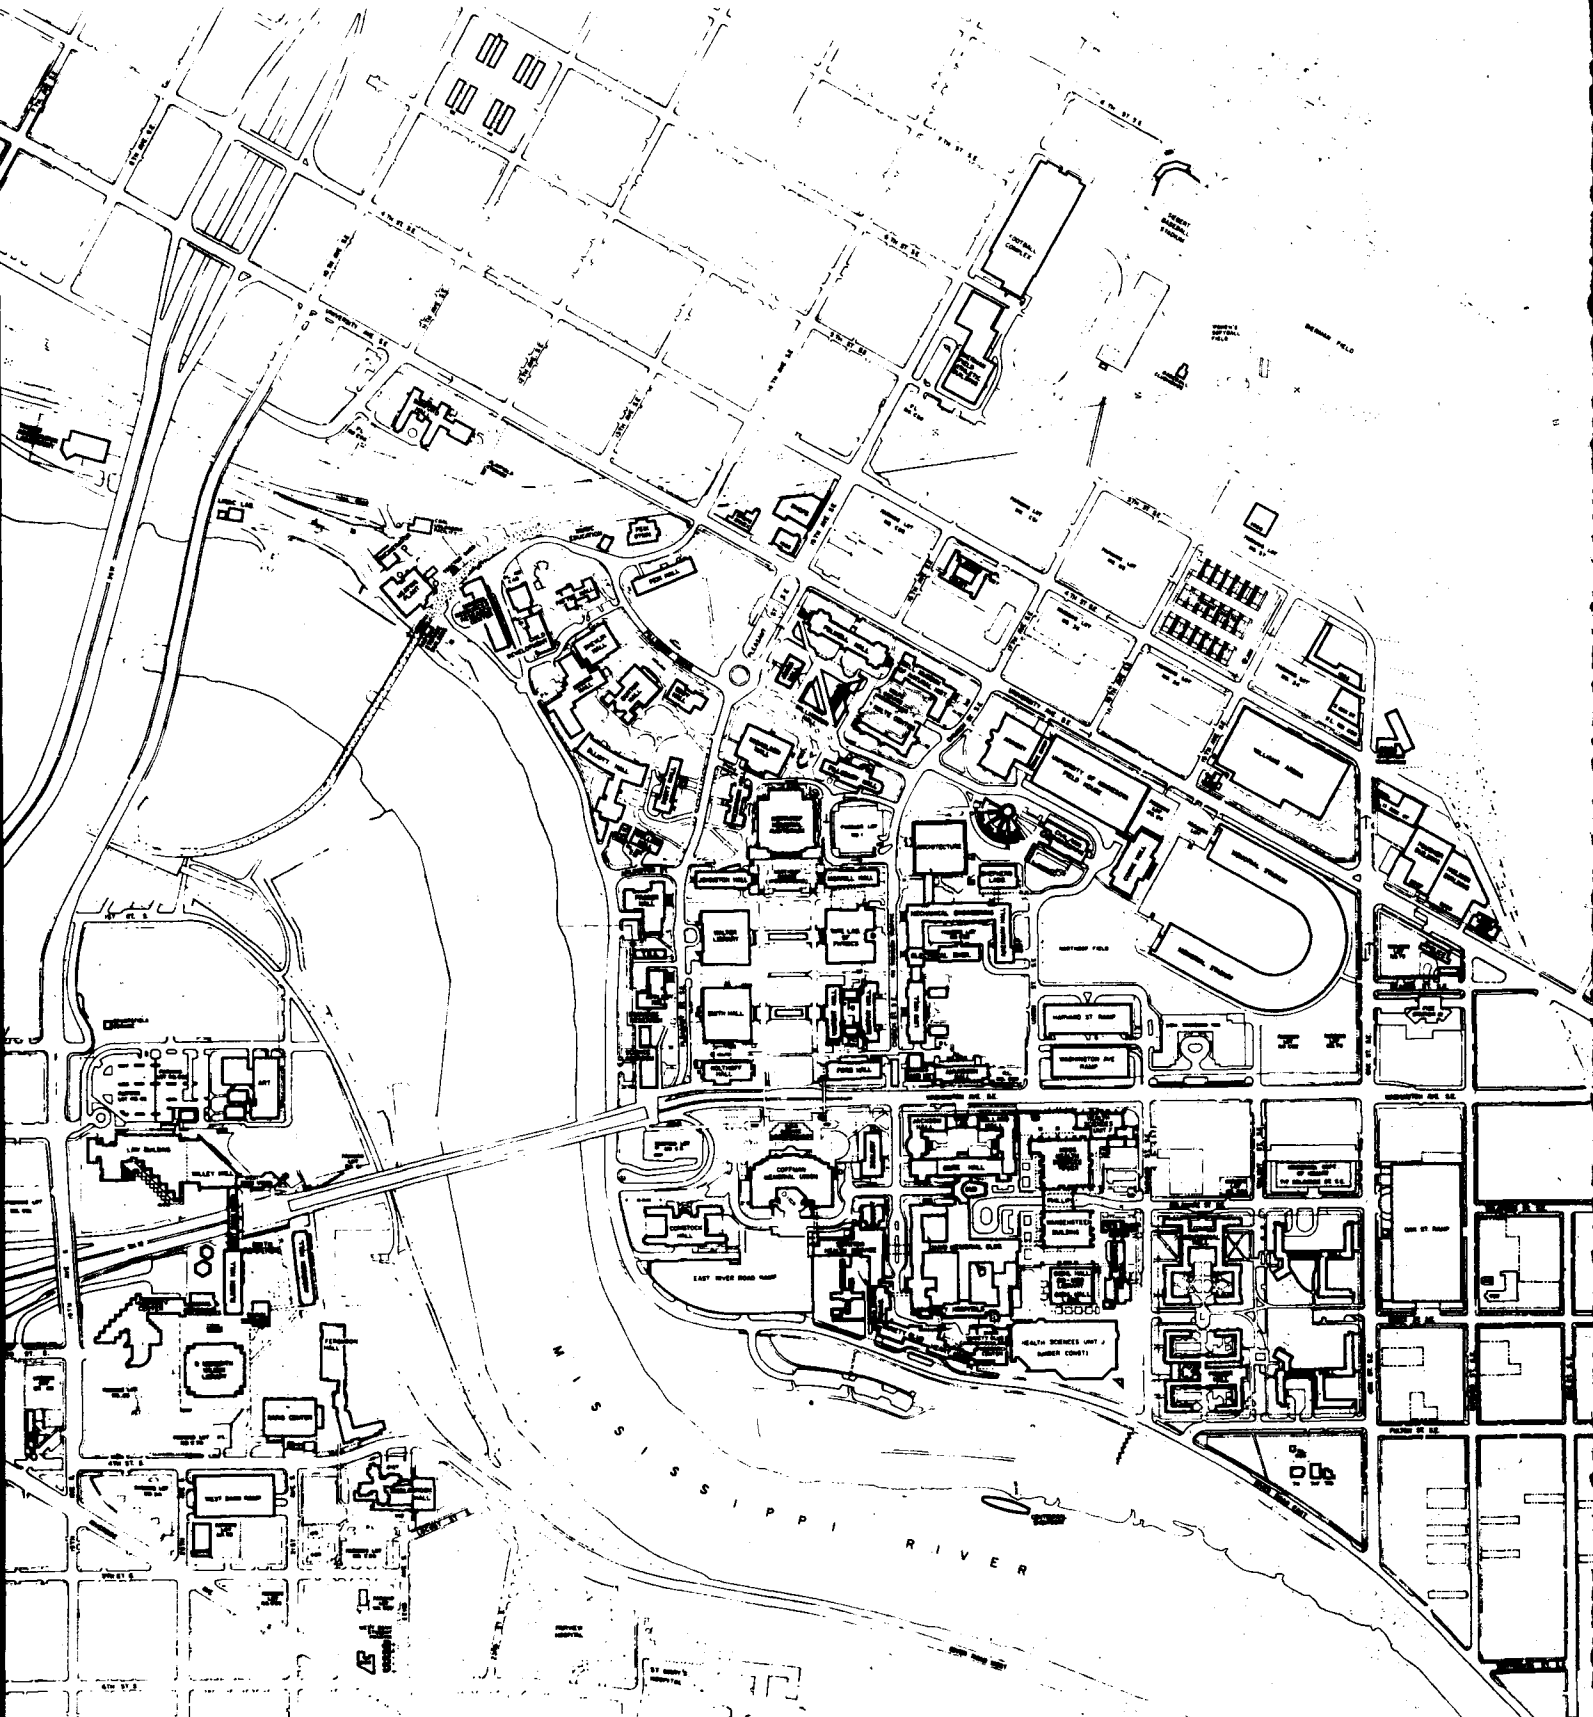

For instructions on making long distance calls, call University Information (0) or see the Minneapolis or St. Paul telephone directory.

Telegrams—Place telegrams directly with Western Union, not through the University operator. Telegrams placed from a University telephone will be charged against the budget of the department controlling that number.

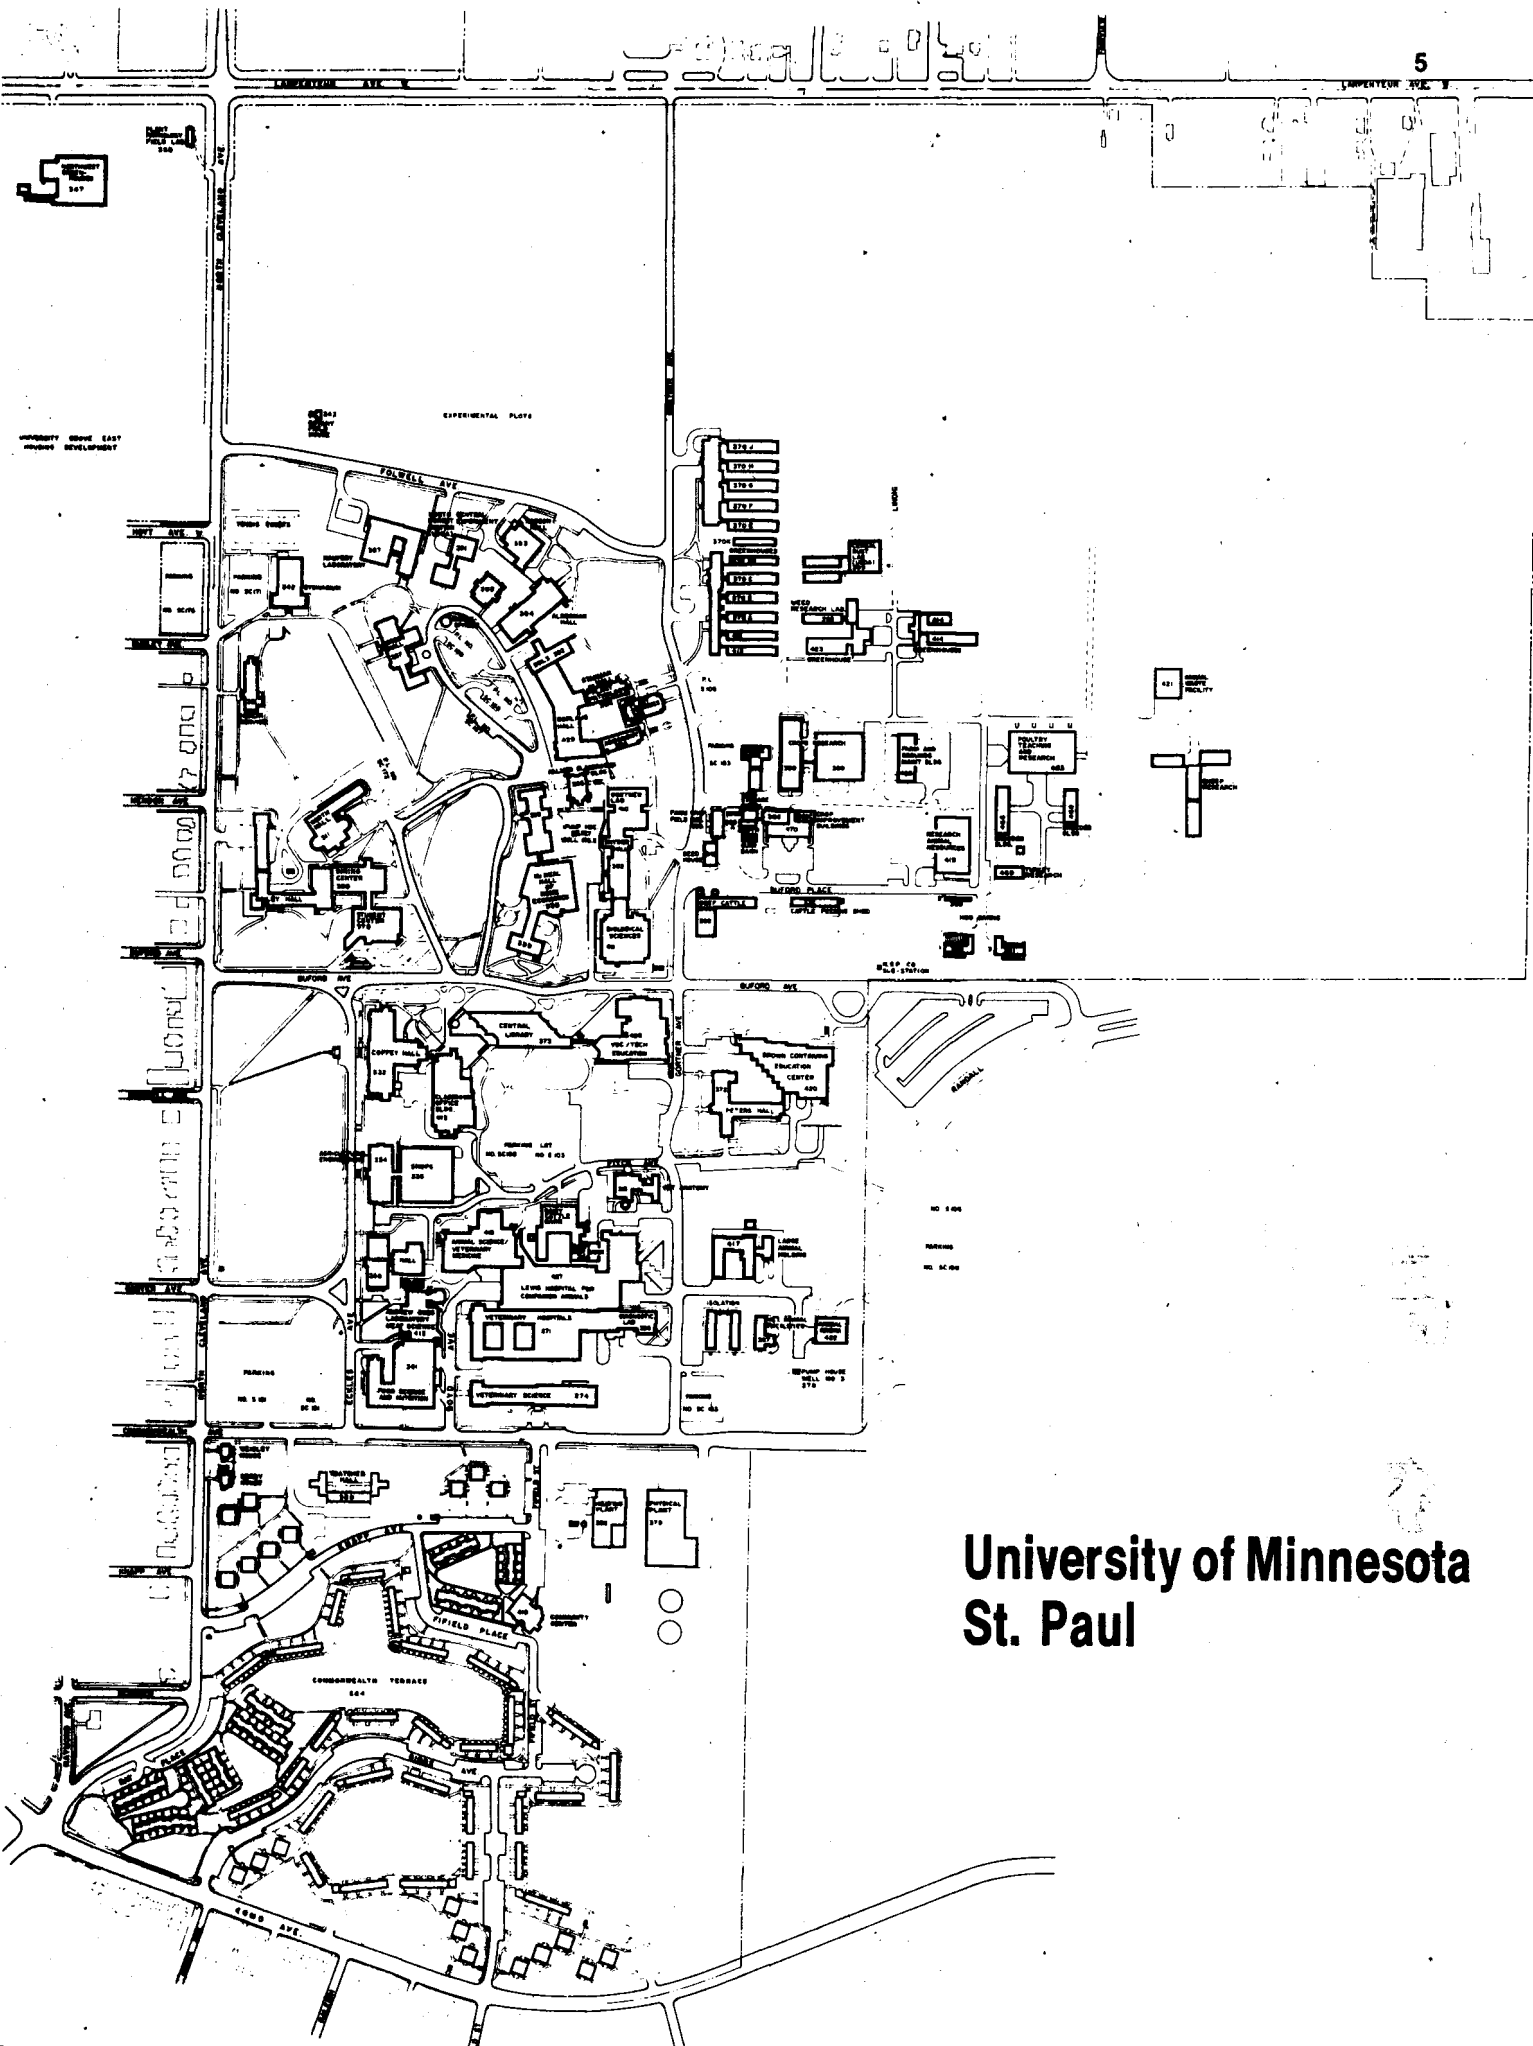

To send a telegram from a 624-, 625-, 626-, or 627- number, dial 8 + 1 + 800 + 325-6000. When the Western Union operator asks for your telephone number, give your complete seven-digit telephone number.

THE MINNESOTA CAMPAIGN

Dear Friends and Colleagues:

As chair of the faculty-staff fund drive within the Minnesota campaign, I want to thank all of you who have shown your confidence in the University by giving generously. Already we have raised \$2.7 million, and that amount has been matched, dollar for dollar, in support of the programs, projects, departments, and colleges designated by your gifts.

Pledges continue to come in, and we welcome additional gifts. One of our goals from the beginning has been wide participation by faculty and staff. Beyond the value of the gifts in themselves, we believe that strong support from those within the University will be helpful as we seek major gifts from people in the community. The goal of the Minnesota Campaign is \$300 million.

The campaign will continue through June, 1988. Thank you for getting it off to a wonderful start.

Cordially,

William G. Shepherd

When It Comes To Student Loans There Are No Dumb Questions.

When a college education averages \$6000 a year, you need more than a source of cash. You need some answers.

That's where a First Bank can help.

We can offer you a variety of student loan financing programs. We can also explain how government-backed Guaranteed Student Loans compare to conventional loans, how to save money through credit lines, home equity or secured financing, even how to defer payback until after graduation.

The better you understand student loans, the more affordable and less frustrating college financing becomes. So come in and get the answers you need. Because the only dumb questions are the ones you don't ask.
