www.mybuja.com

DATA I collected and displayed every email I sent in 2015, the week I sent them, the words I used to conclude them (called "valedictions"), and the nature of the respective emails. Within each color block they are stacked chronologically (lower is earlier, higher is later).

FORMAT Emails are personal, so I thought it would be fun to hide the information concerning the nature of the emails in an interactive feature. By only seeing that information when you hover over its icon, I simulate a sense of snooping.
