PEACE & FREEDOM PARTY ELECTS HOMOSEXUAL STATE CHAIRPERSON IN STORMY TWO DAY CONVENTION.

The Peace & Freedom Party (P&F), long known for its extremist leftist politics, in a surprising turn to events has "lost" those of the "fake-socialist" group (Socialist Workers Party; Progressive Labor Party; SDS, etc.) and is now a coalition of members of various political sects, in effect, an "umbrella party"

The two day convention began on Saturday, August 17th in Sacramento's State Capital building, with the "fake socialists" trying to ignore the California Election's Code, and the legal Peace & Freedom Party followed every single law to the letter. After nearly two hours of shouting and screaming by the rag-tag fake-socialists, the Convention finally got under way in another hall in the Capital, with the meeting being temporarily chaired by Mr. Don Atkinson and the delegates were finally seated. This took one whole day.

Then on Sunday, the Convention opened to face the problem of electing a State Party Chairperson for the next two years, with two being nominated, one, San Francisco attorney Lloyd Taylor and the other, San Francisco activist, Rev. Raymond Broshears. The voting went by roll call of the delegates and their proxies, and when the vote was counted, the first up-front homosexual to seek the post of United States Congressman the Rev. Raymond Broshears, became the first up-front homosexual to ever be elected head of a ballot political party in America. Taylor was later elected a deputy to Broshears, as the Northern California co-chairperson along with Richard Ebeling of Sacramento. Ms. Elizabeth Keathley and Eric Garris were elected Southern California co-chairpersons, and Veronica Meidus of Soquel, California was elected Central California chairperson. Ms. Dorothy Conley of San Francisco was elected Peace & Freedom Party state secretary, and William Evers of East Palo Alto was elected party treasurer. State coordinator is Gene Berkman who openly professes to being a "drag-queen," and two national committeemembers were elected, Mr. Lee Coe, a Maoist, of Berkeley, and Ms. Mary Getlein of southern California.

Broshears was the choice of the Peace & Freedom candidate for governor, Elizabeth Keathley, as well as the Party's candidate for Controller, Cory Cassanova. Taylor himself supported Broshears' election, which swung several key votes to the radical minister.

Broshears then proceeded to

S.B. 39 DEFEATED

S.B. 39 NEWS the Senator Donald Grunsky partial law reform legislation which the *Crusader* newspaper first revealed to the Community early this year, has a 1% chance of being heard in the Assembly Criminal Justice Committee this year. The Bill will be reintroduced in January 1975 with some amendments. Some of these amendments will be most acceptable, others are in doubt.

But whatever, it is most apparent that the loud cry of the only newspaper in San Francisco, the *Crusader*, that is probing enough to keep the people informed of the deeds and misdeeds of not only the legislative branches, but also of the Community morals itself.

A coalition working for sexual law reform and abolition, has been meeting on a regular basis to create amendments to not just the Grunsky Bill, but to other proposed legislative works. And, we in the Committee want to make this point every chance we get, that no single legislator has been as responsive to our requests, and has been Assemblymember John Foran, 16th Assembly District. Assemblymember Foran has given the members of the Committee much assistance in many areas, and has worked to help keep S.B. 39 "bottled up", until it could either be amended to the satisfaction of the People, or voted down if it couldn't be. John Foran has delivered for the Community again!

There will be a large meeting of the Committee on the last Friday of September, at which time distinguished attorneys and key civic leaders will be invited to meet with members of the California State Joint Committee Staff working on Penal Code revision. If you would care to attend this first-ever meeting, please send a letter to the People's Law Reform Committee, c/o 225 Turk Street, San Francisco, California 94102, and you will be sent an invitation to the meeting.

The Committee has found not just Assemblymember John Foran helpful, but also Assemblymember Leo McCarthy, Ken Meade, and on the local level, the Office of Supervisor Robert Mendelsohn, and Supervisor Al Nelder, to name the two hardest workers. Danger is seen in the Sacramento legislative scene with Frank Murphy, Assemblymember from Santa Cruz, Frank Lanterman of Pasadena, and the wishy-washy Alan Sieroty of Beverly Hills. Senator Milton Marks has been of no help! Assemblymember Willie Brown is "not available". Remember the legislators who have been helpful and those who are not help when election time comes around.

WAR

The Harbor Light Center of the Salvation Army, at a loss where to preach their message of bigotry, has decided that the Tenderloin needs 'saving'. But, as headlines in the *San Francisco Examiner* indicate, they won't 'invade' without a fight, as the Rev. Raymond Broshears and the staff of the Helping Hands Community Center and various merchants and residents have banded together to oppose them. Broshears began with a dramatic press conference and has since filed various building code violation complaints against the very wealthy Salvation Army.

chair the fastest platform meeting of any political party in existence, taking but two and one-half hours, as he was overly strict according to most in attendance, but it paid off in the most effective platform the Peace & Freedom Party has ever adopted. The Party platform is found elsewhere in this paper.

Peace & Freedom Party politics have always been unusual, and always out of order, but according to the Sacramento Bee and the newsmedia in Sacramento, the Party is still "unusual" but it is most certainly "in order and may hold key to who will be the next Governor of California."

DOWNTOWN FOOD HELP

WHITE PANTHER FOOD CONSPIRACY COMES TO TENDERLOIN...

by Sue Copperman

Hi.....do you want a way to get your food for less money? Well, the White Panther Party Food Conspiracy can save you 20% to 40% on what you'd have to pay at most stores in the Bay Area. The way we do it, is to buy wholesale according to what people have ordered and resell it to you with a 15% markup to cover expenses and subsistence labor wages.

We do our list once a week with a full range of fresh fruits and vegetables, eggs, nine different kinds of cheese from parmesan to cream, and dry goods which include not only beans and flour, but coffee, oil, mayonaise, olives, peanut butter, and home-made bread, to name but a few items.

The weekly ordering of dry goods enables you to buy sane amounts of things. You don't have to worry about the three month supply of corn meal getting bugs in it. Order what you need now, and when you run low, order some more.

What you do is get ahold of a list from one of our distribution centers (Helping Hands in the Tenderloin), fill it out, and bring it back to the distribution center with your payment by Saturday afternoon. Paying when you order gives us the money we need to do the buying. We then pick up the orders on Saturday night, and start processing them. We figure the grand totals of what has been ordered and do all the work necessary to get your order back to your distribution center (Helping Hands) by Tuesday afternoon. When all the orders are completed, we put them on a truck and bring them back to your distribution center. Then, from 5 PM to 10 PM on Tuesdays, you can come in and pick up your order, or for a dollar more, we'll deliver it to your door.

We operate the Food Conspiracy on five principles:

1. Eliminate wasteful methods of reproduction.
2. Replace the profit motive with the motive of serving the people.
3. Eliminate unnecessary overhead.
4. Establish worker's control of the enterprise.
5. Hold quality above saleability.

[Editor's Note: We urge you to join in the collective buying of the White Panther Party Food Conspiracy. We here at the CRUSADER, are sure that you will save much money, and better yet, you will eat better. Check in at the Helping Hands Community Center and see what is offered on the Food Conspiracy Food List. We are all sure that life will be a little bit better when you deal with the White Panther Party Food Conspiracy.]

The San Francisco Crusader is one of the responsible voices speaking out for the oppressed minorities of San Francisco, the elderly, the disabled, the poor, the low-income working class people, the homosexual, and all others whom this system oppresses.

The Crusader writers speak without fear of reprisals, knowing that while we may have our physical selves imprisoned, they can never imprison our souls, and that while they can stop our physical beings, they can never stop the spirit of change that is sweeping our land.

The Crusader prints all the news, pulling no punches, crusading always for freedom, justice and equality. The Crusader is circulated free in San Francisco, unless mailed, this is so we can reach as many people as possible with the truth. The advertisers make this possible by their support, and by their advertisement, this does not mean they support the articles in the paper, but support freedom of the press, and support the Crusader for they know that all profits, where there are any, go into the Helping Hands Community Center.

Anyone may contribute articles to the Crusader, and we ask that they be typed and double-spaced, and we will do our best to run them, and always, uncensored. Letters from organizations which have their own publication will not be run in our publication.

ROBERT ADAMS

Robert Adams, star of Passing Strangers in a scene from the film.

The young man pictured here is Robert Adams, age 22, born in Madison, Wisconsin. Bob's father is a Methodist minister, and Bob himself does not profess to being an active member of any denomination. Bob has been here in California for a year and a half and has worked for the Club Turkish Baths and the Q.T.

Bob's dark brown eyes and brown hair turn many onto his personality, which is

quite beautiful. Bob stands 6' and weighs in at 140 lbs. Bob came out of the closet four years ago, when he attended a meeting of the Gay Liberation Front in Milwaukee.

He is a wild, friendly, free-flowing young stallion who says of San Francisco, "too many mind games here," "but it is free and relaxed, that's why I like it here. The attraction of San Francisco for me was the fact that it was a beautiful City and they had

so many homosexuals here, so that's why I came here."

Well, the SAN FRANCISCO CRUSADER is glad that Bob chose San Francisco.

Also, Bob has become a cinema star, with his first film opening in September, called, "Passing Strangers". Do see the film, as I am sure you will enjoy this 'green bay packer'.

Violence
TWO YOUTHS BEATEN

Two young males were walking home in the Upper Noe Valley area, which is just north of Market Street, in the Castro area, when they were jumped by five youths, who began calling them "faggots, queers, cocksuckers", and hit them about the face and groin. One of the youths then pulled out his penis and said to the bleeding youth on the ground, "suck you white motherfcker, or I'll cut yours off!" Violent acts of this nature are increasing in the Upper Noe Valley area, and the police seem quite ineffective in stopping. The Crusader would urge those living in the Upper Noe Valley area, the Hayes Valley area, to carry weapons with them, as self-defense is guaranteed by the Constitution by giving us the right to bear arms. It is obvious that from what the reports are indicating, that extreme vigilante action is being called for to protect lives and property in not just these two areas, but others as well.

The San Francisco Political Police Department still has not solved the slayings of the three young homosexuals in 1972, not the most recent wave of slayings, in which three homosexuals were murdered by a sick killer(s). Self-defense is what is needed if people are to survive in the "streets of San Francisco".
Leslie Snyder

BYRD BRAINS

Officer Jesse Byrd, president of the twenty-five member Officers for Justice, which Sheriff Richard Hongisto helped form, has declared an unofficial war on homosexuals. In recent weeks, increasing numbers of complaints have been coming in, particularly from the Northern Station portion of Hayes Valley, where many homosexuals live, that black police officers have been referring to them as "faggots, queers, etc."

Lyla Paulsen, a resident of Hayes Valley reports that some black people in the area carry shotguns, beat rob, white gaypeople, and the police do little or nothing about it. In one such incidence, the Crusader checked out this racist action, and found it to be true. The Crusader has found an increasing number of Officer Jesse Byrd's "cadre" to be extremely hostile towards gaypeople. Byrd himself has expressed extreme dislike for homosexuals to the Crusader in the past. Racism, whether by whites or blacks is very bad. Are you listening Officer Jesse Byrd? and friends?

Ms. Marion Otsea remembered homosexuals when they needed help when she was in a position to help us, and now, let us remember her on November 5th and vote for a very good friend to the homosexual community who will represent us well on the BART Board of Directors.

If you desire to work in Ms. Otsea's campaign, please do so. Volunteers are urgently needed, and you can speak with Marion at 386-2526.

FORD, a ROCKY feller
NIXON RESIGNS...FORD TAKES OVER...OR DOES HE!

The long desired impeachment of President Richard M. Nixon never came about, but he did resign. Nixon began his career in "red-baiting" when he ran for Congress here in California back in 1946, and continued throughout his House and Senate career one attack after another upon other legislators. Now, many of those same legislators whom Nixon tried to "destroy" have risen up, constitutionally, and struck him down. But the question we must ask ourselves, is, has Amerika gone from the frying pan into the fire? Gerald Ford, the man someone on Wall Street chose to be President, is a very dangerous man, a man whose younger years were steeped in pro-German sentiments, a man who has never been noted for his tolerance for anything that was not, "white-anglo-saxon and protestant". Gerald Ford is far more dangerous than Richard Nixon could have ever been. Even tho all of us are glad to see Nixon gone, we wish to hell that Ford could have gone with him.

BART BOARD

BART BOARD ELECTIONS

A very good and longtime friend to the community is seeking election to the 9th District of the Bay Area Rapid Transit Board of Directors which covers the northern portion of the City of San Francisco.

She is Ms. Marion Otsea, a fine "God-fearing American", who for eight years was the district Congressional representative to the very good friend to the homosexual community, Congressman William (Bill) Mailliard. Mailliard is now Ambassador to the Organization of American States.

Ms. Marion Otsea has "delivered" time and time again for the homosexual community of San Francisco, going to bat for many people whom the Congressman was able to help directly, and it was Ms. Otsea who first introduced a United States Congressman to a homosexual voters candidate night, and was instrumental in helping Congressman Mailliard bring pressure on others to help the cause of homosexual rights.

Ms. Marion Otsea has been one of the quiet, unsung people who has done much to assist us, not because we are homosexuals, but because we are human beings, citizens of this nation, and Ms. Otsea has denounced discrimination at every turn, and is very tight with a penny when it comes to governmental spending. Thus, she would obviously make a very good member of the BART Board of Directors. The elections to be held on November 5th, are the same time as the state elections for governor, senator, assembly and congress.

If you desire to work in Ms. Otsea's campaign, please do so. Volunteers are urgently needed, and you can speak with Marion at 386-2526.

IS SEX COPS HIDING DRUNKEN COPS?

Untold numbers of police officers here in San Francisco have been having treatment at the detox center at General Hospital, others, worse off, who the detox program will not help and need long term help, are shipped off to Duffy's, and we don't mean Duffy's Tavern, up north of here, so they can "dry out". But, alas, Michael Stinnett, enjoying himself at Harrington's bar is dead, shot dead by a drunken off-duty cop; so is George Baskett, shot to death by another tipsy off-duty cop; and so is Miles Beaver, a young blackperson, who was riddled with bullets from the gun of a drunken off-duty Tac Squad officer who was shouting at him "we don't want no niggers in this bar," (Il Trovatore, across from the Hall of limited Justice). We could go on and on with a list of those not dead, but wounded by the guns of drunken, tipsy, off-duty cops.

The San Francisco Police Department "writes it off", as "stress, high-pressure" etc. But, after having talked with the Captain in charge of personnel, who reflects the views of too many cops, I think we can look elsewhere for the cause, like sexual inadequacies, and sexual phobias.

A case in point was the recent case of a young homosexual who placed first on the list for telephone operators. He was supposed to go to work at the Hall of Justice as a telephone operator for the Civil Service. But, after Captain George Emil, head of the Personnel Bureau ran a check, and found out that the youth had at one time been a male go-go dancer, Emil "suggested" to the lad that he not take that post and seek another, a "non-police" post in the Civil Service. The youth did so after having spent an hour in jail, til he was bailed out, for "traffic warrants."

Then we have the cops who spend an an-natural amount of hours, "enticing-entraping" homosexuals through ads in the Berkeley Barb and even the wearing of military uniforms and going into bars, and areas frequented by homosexuals, enticing them into breaking the law. Then we have the most un-natural cop of all, the one who spends hours playing with himself at the urinal in the Greyhound Depot or East Bay Terminal, trying to catch a homosexual.

Several psychologists have suggested that the problem of most drinking cops is not stress, but sexual fears. This is something that will be explored later, in depth.

GAY RAP OF SF

Gay Rap, established its credentials when it was on Pine Street years back, moved from the pathetic Castro-Mission area, to the moving, hot spot of town, the Tenderloin, and meets each Tuesday night at 8 PM at 121 Leavenworth in the auditorium, just up the top of the stairs at that facility. Everyone is encouraged to join in and learn what's happening. The Rap breaks up into smaller groups which deal with specific problems. Gay Rap is non-political, this point is stressed by the Gay Rap Collective. Emotional problems, sexual problems, room-mate problems, identification problems, and just about everything that a Rap should be about, Gay Rap is about. So join in this non-political and highly successful function. Average attend-

HOLLYWOOD

In a special report to the *San Francisco Crusader*, we present for you the cruel facts about a location that tops anything in San Francisco's Tenderloin or New York's lower east side for pure decadence.

Hollywood Blvd. & Las Palmas Avenue: This corner is the 'meat rack' of Los Angeles' famed Hollywood. Hollywood Blvd. has marble sidewalks, with huge stars in each square, and the name of the various personalities of stage, screen and radio that have filtered through this land of make believe.

Make believe is just what it is too! Very few people down here seem to have their heads on straight. Most all are 'stars' even tho' most don't have a 'pot to piss in or a window to throw it out of'.

The lechers of Hollywood and Las Palmas are the 'flesh-peddlers' and 'flesh-buyers'. They are for the most part older people, and some of them have a regular cadre of followers, who sell themselves for next to nothing, in hopes of currying favor with the flesh-peddlers, in hopes that they will turn them onto a 'john' (a buyer) with some bread.

The lechers even have some males who are 'worn out' (meaning their youth is gone, and they have no looks, but brawn in some cases), to use as 'enforcers'. 'Enforcers' is a polite word for thugs who beat the hell out of a kid who refuses to 'come across' (give their body) to their 'queen-bee' (lecher). The 'queen-bee' is a vicious person, and will go to any length to protect his 'hive', cadre of hustlers, would-be hustlers, and enforcers, even to the point of murder.

During my stay here, I talked to kids, fourteen, fifteen, one even twelve, who were selling their body on a nightly basis. The hustler walks around the block, Hollywood Blvd., Las Palmas, and Selma Avenue, even in broad daylight, trying to interest people in buying their body. And most will do every sex act imaginable to sell themselves. The usual 'price' is \$15 to \$20 for the 'good ones' to \$5 for the worn-out ones. And unless the kids get in with a 'queen-bee', their chances of survival in the area are small indeed. And the queen-bees play rough, and they play very rough with another queen-bee who tries to take one of their 'harem' from them. Shootings, stabblings, beatings, are all a part of the daily life around Hollywood and Las Palmas Avenue.

Gold Cup Restaurant: Here is a most unusual place. Very clean, very nice looking, and most of the waitresses certainly know what is going on. Queen-bees will sit for hours in a booth overlooking the corner, and with nothing but cup of coffee in front of them. The waitresses say nothing, for in most cases the queen-bees pay the waitresses very well indeed for that cup of coffee, oftentimes referred to as a 'cup of gold'.

The queen-bees offer prospective members of their hive a cup of coffee, which they tell them could become a 'cup of gold' if they 'played their cards right' and 'cooperated'. Cooperation means your allegiance to the queen-bees.

Well, if you aren't sick by now you should be. Hollywood and Las Palmas is a super-sick scene. And a scene with certain faggots in the ACLU (American Civil Liberties Union) who are hell-bent on keeping it going as-is. The ACLU established a 'street-patrol' against the police. And let me say this, the police are super-pigs in Hollywood, but stabblings, murder, beatings, heroin pushing are not victimless crimes—Mr. Walt Blumoff of the Advocate Newspaper.

Well the scene is all right, and the police are only 90% bad. What Mitch Michaels and Blumoff need to learn is that exploitation is wrong, wrong, wrong, and the ACLU 'watch-team' contributes to this exploitation, and from what I gather, a couple of the ACLUers might even be joining in on the 'fun'.

Hollywood is not a nice place, and the place is loaded with 'burn-artists'—hustlers that we ran out of the City a long time ago. So if anyone was burned for a TV or something, take a visit to Hollywood, and nine chances out of ten you'll find the bastard on the Boulevard.

COPS RAID PANTHERS

The White Panther Party, the party of the mid-sixties John Sinclair of East Lansing, Michigan, has been in California for some years, doing their thing, that being, operating a food conspiracy in Marin County, later in Alameda County and more recently, in San Francisco City-County. Marin County is an easy going place, and a group like the White Panther Party can operate with little hassle from the police. Alameda County has enough troubles hassling the Black Panthers in Oakland to extend further energies to a group which professes non-violence, as do the White Panther Party. The White Panther Party stresses "self-defense". Same as the Lavender Panthers of San Francisco do.

But, the White Panther Party, as a body, has crossed the path of the Federal government many times, too many times as far as the Federals are concerned, so acting in concert with the local police who are great at enforcing such non-violent crimes as pot-smoking, decided to end the pot smoking White Panther Party, once and for all, as it appeared to be gaining some following in the City of Saint Francis with the dynamic and money saving food-conspiracy program. Using the illegal use of Food Stamps as a hassle, the Federals went into action later joined by the San Francisco Police, who without a warrant, went to the White Panther headquarters on Page Street, looking for a "dangerous" suspect, who just might have been a nik-nak burglar. The police, without a warrant, broke down the door, and then the shooting began, ending with police firing a "fire" grenade into the house, setting it aflame, just like the Los Angeles Police did to the S.L.A. house in that massacre. Fortunately, the White Panthers were not hurt, and no police officers were shot either.

Now, the White Panther Party has a Federal lawsuit against the San Francisco Police Department, and as well, the Police in turn have been giving them the super-hassle, such as refusing various permits for the out-door concerts in the Golden Gate Park.

This is a tragic situation. The Food Conspiracy program of the Panthers has helped many people to keep body and soul together in this day of rising cost and dwindling income. This article is a new item, and not a stamp of approval on the White Panther Party.

Now what can be done to change Hollywood and Las Palmas? That is a question that staggers the imagination. Maybe the bringing back of the 'male model agencies', maybe making 'other things' available. One doesn't know. But there is no one down here who gives a damn, that's for sure.

The Gold Cup is a bit tarnished from all this activity, and there has been nothing in San Francisco to ever compare with this, but the old Comptons, Turk & Taylor scene would be the nearest.

It is apparent that sex is the number-one pre-occupation of those in the 'scene' in Hollywood, with the de facto approval of the ACLU and the 'Gay leadership' of Los Angeles.

Whistle Blown? TUBSTRIP

A UNITED STATES JUSTICE DEPARTMENT report just released, has some shocking items for everyone. The data discloses that 79% of all murders, aggravated assaults, forcible rapes, robberies, burglaries, larcenies, and auto thefts go unsolved in the nation. 79% is a rather high figure, but the statistics are there, in black and white for all to read. Many police officials say that more crimes than the 79% go unreported. It was noted that the police commonly attribute certain offenses to specific criminals and close the case without any evidence to warrant doing so. The data shows that major crime (murder, rape, etc.) has risen 15% during the first three months of this year, over last year. The survey showed that the majority of citizens lack confidence in their police, with an astounding 59% saying so. The survey showed that *half the crimes are never reported*, due to this lack of confidence.

The survey shows that the lack of confidence in the police comes with the mechanization of the police departments, particularly noted was San Francisco, where 73% of the citizens felt the police only cared about the well-to-do or the politically important people and big businesses. Those 73% stated that they felt the San Francisco Police were much too politically involved, even to the point of published a newspaper that is for sale, called the Policeman.

The survey shows that the police "are merely the most visible arm of a broken-down crime control system, a nonsystem in which prosecutors and courts also fail", says the former Police Commissioner of New York City, Patrick V. Murphy, who is currently President of the Police Foundation, and one of the nation's most respected experts on police matters. Murphy went on to say that police departments are "closed, myopic civil-service organizations with complex problems they can't handle, because they lack expertise."

The report says that there is much "featherbedding" in San Francisco, St. Louis, and New York police departments, such as the preservation of unneeded station house jobs, so officers with seniority who weary of street work and rotating shifts, can get regular daytime, 9 to 5 posts, with weekends off. The reports said that police fill too many non-crime solving jobs, which could be filled by civilians.

The report says that it is also difficult to supervise police, that they are on the move, and on their own. And that the department supervisors can't find ways and means to adequately oversee their 'on the street' activities. The reports says that cop can and often do, choose to drink coffee four times a shift, or girl-watch (maybe boy-watch here in San Francisco?), etc. The reports all indicate that the departments need intelligent and tough administration with thorough accountability.

San Francisco is the one City where the records indicate an abnormal concentration on the crimes in which the police are not apt to have to put themselves in any dangerous investigative work. San Francisco Police, according to the report concentrate more on the crimes of non-violence, such as prostitution, drunk and disorderly, disturbing the peace, etc., rather than concentrate heavily on such crimes as murder, forcible rape, and aggravated assault. Also, the reports clearly indicate that the police do little in the way of solving burglaries.

TUBSTRIP . . . The Best Yet

"Tubstrip", at the Enterprise theatre and directed by Doug Richards is a very funny, only slightly pathetic account of life at the baths. And the opening night audience applauded throughout.

Most outstanding was Richards' direction and the ability of his cast to pull off what was nearly flawless timing. Few people missed the subtleties.

Heading the cast is Calvin Culver, probably best know in the Gay community as "Boys in the Sand" star, Casey Donovan. Culver, who played the floorboy delivered a subtle and convincing performance, one that unfortunately won't be remembered as the best.

The popular stars were Jake Everett as Wally, a fifty-five-year old intellectual, romantic, not jaded and reminiscent of the "boob" in "Yellow Submarine" and Walt Holliday as Andy, a quick-witted black queen.

Unfortunately, much of the dialogue between the two is painful, such as Wally to Andy, "Maybe Scarlett's gone back to Tara to save you from the Ku Klux Klan". Being the only black in the play this serves only to reinforce ones impression that he might just be a little bit of a token.

Other than this, the dialogue is fresh and socially healthy. Such as when Wally says, "Piss on you, unless of course you're into that in which case it's out of the question." Or, referring to Linda Lovelace, "I've been doing her thing for thirty years . . . she gets four million dollars and I get arrested." Toward the end of the play Wally realizes he's unhappy because he wants to be punished and, thinking of it as a breakthrough, tries to call his analyst. (He doesn't realize his analyst is down the hall wearing leather straps and a cockring.) Wally takes on the new philosophy that "there's always someone a little older or a little dirtier."

The ads for "Tubstrip" compare it to "Boys in the Band", a success as a play but a disaster for Gay people. And remnants of that 1940's state of consciousness remain in "Tubstrip". However where "Band" was twenty years behind, "Tubstrip" is only about five. And although it does contain pathos as any good comedy will, it doesn't wallow in it or leave you depressed. If that's an achievement, then go see it.

GAY JOB COUNSELLING SUCCESS AT S.I.R.

The Job Counselling Service of the Society for Individual Rights for the homosexual community of San Francisco is a success. The director of the Counselling Service is the Office Manager of S.I.R., Mr. Elmer Wilhelm, who has told the San Francisco Crusader that they need more jobs, that they have ten times as many applicants as jobs, but urged that job seekers keep coming in, for they might just have the right skill for the right job at the right time.

Wilhelm stressed that the S.I.R. Job Counselling Service is for homosexuals only, straights need not apply. This is because they are the only all-homosexual job counselling service, and due to the important fact that when an employer calls S.I.R. with a job, that employer expects the referral to be a homosexual.

If you are seeking work, come into the S.I.R. Job Counselling Service, open Monday thru Friday, 10 AM til 4PM, at 83 Sixth Street. If you are looking for work, don't telephone for a job. You must come in and be interviewed by Elmer and the staffers.

And if you are an employer seeking a homosexual employee, please call in the job to Elmer, at 781-1590.

JOHN BURTON ACCEPTS MONEY FROM HOWARD HUGHES AND IBM..FBI INVESTIGATION.

John Burton has been accused and is under investigation by the FBI for receiving campaign funds from contractors with the Federal government, which is a violation of the laws regarding campaign spending. Burton when confronted with the charges, laughed contemptuously in the reporter's face, stating that there was a "mistake" in the Hughes Tool Company donation, of which Howard Hughes owns, but did admit to taking the \$1,500 from Mrs. Joan Palevsky of Los Angeles, whose husband is a large stockholder in IBM.

John Burton also admitted taking large contributions from seven unions based in Washington, saying that there was nothing wrong about that. To date, John Burton has spent over \$100,000 in his campaign, compared to his closest rival, Rev. Raymond Broshears, who has spent nearly \$400,000. Republican Caylor who is running behind Broshears in the polls shows a spending of \$30,000 or so dollars. So, it is obvious that Broshears has made the four hundred dollars that he has received go a long way.

The San Rafael Independent-Journal carries a running scoreboard on the spendings of Burton.

MA BELL ORDERS AN END TO EMPLOYMENT DISCRIMINATION BY ALL THE LOCAL COMPANIES

American Telephone and Telegraph has ordered an end to employment discrimination against homosexuals. A large article appeared in the capitalist "bible", the Wall Street Journal on August 8, 1974.

The western branch of AT&T, Pacific Telephone, has said that they cannot change their policy at this time, but that they certainly shall review it carefully in light of the AT&T action.

Pacific Telephone has said that their customers were not ready to have male homosexuals go into the homes of families with children, as either installers or repairmen. This has led to three consecutive years of demonstrations against Pacific Telephone by the GAA and "friends". Larry Littlejohn, a noted picketeer of the Pacific Telephone says that he hopes he doesn't have to picket any long, that it is true. Same went for the master-picket organizer of all time in homosexual America, the Rev. Raymond Broshears who said that he was getting old and that he just couldn't do it too many more times, but stated that "when they hire a person with a GAA button on, and that person says on the employment blank that they are a member of the Gay Activists Alliance, and they still hire that person, then and only then will I believe they have changed their policy."

ELECTRO SHOCK

What hollow institutional eyes looked out on the insanity of hospital You didn't remember my name or the nights we spent together or days I tried to help you out of your pain

But unable to defeat a society that doesn't want you to exist Junk became a compromise between suicide and reality until an overdose the little pieces of death get too big

I remember the first time I saw anybody fire-up You handled your works like a scientist or a priest And tied up like a nurse Delivering the cure for the sickness that everyone made you feel You left the needle in you arm while hollow eyes gazed out like the eyes of electroshock in the hospital months later I had to leave the room and puke

The psychologist and the judge thought your whole problem was being gay So part of your probation was you couldn't cut hair anymore 'cause only fairies did that And they fire you up the junk of electroshock because a man is not allowed to be sweet and they might kill you trying to kill what they fear in themselves Billy Whatever road you walk on now let me send you this message Love is the balm for your pain Those who attack you in your pain and call you love a sickness are diseased beyond measure Avoid the man with righteous sword in his hand Someday the sun will shine for us too

LLOYD TAYLOR NOTED ATTORNEY JOINS MASS EXODUS TO THIRD PARTY

Attorney Lloyd Taylor, noted San Francisco attorney, not only joined the Peace and Freedom Party, but is a write-in candidate for Treasurer of California. Mr. Taylor, member of the Golden Gate Business Association, of which he is an officer, is also an active member of the California Libertarian Alliance. Mr. Taylor worked for many years as a CPA doing tax work for some of San Francisco's larger organizations and businesses prior to his super-active role in the Peace and Freedom Party. Mr. Taylor was appointed to the California Central Committee by the 5th District Congressional candidate of the Peace and Freedom Party recently. Mr. Taylor was also a very vocal delegate to the August 17th State Convention of the Peace & Freedom Party held in Sacramento.

Mr. Lloyd Taylor has a B.A. in Journalism from the California State University at San Diego, and received his Masters degree from UCLA in Accounting in 1967. And in 1973, Mr. Taylor graduated from Loyola University, Los Angeles with his degree in law and has since been admitted to the bar.

Mr. Taylor has joined a host of other prominent attorneys who have left the liberal and conservative's parties and joined the PFP, such as Marge Buckley, successful U.S. Supreme Court attorney, and Robert Donovan, write-in candidate for Attorney General.

Taylor's philosophy and platform are that government should exist solely to protect the rights of the individual. Taylor feels that government by its nature grows and extends control over individuals. He said that taxes are collected by bureaucrats and politicians who think they know better than the individual how the individual should spend his money. He claims that government is the force by which groups through laws have extended their concept of morality on individuals. Lloyd claims that the government is the force by which politicians use the military drft to send the 'haves' to war to protect the property of the 'have nots'. Taylor feels that the unrestrained printing of paper money, not backed by gold, is the way the politicians keep elderly and fixed income persons in poverty through runaway inflation.

Taylor proposes an initiative ballot measure to allow California to secede from the United States, as well as the repeal of all victimless crime laws and restriction of government expenditures to taxes actually collected. Taylor proposes further that there be voluntary taxation with no penalties for not paying any taxes, and the elimination of inflation by the free exchange of gold and the ending of unrestrained government printing of paper money. He further calls for the freeing of all political prisoners such as draft evaders and persons convicted of victimless crimes.

EXPO '74 RIOTS..17 ARRESTED

July 4th was the first of a series of arrests, beginning with seventeen persons the first time and the total varying from bust to bust. The total of arrests number now near forty. It began when a group began demonstrating against the exploitativeness of Expo '74 in Spokane. Police at the order of City "fathers" moved quickly to stop such demonstrations as not being conducive to encouraging tourists to the financially troubled Expo '74. Expo '74 was doomed from the start, as nation after nation began reneging on their promised expositions. This being due in main, to the fact that Spokane is a "cowntown" out in the easter end of Washington state, in the middle of flat farmland, and way off the traveled routes.

Those arrested came from Ohio, Illinois, New York, Connecticut, British Columbia, Washington, Alaska and from California. And since the arrests, more have come to join with those still protesting this violation of freedom of speech.

TAMARAS RECALL CAMPAIGN UNDERWAY

A recall petition on Supervisor Peter Tamaras has been initiated by a group of citizens calling themselves the People's Civil Liberties Guard. The recall was initiated some weeks back after Supervisor Peter Tamaras had begun a series of pro-police measures in the governing body of the City and County of San Francisco. Tamaras, at the urging of persons associated with his sharp-tongued administrative aide, Christopher Baker, began this reactionary legislation aimed at creating a police-state in San Francisco.

The Downtown organizer, the editor of this paper, Rev. Raymond Broshears told a group of newsmen and newswomen that "Tamaras and his visit to Greece earlier when the Greek Colonels were in control must have given his right-wing tendencies a big boost, for when he came back, all hell broke loose. Tamaras has no feeling for the poor of this City, he is dedicated to making money. But ask him to vote for a poor people's measure, and his little aide and he go 'bananas'. This is a bitter pill for me, as I endorsed and worked for the election of Tamaras last fall, so I am having to 'eat crow'. Tamaras must be removed, and petitions to hold a recall election are the only means to get this selfish man out of office."

The Tamaras Recall drive has great support from the Third World community. Tamaras hopes to have passed on charitable solicitations in the City which will affect all groups which solicit money for any non-profit group. Tamaras, wants the police to have full control over who does and does not solicit money in San Francisco, a law which every attorney interviewed at the Hall of Justice, some 67 in all, said was unconstitutional and that Tamaras should leave the law to the lawyers.

If you are interested in circulating a petition for the recall of Peter Tamaras, please call 775-9693.

BECKWITH WINS BATH HOUSE VICTORY

Famed attorney and gay activist B.J. Beckwith has chalked up another impressive victory in his long and continuing fight to protect gay rights in San Francisco.

Through a series of intricate legal maneuvers Mr. Beckwith has succeeded in having felony charges of oral copulation completely dismissed against two patrons who were arrested in the Folsom Street Barracks, a popular San Francisco bath house. The arrests were made May 12, 1974, when police officers, Joseph J. Toomey and Michael Sullivan reportedly responded to the Folsom street establishment to investigate a complaint of "loud noise".

Officer Toomey testified that he gained entrance to the bath house, without invitation or permission, by quickly entering the locked door to the premises, when it was momentarily buzzed open by the manager to permit a patron on the inside to exit. The good (or maybe not so good) officer then proceeded straight to the nearest restroom, located more than 50 feet from the entrance, where he observed the act of oral copulation in progress. It is of interest that at no time did the officer inspect the sound amplification equipment located near the entrance way, even though he reportedly went there to investigate the "loud music".

A preliminary examination was held before James J. Welsh, Judge of the Municipal Court. Beckwith convinced the Judge to order the District Attorney's office to prosecute the case in Municipal Court as a misdemeanor rather than in Superior Court as a felony. Attorney Beckwith then delivered the death blow to the Prosecution's case by scheduling a motion to suppress evidence before Judge Samuel E. Yee. At the hearing on that motion Beckwith argued that the police officers were not privileged to enter the bath house unless they had probable cause to believe that a felony was being committed or unless they were armed with a search warrant; both of which were lacking in this case.

Attorney Beckwith concluded his remarks to the Court by quoting language from a recent California Supreme Court decision: "Surely our state and federal constitutions are the cases interpreting them for close a regression into an Orwellian society in which a citizen, in order to preserve a modicum of privacy, would be compelled to encase himself in a light-tight, air-proof box. The shadow of 1984 has fortunately not yet fallen upon us."

Judge Yee agreed with Mr. Beckwith and ordered all visual sightings of the officer suppressed as evidence; this of course left no evidence which could be used against the defendants and the charges against them had to be dismissed.

Beckwith, when questioned by this reporter, stated that he hoped that the case would serve as a warning to the S.F. Police Department that they will not be permitted to harass the many gay bath houses here with flimsy and trumped-up charges such as "loud music" complaints.

HOMOSEXUAL RIGHTS BILL IN CONGRESS

Congresswoman Bella Abzug of New York has introduced HR 14752 under the title "Equality Act of 1974" which will amend the Civil Rights Act of 1964, should it pass, by adding marital status and sexual orientation to the list of outlawed grounds for discrimination. The 1964 law covers discrimination in access to public accommodations, public facilities, public education, and federally assisted programs. The Abzug proposal would add marital status and sexual orientation protections to a 1968 federal law banning discrimination in the sale or rental of housing, and to civil rights guarantees contained in an education aid bill passed in 1972. This bill will make women and homosexuals human beings in the eyes of the law whether or not the Roman Catholic Church likes it, or even Bill Graham. It is obvious that Ms. Abzug has more guts than all the so-called "friends" of homosexuals in Congress put together, after all, Phillip Burton and John Burton never even bothered to try such legislation, (John Burton is running against a homosexual who accuses him of crawling, meaning backing out of or around issues)

Cragen has since received the endorsement of the San Francisco Bar Association; the support of Assemblymember, incumbent John Foran, as well as of numerous other groups in the City.

NAME GAMES

EDITOR'S SPECIAL NOTE: "Friends, foes and readers! A letter was received here that criticized me for having my name in the CRUSADER so much. Number one, I do not censor the writers, and if you notice, some of them tear me apart. And, if they mention me in an article or in a news story so be it. But, the other homosexual-run papers in this City, with the exception of DATA BOY have a firm policy not to mention my name at all, so the reporters are catching up on a lot of news items the other papers withhold from you. The "Sentinel" will mention my name only if it seems degrading and trivial. Vector, Bay Area Reporter, Kalendar, Sentinel and Gay Sunshine have serious problems with "reality identification". I'll pray for them! If you don't wish to read my name in so many news items, why don't you go out and do something and make the news yourself. The guns of the Mockingbird, more feared than the Guns of Navarone, more feared than the guns of the battleship Missouri, are trained right on the Polk Street mob at Buzbys and the Wild Goose (no longer in the control of Bill McWilliams who pulled out quickly). Don Berry, manager of Buzbys, a place that not only looks like the gangster era of the roaring twenties, but is managed in like fashion, appears powerhungry, and is now the manager as well of the Wild Goose, which appears to be a "dead duck" right now. Berry when the power play had died down and the good-guys had been ousted, proceeded to fire the employees of the good-guys. Berry fired wayne Williams, the most honest and sweetest guy in the land, and also Richard Novak and Ken Leetzlow. Earlier, during the power plays, Berry had seen to it that Bob Kerns was fired, which is why Bill McWilliams, (Mr. Good Guy), pulled out. So the "Geese Children" have gone south for the winter, south of Market that is, to the ROUNDUP. The "Geese Children" have told the Mockingbird that they are not fond of "berries" like most geese are. Don't blame them one bit. And while I am at it, why is the "emperor" Marcus spending so much much time with Don Berry? Does Berry and Cutcomb have eyes for the "name" of Marcus, and are planning on using it, like they use so many other people? Marcus is nice, but very very gullible. . . . Perry, a person who has run for everything in sight, and won nothing, so creates titles and gives them to himself, is planning another "production" in October at the Bellevue Hotel in the cracked Crystal Room. Perry expects three hundred homosexuals to pay five dollars a head to sit in theater style seats, with no tables, and juggle drinks at the same time watching one of his boring productions. Really Perry, when are you going to learn that you can be lovable if you would just be Perry and not the God of San Francisco. p.s. perry, is it true you still haven't paid for items purchased at charitable auctions? . . . naughty, naughty, but then you and Don Berry do seem so well matched in your "ice follies" . . . doesn't folly mean silly, phoney? . . . NEED TYPING DONE? . . . a nice man by the name of Lewis will do it for you at reasonable rates, give him a call at 647-1131 between 9 am and 12 noon . . . VD. why don't some of you faggots, homosexuals, gays, or whatever you call yourself (I'm a faggot), get your heads together and keep it coming clean. The VD epidemic is worst in the history of the United States . . . \$850 A MONTH FOR FITCH, the taxpayers money is being used again, this time to pay the salary of Frank Fitch as director or something down in Palo Alto, which is just south of Honduras, and the money came from the taxpayers of California. His ole friend Duke Smith just lost his . . . BILL PLATH, QUEEN VICTORIA, OR WHATHAVE YOU . . . APOLOGY, the Mockingbird's older sister, the much much older sister is Tequila Mockingbird who used to write for the Vertorthing of SIR, and Tequila wants everyone to know that the MOCKING BIRD is not Queen Victoria . . . tell me honey, she's been dead for years and so's the bars of Queen Victoria, who is the acting legal committee chairperson of SIR . . . PRIDE, better known as the SIR REJECTS, has elected new officers, one being the former vice-president of SIR, Perry George, and another being another SIR officer once upon a time, Larry Littlejohn as secretary, and another, being at one time SIR vice-president is now the Executive Secretary of Pride . . . the only two executive? officers not being former SIR officers, but certainly SIR members, are Larry Long of the San Francisco Bar Association, who is treasurer, and Paul Hardman who is the president . . . gads, makes one wonder what happens to old SIR members, they don't die, they don't fade away, they just join the Pride Foundation . . . GEARY STREET NASTY, is what George Kelley is being called, as he was nominated for "pushiest bartender of the year" award, but he should also have been nominated for "nastiest bartender" of any year . . . CASTRO SALLY, should learn not to f*ck over friends, associates and others, for things may be good now honey, but keep it up and they won't be ever, you do owe your customers something . . . GEORGE MASTERSON, former bartender at GRANDMA'S HOUSE in British East Oakland, dropped in at the Helping Hands Center and the Mockingbird flying by, saw him through the window talking to the homosexual Congressperson-to-be, who is the director, excuse me, ex-director of Helping Hands, and what George had to say about his hospital bills, and Tavern Guild and Bob Ross was not nice . . . glad to hear the Congressperson-to-be did not become overly hysterical about what happened to George, but I have been told by another Bird, one that rose from the ashes, that everything is going to be alright, hope so for George's sake, for he is a nice person . . . EX-DIRECTOR, you read right, for Jim Boyd-Robertson is now the director of the Helping Hands Community Center, as the "flying nun", Rev. Broshears is now the "overseer", and is more into the Church work of things . . . hear that his denomination has ordered him to resume church services here in the City or else be defrocked . . . p.s. I understand that they will resume the last of September . . . St. Timothy's Orthodox Episcopal Church of God . . . Ray has been so nice for the past few weeks I hardly knew him . . . BILL MCWILLIAMS, SHAME SHAME SHAME AND ALOT MORE SHAME, yes, the Tennessee Stud, Bill McWilliams runs his heart like a hotel, and that's a fact, for he forever checking them in and out overnight, with permanent guests . . . when a person has been kicked like Bill has, it is kind of hard to change the sign on the heart, but that employee of the Grubstake-Wild Goose is not one of society's nicer people, but remember, what goes around, comes

around . . . and Bill, behave yourself, and for heaven's sake, now that Ed Buttram is not an employee, keep your hands and otherthings off . . . I want him first . . . THE JAILBIRD HAS SUCH A NASTY MOUTH, I hear, or should I say dirty mouth, that he has to take it through a car wash with his mouth wide open daily, but of course this only a rumor . . . SPEAKING OF RUMORS, RUDE RUTH IS ALIVE, and in the cellar of FAT SHIRLEY, I know for when by "friend" the "flying nun" was in Los Angeles, FAT SHIRLEY showed him the coffin in which lay the body of RUTHIE, but Shirley, why do you keep the body on it's stomach and also that can of Crisco nearby? . . . those Los Angeles queens are the nastiest . . . HANKEN PANKEN is what was going on south of Market but things are so nice now I hear, keep up the good work and shame on you for being so stingy . . . KIMO is about to produce, what I don't know, but it has something to do with a Persian Boy and I don't mean Lee Raymond, that's not Persian, that's Slutian . . . just joking Lee, ha, ha? . . . ROY I AND POLK STREET SALLY IN THE ALLEY, at least that is the way the #8&1# report reads, really Dixon and Roy, how could you and after Roy and I have been engaged for so long, or is this "so long!" . . . MISTER ORGAN MAN, GARY SCHNIEDER, is packing them in at the WINDJAMMER on Geary Street. Never has San Francisco had such a nice person as Gary, he is a fabulous organist, and an excellent entertainer . . . Garry Schnieder is truly Mr. Gay Musical San Francisco . . . MASS ORGY IN SANTA CRUZ FORESTS?, reports have been coming in from that area that a group of nasty homosexuals were "doing it" all over the place . . . the Forest Ranger, who has since been removed to the State Hospital after babbling out this reort, gave a description that fits, Ken Leetzlow, Richard Novak, Al Hanken, and Richard Lombard . . . but, we all know that they would do nothing "nasty", for they are so pure and innocent . . . SPEAKING OF PURE AND INNOCENT, emperor candidate BOB CRAMER has been campaigning very very hard . . . is it such a nice man and so kind and considerate . . . he has done more for the various social service organizations, and individuals than anyone I have heard of running for such an office, and besides, Bib is practically a San Francisco native, he has lived here for dozens of years unlike others seeking office who have been here but a couple of years and don't even know the names of the various homosexual organizations outside of Tavern Guild and the bike clubs . . . and one thing, Bob Cramer is a person who accepts people for what they are, be they straight or gay or drag or fluffy sweater or leather or levi . . . Bob Cramer, from a point of personal knowledge, does not put people down for being a drag-queen, either camp or for real . . . Bob Cramer is also one of the few people that can communicate with ALL THE HOMOSEXUAL RIGHTS GROUPS and has been working in them for years to further the cause of equal rights for gaypeople, and besides, Bob Cramer's contributions in labor and money to the betterment of the living conditions of the elderly and disabled people makes him head and shoulders above any other candidate . . . and he can get along, communicate (Marcus' old slogan) with all segments of the community . . . most of us never heard of the other guy, don't know anything about him except he is anti-drag, anti-activist, anti this and that . . . and we know that Bob Cramer is for people, Bob Cramer is for helping people, Bob Cramer is real people, a man amongst men . . . ENOUGH, for Cramer will "crown" me for saying these things, he and I have strong differences, but, what is true is true, and must be said . . . MUST BE RUNNING now, have spent more column inches with you than I ever have, this being due to the fact that other such columnists have been dropped from the paper, and the only columnist the paper wants outside of myself, the ole Mockingbird, is the fabulous and luscious SWEETLIPS, sweetheart of the Tenderloin AREA . . . til next issue of San Francisco's most controversial NEWSpaper, this is the Mockingbird, urging you to support Rev. Raymond Broshears for Congress; John Foran for the State Assembly; Phillip Burton for Congress-6th District; and Ms. Marion Osea for Bart Board of Directors, 9th District, UP WITH PEOPLE is the motto of the Mockingbird and down with the backstabbers and exploiters! . . . HOT FLASH, the beloved Marion "juke box shady-lady" (not the above Marion Osea), picked up a strange habit south of Market at the Boot Camp, not only is she now an authority on cock rings, but she was overheard asking intimate questions of porn movie-star Richard Williams, perhaps she is gathering info for a novel on her experiences with the gaybars? . . . but, maybe she is planning on directing films! . . . really shady-lady! . . . Bill McWilliams and Richard Williams are a naughty influence on you . . . and speaking of Richard Williams, part-time bartender at the Boot Camp, did you know, the fact, that he and the "flying nun" the Rev. Raymond Broshears were once "lovers"? . . . for the last time, it is goodbye til next time, thank you all very much, I need an R.C. badly

FIRST HOMOSEXUAL EVER TO RECEIVE CERTIFICATE OF NOMINATION FOR PUBLIC OFFICE FROM SECRETARY OF STATE

The Reverend Raymond Broshears, candidate for the United States House of Representatives (Congress) from the 5th District, received the Certificate of Nomination in July from the Secretary of State, stating that Rev. Broshears had indeed won his election in the June 4th Primary and would face the Democrat and Republican candidates on November 5th. This marks the first time in the history of the homosexual liberation movement that an up-front person has ever won election in a primary. Thus Broshears has gone further than any other homosexual candidate for office. And Broshears has gotten this far without any homosexual organizational support, including his own group, the GAA, of which he received limited support. Most of the other homosexual groups are backing John Burton for Congress, his brother Phillip Burton already an established Congressman. Alice B. Toklas Memorial Democratic Club, members of the Golden Gate Gay Liberation House, both in the 5th District, have given full support to John Burton.

Rev. Broshears in the meantime has picked up the endorsements of such attorneys as; Lloyd Taylor, Joseph Manzella, Sal C. Balesteri, Jack Morgan, and famed criminal attorney, B.J. Beckwith. In addition to this distinguished cast of attorneys supporting the election of Rev. Broshears, noted personalities such as Francesca, H.L. Perry, Wayne Williams, Richard Novak, Ken Leetzlow, Dixon, Al Alvarez, Andrew Bettancourt, Don Black, Mike Carangi, Ellie Mae Leone, Jerry Salazar, Enrique Delgado, Roy I, Elizabeth Keathley, Eddie Van, Don Jackson, Steve Ginsberg, and many many more.

Rev. Broshears is director of the Helping Hands Community Center; presiding bishop of the Orthodox Episcopal Churches of God; coordinator of the Gay Activists Alliance; editor and publisher of the San Francisco Crusader; editor of the Light of Understanding religious newsletter; member of the Society for Individual Rights (S.I.R.), Golden Gate Business Association, Council of New Age Churches & Clergy, United Prisoners Union, Coordinating Council on Drug Abuse, Downtown Citizens Coalition, and many many more groups.

AN EDITORIAL

SHAKEDOWN BY BETTER BUSINESS BUREAU

The Better Business Bureau, Incorporated, (BBB) located at 414 Mason Street, is a little more than a "shakedown" operation for the United Bay Area Crusade, Red Cross, Salvation Army, United Jewish Appeal, and Catholic Charities, and has been charged by numerous small charitable non-profit groups whom the BBB harasses. Now, the "guns" of the BBB have been trained on the Helping Hands Community Center after all these years. It is a mystery why the BBB, which has chosen to ignore Helping Hand's existence now, after Helping Hands is starting to "get it together", is trying to hurt the solicitation drives of Heling Hands by "bad mouthing" Helping Hands. This comes at the same time that the television reporter Marilyn Baker and Supervisor Peter Tamaras are trying to get legislation through the police department which would give the police heavy control over the groups which are not of a large size. The San Francisco Crusader calls for an investigation into the operations and connections of the BBB by the County Grand Jury and by the Board of Supervisors.

DEPRESSION? SEE DR. P&F PARTY NOVEMBER 5TH

Yes, if you have a severe case of 'depressionitis' and your pocket book is nearly always empty and your rooms are becoming bare and barer because you are having to sell or hock things to keep it together, well, stop voting for the parties which keep you poor. Vote for the Peace & Freedom Party candidates, and especially if you live in the 5th Congressional District, vote for Rev. Raymond Broshears, he may be a bitter pill to swallow, but when you do, you will find yourself in great shape. November 5th, Raymond Broshears, Congress.

WAVE OF ARSON...MAD ARSONIST LOOSE..POLICE HELPLESS!

A mad arsonist is at loose in the downtown area of San Francisco and the Fire and Police Departments say they are at a loss to discover who it is. Police and Fire officials have never discovered the arsonist(s) of the MCC on Guerrero Street either, almost a year ago. The latest series of the mad arsons hit buildings on Leavenworth and also on Ellis Street. Tenderloin street-talk says that it is a person who is an out-patient at Northeast Mental Health Center, but Dr. Carfagni refuses to comment, nor do anything.

Dozens of elderly and disabled people have been made homeless, and suffer greatly from the actions of this sick fiend.

MA BELL "HITS" DISABLED GAYMAN WITH A BLUEBOX

Pacific Telephone has stopped Al Hall, who is nearly blind and who is a homosexual, from further use of a "blue-box", a device which allows a person to make long distance calls anywhere in the world.

Hall, the Pacific Telephone officials admit, has not used the device to make money or to defraud, and consequently, with some pressure applied to Ma Bell, Hall may go free with a suspended sentence.

Hall was formerly active with one of the south of Market bike groups, and is known to be a very friendly, easy going person who is very generous and always has a kind word for most everyone.

GREG SCHILLER ON RADICALISM

It probably sounds strange to open an article in such a fervent revolutionary publication as this with a mention of such things as one's peace of mind. That is usually the last and certainly never the first thing that high principled radicals count when figuring up the benefits and losses of their lifestyle. And yet, it is the disposition toward this important value which so greatly distinguishes a radical from the rest of his brethren.

A radical is a person who is alite with the fire of revolution. He [or she—I am using the rule of grammar that prefers the masculine pronouns for sheer economy of style and not for any male supremacist motive] is one who burns with outrage and anger, and smolders with indignation. He is passionate, involved, committed, and in a word, consumed in his fiery relationship with injustice and human evil. To him, calmness, quiet and peace of mind are foreign luxuries. "How can I be contented," he asks himself, "when there are people around me who are brutalized by the law, and when there are addicts on my doorstep, and when I never know when the phone will ring with the news that one of my acquaintances has committed suicide?"

It is no great wonder why a radical turns with venom and contempt on those who willfully sheltered existence makes them insensitive to the suffering of others. Those who move into the 'better' neighborhoods and pursue their careers so that they never have to come into contact with the lives of the deprived seem to acquire a sort of contentment and peace of mind. But it seems inhumanly selfish by radical sensitivities. It's like turning your back on a hungry man and stopping up your ears so that the sight of him and the sound of this pleas do not disturb your lunch. Any peace of mind built on such callousness is deserving only of disruption. In the radical view, because no man has the right to take his pleasures when he has the opportunity to lessen the suffering of another. Consequently, a radical is irresistibly drawn toward, puncturing the serene and tranquil moods of those who have them. A radical prides himself on the efficiency and the extent to which he can shock people and get them upset. And indeed, it becomes a moral responsibility to do so, based on the reasoning that if only others could or would share his revolutionary anger, his upset and outrage, then they and all of society would be aroused to the point where they would remedy conditions once and for all.

But the placid state of mind is not so easily disturbed. It protects itself. If a radical is too vociferous, he is likely to find people turning their backs on him, or even people mobilizing the various agencies of society to remove "this irritating particle" from their presence. The more violently he struggles, the more violently he is restrained. And the more violently he is restrained, the more violently he struggles. Ultimately he is restrained. Either he is beaten down into an equally impotent or he takes refuge in an equally impotent cynicism, or his willingness to struggle and to sacrifice himself unsparingly is manipulated by cooler and more clever minds who seek to harness him to their cause.

A radical has made a sacrifice in order to be the way he is. He has given up his mental barriers so that the suffering of others can move him to action, but in so doing the misery of others is allowed to trespass on the privacy of his emotions and to overthrow his peace of mind. But loss of the ability to think clearly has its compensations, especially when one knows certainly and completely that the revolutionary fire that rules one's action stems from a deep and moral concern for the welfare of others. The inconsistencies of one's stated opinions seem unimportant. What is important is that one remain pure and righteous in his heart, because radical action flows from the heart, not from the head.

Unfortunately, merely trusting to one's noble sentiments is not enough to get by in this world. No matter how righteous and sincere one feels that is still no guarantee that one's actions are appropriate or well advised. Often the most destructive acts are committed with the best of intentions. For example, there are few purer and more righteous sentiments than those of a lynch mob. Sentiments can be fooled. They can be manipulated from without and deluded from within.

There are whole classes of people who prefer to live on the sympathy of others. These are people who have already spent all of their own resources and are quite eager to spend what they can get of yours. What distinguishes them from the momentarily down and out is that they are chronic wasters. For example, if they come into a little money, they aren't likely to invest it in some asset such as clothes that will make them more presentable in employment circles, but rather they would spend the whole amount on some momentary (and escapist) pleasure such as going out drinking.

If getting there is half the fun, Being there can be all the fun.

The path to success requires a little sacrifice, a little pleasure not taken now so that greater pleasures will accrue in the future. These human parasites cannot bear even this little sacrifice; they must spend all on the moment, presumably on the grounds that their lives are already so miserable that to ask them to bear more is to ask them to bear too much. The source of their misery is their own wastefulness. But any attempt to advise them on economic prudence is greeted as a kind of cultural imperialism.

LETTER FROM A PROUD AND ANGRY WOMAN

Indianapolis-Mars Hill, Indiana: I am writing this letter to you at the Crusader as I have read that the editor is running for Congress on the Peace and Freedom Party ticket. I attended the "People's Party National Convention" here in Indianapolis, more out of curiosity than anything else, and some friends were wanting to be involved. I have always considered myself a liberated woman. I don't take anything off any man, but on the other hand, I won't take any crap off any woman either, but at that "convention", I almost puked at some of those women who called themselves "feminists". I am a feminist, I have marched here and worked to end discrimination against women here in Indianapolis and Mars Hill. I have been arrested at hearings in the State Capitol building for disrupting meetings which were male dominated and full of male machismo crap.

But, being a proud woman, I became ashamed to be a woman if most of the women attending that convention are any criteria of what a "feminist woman" is supposed to be. For they were so filled with hate and fear of men, that I sickened. They spouted rhetoric that made no sense, except, it kept coming out, "we want to rule men, we want men to be subservient to us, we want to castrate men, we want men around only when it is necessary or convenient." That is about all that they said added up to. A couple of women were notable exceptions, one being Elizabeth Keathley, your candidate for Governor. She was really right on. She didn't take crap from anyone, and she didn't try and make the men "crawl and kiss her ass" like most of the women did. And when they tried to vote through a resolution which would have said that the People's Party is a "feminist national socialist party", I really went sick, my friends, who up to that point were about to be "sold" was what was happening. They were trying to declare the People's Party a "Women's Nazi Party". The people there just weren't hep to the fact that the "national socialist party" is what the Nazis in Germany called themselves, and the Nazis here in Amerika do now. The People's Party is to be a party of nazis, wow! I don't think that most of them know what they were talking about. But, even to name the party a "feminist" party. That is piggy, that cuts off untold millions of people. If your party is to be a "people's party", it must have all people in it. And one last "cut", I saw but one Third World person there. Maybe they did really mean "national socialist party"!

TAYLOR* CASSANOVA* KEATHLEY AND BROSHEARS ALL ADD UP TO PROSPERITY AND SUCCESS.

Why must the working class and the poor and disabled be 'shafted' constantly? Why does the food price hikes and the rent hikes affect only you! The Republican and Democrat parties are the reason, for they are the parties of big business, the parties which keep you in the sad economic condition you are in.

November 5th, if you are really sincere, and want to end your poverty, vote the Peace and Freedom Party way, vote for: Elizabeth Keathley for Governor; Lloyd Taylor for Treasurer (write-in); Corey Cassanova for Controller and Rev. Raymond Broshears for Congress.

DEATH OF A WOMAN ♀

Molly Hom died Saturday night, July 29th, a woman of but a few days. Molly was 31 years of age and had lived in San Francisco for about four years.

Molly Hom had been a male for all but a few days of her life, at least physically. Molly Hom is one of those unfortunate mistakes of the Creator who was born with the body of a male but the mind and psyche of a woman.

Molly's entire life had been one of grief and tragedy. Molly had known few days of happiness when you add it all up, but it appears from what Molly told this reporter and her close friends including Elliott Blackstone, that when she learned she was going to have the operation to match her body with her mind, she couldn't be happier.

But alas, a few days after surgery, Molly Hom died of an overdose of painkillers. Transsexual surgery is painful, and any surgery causes depression. The problem, it appears, was that Molly Hom, living alone, should have had someone with her all the time for the first few weeks, yet she did not. In her pain, Molly took too many pills and has passed over. But Molly Hom passed over with the body to match the mind that our Father-Mother God gave her.

Controversy over the death of Molly Hom rages. I say that it need not have happened. Elliott Blackstone agrees. But for different reasons. I blame the lack of proper follow-up treatment and observation by the operating doctors'. Elliott Blackstone says that he feels there is a definite lack of follow-up care in some programs, but said when questioned about the death of Ms. Molly Hom, "If Molly had had someone with her, to explain that depression after surgery is a very natural thing, this most likely wouldn't have happened."

"I'm not saying for sure that this was a suicide, but Molly was indeed a very mercurial personality. She had periods of

feeling very happy with her surgery, then another period of extreme low. This death is a very tragic thing."

The surgery was done by Dr. James Brown, a man whose doing surgical ability cannot be questioned. But according to all investigations this reporter has made, has a rather shallow follow-up program to the surgery.

Ms. Molly Hom had been approved psychologically for the surgery by Dr. Fisk, M.D., a well known psychiatrist. But this part is deeply questioned by this reporter, as I had known Molly for some time, and I felt that, yes, indeed, Molly Hom was a woman, but I did not feel she should have the operation for some time yet. But the "shrinks" are supposed to know it all. Another "shrink" said yes to the surgery also, a Dr. John Alden, M.D. This reporter and the Crusader call for legislation which will cause a person to have to go to court to have a sex change. After all, doesn't a person have to go to court to have a name change?

I am a strong supporter of the transsexuals and will do all that I can to help solve their problems, and I feel that in this country and in Mexico there are some "fast-back" doctors who will perform the operations quickly and as well as they can, but without proper care, both pre-care and post-care.

Molly Hom was found partially submerged in her tub, dead. Suicide? Some say no, but most say yes.

But, when you consider that a person has the mind of a woman and goes through life in the body of a man, the very hell of it can never be imagined by either a born woman or a born male. And the homosexual understands the least about the problems of the transsexual.

The transsexual person is always welcome wherever I am at, that is for sure!

Raymond Broshears

After a long absence, the parish of the Orthodox Episcopal Church of God, St. Timothy's Parish will resume

The assembly of bishops, after having examined the social service and civil rights works of the Rev. Raymond Broshears, have decided that he must resume active church duties. Accordingly, St. Timothy's Orthodox Episcopal Church will

begin services at 225 Turk Street on Sunday morning, September 29th at 11:00 AM. The Church was formerly located for several years in the Odd Fellows Building at 26-7th Street, and was closed by order of Bishop Broshears, two years ago. Now, he has been over-ridden in a vote by the denomination's conservative assembly of bishops. Each parish within the denomination is free to determine method of worship, but must meet on a regular basis.

Rev. Broshears then told to the assembly that the Parish will have a special outreach ministry to the homosexuals of the Bay Area, and in addition would publish such news in homosexual publications.

So, you are invited to attend church services at St. Timothy's, 225 Turk Street, in the Helping Hands Community Center. The dogma is essentially fundamentalist, and orthodox with new age practices applied.

ACCEPTING THE OBVIOUS, PART ONE: THE RACISM OF EQUALITY

In 1963, Anthony Burgess, author of *A Clockwork Orange*, wrote a sequel which he called *The Wanting Seed*. The book told of a future world where homosexuality and cannibalism became the answers to a desperately overpopulated world. I recall one particular passage involving the leading character, Tristram Foxe, in an English city flesh and sold it in stores. He was conversing with a military leader of some sort who remarked that a group of people had made off with one of his men. "Probably cutting him up and eating him right now—bloody cannibals," he muttered.

"It would appear," said Tristram, "that we are all cannibals."

"Yes, but damn it, we in Aylesbury are at least civilized about it. It makes all the difference if you get it out of a tin!"

Tristram was right, of course; everybody was a cannibal. But the other person wasn't satisfied with being what he was. He had to apply a label to make himself appear better than the others; he set himself apart from others. And that's what labels are about. We use all kinds of them: black/white, gay/straight, old/young, healthy/disabled, male/female and many, many more; while on the other side of our face we advocate what we term to be "equality." To claim we strive toward "equality" while applying labels and keeping people apart through their use, is surely a contradiction in terms.

NAACP, SIR, NOW and countless other groups advocate equality for certain people. Ask them, "What 'certain' people?" and whatever they say will prove them to be bigots, because they are keeping people from uniting, through the use of labels. The racism of today's *Soul Train* is no different than the racism of yesteryear's *American Bandstand*.

Imagine two people standing side by side. I'll be one, and the other will be, let's say, Rodney Allen Rippey. Right now, there is nothing different between us. We both have mass, we both occupy space, our bodily makeups are identical, our hearts both beat, we both see, smell, touch, think, breathe and feel. If somebody gave each of us a Big Mac, we would both eat it (depending on Rodney's contract with Jack-In-The-Box, of course), and in the same manner, we would bite it, chew it and mix it with saliva, swallow it, digest it, and eventually we would both piss and shit to remove the wastes.

"Yeah, but Rodney's black and Mark Owens is white."

That's your label.

"And Mark Owens is gay and Rodney, for all we know, is straight."

That's your label.

"And Rodney must be only half Mark's age."

That's your label.

Equality is calling Mark, Mark and Rodney Allen Rippey, Rodney Allen Rippey, and leaving it at that without adding more. But what we have today is like the old adage about bologna: that round thing with bread and lettuce and mustard and mayonnaise and pickles and relish and and and and...

Is it too hard to refrain from saying, "That black person," or "that old lady," or whatever? Then use biological terms to refer to everybody; use those sci-fi, futuristic terms that you hear on *Star Trek*: "unit", "one", "organism"—and gradually substitute the word "person" for whatever word you used. If you can do that successfully without adding more, then you have it made. We are persons; anything more than that is a label of your own devising, something used to set two people or groups of people apart. When we can think of ourselves as people, period, then we will have attained the "equality" that we have always had, but which we never wanted.

If the Society for Individual Rights or the Gay Activist Alliance say that they want total equality between gays and straights, then they have just widened the gap another inch. But its very name, the NAACP places barriers between people: National Association for the Advancement of Colored People. Change the name; shorten it to National Association for the Advancement of People—that knocks down barriers right and left!

Equality has always been with us; we don't have it because we don't want it. But no matter how many labels we apply, everybody is still equal. It's the most obvious truth one can accept, so anytime you're ready...

November 5th, don't vote for a heterosexual who says he is for homosexual rights, vote for a person who is a homosexual and who is a real battler for homosexual rights. Vote for Rev. Raymond Broshears for Congress, 5th District.

REFUSED!

[Editor's Note: This is a letter that the B.A.R.—Bay Area Reporter, was sent and refused to print. Mr. Bettancourt then asked the Crusader to do so!]

To the Editor:
MM has a BM at the P.S. during the A.M. RR was seen with Mister Mrs. and you know what that means!!!! What was Hot Box, doing at Safeway with Sour Lips last week? Hmmm? The Most Grand, Exalted, Respected Duchess of Potrero Hill and Defender of Islais Creek is giving up her title to marry a commoner, that hunky, humpy bath attendant, and we all know who he is!!!! And to think that they met just two nights ago which shows you can find someone if you are sincere. Such a beautiful person too!!!!

Your entire paper is a cheap rag and waste of good newsprint, reflecting the mentality of bar patrons and so-called celebrities. The letter by T. Edwards commending you on your improvements must have been written in a drunken stupor. Contrary to any improvement, your columns are loaded with childish, petty gossip, generally trivial and silly in nature. I don't criticize you for what is supplied by your mindless contributors because that is what they offer but do you have to print their idle gossip and teen-aged chatter?

The Royalty is an insult to the majority of the gay community and your continual coverage is an example of what happens when a bunch of "Queens" gets hold of a newspaper and uses it for their own selfish, egotistical purposes. Your advertising is appreciated as a worthwhile service but the columnists???? Why not a scholarship fund in literacy, basic English grammar and composition for illiterate royalty? You would then be doing the community a worthwhile service.

A LETTER FROM A TRANSEXUAL

I am writing this letter in reply to an article written by Nick Benton in the June 1974 issue of the Crusader. I am tired of reading articles that have not been properly researched. And whoever this Nick Benton is who wrote it should do some reading on what transsexualism really is.

There is much material and you can obtain materials from the Erickson Foundation, from the National Transsexual Counseling Unit, and from many sources, and all but for the price of a postage stamp. Part of Nick Benton's article said, "father of three faggots, is guilty of crimes against humanity for his role in setting up a transsexual counselling unit in the Tenderloin." He is referring to Elliott Blackstone of course. But, I ask him and all those who think like him, what is the crime in being a transsexual?

The Transsexual Counseling Unit is open to anyone who thinks they may be a TS (transsexual) and all they have to do is open the door. I've been on hormones for about five months, and I am obtaining them from a competent doctor, legally, and by my choice, I was not forced as the article indicates.

I can quit taking them anytime that I so choose. The article said that hormones harm the body. Bull\$%#!&!!! The hormones slowly transform the body by redistributing the body fat, softening of the skin, and breast development. I wouldn't call that a 'deformed body' as Nick Benton does.

I would say from the point of personal experience, a beautiful thing to see and to experience. The person has to live and to dress in his or her new gender for a minimum of a year to eighteen months before surgery can be performed, and possibly much longer.

And they have to go through a tremendous psychological evaluation during this period before surgery. Another thing Nick Benton said in that outrageous article was, "they call it a transsexual operation and only the prettiest one's according to a transvestite". That is just plain bull\$#!&!!! And he also said "we're left with deformed bodies" and are "drugged out, impotent zombies". More bull\$#!&!!!

The surgical procedure leaves the person a feeling and functional clitoris. They are not deformed and drugged out zombies as claimed by Benton. The surgical procedure leaves the person a feeling and functional clitoris. They are not deformed.

They are for the most part, very happy people. For they have finally matched their bodies with their minds. So, is what I am asking such a crime, that I be allowed to match my body with my mind? To seek counselling, even in the Tenderloin district, that is no crime either, for it might save a person's life to have found help in time, to better understand their body and mind.

I thought I would express my feelings from my heart. I am a pre-operative Transsexual. And I am damn proud of the fact. I am what I am. Thank you for printing this!

GAY PRISONERS: ONE VIEW

by Bob Richards

At least now know you will be faithful Damian!

Don't fret, you know that no one will ever take your place!

It is a fact: Gay prisoners are the most oppressed, abused and discriminated against of all those in prisons and jails. Gay prisoners are discriminated against by guards and other prisoners; they are not allowed to train for most vocational programs, cannot gain work release and are considered only a little above the 'snitch' or informer, on the social scale in jails and prisons.

The reasons for this sexist oppression are theological, psychosexual and political. For hundreds of years Jewish and Christian teaching has decreed the second class status of women and the sinfulness of non-heterosexual orientations. Our society, our institutions and we ourselves have been affected by these religious teachings. Because of this form of conditioning our psychological attitudes toward women and Gay people are very negative and we manifest this negative attitude through our laws and institutions—especially prisons. Nowhere, as a matter of fact, is our political sexism shown more clearly than in our institutions—the church, the armed services, the police and the prisons—point out what much of our society is willing to do in order that absolute control is maintained and to prevent any form of social deviance, such as women demanding equality or Gays demanding liberty.

Women and Gays. So the staff of the jail and prison oppress and discriminate against the Gay prisoners, but they don't stop there. This prejudice and oppression is communicated to other non-gay prisoners who have already been conditioned in sexism by society. With the tacit cooperation of the institutional staff, Gays (and some non-gays) are raped, ripped-off, assaulted and generally treated with contempt. Remember that in the time it will take you to read this, someone is going to be raped in a jail or prison somewhere in this country!

What we can do. The ultimate goal must be to close down every jail and prison in the land. However, there are immediate steps which would aid in mistreatment of Gay prisoners now. First, get the word back to all prisoners; tell them of our common relationship as brothers and sisters, tell them all of us are prisoners—Gay and non-gay. Help Gay prisoners and Gay organizations to establish Gay studies groups in the institutions. Assist Gays in their struggle to be involved with the training of guards and other institutional staff, concerning the needs and problems of Gay prisoners. Fight alongside Gays, as we try to educate probation and parole officials, judges and lawyers about the sexism in the law and in the courts.

Never forget: Our struggle against the common oppressor is the same for all of us. If we must have a motto let it be brotherhood and sisterhood with liberty, dignity and equality.

THE COWARDLY COPS OF SAN FRANCISCO

Listed below are some very important facts about the bureaucracy of the San Francisco Police Department, and explains somewhat about their ability to solve serious crime.

52% of the police work in the Hall of Justice at 850 Bryant Street, while only 48% are assigned out to the district stations to cover the entire City. Each district has 90 patrolmen to work seven days a week, 24 hours a day. Each district has seven cars to serve an area in each district that averages about 5.1 square miles, with a population in each district of 77,778 people. One station, Ingleside, has no 'foot patrolmen' whatsoever. Residential areas are patrolled by car only. From ZERO to 20 patrolmen cover key business areas, with the bulk being in the financial district.

The survey done by another independent body shows that the tourist busy, as well as shopper and commuter busy area of downtown, from the Civic Center, eastward to Powell Street, from the north on Geary Street, to Mission on the South, has but three foot patrol officers, yet this area has the highest amount of muggings, beatings, robberies, and vandalism.

DEPRESSION BLUES

If so, end those blues by voting for Rev. Raymond Broshears on November 5th for Congress. Stop voting for the recession party (Democrats) and the depression party (Republicans), vote for the prosperity party, the Peace & Freedom Party on November 5th.

Governor Keathley

The goal of the Peace and Freedom Party is the elimination of war, oppression, and violation of personal liberties perpetrated by the power structure through its economic brancry—corporate monopolies—and its political machinery—the "Democratic" and "Republican" parties. As anarchists, Elizabeth Keathley and Corey Cassanova feel that the most rational approach to the PFP objective—as well as the most significant alternative to the power politics of the Ds and Rs—is opposition to ALL forms of imperialism and domestic statism. It is not enough to demand a slice of the power pie; we must demand control over our own lives. It is inconsistent to criticize coercion in one instance and condone it in another: coercion must be negated as a legitimate means of dealing with other individuals in society. Further, as anarchists, Keathley and Cassanova do not support the institution of electoral politics, but participate in it only as a means of self-defense; we are not given the opportunity to vote to abolish an electoral office, but voting for an anarchist is the next best thing.

The symbiosis of Big Business and Big Government is suckled by monopoly elections politics, as exemplified by the "Democratic" nominees for the offices of Governor and Controller. Their gubernatorial candidate has abused his current office of Secretary of State to keep poor candidates and alternative party candidates off the ballot. This is ironic considering that the office of Secretary of State is ostensibly intended to insure fair elections.

His actions include disobeying first an injunction, then a California Supreme Court decision in disqualifying PFP candidates for non-payment of filing fees. The attorneys for his office also made false statements and entered misleading evidence in their case to retain filing fees. He is currently trying to keep PFP nominees from being printed on the ballot this November. The Ds' gubernatorial candidate has disallowed Keathley's desired ballot occupation (Anarchist Feminist Writer) as well as Cassanova's

(Free Market Advocate). He has refused to debate Keathley over live network TV. He is encouraging legislation to require networks to donate time to major party candidates and considerably less time to alternative party candidates. Meanwhile, he has neglected his duty as Secretary of State in overlooking flagrant violations of the elections code by other "Democrats", e.g., friend and contributor Superior Court Judge Robert Wenke declared over \$4 thousand in anonymous (illegal) contributions to his 1970 campaign for Lt. Governor; Frank Vicencia (D) declared over \$10 thousand in anonymous contributions to his 1973 campaign for the 38th assembly district; Common Cause (also known as "Common Gauze") illegally sent funds for the Prop 9 campaign to the bank in Colombia where their account could not be audited by California's Franchise Tax Board; and so on, ad nauseum. (It might be significant to add that the current Secretary of State has never successfully prosecuted an election law violation.)

As for the Ds' nominee for Controller, it should be sufficient to say that his ads billing him as "The man the oil companies fear most" were largely paid for with oil money.

We call for a boycott of all products from any nation whose government subsidizes or endorses the killing of endangered species, notable the "sperm whale", horse, for, wold and bear.

We recognize that children are entitled to many more of the rights of human beings than they now enjoy. We therefore support:

1. The right of children to the full protection of the laws against physical abuse;
2. Rights of children to leave home whenever they choose to take on the responsibility for their own support.
3. Rights of children to won and dispose of property;
4. We therefore support the right of children to refuse to attend schools;
5. The abolition of all child laws.

Dated: August 18, 1974

California Peace & Freedom Party

Reverend Ray Broshears State Chairperson; and

Dorothy L. Conley State Secretary

ENCLOSED is a copy of the platform of the Peace and Freedom Party of California adopted at the state convention in the State Capitol building in Sacramento on August 18, 1974.

PREAMBLE

The Peace and Freedom Party is a coalition of radical individuals and radical groups opposing the Democratic and Republican Parties.

The Peace and Freedom Party includes those who are radically dissatisfied with the present governmental system and the effects of imperialism.

We view the Peace and Freedom Party as an "umbrella" organization, bringing together many persons of disparate political views, but unifying around the issues. We realize that we must work to organize and to represent the efforts of the powerless to gain dignity by exercising some real control over their own lives; third-world peoples trying to organize their own communities; women and homosexuals (gay people) in their struggle for equality and to end sexism and exploitation; wage earners who strike for their rights against employers or in wildcat actions against undemocratic "big-boss" unions; those in the military who refuse to commit acts that violate the dictates of conscience; and these and many more peoples, the people who stand up and resist, are who the Peace and Freedom Party must represent, and work to end their oppressions. Our main task must be to organize people to begin to gain real and concrete power over the institutions which control our everyday lives.

INDIVIDUAL RIGHTS:

We hold that no individual group, or government can initiate force against any other individual, group of government. Governments when they exist must be constitutionally limited to prevent the infringement of individual rights.

FREEDOM OF PRESS, SPEECH, ASSEMBLY, ETC.:

We hold that any government which restricts, regulates, or censors speech, literature, or any other medium of expression must be opposed. It is important in a free society that government be prevented from restricting what may be said about government itself.

The supreme Court has recently held that each community has the power to censor distribution of materials considered harmful (obscene) according to "COMMUNITY STANDARDS." We hold that obscenity is a matter of individual taste and that government should not prohibit anything merely because some people are offended by it. We also oppose government control of the mail.

RIGHT TO BEAR ARMS:

We hold that a citizen has the right to bear arms as the Constitution guarantees, and we shall eliminate all laws regulating same that have been established which are violations of the Constitution. We call for the repeal of such laws as those regulating the ownership, registration and all other records pertaining to registration of arms and ammunition.

MARRIAGE:

We hold that marriage is a contractual agreement made by two or more persons regardless of sex. The State of California should neither dictate, prohibit, nor control any such agreement.

HOMOSEXUAL RIGHTS LAWS:

We call for the end of all laws which would take away the right of homosexual parents to their children because of their sexual orientation. We call for an end to laws against solicitation for a sexual act by consenting persons. We call for the abolition of the laws of sodomy and oral copulation.

POLICE:

We call for civilian-community (neighborhood) review boards throughout the State. These boards would be elected by the citizens of those neighborhoods. Police officers hired by municipalities are subject to recall by vote of the people residing in those communities.

SEPARATION OF CHURCH AND STATE:

WE hold that the separation of Church and State shall be absolute. We call for an end of governmental funds, which come from the taxpayers, to the support of Church supported programs. Most notable are the Salvation Army which nationally receives nearly five million dollars to support their alcoholic treatment programs, and the Roman Catholic Church, which receives federal funding to support their "boys towns, rehabilitation camps, and schools."

TAXES:

We call for a limit on government expenditures to revenue actually taken in. And that a 10% reduction in all taxes begin immediately, with 10% reductions each year, until all taxes are abolished.

Since we are aware that all government projects are used either to co-opt, oppress or control people, we believe that a necessary step toward countering this oppressive system is massive tax rebellion.

We therefore support persons who engage in tax refusal and advocate the organization of tax resistance.

INFLATION:

We oppose all wage and price

controls and all inflation of the money supply by the government and the banking system. These are two sides of the debased coin of state monopoly capitalism. We favor allowing persons to make contracts in any medium of exchange they prefer. We also call for the abolition of the Federal Reserve System.

AMNESTY:

Amnesty should be granted now to all draft resisters, and all persons who have quit the armed services (deserters). All other than honorable discharges from the armed services should be upgraded to honorable.

IMPERIALISM:

The increasing expansion of state intervention in the lives of individuals is seen most clearly in American foreign policy of imperialism.

the stark tragedy of the Indo-China War has proved to many Americans that the foreign policy goal of their government is to maintain a worldwide empire on a foundation of mass murder, military and economic aid to despotic, satellite states, and the enslavement of the American people to the tax collector and the draft call.

The Peace and Freedom Party calls for an end to imperialism and militarism in any form.

We call for the closing of the more than 2,000 overseas U.S. military bases.

We call for nuclear disarmament of the United States, and all other governments which maintain nuclear weapons.

SECESSION

We hold that regions like California and smaller communities should be free to secede.

DISPLACEMENT OF PALESTINIANS:

As a general principle we condemn the forcible displacement of Palestinians and their deprivation of their rights both inside and outside of "concentration camps" in Israel and Arab state. This principle applies in like manner to displacement of peoples in all other countries. We call for an end to all American aid to the theocratic government of Israel.

CRIMES WITHOUT VICTIMS:

As advocates of free and voluntary interaction between or among all persons, we oppose all so called "Victimless Crime Laws",

including:

1. Laws restricting use production or exchange of drugs, food and vitamins;
2. Laws which restrict sexual activity between or among consenting persons;
3. Laws restricting an individual's control over one's own body; we oppose all laws concerning abortion or prostitution;
4. Laws which discriminate against transvestites and transsexuals;
5. Laws or government agencies which are in any way involved with censorship;
6. Laws which restrict economic activities in the name of a puritanical moral code, such as laws against gambling or regulation or the production and sale of alcoholic beverages; and
7. We call for another statewide referendum on the subject of decriminalization of the use of marijuana, and ask that all candidates of the Party campaign for passage.

PRISONER'S RIGHTS

We hold that the person in pre-trial and post-trial positions are not in a situation which makes them competent to consent to psychiatric examination/commitment, nor diversion from the "criminal justice system" which deprives them of the right to a speedy trial which deprives them of their Constitutional protections.

1. All involuntary hospitalization should be ended. All governmental aid to Psychosurgery and other behavior modification techniques should be halted.
2. We support all personal recognition release programs of persons *accused*, but not yet convicted of crimes.
3. We support reimbursement of all persons tried and acquitted of a crime for all charges incurred in their defense.
4. We call for a total reform of the penal system, with emphasis in all cases to be on re-imbursement to the victims by those convicted of those crimes.
5. We consider the indeterminate sentence to be cruel and unusual punishment, and call for its immediate ending.
6. We support the right of prisoners to exercise their civil rights, including the right to marry, make contracts, buy and sell property, and be paid a wage comparable to that they would receive out of prison; and be paid a wage comparable to that they would receive out of prison; and an immediate end to censorship of personal letters and newspapers.
7. We support immediate restoration of voting rights to all persons duly convicted or crimes.

WHITE PANTHERS

We urge an end to the fascist police actions against the Good Earth Commune and White Panther Party Food Conspiracy in San Francisco. The police and the United States government have joined together to destroy the White Panther Food Conspiracy which helps to feed nearly two
