Welcome to our twenty sixth price list of daffodils and other small bulbs. You are welcome to visit our nursery on weekdays during September and October. It is often helpful to see bulbs in flower when making choices.

We do not keep large quantities of any cultivar but we do have many cultivars not listed here. Please ask, we may have a bulb available of the cultivar you want. All bulbs are sold subject to the health of the bulbs during the growing season and at lifting time. If the bulb you order is not available then we will replace it with a similar cultivar of equal or greater value.

We begin sending out bulbs in March and aim to have all deliveries completed by the end of April. We do this to ensure the health of bulbs during storage and for you to receive them at the optimum planting time.

Thank you for your continued support. We appreciate the feedback from satisfied customers. We aim to be generous in filling your orders and in the time we have available to you.

DAFFSEEK

You may wish to find out about a cultivar you are about to order or see a photo of it. Go to SEARCH on your computer and type in 'daffseek.' Click on Daffseek and go to 'query page.' Type in the name of the cultivar you wish to view. Other information is also available on Daffseek. This includes information about hybridisers or a list of all the cultivars of a colour or division you request. Daffseek will also trace the family tree of the cultivar you are interested in. Daffseek is a wonderful tool for us to use.

DALTON'S BULB POTTING MIX

Over the years we have experimented with most available brands of bulb potting mix. We have no hesitation in recommending the use of the Daltons brand. It has given us more flowers on our miniature and species bulbs and far healthier bulbs and plants. Increase in bulb size and bulb numbers has been a real bonus.

Daltons also offer a good value bulb fertiliser.
