FISHWOOD

Inspired by the herringbone flooring trend, Fishwood, the matte porcelain tile series, promises to attract a great fan base. Designed in new birch and cherry colours in addition to light and dark tones with dimensions of 60x120cm, Fishwood manifests the authenticity of its wooden texture on the porcelain tiles through a modern style. Fishwood is ideal for using in the residences' indoors and commercial properties (like hotels, offices, restaurants, shopping malls), as well as the outdoors and buildings' facades.
