Introduction

The goal of Pecatonica Community Unit School District No. 321 is to treat each employee with dignity and respect. Each Educational Support Personnel (ESP) position is considered essential to the ongoing development of an educational program that will be beneficial to children of the community. The District expects that ESP employees will understand that the tasks they perform are critical to the successful operation of District 321. It is further expected that each ESP staff member will provide the energy and focus necessary to be successful within the scope of his/her assigned responsibilities.

To assist and support ESP employees in understanding the benefits and obligations of employment here in District 321, the Board of Education, through its Administration, has prepared this ESP Handbook. The provisions in this Handbook apply to all ESP employees in the District (i.e., non-certificated employees).

This 2018-2019 ESP Handbook supersedes all previously issued Handbooks. The information contained in this Handbook will regulate Educational Support Personnel procedures for the year. However, the District reserves the unilateral rights to change, modify, and/or delete any information or provision contained in this Handbook at any time. The District may also alter or rescind any policy or practice, or adopt new policies or practices, at any time, with or without notice. In an emergency or when otherwise deemed necessary to address an area not currently covered by the Handbook, additional information will be provided to ESP members on a supplementary basis regarding changes or new rules and regulations which must be initiated by the District. An ESP employee's decision to continue employment with the District following publication of this updated Handbook or any future revisions shall be deemed to constitute the employee's agreement with all such changes.

The contents of this ESP Handbook do not create an express or implied contract of employment. Because ESP staff members are employed on an at-will basis in District 321 by policy of the Board of Education, this Handbook is not intended to alter this at-will relationship. Further, no supervisor or other administrator has any authority to alter or modify, either orally or in writing, any ESP employee's at-will status.

This Handbook should be referred to when the need arises. It will also serve as a reference and guide to administrative action that will be taken in the event of a conflict with an employee or among employees. The Superintendent will serve as the administrator for the ESP Handbook.

It is the desire of Administration and the Board of Education of School District 321 to provide a safe, secure working environment for all staff members. It is within the scope of this framework that the information contained in this Handbook should be presented in an understandable fashion, which is beneficial to all Educational Support Personnel.

Pay

Payroll is issued biweekly. Direct deposit is available to all employees and encouraged. Forms are available in the District Office. Hard checks will not be re-issued to Staff who elect to not use the direct-deposit option until two weeks after the original payroll date of the check and the staff member will be responsible for any banking fees charged to the district for stop payment before any re-issue of hard checks.

Any and all overtime/compensatory time must be approved by direct supervisor.

Individuals must clock in/clock out daily prior to the start of their workday and at the conclusion of their work day on the Tru-Time System. Any deviations of the time card/sheet must be approved by their direct supervisor and so noted on Tru-Time System.

At-will Employment

ESP staff members are employed on an at-will basis in District 321 by policy of the Board of Education. Employment may be terminated at any time, for any reason or no reason at all. Any employee who is removed or dismissed or whose hours are reduced as a result of reduction-in-force shall be given written notice by certified mail, return receipt requested, at least 30 days before the end of the school term. The notice shall include a statement of honorable dismissal and the reason for the reduction-in-force, if applicable. However, if an employee's hours are reduced because of an unforeseen reduction in the student population, that employee shall be given written notice at least 5 days before the hours are reduced. In such cases, the ESP is granted seniority and recall rights, if the employee is eligible for such rights, as provided in the Illinois *School Code*. Nothing in this Handbook or in Board Policy shall be construed as altering the at-will employment relationship.

Length of Service

Length of service is defined as length of continuous service as an employee, commencing with the first day of employment, not including subbing days. Length of service automatically terminates if an employee resigns, is discharged, or fails to report to a position in the district upon the termination of a leave of absence.

The time away from the job on an approved leave of absence will not be applied to the employee's length of service status but the employee will not lose the length of service accrued up to the date of leave, except as noted above.

It is understood that when an individual moves from one job classification to another, total length of service with the district is retained.

Hours of Work

1. Daily hours and workweeks will be assigned for each position at the time of employment.
2. Employees who work at least 7.5 continuous hours shall receive a 30-minute duty-free meal break that begins within the first 5 hours of the employee's workday.
3. On inclement weather days, when school is closed for students, employees should not report for work except the district office personnel and custodians. The district office personnel and custodians who are not able to get to work because of road conditions may use a vacation day, a personal day, or be docked in pay. When school is canceled during the day, the employee will receive regular pay for hours actually worked.

Illinois Municipal Retirement Fund

Employees who are working in a position requiring 600 or more hours per year are required to participate in the Illinois Municipal Retirement Fund (IMRF).

Leaves of Absence (Appropriate application online in Employee Access.)

1. Sick Leave
 - a. Employees who qualify for the 600-hour IMRF rule will receive 10 sick days per year; 10-month secretaries employees receive 11 sick days per year; 12-month employees receive 12 sick days per year; bus drivers (not on IMRF) receive 5 sick days per year. These days can accumulate to 250.
 - b. An employee will be paid sick leave at her/his regular rate of pay and work day hours.
 - c. If an employee is going to be unavailable for work, s/he shall call the supervisor as soon as possible, but no later than 1 hour prior to the employee's established reporting times.
 - d. Sick leave may also be used to attend the funeral of "immediate" family members and for illness of "immediate" family members. Immediate family, as defined by the Illinois School Code, includes parents, spouse, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, and legal guardians.
 - e. The superintendent may request a physician's statement if s/he questions the use of sick leave benefits. Any person misusing the sick leave benefit will forfeit the pay due for the sick leave. Misuse of sick leave could lead to suspension without pay and possible discharge. Medical documentation is required after three consecutive days of absence due to illness. Medical releases may be requested prior to return to work after serious illness or injury.
 - f. Paid sick leave may not be used for the purpose of extending a Staff member's scheduled break period (i.e., Thanksgiving or winter break), an established

holiday, or weekend (i.e., Monday or Friday). This does not preclude the use of sick leave at the beginning or end of a break period, an established holiday or weekend when the staff member or a member of his/her immediate family or household is legitimately ill, but is intended to eliminate the use of sick leave to extend a break period, an established holiday or weekend period. The administration may require a staff member to submit a physician's certificate to substantiate his/her use of paid sick leave immediately upon his/her return to work when the administration, in its sole discretion, questions the appropriateness of the staff member's request for sick leave. Staff members shall submit a physician's certificate evidencing his/her need for sick leave to attend to a pre-scheduled medical appointment for himself/herself or a member of his/her immediate family or household who is ill that cannot be scheduled outside of the staff member's workday.

- g. Retiring IMRF members may qualify for additional pension service credit for unpaid, unused sick leave accumulated with their last employer, at the rate of one month for every 20 days.

2. Personal Business Days

- a. One non-cumulative personal business day per year will be given to all full-time employees (over 1200 hours worked per year); 10-month employees will receive 2 personal business days per year; 12-month employees receive 3 personal days per year.
- b. Personal business days may be used for business that cannot be conducted outside of the normal working hours.
- c. Requests for personal business days must be completed via employee access available online.
- d. Unused personal days will roll into your total accumulation of sick days at the end of each fiscal year.

3. Vacation

- a. Following the first anniversary of employment, each 12-month employee will receive 5 vacation days; after 2 years through 4 years, 10 vacation days; five plus years, 15 vacation days; 15 plus years, 20 vacation days per year.
- b. Vacation days earned in one anniversary year must be used by the end of the following anniversary year; they do not accumulate. Employees resigning or whose employment is terminated are entitled to the monetary equivalent of all earned, unused, vacation days.

4. Holidays

- a. All legal public school holidays for eligible 10 and 12-month employees will be paid at the employee's regular hours and pay rate. If the holiday falls on a

weekend, it may be observed on a Friday or Monday, as directed by the superintendent. The district may require educational support personnel to work on a school holiday during an emergency or for the continued operation and maintenance of facilities or property.

5. Bereavement Day

- a. Full-time personnel will receive a bereavement day each year for the funeral of those close in relationship that are not considered "immediate" family. This day, if unused, does not carry over to the next year.

Termination/Retirement

Employees must provide a minimum of two-week notice prior to voluntary resignation or retirement.

Questions regarding retirement or termination for any other reason should be directed to the immediate supervisor. Proper forms will be made available at that time.

- a. COBRA Insurance forms (If applicable)

Job Descriptions

Each position shall have a job description. If the responsibilities of the position change, the job description is to be revised accordingly and submitted to the immediate supervisor, principal, and superintendent for review. When the job responsibilities change, all changes are to be discussed in full with the employee, the supervisor, and the superintendent so that the employee fully understands her/his new responsibilities.

Evaluation Procedures

1. Employees will be evaluated on an annual basis, by the person noted on the job description. Evaluations may be conducted more frequently if deemed necessary. The employee shall receive a copy of the written evaluation to be reviewed in a private conference. One copy of the evaluation will be placed in the employee's personnel file.
2. Both the supervisor and the employee must sign evaluations. The employee's signature on the evaluation does not necessarily indicate approval or concurrence with the evaluation; it does indicate that the evaluation was reviewed with the employee.
3. Evaluations shall be based on the job description and made with the objective to provide the employee positive feedback and to assist the employee in improving her/his work

techniques and skills, if necessary. Where areas of improvement are indicated, suggestions will be given to the employee as to how to improve job performance.

4. If an employee feels that the evaluation is unfair unjustified, or inaccurate, s/he should discuss any concerns with the supervisor. If the situation is not resolved, the employee should express the concerns to the Superintendent who will attempt to resolve the concerns by meeting with the employee and the supervisor.
5. An employee may respond to the written evaluation in letterform, which would be attached to the evaluation.

Grievance Procedure

If a problem or misunderstanding arises between the employee and her/his supervisor or if an employee has complaints or feels that there has been a misinterpretation or misapplication of any of the conditions of employment, the problem is to be resolved in the following manner:

- a. The problem is to be discussed between the employee and her/his supervisor and principal.
- b. If the problem is not resolved to the employee's satisfaction, s/he may discuss the problem with the superintendent.
- c. The superintendent will meet with the employee and supervisor in an attempt to mutually resolve the problem.
- d. If the problem still exists, the employee has the right to discuss the situation with the Board of Education, upon written notification to the Board President.

This grievance procedure does not apply to complaints governed by the Uniform Grievance Procedure Act, such as sexual harassment complaints. Rather, Board Policy 2:260 governs those complaints.

ASBESTOS

MEMO TO STUDENTS, PARENT(S) AND FACULTY

August 1, 1996

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA). This law requires all schools, kindergarten through twelfth grade, to be inspected for asbestos-containing building materials, to develop a management plan outlining a program to control and/or abate such materials, and to notify building occupants. This letter will serve as that notice.

In order to bring our schools into compliance with these regulations, Fecatonics Schools contracted with Hall-Kimbrell Environmental Services, Inc. to do an initial inspection. Based upon the results of the inspection and laboratory analysis of samples taken, a management plan was written which outlines our intent for controlling and abating any asbestos containing materials. The district management plan is available for your review in the District Administration Office with school specific plans available in the grade school and high school offices.

We have begun the process of managing those materials found to be asbestos containing. Our custodial people have received special training to qualify them to conduct their routine activities around asbestos containing materials.

The required systematic schedule of monitoring, employee training, record keeping and three-year re-inspections will be an ongoing process. The management plan documents the location of the materials, their composition and serves as a record of biannual inspections of the materials. These biannual inspections document the condition of the asbestos and determine whether the condition of the material has changed since the last inspection.

If you have any questions, please feel free to contact the school superintendent. He would be happy to discuss any matters pertaining to asbestos in our schools, its location and specifically what we have done or plan to do in managing this material.

APPENDIX D School Pest Management Statement

Structural and landscape pests can possess significant hazards to people, property and the environment. Pesticides can also pose hazards to people, property and the environment. It is therefore the policy of the Pecatonica School District to incorporate Integrated Pest Management (IPM) procedures for control of structural and landscape pests.

Pests

Pests are populations of living organisms (animal, plants or microorganisms) that interfere with the human purposes for the school site. Strategies for managing pest populations will be influenced by the pest species and any threat they pose to people, property or the environment.

Pest Management

Pests will be managed to:

- Reduce any potential human health hazard or to protect against a significant threat to public safety;
- Prevent loss or damage to school structures or property;
- Prevent pests from spreading in the community or to plant and animal populations beyond the site;
- Enhance the quality of life for students, staff and others.

Integrated Pest Management Procedures

IPM procedures will determine when to control pests and whether to use mechanical, physical, chemical, cultural or biological means. IPM practitioners depend on current, comprehensive information on the pest and its environment and the best available pest control methods. Applying IPM principles prevents unacceptable levels of pest activity and damage by the most economical means and with the least possible hazard to people, property and the environment.

The choice of using a pesticide will be based on a review of all available options and a determination that these options alone are not acceptable or not feasible. Selected non-chemical pest management methods will be implemented whenever possible. It is the policy of the Pecatonica School District to utilize IPM principles to manage pest populations adequately. The full range of alternatives, including no action, will be considered.

When it is determined that a pesticide must be used to meet important management goals, the least hazardous material will be chosen. The application of such pesticides is subject to the Federal Insecticide, Fungicide and Rodenticide Act, School District policies and procedures, U.S. Environmental Protection Agency regulations, Occupational Safety and Health Administration regulations, and state and local regulations.

Education

Staff, students, pest managers and the public will be educated about potential school pest problems and the IPM policies and procedures to be used to achieve the desired pest management objectives.

Record-keeping

Records of pesticide use shall be maintained on site to meet the requirements of the state regulatory agency and School Board. Records must be current and accurate if IPM is to work. Additionally, pest surveillance data sheets, which record the number of pests or other indicators of pest populations, are to be maintained to verify the need for treatments.

Notification

The Pecatonica School District takes the responsibility to notify student's parents or guardians and the school staff of upcoming pesticide treatments. Notices will be posted in designated areas at school and/or sent home with students.

Pesticide Storage and Purchase

Pesticide purchases will be limited to the amount authorized for available use during the year. Pesticides will be stored and disposed of in accordance with the USEPA-registered label directions and state regulations. Pesticides must be stored in an appropriate, secure site not accessible to students or unauthorized personnel.

Pesticide Applicators

Pesticide applicators will be educated and trained in the principles and practices of IPM and the use of pesticides approved by the Pecatonica School District, and will follow regulations and label precautions. The Pecatonica School district requires applicators to be certified and comply with this School Districts IPM policy and Pest Management Plan. See also Pecatonica Board of Education policy 4:166.

The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this policy may forego any informal suggestions and/or attempts to resolve it and may proceed directly to this grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed under this policy shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with a simultaneous investigation under this policy.

Deadlines

All deadlines under this policy may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, *school business days* means days on which the District's main office is open.

Filing a Complaint

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed.

For any complaint alleging bullying and/or cyberbullying of students, the Complaint Manager shall process and review the complaint according to Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, in addition to any response required by this policy. For any complaint alleging sexual harassment or other violation of Board policy 5:20, *Workplace Harassment Prohibited*, the Complaint Manager shall process and review the complaint according to that policy, in addition to any response required by this policy 2:260, *Uniform Grievance Procedure*.

Investigation

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Complaint Manager shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law or this policy, (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this policy about the status of the investigation. Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time.

The Superintendent will keep the Board informed of all complaints.

If a complaint contains allegations involving the Superintendent, the written report shall be filed directly with the Board, which will make a decision in accordance with paragraph four of the following section of this policy.

Decision and Appeal

Within five school business days after receiving the Complaint Manager's report, the Superintendent shall mail his or her written decision to the Complainant and the accused by first class U.S. mail as well as to the Complaint Manager. All decisions shall be based upon the *preponderance of evidence* standard.

Within 10 school business days after receiving the Superintendent's decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board.

Within 30 school business days, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within five school business days of the Board's decision, the Superintendent shall inform the Complainant and the accused of the Board's action.

For complaints containing allegations involving the Superintendent, within 30 school business days after receiving the Complaint Manager's report, the Board shall mail its written decision to the Complainant and the accused by first class U.S. mail as well as to the Complaint Manager.

This policy shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

Appointing a Nondiscrimination Coordinator and Complaint Managers

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the District's Title IX Coordinator.

The Superintendent shall appoint at least one Complaint Manager to administer the complaint process in this policy. If possible, the Superintendent will appoint two Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

The Superintendent shall insert into this policy and keep current the names, addresses, and telephone numbers of the Nondiscrimination Coordinator and the Complaint Managers.

Instruction

Access to Electronic Networks

Electronic networks, including the Internet, are a part of the District's instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication. The Superintendent shall develop an implementation plan for this policy and appoint system administrator(s).

The School District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Curriculum and Appropriate Online Behavior

The use of the District's electronic networks shall: (1) be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials. As required by federal law and Board policy 6:60, *Curriculum Content*, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) cyber-bullying awareness and response. Staff members may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum.

The District's electronic network is part of the curriculum and is not a public forum for general use.

Acceptable Use

All use of the District's electronic networks must be: (1) in support of education and/or research, and be in furtherance of the goals stated herein, or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic networks or District computers. General rules for behavior and communications apply when using electronic networks. The District's *Authorization for Electronic Network Access* contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

Internet Safety

Technology protection measures shall be used on each District computer with Internet access. They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by federal law and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,

2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
3. Ensure student and staff privacy, safety, and security when using electronic communications,
4. Restrict unauthorized access, including “hacking” and other unlawful activities, and
5. Restrict unauthorized disclosure, use, and dissemination of personal identification information, such as, names and addresses.

Authorization for Electronic Network Access

Each staff member must sign the District’s *Authorization for Electronic Network Access* as a condition for using the District’s electronic network. Each student and his or her parent(s)/guardian(s) must sign the *Authorization* before being granted unsupervised use.

All users of the District’s computers to access the Internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network.

The failure of any student or staff member to follow the terms of the *Authorization for Electronic Network Access*, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Administrative Procedure - Acceptable Use of Electronic Networks

All use of electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.**

Terms and Conditions

Acceptable Use - Access to the District's electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

Privileges - The use of the District's electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
- c. Downloading of copyrighted material for other than personal use;
- d. Using the network for private financial or commercial gain;
- e. Wastefully using resources, such as file space;
- f. Hacking or gaining unauthorized access to files, resources, or entities;
- g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- h. Using another user's account or password;
- i. Posting material authored or created by another without his/her consent;
- j. Posting anonymous messages;
- k. Using the network for commercial or private advertising;
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- m. Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.

- d. Recognize that email is not private. People who operate the system have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

No Warranties - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students and staff engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the School District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the School District's email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is almost assured if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures.

Staff members shall supervise students while students are using District Internet access to ensure that the students abide by the *Terms and Conditions* for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

Family and Medical Leave

Leave Description

An eligible employee may use unpaid family and medical leave (FMLA leave), guaranteed by the federal Family and Medical Leave Act. The U.S. Department of Labor's rules (federal rules) implementing FMLA, as they may be amended from time to time, control FMLA leave.

An eligible employee may take FMLA leave for up to a combined total of 12 weeks each 12-month period, beginning September 1 and ending August 31 of the next year.

During a single 12-month period, an eligible employee's FMLA leave entitlement may be extended to a total of 26 weeks of unpaid leave to care for a covered servicemember (defined in the federal rules) with a serious injury or illness. The "single 12-month period" is measured forward from the date the employee's first FMLA leave to care for the covered servicemember begins.

While FMLA leave is normally unpaid, the District will substitute an employee's accrued compensatory time-off and/or paid leave for unpaid FMLA leave. All policies and rules regarding the use of paid leave apply when paid leave is substituted for unpaid FMLA leave. Any substitution of paid leave for unpaid FMLA leave will count against the employee's FMLA leave entitlement. Use of FMLA leave shall not preclude the use of other applicable unpaid leave that will extend the employee's leave beyond 12 weeks, provided that the use of FMLA leave shall not serve to extend such other unpaid leave. Any full workweek period during which the employee would not have been required to work, including summer break, winter break and spring break, is not counted against the employee's FMLA leave entitlement.

FMLA leave is available in one or more of the following instances:

1. The birth and first-year care of a son or daughter.
2. The adoption or foster placement of a son or daughter, including absences from work that are necessary for the adoption or foster care to proceed and expiring at the end of the 12-month period beginning on the placement date.
3. The serious health condition of an employee's spouse, child, or parent.
4. The employee's own serious health condition that makes the employee unable to perform the functions of his or her job.
5. The existence of a qualifying exigency arising out of the fact that the employee's spouse, child, or parent is a military member on covered active duty or has been notified of an impending call or order to active duty, as provided by federal rules.
6. To care for the employee's spouse, child, parent, or next of kin who is a covered servicemember with a serious injury or illness, as provided by federal rules.

If spouses are employed by the District, they may together take only 12-weeks for FMLA leaves when the reason for the leave is 1 or 2, above, or to care for a parent with a serious health condition, or a combined total of 26 weeks for item 6 above.

An employee may be permitted to work on an intermittent or reduced-leave schedule in accordance with federal rules.

Eligibility

To be eligible for FMLA leave, an employee must be employed at a worksite where at least 50 employees are employed within 75 miles. In addition, one of the following provisions must describe the employee:

1. The employee has been employed by the District for at least 12 months and has been employed for at least 1,250 hours of service during the 12-month period immediately before the beginning of the leave. The 12 months an employee must have been employed by the District need not be consecutive. However, the District will not consider any period of previous employment that occurred more than seven years before the date of the most recent hiring, except when the service break is due to fulfillment of a covered service obligation under the employee's Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. 4301, et seq., or when a written agreement exists concerning the District's intention to rehire the employee.
2. The employee is a full-time classroom teacher.

Requesting Leave

If the need for the FMLA leave is foreseeable, an employee must provide the Superintendent or designee with at least 30 days' advance notice before the leave is to begin. If 30 days' advance notice is not practicable, the notice must be given as soon as practicable. The employee shall make a reasonable effort to schedule a planned medical treatment so as not to disrupt the District's operations, subject to the approval of the health care provider administering the treatment. The employee shall provide at least verbal notice sufficient to make the Superintendent or designee aware that he or she needs FMLA leave, and the anticipated timing and duration of the leave. Failure to give the required notice for a foreseeable leave may result in a delay in granting the requested leave until at least 30 days after the date the employee provides notice.

Certification

Within 15 calendar days after the Superintendent or designee makes a request for certification for a FMLA leave, an employee must provide one of the following:

1. When the leave is to care for the employee's covered family member with a serious health condition, the employee must provide a complete and sufficient certificate signed by the family member's health care provider.
2. When the leave is due to the employee's own serious health condition, the employee must provide a complete and sufficient certificate signed by the employee's health care provider.
3. When the leave is to care for a covered servicemember with a serious illness or injury, the employee must provide a complete and sufficient certificate signed by an authorized health care provider for the covered servicemember.
4. When the leave is because of a qualified exigency, the employee must provide: (a) a copy of the covered military member's active duty orders or other documentation issued by the military indicating that the military member is on active duty or call to active duty status, and the dates of the covered military member's active duty service, and (b) a statement or description, signed by the employee, of appropriate facts regarding the qualifying exigency for which FMLA leave is requested.

The District may require an employee to obtain a second and third opinion at its expense when it has reason to doubt the validity of a medical certification.

The District may require recertification at reasonable intervals, but not more often than once every 30 days. Regardless of the length of time since the last request, the District may request recertification

when the, (1) employee requests a leave extension, (2) circumstances described by the original certification change significantly, or (3) District receives information that casts doubt upon the continuing validity of the original certification. Recertification is at the employee's expense and must be provided to the District within 15 calendar days after the request. The District may request recertification every six months in connection with any absence by an employee needing an intermittent or reduced schedule leave for conditions with a duration in excess of six months.

Failure to furnish a complete and sufficient certification on forms provided by the District may result in a denial of the leave request.

Continuation of Health Benefits

During FMLA leave, employees are entitled to continuation of health benefits that would have been provided if they were working. Any share of health plan premiums being paid by the employee before taking the leave, must continue to be paid by the employee during the FMLA leave. A District's obligation to maintain health insurance coverage ceases if an employee's premium payment is more than 30 days late and the District notifies the employee at least 15 days before coverage will cease.

Changed Circumstances and Intent to Return

An employee must provide the Superintendent or designee reasonable notice of changed circumstances (i.e., within two business days if the changed circumstances are foreseeable) that will alter the duration of the FMLA leave. The Superintendent or designee, taking into consideration all of the relevant facts and circumstances related to an individual's leave situation, may ask an employee who has been on FMLA leave for eight consecutive weeks whether he or she intends to return to work.

Return to Work

If returning from FMLA leave occasioned by the employee's own serious health condition, the employee is required to obtain and present certification from the employee's health care provider that he or she is able to resume work.

An employee returning from FMLA leave will be given an equivalent position to his or her position before the leave, subject to: (1) permissible limitations the District may impose as provided in the FMLA or implementing regulations, and (2) the District's reassignment policies and practices.

Classroom teachers may be required to wait to return to work until the next semester in certain situations as provided by the FMLA regulations.

Implementation

The Superintendent or designee shall ensure that: (1) all required notices and responses to leave requests are provided to employees in accordance with the FMLA; and (2) this policy is implemented in accordance with the FMLA. In the event of a conflict between the policy and the FMLA or its regulations, the latter shall control. The terms used in this policy shall be defined as in the FMLA regulations.

General Personnel

Temporary Illness or Temporary Incapacity

A temporary illness or temporary incapacity is an illness or other capacity of ill-being that renders an employee physically or mentally unable to perform assigned duties. During such a period, the employee can use accumulated sick leave benefits. However, income received from other sources (worker's compensation, District-paid insurance programs, etc.) will be deducted from the District's compensation liability to the employee. The School Board's intent is that in no case will the employee, who is temporarily disabled, receive more than 100 percent of his or her gross salary. Those insurance plans privately purchased by the employee and to which the District does not contribute, are not applicable to this policy.

If illness, incapacity, or any other condition causes a teacher or other licensed employee to be absent in one school year, after exhaustion of all available leave, for more than 90 consecutive work days, such absence may be considered a permanent disability and the Board may begin dismissal proceedings subject to State and federal law, including the Americans with Disabilities Act. The Superintendent may recommend this paragraph's use when circumstances strongly suggest that the teacher or other licensed employee returned to work intermittently in order to avoid this paragraph's application. This paragraph shall not be considered a limitation on the Board's authority to take any action concerning an employee that is authorized by State and federal law.

Any employee may be required to have an examination, at the District's expense, by a physician who is licensed in Illinois to practice medicine and surgery in all its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the authority by his or her supervisor to perform health examinations if the examination is job-related and consistent with business necessity.

Employment At-Will, Compensation, and Assignment

Employment At-Will

Unless otherwise specifically provided, District employment is at-will, meaning that employment may be terminated by the District or employee at any time for any reason, other than a reason prohibited by law, or no reason at all. Nothing in School Board policy is intended or should be construed as altering the employment at-will relationship.

Exceptions to employment at-will may include employees who are employed annually, have an employment contract, or are otherwise granted a legitimate interest in continued employment. The Superintendent is authorized to make exceptions to employing non-certificated employees at-will but shall maintain a record of positions or employees who are not at-will and the reason for the exception.

Compensation

The Board will determine salary and wages for educational support personnel. Increments are dependent on evidence of continuing satisfactory performance. An employee covered by the overtime provisions in State or federal law, shall not work overtime without the prior authorization from the employee's immediate supervisor. Educational support personnel are paid every two weeks.

Assignment

The Superintendent is authorized to make assignments and transfers of educational support personnel.

Educational Support Personnel

Duties and Qualifications

All support staff: (1) must meet qualifications specified in job descriptions, (2) must be able to perform the essential tasks listed and/or assigned, and (3) are subject to School Board policies as they may be changed from time to time at the Board's sole discretion.

Paraprofessionals

Paraprofessionals provide supervised instructional support. Service as a paraprofessional requires an educator license with stipulations endorsed for a paraprofessional educator unless a specific exemption is authorized by the Illinois State Board of Education (ISBE).

Individuals with only non-instructional duties (e.g., providing technical support for computers, providing personal care services, or performing clerical duties) are not paraprofessionals, and the requirements in this section do not apply. In addition, individuals completing their clinical experiences and/or student teaching do not need to comply with this section, provided their service otherwise complies with ISBE rules.

Noncertificated and Unlicensed Personnel Working with Students and Performing Non-Instructional Duties

Noncertificated and unlicensed personnel performing non-instructional duties may be used:

1. For supervising study halls, long-distance teaching reception areas used incident to instructional programs transmitted by electronic media (e.g., computers, video, and audio), detention and discipline areas, and school-sponsored extracurricular activities;
2. As supervisors, chaperones, or sponsors for non-academic school activities; or
3. For non-teaching duties not requiring instructional judgment or student evaluation.

Nothing in this policy prevents a noncertificated person from serving as a guest lecturer or resource person under a certificated teacher's direction and with the administration's approval.

Coaches and Athletic Trainers

Athletic coaches and trainers shall have the qualifications required by any association in which the School District maintains a membership. Regardless of whether the athletic activity is governed by an association, the Superintendent or designee shall ensure that each athletic coach: (1) is knowledgeable regarding coaching principles, (2) has first aid training, and (3) is a trained Automated External Defibrillator user according to rules adopted by the Illinois Department of Public Health. Anyone performing athletic training services shall be licensed under the Illinois Athletic Trainers Practice Act, be an athletic trainer aide performing care activities under the on-site supervision of a licensed athletic trainer, or otherwise be qualified to perform athletic trainer activities under State law.

Bus Drivers

All school bus drivers must have a valid school bus driver permit. The Superintendent or designee shall inform the Illinois Secretary of State, within 30 days of being informed by a school bus driver, that the bus driver permit holder has been called to active duty. New bus drivers and bus drivers who are returning from a lapse in their employment are subject to the requirements contained in Board policy 5:30, *Hiring Process and Criteria* and Board policy 5:285, *Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers*.

Employment Termination and Suspensions

Resignation and Retirement

An employee is requested to provide two weeks' notice of a resignation. A resignation notice cannot be revoked once given. An employee planning to retire should notify his or her supervisor at least two months before the retirement date.

Non-RIF Dismissal

The District may terminate an at-will employee at any time for any or no reason, but not for a reason prohibited by State or federal law.

Employees who are employed annually or have a contract, or who otherwise have a legitimate expectation of continued employment, may be dismissed: (1) at the end of the school year or at the end of their respective contract after being provided appropriate notice and after compliance with any applicable contractual provisions, or (2) mid-year or mid-contract provided appropriate due process procedures are provided.

The Superintendent is responsible for making dismissal recommendations to the School Board consistent with the Board's goal of having a highly qualified, high performing staff.

Reduction in Force and Recall

The Board may, as necessary or prudent, decide to decrease the number of educational support personnel or to discontinue some particular type of educational support service and, as a result of that action, dismiss or reduce the hours of one or more educational support employees. When making decisions concerning reduction in force and recall, the Board will follow Sections 10-22.34c (outsourcing non-instructional services) and 10-23.5 (procedures) of the School Code, to the extent they are applicable and not superseded by legislation or an applicable collective bargaining agreement.

Final Paycheck

A terminating employee's final paycheck will be adjusted for any unused, earned vacation credit. Employees are paid for all earned vacation. Terminating employees will receive their final pay on the next regular payday following the date of termination, except that an employee dismissed due to a reduction in force shall receive his or her final paycheck on or before the next regular pay date following the last day of employment.

Suspension

Except as provided below, the Superintendent is authorized to suspend an employee without pay as a disciplinary measure, during an investigation into allegations of misconduct or pending a dismissal hearing whenever, in the Superintendent's judgment, the employee's presence is detrimental to the District. A disciplinary suspension shall be with pay: (1) when the employee is exempt from the overtime provisions, or (2) until an employee with an employment contract for a definite term is provided a notice and hearing according to the suspension policy for professional employees. Upon receipt of a recommendation from the Ill. Dept. Children and Family Services (DCFS) that the District remove an employee from his or her position when he or she is the subject of a pending

DCFS investigation that relates to his or her employment with the District, the Board or Superintendent or designee, in consultation with the Board Attorney, will determine whether to:

1. Let the employee remain in his or her position pending the outcome of the investigation; or
2. Remove the employee as recommended, proceeding with:
 - a. A suspension with pay; or
 - b. A suspension without pay.

Any criminal conviction resulting from the investigation or allegations shall require the employee to repay to the District all compensation and the value of all benefits received by the employee during the suspension. The Superintendent will notify the employee of this requirement when the employee is suspended.

Maintaining Student Discipline

Maintaining an orderly learning environment is an essential part of each teacher's instructional responsibilities. A teacher's ability to foster appropriate student behavior is an important factor in the teacher's educational effectiveness. The Superintendent shall ensure that all teachers, other certificated employees, and persons providing a student's related service(s): (1) maintain discipline in the schools as required in the School Code, and (2) follow the School Board policies and administrative procedures on student conduct, behavior, and discipline.

When a student's behavior is unacceptable, the teacher should first discuss the matter with the student, if appropriate. If the unacceptable behavior continues, the teacher should consult with the Building Principal and/or discuss the problem with the parent(s)/guardian(s). A teacher may remove any student from the learning setting whose behavior interferes with the lessons or participation of fellow students. A student's removal must be in accordance with Board policy and administrative procedures.

Teachers shall not use disciplinary methods that may be damaging to students, such as ridicule, sarcasm, or excessive temper displays. Corporal punishment (including slapping, paddling, or prolonged maintenance of a student in physically painful positions, and intentional infliction of bodily harm) may not be used. Teachers may use reasonable force as needed to keep students, school personnel, and others safe, or for self-defense or defense of property.
