

CONTRACT AWARDED
The Farms council on Monday, June 7, awarded a contract to the Souter Construction company, for the necessary deep strength asphalt paving of Harbor Hill, on recommendation made by City

Manager Andrew Bremer, Jr. The firm offered to do the job for \$5,141, the lowest of several bids offered.

Winning isn't everything — it's just that losing has no future.

Also, the council voted to hold a public hearing on the request of Mr. and Mrs. V. A. DiLaura, 916 Hawthorne to erect a six-foot fence on the rear of their lot. The request was made because of the pedestrian traffic through the yard of that property.

Also, a request was made by Mrs. Robert Shumaker for allowance to build two parking spaces at 20327 Mack avenue. The council voted to hold a public hearing on the matter at the June 21 meeting. Building Inspector Earl Wakely had earlier denied a certificate of occupancy because of a deficiency in off-street parking.

The council also voted to hold a public hearing on the request of Sam Lombardo, for a variance to build on Hollywood. The issuance of a building permit was originally denied because of a standing ordinance.

In other action, the council voted to grant permission to Salvatore Militello, 21545 Hoffman, St. Clair Shores to sell fruits and vegetables. A vendor's license was issued.

Received and placed on file by the council were resolutions from the City of Lincoln Park, opposing a state bill which would abolish Michigan municipal courts, and from the City of Rockwood opposing a bill to establish a local officers compensation commission.

The council voted to accept an easement agreement between the city and the Board of Education over a portion of the property at the site of Grosse Pointe North High School.

The council also voted, as in the past, to allow the Board of Education's recreation program for retarded children to make use of the city's lake-front park during the summer months.

Finally, the council received and placed on file a letter from Mr. and Mrs. Albert Hobbs, 2139 Hollywood, asking that something be done about the cottonwood trees in the city. The objection was with reference to the "snow storm of cotton flying and sticking to everything." The letter also referred to the cotton as an air pollution hazard to those who have emphysema.

INSURANCE OKAYED

On Monday, June 7, on the strength of only one bid received, although other insurance firms had been solicited to submit offers, the Farms council gave the Michigan Mutual Liability company the specified insurance coverage on the city's automotive fleet. The premium cost to the city for one year is \$5,792.23.

MONDAY

It will be quiet on Monday. No Speeches. No Coffees. No literature dropped on your doorstep.

Grosse Pointers vote on Monday.

We'll vote for 2 of 4 men. All are ordinary looking. Each has a set of beliefs, strengths and weaknesses.

And we're not doing anybody any favors when we choose them. To be a School Board Trustee is a responsible, difficult job. They'll do it for all of us.

Our choice isn't difficult. There is no choice.

Two of the men are incumbents and their four year record speaks for itself. It is not enough for them to just vote NO. Limited knowledge and haranguing in public will not find answers.

We're going to vote for Bill Huetteman and Bob Warner. We know them. They have the courage to choose. They'll tell us where they stand.

We'll choose Bob and Bill with the full knowledge that our community will not live happily ever after June 14th.

On Monday, the shouting and heckling will be silenced. It's very quiet in a voting booth.

And nobody's going to help you make up your mind. So — just for that instant — you'll know what the men you're voting for will do many times in the next four years.

Now it's your turn.

Check Our Price and Expert Engineering Before Buying Central Air Conditioning

ROBERT A. "Doc" WILLIAMS

When you're buying something that's classed as a major investment do you shop around before you buy? Most people do.

Frankly, when buying a central air conditioning system for your home is not the time for looking for a bargain.

This is often true when you buy central air conditioning. The only way most dealers can offer a "bargain" price is to cut corners somewhere and in the same step cut the quality.

We at Williams never cut corners or costs because we specialize in custom fitting quality installations of Carrier air conditioning equipment to the individual home.

Call TU 6-4848 for a free survey of your home today. There's absolutely no obligation.

A quality installation

means more to you in the long run. First of all, a quality system costs no more to operate than a so-called "bargain" system.

We have good reason for recommending Carrier equipment. More Carrier air conditioning equipment is sold than any other make.

Don't seek out the bargain price when you buy. Buy from Williams where there's no problem of the sweetness of a "bargain" disappearing and the bitterness of poor quality remaining.

For a FREE SURVEY of your home, or information about Carrier central air conditioning, call "Doc" Williams at Williams Refrigeration & Heating at TU 6-4848 — 14714 Harper Ave.

Report Bicycle Thefts Increase

Bicycle thefts are on the rise in the Woods. At least 10 were stolen over the Memorial Day weekend and during the first week of June. Many were taken from garages.

Gary Shammass, 438 Saddle lane, reported to Woods police that his blue Schwinn racer was stolen between 8:30 and 9:30 p.m. Monday, May 31. In what may be a related incident, John Piggins, 432 Saddle lane reported his bike, also a Schwinn, was stolen during the same time period. Both were taken near the homes.

Also, William Tripp, 20621 Wedgewood, called Woods police to report that his daughter's bike was stolen while it was parked outside on the sidewalk overnight Saturday, May 29.

Melvin Rau, 2025 Country Club, lost his Schwinn racer Saturday, May 29, while it was parked in front of J. C. Penney's, 19251 Mack. The bike was taken around 4 p.m.

Another bike, this one with no fenders and a banana seat, was taken from a garage sometime during the night of Tuesday, June 1. The bike, owned by Walter Goethem, 738 Pear Tree, was brand new and reportedly worth \$60.

Thomas Hamlin, 461 Saddle lane, telephoned Woods police Wednesday, June 2, to report the theft of his 20-inch boys' bike from the garage during the early evening hours between 5 and 8 p.m. The garage door had been open at the time of the theft.

Finally, Terry Lucas, of Harper Woods, reported to Woods police, Tuesday, June 1, that the bike was taken May 28, between 2:30 and 3:15 p.m. at Parcels Middle School. The Stingray model bicycle had a blue banana seat.

Another garage theft of a bicycle occurred between 8 and 8:45 p.m. Wednesday, June 2, at the home of Mr. Paule Wenzel, 1853 Serven. The bike, a five-speed Schwinn Stingray, was taken while the garage was unlocked.

Mr. Matilski was thrown some 15 feet by the impact of the vehicle. The driver, James Horgan, of Lindhurst, N. Y., was traveling east in the center lane, on Mack at the time of the accident.

Mr. Matilski was rushed to St. John Hospital by City police. He suffered a fractured pelvis and lacerations.

What's Really at Stake on Monday, June 14th

With an important School Board election coming up on June 14th, the people of Grosse Pointe and Harper Woods face major philosophical decisions with regard to the operation and financing of their public schools . . . and no election in the history of the Grosse Pointe Public School System has been more critical.

Political and economic stresses and strains have emerged in school systems throughout the United States. The financing of public education and local versus regional or state control of education has reached crisis proportions in the State of Michigan. Skyrocketing property taxes have not kept up with the demands for more funds for education and appeals to the State for more funds are being met with the threat of loss of local control and referendum.

The decisions facing the Grosse Pointe Board of Education in the next twelve months will have a vital effect on the future of education and our community for years into the future. This is not the time for petty personality attacks and character assassinations . . . not the time for long detailed character attacks based on semantics . . . not the time for speeches condemning a man's philosophy with biased and misleading excerpts from history; it is time for positive and straight forward statements of position and philosophy on the major issues facing our community. How else can the people of Grosse Pointe and Harper Woods select the proper spokesmen for the challenging times which lie ahead?

Prior to the election of Arnold P. Fuchs and Calvin J. Sandberg to the School Board in 1967, meetings were held in a very tranquil atmosphere in the small Boardroom located on St. Clair Avenue. Public meetings, seldom attended by more than one or two citizens, were very peaceful and the voice of debate was seldom heard. Then came the construction of North High School, escalating property taxes, education experiments, and the intent by the School Board to join the Southeast Michigan Council of Governments or SEMCOG. Ever increasing numbers of citizens and parents became dissatisfied with the monolithic nature of their School Board.

In response to questioning by a concerned group of mothers, the President of the School Board at that time hurled a challenge to the group. He, in essence, said that if they didn't like the way the schools were being run, they should vote him out at the next election and elect their candidates to the board. The people present left the meeting and immediately started a grass roots campaign of the people that resulted in the election of Arnold Fuchs and Cal Sandberg.

Fuchs and Sandberg campaigned on a simple and honest platform:

1. The best possible education must be made available to our children.
2. A Trustee's responsibility is to represent the residents of the School District.
3. Local control of education was a must in order to be responsive to the desires and needs of the community.
4. Top priority must be given to obtaining and holding top-flight teachers within our school system.
5. Since the property tax was not a limitless source of income, priorities and refined budgeting procedures must be established to ensure a full dollars worth of education for each dollar collected.

Fuchs and Sandberg from the very first day have been treated as intruders to a private club and have been accused of being watchdogs for a small minority of local citizens. They have, nevertheless lived up to their platform and commitment to the people who elected them. Both Fuchs and Sandberg will readily admit that they have not been right 100% of the time, but who is? Their honest commitment to their principles has gone without question. It is interesting to note that Fuchs and Sandberg have voted with the majority over 70 percent of the time on majority proposals but have seldom, if ever, received any support for their proposals, thus leading to the famous 5-2 voting patterns. The Board majority not only formed a solid bloc vote against any suggestions of Fuchs and Sandberg but they also, along with others, formed an organization to insure that other "outsiders" would never be elected to the Grosse Pointe Board of Education. Thus, the "Citizens for Education" was formed to "Evaluate the qualifications of School Board Candidates and endorse the best qualified candidates." The "Citizens for Education", CFE, did their job well. In 1968 they elected their first two candidates, in 1969 they elected two more candidates, but in 1970 they hit a stumbling block. The former President of the Board, who had originally challenged the people of the district and who was one of the founders of CFE, insisted that he run for office again. The people had not forgotten . . . he was defeated again and Donald J. Semmler, an independent candidate supported by the people, was elected to the Grosse Pointe Board of Education. Semmler had committed to attempt to mediate the 5-2 split on the Board. Within thirty days he discovered that he would have to join the bloc vote of four or else be classified with the purported "Bad Guys" on the Board. Semmler's conservative stance on money matters forced him to the minority side and thus the 4-3 Board was created. During the past year the majority on the Board has maintained their bloc vote 99.9% of the time.

Fuchs and Sandberg, knowing the problems that lie ahead, felt compelled to seek reelection to the Board. The "Citizens for Education" have now evaluated and selected two candidates to challenge the reelection of Fuchs and Sandberg. It is interesting to note that CFE evaluated and selected their candidates weeks before the deadline for filing for the office, in fact, before anyone had filed for the election!

The CFE campaign has now degenerated into personal attacks against the incumbents. The rationale of the campaign is that the minority ideas and dissent of Fuchs and Sandberg are the cause of all the school system's problems. If these two men can be replaced with CFE candidates, all of our problems will go away. You the people of the Grosse Pointe School District must answer these questions:

1. Can two or three members of the Board who are always voted down, alter the operation of the schools?
2. Shouldn't the majority, who have constantly exercised their bloc vote, be held accountable for their actions?
3. Will the creation of a 6-1 Board alter the policies of the school system?
4. Is it in the best interests of the community to return to a monolithic, tranquil, and group controlled Board?
5. If it is best to let one small community group select all members to our School Board, would it not be best to eliminate all Democrats or all Republicans from our legislatures so that we would have all that "bickering" and legitimate debate eliminated?
6. Would the elimination of Fuchs and Sandberg from the Board, guarantee us additional millage from the taxpayers.

This, residents of the Grosse Pointe School District, is what's really at stake in the June 14th School board election. Can the voters of this community still elect independent people to their School Board or is this function of selecting candidates to be turned over to a small group who has their own ideas of how things should be run.

Arnold Fuchs' and Calvin Sandberg's platforms have not changed from four years ago . . . they still seek to represent all the people to the best of their ability. They seek and deserve your support on "Monday, June 14th."

Arnold P. FUCHS AND **Calvin P. SANDBERG**

Resident Views Thief in Action

An alert Woods resident watched Wednesday, May 26, as a man reached into a delivery truck parked behind Woods TV, 21027 Mack, pulled out a large box full of television tubes, placed it on the rear seat of a car and drove off.

The resident recorded the license number of the car and immediately notified the manager of Woods TV, Joseph Gaglia, who in turn called Woods police.

The witness told police that he saw the thief walk back and forth for a few minutes near the delivery truck and became suspicious when the man began to look around the premises. After the culprit drove off, the resident wrote down the license number.

Checking the number, Woods police found the car was registered to a Dearborn man with an extensive police record.

Just prior to the theft, Gaglia told police, the suspect entered the shop from the rear and asked several questions about television tubes. He said the man appeared to have been drinking and spoke in a coarse manner. Woods detectives are investigating the case.

eyesore and said it would make the course look like a "concentration camp."

Though several residents claimed that they had never seen any boys jumping the fence to commit vandalism, Mayor Kenneth McLeod said he had seen boys vaulting the fence several times.

Must Notify Residents

City Attorney George Catlin was asked whether it was possible for the council to grant permission for the first three foot addition while disallowing the wire barrier. Catlin said a question should be raised as to public notification of modification. City Manager Chester Petersen had earlier advised all the residents surrounding the course by mail of the complete proposal. Catlin said the council could allow the club to resubmit a modification of the request at a later date.

Motion to deny the request was made by Councilman Benjamin Pinkos and seconded by Councilman Conrad Naegel. The motion passed with Pinkos, Naegel, George Freeman, and Kenneth McLeod voting "yes", and Councilmen Kenneth Boerner and Marvin Boutin voting "no."

Councilman William Huette-man disqualified himself on the request of a resident because of his membership in the club. Huette-man had said earlier that he objected to the wire barrier but would be in favor of a height increase. He said the club does have a serious problem which is costing a lot of money.

Offer Program To Volunteers

The Middle School Student Volunteer Service Corps, a program offered to eighth grade students during the summer months, is slated to begin on Thursday, June 24, at Brownell Middle School.

It will provide students with an opportunity to gain work experience, help others and familiarize themselves with various social service agencies.

Volunteer co-ordinator, Mrs. Louise TeWalt, told the NEWS that the program will run through Tuesday, August 3. Volunteers meet from 9 o'clock until 11 o'clock on Tuesdays and Thursdays. The final picnic is set for Thursday, August 5.

Students will work on service projects and visit such agencies as The Foundation for Exceptional Children, Lakeside General Hospital, Community Nursing Home for Children, Sacred Heart Enrichment Program (SHEP), and Detroit Orthopaedic Clinic. A small fee will be charged for craft materials.

Applications are available at the Neighborhood Club, all Middle Schools and at Central Library.

Board members then turned to a matter tabled at the May 24th meeting for further study, that of acceptance of a study by the Wayne County Occupational Advisory Committee regarding occupational education in Wayne County.

Cover Many Fields

Occupational Education programs recommended were based on curriculum and manpower reports and include the building trades, clerical and secretarial, cosmetology, food preparation and service, graphic arts, health services, horticultural and agricultural related courses, mechanical repair and service and sales and marketing.

Trustees were in agreement that although they support occupational education, the study as presented was too expensive for the limited number of area students who would participate in the program. Acceptance of the resolution would also require the school system to level millage, which trustees seemed to feel was not feasible at this time.

All members were in agreement that occupational education is a vital and necessary addition to any school curriculum but said this resolution was not one acceptable to them.

William J. Adams, secretary, then moved that the matter be tabled until the next regular meeting. Calvin Sandberg, trustee then suggested that superintendent Anderson write a substitute resolution supporting the principle of occupational education and present it to the board on Monday, June 21, for approval.

From PTA Address, May 1971

For the past four years, Arnold Fuchs and Cal Sandberg have labored to bring you a "dollar's worth of education for each dollar spent." Their efforts are a matter of public record.

Their re-election is now opposed by Citizens For Education, a local power group who selected, elected and now control the four-man majority on your school board. First English 75 Years Old

The First English Evangelical Lutheran Church will celebrate its 75th year of organization at festive services on Sunday, June 13. Worship is to be at 8:30 a.m. and 11 a.m. Rev. Paul Keppler, pastor of the congregation since 1952, will preach for the two services, with Rev. David Proctor, assistant pastor, serving as liturgist.

The congregation was organized in 1896 with 10 persons under the pastorate of Rev. William Price, to develop a Lutheran ministry in the English language. Building on a site at Mt. Elliott and Pulford Avenue in Detroit, the congregation worshiped there until 1957. During that time, Rev. E. C. Billing served as pastor from 1909 to 1933, and Rev. Walter O. Hauck served from 1933 to 1952.

A new church was dedicated in December 1957, at Vernier road and Wedgewood drive in The Woods. The congregation began, in January, 1964, to use a new parish education unit. Confirmed membership in the congregation has grown from 600 in 1957, to over 1,000. The Sunday Church School has 325 children enrolled.

Two congregations in Detroit were started by First English as missions. Calvary Lutheran Church, now located at Mack and Gateshead, was sponsored in 1911, with Faith Lutheran

Church, Jefferson and Phillip, having its origin in 1917.

In addition to a strong congregational life, First English has also served numerous missionary and social concerns. At present, the congregation is providing substantial support for Rev. Norman Imbrock, missionary to New Guinea. Previously, the members encouraged care for the aged with the building of Luther Haven, operated by the Lutheran Social Services of Michigan. Support of personnel for Grace Lutheran Church in the inner city and educational efforts of the American Lutheran Church have also been provided by the congregation in recent years.

Two additional features of the 75th Anniversary Service on June 13th will be the dedication of three bronze bells cast in Holland and a program to be presented following a dinner at the Gourmet House after morning worship. Various details of the observance have been handled by an Anniversary Committee of more than 20 persons under the chairmanship of Vincent Rodeck.

A Youth Service and a Choral Worship have been celebrated previously as anniversary events. Another observance will focus on a Confirmation Reunion planned for September.

Safety Honors Won by Woods

Grosse Pointe Woods has been named the safest U.S. city of its size for pedestrians and one of four Michigan cities to win a major award in the 32nd National AAA Pedestrian Safety Program.

This was the second Grand Award the city has received in five years for superior achievement in the prevention of pedestrian traffic accidents, according to Automobile Club of Michigan.

Grosse Pointe Woods—which also won the Grand Award in 1966—is the only Michigan city other than Detroit to receive the honor.

The suburban Detroit city also received an Award of Excellence for its safety record among cities in the 10,000 to 25,000 population class.

Both awards will be presented to the city at a future date.

Grosse Pointe Woods has gone 13 consecutive years without a pedestrian fatality. The city's injury rate is significantly below the national average.

During 1970, the community placed special emphasis on pedestrian safety for school children, including a program for nursery school groups.

The other AAA Grand Award winners were the State of Kansas and the cities of San Diego, Los Angeles and Madison, Wisc.

A total of 1,978 cities and 24 states entered the 1971 inventory, which reviewed the accomplishments and programs for 1970. Cities were placed in eight categories determined by population size. States were separated into four groups.

In addition to Grosse Pointe Woods, Michigan cities to be honored were: Kalamazoo, second place Award of Merit for cities in the 50,000 to 100,000 population class; East Grand Rapids, fourth place Special Citation for Casualty Record, 10,000 to 25,000 population class; Wyoming, fourth place Special Citation for Casualty Record, 50,000 to 100,000 population class.

New Minister

The Grosse Pointe Congregational Church has called The REVEREND STEPHEN L. STERNER as Associate Minister. He assumed his duties Tuesday, June 3.

Rev. Mr. Sterner, a native of Pennsylvania, received his bachelor's degree from Gettysburg College and a master of divinity degree from Lancaster Theological Seminary. He was ordained in Pennsylvania Sunday, June 6, prior to coming to the Grosse Pointe Congregational Church. In addition to his studies, over the last three years, he has been involved directly in church work, primarily in the Christian Education and youth areas.

Rev. Mr. Sterner's wife, Judith, is a native of Illinois, though she has lived in Penn-

sylvania most of her life. She has received a degree in education and has been teaching home economics for the past two years.

Rev. Mr. Sterner will have the prime responsibility of Christian Education at the Grosse Pointe Congregational Church. The Reverend and Mrs. Sterner will be living in Lexington avenue in the Farms.

The National Bank of Everywhere.

Despite our name, National Bank of Detroit, we're a local bank, with more than 100 offices in the community. You'll find an NBD branch office in your neighborhood in Grosse Pointe.

This means that your NBD office is staffed by seasonal banking professionals who are totally familiar with your neighborhood. People who know you and your particular money needs. And people who take an active interest in your community. Because it's their community, too.

But you'll also find advantages that most branch offices don't offer. Unlike most, for example, we don't make you drive to our downtown Detroit office to execute a mortgage or arrange a major loan. With NBD, you handle it all right in your community.

And should the NBD branch people serving you wish to consult on a money matter, they're only a phone call away from the senior management of our main office. Which gives you the added security of knowing that your money management is backed by the expertise and knowledge of the people who head Michigan's biggest bank.

For all your banking needs, the bank to see is NBD.

Budget Director Discusses Education Reform Proposal

Dr. John T. Dempsey, Director of Program and Budget for the Executive Office in Lansing, spoke in Grosse Pointe on May 25 on the topic, "Governor Milliken's Education Reform Proposal: Implications for the Local Public Schools." Dr. Dempsey, well-known

as a radio and television commentator and for his work in government and in university teaching, addressed a group of 75 interested citizens in the Board Room of the schools' Administration Building at 389 St. Clair Avenue. Dr. Dempsey appeared at the invitation of Dr. Theos J. Anderson, Superintendent of Schools, who introduced him, and who conducted the question and answer period following the talk.

Dr. Dempsey explained that it is not the Governor's intent to affect public education in Grosse Pointe adversely.

"However, largely because of the legislative uncertainty that lies immediately before us, I cannot say exactly what the future holds for Grosse Pointe," he added.

Dr. Dempsey recounted the background to the need for fiscal reform of education and contrasted the Governor's

1969 proposals (and the efforts of his Education Reform Commission) with his statement of April 12, 1971.

Dr. Dempsey said that earlier attempts at change failed because of the bitterness over the parochial issue, the upcoming election year, the fact that some ideas were too visionary, and inclusion of a too-specific state aid distribution formula which people in many districts felt would have hurt them.

Among the features of the 1971 version of his program are the following:

1. The Governor's plan for school district reorganization requires districts to offer a program from kindergarten through high school, without mentioning specific numbers of students involved.

2. The plan features no specifics on how to raise the money or on how to distribute it. The Governor has encour-

aged discussion from April 1 to August on how to raise it, and proposes state-wide discussion from August to November on how to distribute it.

3. Shift school financing from property tax to income tax base. Dr. Dempsey said that the property tax grows less rapidly than the economy as a whole, by 6 or 6 1/2 percent per year, which is one of the reasons for crises in educational finance. The cost of education increases from 12 percent to 20 percent per year partly because of inflation, and partly because of costly court decisions.

Dr. Dempsey discussed proposed alternatives to the property tax as an increase in personal income tax by 2.3 percent and a value-added tax on business.

"The value-added tax has been suggested to replace the corporate property tax because it is an elastic tax. It grows with the economy as does the personal income tax and in the long run it is a tax that can be much more simply imposed and collected," Dr. Dempsey said. "It is a replacement for the corporate property tax, not the corporate profit tax," he stressed.

"The simple fact is that across the state more and more millages are failing and this is leading to more and more pressure on the legislature to step up state contributions generally and the Legislature in the end is going to have to respond," Dr. Dempsey said.

"Before you go to the polls in November you will know what the changed method will mean to Grosse Pointe in dollars and cents," he added.

"Among the Governor's guidelines for the expenditure of the money is that no school district will have less financial support in total next year than it had this year," Dr. Dempsey said. He cautioned that the Legislative process might chop the amount promised.

Dr. Dempsey then elaborated on the meaning of the educational reform proposal to the entire state. He said the proposed programs run the gamut, and include compensatory education, vocational education, intermediate school district revision, school district consolidation, some changes in state administration, experimentation with performance contracting, year-

13 Nurse Aides Finish Course

"Anyone who chooses a hospital career—especially when it means working with the patients—has a certain built-in dedication to helping other people," Ralph L. Wilgrade, Administrator of Cottage Hospital, told the 13 young women who completed Cottage's 7th annual spring Nurse Aide training course.

The six weeks' instruction, which included classes in anatomy, physiology, resuscitation procedures and isolation techniques, was described by Mr. Wilgrade as "a difficult course."

Upon completing the course, the women received certificates which make them eligible to be employed as Nurse Aides in any nursing home or hospital.

All 13 graduates were employed by Cottage Hospital.

They include Barbara Candea, Mrs. Mary E. Geddis, Linda Gozdziwski, Mrs. Agnes Hutchinson, Mrs. Betty Lambert, Mrs. Nellie LeDuc, and Ljerka Milicevic.

More are Mrs. Martha M. Gurbada, Mrs. Lillian R. McGehee, Mrs. Marion E. Welchner, Mrs. Moira Cawthorn, Mrs. Patricia M. Burke, and Mrs. Bernice Gennette.

The real crux of this educational reform proposal relates to finance, in terms of raising the money and ultimately in terms of spending it," Dr. Dempsey said.

Dr. Dempsey reviewed the present means of financing education, typical in Michigan as throughout the country, based on the property tax and state supplements.

"The Governor has said, 'let's do away with the property tax as a means of operating schools and let's do away with it by a Constitutional amendment which can be put on the ballot voted on in November, 1971,'" Dr. Dempsey stated.

"If the people vote favorably on the abolition of the property tax for school operating purposes, the Governor says the Legislature must compensate for it by increases in other types of taxes," he said.

This meeting was another example of the efforts being made by Dr. Anderson to increase citizens' awareness to the Legislative process and its possible local impact. Since 1969 he has consistently encouraged groups of citizens to take an active interest in the whole matter of legislation affecting education.

ATTENTION: NEW DETROIT LEADERS
Please help us explain why a Chief of Police in all white Grosse Pointe in which you live, think, and lead, make statements and above all act as they do.
Please assure them that a car full of blacks doesn't mean trouble. Tell them that it is embarrassing to have no blacks in our Grosse Pointe Parks as residents. Tell them that it is wrong to stop black cars on suspicion that they are evil doers. Tell them that to penalize the black man's traffic ticket in the upper corner with a "C" is racist.
Speak to your police privately as you have been to your black Detroit customers and workers publicly.
Help us to pay our police to be energizers and defenders of the constitution rather than as armed watch dogs taught to attack all who are aliens to their white masters. Millage Defeat Hurts Schools

Dr. Joseph Spagnoli, Assistant Superintendent-Instructor for The Grosse Pointe Public School System, this week revealed further curtailments in services to be provided in 1971-72 as a result of the spring millage failure.

"Because of limited space, facilities and teaching staff, some high school effective courses are now closed for future enrollments or enrollment changes," he said.

"The school administration is doing everything conceivable to see that students have as fine a program as possible for the present difficult scheduling conditions," Dr. Spagnoli commented.

Dr. Spagnoli said that although many classes are closed to enrollment, none are closed that are requirements in a student's general sequence for graduation or for college entrance. "The cuts are of similar magnitude at all levels of instruction," Dr. Spagnoli said.

He added that for next year there will be a 25% reduction in school library book purchases and a 30 to 35% reduction in the budget for instructional materials and supplies. Attendance at professional conferences has been reduced, which Dr. Spagnoli said will severely curtail opportunities for staff members to study new programs and to get ideas from outside the district.

The Assistant Superintendent said that the budget cuts will limit students' opportunities at the middle school level, including the small remedial courses in basic skills in the middle schools.

"We expect that class size will be sharply increased in the middle school," Dr. Spagnoli said. He added that counseling services available to middle school students will be reduced, as will music and exploratory experiences in foreign language.

Thrift is still a virtue—even though it does pay off its reward in inflated dollars.

Guilty Drivers Thank Officers

Most drivers who receive tickets are not happy about it. That's not all. They usually make a special effort to dislike the patrolmen who happened to spot them breaking the law and refuse to recognize that they are simply doing their duty.

There are exceptions to the rule, however, and two were recently brought to light when the Shores police department received letters from ticketed drivers thanking the patrolmen for the way they were treated.

One driver wrote that the two officers who stopped him were "extremely polite, kind and professional. I really appreciate those qualities."

"I really appreciate people who go out of their way to be considerate," he concluded. "It was very gratifying."

The two patrolmen the writ-

er was referring to were Officers Daniel Healy and Gary Mitchell.

Also, in a separate letter referring to an incident in which

Officer Mitchell was again called upon to exercise his duty, another ticketed driver said the patrolman was "most professional and polite."

Take heed: A reckless driver and his life are soon parted.

The trophy, donated by Mrs. Joseph B. Schlotman of Lake Shore road, has just been renamed as the Daniel Clem Memorial Trophy.

A trophy which will be contended for every year between the North and South High baseball squads was officially proclaimed as the Daniel Clem Memorial Trophy, in memory of a North High baseball star tragically killed recently, at the North High spring athletic banquet Tuesday, June 8.

Girls' Softball Teams Active

By Greg Boyd
The final game between the Purple Pickles of the north division and the Service Art Plasterettes of the south division was held at Elworthy Field Tuesday, June 1.
It was a "sizzler" as some of the best fielding and throwing displayed this season, by both teams, made it anybody's game until the bottom of the sixth inning when the Plasterettes scored three runs on a classic home run by Jane Griefenstein to make the final score of 9-6, a Plasterettes victory.
The Farms Texaco Stars turned in a stellar win over Mr. McCourts Go-Go Girls, Tuesday, June 1 at Elworthy Field. Scoring for the Stars were Missy Carender, Colleen Kelly, Cindy Beck and Judy Hodges who topped it off with a home run. Sherri Puckey hit a home run for the Go-Go Girls, but the final score was 7-4 in favor of the Stars.
The Fontana Brothers Monettes chalked up another win Wednesday, June 2 with Sue Johnson pitching a shut-out against the Flame Furnace Flames by a score of 12-0. Thursday, June 3 saw the Monettes knock off the Texaco Stars with a score of 15-9. Scoring for the Monettes were Sue Mogk, with two home runs, Barbara Bliss and Carolyn Reed each scoring two triples.
The Flame Furnace Flames edged out the Purple Pickles, Thursday, at Mason Field in the bottom of the sixth when Marsha Keith doubled to bring home Karen Marshall with the winning run and a 10-9 victory.
Stopping the Service Art Plasterettes was all that Mr. McCourts Go-Go Girls had on their mind Thursday, June 3, when the two teams got together for their game at Elworthy Field. With steady pitching by Karen Charlton and some good fielding plays by Kiana Kayserian, Nancy MacDonald and Cherie Puckey, the Go-Go Girls held the Plasterettes to eight runs.
Meanwhile some solid hits by Patti Redmond, Ann Pobutski, Karen Charlton and Kiana Kayserian were giving the Go-Go Girls twelve runs and the Plasterettes their first defeat of the season. The two teams meet again Monday, June 7 for a make up game and a good contest is expected by both sides.

Lack of Money Blamed For South's Poor Record

By Doni Martin '71 It was not a good year for athletics at South High School. Of the six major sports the Devils competed in, they managed two first place ties in BCL swimming and tennis, but fell to the bottom half of the conference in football, basketball, baseball, and track.

Although the final results have not been tabulated, Royal Oak Dondero and Monroe are the top two candidates in the race for the BCL Sweepstakes Trophy, which recognizes overall excellence. South seems to have clinched at least a fourth in the league overall.

For the second successive year Grosse Pointe North has captured the North-South Trophy. North beat South in football, swimming, track, and baseball, while the Devils dumped the Norsemen in basketball and tennis.

One question keeps entering into conversations between fans. What happened to the athletic prowess that South used to have? Within the last two decades South has won the Sweepstakes Trophy at least 12 times. What has caused the sharp decline in South's overall athletic performance?

One reason has to be the change that went on within the athletic system itself. For the first time in many years South's athletic program was put on a self-sustaining basis. Only the coaches' salaries were paid by the school board. Any funds needed for equipment and supplies had to be raised by the athletic department at South. Gate receipts at basketball and football games and donations through the Dad's Club helped to provide some of the funds needed for equipment, but in general these sources only raised a small sum of money.

One project that did raise a great deal of money at the beginning of the year was the selling of athletic passes to all varsity home games in any sport. With both the Dad's Club and the Varsity Club

selling tickets the athletic department received a suitable sum to start the school year. Money raised through the district Basketball Tournament and the Harlem Diplomats game also helped to maintain the athletic program at South.

But when all these sources were added together, South still didn't have enough money to maintain a decent athletic program. "I'm disappointed in our program," stated Athletic Director Charles Hollosy. "I'd like to offer golf, wrestling, cross country, and hockey on the varsity level, if we had the money and the facilities."

Unfortunately, South has neither the facilities nor the money to accommodate any of those sports. Most of this year was spent on careful distribution of money for each varsity sport and activities created to enlarge the athletic department's treasury.

Concerning the present facilities, Mr. Hollosy commented, "Our physical facilities are not real good. I'm not saying that we have poor grounds keepers, but we don't have top notch athletic facilities."

What does it take to have good athletic facilities? Money. The athletic department needs money to return the baseball diamond, especially the outfield. It needs money to work on the football field. But in a self-sustaining program it's awfully difficult to get enough money to solve all the athletic department's woes.

Thus facilities for a larger and expanded athletic program can be forgotten. One disadvantage of a self-sustaining program is the lack of decent equipment. The football team is using shoulder pads that are slowly becoming outdated. The knee pads used in football have been used over and over again for the last couple of years. Medical supplies had to be rationed to each sport this year as the amount of medical equipment had decreased to a pronounced degree. Ask any coach about his equipment; he'll show you what he has to work with, due to the past millage deficits.

Mr. Hollosy feels that South has had capable coaching and athletes to compete in varsity competition. "We have the technical know-how. We have good athletes and the human resources at South are very good. Presently, the programs we do operate are completely handicapped. We just need money."

If the athletic department could find a way to raise enough money to sustain a strong program for next year, they would use it. But as it stands now it may be quite a while until South is the king of the castle once again, because the athletic program is going to have to struggle to survive.

Where would you say the largest group of people gathers to celebrate America's Independence Day? Philadelphia? Los Angeles? Independence, Mo.?

You're dead wrong. Every year between 20,000 and 40,000 people meet in Rebild National Park, 200 acres of heather-clad land 20 miles south of Aalborg, Denmark, for the largest outdoor celebration of the Fourth of July held anywhere in the world.

Since 1912, when King Christian X addressed a gathering of 10,000, this has been, except for inevitable breaks during the two World Wars, an annual event. Last year George Romney spoke at Rebild. The (Continued on Page 17)

This is a curl.

All of a sudden, it's the most avant thing a head of hair can do. It can be one lone curl pinned onto a sleek hair-do. Or two of them falling carelessly where two guiches used to be. Or a whole fetching head-ful. Whichever. Whatever. If you'd like to be the charming girl with the brand new curl, see us. We have hundreds of ideas on the subject and we'll search until we find the one that's exactly perfect for you.

Antiques Show To Open

(Continued from Page 15)
Of special interest to experienced collectors as well as newcomers to the antiques field is the series of three lectures. The first, "Collecting American Folk Art," by Robert Bishop, is scheduled for Thursday, June 17, in the Liggett Auditorium.

Mr. Bishop is curator of Furniture, Decorative Arts Department, and manager of Publications at Henry Ford Museum, author, lecturer and artist whose experience includes the directorship and ownership of several galleries. He has appraised major collections.

His present work is supplemented by a background in business and drama. He has appeared with the Metropolitan Opera and is a former registered New York Stock Exchange representative.

"American Fabrics and Needlework," by Henry Coger, is the subject for Friday, June 18. Born and raised in Arkansas, Mr. Coger received his Bachelor of Arts degree from the University of Seattle.

He began his career 22 years ago as an antiques dealer in Chicago and later moved to New York where he spent

six years prior to settling in his present location in Ashley Falls, Mass. Mr. Coger is a "general" antiques dealer with primary interest in American folk art. He supplied authentic fabrics for Jacqueline Kennedy Onassis' redecoration of the White House.

"Antiques Collecting—Past and Present," by Russell Carrell, is scheduled for Saturday, June 19. The manager of the University-Liggett Show is a native of New Jersey and graduate of the University of North Carolina with a degree in Business Administration.

After four-and-a-half years' service in the United States Navy he became an antiques dealer and in 1957 took over the management of some of the nation's leading shows.

Mr. Carrell, who some years ago invited fellow dealers to load their station wagons and come to his Salisbury, Conn., farmhouse for a one-day rural exchange of wares, is credited with creating the current Flea Market fervor in the United States. The Salisbury event quickly became public and today over 150 dealers' station wagons and thousands of buyers fill the surrounding fields.

year before Rebild's speaker was Hubert Humphrey. The site, situated in the Rebild Hills, was bought by private donations by Americans of Danish descent and presented to King Christian X as a permanent memorial to Danish-Americans.

The Rebild National Park Society seeks members to help perpetuate the tradition of friendship between the United States and Denmark, especially to help foster a feeling for Denmark in the younger generation of Americans whose heritage can be traced to Denmark.

Rebild's Michigan Chapter is the largest and most active in the United States and, in keeping with the Rebild emphasis on youth, has established a United States-Denmark exchange student scholarship fund in memory of William S. and Clara E. Knudsen.

Tickets are now on sale for a mini Rebild Festival, to be held in the Detroit area Saturday, June 19. Proceeds naturally go toward the scholarships.

Mrs. Robert Marantic, of Heather lane, and Mrs. Helga Olsen, of LaBelle circle, are among local residents working for mini Rebild. Chester B. Larsen, for many years a Pointe resident, is president of the Rebild Michigan Chapter.

Fiesta! At Lochmoor
Saturday, June 19, is shaping up as quite an "international" date. Over at Lochmoor Club that evening there'll be a fun-fledged Mexican Fiesta, complete with music by Pancho and the Strolling Mariachis.

This is THE big party of the year at Lochmoor, and it looks like a sell-out—so dailyers are urged to get their reservations in at once.

Mexican dignitaries have been invited. Food will be Mexican and American. Dress is casual or "festa!"

The Clubhouse is being completely redecorated under the direction of the William Beckenhauers. The decorations are sensational! Mr. and Mrs. Joe Mihelich are chairman of entertainment. That'll be pretty sensational, too.

Garden Party For Farm And Garden

Mrs. Hugh Stalker's Lakeshore road home will be the setting Monday, June 14, for Grosse Pointe Farm and Garden Club's June meeting, garden party and tea. Mrs. Alfred D. LaFerte and Mrs. Stanford N. Phelps serve as co-hostesses.

The program planned by Mrs. Gage W. Cooper will feature an exhibition of members' arts and crafts and a demonstration of garden flower arranging by Mrs. Harold R. Smith and Mrs. John Veech.

Something Special For Minnie

The Archconfraternity of St. Clare de Montefalco Church will entertain at a parish reception in honor of past-president Mrs. Alois (Minnie) Ptach, St. Clare Sacristan for 40 years, this Sunday, June 13, following a 1:30 o'clock concelebrated mass in her honor.

Minnie's NOT, of course, retiring as Sacristan. It's just that, after 40 years, the Archconfraternity thought it might be nice to do Something Special for her.

Minnie's a pretty Special Lady.

She's served St. Clare faithfully since she and Alois moved from Annunciation Parish in 1929, settling into their present home in Grayton road.

She's watched St. Clare grow from a "temporary" church on the first floor of a building in Charlevoix avenue to the present church-school complex between Whittier and Audubon roads, Mack and Charlevoix avenues.

She's been part of it all. Always in the background.

She's 86-years-young. And it's time and to spare, we think, for Minnie to come out into the sunlight and take a bow.

A Family Tradition

The J. W. Harrison family, of Balfour road, has had a doctor in the house since a year before the turn of the century. Looks like there's always going to be one . . .

John W. Harrison, Jr., received his degree from Kansas City College of Osteopathic Medicine May 18 and Dr. and Mrs. J. Wilfred Harrison were on hand for the graduation festivities. Dr. Harrison, Sr., was graduated from the University of Michigan School of Dentistry in 1929—and HIS father, the first Dr. John W. Harrison, who maintained offices at the corner of East Grand boulevard and Kercheval avenue for 25 years, from the old Detroit School of Medicine in 1899.

Elaine Harrison Nauert and her husband Roger came from Chicago for the Kansas City ceremonies, to celebrate with the family the debut of a third generation Harrison doctor.

The newest Dr. Harrison, Grosse Pointe High School graduate, holder of a Bachelor of Science degree from Ferris State College and a Master of Science from Central Michigan University, starts his internship in Pontiac July 1.

New Sensuous Funky Curl Cut

Bart Edmond Intercoiffure Salons Say, "It's the Cut that Counts."

Fashion Editor, Intercoiffure

"Your hair is shaped so evenly and it is left so flexible it can be combed into a totally new hair style without sitting under a hot hair dryer. With the Capilustro technique, there is no setting with rollers, no pins and very little and sometimes no back-combing."

"The new Funky and Shag cut can be given to any length of hair — to mini, midi, maxi, because it is graduated into more layers. Despite this the

hair will retain an over all look of length and the length can be extended to 14 to 20 inches.

"It has been a long time since we saw so much enthusiasm. This fantastic haircut will give a whole new appreciation of what cutting mastery is all about. The youth are attracted to the new long cut. They don't want their hair piled high on top of their head. They want it loose in casual styles."

Family Pioneer Day At Old Fort Wayne

Many Pointers Among Members of Detroit Historical Society Guild Sponsoring Special Programs and Displays This Saturday

Old Fort Wayne, built in 1849, is one of Detroit's best-preserved specimens of military history. Located in West Jefferson avenue it is nearly camouflaged to extinction by surrounding heavy industry.

But contained within are the original vaulted brick-lined chambers with openings for guns, a parade ground, powder magazine and long limestone barracks, a Sherman tank from World War II, a howitzer and 40 mm anti-aircraft gun from a submarine, ramparts and many other features for the history "buff" — or anyone who simply likes to visit the past.

At Old Fort Wayne this Saturday, June 12, the 1850's will come alive again with the operation of the Detroit Historical Society Guild, which numbers many Pointers among its members.

Family Pioneer Day at the Fort runs from 10 in the morning until 4 in the afternoon, and the public is invited.

There'll be photographers snapping "old fashioned" dry plate pictures made with an old car as background, nickel movies and games like roll the hoop and fox and hounds.

There'll be opportunities to taste sweet home-made butter churned by hand, to see the making of soap and watch candles being dipped and molded.

Needlework art of grandmother's time will be demonstrated by members of the Guild and friends. This includes embroidery, knitting, crocheting, quilting and quilt making.

Other craft displays and demonstrations will feature caning and rushing, spinning and weaving and the making of Colonial dried flower arrangements.

Girl Scouts plan to hand-make cornhusk dolls and clothespin dolls. Boy Scouts are going to demonstrate knots and Indian dancing. The Girl Scouts will entertain too, with the Virginia Reel.

The Second Connecticut Regiment of the Continental Line of the Brigade of the American War Reenactors, young college students, all under 25, who research authenticity in uniform, accoutrements and customs, will demonstrate blacksmithing, hand-tailoring and crafts of the Revolutionary period.

The Women's Auxiliary, all younger ladies, specializes in handwork and crafts of the 1750 period.

The Civil War Period will be represented by Battery A, First Michigan Light Artillery Regiment, (Loomis Battery), Civil War Reenactment Group. These ladies and gentlemen appear in authentic Civil War costume and participate in a cannon drill and fire.

Among other demonstrations will be the making of mini balls and hand fashioned pewter buttons.

Paper will be made as it was during the Colonial period. Hitchcock stenciling and many other crafts of the time will be on view.

The Detroit Police Department Band will add a musical background to the festivities, and in keeping with the Old Country Fair atmosphere there will be hot dogs, popcorn, pop, coffee, penny candy and old-fashioned cookies.

In case of rain, everything's postponed until Sunday, June 13.

Talk about labor-saving devices — the CUCKOO BIRD must have 'em all beat!

Rather than build her own nest, the Cuckoo hen lays eggs in other birds' nests. The rightful owners, thus deceived into accepting her eggs as their own, assume the task of hatching and rearing her chicks.

She glides over an unguarded nest, settles upon it, and lays an egg. Then, lest the returning host gets wise to the ruse, she picks up one of her host's eggs with her bill, and flies off with it—leaving the nest with the same egg count.

CAN YOU AFFORD NOT TO RE-ELECT THESE TWO TRUSTEES?

Calvin J. Sandberg

"No intellectually-oriented system can flourish unless it is continuously nourished by diligent inquiry, open discussion, and honest debate."

From PTA Address, May 1971

For the past four years, Arnold Fuchs and Cal Sandberg have labored to bring you a "dollar's worth of education for each dollar spent." Their efforts are a matter of public record.

Their re-election is now opposed by **Citizens For Education**, a local power group who selected, elected and now control the four-man majority on your school board. This CFE majority has brought you . . . a teachers strike . . . three community-rejected millages . . . a cut of 125 teachers . . . all in less than 2 years!

CFE, now, urges you to elect two more of their hand-picked candidates. Grosse Pointe can scarcely afford the four we have on the board now. Can we afford SIX? Can we afford not to retain a sense of proportion . . . a spirit of inquiry . . . a voice that represents the community, not the group?

The morning rites at which The Reverend Leonard P. Wallace presided were followed by a reception at the Grosse Pointe War Memorial.

The newlyweds, vacationing in Bermuda, will return to make their home in the St. Clair Village Apartments, St. Clair Shores.

For the 11 o'clock ceremony the bride selected a silk organza gown appliqued with cotton lace at her bodice, sleeves and train. A matching Juliet cap held her short illusion veil.

Her attendants, in Empire frocks featuring yellow silk shantung skirts and Chantilly needlepoint bodices, were honor matron Mrs. Edward Suzor and bridesmaids Mrs. Jay Sorge, Jr., Mrs. Michael Kenyon and Cindy Grace, of Fort Worth, Tex., the bridegroom's niece.

They carried Colonial bouquets of mixed spring flowers and wore matching flowers in their hair.

Best man was Edward Suzor. Guests were seated by the bride's brother, Allan Beaupre, of Melbourne, Fla., Bob Reilly, of Memphis, Tenn., and Stephen Grace, of Fort Worth, the bridegroom's nephew.

White embroidery trimmed the bride's mother's pink silk linen costume. The bridegroom's mother selected a gown of heavy lace in muted shades of blue, green and yellow, trimmed with green and blue grosgrain ribbon.

Out-of-town guests included Mr. and Mrs. Raoul Masardy, of Raulause, France, Mr. and Mrs. Alex Aranyos, of Long Island, N.Y., the Milton J. Mehls and Mrs. William E. Grace, Jr., Suzy and Bill from Fort Worth.

Concert To Aid Orchestra Hall

Orchestra Hall in downtown Detroit will resound to the sounds of Detroit Symphony musicians in concert Sunday, June 13, at 3 o'clock. Ticket chairmen for the event are Pointers Mrs. Richard A. Ma-noogian and Daniel King.

The 60-member orchestra will perform under the baton of maestro Sixten Ehrling. The Kenneth Jewell Chorale will also be featured on the newly-renovated stage of the Hall located at Woodward avenue and Parsons street.

The program includes Rossini's "Semiramide" Overture, Sixten Ehrling conducting; Poulenc's Mass in G Major, Kenneth Jewell Chorale, Kenneth Jewell conducting; soprano Carolyn Grimes, soloist; Ralph Vaughn Williams' "Serenade to Music," Detroit Symphony members, Kenneth Jewell Shorale, Sixten Ehrling conducting; and Beethoven's Piano Concerto No. 3 in C Minor, Sixten Ehrling conducting, James Tocco, soloist.

The contribution of the time and talents artists' is to help restore the acoustically magnificent Hall Hall to its former glory and to make it available to all performing arts groups in the metropolitan area.

Detroit-born James Tocco, who joins Ehrling in the Beethoven Piano Concerto, was the fifth-prize winner in the 1970 Tchaikovsky International Piano Competition held in Moscow.

The 28-year-old Tocco was the only pianist from the United States to win that year, competing with 80 other top artists from 30 different countries.

Then Kenneth Jewell Chorale is an ensemble of 40 outstanding vocal artists based in Detroit. This professional group has performed with the Detroit and Toledo Symphonies and is a touring attraction of the Michigan State Council for the Arts.

Tax-deductible reserved seats are \$5.50, \$4.50 and \$3.50, available at Ford Auditorium, Hudson's and Grinnell's ticket agencies. Mail orders are now being taken.

Orchestra Hall box office will sell tickets from 9 in the morning through performance time Sunday, June 13.

Funds will be used for purchase and restoration of the Hall which has recently been awarded a listing on the National Register for Historic Places, the highest recognition accorded any historic site in the United States.

Save Orchestra Hall, Inc., is now in a position to seek further funds from both state and federal sources.

BARB BAILEY, OF BALFOUR ROAD, AND PHIL FIELDING, OF THREE MILE DRIVE

By Pepper Whitelaw

"Music is a universal language. Some rock and roll bands use it to promote drug abuse and negative attitudes toward society. In the Youth Service Division (YSD) we decided we'd use it, with the help of these talented young people Barb Bailey and Phil Fielding, to fight these attitudes."

The speaker is John Kendall, YSD's liaison officer to South High School. He continues: "These kids really communicate with their music. We first heard them at a Senior Class Coffee, held at the Christ Church Coffee House. We asked them on the spot if they'd like to provide the light touch to our speaking engagements."

Barb and Phil said "yes" and they and the YSD have been working together ever since.

That was some five months ago.

Barb is a native Pointer. She attended Defer Elementary School and Pierce Middle School and is currently a junior at Grosse Pointe South High School. She is a member of the Choir and The Choraleers.

Barb's hobbies range from singing, to playing the guitar, to art, horseback riding, sailing, swimming and sewing. She sewed the purple print dress she wore to Phil's prom last week.

She took riding lessons for five years at Canadea Ranch, just northwest of Clare. This year she'll return there as a counselor, teaching horseback riding.

She does her sailing Tuesday evenings with the family in events sponsored by the Grosse Pointe Sail Club, in the Bailey's Bermuda 30 ketch. She does all this—and still maintains a 3.0 academic grade average!

She is the daughter of Mr. and Mrs. Walter A. Bailey, Jr., of Balfour road. Mr. Bailey is president of Bailey Saw and Machinery Company. Barb has two brothers, Bill, a sophomore at Miami University, Oxford, O., studying medicine, and Tom, a senior at South High who's planning to attend Western Michigan University this fall.

Inherited Talent. Completing the family are three toy poodles; Duvett, Chou Chou and Nod.

Barb comes by her musical talents naturally. Her mother sings and plays the piano and her dad sang with the Grunyons.

Phil is 18 and a senior at South High. He plans to attend Michigan State University this fall. He is the son of Mr. and Mrs. James Fielding, Jr., of Three Mile drive. Mr. Fielding is director of consumer marketing for Parke Davis and Company.

Phil is currently studying the flute, has studied the guitar for five years and took piano lessons for three years. He comes from a very active and talented family of eleven (count 'em).

Active in Theater

Both Mr. and Mrs. Fielding are active in the Grosse Pointe Theater. Mrs. Fielding played the leads in "You Can't Take It With You" and "Breath of Spring" (she won the best actress award for this performance), and co-starred with her husband in "Never Too Late." Mr. Fielding has also appeared in "Guys and Dolls" and "Kiss Me Kate." He is a past-president of GPT, and won the best supporting actor's award for his work in "Oklahoma."

The other Fieldings include Shelley, a sophomore at Eastern Michigan University; Jim, a freshman at the University of Michigan; Brian, a junior at South; Barry, an eighth grader at Pierce Middle School; Shawn, a seventh grader, at Pierce; Chris, a sixth grader at Defer, (they're both appearing in the current GPT production of "Gypsy"); John, a first grader at Defer, and Meghan a kindergarten.

Obviously, Pointers will have Fieldings entertaining them for years! Don't forget Kelly and Lobo Fielding . . . Kelly's a beagle and Lobo is half wolf and half Siberian Husky.

Phil will spend part of this summer cutting lawns to earn some extra money, then vacation with his family at a cottage in Sarnia and visit Fairfield, Conn., the Fieldings' former home.

Although Barb and Phil have had a busy year . . . making personal appearances with the YSD members . . . knuckling down to the books . . . pursuing their hobbies . . . they've still managed to be productive members of busy, happy and active families!

Fifth Graders Bake A Tree

A very special ceremony will be held on Friday, June 11, at 10 o'clock, at Richard School. At that time, a 12-foot sweet gum tree, purchased by fifth graders in Mrs. Paul Blackburn's and Michael Johnston's classes, will be dedicated.

The youngsters raised money for the tree by conducting a bake sale with baked goods made and sold by boys and girls in both classes.

who, where and whatnot

By Wheeler

Edward Franco . . . Foreign Language (Spanish) Department Chairman at South High School lived in Madrid for a year . . . SO when he and Mrs. Franco agreed to chaperone and correlate plans for a spring trip for some 19 second and third year Spanish students from North and South High Schools the students were delighted . . .

This trip . . . was approved by the Board of Education and was thoroughly examined and discussed with the administration and parents of the travelers . . . the students and Mr. Franco had several informational get-togethers before they left . . . Departure date was Thursday, April 8 . . . the group returned on April 16, tired . . . loaded with souvenirs . . . new Spanish words and old Spanish customs . . .

Travelers included . . . Carmen Alvarez, Rebecca Champman, Melissa Coury, Donna Daniels, Bonnie Denler, Kathy Dow, Laurie Emery and Gayle Feehan . . . More were Lisa Hollerbach, Jean Hugli, Thomas James, Thomas O'Neil, Patricia Smith, Denisse Steele, Robert Taylor, Sydney Terry, Angelo and Vito Tocco and Jane Watko . . .

We spoke with Bonnie Denler . . . daughter of the John Denlers of Pine court, a second year Spanish student . . . and Syd Terry, son of the Sydney Terrys of Moross road, a third year student . . . They told of speaking with teenagers there about education and government and how ill at ease these Spanish students felt discussing these issues in the police state they live in . . . Bonnie said, "The Spaniards considered it a compliment that we could speak their language and were very helpful in improving our accents."

They both told . . . of the friendly attitude of the Spanish people and how willing they were to share their culture and beauty . . . "Girls clothing is much the same as we see here in the States," says Syd . . . "You know . . . midi skirts . . . hot pants . . . all the latest fashion fads . . . But one thing was different about the mens' clothing . . . many of them wore pant suits . . . matching shirts and pants . . . AND you could always tell a University student because nine out of 10 of them wore blue jeans . . ."

The party arrived in Madrid at an ideal time . . . during the traditional Holy Week Processions . . . They attended Easter Services in the Cathedral of Madrid . . . visited Toledo . . . went to the bullfights . . . and seemed in agreement that they were just too bloody for American tastes . . . spent half a day at El Escorial and Valle de los Caidos . . . strolled through a Flea Market . . . attended a musical operetta anthology . . . toured the Royal Palace . . . marveled at El Prado . . . El Retiro . . . Avenida Jose Antonio . . . Puerta del Sol . . . attended a concert at El Teatro Real and saw flamenco dancers . . . AND dozens of other points of interest . . .

Bonnie particularly enjoyed the visit to Segovia and the Cathedral there . . . "Our guide spoke very bad English . . . so we asked him to speak Spanish . . . and he did . . . It was flawless . . ."

Because the students enjoyed their relationship with the Francos on the trip, they planned a surprise . . . which almost didn't come off . . . They all congregated in the Francos' room waiting to present them with a coat of arms and cuff links that Mr. Franco admired in Toledo . . . and earrings for Mrs. Franco . . . they waited and waited . . . Mr. Franco was waiting for them downstairs . . . FINALLY out of desperation they phoned the lobby and asked one of the Francos' Spanish friends to get the Francos upstairs . . . when the Spaniards made the request . . . both Francos were startled . . . this just isn't done . . . but up they came . . . and the gifts and thanks were happily distributed . . .

The student evaluation sheets . . . clearly stated what the trip meant to them . . . fantastic . . . a great cultural experience . . . a thrill to use a language that was only a textbook subject until now . . . a maturing experience . . . let's go again!

PILFERINGS. As the Spanish proverb says, "He who would bring home the wealth of the Indies must carry the wealth of the Indies with him." So it is in travelling: a man must carry knowledge with him, if he would bring home knowledge. —Samuel Johnson
