Former Governor Speaks at Dinner

Sigma Delta Chi to Honor Lowden

Republican Candidate to Visit Here Tomorrow

As guest of honor at a testimonial banquet given by Sigma Delta Chi, Frank O. Lowden, University of Iowa alumnus, tomorrow will make his first visit to Iowa since announcing his candidacy for the republican nomination for president.

One hundred guests, including members of the University faculty, Iowa City residents, alumni, Iowa newspapermen, and other friends of the former governor of Illinois will gather in the lounge room at Iowa Union at 7 p.m. for a formal dinner and a program.

The latter will include talks by President Walter A. Jessup, Harvey Ingham, editor of the Des Moines Register, and H. O. Weaver, Wapello attorney. The last two men are both graduates of the university, and are personal acquaintances of Mr. Lowden, who received his degree here in 1885. Mr. Lowden will give a response. Theodore F. Koop, J4 of Monticello, president of Sigma Delta Chi, will preside.

Chicago Alumni to Come

Former Governor Lowden will come to Iowa City tomorrow afternoon from his home at Oregon, Ill. He will be accompanied by a group of alumni from Chicago who have accepted invitations to the banquet. They include Judge Michael McKinley, Rush C. Butler, and Harry Eugene Kelly.

Another group of alumni will come from Des Moines, to join in paying their respects to Mr. Lowden. Individuals from all parts of Iowa will attend.

The purpose of the banquet is not political, officers of the Sigma Delta Chi chapter point out. Its object, they explain, is to honor a distinguished citizen.

Borah Warns of Corruption Issue

CHICAGO, April 28 (AP)—Warning republican party leaders that corruption will be one of the outstanding issues in the coming presidential campaign, Senator Borah of Idaho, declared here tonight that party success is dependent upon giving the people courageous leaders, clean candidates, decent organizations and a platform of principles.

"Give the voters these," he said in an address at the annual dinner of the Hamilton club, "and they will demonstrate that the republican party belongs to neither crooks nor cowards—refuse them these things and I leave the future to tell its own story. In such an event, I do not seek to penetrate the veil."

In delivering his first pre-convention speech, Senator Borah, who has been endorsed for the republican presidential nomination by the republicans of his state, chose clean government as his topic rather than the prohibition issue.

Aviators Decorate Grave of Bennett in Brief Ceremony

Return to New York After Pilgrimage to Arlington

WASHINGTON, April 28 (AP)—The first pilgrimage to the resting place of Floyd Bennett was made today by his brother aviators from Germany and Ireland, for whose help he had chanced his life and lost.

The three—Baron Von Huenefeld, Captain Herman Koehl, and Major James Fitzmaurice—left behind the emblems of their countries and that of the United States, all of which had been brought across the Atlantic to these shores in the Bremen.

That of the German republic was draped across the flower banked mound by Baron Von Huenefeld; the green, white and orange of the Irish Free State was placed by Major Fitzmaurice; and the Stars and Stripes by Major Howard C. Davidson, commandant at Bolling Field, host to the flyers on their first night in this country.

The pilgrimage was the sole activity of the Atlantic conquerors during their short stay in the capital. At once their spoken thoughts were of returning to New York, and the advisability of flying in the unfavorable weather was discussed by them for three hours. It was then decided to make the New York trip by train, and they left shortly after 1 o'clock.

Big Ten Teams Win

Western conference athletes completely demonstrated their superiority over the Missouri Valley league competitors. What Illinois and Iowa did not win, some other Big Ten school did.

On the basis of events entered and points won, the Iowans completely overshadowed any other institutions in the university competition class. Hawkeyes were entered in thirteen events, in three of them they won first places while in three others Old Gold athletes finished among the point winners.

Although the weather was ideal for spectators, the track in Drake's stadium was slow and a strong wind, which officials say cut down the time from two to four seconds a quarter mile, held the athletes from cracking many records.

Company Enters Petition in Court

Bell Corporation Asks to Keep Evidence Permanently

The first petition to be entered for the September term of court is that by the Northwestern Bell Telephone company. The company is applying for an order to perpetuate testimony.

The history of that organization goes back to the year 1896 when it was organized in Iowa City under the laws of the state of Iowa and under the name of the "Iowa Telephone company."

Since that time this company has occupied territory in Iowa City, has occupied streets, alleys, avenues, and public places for their telephone poles, wires, and business apparatus. They have always done this and have been subject to the police power only, while they were furnishing telephone service to the public.

These circumstances prior to October, 1927, can only be proven by persons of advanced age who are familiar with the facts as they were. Since these facts can only be proved by such testimony the company asks that they be permitted to perpetuate the testimony of such persons, because as time goes on it will be made impossible to get testimony from these persons.

The company is doing this because if a question concerning its early actions should arise, testimony can substantiate the truth. If the company should ever become a party to a suit, they will need witnesses to prove that they were in existence prior to October, 1927.

Those witnesses from whom the telephone company requires testimony are: H. E. Louis of Iowa City, Charles M. Dutcher of Iowa City, Frank Patterson of Iowa City, P. C. Coast of Iowa City, G. W. Schmidt of Iowa City and Charles E. Hall of Omaha, Neb.

The company asks that an order be entered allowing the hearing and examination of the witnesses.

The cast also includes Reka Straub, A4 of Iowa City; Marjorie Decker, A4 of Rockwell City; Ruth L. Baker, A4 of Iowa City; Lyle Sheldon, A2 of Iowa City, and Earl Voltmer, A3 of Sigourney, as citizens.

According to an announcement made last night by Albert Davis, manager of the Englert theatre, the new vitaphone, which has been expected for some time, will be installed in the Englert theatre sometime within the last week in May, at an approximate cost of \$16,000.

The installation of the vitaphone which was originally scheduled for April 1, has been delayed because the Vitaphone company has been unable to keep pace with the demand which has forced the schedule back eighteen weeks.

Graphic Outlines of History

SAN FRANCISCO IN 1848

In 1848, the discovery of gold was made in California. Immediately a rush started from the eastern states, in the hope of sudden wealth. In a year's time the population of California was large enough for a state. The people applied to Congress for admission to the Union, and the state was finally admitted in 1850.

Our ability to eliminate for you the myriad of details, is widely commended upon and appreciated.

"Buy at Home"

Help to Develop a Finer Community Spirit

This is a wonderful community. No finer, more cultured people can be found anywhere than live in Iowa City, Johnson County and environs territory.

It will be a happier, more friendly and more prosperous community if all will buy at home.

Your local merchant is your friend and neighbor. Perhaps he goes to your church and his children sit beside your children in the same school room. His interests are your interests and he will appreciate your business.

Buy the commodities which are made in this community. Increased consumption of locally manufactured products will insure steady employment for those who may be your neighbors, and conversely, your failure to use a product made here might cause a near and dear friend to lose his job and be forced to seek employment in some other city.

Share in the concerted effort to buy at home and save Iowa City's airmail port. Use the airmail. There is no better way of expressing your desire to keep the transcontinental port in Iowa City than to use airmail stamps.

(This is the second of a series of advertisements on "Buy at Home," prepared and paid for by leading business and professional men).
